The exhibit will be open all day from March 31 through April 4.

**NEW TC President Sighs Over Short-Lived Career**

In the dim and dusty caverns of the Emory University Research Library, the solemn brown-eyed young man Tuesday contemplated the prospect of becoming one of Georgia's youngest college presidents with pleasure, pride and a slight twinge of purely personal regret.

He is 34-year-old Judson Clements Ward, who will succeed Dr. Marvin S. Pittman September 1 as President of Georgia Teachers College at Statesboro.

Dr. Ward, known at Emory and in his native Cobb County as "Jake", is understandably pleased at being selected to succeed his old boss, Dr. Pittman, who, although retired, will remain on the faculty with the title of President Emeritus. But he can't completely squelch one faint, infinitesimal sigh over the fact that his career as a classroom teacher—"a natural-born teacher," they call him at Emory—has been short-lived.

"I loathe teaching. To me there's no higher calling," admitted young Dr. Ward with a very smile. "But on the other hand, there's no more important work being done anywhere, and especially in Georgia, than the training of teachers. I hope to continue the good work Dr. Pittman has done

**Sheriff Deal Hits Toledo Headlines**

The job of being sheriff of Bulloch County is never without interesting potentialities—which can at times be dangerous.

A lead story on the front page of March 8 Toledo (Ohio) Times features Sheriff (Stohard) Deal waging at his job of sheriff of Bulloch County when an interesting potentiality becomes a reality. The story in full, reprinted from the Toledo Times, is as follows:

Three Toledo detectives and a Georgia sheriff were injured yesterday (March 7) when a shackled prisoner suddenly went berserk and attacked them in the office of Detective Captain Owen Green on the second floor of the Safety Building in Toledo, Ohio.

Before half a dozen startled detectives could subdue the prisoner, Sheriff Deal, who had been called to Toledo to assist in the arrest of a man charged with the murder of Sheriff Stohard Deal, Statesboro, Ga., kicked Detective Sergeant Earl McBride and Walter Bielefeld in the groin and shins and smashed the right hand of Detective Sergeant Owen Green.

Three times King gave up his battle only to attack again, before he finally returned quietly to his cell, his mood and tone subdued. However, as he hobbled, his legs manacled, he turned to the bleeding sheriff Deal and said: "Let's you and I put on boxing gloves and I'll lick hell out of you."

Editor's Note: Sheriff Deal states that he did not hear King make this statement.

The sheriff was driven north, accompanied by his wife, expecting no difficulty in taking the prisoner back alone. Immediately after he had returned to his hospital, however, he telephoned his office and ordered a deputy to fly to Toledo.

The sheriff was hiding good-bye to Captain Green at his desk when the unexpected attack came. Detective Captain Ralph Murphy had stepped to his private offices for extradition waiver papers King had signed for his return. King, six feet one inch tall, suddenly raised his handcuffed wrist and brought the metal chain across Sheriff Deal's mouth.

Captain Green jumped from his chair to seize Deal. As he did, Sheriff Deal pushed King from the rear and Captain Green toppled backward with the prisoner and sheriff on top. Lieutenants McBride and Fisk leaped to the fray and King gave up.

As King lay on the floor, apparently subdued, Captain Green and Lieutenant Bielefeld tried to put shackles on Deal. He lunged

**NEW TC President Sighs Over Short-Lived Career**

In the dim and dusty caverns of the Emory University Research Library, the solemn brown-eyed young man Tuesday contemplated the prospect of becoming one of Georgia's youngest college presidents with pleasure, pride and a slight twinge of purely personal regret.

He is 34-year-old Judson Clements Ward, who will succeed Dr. Marvin S. Pittman September 1 as President of Georgia Teachers College at Statesboro.

Dr. Ward, known at Emory and in his native Cobb County as "Jake", is understandably pleased at being selected to succeed his old boss, Dr. Pittman, who, although retired, will remain on the faculty with the title of President Emeritus. But he can't completely squelch one faint, infinitesimal sigh over the fact that his career as a classroom teacher—"a natural-born teacher," they call him at Emory—has been short-lived.

"I loathe teaching. To me there's no higher calling," admitted young Dr. Ward with a very smile. "But on the other hand, there's no more important work being done anywhere, and especially in Georgia, than the training of teachers. I hope to continue the good work Dr. Pittman has done

**Sheriff Deal Hits Toledo Headlines**

The job of being sheriff of Bulloch County is never without interesting potentialities—which can at times be dangerous.

A lead story on the front page of March 8 Toledo (Ohio) Times features Sheriff (Stohard) Deal waging at his job of sheriff of Bulloch County when an interesting potentiality becomes a reality. The story in full, reprinted from the Toledo Times, is as follows:

Three Toledo detectives and a Georgia sheriff were injured yesterday (March 7) when a shackled prisoner suddenly went berserk and attacked them in the office of Detective Captain Owen Green on the second floor of the Safety Building in Toledo, Ohio.

Before half a dozen startled detectives could subdue the prisoner, Sheriff Deal, who had been called to Toledo to assist in the arrest of a man charged with the murder of Sheriff Stohard Deal, Statesboro, Ga., kicked Detective Sergeant Earl McBride and Walter Bielefeld in the groin and shins and smashed the right hand of Detective Sergeant Owen Green.

Three times King gave up his battle only to attack again, before he finally returned quietly to his cell, his mood and tone subdued. However, as he hobbled, his legs manacled, he turned to the bleeding sheriff Deal and said: "Let's you and I put on boxing gloves and I'll lick hell out of you."

Editor's Note: Sheriff Deal states that he did not hear King make this statement.

The sheriff was driven north, accompanied by his wife, expecting no difficulty in taking the prisoner back alone. Immediately after he had returned to his hospital, however, he telephoned his office and ordered a deputy to fly to Toledo.

## A Verse For This Week

Men seldom think deeply on subjects in which they have no choice of opinion; they are fearful of encountering obstacles to their faith—as in religion—and so are content with the surface.—Sheridan.

## My Community-- Today and Tomorrow

Recently the Georgia Power Company announced a contest open to high school students. Medals will be given to the writers of the best essays on "My Community—Today and Tomorrow." Last week we published the essay written by Miss Betty Ann Sherman, the runner-up in the girls' division. The high school here the essay by Dan Bilitch, the runner-up in the boys' division. As soon as we may, we will announce the winners in both divisions and publish their essays. We are publishing these essays because they indicate how our young people are thinking, and we believe that the way they think is very important to Statesboro and Bulloch County—for the way they are thinking today is the way they get tomorrow.

(By Dan Bilitch)  
Statesboro, the county seat of Bulloch County, is located in one of the best agricultural and livestock regions of the future. Bulloch is one of the richest farming sections in the state. Statesboro is the center of a large tobacco growing area and its markets led the state in the number of pounds of tobacco sold during 1946. It is also a big market for peanuts, which is one of the principal products in Bulloch. Bulloch's chief products are cattle, hogs, peanuts, tobacco, cotton, grain and corn. Bulloch's climate is very mild and permits the growing of a great variety of crops. The prosperity of Statesboro depends largely upon the income from Bulloch county farms.

My community needs, most of all, a recreational center for high school youth. I think this is very essential to a community and I believe we have one in the future. We have recently organized a teen-age tavern where we can dance and play games every Saturday night.

Statesboro has a fine educational system but we are in great need of two improvements. We need new school buildings and the high school teachers should be paid more. We should do all that we can to promote this idea and I'm sure our state will increase the amount to be paid the teachers. Statesboro is the home of the Georgia Teachers College and we are proud of this educational institution. We have the best white and colored schools in the state with eleven grades and we are in the stalling the twelve grade system next year.

## Will We Ever Learn?

Will we ever learn? The answer seems to be "Never." And because we will never learn it cost us \$4,000,000 during the past four months. A recent survey by the State Forestry Department reveals that forest fires in the state since November of last year have damaged our timber resources to the extent of more than \$4,000,000. 500,000 acres have been burned over and because of the dry winter and high winds the damage was great. The Forestry Department believes that fully 85 per cent of the woods blazes were preventable. Many of the fires were set by

Patrol Craft 777  
She has no tiny Jap flags, nor tiny red signs painted on the side of her wheelhouse, publishing her combat missions and war record. And the mounts for her 20-millimeter guns are empty and the gun in her bow is covered with canvas and her "ash-can" racks are bare.

But PC 777 had a part in World War II just as important as seeking out and destroying Jap barges, shipping and planes. For, you see, Patrol Craft 777, is a training ship and was a training ship during the war. She is now seeing duty at Savannah as a training ship for the organized reserves of the U. S. Navy.

SPAM SANDWICHES  
At noon we had sandwiches—SPAM SANDWICHES—and then we knew the Skipper was serious about this training business, for we might just as well have been at sea carrying a crew of 54 with 12 officers and 21 guinea pigs.

NAVY COFFEE IS GOOD  
We went aboard the ship at 7:45 and were greeted by the Commander and Lieutenant Commander David Morrison, skipper of the ship and battalion commander of the Organized Reserve in Savannah. We were made comfortable and immediately sought out the galley for a cup of coffee—for there is one thing for which the Navy is famous—its coffee. We had left Statesboro in the early morning hours without that necessary day-trainer. PC 777's coffee was in the true Navy tradition—good.

PC 777 TOOK IT EASY  
PC 777 took it like a lady—easy, with her prow high and her stern low. She was a citizen, and I, as a citizen, am going to try and make it that way.

## Good Books Are True Friends

In the best books great men talk to us, give us their most precious thoughts, and pour their souls into ours.—Channing.  
By Mrs. F. F. Baker

"RED MORNING"—By Ruby Frey. This is a sensational first novel, dealing with the period of the French and Indian War, the story taking place in Pennsylvania. It is the leading character, and it with her sick husband and a group of prospective settlers, are waiting for an outpost for the professional guide to lead them to the Western Lands in Ohio. Her husband dies. Jane doesn't want to go back East and looks around for another husband. Her choice is John Frazier, a fur trader, who has a cabin on Turtle Creek. To get to the cabin she settles down becomes an affectionate friend of his. Her interest in him is not only because of his handsome looks, but because of his character. Her interest in him is not only because of his handsome looks, but because of his character.

"THE STARDUST ROAD"—By Hoagy Carmichael. Remember when you were a "flapper" back in the early 20's?—(if you were a boy you were a "shiek") and went slightly crazy over the new "jaz hands"? Short skirts were just coming in, and shingled hair. If you don't remember, this book won't mean a thing to you. This is the story of the days of Hoagy's youth, and the events that led to the creation of the classic "Stardust" plus "Lazybones" and "Rockin' Chair" and it is a perfectly wonderful job of writing. Hoagy's genius isn't his musical.

The Mystery of the Week is "MY LATE WIVES"—By Carter Dickson. This is a fine example of that rare phenomena—the truly humorous detective story. One scene, which takes place in a penny arcade, left me slightly hysterical, but the humor never intrudes upon the more serious business of detection. The sleuth is that grand old man, Sir Henry Merrivale,—need I say more?

On a visit to Bombay, Mrs. Werber met a girl who resembled Mary Ann so much it was startling. A marriage was arranged between the girl, Mary Ann, and Rashid, and he was celebrated in old Moslem style, the ceremony lasting three days and costing a fortune. This book tells more about Indian life, customs and religions than any I ever read before. It explains a good deal about the Hindu caste system that is hard for us to understand. Mrs. Werber and her daughter were regarded as "untouchables" by the Brahmins, and even though they were the best of friends, the Brahmins could not touch anything the Werbers had handled without breaking caste. It created delicate situations at times but the fact that the friendships survived proves the intelligence and understanding of the author and her daughter.

## BEWARE OF WHAT YOU SIGN!

The Bulloch Citizens' Temperance League Says: Legalized and Controlled Sales of Alcoholic Beverages and Liquors Must Go!

The Temperance League is trying to petition the Ordinary to call an election in Bulloch County to do away with the legalized, controlled sale of whiskey.

BE SURE TO CONSIDER THE EFFECT OF YOUR SIGNING SUCH A CARD OR PETITION.

Do you realize that the State of Georgia is receiving approximately \$20,000,000 a year from taxes and licenses for the sale of alcoholic beverages and liquors?

That Bulloch County and the City of Statesboro combined are receiving about \$75,000 annually from the same source?

That voting dry means a wet county, without lawful control; and no taxes from the sale of whiskey?

That voting dry means an increase in your taxes, which must be paid by you?

That it takes taxes in order to run schools, pay teachers, maintain hospitals and to pay other public expenses: And that the cry now is for more and more money for such purposes?

That to vote dry will call for a big force of County Police to enforce a farcical dry law?

That you will be taxed more and more to help carry this extra burden?

That it is better for the morale of the people to patronize a lawful enterprise than it is to patronize an unlawful one?

## City Provides Free Parking

The City of Statesboro has secured the use of a vacant lot to be used as parking space for the automobile owners of Statesboro. Mayor Gilbert Cone announced this week that the city has arranged with Mr. Roger Holland for the use of the vacant lot back of the College Pharmacy for parking space. He stated that the city is clearing the space which will park 240 cars. He hopes that business people in the city will use it so that the parking spaces on the main streets in the business section of the city will be made available to city shoppers and visitors from the county and other sections of the county.

This lot will give Statesboro two large free parking spaces. The other one is between the city office and the North Hotel. He also stated that the parking meters are on order.

Full information on how veterans can take advantage of the chance to reinstate their lapsed National Service Life Insurance is now available at the Veterans Administration Contact Office at Statesboro, Jack I. Biles, VA Contact Representative, reported today.

New legislation just passed by Congress gives veterans until August 1 to reinstate their war-time policies without a physical examination or red tape. Low-cost NSLI policies have long been described by insurance experts as the greatest amount of protection under the most liberal terms at the lowest cost.

For the next several months, veterans may reinstate their

NSLI term policies simply by paying two monthly premiums and filling out a reinstatement form.

The Contact Representative at the Statesboro office will assist veterans in filling out the form. The office is located at 22 1/2 East Main Street.

The form may also be obtained by writing directly to the Insurance Service, Veterans Administration Branch 5, Atlanta 3, Georgia.

PULPWOOD

Rings Mr. Hartman's Register

"Anything that stirs up and increases trade is good... pulp and papermaking does just that," according to C. C. Hartman who runs a store at Jesup, Georgia.

"Fifty extra dollars received for pine trees harvested from a previously idle woodlot represent hundreds of dollars in trade when they have passed around and finally been rung up on my cash register and those of other merchants in Jesup.

"Extra dollars from extra pulpwood, which almost any farm can grow, are like the cup of water you put in the pump to make it produce gallons."

Because of the steady market for pulpwood, it is a valuable builder of trade for general business in the Southeast. But, without the kraft paper industry to buy it, pulpwood could prime no trade pumps... increase no farm incomes.

Pulp and paper mills have helped fill out the economy of the Southeast... they have provided the source of that extra income which makes a profit margin for many farmers and their home towns.

## BEAUTIFUL DANCE

Miss Mary Jon Johnston, the daughter of Mr. and Mrs. Grady Johnston, was hostess at a lovely dance Friday evening at the Woman's Club room, the occasion being her twelfth birthday. The St. Patrick motif was very effectively used. Over the mantel was a large white shamrock on an Irish green cloth background, while burning green and white candles with hanked green ferns and ivy, decorated the mantel. Bowls of spring flowers were used to bring added beauty. On the table was a white cloth, with a green runner through the center, and twelve green and white candles centering the table. On a small table near the door was the birthday book, and each guest wrote their favorite birthday wish.

From the lights, which were covered with green paper, hung large clusters of balloons.

To get better acquainted, the Grand Changeball march was played and led by Mrs. J. Brantley Johnson and Mike McDougald. Other interesting games were played and Mike McDougald, Patty Banks, Lane Johnston and Don Johnson played recorded dance music and dancing was enjoyed the rest of the evening.

35 N. F. A. BOYS WORKING ON SEVEN HOME PROJECTS IN BULLOCH

Thirty-five N. F. A. boys of the Statesboro High and Industrial School are now active in carrying out seven home practice projects under the supervision of R. W. Campbell, teacher of vocational agriculture. The projects are 15 good-grade beef steers, 3,000 baby chicks for the year, 75 acres of Whaley's prolific corn, 15 acres of oats, five purebred gilts, and four acres of sweet potatoes.

Each of the 35 boys in the group has a project. The vocational ag. teacher visits each boy once every month in addition to the daily classes.

## MARINE RECRUITERS TO BE IN STATESBORO EACH WEDNESDAY

Sgt. James G. Hartman, of the Savannah Marine Recruiting Station, will be in Statesboro each Wednesday during the month of March to interview men between 17 and 29 who are interested in enlisting in the Marine Corps.

Sgt. Hartman will explain to prospective Leathernecks the advantages of serving a three or four year cruise with this famous military organization.

Men who enlist prior to the official termination of the war and serve for ninety days are eligible for the full benefits of the G. I. Bill of Rights. While serving with the Marines a man may take advantage of the opportunity to continue his education through the Marine Corps Institute which offers over 160 high school, college and technical courses free to Marines.

Marines are serving in all parts of the world today. China, Gwyn, Hawaii, Philippines, Japan, Tinian and other foreign ports have Marine stations. Men of the Marine Corps also serve aboard battleships, carriers, and cruisers of the U. S. Navy.

Sgt. Hartman will open an office in the Post Office Bldg. at 9:00 A. M., and remain open until 4:00 P. M.

## Your Legislature

The House passed last Wednesday a vote of 112 to 71 a 3 per cent sales tax bill. Under a resolution by Representative Byrd, of Taylor, the act was limited to a period of 6 years. Under provisions of the bill, tokens would not be used; goods costing 9 cents and under would go tax free; goods retailing between 10 and 30 cents would be taxed one penny. On other sales merchants would compute the 3 per cent tax to the nearest penny. Also, merchants would be required to pay a straight 3 per cent tax on all sales regardless of the fact that they do not collect a tax from the consumer on goods costing nine cents and under. The bill now goes to the Senate where considerable amending is expected.

A resolution to continue federal financing of school lunch programs in Georgia has been passed by the House. A similar resolution will be sent Georgia's delegation in Congress.

The Senate Appropriations Committee has slashed to \$950,000 the original two million dollar annual allotment to increase the pay of school bus drivers. It was explained by Senator Callaway of the 35th district that the two million figure was an error and that the \$950,000 would give drivers a 50 per cent pay increase.

Representatives Hill and Thompson, of Meriwether, have introduced a bill which would require all persons installing or constructing a septic tank for the disposal of sewage, and all engineers or architects supervising such construction, to submit plans for the job to the State Department of Health.

The "just-right" pigs that he raises are no accident. Mr. Fletcher has for a number of years bought the best pigs he could find in the corn belt, both males and females, as foundation for his herd. These "vankeo" hogs have made it possible for this herd to

bring the most number of dollars of any hog marketed.

## Bulloch 4-H Club Members to Compete For Poultry Prizes

Ten Bulloch county 4-H club members started a poultry chain in the county this week. Each of the clubbers were given 100 baby chicks by Sears, Roebuck and Company. The clubbers will finish the chicks out and bring in 12 of their pullets for a show in the fall. These 12 birds will be sold at auction, with the club members having the right to buy them if they so desire. The proceeds from these 12 birds will be used to carry the chain on to other club members next year.

The 10 members of the chain will compete for four \$12 prizes, three \$8 prizes and four \$4 prizes. Clubbers introducing the chain in Bulloch county with the 100 chicks are Durman Nixon, Raymond and Roger Hagin, Lyonell Griffin, Emory Goelber, Murray Mobley, Sally Fordham, Yvonne Blackburn, Carolyn Wilson, June Stephens, and Betty Jo Hart.

J. G. Fletcher Sells 690 Pound Hog For \$138.34

Bulloch county's 1946-47 marketing season champion hog came to town recently and the owner carried home \$138.34 for it.

J. G. Fletcher has long been known for his blue-blooded hogs, some of the best spotted Poland China hogs in the state as far as looks and blood lines are concerned, but he has not generally been known as the man that always went for the largest hogs.

Mr. Jess sold a sow that weighed 690 pounds for \$20.18 per hundred. As far as is known, this is the largest hog sold here this season and brought the most number of dollars of any hog marketed.

## West Side Farm Bureau Begins Corn Contest For Prizes

West Side Farm Bureau started a community corn contest among its members Tuesday night. C. J. Hendrix proposed that they all chip in \$5 each for prizes and then get as many members to enroll as possible to see who could produce the most corn per acre. It was Mr. Hendrix's idea that this would be about the best way to find the right method to produce the most corn and he expressed the feeling that every man in the community needed more corn. Those entering the contest at this meeting were J. W. Anderson, Henry Blitch, William Smith, Mr. Hendrix, W. H. Smith, P. Joyner, J. T. Youngblood, Dorris R. Cason, Fred Blitch, L. G. Banks, R. T. Taylor, and Lloyd Hollingsworth. The group will probably be enlarged at the next meeting. The announced contest appealed to those that planned to grow cotton.

Judge J. I. Renfro urged the members of the Portul group Wednesday night not to only observe their natural resources and take advantage of those natural assets but to make a special effort to improve their property by landscaping their homes, painting up the buildings, install modern labor saving improvements in a and around the home.

Mr. Renfro expressed the belief that these things would make living more beautiful and help retain more of the young people in the county. The population in the county is gradually declining, Mr. Renfro pointed out

Mr. Sanders' neighbors say he never feeds poor hogs. If one does not look just right, he gives it away and puts the feed in good hogs.

The thirty head he sold last week all looked exactly alike, and were every inch purebreds.
