## Quotable from Coach [Chad Willis](#)

### *On Tuten's career night*

"I'm really proud of Ryan. We knew that she was going to be an option tonight. We talked about one of the best things about her is that she is someone who just goes in and gets after it. We talk about going high and hard and good things will happen for you, and that was the situation tonight where she just went in across the front and let it loose and didn't really care about the end result, was just going to get after it. That's the kind of effort that we've been talking about all year."

### *On losing the first two sets*

"I think that was probably more indicative of the five-setter we played last night. I had a feeling we might come out a little flat, and so one of the things we talked about was that we're going to have to be low error. Louisiana is a pretty efficient team - one of the more efficient teams in the league. Our contact on the ball was pretty sloppy all the way around in those first two sets, but once we settled into the third and got into the match a little bit, you started to see the potential of what we can be. So now it's just a matter of trying to find that consistency."
