Remember the facts when you select your tobacco curing system. If you don't get even cures all over the barn, if you don't get ease of operation, if you don't get complete safety from fumes and smoke ... you'll never really have the best in tobacco curing equipment.

111111 Plan now to have all the EXTRA ADVANTAGES of Silent Flame Oil Tobacco Curers

You'll get even cures every time with a Silent Flame because it has a heat circulator built right into the curing urm This scientifically designed chamber plus the large 42 inch heat spreader means that you get the best in even heat distribution. In the corners, in the center and a few inches di-

bacco curer on the market.

New style ... New power ... New economy ... and yet

priced line in

That's why people are calling the new 1954 Chevrolet the outstanding motor car value of this new year! Men and women everywhere are deciding that Chevrolet for 1954 gives more for the money than any other car in its price range. Here are the reasons why ...

New style-more beauty of line, contour and color-with stunning new Bodies by Fisher and luxurious new modern-mode interiors. New power-more pickup; more passing ability, more smothness and quietness of operation with either of Chevrolet's two ad-

.

vanced 1954 engines-the thoroughly proved "Blue-Flame 125" engine teamed with Powerglide (available on all models at extra cost) or the thoroughly proved "Blue-Flame 115" engine! New economy-yes, even stronger gasoline savings-because both of these great high-compression engines are designed, engineered and built to wring more power from every charge of fuel. Moreover, these new Chevrolets remain the lowest-priced lin

in their field, again this year. Come in . . . see and drive the new 1954 Chevrolet . . . an place your order now!

Why Mercury's New Ball-Joint gives you easier, safer control on curves

Ball-joint front wheel suspension is the newest, most advanced method known to engineers of connecting the front wheels to the chassis, Instead of stiff "double-hinge" kingpin

used by all other cars in Mercury's price class —Mercury uses ball-and-socket joints, much like those used on rearview mirrors, to permi restricted movement in all directions. They result in virtually friction-free front cheel motion, up and down over bumps, back

38 N. Main Street

And this is just one of the new Mercury features. There's an entirely new 161-horse power, overhead valve V-8 engine, a complete ine of optional power features, new styling front and back, and stunning new interiors And there's America's first transparent-top pro luction car-the Mercury Sun Valley. There's quite a show going on at our show room. Why not drop around?

A district reading clinic will

A district reading clinic will be held at the Statesboro High School on Saturday, February 27, beginning at 945 a.m. and concluding at 1:30 p.m. The clinic is sponsored by the classroom teacher department of the Georgia Education As-sociation. Dr. Elmer Carson, reading specialist of Arlington, Va., will be the principal speak-er. Mrs. Lillia Wren, director of the first district, urges all classroom teachers to be present. The Statesboro High School will furnish the music. Rev. Frederick Wilson will have charge of the devotional. S. H. Sherman and Waldo Patford, chairman of the first district G.E.A., will bring greetings to the meeting.
