Editorials

He thinks first of the people of Georgia

There may be more, but we know the one man we will miss. Dr. Arthur R. Mitchell, a surgeon, who is said to be the world's leading expert on the treatment of cancer.

When Roy Drinkman, editor of the Statesboro Herald, died, his old friend, Frank Robert, editor of the Statesboro Herald, said, "He was a great man."

There may be more, but we know the one man we will miss. A man who lived a life of service to his community and to his country. He was a great man.

LEODEL

Let there be light on the area

Of all the places to be led by someone in a "leadership" role, the Statesboro Herald is an excellent choice. It is a school that offers leadership programs for all students.

We should be proud that our young people are going to the Statesboro Herald. They are learning the importance of leadership and are developing the skills they need to be effective leaders.

Our hat goes up for these two

They won't be the last, but these two young people are the future of the Statesboro Herald. They are the leaders of our community, and we should be proud of them.

As we congratulate these young people on their leadership roles, we should also remember that we all have a role to play in leadership. Whether it's leading a team at work or volunteering for a community organization, we all have the opportunity to make a difference.

And our hat's off for the older ones

While we celebrate the leaders of tomorrow, we should not forget the leaders of today. The older generation of leaders has given us a legacy of service and dedication. They have set the bar high for future leaders.

The Statesboro Herald is a wonderful place to be, and we are proud to have our young people there. We are also proud of the older generation of leaders who have shown us the way.

20/20

It seems to me

I don't know that I've had as good a year as I've had this year. I've been fortunate to have a lot of opportunities to travel and experience new things. I've had a lot of fun, and I've learned a lot.

I don't know what the future holds, but I'm looking forward to it. I'm excited to see where it takes me.

This Week's Meditation

By Rev. J. W. Graham

The meanest men strikes again

We went into the Statesboro Herald office to have a meeting with a group of people. The meeting was called because of some problems that have been occurring in the community.

We know of no way to solve the problems, but we are trying. We are trying to get the community involved and to find solutions.

We hope that everyone will work together to find a solution to these problems. We are all in this together, and we need to work together to make our community a better place.

The hot one's even hotter!

the '56 Chevrolet

New models—all with bold new Meteorite Styling. More models—including two new 4-door hardtops and two new 2-door station wagons. New excitement under the hood—302 horsepower and 25 to 1 compression ratio. This—remember—it's the car that broke the Pikes Peak record in a history-making, production trial. Come on in, look it over and try it out!
