# A Prescription For Well Being

HAVE YOU answered the query which your conscience keeps nagging you about?

Do you steel your heart to the constant reminding of your inself—"You ought to do something for your community."

Do you close your eyes to the things you see need to be done and your better self tells you—"Now there's something you can do?"

Do you tell yourself—"Well, I know these things should be done, but I can't do them alone?"

Well—there's an out for you. There's a way you can reconcile your conscience.

There's a way you can satisfy your inner self.

There's a way you can answer your better self's questions.

You are certainly a member of the Rotary Club, the Lion's Club, the Beta Sigma Phi, the Junior Chamber of Commerce, the Elk's, the Business and Professional Women's Club and dozens of other clubs, organizations, groups—or are you?

Now—here are some things that you can recommend that your favorite club sponsor—all for the young people of our community—our investment in our future.

Oh, your club, your organization is already sponsoring a project.

Ok—just for the record here are some things badly needed—

A concrete area, 40 by 60 feet for the young ones to use for skating.

A picnic shelter for community use. It should be about 30 by 60 feet as a starter.

A picnic shelter to be adapted for outdoor dancing and shindigs—the second unit of the above project.

A utility building of rough lumber construction, 40 by 80 feet, for use by the Boy Scouts in which to practice their arts and crafts.

An additional entrance to the Recreation Center to clear up the congested area on one entrance.

A complete kitchen, including appliances, for the East Side Community Center building.

Many metal chairs for the East Side Community Center.

An outdoor kitchen and barbecue oven for use in Memorial Park at the Recreation Center.

A large lawn mower to be used to keep the park area in Memorial Park.

The Happy Go Lucky Girls Club needs a sponsor which will contribute \$25 per month. There are 40 teen-age girls in this wonderful group.

A sponsor for the Nursery Group to furnish \$20 per month.

A fund from which to pay young boys for odd job labor under proper supervision.

Sponsor for the annual Kite Flying Contest. \$25 will do this quick.

Some of these are big projects. But none too big that Statesboro cannot reach down into its heart—and purse and take on and finish.

Dividends? There'll be dividends, no end. There'll be happiness for many young people.

There'll be busy hands doing useful improving work.

There'll be strong bodies and healthy minds in the making.

Dividends? Ease of conscience. Relaxing around the heart. Opening of eyes. Satisfaction of soul.

It's easy—simply Call Max Lockwood at 406-J and he'll give you the word.

DAVIS LEE, negro publisher of the Newark (New Jersey) Telegraph, warns fellow members of his race that they stand to lose much more than they might gain in the abolition of segregation in schools of the South. His reasons are supported by actual figures comparing negro employment in Southern and Northern school systems.

"Integration in the schools of the North and East is not a howling success," Lee writes. "A negro can attend most of the schools up here and get an education, but few states that educate him will hire him as a teacher."

Then he points out that Connecticut has fewer than 25 negro teachers. Albany only three, his own Newark (where negroes constitute 20 per cent of the population) has only 70 negro teachers out of 2,200. In contrast, he cites Georgia's 7, 313 negro teachers. North Carolina's \$22 million payroll for its negro teachers last year.

David Lee further says: "Despite all the hullabaloo about liberal East and North, no negro has been made head of a state college or university. Down South the woods are full of negro college and university presidents."

His object lesson is plain: under an unsegregated school system, whites get most of the teaching jobs. Only under Southern segregation are negroes running their own schools—and getting paid for it.

Blaming "certain paid agitators and pressure groups," Davis Lee says: "This movement to end segregation in the schools is merely the beginning of a well-laid plan to completely end segregation in everything in the South. If this happens, the negro will be thrown in direct competition with the white race, and our business institutions will crumble... The price is too great." —Alabama—The News Magazine of the Deep South:

## Our Blood Program

This is in the form of questions and answers and the first question from the people:

The People:

1. What is the purpose of the Bloodmobile?

Doctors and Hospital Answer: A three fold purpose:

(1) To supply whole blood when necessary for the patients in the Bulloch County Hospital.

(2) To supply blood and blood products to our armed forces, especially to boys in Korea at this time.

(3) To supply to a central agency derivatives from your pint of blood which might have factors in it to save people from infantile paralysis.

The People:

2. Does our hospital and our doctors want us to donate our blood to the Bloodmobile when it comes each time or would they prefer that we avoid the Bloodmobile and save our blood to be given when called locally to the hospital?

Doctors and Hospital Answer: (1) Contribute to the bloodmobile. The hospital and doctors are supporting it 100 per cent. It will still be necessary to draw blood on special occasions locally. The occasions are rare and extreme emergencies and should offer us no great problem.

The People:

3. Why have we not been able to get enough blood from the Red Cross in the past?

Hospital and Doctors answer: (1) We are in debt to the blood bank several thousand pints to date. We have not met our quota of blood during the past years. We have not supported the Blood Procurement Program.

The People:

4. Why has the Blood Bank Procurement Program been a failure in Bulloch County in the past?

Hospital and Doctors Answer: (1) It has failed because of a

# Our Blood Program

hospital, we the doctors and nurses, and you the public have failed to understand the necessity of this program's success and the purposes of the program.

The People:

5. Why do we have to pay for blood when it comes from the Red Cross? We gave it to the Red Cross, yet, the hospital charges us for it.

Hospital and Doctors Answer: (1) There is no charge for the blood. A pint of blood would be valued on the market at \$25 to \$50. The charge which appears on your bill from the hospital is \$5.00 and this represents the actual cost to the hospital to furnish personnel, who are prepared to give the blood, and the equipment and needles and technique used.

The People:

6. Why have we not been able to get enough blood from the Red Cross in the past?

Hospital and Doctors Answer: (1) The facilities for collecting the blood, the facilities for treating the blood into its various parts (including separating the red blood cells, preparing plasma, separating the albumin from the plasma to be used in patients with shock and separating the gamma globulin which offers our greatest hope in the future) are available only through that channel. The experiences of the Red Cross in the past ten or fifteen years in this work surpasses any other hospital which provides a little prayer a day or organization known. It would require millions of dollars to duplicate. The greatest advantage is that the blood is pooled and your chances of getting that substance which protects you is greater if you take it out of a common pot.

The People:

7. Who is eligible to give blood to the Bloodmobile?

Hospital and Doctors Answer: (1) You are eligible unless you show up and are rejected by the

hospital, we the doctors and nurses, and you the public have failed to understand the necessity of this program's success and the purposes of the program.

The People:

8. I have low blood and anemia. My doctor always tells me that. Should I volunteer?

Hospital and Doctors Answer: (1) If you are not in good shape you will be turned down. Many people are helped by giving blood. It stimulates your bone marrow to make new blood and it stimulates your blood vessels to tighten.

The People:

9. How do I make arrangements to give blood on April 2nd?

Hospital and Doctors Answer: (1) Send pledge card in this newspaper to the Bulloch County Hospital.

(2) Obtain pledge card from your druggist or from front of the Georgia Power Company. These places will see that cards are recorded.

(3) Call or see your doctor. He will help you.

(4) Remember the day—April 2. Remember the time—12 midday to 8 p. m.

(5) If you have no way to get there, contact the hospital. Arrangements will be made to provide transportation.

(6) Do not sign the pledge card unless you intend to give.

It is your bloodmobile day. Your Blood, Your People, Your Hospital, Your Community. If it does not succeed it's Your Failure.

The Bloodmobile will be in Statesboro at the Community Center from 12 noon until 8 p. m., April 2.

Editor's Uneasy Chair

"It wasn't much, but it's the spirit of the contribution that counts," allowed Bates Lovett as he shows the ten dollar bill that came to him through the mails from an anonymous Pilot Fan.

The letter is dated March 16 and postmarked in Atlanta. It reads: "Dear Bates:

"You will find attached a ten dollar bill which I would like to contribute to the support of the Statesboro Pilots this season.

"Last season I enjoyed many good games at Pilot's Field and regret that I have been transferred away from your city. I might add that I have never enjoyed living in any town as I did Statesboro. You have, in my opinion, the best town in the South and I commend your Athletic Association and your numerous civic organizations for their united efforts to have a good ball club which is one of the best mediums of advertising any community.

"For personal reasons I am not signing this letter. I might get in bad with my new neighbors.

"The Statesboro Pilots have my very best wishes for a very successful season. You can't miss under the leadership of Mr. McAllister.

"Something like this should spotlight attention on our 1953 edition of the Pilot's says Bates. "We have many pledges of support but

a great number of our supporters have not come forward with their support."

"We have a drive on now to sell season tickets. For our season to be successful, we must sell more and more of these season tickets. Get yours from one of the following: Roy Beaver, Hoke Brunson, Harry Cone, Stothard Deal, Alfred Dorman, Inman Foy, Bob Donaldson, Harman Bray, C. B. McAllister, C. M. Robinson, Bill Strickland, L. D. McElveen, or Frank Hook.

"I got some too," says Bates.

The door to opportunity is opened by pushing. Push your way to the Community Center April 2 and donate a pint of blood, 12 noon to 8 p. m. at the Recreation Center.

# In Rainy Season Criminals Get Light Sentences

By VIRGINIA RUSSELL

During the monsoon-rainy season in some countries, so we have heard, a man who has committed a crime will be judged with much more leniency.

Until recently we didn't understand the real meaning of this, but after having spent many a rainy day cooped up with a school room full of healthy, active children, we can understand it.

When energetic children acting like mules we haven't been plugging them in a month, we do understand a little more how just a rainy season might affect a person.

But the children don't test us as much as the gurgling, running of the water pump in the basement. After listening to it for many a day now, we are beginning to understand how the man who plays the stock market and loses money, or the man who tries to get that it is tick, tick, tick, up a big, big, bigger water bill.

The rains were explained to us by someone the other day. "It rains," the man said, "you hear thunder and see lightning in January, you may expect a rainy year." This is one thing we intend to observe over the next twenty years, and see if it runs true to form. We hope, however, that there won't be lightning and thunder in January too many times.

Perhaps the reason that too much rain gets us down is that we have the desire surging in our minds to be working in the yard, to plant the garden, to do the spring cleaning, and, as it rains, rain, rain, rain, we find that the weeds growing by leaps and bounds and of the few seeds that already in the earth rotting.

A most worrisome problem that mothers have is keeping the children in clean clothes. In this usually cloud climate of ours, we are able to buy the minimum number of clothes for children because they can be washed and dried so quickly. But since we have acquired the rains, we find that the blue jeans are always wet, the socks are always wet—everything is wet. Dark things hang about on every available spot in the house in spite of all the discomforts brought by the rains, we are able to tell ourselves that our blessing still outnumbers our inconvenience. And, too, who are we to quibble the rains? We think of those homeless people in Holland and England. What are our little rains compared to the storms that descended upon them and took away homes and lives.

As we hurried, in a downpour of rain, from church to home from home to the Civil Defense headquarters at the home of Mrs. W. Edge to watch for planes, we kept saying a little prayer of thanksgiving, thanking God that this was just a practice. We could not help adding that if it was God's will, it would be a practice for a program that would never be given.

We thought how thankful we should be for the homes that shelter us all during these seemingly disagreeable days of too much rain. In fact, we feel very humbled tonight as we listen to the rain falling outside, and, yes, the water pump running up the hill.

How easy it is to forget the real blessings we enjoy. So we just added another little prayer asking forgiveness for forgetting.

# Red Cross Fund Campaign Poster for 1953

The "marching flags" poster of the late N. C. Wyeth, first used by the Red Cross in 1933 and repeated in 1947, will be used again at the poster of the 1953 Fund Campaign because of its great popularity. Repeated also is last year's slogan, "Answer the Call."

# AAUW Hears Dr. Georgia Watson

"Who Makes Up Your Mind?" is the question Dr. Georgia Watson put to members of the Statesboro branch, American Association of University Women, when they met Tuesday evening last week at the home of the speaker and Miss Roxie Remler.

Dr. Watson made the following points in her talk:

The majority of people take the popular side of a question because of a fear of public opinion and fear of being considered different.

There is a lack of assurance that our decision is right after we have reached one while wanting to feel that it is correct.

The need for pleasing our fellow-man determines how we think (a disregard of people with whom we come in contact makes us unpopular).

National complex is not accepting responsibility (How much do we hide behind our social customs, religion, friends—and alibi for our shortcomings). The greatest need today is for people who will act courageously and accept responsibility.

People are guilty of adding nothing to the prestige of what has already passed.

Too dependent on the press, radio, and advertising. Must be discriminating and think out our problems independently.

Necessary to be analytical. Must analyze what is read, also people. Too few really analyze a situation.

**CHILEAN NITRATE OF SODA**

**You'll know the DIFFERENCE in NATURAL CHILEAN NITRATE when you see the DIFFERENCE in results!**

One difference between Natural Chilean Nitrate and other nitrogen fertilizers is natural quality. It is the world's only natural source of nitrate nitrogen.

The nitrogen content of Chilean Nitrate is 100% nitrate nitrogen — 100% available — 100% fast-acting — 100% dependable.

No outside or necessary. Chilean Nitrate is non-acid forming.

Rich in sodium and minor elements. Chilean Nitrate is rich in beneficial sodium that makes a stronger, deeper root system — improves crop health, vigor and nutritive value. It also contains small quantities of essential minor elements.

Chilean Nitrate is the ONLY fertilizer that supplies nitrogen, beneficial sodium, and essential minor elements.

Noted for all-round efficiency. Quick-acting. 100% available. Its 26% sodium content acts like potash when necessary. It increases the supply of available phosphate in the soil.

Chilean Nitrate's fast flowing pellets guarantee rapid, accurate distribution under all conditions. No special precautions needed.

Helps maintain productivity of your land. When used consistently in a sound farming program, Chilean Nitrate steadily increases crop yields.

Year after year. Natural Chilean Nitrate increases yields — improves quality — defends against disease — fertilizes against insect injury — combats soil erosion — and improves soil. Nitrate for solid satisfaction!

**S.H.S. Band Gets 13 Superior Rates At Music Festival**  
The Statesboro School Band was awarded a superior rating at the Music Festival for the fourth consecutive year since Bandmaster Guyton McLendon took over the leadership of the band.

Besides the concert band there were twelve other solo and ensemble events which rated superior.

Felicia McLendon and Betty Fowler made it in five solos in the elementary division while Charlotte Campbell and Charles Carson earned top honors in a solo in the high school competition. Roger McLeod, saxophone, and Travis Smith, cornet, rated superior in the elementary classification.

Others making the highest grade were a saxophone quartet made up of Gerry Lane, Lynette Price, Mary Woods and Betty Fowler; Linda Bean, band twirling; Smith Banks, bass clarinet; Guy McLeod and Guy Freeman, tuba; Bill Adams, trombone and Carey Donaldson, baritone.

The Band playing in the class "B" was commended by all three judges, each one voting a superior rating for Statesboro. Paul Bryan, Bandmaster at Duke University had the following to say: "Careful attention to details makes this band a pleasure to listen to." Ernest Lyons of the University of Louisville commented: "The overall score is good. It has good different styles, capable of sounding like an organ and also of having a nice crisp sound so necessary many times."

Music will be furnished by Ernest Lyons of the University of Kentucky said: "Played with good rhythm, very acceptable dynamics and control."

The ground-breaking for the church was in January, 1953, and the first service was held in the church on the 4th Sunday in January, 1953. The building was R. E. Becher. The building committee was composed of J. H. Wyatt, chairman; John C. Cromley, J. H. Griffith, T. R. Bryan, and Bob Mikel, Chairman of the finance committee was W. C. Cromley.

The structure is of brick and is modern in every detail. The sanctuary has a seating capacity of 300, with an auxiliary room, social hall, and in all about 500 people can be seated in the building.

At the Dedication Exercises, special music will be rendered by the choir, in charge of Mrs. Joe Ingram, choir director, and Mrs. T. R. Bryan, pianist.

A loud speaker has been installed and the exercises will be broadcast over W.W.N.S. Some of the preachers who are expected to attend the services are: Rev. Wimberly of Tenille, (former pastor); Rev. J. D. Hutchinson, of Alderidge, Savannah, (former pastor); Rev. E. C. Clark of Savannah, District Superintendent; Rev. F. J. Jordan, Bulloch County Circuit, (former pastor); Rev. James L. Hendrix of Waynesboro, Va., (former pastor); and Rev. F. M. Gaines of Macon, editor of the Wesleyan Christian Advocate and editor.

At the time of the building committee, H. M. Robertson, chairman of the Board of Stewards, and Lester Bland, chairman of the Board of Trustees of the church will present the church to Bishop Moore for dedication. After the exercises at the church dinner will be served to the congregation at the community house.

**Brooklet Methodists To Dedicate New Church**  
By Mrs. John A. Robertson

The new Methodist Church at Brooklet will be dedicated Sunday morning, April 12, at 11:30 o'clock, by Bishop Arthur J. Moore, Bishop of both the North and the South Georgia Conferences.

This beautiful house of worship is a standing monument to the vision and determination of the Methodist congregation, many and many of their friends of other denominations and of the pastors.

Rev. William H. Ansley is the present pastor, serving his first year here.

The ground-breaking for the church was in January, 1953, and the first service was held in the church on the 4th Sunday in January, 1953. The building was R. E. Becher. The building committee was composed of J. H. Wyatt, chairman; John C. Cromley, J. H. Griffith, T. R. Bryan, and Bob Mikel, Chairman of the finance committee was W. C. Cromley.

**Sunrise Service Easter Morning**  
A Community-Wide Easter Sunrise Service will be held in the baseball stadium back of Sanford Hall on the campus of the Georgia Teachers College on Sunday morning, April 5, Easter Sunday, at 6 o'clock.

Rev. George Lovell will preach the sermon. The Statesboro High School Band will furnish the special music.

**V. F. W. Sponsors C. D. Ferris Shows**  
Saturday is "Kiddie Jambores" day at the Carl D. Ferris Shows, now located at the Parker lot on U. S. 80 on the North highway, sponsored by the Bulloch County Post 5896 of the Veterans of Foreign Wars.

A free ride will be given to the first 300 kids to enter the show on Saturday afternoon, starting at 10:30 a. m.

On page five of this week's Herald is an ad of the show. The coupon in the ad, plus nine cents, will be exchanged by a kid for a ticket good for any ride on the grounds.

The show will be here through Saturday, April 4. It features the latest in modern riding devices, together with many shows, and has earned the slogan, "America's Long Fun Trail of Tomorrow."

Every precaution for the public's safety has been observed. The local post of the V.F.W. cordially invite the public to attend the show. Admission to the grounds is free.

**4-H Champs To Be Named Saturday**  
County 4-H Club champions will be named Saturday for the district contest to be held in Tifton in June.

The community 4-H Club champions will compete with each other at the Recreation Center Saturday afternoon, April 4, at 2:30 p. m. in the demonstration fields. Contestants in cooking, the dress, water, public speaking, farm and home electric, and other projects, where demonstrations can be given, will participate in the afternoon program.

The talent show will be held at 8 p. m. at the Laboratory High School auditorium. Each of the 49 community 4-H Clubs have two entries in the show. During recent years the 4-H Club attractions of the year. The two top winners in the show will also go to Tifton. Individuals as well as groups enter the show.

The first of a series of play nights for the 4-H Club members will be held at the Recreation Center Wednesday night, April 8, at 8 p. m. Miss Betty Jean Beasley, county president, and the county president, stated that the clubsters were asking for this program so they could get to know each other better from all the clubs. In the past they usually met the members from the other clubs only in a competitive manner. The county council felt that meeting under a playful environment would be an advantage in learning to know each other.

Miss Beasley also announced that Bulloch county 4-H members would attend camp July 27 to 31 this year. The group will go back to Camp Polton, just out of Atlanta, along with Screven, Wilkes, and Wayne counties.
