COTTON:

Bulloch County growers report that heat and insect control have been bad with a season-long endo-tactic parasitic program

John C. Smith, Rossville, Georgia, says: "I wish with endo-tactic parasitic program that the state plant laboratories will continue with this type of program. It is very necessary, especially for cotton growers."

The program can be obtained through the state plant laboratories and is recommended for all cotton growers. The program should be started as soon as possible to ensure maximum results. It is important to follow the instructions carefully and to use the proper materials.

A quick-disposal insecticide is also recommended for use in addition to the endo-tactic parasitic program. This will help to control the insect population effectively.

Denny Rushing is elected president of Georgia FTA

Denny Rushing of Statesboro has been elected as the new president of the Georgia FTA. He replaces Sandra Sue Echols, the former president who recently graduated from the University of Georgia.

Rushing has been an active member of the FTA for several years and has held various positions within the organization. He has demonstrated leadership skills and a commitment to the FTA's mission.

Mrs. Nattie Allen retires

Mrs. Nattie Allen, a long-time member of the Statesboro community, has retired from her position. She has been an active member of various community organizations and has made significant contributions to the community.

BULLETIN:

Chemical "policeman" in today's Super Shell guards against gum-fouled carburetors — to give your car top performance

One special ingredient among the six in today's Super Shell gasoline is a gum preventative. Like a policeman dealing with a mob, it works to keep unstable elements from causing trouble. Here's no gum growth. Result: top performance.

Arecola-Brooklet Home Demonstration club meets

By Mrs. Joe A. Whitman

The Arecola-Brooklet Home Demonstration club met recently under the chairmanship of Mrs. N. E. Mata at the home of Mrs. E. R. Alford. Mrs. Alford was hostess.

Mrs. J. H. Ford, president; Mrs. C. C. Hinson, vice-president; Mrs. J. L. McRee, recording secretary; and Mrs. R. H. Bowles, corresponding secretary, were in attendance.

The club met to plan the June meeting to be held at the State Fair, and special efforts were made to encourage club members to attend the conference.

Mrs. Alford gave a warm welcome to Mrs. Alford and Mrs. Ford, 1957 associate vice-presidents of the club.

Mrs. Alford presented a bouquet of flowers to Mrs. Ford, who was congratulated on her new position.

Mrs. Ford responded by thanking the club for its hospitality.

The club adjourned and Mrs. Ford was announced as the new president.

The club plans to hold a meeting in June to plan the annual conference.

U. S. Astronaut Enters Outer Space

As U. S. Shakes and Explores Outer Space

The American Farmer in Space

The American Farmer in Space

Whatever you do, keep your cool when you are in space, says John H. Glenn, Jr., U. S. astronaut. Glenn is the first American to orbit the earth and the third American to do so on a single mission. This is significant because it marks a major step forward in the country's space program. The flight ended successfully on February 20, 1962, when Glenn returned to Earth aboard a recovery capsule. The mission was a triumph for both the United States and the Soviet Union, which had also sent astronauts into space earlier that year. Glenn's flight was a significant milestone in the country's space program and helped to boost American confidence in its space capabilities.
