There's to be no more selling by school children

The State Board of Education was asked recently to crack down on this business of making dooro-door salesmen out of your school children.

And it's about time.

It seems that there has been rules against this practice of using school children as salesmen for some time but apparently they have been generally disregarded.

Parents who have complained about the practice to no avail and parents who disapproved, but remained silent, can now sigh with

On Thanksgiving night the Stataesboro Midget Varsity in the Second Annual Tobacco Bowl in Memorial Park in Statesboro.

A large crowd braved a coldingth with a stiff wind blowing to see these Midgets put on a football show to equal the best of them. There were long runs, handoffs, passes, reverses, slants, sneaks, off-tackles, all executed with skill and finesse. There were brutal tackling, smart and beautifully timed blocking and well placed punts.

THERE WAS A corps of pretty cheer leaders giving their all to keep the old Midget Varsity wijehts nut on a show to delick!

It seems that some weeks, you just can't win for losing. This past week was one such for us. First, on Monday, came word that the State Board of Education, which has had a rule for many years against school children being used to solicit funds for school projects, has now decided to begin strictly enforcing that rule.

We are not against the ruling, itself, for we agree that students should not have to work to provide funds for worthwhile school projects that should be a part of the school budget. But it particularly hurts in this case, for we were just about to kick off a soap selling campaign, to raise money to budy some much, needed instruments for the strate are rised as the strate of the strate are rised as the strate of the stra

The citizens of Statesboro and Bulloch County are invited to visit the new all-electric Gold Medallion Home located in Wilburn Lake Sub Division.

Mr. E. W. (Buddy) Barnes, developer, invited the public to an open house Sunday, December 6, from 2 to 6 p.m.

According to Mr. Barnes the principal feature of the new home is its "All-Electric" character and is an example of the complete electric living offered by modern advances in the field of electric science.

Electric features which characterise this Gold Medallion Home include the Westinghouse all electric kitchen with built-in surface stove units, oven with hood and exhaust fan, electric water heater, "Perfection" heat pump heating and air conditioning, Westinghouse all electric landry, and scientifically designed electric lighting throughout the home. It has "full housepower"—150 amps.

The Gold Medallion Home has aluminum rain gutters, a good solid foundation with pillars every feet under the sills. There are two ceramic tile baths, one with color fixtures, the other in white with glass doors in the shower. The roof is marble chips built-up. There is a large double car port, large terrace at the rear paved drive at the feet paved drive at the feet paved drive at the feet paved drive at the family room, raised for in each. Coker's Tobacco Seed Now Ready For Planting!

Our stocks of Coker tobacco seed for the performance, disease resistance, profit per 1960 season have now been distributed to acre and manufacturing quality. So for extra Coker dealers throughout Georgia and Flor- poundage of quality leaf, plant Coker's pediida. This is quality seed, grown from outstanding individual plants and selected for

"I planted 2.7 acres of Coker 187 and was real pleased from start to finish. Just before and during harvest 1 had extreme dry weather. I sold 1991 pounds per acre. Every sheet of 5th and 6th croppings sold for 366.00 per hundred. I'll sure recommend Coker 187 or Coker 187-Hicks for yield, quality, handling and selling characters." Charles Taylor-Portal, Ga.

"Coker's Hicks tobacco does a good job for me. I averaged 2590 pounds per acre this year and neited 66 cents per pound after charges. I've planted Coker's seed for the past 5 years and haven't made less than 2200 pounds per acre. I'll certainly plant it again this year." H. J. O'Steen-Blackshear, Ga.

"I own a part of the power company that serves me"

MEET JOHN J. BROWN, peach grower and cattleman of Meriwether County, who is a customer of the Georgia Power Company an

company and its parent firm, The Southern Company, have made them shareholders and owners-of the Georgia Power Company.

Actually, there are thousands more who are indirect investors in our company. For example, when banks and life insurance firms accept your money, they must invest it wisely. Much of it goes into electric power company bonds and stocks.

Thus, electric companies like the Georgia Power Company . . . serving just about everybody . . . are owned by just about everybody.

It's the American way of doing business, and it works well for everybody served by companies like this one.
