$1 may get you $10
when you use feeds containing
PRO-STREPSM

Dual-action antibiotic
helps you market more meat
...in less time!

That's right! With Pro-Strep in your preventive and starter rations you may make as much as $10. For Pro-Strep provides the growth-promoting, health-protecting action of two antibiotics, not just one. Pro-Strep contains both penicillin and streptomycin, to help you market more meat...in less time.

COSTS LESS - Pro-Strep can save you from 3 to 5 dollars per ton of feed over single drug-spectrum antibiotics. It just makes good sense and dollars too...to put your birds on Pro-Strep from the start. Ask your feed supplier, Moore Chemical Division, Moore & Co., Inc., Athens, Georgia.
