Editorials

Vote next Tuesday

The Bulloch County school bond election is set for Tuesday, October 23.

On that day the voters of Bulloch County will be given the opportunity to express their approval of their disapproval of the proposed \$800,000 bond issue to be used to complete the county school building program begun in 1951.

In an attempt to scotch some of the misunderstanding which developed after the announcement of the proposed bond issue the County Board of Education is using the newspaper, radio, group meetings and personal contact.

The board is giving a complete picture of what has been done toward providing the needs of our county school building program and what is needed to complete the program.

Read their statement again this week. Bulloch County did not attain its high place in the Empire State of the South by going backwards or by standing still.

Go to the polls and vote on Tuesday, October 23. Whether you vote "for" or "against" is a matter between you and yourself. The big thing is that you exercised your right to vote.

They're their seats

It's a thoughtless action, but it's an unfair thing, and is unworthy of our football fans.

It happens regularly and causes distress and consternation among the members of the Statesboro High School Blue Devil Band who play at our football games.

A section is reserved for the band. They occupy it and provide the music before the game begins.

Then during the first half they provide background encouragement to the members of the team. At the half-time intermission the band moves out onto the playing field to entertain the fans.

And that's when it happens. Spectators who arrived at the game too late to secure seats, move into the band's section, trampling the music left on the seats, musing up jackets and coats the band members left at their places and scuffing up their instrument cases.

When the band finishes it's performance out on the field its members return to find their section filled, the music and other belongings scattered, and no place to sit to play for the second half.

It's not fair to those young people in the band. They devote a great deal of time to developing themselves into a band of which they are proud.

Statesboro can be proud. But such action on the part of the fans provide little incentive for them.

Think twice, if you are a fan who moves into the band's section at half-time, before you deprive these young people of their seats.

The Criterion wins

The staff of the 1956 Criterion, yearbook of the Statesboro High School, was notified last week that their 1956 edition had been awarded a first class rating by the National Scholastic Press Association, University of Minnesota, and the Columbia Scholastic Press Association, Columbia University, New York.

The Criterion is one of the fourteen schools in its class in the nation to receive this award, and this is the third year in a row that the S.H.S. annual has received this honor from both organizations.

We commend the staff of the Criterion made up of Miss Ann McDougald and Sidney Dodd, editors; Jean Banks and Bill Nesmith, associate editors; Pete Johnson, business manager, Al McDougald, advertising manager, Dennis DeLoach, circulation manager, and all the others who had a part in the production of this outstanding yearbook.

Buy their cookies

Ordinarily we are against this business of door bell selling. But once in a while along comes a group of door to door sales people we welcome. They are the Girl Scouts of your and our neighborhood selling Girl Scout cookies.

This year they will begin their campaign tomorrow, October 19, and will continue through Saturday, November 3. Don't turn them away. Buy their cookies. They don't make an annual drive for contributions to their program. They give you value received for your fifty cents. And the profit they make supports their program. And a fine program it is.

They're doing ok

Friday night of last week the Statesboro High School Blue Devils racked up their fourth win of the 1956 football season.

They opened the season playing Coffee County High School, way out of their class and won 19 to 6. Then the next Friday, September 21, they defeated Eastman here, 33 to 13. With a breather the following Friday they met Dublin in Dublin on October 5 and won 7 to 0. Last Friday night they defeated Metter here 20 to 0.

We commend these young Blue Devils and their coaches, Ernest Teel and Ray Williams. May the rest of this season be as successful.

Safety habits are more quickly caught than taught. It is much easier to learn good habits than to get rid of bad ones, says the State Patrol. It is up to parents and other adults to teach good safety habits and set a good example of right behavior in traffic.

The Editor's Uneasy Chair

Since there is a lot of interest building up over the school bond election coming up October 23, we submit the following bit which is now making the rounds of the weekly newspapers.

I borrow it from Bill Rogers "At Random" column in Roy Chalkers Waynesboro True-Citizen. It'll be easy for you kids to learn for it is sung to the tune of "Sixteen Tons":

"Some people say a teacher is made out of steel, Their mind can't think, but their body can't feel, Iron and steel and hickory tea, Frogs and gripes from nine to three.

You teach six full hours, and what do you get? Another day older and deeper in debt. I got to come back for the P.T.A."

HERE'S ANOTHER one that we picked this up from the Augusta (Kansas) Gazette. Titled "Thank Heaven for Teachers" it reads:

"So a child thrust into a strange world, a good teacher is the best thing that can possibly happen.

"A teacher is Courage with Kleeven in its pocket. Sympathy struggling with a snow-suit, and Patience with papers to grade.

"Teachers spend six hours a day searching for the truth and another six hours searching for errors.

"They are incorruptible, indispensable, invincible, and nearly inextinguishable.

"A teacher does not really mind the sniffling, squirming, stomachaches, spills, sloths and sauciness. Neither does she disintegrate before tears, tantrums, fights, futility, excuses, parents who spout, little boys who shout, and little girls who pout.

"Thank Heaven for Teachers."

Thru the Ps of Virginia Russell

It has happened to me again. It's that time and there isn't a thought in my head.

But this time I'm prepared. During the past year, when one of our faculty friends was doing research in Washington, he ran across the following in a Jackson, Mississippi Times, printed April 3, 1877.

"There are all kinds of friends but one who remembers our anguish and helps to relieve it is in a special class. Here it is:

"WAITING FOR COPY" "The message came down like a thunderbolt loud, And the editor's spirit once noble and proud, Now yielded, despairing, defeated, and cowed, 'We're waiting for copy.'"

Oh, what shall I say, of what shall I write, Oh, what shall I publish especially bright? I really don't want to be kept here all night, My thoughts as a rule aren't heavy or slow, But tonight, how provoking, they simply won't flow, And all, too, you see, 'cause I happen to know, 'We're waiting for copy.'"

I never can write when the printer-friends worry, My muse is a calm one and can't endure flurry, 'What! Three columns more and all in a hurry? You're waiting for copy?'"

Now don't be so hard on the wit of the staff, Take this, it is bright, just read it, you'll laugh, 'What, all that won't make but a column and half? You're waiting for copy?'"

O, spirits that wait on an editor's brain, Assist me or else all my struggle's in vain, That cry so incessant will drive

me insane; 'We're waiting for copy.' Here, fill up with clippings a column or two, I cannot compose in the middle and stew! If I do, While you're waiting for copy, If reader, the above should seem wild or absurd, I've got one excuse, and it's ought to be heard, 'Twas written in haste, 'cause the printer sent word, 'We're waiting for copy.'"

And all this goes to prove that with all the changes that have occurred since 1877, people are still pretty much the same.

Meditation for This Week

EDITOR'S NOTE - This week's "Meditation" is written by the Rev. Ted Page who is associational missionary for the Ogeechee River Baptist Association. He also wrote last week's column. The Rev. Week's is away for two weeks.

By THE REV. TED PAGE

"Now therefore fear the Lord, and serve him in sincerity and in truth, and put away the gods which your fathers served on the other side of the flood, and in Egypt, and serve ye the Lord."

"And if it seem evil unto you to serve the Lord, choose you this day whom ye will serve."

Life is always confronting us with choices and alternatives of choice—the immediate present or the distant future, expediency or principle, the temporal or the eternal. All too often we try to live by half-hearted choices.

On October 23 you will be called upon to ask yourself an important question. On that same date you will be requested to answer that same question for yourself and for the young people of Bulloch County.

Through the thoughts in the column this week I want to talk with you about this bond issue.

I'm not going to ask you to vote for it nor am I going to ask you to vote against it. You are going to vote for it or against it. I speak to you concerning the proposed bond issue which is needed to continue the building program for our schools.

Attractive workbooks were distributed by Mrs. Lee, together with the W.M.U. Handbook.

Mrs. T. E. Serson presented poster material and suggestions for the study of Japan which will precede the Week of Prayer for foreign missions in December.

Miss Blanche Bradley, librarian, gave a list of new books recently received.

Mrs. Charlie Newsome told of 122 Sunbeams attending the last Sunbeam Rally.

Mrs. Floyd Newsome announced a Royal Ambassador Rally on November 6 at 7:15 p. m. at the Statesboro First Baptist Church.

Mrs. Peter Martin explained the new aims for W.M.U. advancement which replace the old "Standard of Excellence."

The following presidents of local Missionary Societies are asked to send a list of their new officers to the Baptist office in Atlanta that they may be put on the mailing list.

Ogeechee B.W.M.U. Meets at Leaffield

The executive board of the Ogeechee B.W.M.U. Association met October 9 at Leaffield Church for the quarterly session with Mrs. Harry Lee, superintendent, presiding.

Mrs. W. W. Mann gave the devotional based on the Scripture "For the earth shall be filled with the knowledge of the Glory of the Lord as the waters cover the sea."

Mrs. Mann challenged the group to rededicate themselves through their actions, attitudes and ideals. She pointed the way to a deeper spiritual growth through assuming responsibility under any circumstance.

**BETH TUCKER WEARS EVENING DRESS ON BIRTHDAY**  
Mrs. Bill Tucker entertained a group of Beth's friends as she honored Beth with a party at her home on South College, celebrating her fourth birthday. Beth had attended weddings and she thought the little flower girls in their evening dresses were beautiful beyond words and all she wanted for her birthday was an evening dress. So she appeared at her party in a creation, a blue evening gown all net and taffeta. With it she wore a corsage of tiny pink flowers.

Favors were suckers and whistles and her mother assisted by Beth's sister, Becky served ice cream, cake and punch. The neighborhood children were left to play their own games and to swing. Imagine that lovely blue net in a swing! These presents were John Smith, Charles Rane Jr., Skebe Keman, Sandra Key, Jennie and Jean Vause, Kitty and Lynn Newsome, Sue Tucker, Johnny Tucker, Joy Kelly, Brenda Waters, Randy Blackburn, Angela and David Mock.

**COUSINS CELEBRATE BIRTHDAYS TOGETHER**  
On Saturday afternoon at the Recreation Center, Mrs. Rudolph Hodges and her sister, Mrs. J. G. Altman, combined their talents in entertaining as they honored their daughters, Aris Hodges and June Altman, on their birthdays, each of them six years old, each of them with lovely blonde curls reaching to their waist lines.

The honorees wore dresses exactly alike, made by their mothers. They were navy taffeta dresses with red and white sashes and full skirts. Both had doll cakes — they too, were decorated in red and white.

The children were served red punch and white cakes embossed with red flowers. The favors were Halloween hats and masks and blow-out whistles. A movie furnished the entertainment.

Many lovely gifts were brought to the party for the happy young girls who go to the same school and have the same group of little friends. There were at least fifty children present.

**FINESSE CLUB WITH MRS. NORRIS**  
Mrs. Jack Norris was hostess to the Finesse Club Thursday night at Hodges Party House. Fall decorations were used and the guests were served chicken salad, Russian tea, and cakes. For top score, Mrs. Linwood Smith of Claxton received a robe, Mrs. Jim Denmark received a bracelet for low. Mrs. A. G. Altman won bridge cards for floating prize. For cut, Mrs. Joe Robert Tillman won ear bobs.

Others playing were Mrs. Melvin Chapman, Mrs. G. W. Oliver Jr., Mrs. Dock Brannen, Mrs. Mell Boatman, Mrs. Lewis Hook, Mrs. Wendell Rockett, Mrs. A. M. Sellman and Mrs. Francis Allen.

**MRS. BOWEN HOSTESS TO XI TEMPLAR CHAPTER**  
On Monday night, Mrs. J. E. Bowen Jr. was hostess to the XI Templar chapter of Beta Sigma Phi at her home on Vista Circle.

The hostess served a dessert course.

Members present were Mrs. Bowen, Mrs. E. W. Barnes, Mrs. Lehman Franklin, Mrs. Howard Neal, Mrs. F. C. Parker Jr., Mrs. Arnold Rose, Mrs. Mark Toole, Mrs. J. B. Williams, Mrs. Jack Wynn, Mrs. Lamar Trapnell, Mrs. Bob Thompson Sr., Mrs. William Z. Brown, Mrs. Joe Neville, and Mrs. Al McCullough.

The chapter made plans for a rush party November 6.

**Recreation Center News**  
The Statesboro Midget Varsity will play host to the Savannah Panthers in Memorial Stadium on Saturday night of this week.

Game time is 7:30 p. m., with the four Mite teams taking the field to entertain the homefolk. Some one hundred players will be in full uniform for the affair as the Midget varsity cheerleaders start off the festivities with a cheer for the spectators. There will be no admission charge and everyone is invited to enjoy the game. The game will be announced over the public address system and the score board will be used for the convenience of the fans. Following the game there will be a reception at the center for the sixth and seventh grades and the visiting Panthers. Parents are invited to stop by the center for a cup of punch with the team.

Miss Sandy Martin, winner for the second year of the coveted Chas. E. Cone Award for outstanding community service is now the director of the Happy Go Lucky Club which meets on Monday night at the Recreation Center. This club is for girls in the sixth and seventh grades and all are invited to join. Miss Martin is a student at the Georgia Teachers College who she is majoring in home economics. She is a graduate of Statesboro High School.

Louetta Moore, supervisor of the Blitch Street Community Center for Colored, reports an increase in activities for the colored center. The interest is good and the program is being well received. Members of the Colored Chamber of Commerce and other adult leaders have contributed much to the success of the new program. Activities include movies, ping pong, horseshoes, dancing, music, reading, television, zell ball and others.

**It's Football Season!**

We're in the middle of football season and all across Georgia teams from many high schools are competing for gridiron honors.

Funny, but we drive to our games to see our teams in action and rarely ever think back to the time when our local high school games were played in the afternoon, and very meager crowds were on hand to watch.

It's all part of our state's growth, athletic and otherwise. New modern county and rural schools play under the same up-to-date conditions our city teams enjoy. This is because the rural electrification program has brought electricity to all the countryside.

In the past two decades, making electricity available to all Georgians has contributed more to our state's growth and prosperity than any other economic advance. Georgia's 41 rural electric cooperatives have brought low-cost power to 95 per cent of the farms.

So this week go out to the stadium and cheer the local team. Remember also that rural electrification has made low-cost electricity available to everyone.

For 21 years now, Georgia's 41 rural electric cooperatives have been striving to bring you an abundant supply of electric power at the lowest possible cost.

**What put the magic in the new kind of FORD?**

Here's what put the magic in the new kind of FORD!

It all started with the new "Inner Ford." When Ford engineers planned this baby, they didn't just think in terms of new springs, new brakes, new axles. They thought in terms of a car through-and-through.

The wheels got smaller. Yes, this new Ford is so new in every detail that even the wheels have changed. Now smaller and broader for a better grip on the road, they help you take off quickly... give you a better ride.

The wheelbase got longer... so now you can choose between a Ford that's over 16 ft. long—or one that's over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable riding platform... a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives you is the closest you'll ever come to coasting on velvet-covered clouds. And that holds true on back roads, too!

The handling got easier. Poised and balanced like a panther, this car has new sweep-back front suspension that works its magic when you need it most.

The power got hotter. This new kind of Ford is packed with Thunderbird GO! It offers a wide range of Silver Anniversary V-8's to fit every horsepower need... plus a new version of the famous Mileage Maker Six.

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body ever built for a low-priced car. And no car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.

The lines got sweeter. Ford gives you the longest, lowest, low-priced car ever. Each graceful contour of its sculptured-in-steel body says, "Let's go!"

The style got smarter. With this new-look Ford you have a car that belongs anywhere! Example: all Fairlane models, including sedans, have the look of a hardtop.

The value got greater... and the price is still Ford-low. The reason—even more promise of buying a car that will keep its value high... a car that will stay worth more.

# B. & P.W. Club hear judge and solicitor general

A number of business matters were discussed.

A review of the club's activities during National Women's Week revealed the following events: The members of the Alice Bell Charn School on September 24 and 25; the attendance of four members at the banquet held in Savannah on September 26, in honor of the National B. & P.W. Club President, Miss Hazel Palmer; Radio Forum on Thursday, September 27; and other radio spots each day of the observed week.

The club appointed a scholarship qualifications committee composed of Mrs. Catherine Kirkland, chairman; Miss Maude White, co-chairman; Mrs. Nell Godbee, Mrs. Lois Scarsen and Mrs. Minnie Lee Johnson. It will be the responsibility of this committee to set up qualifications and the basis of selection to be used in naming the recipient of the three-year's nurses scholarship which will be selected by a group of distinguished persons.

Members were reminded of the district meeting to be held in Swainsboro, Sunday, October 28. Mrs. Johnson requested that a large delegation attend from Statesboro in addition to the elected delegates.

**Mattie Lively P.T.A. meets**

The Mattie Lively P.T.A. met Tuesday, October 9, at 7:30 p. m. in the cafeteria with Mrs. Lawrence Mallard, president, presiding.

The fifth grade students of Mrs. Fielding Russell and Mrs. Nattie Allen gave the inspiration. As a group, they sang "America the Beautiful," gave the 121st Psalm and sang a prayer, "Giving Thanks."

After the minutes were read reports from committee chairmen were given. Plans were discussed for the Halloween carnival. The membership committee reported more than 200 paid members and their plans for getting more.

Mr. J. Brantley Johnson gave a brief explanation of the year-books. Copies were available for all members.

Mr. Tully Pennington of Georgia Teachers College gave an interesting talk concerning the need of a good science program in the elementary schools.

Mr. J. H. Wyatt, chairman of the Bulloch County Board of Education, and Mr. Joe Neville, 1st and 2nd grades of William James. That building has had extensive repairs. This part of the program has cost the following:

**1. The city and county systems should merge into one system.**

**2. Consolidate Leefield with Brooklet.**

**3. A new high school should be built on a site to accommodate the Brooklet, Stilson and Nevils High School pupils, so that a broader curriculum could be offered.**

**4. Brooklet, Stilson and Nevils Elementary Schools should remain at their present locations.**

**5. Warnock School should be consolidated into the Laboratory School.**

**6. Middleground should be maintained for the present as an elementary school.**

**7. Portal should be maintained as a permanent elementary school. The high school should be maintained if statistics in the next three years show that high school enrollment is increasing.**

**8. Register High School should be consolidated with the Statesboro and Laboratory Schools. The elementary school should remain if enrollment is stable.**

**9. Westside elementary and high school grades should be consolidated with Statesboro. Elementary pupils should continue at Westside until space is provided in Statesboro.**

**10. The Statesboro schools should have much more space. Land might be secured by buying Negro houses adjacent to school grounds. The gym floor needs replacing. Science and homemaking laboratories and shops need extensive remodeling. Two elementary schools with adequate playground space should be built to accommodate the increasing enrollment in Statesboro.**

**For the White Citizens**

Two new elementary schools have replaced the old elementary school in Statesboro and one high school has been built in the southeastern part of the county. Warnock, Leefield, and Westside elementary schools have been consolidated as recommended. Register High School has been brought into the Statesboro and Marvin Pittman Schools. This has resulted in a broader curriculum at a cheaper per pupil cost of operation. The following is the amount spent on building needs for white children.

**For the Negro Citizens**

All old wooden buildings had been abandoned and all Negro children were housed in new modern buildings except the

**For Negro Schools**

1. Provide in new construction self-contained primary rooms as an addition to the new William James center for the pupils being provided for on an immediate basis at the original William James Center. This will be cheaper than modernizing the old building.

2. Provide a combination auditorium-physical education building to complete the plans for a modern high school program at the new William James center.

**Here! New Task-Force 57 Chevrolet Trucks!**

Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravelly sledgehammers the life out of trucks. Where a fog of supreme dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, representing light-, medium- and heavy-duty models and heavily loaded with cargo, roared north from Dawson Creek, B. C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. The fleet made normal stops along the way, and maintained safe and legal speeds. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

It's all down in the AAA record book. And more besides! Never before has a new truck been so thoroughly proved. Come in and see how well these new Alcan champs measure up to your job.

**MODERN TRAFFIC needs concrete pavement**

Highway traffic has increased steadily in weight and volume. Yet for more than a quarter of a century thousands of miles of concrete roads have rendered uninterrupted service. They are today still carrying most of the heaviest traffic.

Concrete meets every requirement of modern traffic. It is moderate in first cost. It has lower maintenance cost and at least twice the service life of other pavements. It is the safest pavement too. Its gritty surface grips tires firmly, permitting quicker stops in emergencies. Its light-colored surface allows maximum visibility at night. If you can't see you can't be safe.

Mr. Motorist, your license fees, gas and other taxes pay for building and maintaining roads. You get more for your money when roads are built of safe, durable, long-lasting concrete.

Deer loses his life after auto accident on Guyton highway

By MRS. W. H. MORRIS

On September 30, Mr. and Mrs. Larry Boasen of Guyton visited relatives here. They were returning to Guyton on Sunday night at about 9 o'clock p. m. Just before they reached the river at steel bridge they saw a man who had had an accident. He waved them down and explained to them that he had been stranded by a deer. One of his lights was broken and his radiator was damaged but there was no deer in sight. It seemed as if the deer was gone. So Mr. and Mrs. Boasen went to send some help to the man who was stranded by the road. After telling what had happened, this fellow took his dogs and they found the deer, not so very far from where the car was stopped. The deer was dead. They said it was a large buck.

I guess the man is left with the expense of car repair, and the deer paid with his life. So I guess it would even pay the animals to stop, look and listen before crossing the road, unless there are dogs after them. These men live in Effingham County.

announced at the next meeting. The co-program planning date will be December 5, and the annual banquet January 7, 1957.

We gave Mrs. Gear orders for aluminum trays to make soon. The hostesses served chicken salad, crackers and tea. It was very nice.

Three STATESBORO STUDENTS AT EMORY PLEDGE SOCIAL CLUBS

Three Statesboro students at Emory University were among some 150 women students who pledged social clubs at the closing of the "Rush Week" activities here.

Miss Sandra Harrison, Pine Air Homes, and Miss Hazel Martin, 8 West Jones Avenue, pledged the Adelphean Club, and Miss Ann McDougald, 303 Zetserow Avenue, pledged the Kite Club.

Emory's social clubs today number 11. They date back to 1854, shortly after the university was made co-educational in all its divisions and schools.

Emory's social clubs function independently of national organizations.

Mr. Hodges pointed out that numerous groups in the county otherwise also procured coverage under the program, some with as many as 100 members.

As Farm Bureau members desire various services that give the member some remunerative advantage over the non-member, the organization will try to procure them, Mr. Hodges declared. He pointed out that the life insurance on a group basis was now available as well as fire and automobile coverage.

Farmers in the Farm Bureau can save their membership dues several times over in these present services if taken advantage of. One service that has been available for several years and that is still extremely popular with the membership is the subscription to the two county papers. Nearly every member subscribes to one or the other of the papers and a lot of them take both papers.

Barney Rushing, president at Warnock, advised his group Wednesday night that officers would be named for their chapter in November and named Jesse Akins, Ivy Wynn and Randall Neal to serve on the committee. He also stated that a covered dish supper would be served at the November meeting.

Mr. Akins had qualified the county for group coverage in the health insurance service and that he had done one of the jobs ever in covering the area, and renewing Farm Bureau memberships, old and new.

H. P. Womack, county school superintendent and Joe Neville, county attorney, discussed the proposed school bond program with the Warnock group. They pointed out that the building job started had not been completed and that these bonds provided the only system they knew of to complete the program. The details of why the bonds were needed and how the levy would work were outlined and then thoroughly discussed by the members present.

SINKHOLE Dr. A. B. Daniel, member of the County Board of Education, had just a plain family talk with the Sinkhole group Thursday night. Those present entered into the discussion and all angles of the program were brought out. Sam Neville, president of the Sinkhole chapter, stated that Mrs. Gooden had also done a grand job of enrolling the members in the health service.

Mr. Neville asked the group to help build a stronger Farm Bureau to stop things from happening like is taking place with cotton. He pointed out that the actual parity on 7/8-inch middle cotton is 35 cents, and that the proposed 75 per cent parity would drop this figure to 26 1/2 cents. With a probable carry over of some 14,000,000 bales and a crop of some 13,000,000 bales this year, it would cost a lot of money to the producers. In Georgia alone the difference between 90 per cent and 75 per cent parity, it would cost cotton growers \$17,883,652 this year, which is \$26.25 per bale. Mr. Neville didn't think cotton growers could afford to lose this money.

THE BULLOCH HERALD

OUR SOIL \* OUR STRENGTH By E. T. "RED" MULLIS Soil Conservation Service

Luther Olliff, assistant soil conservationist for Bulloch County, is back on the job assisting cooperators of the Ogeechee River Soil Conservation District after three weeks of special training at the University of Georgia in Athens.

The training course in soil and water conservation included a study of soils, agronomy, the woodland management, cartography, biology, and agricultural engineering. The instructions were under the direction of a specially trained Soil Conservation Service personnel at the training center on the University campus which serves as the southeastern states.

Olliff states that special emphasis was given to the types of engineering needed to get a better job done in the application of soil and water conservation measures on the land. He thinks the time he spent at the center was well worth while in preparing him for better and more efficient service to district cooperators.

He says that specialists in their particular fields were called in from every part of the country to assist in the training and to give them the benefit of their experiences.

We are happy to have Olliff back and will be looking for better things from him in the future as a result of this knowledge and skills acquired at the university. This is one of the many ways in which the Soil Conservation Service strives to improve the performance of its employees to the end that you, the farmers, may be better served.

Mr. Rushing reported that Mr. Akins had qualified the county for group coverage in the health insurance service and that he had done one of the jobs ever in covering the area, and renewing Farm Bureau memberships, old and new.

H. P. Womack, county school superintendent and Joe Neville, county attorney, discussed the proposed school bond program with the Warnock group. At the regular meeting of the Statesboro Little Theatre on October 15, final plans for the fall production, "The Women" were completed. The play is to be given December 7 at 8:15 p. m. in the McCroan Auditorium at Georgia Teachers College.

One of the cleverest and funniest comedies ever produced on Broadway, the play's cast consists of forty-four women and no men. The author is the present ambassador to Italy, Clara Booth Luce.

According to the directors, Mrs. L. W. and Mrs. Earl Allen, the cast includes Mary Ann Morris, Dot Brannen, Sylvia Powell, Carolyn Kenan, Ann Gunter, Dot Knight, Margaret Ann Dekle, Doris Forshee, Betty Franklin, Martha Rankin, Karen Witte, Mrs. J. B. Johnson, Jane Martin, Pat Murphy, Madelyn Waters, Mrs. R. L. Wilburn, Mrs. C. W. Banks and nineteen girls from the Maquers, G.T.C. dramatic club.

"The Women" promises to be one of the most extensive productions ever undertaken by the Little Theatre. It has been produced both in movies and on TV. A current comic which is a musical is based on the story.

The 1956 Halloween parade will be held Wednesday afternoon, October 31 at 4 o'clock. It will be sponsored jointly by the Mattie Lively Elementary School and the Sallie Zetterer Elementary School.
