An Apology to F. C. Parker, Jr.:

As a result of a joint meeting of the Citizens' Party and the People's Party Saturday, Nov. 20, we—who represent some of the people—apologize to you, Mr. Parker, for the things we have done without your approval and/or knowledge. We apologize for our POLITICAL INEXPERIENCE. We have never been in politics before.

We apologize: Our polls show that you will win this election by only a 10 to 1 majority. Our poll shows that the people in the City Limits want a change.

We did not know that most of the City Council was originally appointed by Mr. Bowen, and not elected by the people.

We did not know that two members of the Council threatened and promised to resign when you are elected.

We did not know that City vehicles, automobiles, equipment, etc. were serviced by one gasoline supplier who, rather than taking turns (which would be about every seventh turn) took every other turn.

We did not know that fuel oil for burning City trash and for operating City tractors, and that TIRES, BATTERIES, ACCESSORIES, etc. were all purchased from one councilman. American custom dictates equal opportunity for all. After eight years the people want a change, and we have six suitable, non-political personalities for this vacancy.

We did not know that the City buys its fertilizer for its flowers, plants, and parks from only one man. We have six suitable, non-political personalities for this vacancy.

We did not know that Mr. Bowen refused to grant any City Charities.

We did not know that Mr. Bowen charged the local hospital some $200 per month for City water and City sewage.

We apologize to the school teachers for not working harder, but we did not know that Mr. Bowen fought the school modernization issue of three years ago. Why?

We apologize to the National Guardsmen. We did not know that Mr. Bowen blocked all efforts to build an armory—for EIGHT YEARS. We did not know that now because it is election time, he approves the building and has had three men working on repairs for the past three weeks. We did not know that this was a political issue. Will these men be working there after the election FRIDAY?

We apologize to members of City Council. We did not know that it was possible for fines and monies collected by the City to be lost or unaccounted for.

Again we apologize to you, Mr. Parker. We did not know that the W. A. Bowen Construction Co., Courtland Street, has the final bid on all industrial projects, buildings, repairs, painting, and improvements—and that an architect is not allowed to inspect the work. We thought that all merchants, wholesalers, carpenters, painters, and plumbers all had an equal chance in these money-making projects. Is that the reason for Mr. Bowen’s efforts to control the Bulloch County Development Commission?

Ignorance is no reason in politics. We should have known that the W. A. Bowen Supply Co. could supply the City with its gas pipes, water pipes, sewer pipes nails, lumber, paint, and all the profit-making materials that go into the development of industries and sub-divisions. We felt that merchants and people of the community had an equal opportunity to share in these profits.

We, representing some of the people, pledge our members to make a change this Friday, December 2, and ELECT YOU, MR. F. C. PARKER, JR. OUR MAYOR.

AFTER THE PEOPLE SEE THE FACTS, IT'S POSSIBLE THAT YOU WILL WIN THIS ELECTION BY 20 TO 1

Elect F. C. Parker, Jr. Your Mayor Friday.

Let’s take a look at registration requirements

Now with the county primarily districting and the runoff next week, I’m sure many of you are going to vote. If so, I hope you’ll be registered. If you aren’t, I hope you’ll register before next week’s runoff.

So, is what the Constitution requires to be done to register?

The Constitution requires that you be a citizen of the United States and that you have resided in the compartment where you intend to cast your vote in order to be eligible to vote there. It is a good practice to register in the early part of January because many of us are going to be doing business in court in January. If you register early, you can have your registration in order and thus avoid any last minute fees.

In order to register, you must be at least 18 years of age and you must have been a resident of the compartment for at least 6 months. You must also have been a registered voter for at least a year in order to vote in the compartment where you intend to vote.

To the winners—Congratulations!

In the words of D. C. Johnson, “Congratulations!”

And to the losers, we say, “A great leader, always.”

The results of the November 1960 election were announced last week by John Parlett of the Federal Election Commission. The results showed that 7,000,000 votes were registered, 5,000,000 of which were for the Democratic ticket and 2,000,000 for the Republican ticket.

It was a hard-fought election. But it seems to me that the people of this country are beginning to realize that the only way to solve our problems is by working together.

The voters have a right to know what is going on in our government. They have a right to be informed about the issues and the candidates. And they have a right to be heard. We need a government that is responsive to the needs of the people.

Help make Statesboro a Christian town

You cannot do in a little Christian town what you cannot do in a great Christian town. In a little Christian town, where there is a little Christian town, you cannot do in it what you cannot do in a great Christian town.

Shall we try to make Statesboro a Christian town or shall we try to make it a city of the world? In a little Christian town, we can do much for the world. In a great Christian town, we can do much for the world.

Christmas Trees Enrich the Season

Each year, the season of Christmas trees is a time of joy and celebration. As we decorate our houses and trees, we are reminded of the true meaning of Christmas—love and peace on earth.
