A Great Step Forward

WE BELIEVE the businessmen of Statesboro took a great step forward for our community.

We believe they recognize that our future can depend on further diversification of income sources. Even though we are predominately an agriculture community and the majority of the citizens of this county earn their living by the soil, it is a smart move to widen our potential.

By asking the mayor and city council to increase the city business license for a period of four years and using the increased portion to build up an industrial development organization, the businessmen of this community expressed their confidence in our future.

Under the plan the Statesboro and Bulloch County Chamber of Commerce has assumed the lead and is now organizing the Bulloch County Development Corporation under the laws of our state. As the business people who pay city licenses to operate, pay their fees, beginning in 1953, they will receive at \$10 per share, stock in the new development corporation in an amount equal to half the new license fee. It works like this: If a business has been paying a city license of \$50 per year in 1952, he will pay \$100 in 1953, '54, '55, and '56. He will receive five shares of stock in the development corporation, valued at \$50, each year of the four during which the in-

creased fee is effective. Thus the businessman became a partner in a city-wide and community-wide project.

Already the Development Corporation has an agreement with a small industry to locate here. The industry has been thoroughly investigated by Statesboro's leading businessmen and attorneys. The findings indicate that the company is very strong financially, their business policy strong, their reputation fine. They make textile machinery. On June 7 we will know for sure if the agreement will be carried out and the industry settles here.

It was heartening to see the more than 100 business people who met at the courthouse last Monday rally round a sound project with the enthusiasm displayed that day. And the beautiful part of it all is that if the company with whom we are now negotiating should fail to establish here, we have the organization, the funds, the strength, the support of the community, with which to induce others to consider our community.

It was a great step for our community. We hope that every citizen will back up the people who deliberately ask that their city license be doubled for four years.

That took courage. But it proves our faith in Statesboro and Bulloch County.

A Neighborly Visit

THE BUSINESSMEN of Savannah have known for a long time that Statesboro and Bulloch County means much to the development, progress, and prosperity of Savannah and Chatham.

We know, and the merchants of Statesboro and Savannah know that the citizens of this city and county spend a lot of money with our coastal neighbor.

And recently under the sponsorship of the Savannah Chamber of Commerce several of the Savannah businessmen paid Statesboro and Bulloch county a neighborly visit. There was a ten cent store manager, there was the president of a large jewelry company, an assistant vice president of a bank, the secretary of a large wholesale druggist, and two members of the Chamber of Commerce staff.

They drove up to Statesboro and spent the day visiting and carrying on small conversation about the weather, the crops, about politics—all the things one talks about when they go visiting ones neighbors.

It's a good idea. And we wouldn't be a bit surprised any day to learn that Jim Hays, secretary-manager of our local C. C. people have gone a visiting in the state of Chatham.

It's a good idea.

We're Proud Of Him

WHEN YOU LISTEN to the radio and hear our Dick Russell, candidate for the nomination for the president of the United States, as he stands up for and defends his position on national and international issues, you can be proud of him.

We have heard several of the programs—"Reporters' Round-up," "Meet the Press," "Forum of the Air" and others where he met a group of informed people who fired questions at him fast and furious, and tricky.

And Dick gave them a fast answers concise, to the point, no muddling about for words. He just knows and, knowing, feeling he's right, he does not hesitate to express his stand firmly and with conviction.

We admire him that. We admire the patience with which he answers the baiting questions on many of the controversial questions.

It indicates a firmness of position and knowledge of the job.

Our Hat Goes Up Again

OUR BEAT UP HAT gets another going over this week as we toss it high into the air for six of Bulloch county's finest youth.

A group met last week and selected three outstanding Future Farmers of America and three Homemakers of America to receive a \$100 in awards offered annually by Mrs. Turner E. Smith

(Leila Bunce) in the name of Turner E. Smith Company of Atlanta.

Mrs. Smith made the award for the first time last year and the response to it was so enthusiastic that this year she made it again.

Three F. F. A. Boys were selected—Frank Saunders Jr., son of Mr. and Mrs. Frank Saunders of Portal, was declared the most outstanding FFA boy in the county. Avant Edenfield, son of Mr. and Mrs. Perry Edenfield of Stilson, was awarded second place, and Felton Young, son of Mr. and Mrs. Robert Young of Nevils was declared the third place winner. The awards were \$25, \$15, and \$10.

A Portal girl was named as the most outstanding FHA girl—Miss Patsy Edenfield, daughter of Mr. and Mrs. N. J. Edenfield. June Miller, daughter of Mr. and Mrs. R. P. Miller of Brooklet, was declared the second place winner; and Marie Roberts, daughter of Mr. and Mrs. Roscoe L. Roberts of Nevils was declared the third place winner. The awards were the same as those for the boys.

These young people were judged on the basis of projects about the home, farm, and community; ability to get along with people; scholarship; and leadership.

These six are recognized as "tops." We commend them. We commend the community in which they live.

And we commend Mrs. Smith for her desire to inspire our young people to finer accomplishments.

Our hat is off and up for them all.

The Country Weekly

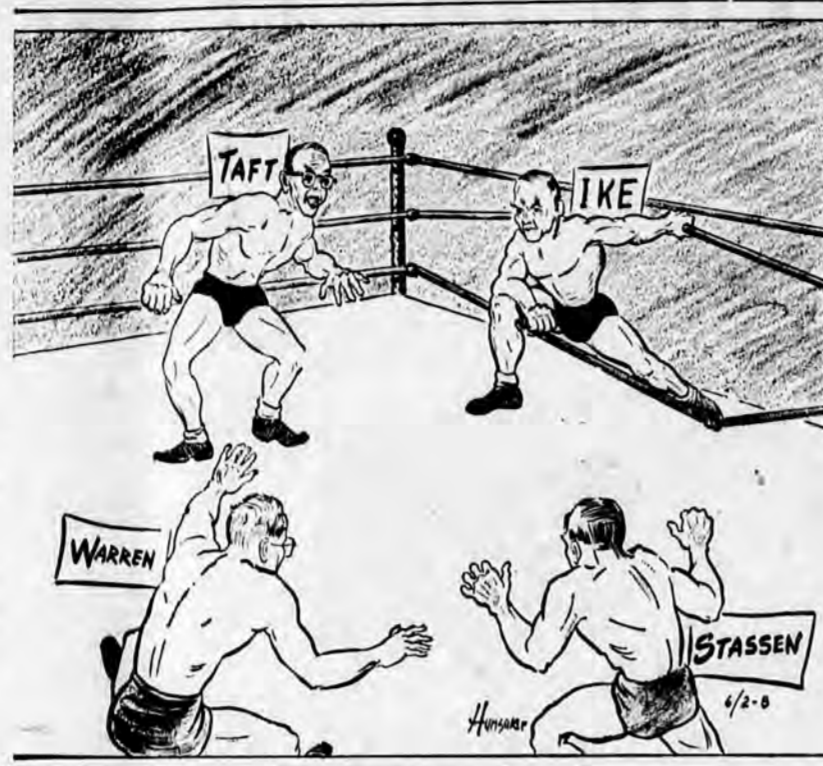

"INTHESE DAYS when we hear so much talk about politics and propaganda and what the public thinks and wants, almost everyone comes up with the statement that we must reach the 'grass roots'—the men and women in the country seats and in small towns and rural areas—and that their thinking in the long run will be the real voice of America.

"The weekly newpapers are effective. The weekly newspapers are an effective channel of communication and in the aggregate wield tremendous influence.

We may be sure that the news influence of the national circulation, radio and television, influential and important as they are, will never drown out the voice of the country editor." R. L. Ireland, Bituminous Coal Institute.

NOTICE TO VETERANS

Veterans who do not request their 1952 National Service Life Insurance dividend in cash before it is due will be notified by the Veterans Administration if the dividend amount placed on deposit to their credit.

VA said dividend notices will be mailed to such veterans after the 1952 anniversary dates on their policies—the dates when the 1952 dividend is payable. The first notices are scheduled to be mailed soon.

The notice will advise the policyholder that if the dividend credit is not applied in payment of premiums becoming due and not otherwise paid it is disposed of in full at the insured's request within three months from anniversary date, it will earn interest.

The authority for this procedure is Public Law 36, 82nd Congress. This law provides that on and after January 1, 1952, dividends on NSLI shall be applied in payment of premiums becoming due, and not otherwise paid unless the insured has requested payment of the dividend in cash.

VA has begun to mail 1952 dividend checks to policyholders who have made requests in writing for cash payments. Approximately 5,000,000 policyholders are eligible for the \$200,000,000 dividend.

Policyholders who pay premiums to VA district offices and who request their 1952 dividend in cash, will receive their checks from VA Central Office in Washington, D. C.

Policyholders who desire dividends paid in cash and have not yet so requested should write the VA office to which they are paying premiums giving their full name, insurance policy number and the address to which they wish the dividend payment to be sent.

DAD RATES BETTER TREATMENT TODAY. Father's Day is just around the corner. Sit out that easy chair. Stand by to hoist anchor and go fishing. Cater to his every whim, and no back talk for at least 24 hours—come Sunday, June 15.

This royal treatment, from Dad's most loyal subjects, has been prescribed on the 1952 Father's Day greeting cards. One of which offers this bit of advice. Enjoy yourself, just. Don't say you please. The whole day long.

What Is A Girl? Shugar, Spice, And Everything Nice

By VIRGINIA RUSSELL

What is a girl? We got the answer to that one in a recent issue of the Congressional Record, that wonderful compilation of facts and figures consisting of the outpourings of our National Congress and printed daily.

The answer is written by Aiah Beck in a recent issue of "Friend" a Cheviot monthly publication. Here's the answer: Little girls are the nicest things that happen to people. They are born with a little bit of angel shine about them, and though it wears thin sometimes there is always enough left to lasso the heart—even when they are sitting in the mud crying temperamental tears or parading up the street in mother's best clothes.

A little girl can be sweeter (and badder) often than any one else in the world. She can jitter around, and stomp, and make funny noises that frazzle your nerves, yet just when you open your mouth she stands there demure with that special look in her eyes. A girl is innocent playing in the mud, beauty standing on its head, and motherhood dragging a doll by the foot.

Girls are available in five colors—black, white, red, yellow, or brown. Yet Mother Nature always manages to select your favorite color when you place your order. They disprove the law of supply and demand—there are millions of little girls, but each is as precious as rubies.

God borrows from many creatures to make a little girl. He uses the song bird, the squeal of a pig, the stubbornness of a mule, the antics of a monkey, the spryness of a grasshopper, the curiosity of a cat, the speed of a gazelle, the slyness of a fox, the softness of a kitten, and to top it all off, he adds the mysterious mind of a woman.

A little girl likes "new shoes, party dresses, animal names, first grade, noise makers, the girl next door, dolls, make-believe dancing lessons, ice cream, kitchens, coloring books, make-up, cans of water, going visiting, tea parties, and one boy. Extended Summer School Program To Begin At Brooklet Monday, June 16

Plans have been completed and have been announced for the extended summer school program that will be held at the Brooklet School, John Shelton Mikel, Math teacher in the Brooklet High School, will be the co-ordinator in the area that will serve the pupils from the first through the twelfth grades in the Wilson, Lee-Field, and Brooklet schools.

The school will begin Monday, June 16, and will continue for six weeks.

Teachers trained in different fields of work, will assist Mr. Mikel each day.

One phase of the work will be carried on by Don Coleman, industrial arts teacher in the Statesboro High School.

Other features will be singing, dancing, art, and games, and twice a week the pupils will be carried to the swimming pool in Statesboro and will be taught to swim.

The only obligation of the parents will be to furnish transportation to and from the school.

REGISTRATION FOR SWIMMING

All those who wish to register for swimming may do so this Saturday morning at the swimming pool at ten a. m. when there will be free swimming and refreshments to celebrate the beginning of the summer vacation. Every one is invited to join the fun. Classes will be taught on Monday, Wednesday and Friday from 9 to 12 a. m. Those who fail to register Saturday will have to wait for the second class to begin taking lessons. Children under six will not be allowed to register.

BULL DOGS EDGE PILOTS

In the junior boys city league this week the Bull Dogs edged the Pilots 7 to 6 in a game that was close all the way. Quincy Waters did the hurling for the Pilots with Manager Jones hurling for the Bull Dogs. Both pitchers gave up 6 hits. Both pitchers accounted for two hits for their team. Elsewhere in the league the pilots defeated the first place Red Caps 12 to 4.

DYNAMITES DEFEAT COBRAS

In the senior league this week the Dynamites handed the Cobras a 9 to 3 defeat with Bowen doing the hurling for the Dynamites. Bowen struck out 14 men, gave up 4 hits, and walked three men. Jere Fletcher accounted for three of the 4 hits given up by Bowen, for a clean 1,000 average. Bobby Newton did the hurling for the Cobras, giving up only 3 hits. The Cobras lost the game on a series of errors.

COBRAS DEFEAT RATTLERS

In the Midlet League this week the Rattlers lost a close one to the Cobras by one run. The final score was 8 to 7. Herbert Roberts did the hurling for the winner and allowed 5 hits while the losing pitcher and captain for the Rattlers allowed only three Cobra hits. Johnny Wheelchel carried the big stick for the Rattlers while Roberts got two for three for the Cobras.

LET US DEMONSTRATE TELEVISION FOR YOU THE EXACT WAY. THEN YOU'LL KNOW THERE IS NO GUESSWORK.

NO OBLIGATION TO BUY—Our new Alprodo Erec-Tower shows you how fine television can be in your home. Our portable tower makes a demonstration easy—fast—no climbing on your roof or defacing your lawn and flower beds. Let us prove that you, too, can enjoy television. Many who previously believed the location of their home was unsuitable for reception are amazed to learn that a properly located antenna solves their problems.

AS A SERVICE TO OUR CUSTOMERS, we have added to our equipment an "ALPRODO PORTABLE EREC-TOWER," mounted on a small trailer. With it we can drive to your home and within minutes erect a TV tower and antenna beside your home (not on the roof). We can locate it on the EXACT SPOT, and raise it to the EXACT HEIGHT (which is determined by a "signal strength meter," which records microvolt readings). In this way we can prove to you in a very short time how fine television can be right in your own home.

YOU ARE INVITED TO CALL US ANYTIME. The service costs you nothing, and you are under no obligation.

He received his degree in Journalism from the University where he is a member of the Alpha Tau Omega fraternity. Mr. Pretorius is associated with the Hook Company of Atlanta.

PIROQUETTE DANCE CLUB ADOPT BARN DANCE THEME
The Country Club was transformed into a rustic scene as the Piroquette Club staged a barn dance Tuesday evening of last week. There were hitching posts and hay, hogs and cows (pictures) and a lantern post right in the center of the dance floor. Banners were used as candle holders on the tables. Doty Braswell had made dance cards which were red with a barn outlined in white. Barn doors opened down center for the dances. The men wore loud plaid shirts and blue denim skirts with bright colored blouses. The ladies wore square dance skirts with bright colored blouses. G. C. Coleman assisted by Dub Lovett, colored blouses. Mrs. Johnson is remembered here as Miss Evelyn Lee of Brooklet.

Barnes Funeral Home was in charge.

Early Enrollment Required At Lab

Beginning with the next school year, the Teachers College Laboratory School will admit new students in grades kindergarten through six only on advance application. Dr. Morris A. King, principal announced today.

The practice of a pupil's enrollment simply by presenting himself at the school, Dr. King said, has been discontinued because of enlarged student body. The school is trying to keep its enrollment in line with its teaching staff and equipment.

Availability of a new elementary school building in September is expected to stimulate the demand for admission.

Applications will be considered up to the opening of school in September, Dr. King said. He is supplying forms for applying.

Preference will be given to children who have brothers and sisters already enrolled in the school. In the kindergarten, first acceptance will be assigned to children who will enroll in the Laboratory School first grade in September, 1953.

Bulloch County FARM NEWS

Time Has Come When People Need To Think When They Go To Vote
The time has come when people need to think when they are voting, as they have to think about the problems, W. G. Cobb, president of the Bulloch County Bank, said in the West Side Farm Bureau Tuesday night.

The idea of not considering political issues but just voting the party ticket has no place in the present-day world, according to Cobb.

The people in authority need to realize that it is impossible to spend the country's rich; that these obligations have got to be paid, Cobb said.

When television took the limelight, there was some question as to when it would do for music. That question has been answered by the up-and-coming popularity of musical performers on video. Favorite singing stars and instrumentalists have invaded TV and are fast taking over the top-spot honors. Fred Waring was one of the first to hit the musical jackpot with his orchestra and chorus. But Whitman added up the score with his show for teen-agers. Then the song-makers started hitting the TV trail in droves.

That "music hath charms" is beyond a doubt. Specially when such a vocally as Dinah Shore steps into the spotlight to give us a sweet rendition of your favorite tunes to make music better than ever before. On TV you not only hear it—but you see it in the dramatic accompaniment of beautiful costumes and exotic backgrounds. We'd say TV is giving us all something to sing.

Ask us for a FREE demonstration. With our new equipment we can show you how fine TV can be in your home now.

And for easy viewing of your favorite stars, set the stage with RCA. The quality television sets with the superior lens. Stop in anytime and choose your favorite model. We're here to help you with the best in sets and the finest installation and service. You can't go wrong—when you choose BULLOCK TIRE AND SUPPLY, 41 E. Main Street, Annely 472.

Rabies Program Gets Underway

County Health Commissioner By DR. W. D. LUNDQUIST
This is the season of the year when vaccination of dogs becomes necessary in order that the dread disease rabies can be adequately controlled.

All households have been sent postcards showing the various places and times where dog immunization clinics will be held.

It would seem that rabies comes and goes in the animal population, and although Bulloch county has been quite fortunate for the past several years in that relatively few cases of dog or fox rabies have been discovered, it would seem that the infection might be on the increase.

Only two persons have had to take rabies vaccine as a result of animal bites in the past few months, and it is sincerely hoped by the health department that we will never need to administer any of these vaccines for the protection of humans.

It has definitely been proven that the disease can be controlled if dog owners will cooperate and get their dogs vaccinated against rabies each year. Of course, the health department looks at the situation from the standpoint of protecting humans, but there is another very important phase of the prevention work, and that is the protection of valuable livestock. So, it behooves every dog owner to protect his dog, thus protecting himself, his family, his children and neighbors, and, of course, preventing the loss of livestock which may be bitten by rabid dogs.

The Stilson group voted to not hold their June meeting as usual. The status of the rural telephone program was discussed at both the West Side and Stilson meetings, with all the facts about the program being brought out, and the indication now is that the service is not too far off.

Both groups served ham suppers.

Soil Conservation
BY E. T. MULLIS

Coastal Bermuda planting in Bulloch County has been going on at an unprecedented rate for the past three months. Favorable weather conditions should enable most farmers to get a good stand. The automatic planter owned and operated by the supervisors of the Ogeechee River Soil Conservation District has been kept busy by farmers interested in getting a start of this superior grass. Two or three privately owned planters have also been in operation in the county, making it possible to plant as much grass as possible during favorable weather conditions.

Among farmers planting coastal Bermuda are the following: Grady Wilson, in the Register Community; Dr. Bird Daniel and Ellis Cowart, 80 acres, John Aikins, 20 acres, Bill Brown, 30 acres, Cluise Smith, 5 acres, in the West Side Community; A. K. DeLoach, 5 acres, E. L. Womack, 15 acres, J. P. Portals; Cecil Cassady, 8 acres, John Collins, 8 acres, and J. V. Hardy, 20 acres, in the Middle-ground section; J. Clyde Mitchell, 20 acres, W. L. Brown and L. E. Brown, 15 acres in the Ogeechee Community.

Costal Bermuda also makes good hay as Bish Murphy whose farm is north of Statesboro on U. S. 301 Highway will tell you. Along with Sericea hay which he says is excellent and the cows herd of Angus cattle "pleasingly plump." But if you will go a little farther up the road you will find more of the answer—Dixie Crimson Clover, knee high.

E. B. Lee up Portals way is trying a new grass for a meadow up just last fall. The first two died. He has overseeded the clover with Sericea which he hopes will come out after the clover dies down.

Otis Holloway, whose beautiful brick home and farm is located west of Register, has an excellent stand of second-year Dixie Crimson Clover. "It really makes a lot of seed," he commented, "because this was the third stand to come up just last fall. The first two died." He has overseeded the clover with Sericea which he hopes will come out after the clover dies down.

When chickens have colds, they should be kept comfortable with plenty of ventilation, but no drafts at night.

WHAT'S THE RIGHT COMBINATION FOR VALUE?

1. Advanced Styling

2. Proved Performance

HERE'S THE car that gives you everything—proved economy, beauty and high-stopping performance. Take economy, Pound for pound, Mercury's the most economical car in the land—officially proved by its 3-year record in the Mobilgas Economy Run (twice the Sweepstakes winner against all comers; 3 times champion in its class).

Take styling. Mercury gives you a fresh, completely new look—smart styling that will stay in style—not an outmoded, "carry-over" design.

Take performance. This year's Mercury has 12% more hustling V-8 power, even higher compression. Come down and we'll let you see for yourself. Just ask for a key, a car, and be our guest on the road!
