Vote for Amendment No. 3 on November 8

One night last week we were watching a football game on television when we noticed that the spectators in the stands were throwing trash onto the playing field. We watched as the game was momentarily interrupted while the ball was retrieved, and then the game continued. What a disgrace to see people behaving in such a manner! As citizens of Bulloch County, we must remember that we are representatives of our community and that our actions reflect on us. It is important that we set a good example for others to follow.

Georgia.

Be careful when going on sale.

People, are you ready for the holidays? With the holidays just around the corner, it is important to be cautious when shopping. It is easy to get carried away and spend more money than we intend. We should make a list of what we need and stick to it. It is also important to keep an eye on your wallet, as there are many opportunities for theft during the holidays.

Fire is an enemy.

Bulldog football games are a tradition in Bulloch County, and we are proud to support our team. However, it is important to remember that safety comes first. We should be aware of our surroundings and avoid any behavior that could put ourselves or others in danger. Let's all do our part to ensure that the game is enjoyed by everyone.

Know your schools.

With the start of the school year, it is important to be aware of the different schools in our area. We should be familiar with the curriculum, extracurricular activities, and teachers at each school. This will help us make informed decisions about where to send our children.

Revival begins at Immovable Baptist Church

Curtis Youngblood Co. opens new store

An Editorial

There will be no more of the usual rattling noise, disturbing the peace at the Statesboro Chamber of Commerce, when the new armory is completed. The new armory will provide adequate space for the storage of military equipment, and will be a valuable addition to the community. The armory will also provide a place for community gatherings and events, and will be a part of the fabric of the community. The community is grateful to the federal government for the funds to complete the new armory. The armory is a testament to the importance of the military in the community and the need for adequate facilities to support it.
