Today we give you the "new" Bulloch Herald. It makes us happy to think about it. To us it means the begin-

Some of these worries have been cleared up already. That the people of Statesboro and Bulloch county are remembering us and are rallying around us is indicated in the advertising columns of this, our first issue and in our subscription list. Postmaster Arthur Turner informed us that our mailing permit was preserved for us. The Georgia Press Association told us that we maintained our eligibility to publish the legal advertising of the county, if the county officials should designate the Herald as the official organ for the county.

We have been able to secure enough newsprint. We found a linotype operator.

And so with this issue the editors and publishers of the "new" Herald say: "Thanks, Stateboro and Bulloch county. Thank for reeiving us with open arms and a big heart."

The Herald Goes to War

Reprinted from the last issue of The Bullooch Herald

The Bulloch Herald goes to war!

On or about June 15 the last of the three Coleman boys, owners, editors and publishers of the Bulloch Herald, will take his place in the ranks of the Army of the United States.

On June 19 of last year Jim Coleman, advertising director of the Herald was called into active service and is now stationed at Maxwell Field, Montgomery, Alabama. On May 4, G. C. Coleman, Jr., associate editor became a member of the Parachute Troops of the Army of the United States and is now stationed at Camp Wheeler at Macon. On May 8, Leodel Coleman; editor, was notified by the local board that his call was near. With their permission he volunteered for the Air Corps. On May 16 he passed his preliminary physical test and will leave about June 15.

And so the Bulloch Herald goes to war!

It makes us a little sad to think about it, for it means that we must close the Bulloch Herald for the duration.

For five years and two months, we three have poured all our time, all our energies, all our hearts into every issue of the Herald. Five years full of shadows and sunshine. Five years-tough going all the way up hill, but worth every step. In 1939 we bought our first printing equipment . . . and in that same year we enlarged our plant . . . 1940 saw our paper win five Georgia Press Association awards . . . 1941 saw our paper win four Georgia Press Association awards . . . 1939 saw our application for a share in the county's legal advertising turned down . . . saw Jim taken into the army . . . 1942 sees G. C., Jr., taken into the army and now us.

faces. We lose our post office mailing permit. We lose our legal qualifications to apply for the legal advertising of the City and County.

But that is not the important thing!

There's a war going on! A war that must be won. A war that must be won by all of us . . . you and us and the man next door. Because we are all in this war, and because blood and tears and sweat don't mean a thing if they do not come from EVERYBODY. The Bulloch Herald had three men to offer and we gladly give

And our only consolation in leaving is our hope that the people of Statesboro and Bulloch county will rally around us when we come back.

And come back we will-for we can't allow ourselves to think otherwise-there will be another Bulloch Herald. A brand new Bulloch Herald-in tune with the new times, just as it has remained in tune with the changing time for the past five years.

And so until we three return-Jim, "The Skipper," and Leodelwe say "hold 'em in the road and keep Bulloch county the county where "nature smiles and progress has the right of way" and remember . . . there'll be another Bulloch Herald.

And now The Bulloch Herald goes to war!

Miss Ann Worthy Johnson, of Rome, Red Cross representative of the Atlanta office, met with the committee.

Others present were Mrs. Jessie Stetcher, Robert Donaldson, Leodel Coleman and D. B. Turner.

Judge Renfroe Talks Common Sense In Charge

Judge J. L. Renfroe, in charging the January term of Bulloch su-perior court, talked common sense language in telling them that so-ciety is now affected by two prob-lems, "Derelict man and Cerelict land."

land."

In making his charge he related the case of Shelby county, Tenn., where a county farm of 5,000 acres was purchased 16 years ago. "It was mostly waste land," said Judge Renfroe, "But a man with courage was put at the head of the operation of the farm and now the place is valued at \$2,500,000. including \$125,000 worth of pureblood cattle."

"Poor soil makes poor crops... poor crops make poor people, and

must have processing plants."

Judge Renfroe commended the state and county health departments for the progress made in promoting the good health of the

pronoung the people.

He presented a group of figures to the members of the grand jury indicating a lack of interest on the people in the circuit part of the people in the circuit in votng. "Of the 25,169 people in the four counties of voting age only 5,579 exercised their right to vote in the 1942 primary" he said. "Of the 13,436 n Bulloch county of voting ages only 2,870 voted."

"Of the 13,436 n Bulloch county of voting age, only 2,830 voted." He concluded his charge by asking the grand purors, "How is the law being enforced in your district?" He then pointed out that there are a lots of violators of the law on Sundays in the county. "We need more public sentiment for law enforcement" he said.

To the Voters of Bulloch County:
As a candidate for another twoyear term for chairman of the
board of commissioners of roads
and revenues of Bulloch county. I
wish to thank you for your support
during the past. I apprecite to the
fullest the opportunity of serving
you. At all times I have co-operated with the schools and all other
denartments of the county govern. departments of the county govern-ment and city administration. It has been my deside to give you the best service possible working with the other two commissioners Five years ago our board began plans for a number of county improvements, such as road paving, bridge and road construction, enlargement of the Bulloch County Hospital, remodeling the court house and jail, the building of a new prison camp, etc.

house and jail, the building of a new prison camp, etc.

Then, as you know, came Pearl Harbor, and in order that we might put every effort into the winning of the war we gave up the best road equipment we had to further the war work at the gov-ernment's request, and our work ernment's request, and our work was limited to only a small part of peacetime activities. Since the war closed, the county has been able closed, the county has been abl
to purchase new equipment fo
road work and is completing
new prison camp for housing it
prisoners. Plans are practically
complete for more than doubling
the capacity of the county hospi
tal. Our health department is getting back on before-the-war basis
and, joining the Federal Government and other local units of government, we have just begun a ernment, we have just begun a county-wide program of Brill's fever and malaria control, spraying all homes in the county this year with DTD. The State Highyear with DID. The State High-day Department has just informed us of the re-opening of all Burton's Ferry road contracts from States-boro to Sylvania, and an early let-ting of ten miles of paving from the Teachers College to Denmark on State Route 67 to Pembroke. Surveys and plans for post roads in the county are nearing comple-tion and we expect soon to see con-tracts let for completion of grad-ing and paving of several of these

cally stopped during the war, I will appreciate the opportunity of serving you again for the next two nmissioners, and with my past erience, if re-elected I feel l can carry to completion the pr gram set up by your board of cor

Most annual flowers will stand transplanting, and if sown in the house, or in a greenhouse, hot-being rock of flowers.

Asters, petunias and snapdragons especially should have this early start, because they are slow to germinate and mature. In setting out plants arather than sowing seed direct there is another advantage, which lies in the placing of plants. Since flowers are usually planted in borders, rather than in rows, and often must be placed between established plants, it is not easy to be sure of growing plants from seed in exactly the desired location. Another advantage is that thinning out plants becomes unnecessary, and seed thus goes much farther.

Many flowers have very small seed, which must not be covered

The Editors The Bulloch Herald, Statesboro, Georgia

The Bulloch County Bank welcomes you back to Statesboro and Bulloch County.

Bulloch county is proud of her sons who served in the armed forces in World War II, just as proud as those who remained home to help you all on the fighting fronts.

We welcome you back HOME. We hope you find many years of peace and prosperity that all our veterans so much deserve.

You as newspapermen have a definite responsibility to this community. We hope that from your war experiences you have learned tolerance and understanding that you may serve our city and county better.

So on your first post-war issue we say, "Congratulations and Good Luck." our city and county better.

Sincerely, THE BULLOCH COUNTY BANK
