Extended School Program Set Up In Four Centers

"If regular school was like this I'd never want to quit" is the way an 11-year shaver put it. Another, bubbling over with anticipation put it "Gee, am I going to get a chance to learn to swim?"

And another expresses her pleasure that her child is being given the opportunities being offered by the Extended School Program now in Bulloch county.

With four centers set up in the county at Fortal, Brooklet, Nevila, and Statesboro, kids of school age are getting the opportunity to work at art and crafts—making model airplanes, working with hand tools, weaving, working in leather, finger painting—under supervised direction, plus swimming and recreation activities.

In addition to the vocational agriculture and homemaker teachers in the county there is Mrs. Juanita Abernathy, working with music; Don Coleman working with arts and crafts; Miss Maude White, Nevila; Mrs. Evelyn Hendrix, Portals; Shelton Mitchell, Brooklet; and Mrs. Walter Odum and Kenneth Womach, Statesboro. Mrs. Katherine Rickland is the coordinator for the summer program which is working in close cooperation with Max Lockwood, superintendent of the Statesboro Recreation Department, and Miss Isabel Sorrier, Bulloch County Regional Library, and the Bulloch County School Board.

J. W. Roberts, forest ranger, gave a forestry demonstration at one session of the program. Mrs. Rickland states that they plan to use other resources in the county in the program.

The centers at Brooklet, Nevila, and Portals open at 8:30 to 12:30. At Statesboro the hours are 9 to 12. Summer classes under the direction of Mrs. Hazel Nevila Young are held at the Recreation Center swimming pool for the youth of the county. Instruction is given for the Portals, Nevila, and Brooklet centers on Tuesdays and Thursdays from 10 to 12. At Statesboro, on Mondays, Wednesdays, Fridays, from 10 to 12.

Activities are planned for each group. The teenagers from Portals come to Statesboro for a week-long party one day this week. Movies are shown.

Dan Blitch Jr. Is Tech Student Head

Dan Blitch Jr., Statesboro, Georgia, has been elected president of the Student Council at the Georgia Institute of Technology. He will take office on July 1. Elected to serve with Mr. Blitch are Cecil J. Sims, Miami, Fla., vice-president; Hugh L. Middleton, Thomasville, Georgia, secretary; John Nevil, Freddie Rushing, Jerry Nevil, Bobby Parrish, Wilber Waters, John Roger Akins, Kenneth Bowersell, Alton Bohler, James Rushing, Jerry Rushing, Sammy Bird, Robert Holland, Tony Nevil, and I. Bo Anderson.

At the last meeting of the chapter, the Georgia Tech Chapter of the Junior Chamber of Commerce held a reunion on July 4 at Logan Hagan's Cabin near Mill Creek Church.

All the relatives and friends of the family are invited to come and bring a basket lunch.

Two Jaycees To Go To Dallas Meeting

Charles Robbins, recently elected president of the Georgia Junior Chamber of Commerce, and Mrs. Robbins, and Horace McDougald, will leave Statesboro Sunday, June 22, to attend the national convention of the Junior Chamber of Commerce in Dallas, Texas.

The convention will begin June 24 and continue to June 27. According to Mr. Robbins the convention will draw more than 5,000 Jaycees from all over the world. Among the attractions scheduled for the convention is a football game to be held at one of the largest ranches in Texas.

Mr. and Mrs. Robbins and Mr. McDougald will leave Dallas on June 29 to return home.

Rabies Clinic In Bulloch County Set For June 23

Dr. W. D. Lundquist, commissioner of health, Bulloch County Health Department, announced this week that the second round of dog rabies vaccine clinics will begin on Monday, June 23.

Dr. Hugh Arundell, chief rabies inspector for the county, states that Dr. John Cobb, Dr. D. L. Davis, and Dr. E. B. Rushing Jr., are all cooperating with the program.

The county has been divided into four areas to make the vaccine clinics easy accessible to all dog owners.

Dr. Lundquist states that the purpose of the clinics "is to prevent rabies in human beings and livestock, but most important to protect human beings from the dread disease."

He added that the only known control measure for the protection of humans against rabies is to get the entire dog population immunized each year. The cost to each dog owner is slight in comparison with the serious loss of livestock and damage to human beings, which comes with the disease.

The Southern Bell representative explained that hundreds of telephone calls and television programs can now be transmitted simultaneously without the use of wire or cable by means of high frequency radio beams called microwaves. This new sky-way communications route permits state-free transmission from towers which are about thirty miles apart and range up to 200 feet in height.

The microwaves travel at the rate of four billion past a given point each second before they are placed on regular wire circuits and carried to homes.

Mr. Wood described Radio-Relay as one of the many advances that have resulted from research done at the Bell Telephone Laboratories in the past years. He used his model equipment to show how metal lenses focus the radio beam from one tower to the chain of towers.

These lenses are so effective that only five watts of power—the amount in a normal flashlight—is needed to relay the signals along their way.

A question and answer period followed the demonstration. Jere Fletcher and Frederick Dyer were guests of the organization.

Mrs. L. M. Durden Makes Annual Report For 1951-52 As President of Statesboro Woman's Club

Last April we entered the contest "Build Freedom With Youth" which was sponsored by the Kroger Company and the General Federation of Women's Clubs. Mrs. Durden, who was president for the period.

As president of the Statesboro Woman's Club, it is with great pride that I wish to submit the following report for the past year, May, 1951 through May 1952.

Bulloch Phone Group To Finish Listings June 21

The directors of the Bulloch County Telephone Cooperative group to complete the business of signing up subscribers necessary to procure the actual money to start construction of a rural telephone system by Saturday noon, June 21.

J. H. Metts, chairman of the board, predicted that those that are not covered in this group, as well as the farmer-owned switchboards, will not be able to get a phone in from one to two years.

The directors had 134 of the necessary 175 to complete the sign up at the meeting Friday and were confident they could get the others in a week. This does not include those that now have a phone on the farmer-owned lines that have been listed already as desiring improved facilities.

Mr. Metts explained to the board that several had told him that when the construction started, they would want to get on the lines. The board, according to Mr. Metts, will have to complete the lines as shown by the engineers and then they can go back to build lines for other subscribers if they have the money. If not, they will have to file another application with REA for additional funds, which may take from 12 to 18 months to procure as in this case.

The engineers are now plotting the subscribers that have signed for phones and making up the required blue prints for the system. Mr. Metts stated the blue prints and a listing on the subscribers will be forwarded to the moneying to procure the money allocated to the system.

O. E. S. Sends Five To Macon Meeting

Mrs. Lucille G. Hagins, worthy matron, of the Blue Ray 121 Eastern Star Chapter, led a delegation of five to the 51st session of the Grand Chapter, O. E. S. held in Macon June 8-11.

Attending the session from the local chapter with Mrs. Hagins were Mrs. Lucille Fordham, as matron and special grand usher; Mrs. Sarah Pruitt, Marshall and grand page; Wiley Fordham, grand guard; and F. S. Pruitt.

Total attendance at the session reached 1,728. The highlight of the meeting was Mrs. Abbie Hanson of Indiana, most worthy grand matron of the National Grand Chapter of the National Grand Chapter.

Miss Eva Richardson of Lawrenceville was elected worthy grand matron and John Pinson of Rome was elected worthy grand officer for the coming year. They succeeded Mrs. Zorzi and Travis Rowland.

The outstanding project of the order is the O. E. S. Home for aged members in Atlanta. Other projects include support to the Masonic Orphanage in Macon, and the Cancer Society.

Mrs. Hagins said upon her return from Macon, "The Order of the Eastern Star exists for the purpose of Freemasonry, which is to provide for the welfare of the wives, daughters, mothers, widows, and sisters of the Master Masons and shares with the Masons Fraternity in promulgating their ready for use. They were picked up by some of the negro community workers and distributed to their schools, churches and hospital."

Under the supervision of Mrs. Lucille G. Hagins, the "Mrs. You Ready for Service" was shown to a group of 150 high school boys. Last summer a watermelon was given to the youth during the year. Last August we put on a city wide survey, using about forty girls and boys to secure pledges to be paid on the regular cancer drive which came off recently.

2 Bulloch Tobacco Growers Trap Moths

They're trapping beautiful moths. And they're not members of a high school hobby class. Dan W. Hagan and J. H. Wyatt, working with County Agents Byron Dyer and Robert Wynn believe that the way to control tobacco worms is to catch the moths that lay the eggs from which the worms hatch. They figure, "kill the moth that lays the eggs and there'll be no worms, then there'll be no damage to the tobacco; get tobacco worms that didn't get to hatch from eggs that didn't get laid."

These people have set up moth traps, with a fluorescent light on top with a light green background, with a bag underneath to catch the moths when they rebound off the green background after being attracted by the light.

Some nights the traps catch more than 50 of the big moths that lay the eggs which hatch out the horn worm and bud worm and bud worm eggs which attack tobacco plants. The traps also catch mole crickets, another tobacco plant pest.

Though in the experimental stage, Mr. Hagan states that except in one small area, from which moths cannot see the light over the trap, there's no infestation, as he believes that the traps are being used about over Georgia as well as in other tobacco growing states.

5 BC Students On T. C. Dean's List

Five students from Statesboro and one each from Stillson, Brooklet, and Portals are among the 78 named on the spring Dean's List at Georgia Teachers College.

From Statesboro are Russell H. Everett, Jr., a junior, whose wife and parents live on Donoho St.; Miss Joanne Groover of 200 Oak Street; Martha McLendon, a junior, wife of Guyton S. McLendon and son of 517 Donaldson Street; Frances Ruckley, a sophomore, daughter of Mr. and Mrs. E. W. Ruckley of 307 Savannah Avenue; and Edna Kent Wales, graduated June 2, 1951, daughter of Pierce G. Wales of Route 1.

The other Bulloch county students who made the necessary minimum average are Fred W. Brown, graduated June 2, son of Mr. and Mrs. Deane Brown of Stillson; John F. Dentito, a sophomore, son of Mr. and Mrs. Sam Dentito of Route 2, Brooklet; and Rayna Tyson Henaley, a senior, wife of Ernest A. Henaley, Jr., of Portals and Augusta, and daughter of Mr. and Mrs. R. H. Tyson of Route 2, Statesboro.

Miss Groover and Mrs. McLendon made all "A's." 78 MORE ON DEAN'S LIST AT TC FOR SPRING QUARTER

A decline in enrollment during the year failed to effect the number of scholars at Georgia Teachers College. The spring Dean's List today names 78 students, the same number that made the list in the winter and fall quarters.

Miss Rosemary Johnson, Aashburn Junior, had the highest average, a record of all "A's" for the year. In continuing our work with the youth, Mrs. McCormick, Youth Conservation chairman is contacting various boys and girls and inviting them to "all in" on meetings at the Recreation Board, City Council and County Board of Education. This is proving inspiring to our future leaders in civic affairs. As time goes on, we hope to include our youth in many more adult activities.

Last year 977 were enrolled for the first term, and the total for the summer was 1267.

Continued on page 6

860 Registered At T. C. For Summer

Registration for the first term of the summer quarter at Georgia Teachers College reached 860 by the opening of classes Tuesday.

The student body includes school teachers and principals and regularly enrolled students. Eleven visiting teachers are supplementing the regular faculty. The term will end July 15 with the beginning of the second half of the quarter. Total summer enrollment is expected to be more than a thousand.

For Parents Of Teen Age Drivers

THE FOLLOWING resolution for presentation to the State Department of Public Safety was introduced by the Honorable Wilmer D. Lanier to the Georgia Citizens Council, in session recently.

Resolved: That this Council call attention of the State Department of Public Safety to the fact that children under legal age are operating automobiles; and that this condition seems to be confined to no particular community, but is somewhat general over the State; and further that the State Department of Public Safety, through its facilities, call upon the sheriffs and chiefs of police to enforce the existing laws, also write to the mayors of each town a letter asking the local officers to please enforce the state law; and that the department give special attention to the enforcement of that portion of the traffic laws with reference to children operating cars; and

That the Department of Public Safety make such other appropriate comments as it deems proper to try to stop, if possible, this condition.

This resolution, which the council adopted, grew out of a very active discussion on the problem of children under fifteen years of age driving cars. Although it was admitted that possibly there were some isolated cases where traffic judges and officers did not enforce the laws, it was the consensus that these were definitely in the minority, and that the fault is not enforcing existing traffic laws went back

to the lack of support and cooperation on the part of the public rather than to failure of the law enforcement officers to perform their duties.

The council members said they and many other Georgians were shocked at the utter disregard of many parents for that law which prohibits under-age children from driving automobiles. And they stressed the fact that this condition existed in no one community, but that it was prevalent over the state. They were agreed that, regardless of the standing or importance of the family of the child driver in the community, the parents should be brought into court for breaking this law, and given a severe penalty.

This indifference to the law by some parents works a distinct hardship on those parents who want to observe the law, but whose children plead with them for permission to drive the family car, on the grounds that other children of their age are driving cars—and "getting by" with it.

Poor Sportmanship

HE CAME IN and sat down. He got set to get something off his mind.

Then in plain words he let us have it. According to our visitor Statesboro is without equal in its overall desirability as a place in which to live and to rear a family.

The people are the finest he has ever known, and he has been around.

The finest recreation program in the section gives the city's youth the opportunity to develop into wonderful citizens.

Culturally speaking the citizens are equal to and above the standard in any place he's known.

He went on detailing all the fine things, about our city.

Then he came to the point of his visit. "But," he said, "the sense of sportmanship in this town is the lowest of any I've ever known."

He then went on to describe the sorry display of sportmanship by some local fans at Pilots, Field when the Statesboro Pilots play a visiting team.

He stated that in his opinion, at times, the "ragging" of the umpires and even the local players got to be offensive and unfit for the lady fans.

An ardent fan of the Pilots, he believes we have a fine club. He believes that the records might show that they play better baseball when they are away from Statesboro. He believes they would play better baseball if the fans who are constantly critical of their game, would remember that the players are human too. He believes that the crowds at the games might be better if there was some assurance that the "beefer's" would change their tune and lend their loud mouth to the support of the players.

He admits that the loud mouth fan is a part of baseball. He admits that the fan has a right to be critical. He admits that a lot of times the player or the umpire may deserve a bit of good humored, honest criticism.

But he refuses to admit that the loud mouth fan has the right to allow his enthusiasm for the game to spill over in vocal vilification.

He believes that Statesboro fans can turn the game into something fine and inspiring by lending their voice to the encouragement and support of the members of the Pilots baseball team.

Having gotten it off his mind he said goodbye.

Up It Goes Again

THIS WEEK we toss our hat up high for Dan Blitch, who has been named president of the Student Council at Georgia Tech.

This is a fitting climax to Dan's student career at Tech. He has been a leader since his first year there. His scholastic standing is high.

So it is with pride that we toss our beat-up hat for Dan Blitch, III, son of Mr. and Mrs. J. D Blitch Jr.

And while our hat's up in the air we say congratulations to Russell Everett, Jr., Joanne Crocker, Mrs. Guyton McLendon, Frances Rackley, and Edna Walea, all of Statesboro; Fred W. Brown of Stillson; Johnny DeNitto of Brooklet; and Mrs. Ernest A. Hensley of Portial, who are among the 78 named on the spring Dean's List at Georgia Teachers College. It takes an average of B-plus to make this list, and that's something.

And there's Ann Waters who made the Dean's list at the University of Georgia.

To them all we say "good going."

Is There A Reason?

HOW CAN ANYONE ACCOUNT for the attitude of Statesboro and Bulloch county toward the local blood program?

In twenty-five counties in the Savannah Regional Blood Center there are only two counties—Long Jenkins, and Tattnall whose blood collection record is lower than Bulloch's.

With a 1951-52 quota of 1,225 pints we were short 1,047 pints, having contributed only 178 pints to the center.

While contributing only 178 pints we were in our local hospital, 476.5 pints or 267.69 per cent over our contribution.

Last week the Elks Lodge assumed responsibility for the June 11 visit of the Bloodmobile. They secured pledges from 250 people who assured them that they would be at the Recreation Center to contribute a pint of blood.

The Elks Club made the contribution of a pint of blood attractive—a \$50 bond went to one donor, \$25 worth of gift certificates went to another, and a \$25 bond went to a third.

Yet with the figures in only 96 donors reported and 93 pints of blood collected. Why?

In the first, "Tommy" appeared to put it mildly, upset. His Colonel had ordered him to submit phases of scaled models of sanitation. Now before Jimmy was called into service he had taken a correspondence course in Sanitation Engineering. He was very anxious to please the Colonel, he labored long and hard at his assignment. That was as far as Jimmy got in the first letter.

The second letter purely excused the spirit, a jubilant spirit. He'd really succeeded. When the scale model was turned over to the Colonel, the Colonel called General Dulaney to come over and look at Jimmy's models. The General was pleased, but Jimmy thought he was in another jam. The General was so very pleased that he called for an assemblage of all the sanitation officers, for all the executive officers, for all the mess sergeants, 75 in all, and requested Lt. Thomas to display his work along with a talk to the officers.

A nurse was assigned to him but of course, Betty Grace spent as much time as she could with her husband in the same mail. She read according to the mailing dates.

Summertime—and the Living Is Easy?

Editor's Uneasy Chair

Why He Went To Church

By LOUIE D. NEWTON

We comment the following piece written by Dr. Louis Newton for the Junior Chamber of Commerce "Come to Church" program during the month of May.

So it is with pride that we toss our beat-up hat for Dan Blitch, III, son of Mr. and Mrs. J. D Blitch Jr.

And while our hat's up in the air we say congratulations to Russell Everett, Jr., Joanne Crocker, Mrs. Guyton McLendon, Frances Rackley, and Edna Walea, all of Statesboro; Fred W. Brown of Stillson; Johnny DeNitto of Brooklet; and Mrs. Ernest A. Hensley of Portial, who are among the 78 named on the spring Dean's List at Georgia Teachers College. It takes an average of B-plus to make this list, and that's something.

And there's Ann Waters who made the Dean's list at the University of Georgia.

To them all we say "good going."

ALL'S FAIR . . . . . By Jane

In June come wedding bells; we congratulate the bride. Well, Dad, you've had your day. We hope you were satisfied.

By Craft and rotten Politics; by Reds on every side. Come July, we'll celebrate our freedom, while the time, we're tied toward Honesty and Good Government and Truth in which we abide.

In July, he's nominate Dick Russell: He alone can turn the tide. If we choose Russell in July, towards the presidency he'll ride.

For his high courage and sagacity will be felt the whole world wide. "The hopes and fears of all the years" in this man reside.

Mothers can look on sons with increasing joy and pride, That now at least they'll not be torn ruthlessly from their side. So won't you think it through, the benefits derived

From casting your ballot for a man who'll see us not deprived. That the Bill of Rights and the freedoms will never again be denied.

Yes we're for Russell openly and not implied, We spend our conviction freely, though some may deride. For more than all, we want for all a better life where Love and Peace will forever abide.

NICK GOING LT. THOMAS, First Lieutenant James E. Thomas, now in Korea, home address, 417 Fair Road, Statesboro, Ga., has made his wife very proud of his former associates at the Bulloch County Health Center are proud of him.

The first week in June, DeAlva Thomas received two letters from her husband in the same mail. She read according to the mailing dates.

In the first, "Tommy" appeared to put it mildly, upset. His Colonel had ordered him to submit phases of scaled models of sanitation. Now before Jimmy was called into service he had taken a correspondence course in Sanitation Engineering. He was very anxious to please the Colonel, he labored long and hard at his assignment. That was as far as Jimmy got in the first letter.

The second letter purely excused the spirit, a jubilant spirit. He'd really succeeded. When the scale model was turned over to the Colonel, the Colonel called General Dulaney to come over and look at Jimmy's models. The General was pleased, but Jimmy thought he was in another jam. The General was so very pleased that he called for an assemblage of all the sanitation officers, for all the executive officers, for all the mess sergeants, 75 in all, and requested Lt. Thomas to display his work along with a talk to the officers.

A nurse was assigned to him but of course, Betty Grace spent as much time as she could with her husband in the same mail. She read according to the mailing dates.

Now before Jimmy was called into service he had taken a correspondence course in Sanitation Engineering. He was very anxious to please the Colonel, he labored long and hard at his assignment. That was as far as Jimmy got in the first letter.

The second letter purely excused the spirit, a jubilant spirit. He'd really succeeded. When the scale model was turned over to the Colonel, the Colonel called General Dulaney to come over and look at Jimmy's models. The General was pleased, but Jimmy thought he was in another jam. The General was so very pleased that he called for an assemblage of all the sanitation officers, for all the executive officers, for all the mess sergeants, 75 in all, and requested Lt. Thomas to display his work along with a talk to the officers.

such a question, and this is my first effort to put into words one of the really vital phases of my life.

"I would say, first, that I go to church because it provides something that I cannot get elsewhere. I am active in civic and fraternal circles, as you know, and I deeply cherish all that these organizations bring into my life; but none of them can take the place of the church—of worship and fellowship which I find in the church.

"I would say, second, that I go to church in answer to something deep in my heart that is ever reaching out toward God. I could not face the issues of life without this sense of renewing my spiritual armor. You know what I mean. This world has its weapons, and they are keen and effective. If I am to maintain myself in the midst of a secularized society, I must constantly renew my spiritual armor.

"And there is a third reason. I go to church as an anchor of my soul. I delight to read good books, and to follow the offerings on radio and TV, but these do not entirely satisfy. Indeed, they whet my appetite for the ultimate, and this I find in the quiet hours of Bible study and the worship in the church. It is the church which provides the sure and steady anchor for my soul."

I have observed this man for years, and I have often thought of what he said that day in the boat on a Florida stream. It explains a thing, his stability as a business man. Because he goes regularly to Sunday School and church, he seems to have a certain stability and calmness about him. He seems to possess a poise which makes him effective in his home, in his office, in the hours of leisure, and, best of all, in his pew.

Vacation Was In The Air That Last School Day

BY VIRGINIA USSLER

Vacation was in the air that last day of school. While the children waited for their mothers, one impish looking boy said, "Vacation is what teachers' blood pressures go down and the mothers' blood pressure goes up. He didn't realize how he struck me—right between the eyes.

The entire house was decorated with floral Easter lilies, carnations, daisies and ferns.

"Good Afternoon and Miss Kathleen Hagan greeted the guests on the porch, and they were shown to the parlor by Mrs. F. T. N. Hagan, Sr., who introduced them to Mr. and Mrs. Hagan.

Monday afternoon of the next week it started. "But you promised when vacation started, you'd go," the youngest of the children insisted.

"My vacation isn't over. It's still in post-planning," I argued as an excuse.

"You said when school was out, the next youngest began a woman has lost her resistance, she's getting old, when she starts to argue, she's old. As Adams of than continue to argue, she's old. As Adams of than continue to argue, she's old.

"After the dress of going, we passed, the picking wasn't too bad (and the pies were delicious). We were having a time trying to find a place that had berries in plenty. After much walking here and yon in search of greener pastures, or blacker patches, I decided that a good object lesson was in order.

"The children insisted we walk on another trip, so I told them that we were behaving like many people did every day. Instead of staying where we were and gathering the berries, though they did seem scanty, we were wandering around always searching for a place where the picking was easy. My lesson was not received with too much enthusiasm; they still insisted on going on. So I suggested that I stay where I was and that they move on and we compare our pickings later. After this I find in the quiet hours of Bible study and the worship in the church. It is the church which provides the sure and steady anchor for my soul."

I have observed this man for years, and I have often thought of what he said that day in the boat on a Florida stream. It explains a thing, his stability as a business man. Because he goes regularly to Sunday School and church, he seems to have a certain stability and calmness about him. He seems to possess a poise which makes him effective in his home, in his office, in the hours of leisure, and, best of all, in his pew.

"I would say, first, that I go to church because it provides something that I cannot get elsewhere. I am active in civic and fraternal circles, as you know, and I deeply cherish all that these organizations bring into my life; but none of them can take the place of the church—of worship and fellowship which I find in the church.

"I would say, second, that I go to church in answer to something deep in my heart that is ever reaching out toward God. I could not face the issues of life without this sense of renewing my spiritual armor. You know what I mean. This world has its weapons, and they are keen and effective. If I am to maintain myself in the midst of a secularized society, I must constantly renew my spiritual armor.

"And there is a third reason. I go to church as an anchor of my soul. I delight to read good books, and to follow the offerings on radio and TV, but these do not entirely satisfy. Indeed, they whet my appetite for the ultimate, and this I find in the quiet hours of Bible study and the worship in the church. It is the church which provides the sure and steady anchor for my soul."

### MELTON-RUSSELL

Historic Macedonia Baptist Church located on "The Old River Road" was a lovely setting for the wedding ceremony Sunday morning at 9 o'clock.

Standards of white gladioli and white carnations, interspersed with lighted candelabra placed before pews formed a background for the ceremony.

The bride entering with her father, who gave her in marriage, was lovely in a white suit with white braided sash and with short white veil.

Miss Lucy Melton was her sister-in-law. With her pink summer suit she wore white accessories and carried a tailored nosegay of white flowers.

Ross Arnold of Tucker, Ga., was best man. Usher, they thought, was Thomas and Marion Hobbs.

### RECEPTION

Immediately after the ceremony, a reception was held at the home of the bride's grandparents.

The bride's table, covered in white, was centered with a tiered wedding cake flanked by candelabra and flat arrangements of white garlands.

Miss Ann Remington kept the bride's book. Those assisting in serving were Misses Mary Louise Rimes, and Etta Ann Akins.

Mr. and Mrs. Russell left for Denver, Col. the bride traveling in her wedding suit wearing the orchid from her wedding bouquet.

### MELTON-RUSSELL REHEARSAL PARTY

Mr. and Mrs. DeWitt Thackston entertained at their home on Jewell Drive with a buffet supper for the members of the Melton-Russell bridal party and out of town guests.

Mixed summer flowers with gladioli and shasta daisies predominating were used in the attractive home.

The buffet table had a background design of pale pink gladioli and chrysanthemums flanked by pink tapers in crystal holders.

### JOYNER-MOBLEY

In an impressive double ring ceremony Sunday afternoon at four o'clock, Mrs. Virginia Joyner, daughter of Mr. and Mrs. G. W. Joyner of Statesboro, became the bride of Cpl. Elton Lee Mobley, son of Mr. and Mrs. D. S. Mobley of Statesboro and A. L. Floyd, A. Russell, son of Mr. and Mrs. F. A. Russell of Russellville, Ala.

A program of traditional wedding music was presented by Mrs. Cecil Canette and Miss Ninette Sturgis who sang "Because" and "O Promise Me."

The ushers were Howard West and Allen Bohler. Miss Bonnie Allen, maid of honor, wore a dress of aqua or gold with a halo to match. She carried an arm bouquet of pink gladioli.

The bride entered with her father by whom she was given in marriage, was lovely in her wedding gown with a halo to match. She carried an arm bouquet of pink gladioli.

The bride's table was decorated with white carnations and arrangements of white garlands. The bride's table was centered with a tiered wedding cake flanked by candelabra and flat arrangements of white garlands.

### CIVIC GARDEN CLUB

Mrs. Waldo Floyd entertained the Civic Garden Club at her home Thursday morning, serving as co-hostesses were Mrs. Roger Holland and Mrs. Bob Winburn.

Assorted sandwiches and delicious punch were served. Mrs. Alfred Dorman, outgoing president, presided. All retiring officers were called to the front and stood during a brief induction ceremony for the new officers.

Mrs. J. O. Johnston, program chairman used the topic "Gardens." Mrs. Glen Jennings made a talk on informal gardens.

There were twenty-four guests. The bride-elect wore a navy sheer and a white corsage.

### HALF-HIGH CLUB

On Friday afternoon Mrs. Joe Robert Tillman entertained her bridge club on East Grady street, Roses, Daisies, and carnations added color and charm to the lovely home.

For high, Mrs. Walker Hill received a cognate attack. A novelty kitchen utility went to Mrs. Lewis Hook for half-high. Mrs. Zach Smith won a set of coasters for cut. A bridge cover for cut went to Mrs. Elloway Forbes.

Mrs. Tillman served orange cake followed by punch cheese wafers later in the afternoon.

Other players were Mrs. Jim Watson, Mrs. G. C. Coleman, Miss Maxam Foy, Mrs. Robert Lanier, Mrs. Hannah Marsh, Mrs. Ed Olliff, Mrs. W. R. Lovett, and Mrs. Bernard Morris.

LEAVING SUNDAY for Atlanta was Mrs. T. G. Macdonald, who will visit her son, Arthur Macdonald, and family.

MRS. VIRGINIA KERN had as guest Wednesday and Thursday, Mr. and Mrs. Gelrich of Key West, Fla., and Mr. and Mrs. W. A. Woodward of Atlanta.

### DANCE HONORS MISS ZETTEROWER, MR. OLLIFF

On Friday evening the Jaekel Hotel was the scene of a lovely dancing party given by Miss Zetterower and Mr. Olliff.

The hosts for the pre-nuptial party were Mr. and Mrs. J. B. Johnson, Mr. and Mrs. Bonnie Morris, Mr. and Mrs. Bruce Olliff, Mr. and Mrs. E. L. Akins and Mrs. Arnold Anderson Sr.

The dining room, cleared for dancing, was beautifully decorated with shasta daisies and mixed summer flowers. The tea table overlaid with a mandarin cut glass cloth, had three branched crystal candelabra holding white candles placed at each end.

Served from the flower centered table were chicken salad, and silver trays of party sandwiches, rye toast and individual green cakes.

Misses Teresa Foy, Nancy Stotts, and Jane Morris served green punch. The bride-elect was strikingly attired in a black and white ballerina length original creation, ruffled at neck.

She was presented a reproduction of "Ballarina and her Escort" in an antique frame. Frank Rushing provided music for the 65 dancing guests.

### ZETTEROWER-OLLIFF REHEARSAL PARTY

Following the rehearsal Monday evening at the Methodist church, Mr. and Mrs. Thad Morris and Jimmy Morris were hosts at supper honoring members of the wedding party and out of town guests. The Morris home on College Boulevard was decorated throughout with brilliant gladioli.

The bride's table was overlaid with an exquisite Maderia cut work cloth and centered with a mammoth silver ring in an oblong cracked glass vase. In the center was the lovely embossed bride's cake backed by the bride's mother. Assisting Mrs. Brooks Lanier and Mrs. W. A. West, guests of the bride, in serving were Misses Louetta and Carman Roach, Sue Whaley, Emma Louise Rushing, and Lila Jane Joyner.

During the afternoon, Cpl. and Mrs. Mobley left for a wedding trip to Florida, the bride traveling in a pink shantung gown with navy accessories and white carnation corsage.

Upon their return, Mrs. Mobley will enter C. T. C. summer school where she is a junior. Cpl. Mobley will return to Fort Dix, N. J.

Mr. and Mrs. Edward W. Poole announce the birth of a daughter, Esther Edwards, June 11 at the Bulloch County Hospital. Mrs. Poole was the former Miss Mary Lee Wilson of Ellabelle.

Mr. and Mrs. M. L. Dean announce the birth of a daughter, Donna Sue, June 13 at the Bulloch County Hospital. Mrs. Dean is the former Juanita Oglesby of Port Republic, S. C.

Mr. and Mrs. Glenn LeRoy Gardner announce the birth of a son, Michael Jim, June 14 at the Bulloch County Hospital. Mrs. Gardner was before her marriage Miss Edna Elizabeth Smith of Glennville.

Mr. and Mrs. Darwin Williams Register announce the birth of a son, Darwin Gilbert Jr., June 15, at the Bulloch County Hospital. Mrs. Williams is the former Miss June Leverette of Metter.

P. F. C. George R. Bell of Germany and his wife announce the birth of a daughter, Betty Sue, June 16 at the Bulloch County Hospital. Mrs. Bell is the former Miss Ruth Rowell of Glennville.

Mr. and Mrs. Hubert Newton of Statesboro announce the adoption of a daughter, whom they have named Donna. Donna is a blond, aged four months. Congratulations to the parents.

Mr. and Mrs. Raymond Durden announce the adoption of another son, Raymond Lee, June 5. He will be called Ray and is twenty months old.

MRS. J. A. ATTAWAY and Viola Neal of Dublin, and Mrs. Frances Parkerson of Athens were week end guests of Mr. and Mrs. J. A. Addison.

MRS. J. H. HAGAN of Atlanta is visiting relatives in Statesboro and in the county.

Mr. Turner is very interested in day lilies and club members have visited his garden. He has promised to talk to the club.

In the lovely Floyd Home, each of the hostesses had displayed an arrangement. Mr. Floyd's was placed on the mantle and featured gladioli, in shades from rose to pink in a monochromatic design.

This was the concluding meeting of the summer. Activities will be resumed in September.

LEAVING SUNDAY for Atlanta was Mrs. T. G. Macdonald, who will visit her son, Arthur Macdonald, and family.

### STATESBORO GARDEN CLUB

On Tuesday afternoon the Statesboro Garden Club was entertained at the home of Mrs. Harry Sack on Donaldson street with Mrs. Sack and Mrs. F. C. Parker Jr. as co-hostesses.

Roses and gladioli in charming arrangements reflected their recent instructions at the flower workshop with Mrs. E. L. Clapp as director.

Punch poured over lime sherbet, decorated cakes, and salted nuts were served. After a brief business session, five flower arrangements brought to the meeting were discussed and judged. Mrs. Strauss received the blue ribbon; Mrs. Harry Brunson, the red ribbon; and Mrs. Wendell Burke received a white ribbon.

As part of their program, the group went to the Audio Visual room at the College Library to see the film (Color in Nature) which was shown on the television. Mrs. Lawrence Mallard was in charge of the program.

There were 14 members present. Members of the Beta Sigma Phi enjoyed a picnic supper at Win-Lu, thanks to one of the members, Virginia Toole.

Bolled ham, potato salad, pickles, potato chips, pimiento sandwiches, pineapple sandwiches, devilled eggs and three delicious cakes with Coca-Cola were served.

Invited guests were Cherry Cobb and her husband, Dr. John Cobb, Peggy Williams and husband, Seaman Williams, Jackie Jackson and Dr. John L. Jackson, Mary and Edgar Godfrey.

Members present were Verna Rose, director; Jack and Margaret Wynn, Buster and Margaret Ann Bowen, Billy and Carolyn Brock, Margaret and J. B. Williams, Ginny Toole, Charlie and Pat Robbins, Luke Anderson and Wadie Gray, Buddy and Rabe Barnes, Al and Shirley McCullough and Hal and Claire Macon.

MRS. J. A. ATTAWAY and Viola Neal of Dublin, and Mrs. Frances Parkerson of Athens were week end guests of Mr. and Mrs. J. A. Addison.

Tests show that the cotton blooms that come first in the weeks after cotton blossoming are approximately 95 percent of the total yield.

There are some 45,000 home demonstration club members in Georgia.

### Jelly Making - Easy and Rewarding

Spend a little time during the summer making jelly to be used on breakfast toast, hot biscuits, between-meal sandwiches for the children, and top a sizzling food-expense item from your next winter's grocery bill!

Excellent jelly is easily made from the juice of tart apples, grapes, currants, blackberries and several other fruits and berries. They contain enough pectin, the substance in fruits which makes jelly "set." But, some fruits are low in pectin, notably cherries, peaches, strawberries and sweet apples, and the amount of pectin in a fruit may vary from season to season. It is also influenced by the degree of ripeness.

You may mix fruit juices known to be low in pectin up for use with those known to contain a great deal of pectin, but it is usually better to add pectin—the kind you buy in liquid or powdered form—when making jelly of low-pectin fruits. It is also faster. A one-minute boil is enough for jelly-making when you use either Certo or Sure-Jell, well known brands of natural fruit pectin. You may even make jelly from canned or frozen juices and fruits by using Certo.

Excellent jelly is easily made from the juice of tart apples, grapes, currants, blackberries and several other fruits and berries. They contain enough pectin, the substance in fruits which makes jelly "set." But, some fruits are low in pectin, notably cherries, peaches, strawberries and sweet apples, and the amount of pectin in a fruit may vary from season to season. It is also influenced by the degree of ripeness.

# SOCIETY

GARDEN PARTY AT ANN REMINGTON'S F. C. PARKER FAMILY LOSE SISTER AND BROTHER IN FEW DAYS

A bride-elect of June and a bride of January shared honors Tuesday afternoon at last week as Miss Barbara Ann Remington and Miss Ann Remington were brides at a lovely garden party at Ann's home on North College street. The informal party commemorated Miss Myra Jo Zetterower, bride of Tuesday June 16, and Mrs. Hal Waters, a bride of last January, who followed her soldier husband to Camp McCoy, Wis. cons.

There were twenty guests present. In a flower romance contest, Miss Ann Evans received a potted plant in a ruby bowl. Myra Jo and Mrs. Hal Waters were presented lovely ruby plants.

Assisting their daughters in entertaining and serving ice cream, hot coffee, chicken salad, sandwiches, nuts and punch were Mrs. Hinton Remington and Mrs. Lester Brannen.

MISS ZETTEROWER HONORS MISS ZETTEROWER Miss Zetterower who has been extensively entertained with a series of pre-nuptial festivities was again the central figure at a seated tea Saturday afternoon. Miss Virginia Lee Floyd honored both Miss Zetterower and Mrs. Hal Waters, a bride of January, at a seated tea at the Floyd home on North Main street. The table centered with Easter lilies and shasta daisies, and zypsopehia, was on the side porch where they were served delicious refreshments. Ginny's gift to the bride-elect was a vegetable dish in her silver crystal ash tray.

Crustards and roses decorated the living room and dining room. In time for tea, Mr. and Mrs. Waldo Floyd arrived from Baltimore where Waldo is a student in Johns Hopkins and Joann is a teacher in the public schools. There were thirty-five guests present.

Cows are good marketing agents for feed and pasture grown on the farm say Extension Service dairy specialists. When feed must be bought and pasture is not available there is little chance of making much profit.

All insecticides used for control of cotton insects are poisonous and should be handled with caution.

The family of Bonnie Deal wishes to take this opportunity to thank everyone for the many kindnesses shown, the many gift given, and the many offerings of blood for her during her illness, and for the lovely flowers, the food, and the expressions of sympathy before and since her release from suffering.

## Recreation Roundup At City Community Center

**JOHN DEKLE**

John Dekle, son of Mr. and Mrs. Inman Dekle, the week pitched the first 1952 no-hit baseball game in the Recreation Center. Fitcher Dekle pitched the record game for the league leaders, The Thunderbolts, to defeat the Indians.

He pitched to 27 batters in seven innings, struck out 17 and walked five John Jackson was the losing pitcher for the Indians.

The Midgets' no-hit record has a seven win, one lost, record for the 1952 season.

This week young Dekle was elected president of the Midget League. He is also captain of the league leaders, The Thunderbolts.

The Midgets will play the Thunderbolts, to defeat the Indians.

Max Lockwood, Superintendent of the Statesboro Department of Recreation announced that plans are being made for softball for the girls in the fourth, fifth, and sixth grades. All girls in these three grades interested in playing are urged to meet at the center on Monday, Wednesday and Friday mornings from 9:30 to 11:00 o'clock. These games will be under the supervision of directors who are members of the summer extended school program.

## Woman's Club Report For 1951-52

Continued from front page

of Woman's Clubs and the Kroger Company.

This year we increased our membership and have 102 members.

We have met all requirements of the state and general Federations, have contributed to scholarships and library funds for Tallulah Falls School besides our "Valentine" offering. Other contributions are to the Kansas Relief, museum of art at the University of Georgia, to the Bulloch County Library \$40.00 for the Book of the Month Club, Recreation Dept., \$20.00 for four tickets to the swimming pool for underprivileged children, to "Give For Korea" \$210.00, of which \$15.00 was raised by club members, \$100.00 contributed by other organizations and personal checks.

Money has been spent for various things such as films, costumes, expenses, gifts, refreshments, district and state conventions expenses, etc.

At Easter time we assisted in the Easter seal campaign for crippled children. About twenty club members took turns in the through the blast area to observe effect on equipment and material.

**WEST SIDE CANNING PLANT OPEN ON TUES. THURS.**

The canning plant at the West Side school will be open every Tuesday and Thursday afternoons from 2 p. m. to 5 p. m. beginning Tuesday, June 24.

If the need arises extra hours and days will be added to serve the community.

"Atlantam," and aboard the attack transport "Chilton."

At the present time he is electronics officer on the Cruiser, USS Macon. He is on an eight weeks' cruise of Northern Europe. Lieutenant Bird's wife is in Norfolk, Va., until he returns from his cruise. They will then visit their parents in Portal.

Each officer of the club is also a member of one of the committees and have served well in both capacities.

Each committee has cooperated in all of the activities of the year besides their special projects.

Eighteen district winners and one state winner will be selected in Georgia's 1952 Five-Acre contest, according to Extension Service leaders. Winners will receive prizes totaling \$3,500.

The number of weevils that survive the winter is not indicative of the amount of weevil damage in cotton.

Twice this year they have had the opportunity of taking part at the regular meetings. Once as program chairman and again as Hostesses.

Our year books were most attractive, and gave an interesting outline of programs for the year. Thanks to Mrs. James P. Collins and her committee, who responded to other calls after their year work was outlined.

At the last meeting in September the program committee presented a film "Make Way For Youth" which was a good start for the year.

In October the Citizenship committee with Mrs. Alfred Dorman chairman presented a program on "Unesco," with Mr. George Leeley of Washington and State Dept. as speaker.

This committee has helped on all of the "drives" and have collected clothing to send to the tornado victims in Arkansas. Have sent a box of clothing for a club woman in Austria.

In November the Public Welfare committee, Mrs. J. L. Zetterover, chairman, presented a program on "Health Is Everybody's Business," with Dr. Lundquist of the Bulloch County Health Dept. who made an interesting talk on hookworm and showed the film "Lazy Charlie."

Outcome of this program every school both white and colored in the county have seen this picture. Mrs. Chas. Brannon, Public Welfare chairman of the Junior Club, assisted in getting the film placed in some office schools.

In closing our year work the membership committee with Mrs. Oswald Banks chairman, presented at the May meeting a program "Americans Must Vote." This committee has contacted all club members, collected dues and secured sixteen new members.

At most of the meetings a musical program has been presented by students of both grammar and high schools.

At the January meeting was sponsored by the Fine Arts committee with Mrs. Henry Blitch and Mrs. Charlie Mathews chairman. Mrs. W. W. Edge gave a most inspiring talk on "Gita We Bring Our Children."

In February the American Home committee, Mrs. DeWitt Thackston chairman, presented the program

## The Bulloch Herald • Statesboro, Ga. THURSDAY, JUNE 19, 1952

I wish to express my thanks to the Executive Board for their loyalty and cooperation in all of our undertakings. Also to the club members for their contributions whenever called upon, and your presence at the meetings. It has been most encouraging to have such good attendance. I hope that after a restful vacation, each of you will be ready to start another successful year. Without your operation the club cannot be the helpful to our community.

Although some of the things had hoped we'd accomplish had been left undone, we have been forward in making our city more "Youth" conscious. May we endeavor to do so in the future.

Respectfully submitted,  
 MRS. L. M. DUBREIN

## FARM NEWS

### FARM BUREAU NEWS

#### Ogeechee Farm Bureau Treated to Fish Supper at Regular Meeting

The Ogeechee Farm Bureau was treated to a supper at its regular meeting Tuesday night by Emma Smith's committee.

When Mr. Lee found that he was chairman of the June service, he proceeded, according to Mrs. Lee, to use that as an excuse to go fishing often and to the perch he caught in the Ogeechee river. The T. Aarons, V. Johnson, Mrs. Orie Lee, and others on the committee probably did their share in helping to catch enough fish for the supper group, but Mr. Lee was given credit for being the champion fisherman.

Mrs. W. A. Hodges stated that the committee to have 65 from the community to meet the blood-poisoned Wednesday following the meeting.

The July 4 meeting will be at Williams Landing, down on the Ogeechee river. C. W. Zetterover, president, announced, a basal dinner will be served. With inflation hitting the dollar as every other place, it has been necessary for dues to be raised to \$5 for this year. R. P. Mabel county president, stated to the group, if the Farm Bureau is actually at work now in the form of an organization, it has to have some money. Mr. Mikell predicted that this increase in dues would not cost the organization a member.

Keep these community meetings. J. K. Lusk, former county agent of American and now in charge of the livestock work for the Cotton Producers Association, shared with the Ogeechee group. They are an important function in the community life and replacing one of the things that used to be a community together.

Warwick served a barbecue supper Wednesday night. Jesse N. Allen the Warwick resident, announced that there would not be a July and August meeting of

that chapter. The community, he stated would be asked to send 50 people to the meeting in August.

Mr. Mikell renewed his plea for an effort to keep members posted on activities of the Farm Bureau and to think about the possibility of renewing the members in the county in one day this time instead of over a month or so.

Mrs. E. L. Barnes had charge of the warlock program. She gave a music appreciation hour and dealt with American music.

Mrs. C. B. Matthews did an Indian song and then led the group to join in parts of the song. Mrs. Barnes did one piano solo.

The Sinkhole group had a covered dish supper Thursday night. Mrs. J. M. Morris was a visitor at their meeting.

Following the business session the status of the telephone program was discussed at length. It was pointed out that the directors of the cooperative thought they were about through with all the details necessary to meet the requirements for the \$445,000 loan to put the phones in. The engineers are actually at work now in the communities that have completed their survey of subscribers.

A motion picture on safe automobiles on the necessary functions of a farm organization, it has to have some money. Mr. Mikell predicted that this increase in dues would not cost the organization a member.

## T. C. Gets 6-Foot Center For Profs

Chester Webb, six-foot, six-inch center who averaged 22 points during two years with the Ellersboro High School basketball team, will enroll at Georgia Teachers College in September.

Teachers College Coach J. B. Seare, Jr., said Webb is the latest of three men chosen to play in the Georgia North-South All-Star game in Atlanta in August who have accepted athletic association scholarships here. The others are Ernest Massey of Roosevelt High, Atlanta, and Billy Jo Smith of Cochran High.

Webb's coach at Ellersboro has been Roger Parsons, whip of Seare's 1949 and 1950 Teachers College quintets.

## John Adams At University of Ga.

A Statesboro officer in the Volunteer Air Reserve is among the 48 top-ranking officers of this group in the Georgia-South Carolina area who are meeting at the University of Georgia for a two-week course in personnel management.

He is Capt. John C. Adams of 205 DuPont Street.

The course is part of the Air Force's accelerated program to keep members of Air Force Reserve informed of the latest developments in their career fields. Classes will be taught by members of the University faculty.

Officers attending reported at the University Saturday for 15 days of active duty.

## Floor Space Added To Tobacco Market

When the 1952 tobacco market opens in Statesboro this year growers will find 70,000 additional square feet of sales space in the new tobacco warehouse built by Cecil Wooten and Guy Sulton located at the corner of Hill Street and Mulberry Street, opposite the New Statesboro Warehouse, also owned and operated by the Wooten and Sulton. The two warehouses will be operated as the New Statesboro Warehouse Nos. 1 and 2.

The new warehouse is 200 by 350 feet and is constructed of metal.

With the opening of the new warehouse the Statesboro tobacco market will have 540,000 square feet of sales space, giving the market here the largest square footage in Georgia.

The additional building here gives this market nine warehouses. The other seven houses are operated by W. E. Cobb and H. F. Foxhall under the name of Cobb and Foxhall, and R. E. Sheppard and Aubert Brannan, operating under the name of Shepards Nos. 1 and 2.

## High Cotton Yields

Results of the Georgia 5-Acre Cotton Contest show that yields are in direct proportion to the amount of balance fertilizer. The number of applications of poison made to control insects and the number of plants per acre soil and water conservation plan prepared for their farms. The Soil H. A. personnel are preparing those plans with the farmers and by this teamwork it is hoped more soil and water conservation can be established on the land.

Joint action along the above lines have been affected on the farms of E. F. Williams, and B. F. Deal southwest of Statesboro. The other seven houses are operated by U. S. Fish and Wildlife Service of the Department of Interior has complete stocking ponds in the county with bass (trout) where bluegill farm had already been stocked.

Pond surveys have been made on the farms of Josiah Zetterover, north of Statesboro, W. R. Newcome near the airport, W. C. Cromley, Jr., and Sr. at Brookline, D. R. Dekle and Julian Williams near Rogaster, Dolphis DeLoach south of Statesboro, and D. N. Shearouse of Stilson, and Fred Hodges of Ogeechee.

## Why be satisfied with less than Mercury's Style Leadership?

\* BEATS ALL OTHERS IN FORERUNNER STYLING

Here's the big reason why this is the "hottest" car in our history. Mercury offers you something really new... in fact, everything new. And folks like you have been quick to recognize—and respond—to this fact. For this is no mere face-lift... no years-ago model with the chrome moved around. This car faces the future with fresh, buoyant styling that will stay in style—and protect your investment.

BEATS ALL OTHERS IN ECONOMY RUN

You hear claims all around about economy. But who's the official champion, selected by the American Automobile Association in open competition? The record shows it's Mercury—twice the Sweepstakes champion against all comers in the Mobilgas Economy Run, three times champion in its class. Here's the car that has what you want that the others wish they had. Stop around soon for a no-obligation ride.

THE BULLOCH HERALD DEDICATED TO THE PROGRESS OF STATESBORO AND BULLOCH COUNTY STATESBORO, GEORGIA, THURSDAY, JUNE 26, 1952 NUMBER 34

Loy Waters Is President Of Chamber-Commerce

Loy Waters of the Waters Future Co., has been named president of the Statesboro and Bulloch County Chamber of Commerce to succeed Max Alderman.

Mr. Waters will take office on July 1, 1952, and serve through June 30, 1953.

The steering committee to serve for the new year is made up of M. E. Alderman, chairman; Loy Waters, Henry Ellis, Bird Daniel, Bob Mikell, Alfred Dorman, Fred Hodges and Alton Lanier, Holter Brinson, P. C. Parker Jr., Lannie F. Simmons, Leodel Coleman, and Fred Fletcher.

The present membership of the chamber of commerce is 170. Mr. Waters in a pre-installation statement said that he would like to have the cooperation of every member of the organization, "for after all," he said, "your chamber of commerce is the voice of business and industry of this community. Upon it depends the progress of our city, and for there to be progress there must be work."

Mr. Waters is secretary manager. The office of the organization is located at 31 North Main Street in the building formerly known as the "Brookside House," next to the Lannie F. Simmons automobile agency.

John Dekle Hurls No-Hit Ball Game It was a hard game to lose. John Dekle, son of Mr. and Mrs. Imman Dekle, pitched a no-hit ball game in the Recreation Center Midget Baseball League last weekend only to lose it to the Cobras by a score of 4 to 3.

Young Dekle, pitched for the Midgets, Thundershit, pitched 27 batters. He struck out 16 and walked four, and lost the game on errors.

Joe Olliff, for the Cobras, pitched to 27 batters, struck out 13 and walked one.

Clubs from four other southern Georgia counties will be entering work groups such as tractor maintenance, swimming, folk, recreation, rifle shooting, restoration, and other things the clubsters have in the Bulloch County Library.

The afternoons will be devoted to hours around the pool and recreation and entertainment. The camp is 12 miles south of Statesboro, near the intersection of Highway 10 and Highway 101.
