Editorials

Vote next Tuesday

The Bulloch County school board held a meeting on Tuesday, October 21st, where they discussed the future of their school board program. The board is currently reviewing their current program and considering changes for next year.

The Criterion wins

This year, the Criterion has won first place in the state for its annual drive for the Lord. The board is proud of the staff and volunteers who have worked hard to make this happen.

The Editor's Unhappy Chair

Ordinarily we see anyone acting in a way that shows they do not belong, we welcome them. The Criterion has been a part of the community for over 100 years, and we hope everyone feels welcome here.

They're doing ok

Friday night at the Parkersburg High School, the Criterion won first place in the state for its annual drive for the Lord. The board is proud of the staff and volunteers who have worked hard to make this happen.

..."Just tell me the time when I stay..."
Here Are The Facts On The School Bond Issue

In March of 1961 a committee of outstandingly successful school men met and recommended certain school building needs to the people of Bulloch County. This event was the result of a study made by the people of their total school program over a period of many months. In 1958 the Negro citizens of the City of Statesboro and Bulloch County had petitioned the boards of education for adequate building facilities. The city and county boards of education met together and asked for the above mentioned study to be made. Committees in every school area were organized to study the type of program necessary to satisfy the needs of all boys and girls. These committees gathered data on trends in population and population trends on the tax system and other necessary information. After carefully studying the data and visiting the schools the committee made the following recommendations:

1. The city and county systems should merge.
2. Statesboro High School and Bulloch County High School should be combined.
3. A new high school should be built on a site to accommodate the Statesboro, Brooklet, and Brooklet High School district. It should be adjacent to the Statesboro High School, and the new school would be named after Mr. John A. Robinson.

For the White Citizens

The following statements were approved by the Board of Education of the Statesboro City School System and adopted by the Board of Education of Bulloch County:

1. The present buildings in the Statesboro City School System need major improvements.
2. The school buildings in the Bulloch County School System need major improvements.
3. The new high school building in Statesboro needs major improvements.

For the Negro Citizens

The following statements were approved by the Board of Education of the Statesboro City School System and adopted by the Board of Education of Bulloch County:

1. The present buildings in the Statesboro City School System need major improvements.
2. The new high school building in Statesboro needs major improvements.

To complete the building program as recommended $800,000.00 is needed. Under the constitution a county board cannot issue over 2% of its tax base. This was done in 1951 although no new tax was passed to meet the payments. The increase in the present tax digest won't permit the amount needed.

The County Board and County Commissioners have investigated ways to solve the problem. It is recommended that the county digest, except tax on personal property, be doubled or raised to $30 million or $82 million and the millage be lowered in proportion and add $210 mil. to raise the $85,000.00 needed to meet the new bond issue.

This actually would equalize the tax load more than the present structure.

Your Taxes Will Not Be Doupled! The Tax Rate Will Be Reduced! In Direct Proportion To The Increase In Tax Digest, Plus 2% Mill Bond Tax.
