## We'll feel a part of the chain reaction

When the tobacco auctioneer begins his selling song this morning here at Statesboro and in the other tobacco markets in the Georgia - Florida belt, he becomes a part of the chain reaction which was set off back in the spring when the tobacco grower placed the tiny tobacco seeds in the soil.

And the reaction set off affects an estimated 17,000,000 people. Incredible, you say.

Not so. From the seed the farmer placed in the ground springs an agricultural generated economy that employs 17,000,000 people and adds over \$7 billion to the nation's economic pipeline.

Between 750,000 and 800,000 farm families are employed in growing all types of tobacco, including our own bright leaf. The full labor force engaged in growing, manufacturing, handling, and distributing tobacco products totals as many as 7,000,000.

Georgia growers will pay terminal warehouse operators between two and three millions of dollars for warehouse charges and commissions. Georgia tobacco growers will spend several millions of dollars to fertilize plants. Farm equipment companies come in for a large sum of production equipment.

Tobacco production requires lots of labor, approximately 400 hours of hand labor per acre.

Let the voters have a choice

It seems the sensible and proper thing to do—to let the voters in Georgia in the September Democratic primary decide whether the Georgia party's electors will be pledged or unpledged to the Kennedy-Johnson ticket.

This is what Governor Vandiver has said he plans to do. He has called a meeting of the Georgia Democratic Executive Committee for August 15 for the purpose of passing a resolution to implement his proposal.

About half of this labor in production-harvesting is supplied by the farm family and the remainder is hired—thus adding more dollars to the labor market.

Often overlooked in evaluating the impact of tobacco as an enterprise is the inter-locking interdependence that it has with other operations and commerce. Tobacco manufacturers use \$22,000,000 worth of paper, \$2,500,000,000 in taxes go into our government coffers.

Last year Georgia farmers received over \$66,000,000 from sales of all types of tobacco.

Products from this farmer generated tobacco industry flowing into commerce totals over \$6.5 billion and 1,500,000 businesses share in the tobacco trade.

This only gives an idea of the terrific chain reaction which was set off when the tobacco farmer planted the tiny seed last spring. Wheels turned within wheels and move a huge segment of our nation's economy.

But forgetting this wide impact, the immediate concern is local—right here on the floors of the thirteen tobacco warehouses in Statesboro, at the bank, at the department store, at the auto dealer, at the appliance dealer, at the grocery store.

And tomorrow we'll feel that part of the chain reaction in which we are involved.

B & PW in welcoming this outstanding leader here on August 2.

CAP does a job with little thanks

Theirs is a thankless job. But they go about performing it with a devotion and a willingness which deserves better than they are getting.

Members of the Georgia Wing of the Civil Air Patrol were in Statesboro Saturday and Sunday of last week for a state conference. They came here at their personal expense and at the loss of time which might have been devoted to their families and to the job they hold in private life.

They met here to study the problems which confront them and how to meet them.

By LAWRENCE E. HOUSTON JR.

"My name is \_\_\_\_\_ and I am an alcoholic." In a quiet, sincere, and convincing manner a man, once captured and tortured by alcoholism, told his story. In so doing, he helped his fellow alcoholics and strengthened himself.

HE HAD BEGUN his pattern of drinking in high school. When the pressure of life became too heavy, he would escape for a while by drowning his troubles in drink. His parents finally asked him to leave their home and not return. One marriage was a miserable failure, while another was rocky and uncertain. Finally, when the moment of desperation appeared, he turned to AA and began to find himself once again. He tells his story, offers an understanding heart and a helping hand to alcoholics, and thereby retains his sobriety. (In his talk he mentioned having travelled five hundred miles just to talk with a friend.)

This was my first experience with a meeting of Alcoholics Anonymous. I attended at the invitation of a friend. I went with some misgivings since I was a non-alcoholic and a minister.

My uncertainty vanished as I met and shook hands with the members of the group. The leader introduced me as "Mister" rather than "Reverend," which I was most grateful. Titles and degrees can often times separate people when there is no necessity for it. It was accepted as one of the group.

ALCOHOLICS ANONYMOUS has something to say to the Christian Church and the people who call themselves Christian. It is a message of hope and a new message. It is simply the recapturing of a message which the Church has been proclaiming for centuries.

THE FIRST ELEMENT of this meeting which greatly impresses me was the utter honesty with which these people spoke of their problem. In fact, to many such attitudes would seem to be brutal. But, to them, this is the only way to keep resentments, prejudices and ill-will from taking root in their lives. They have learned from bitter experience what these "sins of the spirit" will do to them.

I like a phrase I heard in that meeting. Some would call it uncultured and without refinement, and thereby define it as brutal honesty. That is precisely what it is! Call it by whatever term you choose. These attitudes must give way to an open and serene spirit. Another element of this program which I felt to be most helpful was the spirit of understanding which the group manifested toward a new member, or an alcoholic whom they are attempting to help. Because they have "sat where he sits," they understand the respect and confidence which he must learn again to have in himself. The Church has simply condemned the alcoholic with the condemnation of drinking in general, and thereby alienated itself from the persons whom Christ commended to the Church to help. We must learn again to "hate the sin, but love the sinner." Alcoholics Anonymous has succeeded in doing this.

OUR FRIEND, Ed Martin of Charleston, S. C. visited us for a while on Friday last week. He wanted to attend the funeral of his brother, Cecil Martin. Ed is one of Statesboro and Bulloch county's fine ambassadors of good will in South Carolina. He never misses an opportunity to sing the praises of his home town. Though he has been in Charleston for many years, Statesboro is still his home.

We turned the hands of the clock back and remembered the days of the old S & S Railway, the Smith Boys, the late Elwyn, Will, Harry and Bealy. He recalled the car train of watermelons being loaded on the siding here at the S & S depot, the late Dan Arden and his love for the S & S engines. He wondered if Bealy had ever found him one of the bells off one of those old steam engines. I had to confess that he had not yet found one, but we know that sooner or later he would find one.

In Seventeen Hundred and Ninety-Six, a group of American patriots rebelled against the yoke of tyranny. The tax on stamps, the tax on tea, and that's saying a lot, he allows.

LOOKING AT THE foreign policy plank the Democrats say that west Berlin will be defended along with Formosa. Communists will not be allowed in Greece or lower tariffs in foreign Western Hemisphere; oppose the entry of Communist China in the United Nations; reduce military aid where possible and increase economic aid; give immediate help to India and Pakistan and continue our cultural exchange program; admit more refugees. The "Quota" system according to national opinion will be dropped.

Mr. Kennedy will expand world trade but will give defense contracts and loans to areas hurt by imports and exports or lower tariffs in foreign countries against imports of American goods.

ANOTHER AGENCY will be created. The national peace agency will work for a plan to halt atomic weapons testing.

THE U. S. will be made so strong that any foreign power would not dare attack us through spending all the money needed for defense. The armed

MEMO TO HUNTERS - The first half of the 1960 dove season will begin September 1 and October 1. The second half opens November 23 and ends January 14. There is a forecast of a six per cent increase in the dove population this year. You may shoot twelve doves and possess twenty-four. Last year you could shoot only ten and possess twenty. Fulton Lovell, director of the Georgia Game and Fish Department is our authority for the information.

AND NOW THERE'S an Ulcer Society, Inc. We were quite shook up when we opened our Monday's mail to find that eighteen million ulcer sufferers in the U. S. have been wholly neglected by the peoples of the United States so generously remember the polo victims, the muscular dystrophy victims, the heart victims, the arthritis victims, and the score of other malady victims of our nation.

According to our information the Ulcer Society, Inc. a non-profit organization, it says here, was promoted, now it's endeavoring to "enlist nationwide moral support, among ulcer patients and within the medical and pharmaceutical profession, for an immediate crash program of research to discover remedial treatment for this plague of modern life."

They don't really ask for cash for their "moral support." They only want "strong support." Well, we give that most willingly. We're sure that all our readers will be that generous.

**AA helps those who come seeking help**

By Dr. John Mooney

Alcoholism is a disease of barriers. These consist of hindrances and obstructions in the form of attitudes which stand between the alcoholic and the people around him. They interfere with recovery.

Most of them are erected and maintained by the alcoholic himself and, as has been pointed out, center around dishonesty. But the main meaning, people, especially the family, who are trying to help, may themselves have serious faults of which they are unaware and which prevent understanding and communication with the alcoholic.

The character defects and dishonesty which are present in the people around him may be seen readily, accurately and truthfully by the alcoholic just as his disease is recognized by others.

The wife who bristles with hate when her drunken husband accuses her of nagging, turning the children against him, living beyond his income, running him down to other people and acting generally like a witch who is aggravating him and keeping him drunk rather than helping him to get sober, may really be angry because she has met a violent discolor of the brutal truth.

The alcoholic, oblivious to his own predicament, may have his

The Bulloch County Board of Education requires its teachers to study every five years regarding the degree they hold.

THIS RULE may be an inconvenience but it is definitely good one.

It is very enlightening for teachers to get together and share their ways of teaching and their knowledge.

It is very revealing to teachers to find out how different adults react to tests, including themselves. This certainly will give the teachers a deeper understanding of the children in the fall.

IT IS ALSO amusing to find take the first step toward sobriety in the family.

She can look at it this way. "I have been trying to sober him up a long time. It looks like he only gets worse. Maybe there's something wrong with me. He says I'm doing it. Maybe I do. He says I talk about him. I hadn't thought about it but that's true. Too, I discussed with Mary. I told her I wanted

the adult teachers are eager to account to the administration about her whereabouts. "I am going to the library," or "I am all right if I run to the registrar's office?" They too, are anxious that "teacher" not get the impression that they are shirking.

One teacher's daughter was being married and she hesitated to ask off a single day, for fear her teacher might consider her indifferent in her work.

THERE'S THE experience of "standing in line" for long periods of time.

One of the most trying times can come when the temperature has the thermometer registering in the nineties and the atmosphere is full of moisture. Regardless of this atmosphere a lecture or a film is supposed to be absorbed. The brain can't overcome the desire to sleep. There is terrific struggle. Then it is the teacher more fully who knows what her youngsters suffer in September and May, if not October and April, as they sit in a stuffy hot classroom.

OF COURSE, these periods of study ruin the prospects of getting any of those wonderful peas stashed for the freezer, or storing in the kitchen, yellow corn for the winter. But the "freezer of the mind" needs re-planting as well as freezer in the house. So the summer study certainly helps the store house of knowledge. Some of these houses have been nearly empty too long.

THERE IS ALSO the angle of associating with youth, too. Not all teachers are old or middle-aged. There are young folks who teach. Not that the older teachers care to try to act like they're the same age but it is helpful to get the young viewpoint. Very likely, some of the young feel benefitted from the association of the older teacher.

At odd moments some one remembers a good joke which recalls another one to some one else.

YES, THE RULING made by the Board of Education is a good one. It's too bad there isn't a "freezer" for every profession to brush up on what's happening. We'd have more up-to-date business people, doctors, lawyers, and what ever else have,

**Lynn Reddick in Washington at Boys Nation**  
Mitchell Lynn Reddick of RFD 1, Portia, arrived in Washington, D. C. on Friday, July 22, as a Senator in the 1960 Boys' Nation from Georgia.  
He was joined by more than one hundred top teenage leaders from all over the United States to take part in the Fifteenth Annual Boys' Nation program of the American Legion. He is sponsored by the Dexter Allen Post No. 99 of Statesboro and Bulloch County. He will attend the Boys' Nation national governmental study symposium July 22 to July 29.  
Young Reddick was a member of Boys' State held in Athens recently.  
Boys' Nation is the largest youth program of its kind, concentrating on an organized study of the functions of our Federal Government. While here the young "Senators" will conduct a simulated National Senate. They will learn "by doing" how the machinery of our elected Democratic governmental machinery functions. Equally important, they will see for themselves the importance of citizen participation in these operations, thus learning the responsibilities and duties of good citizens.  
During his participation in the Boys' Nation program this year Lynn and other "Senators" will operate their own Senate Sessions. During these the boys will hold party caucuses, elect a president and a vice-president, appoint a cabinet and a Supreme Court. These officers will be elected for a year and will "govern" Boys' Nation for that period of time.  
On July 28th in the Old Supreme Court Chamber in the Capitol Building they will debate and vote upon two bills: lumbas, Ga., Mr. and Mrs. Worth McDougald and children, Susan and bill of Athens, Mrs. McDougald had them all for supper Friday night including Mr. and Mrs. Don McDougald and children, Walt, Sally and little Meg, and her sister, Helen, Mrs. Bob Coursey and Mr. Coursey of Memphis, Tenn.  
Mrs. G. YOUNGHOOD IMPROVING FOLLOWING OPERATION  
Friends and relatives of Mrs. Gwinnette Younghood are happy to announce that Mrs. Younghood is improving following a major operation in the Central of Georgia Hospital.  
Mrs. Younghood is the former Gwinnette Reed and was recently a resident of Statesboro.

"If you can claim that your city boasts a crystal ball—in good working order, guaranteed faithfully to reflect your ideas and opinions—you are indeed to be envied."  
"On the other hand, chances are you—like most of us—live in a crystal ball-less community, which means that you can't count on civic and government authorities and representatives knowing what's on your mind... you have to SPEAK UP!"  
"As a businessman, you have a double responsibility to make your views known; to express your opinion on issues which affect the welfare of your business and your community. You have a double responsibility to help build healthy grassroots for the sound economic future of our country."

**Sylvia Brunson entertains for Diane Strickland**

Miss Sylvia Brunson, one of the happy five in high school days, entertained for Miss Diane Strickland, a member of the group, at a luncheon on Friday, July 22, at Mrs. Bryant's Kitchen.

A lovely array of dahlias and Queen Anne's lace centered the luncheon table where places were laid for Miss Strickland, Mrs. Strickland, Mrs. Jack Strickland, Mrs. Lem Neville, Mrs. Kimball Harville, Misses Patricia Redding, Charlotte Campbell and Faye Hagan.

Diane chose for this party a silk scarf print, a black whimsy hat, black patent shoes and matching bag.

Miss Strickland feted at Coke party

On Thursday morning, July 19, Miss Diane Strickland, whose engagement has been announced, was honored at a Coke party at the home of Mrs. Stothard Deal on Azalea Drive.

Co-hostesses with Mrs. Deal were Mrs. Don Thompson and her daughter, Mrs. Bill Akers. Mixed arrangements of summer flowers enhanced the loveliness of the home. The guests were served dainty assorted sandwiches, cookies, potato chips and Coca-Cola.

The hostesses' gift to Diane was a plate in her casual china. Diane was most attractive in her olive green linen sheath with white accessories and matching green jewelry.

Those present were Diane, Mrs. Jack Strickland, Misses Sylvia Brunson, Willette Woodcock, Faye Hagan, Charlotte Campbell, Patricia Redding, Bonnie Woodcock, Claire Sack, Mrs. Kimball Harville and Mrs. Lem Neville.

and fell in a lovely, graceful court train.

The illusion net of four tiers was attached to a crown of lace and organza outlined with seed pearls. The bride carried a white Bible, topped with a white orchid with a yellow thread and showered with lily of the valley.

For her daughter's wedding, Mrs. Harden chose a sheath dress of shawl knit featuring white embroidery on skirt and bodice. She wore matching accessories with a white orchid corsage.

Mrs. Kennedy, mother of the groom, wore a light blue dress with a lace bodice over a slightly flared skirt of silk. She wore white accessories with a white orchid corsage.

After the wedding the parents of the bride entertained with a reception in the church social hall. The hall was decorated with magnolias, southern stills and pink althea. About the room were clusters of wedding

ending in a chapel train. She carried a cascade bouquet of valley lilies and stephanotis.

Miss Fay Akins, sister of the bride, was maid of honor. The bridesmaids were Mrs. Aubert Brannen Jr. of Statesboro, Mrs. Ernest Franklin of Metter, Mrs. Lawrence Page of Callahan, Fla., and Junior bridesmaids were Misses Barbara Ann and Linda Sue Smith, sisters of the groom.

The attendants were gowned alike in aqua silk organza and matching Chantilly lace, with short sleeves, portrait neck lines and fitted midriffs of matching Skinner satin, ending in back with a half bow and graceful back drape. Each wore matching head dresses of aqua organza bows with circular veils.

They carried cascade bouquets of white pom poms and white asters, trimmed with calladium leaves and tied with aqua chiffon.

Angela Chodnicki, flower girl, wore a white organza dress and carried an aqua and white nosegay. David Akins, ring bearer, wore a white suit. He carried the rings on a white satin pillow.

Juniors whip Millen 9 to 0 on July 18

By RALPH TURNER

Statesboro's Junior Team walked Millen 9 to 0 Monday July 18. This was the best effort the Juniors have shown this season and maybe an indication that they will be ready for the District playoffs which starts the week of August 1.

Statesboro scored one run in the first inning and did not score again until the fourth inning. The local team played right-handed baseball and backed this up with a 12-hit attack on Millen's ace left-hander Larry McMillen.

The 12-hit attack included two home runs by Austol Youmans and a triple by Eddie Ray Williams. Paul Halpern, Donald NeSmith, and Ernie Campbell had one hit each.

Statesboro's pitching was remarkable. Larry Kennedy pitched the first two and one-half innings and struck out four batters and gave up the only hit of the game collected. Jimmy Williamson relieved Kennedy in the bottom of the third inning and did not allow a man to reach first base afterwards. Williamson struck out 11 batters out of the 14 that he faced and the other three grounded out.

On Friday afternoon July 22, the Junior team clinched a District first place in the District standings by whipping Savannah 9 to 0 at Memorial Park. This gave the local team a 7-1 record for the season. The League play and a 12 and 5 overall record. It is now a tie with Swainsboro for first place.

The Cobb Vets came on behind Wednesday night to ease by Jake's Amoco in a high scoring battle which ended with the Cobb Vets whipping Jake's Amoco 18 to 12.

Jake's Amoco led the Cobb Vets 11 to 2 for four innings before giving away to the powerful attack of the Bulloch Veterans in the fifth, sixth, and seventh innings. Amoco's high rally was in the first inning when they got off to a flying start with 10 runs. The Cobb Vets scored 10 runs in the sixth inning to put them out front.

The Cobb Vets are sponsored by Dr. John Cobb and coached by Red Brown. Jake's Amoco is far.

Younmans tossed his blazing fast ball past the Sylvanians in such a way that he sat 16 of them down on strike outs. Six Sylvanians batters reached first base, four by walk and two by fielding mis-cues.

The local team collected 9 base hits and 9 runs. Ernie Campbell and Don Lanier led the local team with two hits each. Other Statesboro hitters were Billy Davis, Jimmy Williamson, Austol Youmans, Donald NeSmith, and Larry Kennedy. Kennedy hit the longest ball of the afternoon, a towering 320 foot double. Johnny Martin did a fine job of catching Youmans and handling the team from behind the plate.

Statesboro travels to Swainsboro Monday to break the tie for first place and to get the top position for the District tournament which begins Monday August 1.

The National Grand surprised the College harmony with a 16 to 6 whipping in the second game. The Pharmacy never could get in striking distance of the National Guard. The Guard proved that they can still provide plenty of trouble for any of the teams still in the tournament.

The National Guard collected 18 hits on the Pharmacy pitching. C. Bud Huggins was the winning pitcher and Bert Bogtish the losing pitcher.

Thursday night Jake's Amoco had their hands full as they were defeated by a fired up Brooklet team 14 to 13. Brooklet fighting until the final pitched was tossed had the bases loaded with one out and couldn't quite get the tying run across. Brooklet had 16 base hits to 14 for Jake's Amoco. Johnny Young was the winning pitcher and Ronald Domy was the losing pitcher.

Thursday night Harvey Berry, Ben Hagan, and Johnny Young were the leading hitters for the Amoco and Jackie Anderson, Ronnie Griffith, Gilbert Williams, Ronald Starling, Billy Clifton, and Ronald Domy had two hits each to lead the Brooklet hitters.

In the second game, College Pharmacy downed Franklin's Restaurant 16 to 6 behind the pitching of Glenn Cunningham, Kent Wofford, Glenn Clowers, and Rat Johnson led the Pharmacy with three hits each. Franklin Deal suffered the loss for the Restaurant team.

The teams that have been eliminated in the order that they were eliminated are Rockwell, Franklyn's Restaurant with four teams remaining in the tournament. They are the College Pharmacy, Jake's Amoco, National Guard, and the Cobb Vets with the latter two being undefeated thus far.

THE DRAMA OF TOBACCO—Shown here is a typical grower of tobacco in Bulloch County moving the golden into his barn to cure.

HERE the tobacco grower has his cured tobacco wrapped up in sheets ready to truck to the market where it will be sold in one ton to a mill.

HERE A GROUP of farmers symbolize their concern over their tobacco as it rests on the floor of the warehouse awaiting the auction to sell it.

AND HERE are the growers as they approach the pay window at one of the warehouses to get their money for their tobacco which they have just sold.

## Al Gibson says Bulloch has good business climate

By BRITT FAYSSOUX

Albert Gibson, the recently appointed executive manager of the Statesboro-Bulloch County Chamber of Commerce, believes that the people of a community must understand and believe in a free enterprise system of government if the community is to grow and prosper.

"This country grew from 13 struggling colonies to a great country with the highest standard of living in any country in the world because of the free enterprise system," Mr. Gibson said.

One of the major jobs of a chamber of commerce is to help people understand how such a system works, Mr. Gibson said. He believes free enterprise means a minimum amount of federal control and a maximum of local autonomy.

The new executive director came to Statesboro June 1st from Gainesville where he has been executive secretary of the Georgia Poultry Federation for the past five years. Before that he was executive secretary of the Lyons-Tomball County Chamber of Commerce.

"For the past several years the business people of Statesboro and Bulloch County have felt the need of a manager to coordinate the activities of the local chamber of commerce," W. P. Hill, president of the C of C here, said. "We feel that Mr. Gibson is highly qualified and that we are fortunate to have him here," he added.

Mr. Gibson studied at the Chamber of Commerce School at the University of North Carolina where he was awarded a scholarship by the Association of Chamber of Commerce Executives. He received a BS degree from John Hopkins University.

"Statesboro and Bulloch County have great potential for agricultural and industrial growth," Mr. Gibson said. "One of the things we hope to do is create stronger ties between the agricultural and business communities," he said.

"One of the primary objectives of the local chamber of commerce is to foster the growth and expansion of existing industry here and also to attract other worthwhile industries."

## Tobacco plays big role in economy of Statesboro and Bulloch County

By BOB DONALDSON

Editor's Note: Mr. Donaldson is secretary of the Bulloch County Tobacco Advisory Committee. For years he has been associated with the tobacco market, its warehousemen and its buyers and tobacco company men. He is immediately past president of the Statesboro and Bulloch County Chamber of Commerce. He is a partner in the Johnson and Donaldson Insurance Agency.

Despite the fact that Statesboro and Bulloch County have become highly industrialized in recent years, agriculture remains the backbone of the economy and tobacco plays a tremendous role in this agricultural economy.

Tobacco not only furnishes a money crop for farmers in an area but marketing the golden weed is an industry in itself.

Livestock is Bulloch's largest money producer bringing in approximately \$5.5 million annually. Tobacco took second place in income in 1959 with approximately \$3 million, cotton ranked third and peanuts fourth with approximately \$1.5 million.

W. G. COBB, president of the Bulloch County Bank, stated that tobacco is tremendously important to the Statesboro and Bulloch County. He said that livestock furnishes a year-round income, but summer months are low livestock months. Cobb said there is a long dry spell between money crops until tobacco comes in. He stated that tobacco money is spread all around and starts things on the move in late July each year.

C. B. McALLISTER, president of the Sea Island Bank, said that despite the high cost of producing tobacco, farmers make more on tobacco than most crops. He added that the farmer customers of the bank may up out of tobacco in most instances leaving their peanut and cotton money for other purposes.

Last year Bulloch County farmers sold about \$3 million worth of tobacco. This was certainly a boon to business in this area. Prior to the planning and marketing of tobacco, there were no substantial money crops until the fall of each year.

Tobacco as an industry has been one of the best assets Statesboro has known. Being the largest market in Georgia in both floor space and pounds sold, tobacco marketing takes its place alongside other industries that have come to the community in the past quarter of a century.

Approximately 475 people are employed in the Statesboro tobacco market each season. Of this number, approximately 225 are local people which means that 250 or more (including members of families) move into Statesboro each summer for the tobacco season.

They rent houses, apartments, buy food, clothing and patronize the local business establishments.

## WHEN IT COMES

WHEN THE DEBACLE comes when there suddenly dawns on America a realization that we as a nation have frittered away our place of world leadership, when the judgment of God descends on our land and the reality of our folly becomes apparent to all—then we will look back in an agonizing regret on our folly and blindness.

From its inception Communism has declared its intentions and mapped its course. It has proceeded to carry out its plans without at any time deviating one whit from its avowed purpose and ultimate goal—the complete domination of the world.

We cannot claim that what has taken place in recent years is a realization of the Communist plan and that we could do business with His enemies without harm to ourselves.

This is not for one moment to say that America is a "Christian nation." One has but to look around to see the devastating effect of sin in our midst. But America does offer freedom to Christianity and to America which will rise up and join ranks regardless of party affiliation; men who see the cause of our danger and have the courage to call for a reversal of any and all policies which play into the hands of our national and spiritual enemy.

It is no conviction that there can be no permanent relief until we have severed all diplomatic ties with Communism. Communist nations and agencies. This would also require the expulsion of the Communist nations from the U. N.

"Unthinkable" will rise to such a proposal. "This would be achieved up the great advances achieved for international brotherhood" it will be argued.

"WITHIN the political and church life of America, the overwhelming majority will arise to denounce even the suggestion that we cut all ties with international Communism. (For much of the past quarter of a century, we have practiced a "ministry of reconciliation" which, when interpreted, means that we must open our arms to the enemies of God regardless of the destruction of person of principle which is threatened.) "Religion" seeks to buy peace at any price. But what is the alternative—politically?

A growing spread of Communism is in turn condemned and ridiculed by those who now boldly say "anti-Communism."

## Britt Fayssoux

Because Bulloch County farmers now irrigate their tobacco patches, use more fertilizer per acre on them, and take better care of them than in years past, the 33rd annual Statesboro tobacco market which opens here today will see more top quality tobacco than ever before.

This is the opinion of F. C. Rozier, one of Bulloch County's biggest tobacco growers. Mr. Rozier, who has 19 acres of tobacco on his farm near Arcola, has been growing tobacco for 25 years. He has used modern methods in tobacco farming. He owned the county's first tobacco harvester.

The modern sprinkler irrigation systems which most Bulloch County farmers have, assure them of a good water supply and the big tobacco harvesters eliminate the tedious job of hand picking, but there is still plenty of hard manual labor in tobacco farming.

Only man can do the delicate job of caring for the crop after it comes out of the field and ready for the barn and the curing process. And no machine will take the bright leaves off the sticks and make them ready for the warehouses. This work must be done by farmers during June and July, two of Bulloch County's hottest months.

The high tin warehouses here will be mobbed with farmers, buyers, and speculators on this opening day. The farmers have come from throughout Bulloch County and surrounding area, and the buyers represent every major tobacco company in the U. S.

Tobacco has been grown in Georgia since colonial times, but it was not until the early 1920's that this area became big tobacco country. The first warehouse was built here in 1926. Since that time the growth of the Statesboro market has been phenomenal. It is now the largest market in the Georgia-Florida Belt.

If the market runs true to form, then big growers like Mr. Rozier and even small growers like Warnell Denmark of Brooklet, who has only 15th century ten of an acre in tobacco, stand to make good profits on this annual crop which has been a source of revenue for Georgia farmers since the colonies were first established.

SAFE DRIVING  
Willis Huston, engineer, Agricultural Extension Service, offers these suggestions for safe driving: Stay in the right hand lane on curves and at hillcrests. Remember that yielding the right of way may save your life. Avoid artificial stimulants to keep awake. Maintain a uniform degree of safety—not a uniform speed.

MAX ROBERTS ABOARD USS NORTHAMPTON IN ATLANTIC OCEAN  
Max A. Roberts, seaman, USN, son of Mr. and Mrs. Ward D. Colley of Statesboro, Ga., is serving aboard the tactical command ship USS Northampton in the Atlantic.

Flagship for the Commander, U. S. Second Fleet and Strike Fleet Atlantic, the Northampton is participating in the annual midshipman summer training program and is scheduled to return to its home port at Norfolk, Va., July 28.

USING A FLOOR POLISHER  
Miss Doris Oglesby, housing-extension specialist, Agricultural Extension Service, says floor polishers merely need to be guided back and forth to polish a floor. On wood floors, the grain of the wood should be followed. Pelt buffing pads, used after polishing with the brushes, give a final sheen to floors, she adds.

**Not a single cracked egg since Chevy took over the route**

That '60 Fleetside pickup you see takes whatever kind of road comes along, and makes about 250 stops a day delivering eggs house to house for Mr. Harry Hansen of Missoula, Montana. "With my precious truck," Mr. Hansen writes, "I always had some cracked eggs. Cargo damage always cut into my profits. But the new Chevy eliminated that problem completely. I haven't had one cracked egg with my new truck and I've had up to a ton of eggs in it without any difficulty. . . . I didn't know a truck could ride so nice."

Chevy rides nice, all right; takes good care of fragile cargoes. But that's not even the half of it. Torison-spring suspension also means longer life for the truck, extra thousands of working miles, because the sheet metal and body components take less of a beating. You can run off-road or over back trails at faster speeds, too; get in more trips a day, make more money. Those facts are as true of the big Chevrolet heavyweights as they are of the pickups. Any model you name. Get one on your job and you've got the world's most efficient, most economical way to haul any load over any road. Your dealer will be happy to prove that statement any day you say.

Room settings of five gracious American homes — furnished with S&H gifts — are also pictured, with helpful comments on home appointments by Dorothy Draper, world-famous designer.

## Jaycee Majors and Midgets go in to finals in tourney

**MAJORS MONDAY, JULY 18**

The first place Jaycees got their first win in the double elimination tourney today as they came from behind to defeat the Lions 3 to 2. Going into the final inning the Lions were out in front by a 2 to 1 lead. The Lions were up first and were put out without adding any more runs. Then the Jays came to bat knowing that this would be their last chance. Ricky Hendrix was first up and singled putting him on first. Then Charles Webb singled into right field moving Hendrix to third and putting himself on first. With the tying run on first with a two out pitcher as first Johnny Johnson came to bat. He hit a grounder to the third baseman who attempted to cut the run off at home but failed. This tied the score at two all and moved the winning run to first. The Jays collected their two hits when they scored one run in the second, and three in the fifth inning. Every man on the winning team got at least one hit with Johnny Johnson led the team with four for five trips to the plate. For the losers Jimmie Sikes was the losing pitcher giving up 16 hits to the Jaycees. Robbie Hodges was the leading hitter for the Jays in a losing battle. Hodges got two hits single and a home run, while at bat four times.

The Rotary came from behind today, the final inning and defeated and eliminated the Lions. The score was 4 to 3. The Lions collected their three runs all in the second as the Rotary got two in the first and trailed by that score until the final inning when they scored one run. Jamie Beasley was the winning pitcher giving up six hits. Billy Kelly and James Beasley were the only Rotary players to get hits.

For the losers Phil Hodges was the losing pitcher after giving up only two hits and walking five. Hodges was also the leading hitter with two hits for three trips to the plate.

## July Fourth tournament results

The Recreation Department sponsored several playground tournaments for the energetic youth on the fourth of July. These tournaments ranged from ping pong to horse-shoe pitching. Beautiful Bronze Metals were awarded the winners of each event in each age group.

In the Ping Pong tournament Vick Page won over Jamey Beasley in the 12 year olds and under, and Charles Haimowitz defeated Don Lanier for the championship in the 13 and over group.

The Zell ball championship for boys 12 years old and under was probably the most competitive tournament of the day with Vick Page battling James Hagan right down to the finish before yielding to Hagan.

The horse-shoe pitching contest received plenty of enthusiastic participation with both the 12-15 year old group and the 16 and over group. In the younger group Jack Paul squeaked by Frank Parker for the championship and Michael Rogers fought off Danny Bray for the senior title in the horse-shoe contest.

The girls' big event was Badminton with Ann Henderson taking on all challengers and coming out victorious. Ann won the Girl's Tennis championship last year and the badminton this year. The girls did not have a tennis tournament this year because of the lack of entries in the two age divisions.

The boy's Tennis Tournament was really exciting and surprising. Walter Barry, a southpaw, won the Junior Division and big Lindsey O'Neil won the Senior All-Star game scheduled for that night.

## Robbins Packers

The Robbins Packers suffered their third defeat by Millen Sunday July 10, as Millen downed the Packers 11 to 4. The Statesboro team has been hampered by vacations and summer camps for the past month but could be back full strength for the tournament which begins the first week in August.

Charles Benson suffered the defeat for Statesboro as he gave up three hits and four runs in the first inning before being relieved by Lou Shipes. Shipes pitched five innings of shut-out ball before tiring and allowing Millen to score seven more runs in the eighth and ninth innings.

John Donald Atkins and Gilbert Williams led the Packers with two hits each. Statesboro collected six base hits and Millen hit safely three times.

The heavy rain-storm halted both the Little League All-Star game and the Men's Softball All-Star game scheduled for that night.

## Robbins Packers defeat Portal 8 to 3 July 24

Statesboro's Robbins Packers downed Portal Sunday July 24, 8 to 3 behind the four hit pitching of Harvey Berry. This was the second victory for Berry in the Statesboro tourney.

Statesboro collected eight base hits with Fuller Hunicutt leading the hitters with two hits in four times at bat. Other hitters making a difference were Billy Church, Johnny Martin, Johnny Morales, and Harvey Berry with one hit each.

Roy Johnson suffered the defeat for Portal but was also one of the leading hitters along with Ralph Miller.

The Packers play host to the team at Georgia Southern College this Sunday July 31 in the last regular scheduled game of the Double-elimination play-offs begin next Sunday August 7.

### Beef short Course at Athens Friday

By ROY POWELL, County Agent

"More quality beef for Georgia," is the theme of the Beef Short Course to be held this Friday in Hardman Hall, University of Georgia campus. The program will cover every phase of quality beef production from the production of feeder calves, through the feedlot, to the retail market.

Some of the noted experts to be there are:

Paul Swaffar, secretary of the American Hereford Association. He is recognized everywhere as an outstanding man in the industry, who knows the pulse of feeder calf production everywhere.

Kenneth Monfort, of Monfort Feedlots, Greeley, Colorado. He manages a feedlot which turns out as many as 30,000 head of cattle per year profitably.

Dr. Roger Saffie, a new staff member of the Food Technology Department at the University. He is thoroughly trained in the practical and technical phase of meat processing. He was formerly at South Dakota State College where he was in charge of meat's work.

W. W. Brainerd Jr., director of the American Angus Association and currently vice president. He is owner and manager of the outstanding Downbrag herd at Marshall, Va.

Dr. Doyle Chambers, of the Animals Husbandry Department, Oklahoma State University. Dr. Chambers has successfully completed a tremendous amount of performance testing work which has included every phase of beef production.

Our own J. W. Fanning, chairman of the Agricultural Economics Division, at the University of Georgia. He is a scholar where economic principles are concerned and is always informed as to current trends in Agriculture.

With all these experts present, it's going to be an interesting program. Why not make a point of going to it. It begins at 9:30 a.m. Friday.

BILL WEST, left with the dead rattler which he killed recently on the Clinton Murry farm in the Stinson community. The snake is five and one-half feet long with twelve rattles. "This is as close as I want to get to a rattler," says Bill as he held the snake on the pitchock. The photographs were made by Mrs. W. H. Morris, Stinson correspondent for the Bulloch Herald.

THOMAS ROBERTSON, right who works turpentine trees, is shown here demonstrating how he would hold a dead rattlesnake for a newspaper photographer. This is the snake killed by Bill West near Stinson recently. Thomas allows as how he catches rattlers with a forked stick.

### Troop 340 of Boy Scouts back from Camp

Eleven scouts from Troop 340 returned July 16 after a very successful week at Camp Strachan, near Savannah. This is one of the highlights of the scouting year, and the boys report a full week of fun, fellowship and the acquiring of many new skills.

Those attending were Skip Hardy, Butch Webb, Jody Woodcock, Lance Folds, Stevie Gay, Clyde Redding, David DeLoach, Hugh Rockett, Johnny Norris, Lamar Deal and Frank Mikell. Serving as adult counselors were Hugh Burke and Sam Hanan. A Court of Honor is scheduled for the near future. Troop 340 is sponsored by First Baptist Church and has as Scoutmaster Mr. Leffer Atkins.

### Over \$80,800 a day in taxes

TO BE EXACT, \$80,833.12. That's what our tax bills amount to every day. Multiply this sum by 365 and the figure will come to more than \$29,121 million—the total amount of our tax bills for 1959.

In addition to federal income, state income, and state property taxes, Georgia Power pays taxes to 154 counties and 394 cities throughout the state. Last year these payments exceeded our operating payroll by 37 per cent.

This money helps to provide schools for your children, police protection for your family, fire protection for your home, street and highway construction, health and welfare programs and many other community services.

### Rev. Glass' book portrays 'the good'

"The Little Church With The Big God" was written by Rev. L. P. Glass to portray the life of its best by lovable persons who had cheerful dispositions, kind hearts, good intentions and worthy motives. He believed there were people in every section who would rather read a book about good people than one about gangsters and hoodlums. The fact that fathers, mothers, preachers, teachers, merchants, farmers, carpenters, mechanics and people from many walks of life are buying, reading and commending the book to others justifying the author's faith in people. Orders are still coming in from cities in which more than fifty books had been sold.

Editor's Note: Mr. Glass is the father of Mrs. Hoke S. Brunson. He is a regular visitor to Stinson.

The Savannah Morning News believed that its readers would be interested in the fact that a native Georgian, a 79 year old retired Baptist preacher who has written a book and published this book. The Rev. Lemuel Page Glass spent ten years writing "The Little Church With The Big God" in his spare time. A book the author describes as the exact opposite of "Tobacco Road." "I tried to concentrate on the goodness of people in my book" the author said. The fictional novel is about the people of a small Georgia community. The new Georgia author, native of Newman, was ordained in 1910 and spent his years of service in churches throughout Georgia, with the exception of one pastorate in Pennsylvania. He has kept active in church work in several states. He now lives in Fairburn. The book was printed by Foote & Davies in Atlanta and is available in Savannah at the Baptist Book Store.

The Christian ideal: "It is a novel with a religious theme as the people face their joys and sorrows in a Christian spirit and bless their communities. Friends of Mr. Glass will recognize the same emphasis on temperance, August 1. The Monday and Tuesday services will be conducted in the Millen Methodist Church, the Wednesday and Thursday evening services will be at the Millen Baptist Church and the Friday service will be at Magnolia Springs State Park. The young people will have charge of all the programs except the sermons, which will be delivered by the Rev. Poterfield.

The non-denominational revival will meet at 8 o'clock each evening beginning Monday, August 1. The Monday and Tuesday services will be conducted in the Millen Methodist Church, the Wednesday and Thursday evening services will be at the Millen Baptist Church and the Friday service will be at Magnolia Springs State Park. The young people will have charge of all the programs except the sermons, which will be delivered by the Rev. Poterfield.

### Little League Stars whip Swainsboro

The Statesboro Little League All-Stars of the Recreation Department made it with number four as they defeated the Swainsboro nine 5 to 2 in an exciting game Saturday morning in Swainsboro.

### Robbins Packers defeat Rocky Ford 12-8

Statesboro's Robbins Packers broke out of their hitting and losing slump Sunday July 17, by whipping Rocky Ford 12 to 8. The Packers pounded out 12 base hits and Rocky Ford collected 11 hits.

The score stood 8 to 8 at the end of eight innings in this game which stayed tied most of the afternoon then Statesboro broke loose with a four-run rally in the top of the ninth and held the lead.

The winning pitcher was Harvey Berry who came in to relieve Ty Adams in the eighth inning. Berry gave up two hits and struck out two in his two innings on the mound. Adams gave up 9 hits and struck out four in the seven innings he pitched. Franklin Coleman suffered the defeat for Rocky Ford after relieving Leonard Daughtry in the seventh inning.

The leading hitters for Statesboro were Ty Adams, Bob Morales, Ronnie Griffith, and Ralph Turner with two hits each. T. L. Rahm led the losers with three hits.

The Packers have two games remaining before the double elimination begins on August 7. The Packers play Portal at Georgia Southern College this Sunday, July 24, at 3:00 p.m.

### Legion team eliminated by Savannah

The American Legion baseball team was eliminated from the First District playoffs when Savannah whipped them for the second time in the playoffs. Savannah scored two runs on six base hits and three walks. Statesboro couldn't quite get their men across the plate but left several stranded on the bases. Statesboro had two base hits for the afternoon. Savannah played St. Simons Fri., July 15, a three best out of five series for the Area championship and a chance to go to Macon to the State tournament.

This wound up the season for the first 90 team which ended the season with an eight and three record. The Legion team was much stronger than it was last year when Savannah whipped them by 15 runs in both ball games. Several of this year's players will be back for another fling at the tough Savannah team next year and a chance to go to the State tournament.

Jimmy Williamson, Auston Youmans, and Windy Hagins did most of the pitching this season and each boy has another good season ahead of them before reaching the age limit. Youmans, Junior Pye, Bobby Brown, Danny Bray, and Lindsey Johnston lead the Statesboro team in the hitting department throughout the season. Bray and Scruggs collected the only two hits against Savannah Tuesday July 12, and Pye collected both hits against Savannah here on Sunday July 10.

**ELEVEN-YEAR-OLDS**  
Ronald Barnes captured the trophy and championship of the eleven-year-old division when he finished with a total of 35 points. James Pye was in second position with 31 points.

**EIGHT-YEAR-OLDS**  
In the eight year old division the top five winners all scored the top double figures position. Tracy Lanier was the leader and winner with 36 points which was only one point short of the most scored by any boy. Tracy had six first places out of the eight events. John Lindsey was second high man in this group with 28 points while Donald Turner held down third with 18. At fourth place was David Stevens with 14 points and James Dixon stood at fifth with 12.

**NINE-YEAR-OLDS**  
In the nine year old division Dennis Deal took the top honors with a total of 29 points, nine points over his closest competitor. Dennis had five first places and one second place. Second place turned out to be a battle in the final event between Mike Brannen and Michael Sikes with Mike Brannen coming out on top with 20 points and Sikes one behind with 18. Joel Osborne held down fourth position with his total of 17 points, and Walt McDougald took care of the fifth position with 10 points.

**TEN-YEAR-OLDS**  
In the ten-year-old division Greg Sikes was the champion scoring more points than any other boy in all groups with 37. Greg won six first places for 30 points, one second place for four points, and a third place for three points and his total of 37. Jimmy Sisson secured second place in this division with his 24 points, seven points higher than the 17 of Johnny Cobb in third. One point back of third was Dean Connor with 16 at the

## Rockwell reports half-year, 1960 sales and earnings

PITTSBURGH, Pa.—Sales of Rockwell Manufacturing Company for the first six months of this year were about the same as last year's first half. Earnings per share dropped to \$1.06 from \$1.26, W. F. Rockwell, Jr., president, said in a report to the shareholders today. Sales for the first six months of 1960 were \$57,775,000 as compared to \$57,355,000 for the same period in 1959. Earnings were \$3,747,000 to June 30, 1960 and \$4,446,000 to June 30, 1959.

**PRICE-COST SQUEEZE**  
 Discussing the squeeze in earnings, Mr. Rockwell said, "The most important problem today is the price-cost problem on many of our prices in the face of continuing increases in the cost of labor and, to some extent, materials. To combat this, our continuing cost control program has been

expanded and all expenses not connected directly with sales and profits are being curtailed. Expenditures for research and engineering, because of their critical influence on future sales and profits, have been increased and are now in excess of 3.5% of sales."

**WEST GERMAN SALES CLIMB**  
 Mr. Rockwell said continuing success of Rockwell overseas sales, especially sales in West Germany, was one of the highlights of the first six months of 1960. Dividends paid per share for six months ending June 30, 1960, \$0.80, for the six months ending June 30, 1959, \$0.75.

**When It ...**  
 SUCH A REVIVAL must begin at the personal level. Each of us must turn to the Lord in a humble confession of sin and willingness to be filled with the Spirit and used by Him. As we do this, let us get others to join with us in united prayer and work for revival. If this takes place, we can have the joy of seeing a tremendous change in the Church and in the land we love. We will then have taken the steps through which God can act to divert disaster to men as individuals, and to our nation as a people.

The writer may be wrong. America may not have made a fatal mistake in recognizing Soviet Russia. But, if by so doing we have offended God, and if we can judge the woes which have come to us since that time because of Russia's activities in the world; and if we can evaluate the future in the light of Communism's continued spread; then we come face to face with two alternatives: take the steps which we MUST take and leave the consequences in God's hands; or let present trends continue until either fight or surrender.

 Education Department: Mrs. Robert Smith, chairman and Mrs. James L. Sharpe, co-chairman.  
 Membership Department: Mrs. C. P. Olliff, chairman and Mrs. Talmadge Ramsey, co-chairman.  
 Mrs. Alfred Dorman gave the report on the Club Institute which was held at Tallahassee, Fla. The high-light there, was the fact that \$54,000 had been raised for the Boy's Dormitory.

**PROBLEMS** can never be settled aright purely at the secular or political level. The ultimate solution of America's dilemma has to do with our right relationship with God. The answer then lies in repentance, conversion and healing.

And that is exactly what the Gospel of Jesus Christ does—it brings repentance of sin, conversion to Christ and healing of the soul and spirit.

The answer to this dire crisis is a revival of true religion; a turning to Christ and the blessings which flow therefrom.

How can such a revival come? It cannot come from a watered-down Gospel. It cannot be brought about by a compromised Christianity. It will never come as the result of a perverted message.

**THERE IS** a desperate need for revival within the Church in pulpits and pews. We can never go out to win men for Christ with doubt in our hearts, compromises in our personal lives or faith in an organization alone. America needs Christ crucified, dead and risen. America needs the power of the Holy Spirit working in the lives of men and women. We need a new sense of sinfulness and a crying out to God in impotent prayer.

Frankly, the writer does not believe that the Church in America is at the present time capable of bringing about such a revival. Unbelief must be changed to simple faith; lovelessness and censoriousness must be supplanted by love; trust in man-made schemes and organizations must be renounced; and the power of the Holy Spirit be invoked to take the Gospel message and apply it to the hearts of men.

In other words, we must turn to the power of the Holy Spirit, and the power of the Holy Scriptures. Omit any of these and false boasts for prayer alone can lead to failure to witness; a trust in the Holy Spirit alone to furnish a meaning to the economy of Statesboro and Bulloch County.

**Tobacco role**  
 Some of these people are in the high sales bracket. Two full sets of buyers on the Statesboro market means double the number of employees. In must be recognized that the tobacco company circuit riders make their headquarters in Statesboro during the summer. The payroll, not including company salaries men, will run approximately \$30,000 weekly.

Certainly tobacco has a tremendous meaning to the economy of Statesboro and Bulloch County.

## Youngest CSS is at Georgia Southern

Ludowici, which recently gained national fame for a certain red light there and Long County which is renowned for its turbulent politics, now has another claim to fame—Harry M. Russell, 27, who will take office as Superintendent of the Long County Schools on September 1, is the youngest school superintendent in the state. Dr. J. D. Park, chairman of the division of education at Georgia Southern College, said he is probably the youngest in the history of the state.

Russell, who waged an energetic campaign in the March 30th Long County Democratic primary, defeated incumbent Hugh D. Howard 1,096 to 513.

For the past three years Russell has taught social science at Ludowici high school. He is a graduate of Georgia Southern College, where he graduated in 1957. He is enrolled in the graduate school at the college this summer. While an undergraduate he was editor of the college newspaper, *the Journal-Constitution Sunday magazine*.

**EDITOR'S NOTE:** This is another of a number of features being done for the Herald by Brit Fayssox, a 1958 graduate of Georgia Southern College. He is enrolled in the graduate school at the college this summer. While an undergraduate he was editor of the college newspaper, *the Journal-Constitution Sunday magazine*.

College and receives his masters degree from there this summer. He is now at the university of Georgia for advanced work in administration. Colonel Russell, a bachelor, served in the army for two years as an instructor in the signal corps. According to those who have been his mentors for the past five years, Russell is a "tremendously interested and dedicated school man." He demonstrates a maturity and judgment that is far more advanced than his chronological years. Jack N. Averitt, chairman of the division of social science at Georgia Southern, said, "I think an administrator will have the ability to take academic theory and combine it with a practical application." Dr. Averitt added that he related an interesting anecdote about Russell and his opponent in the recent election. Both were in Dr. Averitt's class on State and Local Government a couple of summers ago. It had a bearing on the application.

Mr. Rowse's committee of Kiwanis wives who will be handling the personal calls to professionals and business leaders is comprised of Mrs. T. W. Russell, Mrs. Isaac Bance, Mrs. Tom Rowse, Mrs. Jeff Owens, Sr., Mrs. Bob Ussery, Mrs. Marion Brantley, Mrs. Naughton, Mrs. H. P. Jones, Sr., Mrs. Jack Wheeler, and Mrs. Harold Howell. Invitations have already been extended to the wives of the Kiwanis wives and will only be offered at the door of the event. Patrons will be listed in the souvenir program for the shows.

**COBB VETS ARE NOW SOFTBALL CHAMPS**  
 "They did it again." The Cobb Vets' won the Men's Softball Championship again Monday night as they overpowered the Collier Pharmacy 12 to 4. A season record for the powerful Bulloch Veteransians was 18 victories against one defeat. The only blemish against a perfect record was made by Jake's Amoco during the play-offs when they edged out the Gals through-out the season in spirit, hustle, and the desire to win. Brown started off the game last night by collecting the first hit for the Abahs, and four more in the first inning, four more in the third inning, and four more in the sixth inning.

The School Study Committee is studying the possibility of a major change in the administration of the Bulloch County School System.

The original purpose of this committee was to study the present situation in regard to the lack of adequate classrooms for the coming school year. The County School Board accepted recommendations made by this group and requested that the committee give sometime and study toward the administrative side of the board.

The committee plans a complete and thorough study of this model form of school board administration by visiting some of the best educational systems in Georgia.

This committee is composed of the following local citizens, Mr. A. M. Braswell, Jr., Lewis Hook, Claude Howard, Wallis Cobb, C. B. McAllister, William Smith, James Lane, Mrs. Jake Smith, Mrs. Charles Giff, Mrs. Jack Wynn, Mrs. James P. Collins, Jack Savage, Harry Brunson, Rev. Robert Smith.
