Here Are The Facts On The School Bond Issue

In March of 1951 a committee of outstandingly successful school men met and recommended certain school building needs to the people of Bulloch County. This event was the result of a study made by the people of their total school program over a period of many months. In 1950 the Negro citizens of the City of Statesboro and Bulloch County had petitioned the boards of education for new building facilities. The county and city boards of education met together and studied the data. The data mentioned here are:

1. The city and county system should agree on a school site and project.
2. A new high school should be built on or near the present site of the Bulloch County Jr. High School by the end of 1951.
3. The school should be ready by the end of 1951.
4. The school should be ready by the end of 1951.
5. The school should be ready by the end of 1951.
