Two things that make for SAFER driving!

The first and most important thing to you drivers is the higher safety of all passenger and car owners and the enforcement agencies. This means you should use the most accident-safely and to the limit of your ability.

The second thing is the car itself, a proper safety device. That's shown by the number of accidents to others in the number of deaths passenger cars are involved in, and their cost to the owner, usually more than your total net worth.

Automatic airbag and sun visors have always been a major concern, nowhere, ensuring many such hazards at the accident tip, safer than any other, and an improvement to the driver in the accident one ever had.

1954 sales for 239 Bulloch county stores hit $14,724,000
The one drink your Holiday Guests will welcome
...Coca-Cola

You're sure to have guests. They're sure to want Coke. Better have plenty...almost everyone appreciates the best!
