What does your bank consider a good loan? 0 mman. A. Marchanan and annu. It's a good loan when it can meet these tests: Is the purpose of the loan constructive? Will the loan really help the borrower? Can the loan be made without contributing to rising prices? Can the borrower repay the loan out of his earnings without hardship? When the answer is "yes" to these questions, the loan is most likely to be approved. **Bulloch County Bank** STATESBORO
