MISS ANNE PRESTON BECOMES BRIDE OF MR. NEVILL
The First Baptist Church of Statesboro was the scene Sunday afternoon November 29 of the wedding of Miss Anne Christian Preston, daughter of U. S. Representative and Mrs. Prince H. Preston, and Mr. James Lemuel Nevill, Jr., son of Mrs. James Nevill, Sr. of Metter, and the late Dr. Nevill.

The Reverend J. Robert Smith, pastor of the church, presided over the ceremony following a program of nuptial music by Bern and Morris, soloist, and Dr. Jack N. Averitt, organist. Massed palms formed a background for a central arrangement of bronze and yellow chrysanthemums in a brass fundal, flanked by brass candelabra with yellow candles which extended to each side where large brass urns held arrangements of bronze and yellow chrysanthemums caught with gold lace. The choir rail was draped in garlands of greenery looped at intervals with clusters of chrysanthemums. The reserved seats were marked with croton leaves, yellow chrysanthemums and wheat, tied with gold lace.

The bride, given in marriage by her father, wore a gown of bouquet taffeta, with the bodice enhanced with chintilly lace following a scalloped, satina neckline, embroidered with miniature pearls and sequins. The long sleeves tapered at the wrists. From a large butterfly bow at the waistline, the billowing skirt was designed with taffeta simplicity and a long giving way to voluminous beauty of chintilly lace in the back, extending to a scalloped chapel train. Her full circle veil of pure silk imported English lace was attached to a jeweled hair. She carried a white Bible, a gift, and her bouquet of white orchids and lilies of the valley.

RECEPTION FOLLOWS AT PRESTON HOME
Immediately following the ceremony Mr. and Mrs. Prince H. Preston entertained at a reception at their home on Col. Lejeune Boulevard. Mrs. Bonnie Morris met the guests at the door. Mrs. Herman Blain directed them to the receiving line which formed at one end of the spacious living room. Flanking the line were mahogany pedestals with alabaster urns filled with large yellow chrysanthemums. Mrs. W. A. Bowen introduced the guests to the line where Mr. and Mrs. Preston and Mrs. Nevill stood with the bride and groom and the bride's attendants. Mrs. Bernard McDougald ushered guests to the dining room. The bride's table was overlaid with an imported sheet of linen cloth with alternating squares of embroidered flowers and exquisite cutwork. Frosted chandeliers, garlands of hothouse simlas extended to the corners of the beautifully-appointed table. A tiered arrangement of white carnations, white stock and lace fern rising from a large silver tray was the central decoration. Miss Helen Brannen cut the wedding cake, which was tiered and embossed with the bride's roses, topped with white wedding bells on the top, wreathed in maline with chrysanthemums with garlands of Freepop, Illinois; Miss Mollie Walker of Washington, D. C.; Mrs. Gilbert Roeder of Los Angeles, California; Karen Roeder, flower girl, wore a long taffeta dress designed like those worn by the bridesmaids. She wore a garland of aqua flowers in her hair and carried a broom of satin basked with gold lace trim.

Editorials

Georgia Southern College, a symbol of growth

The George Anne, student newspaper published at our college, considers the new name Georgia Southern College, a sort of Christmas gift. An editorial in the December 14 edition puts it this way:
"THIS season of the year is the time for Christmas presents and the 1,075 students, faculty members, and administrative staff have been given a gift which has only been presented five times in forty-one years. Last Wednesday the Board of Regents approved the change of the name Georgia Teachers College to Georgia Southern College. Everyone involved is very excited."

The editor of the student newspaper says that the name was necessary, explaining that "this is not entirely a 'teachers' college any more."

However it was pointed out Christmas Day in traffic accidents. This year Christmas Day can be different. But it can be different only if every driver exercises extreme caution and follows the rules of common sense, courtesy, and safety. Now we're talking about living!

And we all had music

It was an inspiring experience. Sixty human voices, a part of the brass section of the college band, a piano, an organ and two violins, all blending into music in the praise of the Lord, our Saviour.

It was the choir of the First Baptist Church, under the professional direction of Bernard Morris, in it Christmas presentation, "The Story of the Birth of Christ in Music," on Sunday evening of last week.

It was a magnificent performance and one of which our community can be proud. That same night the Chancel Choir of the Pittman Park Methodist Church presented its "Story of Christmas" under the direction of Mrs. Fred Wallace. Those who heard it proclaimed it too, to be an inspiration in music.

That morning the choir from Brewton Parker Junior College presented a program of music at the Calvary Baptist Church and those who heard it say the music was wonderful.

To us music often can say in eloquence what the voice of man falls over.

Talk about living

You bow up and say, "This is no time of the year to be talking about death!" And we agree with you. It is the time of the year when we should talk about saving life—maybe yours.

But if it takes talking about death to sell the people of our community the wonderful idea of living, then we say, "let's talk about death!"

Regardless of what we think about it, thirty-four citizens of Georgia are "marked" to die in Georgia traffic accidents during the Christmas holiday season! Another 476 will be injured. And 1,300 highway accidents will happen.

How horrible! Yet, it's bound to be so. For you see, between 6 o'clock on the evening of December 23, and 12 o'clock midnight on January 1, these people will be confronted by death.

These predictions are based on past experience, present trends and the fact that more motor vehicles are traveling more miles over Georgia highways than at any time in the state's history. Last year ten people died on

the road. In the pre-Christmas rush, pedestrian traffic will be very heavy. Motorist must be on the lookout for any pedestrian who may not have cleared the crosswalk before the light changed. They must give all stragglers a chance to reach the sidewalk safely before moving. Professional truck drivers remind all motorists that it is against the law to pass a vehicle which has stopped to let a pedestrian cross.

The Spirit Needed All Year

THE TOWN'S DECORATIONS ARE LIKE THE OLD BEAUTIFUL...

THIS BIRTH IS MANKIND'S GREATEST GIFT...

THIS WEEK'S Meditation

Lawrence E. Houston, Jr. is not the product of man's achievement, but the self-expression of God.

CONSIDER this truth in the light of Christ as "The Light of the World." In the Gospel of John, the first chapter contains two illuminating verses. "In him was life, and the life was the light of men." And again, "The light shines in the darkness and the darkness has not overcome it."

THE ART of communication poses as an almost unmountable barrier to human relationships today. More lives have been lost, more good-will has degenerated into ill-will, and more misunderstanding has arisen through the failure of men to express adequately their opinions and ideas.

With Christmas still a week off, the post office has moved part of its operation in the Army Reserve building next to the office of the Bulloch Herald on East Vine Street. It was last year when the post office had to work part of its mail on the parking lot at the rear of the post office building.

And Statesboro keeps growing. And there came a time when we will not be able to get along with make-shift facilities. Let's hope it'll be soon.

For safety's sake

More than 900 people have been killed in Georgia traffic accidents so far this year. If last December's record of 122 traffic deaths were repeated this month, the total death toll for the year would rise to over 1,000! Do we want this? The State Patrol warns that only a couple of weeks are left in which to stop these needless deaths—and it is all up to you and me!

To Beat the Band

WE WERE very proud of our concert, last Monday. The students from the youngest grade school pupil to the oldest high school member, really worked for that performance, and the results were pleasing. It gives us high hopes for next year's band. We lose only a few, but they are all first chair players. And our group coming in next year is large, but inexperienced.

During this final phase, Skinner received training in the use of a Nike-Ajax guided missile crewman.

A special announcement from the Statesboro Recreation Department today invites all interested persons in this area to use the recreation facilities over the Christmas holidays. The centers will be closed on December 24 through Sunday but will be open all day for the rest of the holiday period.

OUR Band Booster's Day was postponed, as you know, and is now set for this Saturday. The Band Parents Club is sponsoring this Booster's Day, to raise money to meet our financial needs for our growing band program. They will have tables on the bank corners, and will accept donations from all who desire to help. For each donation of \$1.00 or more, a special Band Booster's Day will be given, to be placed on a car window or store window.

the editor's uneasy chair

In our pre-Christmas cheer up around our Uneasy Chair, we came across a clipping which we took from an Atlanta newspaper some years ago. It is without date, but because it was on the bottom of the pile we know it was a long time ago. The piece was written by Charles L. Allen, and is about the delightful custom which is used to mistletoe. This week seems an appropriate time to tie it. And we express our thanks to Mr. Allen for it.

Yesterday I recalled the way that mistletoe reminds us of Christ the Healer, but we more generally associate a sprig of this plant with the delightful custom of kissing under the mistletoe. The custom speaks eloquently of the need at Christmas to mean as much as it should.

The early Christian, when they met for worship, sealed their love for one another with a holy kiss. In a way you might say that every kiss, meaningful or otherwise, is a pledge of devotion and selfless affection.

Recently a judge, when counselling with a young couple who were asking for a divorce, suggested that they "kiss and make up." "Here and now?" the young man asked incredulously. "Yes, here and now," said the judge. Well, the young man did kiss his wife and their drawn faces softened once more and then the judge said something which might not be expected to come from judicial chambers. "The trouble with too many young married couples is that they don't express their love often enough."

If there is to be peace among the nations and among the races of man, it will have to come through homes where patterns of harmony have replaced notes of discord. When two persons drop their weapons of pride, stubbornness and conceit and embrace under the mistletoe, I believe the hands of Christ are laid upon their heads in a divine benediction.

I know that a lot of foolishness is associated with the hanging of mistletoe, but a sprig may also become a silent reminder of the love of Him in whom the hearts of all good men are made one.

HEARD AROUND TOWN... "FOLKS ARE ALL TALKING about the wonderful Christmas program presented at the First Baptist Church last Sunday night. Many say it is the best ever presented in Statesboro, and—ad it wasn't even a Baptist church."

"COFFEE CLUB MEMBERS ARGUING about what to buy for friendly waitress. All men membership, half want to give money, half to buy a gift. All with the true Christmas spirit."

"LITTLE BOY TO SANTA CLAUS. 'You means you didn't get my letter.'"

"ONE BUSINESSMAN TO ANOTHER. 'If the legislature tax in January I think I'll just give up. If you can't make time now collecting taxes that I don't have time to collect anything for my family.'"

"A LADY SHOPPER. 'I'd never thought about this business of trading at home until last week. My husband is in business here in Statesboro and yet we have been spending a lot more money out of town.'"

"MY CHRISTMAS BONUS will just about pay my taxes this year and help me catch up with my church pledge."

"SCHOOL OFFICIALS getting a pat on the back for work being done in the Statesboro High School gymnasium. A truly big improvement."

"ANOTHER MERCHANT was telling me, 'and this guy came in the store the other day after a long, long absence. He had been owing me for about a year for a grocery bill and I just hadn't seen him anymore. When he came in I asked him where he had been so long and he said 'I've been waiting for the BIG store, that he was paying cash for his groceries now. I told him, 'I sold groceries for cash.'"

"SOME LADY FOLKS sipping coffee between shopping spree. 'I just thought what to give her. I'm going to cook one of those Robbin's hams, wrap it up real pretty and take it around 'Ch--'s Eve.'"

"I WALKED up to the door at the new store and the darn thing flew open so fast I thought I had been drinking..."

LITTLE BOY who knows the secret. "You know what they do with those letters they put in the Santa Claus box at the post office, they just carry them out to WINGS."

TROUBLED about buying a gift for somebody? Maybe it's a gift for a child. Could just as easily be a gift for a person who has everything. But the person might have very little of these worldly materials. There's an answer for your problem. Buy that somebody a book.
A gift of a good book can't be beat. If a book is needed for a child, do go to a book store and shop for a suitable book, depending on the child's interests and age. Allow yourself plenty of time and be sure to wear your low-heeled shoes because you may end up standing several hours. And you may find yourself buying a book for your favorite person, yourself.
BOOKS ARE plentiful and they are very beautiful so you'll spend a long time trying to decide which book to buy. Of course, a good book is expensive, too. But your gift will be a life-long investment.
The children who are the good readers more than likely are owners of books at home. One could argue two ways about this. Some might say that relatives had given him books because he showed a previous interest in books. Another might say that a book had aroused the child's interest in reading. Nevertheless, most good readers have a few of their own books at home.
CHILDREN have their favorite books, too. The youngest at our house used to hear her brother play a certain record. "Poor little people of Paris." Whenever she would hear the record she immediately would go to "Little Lord Fauntleroy," and start reading it. She has read it a hundred times, but this is only one of her many favorites.
After you make a gift of a book follow it up by visiting the library with the child if he isn't already acquainted with it. The people at the library are so helpful in showing children where the books about their age level would be. Your gift of a book would no doubt what the child's appetite for more books, so the librarians can take care of this. They go farther than their job calls on them to go. They observe the children's reading and when one is consuming a steady diet of horses, let's say, they will subtly enrich his reading diet with biography. Your gift problem can, of course, be one for an adult. There are so many different types of books available as many varying personalities. Mysteries, autobiographies, biographies, gardening books, and some that may love you for this gift), detective stories, re-

National Guard makes MD fund drive successful

According to a report made by Wiley B. Fordham, president of Bulloch County Chapter, Muscular Dystrophy Fund Campaign, which was conducted in 1957, 1958 and 1959 by the National Guard here and their battalions was highly successful.

It is believed this was one of the best planned, most systematically operated, and most completely successful in the South. The people gave complete cooperation; even in the rural areas where guardsmen were living, the people were interested and turned on the "Welcome Light" and made liberal donations. This, we think, was due to the fact that people know how busy military men are, and if they were willing to give their time and efforts to a cause that was so important to them, it was their duty as citizens to make a contribution.

"This perhaps was the greatest public relations program ever experienced by the guardsmen in our country. It helped to emphasize the fact that 'Guardsmen are Helpers' in time of greatest need. This was a great service rendered to the people of Bulloch County."

PORTAL METHODIST WSCS AND MYF SPONSOR BARBECUE AND BAZAAR

The Woman's Society of Christian Service and the Methodist Youth Fellowship of the Portal Methodist Church are sponsoring a barbecue and bazaar on Saturday, December 19, at the Methodist Church in noon and in the evening. Pork or chicken will be available at \$1 per plate. The proceeds will be used to help pay for the new educational building. An invitation is extended to all the church members and their friends to visit the church and enjoy the food and fellowship.

Giving older children instruction in proper use of equipment in building fires could save many lives every year, declares Miss Lucile Higgenbotham, health education specialist, Agricultural Extension Service.

Georgia Southern College whips Pembroke State 109-72

The undefeated Georgia Southern basketball team rolled to victory No. 4 here Saturday night, downing Pembroke State, 109-72.

Whitey Verstraete, hitting 13 of 14 shots from the foul line, finished with 27 points to lead the way for the locals. Chester Curry had 23, Eddie Owens 12 and Connie Lewis and J. E. Rowe 11 apiece.

En route to the win, the southern set a school rebounding record of 76. Verstraete picked off 14 for honors and Lewis grabbed 12.

Pembroke State had three players score in double figures, Frank Winfree with 18, Joe Pugh with 11 and pacesetter Bill Smith with 21.

Pembroke, which had its record squared at 3-3, stayed on even terms in the early minutes, but the Southern snapped a 6-6 tie and romped to a commanding lead never to be threatened again.

In the preliminary, the Georgia Southern "B" team also remained in the unbeaten ranks with a 103-68 conquest of the Fort Stewart Independents. Pat Ross with 24 points, Benjie Anderson, 15, and Ray Hassett, 14, paced the victory. High for the losers was W. L. "Nig" Hall with 17.

Curry, a 6-2 guard, scored 638 points in 21 games for a 30.4 points per game average to lead the Profs. Close behind, in second place, was Verstraete, a 6-3 forward, with 620 points for a 29.5 average.

Both Curry and Verstraete received the same recognition last season which probably has never before been given to players on the same team. The Atlanta Journal named Curry "Georgia College Player of the Year" and three days later the Atlanta Tipoff Club bestowed upon Verstraete the same honor.

Together the outstanding juniors led GSC to the final round of eight at the NAIA national tournament at Kansas City, Mo. Verstraete was named to the third team of the NAIA All-American squad, and will be a top candidate for first-team this season.

Don Wallen, an excellent guard on the great 1955-56 GSC team recommended Curry to Coach J. B. Seavore, Jr. Curry attended high school at Wheelwright. As a freshman he scored 375 points which is the highest in the history of a first-year man at GSC. As a sophomore he added 517 points and last season 638 points raised his total points to 1,500, the highest in the history of the school. Chester Webb's 2,540 points seems out of reach, since the Profs have only twenty-three games scheduled for this year.

Verstraete was an All-State selection at Moline High School, Moline, Illinois, which is quite an honor, since more than 800 Illinois schools participate with any class division. Coach Seavore saw Verstraete score 24 points in a losing cause in the Illinois state tournament, and more important, hold his own on the boards with Princeton High's 6-9 Joe Ruklich, last year an All-Big Ten center at Northwestern.

After enrolling at the University of Iowa, Verstraete signed a professional baseball contract with the Detroit organization. Since NAIA regulations permit athletics to participate in a different sport than the one played professionally, Seavore invited him to play for GSC; he did.

During his sophomore year Verstraete scored 488 points, led the team in rebounds, assists, and free throw shooting percentage. As a junior last year he scored 620 points and again led the team in the same three departments.

In November Verstraete was named to "Who's Who in American Colleges and Universities," the first athlete to be so honored at GSC in seven years. Whitey, business major, has the highest academic average of any athlete on a scholarship at the college.

These "twins of GSC" not only excel on offense, but also on defense. Curry has drawn the opponents' fast man and Whitey the best big man as defensive assignments.

Which one is the best? The fans at GSC do not care. When one is "cold" the other is "on," but if both are hitting, victory is almost certain for GSC. Last season they scored 30 or more points three times in the same game.

Basketball season gets underway at Statesboro Recreation Center

By RALPH TURNER

The basketball season officially got underway last Thursday, December 10th, at the Recreation Center. Four games were played Thursday afternoon and two games were played Friday afternoon.

Over two hundred boys from the ages of 7-18 have registered for basketball within the first week. Many more are expected to sign-up and participate in the basketball program this season.

Plans have been made to make this year's program the best one ever. Individual awards and team awards will be given at the end of the season to outstanding players and teams.

Approximately forty girls from the ages of 11-13 have shown interest in the first week of practice for the girls basketball program. The girls play on Wednesday afternoon and Saturday morning.

The teams have been divided up by age level and grade levels. There are four different age groups in the boys program with four teams in each league. This gives the basketball program 16 teams consisting of elementary and high school boys.

The teams are divided up like this:

MITE LEAGUE—eight to ten years of age on Wednesday and Saturday.

MIDGIC LEAGUE—eleven to twelve years of age on Tuesday and Thursday.

JUNIOR LEAGUE—Thirteen and Fourteen year olds on Monday and Friday.

SENIOR LEAGUE—Fifteen to eighteen years of age on Tuesday and Thursday.

The public is invited to drop by the Fair Road Center any day of the week and see plenty of basketball at its best.

SEBH wins tenth game

BROOKLET — Billy Clifton fired in a basket with three seconds left Tuesday night to give Southeast Bulloch a 55-53 victory was SEBH's 10th win in 12 games.

Jimmy Rushing with 22 points, Clifton with 17 and Carl Bragg with 12 paced the winning boys team.

Ronnie Anderson had 34 for the losers.

Gail Newman scored 12 for the winning girls and Mary Morris hit 11 for the losers.

SHS wins from Effingham

Statesboro High defeated Effingham High in a cage twin bill here Tuesday night. The boys won 64-50, and the girls won a 54-51 victory.

Junior Pyle scored 20 for the winning boys and George Burnett hit for 14 for the losers.

Lynn Storey with 25 and Eugenia Moore with 21 paced the winning girls and Hilda Henley scored 26 for the losers.

Portal loses to Midville High

Midville defeated Portal at Portal Friday night, December 11, by a score of 67 to 49. Harold Moore led the winners with 27 points and Ronnie Anderson had 18 for Portal.

Harriet Coleman scored 19 points as she paced the Midville girls to a 50-26 victory over the Portal girls. Mary Womack had 12 for the losers.

Brooklet Kiwanis Club honors Ladies at Christmas Party Dec. 10

By Mrs. JOHN A. ROBERTSON

The Christmas meeting of the Brooklet Kiwanis Club was held Thursday night, December 10, when "Ladies' Night" was observed in the Brooklet Community House.

A lovely Christmas dinner was served from tables decorated with Christmas greens and other decor of the holiday spirit. The supper committee consisted of Mr. and Mrs. John McCormick, Assisting with the serving were Misses Ann Savage, Ruth Gillenwater, Julia Jones, Nancy Parrish, Nancy McCall, and Mary Kent Gillenwater.

The following program was presented: Song, "Jingle Bells," leader, James E. McCall; Invocation, Rev. W. E. Chapple, 1960 chairman, Eighth Div. Boys and Girls Club.

A pie makes better use of its feed before weaning than at any time. Therefore, the earlier a grower can get pigs to begin eating, the better the results. In all cases, pigs should be given a shell corn and protein supplement as soon as they will eat these feeds. This information is from animal husbandmen, Agricultural Extension Service.

Misses Beverly McCormick, Patricia McCormick, and Miss Carolyn McCormick, a sophomore at Abraham Baldwin College, were recently selected to "Who's Who in American Colleges" and "University." She was chosen by the student body on the basis of leadership, personality and scholarship.

Last Saturday afternoon, from 2:00-4:00 o'clock, Miss Dorothy Knight was the honoree at a miscellaneous tea given by Mrs. C. C. DeLoach, Miss Carlotta Edmonds and Mrs. Wilbur Fordham, at the lovely home of Mrs. Burnell Fordham. Throughout the house were dried arrangements interspersed with lighted red candles. SEBH wins tenth game

Powerful Southeast Bulloch High was pressed to the limit Friday night, December 11, before winning Glennville, 70-68. The win was SEBH's 10th straight. The Glennville girls won the opener, 68-15.

Brags with 21 points and Cliff with 19 paced the winning boys and Wayne Tuttle with 24 and Richard Purcell with 18 was tops for the losers.

Akins with 11 paced the winning girls. Pat Turner had 10 for the losers.

Two groups of Agricultural Extension Service specialists "joins forces" in offering these suggestions for a safer Christmas. Extension foresters advise keeping the base of Christmas tree in water so that it remains moist and is not so likely to catch fire. Extension engineers urge homemakers not to overload electrical circuits. To do so is courting danger, they warn.

BRIDAL PARTIES

On Friday evening, December 11, Mrs. Wm. Denmark entertained the members of the Canasta Club and other friends with a lovely Christmas party at her home, with Miss Dorothy Knight, a bride elect of this week, the honored guest.

Christmas decorations in her party rooms were unique and lovely. A beautifully lighted Christmas tree lighted the living room. In the den were arrangements of gold and silver fruit. The tables were centered with tiny green trees, each with a lighted candle, and at the bride's table was a pine and white lighted Christmas candle. The tully cards were green and white paper trees. The bride was most attractive in a rose printed gown.

Miss Peggy Ann Bland BLAND-ROCKER

Miss Peggy Ann Bland became the bride of Ronald Rocker in a beautiful ceremony performed December 13, at Oak Grove Baptist church near Portal. The Rev. Robert Beason, the bride's pastor, officiated at the impressive double ring ceremony. A program of nuptial music was presented by Mrs. H. C. Bland at the piano, who accompanied Mrs. Robert Beason and Mr. Jimmy Hallock. They sang "Because," "Sweetest Story Ever Told," and "The Wedding Prayer."

Mrs. Rocker is the daughter of Mr. and Mrs. Cecil Womack of Garfield, Mr. Rocker is the son of Mr. and Mrs. Donald Rocker of Portal.

A beautiful setting was created in the sanctuary with stately palms and other greenery forming the background for the focal point of the setting was a decorative, white iron work arch extended across the pulpit before a large sunburst. The arch was draped with white gladioli and chrysanthemums and four candles with burning tapers. On either side of the arch stood two white columns holding similar arrangements of white chrysanthemums.

The satin covered kneeling bench held shags of greenery. The family carkers were of large satin bows.

The lovely brunette bride, given in marriage by her stepfather, was radiant in her bridal gown of imported chantilly lace and bridal satin that also designed and made herself. The long torso bodice featured a Queen Anne stand up collar and was outlined with miniature pearls and sequins. Her traditionally long sleeves ended in points over the hands. The bouffant skirt of bridal satin was of floor length in front and was scalloped up either side in the back, and fastened to a bustle. A lovely cathedral train of the chantilly lace over satin flowed from under the scalloped.

Her full circular veil of imported bridal illusion was attached to a crown of seed pearls and iridescents. She carried a bouquet of feathered carnations, encircled in tulle and stephanotis.

The bride's mother wore a satin sheath of butterfly trimmed in velveteen. Her corsage was of bronze chrysanthemums.

Immediately following the ceremony a reception was held at the home of the bride. The table was beautifully covered with a white net tablecloth over white satin. Sequin centered, white satin bows were dotted over the net cloth. The cake was encircled with a white net ruffle and fern. On either end of the table were sterling silver candleholders holding white candles.

Mrs. Billy Collins, Mrs. Ruri Hendrix, and Miss Barbara Saunders served the cake and punch. Misses Terry Hughes and Brenda Womack passed under the scalloped.

For her wedding trip to North Carolina Mrs. Rocker chose a brown wool suit featuring beige fur collar, and matching accessories. Her corsage was bronze chrysanthemums.

A birthday cake, punch and Christmas cookies were served. The children were given as favors, horns with suckers and balloons attached.

Christmas is meaningful holiday in many countries over the world

Roberta Halpern
GSC George-Anne — News Editor

All Christian believing people in the world look forward each December to the most important and meaningful holiday of Christmas. Commemorating the birth of Christ, the day is celebrated annually from one end of the world to the other in great cathedrals and churches, and in the hearts and homes of the people.

In Australia, Christmas comes in the hottest season of the year. The bushmen that till the soil and work in the Australian bush are mostly English and celebrate Christmas at home with a large dinner. The children decorate the house with large ferns and palm trees and hang green foliage over the front door. The holiday is spent in visiting, chatting, and eating. Many of the people living in the cities and towns are on their summer vacation during the Yuletide season and observe the holiday in only a half-hearted way. However, there is an attempt to celebrate Christmas in the English fashion by a majority of the families of Australia.

In some sections of China, Christmas has been celebrated for 400 years, however, the majority of Chinese have never heard of the holiday. In the areas where Christian missionaries have brought Christmas, it is a day of excitement. In China Santa Claus is known as "Lan Khooing-Khooing" which translated means nice old father. He is also called Christmas Old Man. For the people who celebrate Christmas, the holiday is ushered in by a display of fireworks. The people enjoy feasting, singing and entertainment by Chinese jugglers and acrobats.

Christmas in England is the supreme holiday that all classes of people look forward to. Father Christmas brings presents to the English children and is very similar to the American Santa Claus. Early in December groups of musicians travel about the streets playing beloved Christmas carols, reminding the people of the coming Yuletide season. Popular in England for centuries, stardog is a favorite Christmas sport on Christmas Eve.

The French celebrate Christmas differently in the various provinces. Christmas in the capital city, Paris, is kept for the children and New Year's Day is celebrated by adults. To find

Georgia farmers are using only 300,000 tons of lime annually on five percent of the total cultivable crop and pasture acreage. Research workers estimate that Georgia farmers should be using two million tons of lime annually. This information is from agronomists, Agricultural Extension Service.
