became must have filled with the realization that here is tangible evidence of a job well done.  
When everyone had had their say, Ruth Rebecca, speaking quietly and easily, told of her great love for Bulloch county and its people, revealing that she still lives in Bulloch county and only visits Atlanta because that is where she works. She recognizes the 4-H Clubs as the greatest organization in the world.  
She spoke lovingly of her mother, Mrs. Franklin, and of the tremendous lift she gets when she drives her car up in front of her home near Register.  
Included on the program was piano music by Johnny DeNitto, of Brooklet, a tap dance number, a skit, and a reading by Marjorie Floyd.  
And then came the big moment—DeVaughn Roberts, of Nevils, presenting Ruth Rebecca with the choicest piece of steak from the "fatted calf," his grand champion steer.

**These prices feature "Extras" that aren't!**  
If you're price-conscious these days as you shop for new cars, you've probably made a big discovery.  
It's important to find out what the price includes—particularly in the normal "spread" between list and delivered prices.  
Take these Buick prices given here. All of them, as the panel tells you, cover such universally wanted accessories as radio and antenna, heater and defroster, windshield washers and built-in back-up lights.  
These are individually itemized on your bill of sale. Not itemized, but still included in your Buick when you get it, are many things that classify as extra-cost items on many other cars.  
For instance, Foamtext seat cushions are an extra value on Buick SUPERS and ROADMASTERS that cost you nothing extra. You get direction signals, rear wheel shields, a flexible steering wheel, an air cleaner, an oil filter, a clock—all included in the basic list price. On all ROADMASTERS, these prices even cover Dynaflo Drive as standard equipment, not an extra-cost item.  
Included also, of course, are such Buick extra values as Fireball power, which you get nowhere else—all-coil springing, almost an exclusive—the widest rims in the industry—and that very special and desirable solid Buick feel.  
So—check the "extras" when you price today's cars. Check the "deal" too, and make sure it's as fair and aboveboard as the Buick sales policy.  
We're pretty sure what your conclusion will be when you see what stepped-up production is doing to deliveries. You'll decide "Buick's the buy!"—and get your order in.

The health department is recommending the spraying of every home in which flies and mosquitoes are a problem or a nuisance. Dr. Lundquist states that the DDT spraying of your home not only protects you, but it also provides protection for your neighbors. "The more DDT put out and the more houses sprayed, the cleaner Statesboro will be from insects," he said.

Miss Groover will give the class address at the graduation exercises, and Miss Sherman will give the welcome address.  
**J. H. VAUGHN**, superintendent of Magnolia Springs State Park, near Millen, announces this week that the swimming pool at the park will be open Saturday, May 21, for the summer season. Work continues on clearing up the park and streams and will continue until the job is well done, according to Mr. Vaughn.

## Dr. Caldwell Is TC Commencement Speaker May 30

Dr. Harmon W. Caldwell, Chancellor of the University System of Georgia, will deliver the baccalaureate address at Georgia Teachers College on Monday, May 30, at 10:30 a.m. Dr. Zach S. Henderson, president of the college, announced this week.  
Commencement services will be presided by Dr. Walter R. Courtenay, pastor of the First Presbyterian Church, Nashville, Tenn., on Sunday, May 29, at 8 p.m.  
Dr. Courtenay, graduate of the Princeton University Theological School, is the husband of Mrs. Emily Simpson Courtenay, formerly a member of the health and physical division of the Teachers College.  
Both services will be held in the college auditorium.

## TC Students, Chamber of Commerce 'Air Differences' Between City-College

At the regular meeting of the Statesboro Chamber of Commerce on Tuesday at the Norris Hotel, Statesboro business men saw Statesboro as the students of Georgia Teachers College see it.  
Representing the college, Jim-my Gunter, president of the student council, presented the principal "gripes" that the college students hold against the city. At the same time he presented the other side of the picture, outlining the valid "gripes" that Statesboro holds against the college students.  
Prefacing his statement he suggested that the heart of the "friction" that might exist between the college and the city lies in the fact that the college, as a whole, is condemned for the actions of a few, and that Statesboro is condemned for the actions of a few. In itemizing the things the students complain about, he called attention to the following:  
No special student admission fare to the picture and the baseball games; the lack of friendly greetings in the city's places of business when college students patronized them; no place for students to go at night; the inaccessibility of Statesboro by rail and bus, and indifference in support of college activities.  
Presenting Statesboro's complaints he called attention to the fact that a few bad checks have been given merchants by a few college students; the hitchhiker hazard on the city streets; the unwelcome and unfriendly attitude of students picked up and taken from school; not enough seats in the college auditorium for the more popular presentations; poor telephone service; the use of "collegese" instead of "Statesboro" in the dateline of news stories carried in daily newspapers on college activities.  
Then Mr. Gunter offered several suggestions which the student council would like to see carried out. They would like more meetings with the city's business men like the one held Tuesday; they would like to see the management of the Statesboro movie and baseball stadium offer special rates to the college students; they would like to see "Welcome" signs erected over Statesboro streets during "Freshman Week" at the college; they would like to see civic clubs sponsor a reception for all the new teachers, both of the college and high school, and elementary schools.  
He called attention to the blood donations of college students for patients at the county hospital. He pointed out that college students cheer for the Blue Devil high school football opponents, because most of the opposing teams represented the high school from which many of the college students had graduated.  
Following his presentation, members of the Chamber of Commerce expressed their desire to work out a basis for complete friendly relations between the city and college.  
Walter Aldred, president, named Wendel Burke, Gilbert Cone, and Jimmy Redding as a committee to make recommendations to the organization of which it might help promote the college.

## Statesboro Pilots Win First 4 Games For Fast 1949 Season Beginning

The Statesboro Pilots took off for a flying start in the first four games of the 1949 baseball season.  
Thursday night last week in the season's opener in Metter the Pilots defeated the Metter Bombers 6 to 1. The second game, the home game opener, the Pilots again defeated the Bombers 4 to 2.  
Monday night of this week the Pilots defeated Thomson, in Thompson, 8 to 6, and on Tuesday night when Thompson played on Pilots Field the local boys won 12 to 4.

## Weaver Honored By T.C. Reflector

The 1949 Reflector, yearbook of the Georgia Teachers College, is dedicated to Dr. Herbert Weaver, chairman of the Division of Social Sciences at the college since 1940.  
Dr. Weaver will join the faculty of Vanderbilt University in September as professor of history. He will move to Nashville, Tenn., in June and will teach in the summer session at Georgia Peabody College for Teachers.  
The yearbook dedication is a tribute to the popularity of Dr. Weaver and a recitation of his achievements.  
During World War II he was a major in the Army Air Force Intelligence. He is the author of a history of the Air Force, two volumes of which have been published.  
Dr. Weaver received his doctor of philosophy degree at Vanderbilt, as did his wife, Mrs. Blanche Clarke Weaver, of Lexington, Ky., former dean of women at Vanderbilt.  
James H. Evans of Statesboro is editor, and Bernard S. Morris of Statesboro is business manager of the yearbook.

## Health Department Says Inoculate Dogs

According to a report made by the Bulloch County Board of Health, 4,734 dogs were inoculated for rabies in the county for 1948.  
According to the report there have been more than 25 rabid foxes reported in the county since January 1, 1949.  
The health authorities cite these figures to impress dog owners with the necessity of having their dogs inoculated.  
Beginning May 24, clinics will be held in every militia district in the county. Postcard notices will be mailed, giving the time, dates, and places where the inoculation clinics will be held.  
Dog owners and keepers are urged to bring their dogs to these places to have the dogs inoculated. To do so will avoid extra expense and penalties.  
Landlords are asked to urge their tenants to cooperate with the program to protect the health of their children and livestock.  
The law provides that dogs not inoculated since January 1, 1949, must be inoculated and have a 1949 tag and certificate, regardless of the date in 1948 they were inoculated.

### Cancer, in Masks and Robes, Strikes

WE ARE going to try to write this as simply as we can.

We are going to try to stick strictly to the facts as they were presented to us.

We secured these facts from a source which we consider unquestionable.

We assume full responsibility for what we are about to write.

To put it simply—

On Sunday night, April 24, a man was beaten with a rubber hose.

On Sunday night, April 24, a woman, heavy with child, was struck over one eye.

It happened in our community.

The man is a Negro.

The woman is a Negro.

They live on a farm belonging to Mrs. E. A. Smith about 18 miles from Statesboro between Port and Graymont. They are of a family which has been living there for three generations.

The men who beat the Negro man and struck the Negro woman were masks and robes.

The series of events leading up to the incident on the night of April 24 began on Sunday, April 10.

On that Sunday, Estus Williams, together with James Sapp, Eulace Williams, Albert Peterson, and Rawleigh Ellison, all working on Mrs. Smith's farms, were on their way to Metter. They were in an automobile driven by Eustice Williams.

About eight miles from Port an accident involving the car driven by Eustice Williams and a car driven by the son of Delma Hendrick. Mrs. Hendrick was in the car.

There are no witnesses to the accident other than those involved.

It is said that the negroes talked loudly about damages, and the woman, evidently terrified, promised to take care of the repair costs.

On Tuesday, April 12, the Sheriff of Candler county went to Mrs. Smith's farm and told the five negroes that the accident case was going to be settled, and to come with him to Metter.

They went with the Candler County Sheriff.

Upon their arrival in Metter they were placed in the Candler county jail and put under \$300 bonds.

They were charged with drunken driving. This, they deny.

Bonds were arranged. A Mr. Woods went to the bond of Eulace Williams. Herbert Aaron went on James Sapp's and Albert Peterson's bond. Mrs. E. A. Smith went on the bonds of Estus Williams and Rawleigh Ellison.

Then on Sunday, April 24, shortly after Eustice Williams had gone to bed, it happened.

A gang of men, masked and wearing robes, broke into the home of Eustice Williams. They got him out of bed. They struck his wife over the eye. They carried Eustice Williams to one of four automobiles waiting in the lane. With four men cars waiting in the road from which the lane leads.

The gang of men drove Eustice Williams to Emanuel county—just over the line—and lashed him with a rubber hose.

They left him there.

A beaten man.

On Monday, April 25, the authorities were informed of the attack and the beating.

Then for several nights there followed a series of visits intended to intimidate and harass the Negroes in a sort of a community on Mrs. Smith's farm.

Eustice Williams moved over to the house of his aunt who lives some distance from his home. There a car drives up and parks close to the house for most of the night. Off and on during that night the doors and windows of the house are rattled and shook.

The next day Eustice Williams and Rawleigh Ellison leave the state of Georgia.

On Saturday, May 7, an attempt was made to further intimidate James Sapp.

He was on his way to put up his tractor when a group of men, with arms, stopped him on the road to Aaron station and tried to force him into their car. A farmer, who lives nearby, intervened on behalf of the Negro, and the men left James Sapp alone.

Statements from the Negroes are in the hands of our solicitor general.

Bulloch county law enforcement officers have an excellent record in running down law violators. Bulloch county juries have proven fair, and have arrived at verdicts with a minimum of prejudice.

Our superior court judge is well known for his honesty and high regard for justice.

And men who stand in our courts can know that here they will receive no less, nor more, than they deserve.

But here a group of men disregard all this. Hot tempers, ignorance, prejudices... all running away from reason. They take the law into their own hands.

Here is scold evidence that the symptoms of cancer have been found in Bulloch county.

For can you doubt that these masked and robed men are the Klu Klux Klan? Masks and robes—symbols of violence and terror.

"Bulloch County, where Natures Smiles and Progress Has the Right of Way."

Bulloch county—number one county in livestock industry.

Bulloch county—which honors one of its favorite daughters, speakers saying pretty words about the "finest county in the state."

Statesboro, Bulloch county—seeking new industry.

And Brunswick, Ga., losing a prospective factory employing 500 people, because a Pennsylvania manufacturer suspected a cancerous condition in the community—the Klu Klux Klan.

And now here it is in our community!

And to say "those men may not be Bulloch County citizens" is not enough to reconcile our lethargy.

The Junior Chamber of Commerce in many communities is succeeding in getting city councils to outlaw the wearing of masks. These young business men are planning steps to ask the General Assembly to outlaw the wearing of masks anywhere in Georgia.

In the meantime the conscience of the citizens of Bulloch county must demand action designed to curb the recurrence of the events of that Sunday night, April 24.

It is said that the negroes talked loudly about damages, and the woman, evidently terrified, promised to take care of the repair costs.

On Tuesday, April 12, the Sheriff of Candler county went to Mrs. Smith's farm and told the five negroes that the accident case was going to be settled, and to come with him to Metter.

They went with the Candler County Sheriff.

Upon their arrival in Metter they were placed in the Candler county jail and put under \$300 bonds.

They were charged with drunken driving. This, they deny.

Bonds were arranged. A Mr. Woods went to the bond of Eulace Williams. Herbert Aaron went on James Sapp's and Albert Peterson's bond. Mrs. E. A. Smith went on the bonds of Estus Williams and Rawleigh Ellison.

Then on Sunday, April 24, shortly after Eustice Williams had gone to bed, it happened.

A gang of men, masked and wearing robes, broke into the home of Eustice Williams. They got him out of bed. They struck his wife over the eye. They carried Eustice Williams to one of four automobiles waiting in the lane. With four men cars waiting in the road from which the lane leads.

The gang of men drove Eustice Williams to Emanuel county—just over the line—and lashed him with a rubber hose.

They left him there.

A beaten man.

On Monday, April 25, the authorities were informed of the attack and the beating.

### It Will Make Us Happy

TECHNICALLY, We remove that blank space under our "Editor's Uneasy Chair" this week. For the Swimming Pool is completed. But it is not yet open.

It is expected to be open on June 1.

With the first splash of water made by the first youngton of Bulloch County we will fill that blank space, which has been running on the editorial page of The Herald for many months.

We put there a constant reminder that the swimming pool must be completed.

The pool now stands completed.

And June 1 is set for the official opening.

The issue of June 2 will see the "Hole in the Ground" filled up.

And it will make us happy.

### Make Way For A Hero

IT IS GOOD to see that Marietta is mobilizing to make the most of the opportunity to welcome home its famous son, General Lucius D. Clay.

And the best part of it is that regardless of how big the "welcome home" becomes, it can't possibly be out of keeping with the kind of reception the "cold war" hero really deserves.

Deprived of the chance to show his ability in a combat command, General Clay was the toughest assignment of the peace and so handled it that time alone can make the true evaluation of the job.

When Marietta rolls out the royal carpet of welcome, may she do it in such a way that Lucius Clay will entertain no doubt about his standing among the folks at home—Cobb County Times.

### They Excel in Farming, Too

THREE BULLOCH county Negro youth have been recognized over the state of Georgia.

Horace Jones, W. J. Cone, and Patrick Jones, members of the Brooklet Chapter of the Negro Farmers of America, have been awarded the "Modern Farmers Degree" for 1947-48. The award was made recently at the state convention of the Georgia Association of the Negro Farmers of America held at Camp John Hope.

It is announced that this year, for the first time in the history of Bulloch county, a Negro youth will be honored with the title of "Superior

### A Baby Nobody Wants

REAL ESTATE GROUPS

GOOP

BRINKING MIRETS

Now Cliff Bradley has it all worked out.

By a set of figures he has it worked out that there are only two people in the United States left to do the work, and they are Bonnie Morris and Cliff Bradley.

And somebody said Bonnie had gone fishing.

According to Cliff's figuring, there are 135,000,000 people in the United States. Of these, there are 27,000,000 people who are 65 years of age or older, which only leaves 108,000,000 left to do the work. (Aside: Cliff doesn't allow for Dr. Kennedy, Mr. Dave Turner, Charlie Oliff, and a score of others we know to be over 65 who are still doing work.)

Then, says Cliff, there are 8,000,000 perverts who do nothing but travel over this great nation of ours, which leaves only 100,000,000 people to do the work.

And his figures point out that there are 2,000,000 people out on strike and not doing any kind of work, leaving just 98,000,000 people left to do the work.

Then, there are 54,000,000 young'uns 21 years old or younger who are not supposed to work, which leaves 44,000,000 left to do the work.

Then, there is that vast army of folks who work for the government, and Cliff's figuring just subtracts them from the people

left to do the work, which is now only 23,000,000.

Then he subtracts the people who are working for the cities and states—there are 12,800,000 of these, leaving only 10,200,000 to do the work.

And, according to Cliff's arithmetic, there are 10,000,000 people in our armed services, which only leaves 200,000 left to do the work.

And with 126,000 people in hospitals and asylums, there are only 74,000 left to do the work.

Then (and here's where we take issue with Cliff), he says there are 62,000 d.m.s. writers, and others who don't work, leaving just 12,000 people left to do the work.

We're going to change this last figure to 61,999 writers, and others who don't work, which (now) leaves just 12,001 people who are left to do the work.

And Cliff figures there are 11,998 people in the jail houses which leaves just three people who are doing the work...

Cliff Bradley, Bonnie Morris, and us.

They say Bonnie has gone fishing.

That leaves Cliff and us.

And someone said Cliff was playing golf.

So, any dope can see that there is nobody left to do the work but us.

Farmer" by the Negro Farmers of America. This degree is the highest any boy studying vocational agriculture may attain in the N.F.A. Several others will be awarded the degree of "Modern Farmer." Their names have not yet been announced.

R. W. Campbell, teacher of vocational agriculture, trained these Negro boys. Their work is a definite contribution to improved farming in Bulloch county.

It is fitting that these Negro youth be recognized.

We believe Bulloch county's Master Farmers and farm leaders will concede that Bulloch county Negroes can be excellent farmers, too.

WELCOME WAGON SERVICE, INC.

Last week, Ed, Beth and I left for Waycross to get the low-down on a prospective job for my husband, who will finish at G.T.C. this month. We ran into, and through a little rain, but only enough to be aggravating.

I had wired Dean and Quillion Robertson to expect us. (They went over in March and had written that they were prepared for company.) After greeting our host and hostess, the first thing we talked about was the job. Quillion works for the man whom Ed was to see the next morning. When we had covered that subject, I wanted to know about the city—so I asked.

They were enthusiastic on that score. Waycross has an organization which welcomes newcomers in a royal manner. Neighbors or merchants notify "Welcome Wagon Service, Inc." when a family moves into town and then the city extends friendly greetings.

A kindergarten teacher brings you a batch of cards which entitle you to lovely complimentary gifts and services. Dean hadn't used all of hers, but had received a miniature gold-plated pitcher from Churchwell's Department Store, a box of stationery from a drug store, and certificates from the Colonial Store for three loaves of bread.

She still has one for a free shampoo and set from the Ware Hotel Beauty Shop, a free luncheon at the Ware Cafeteria; one dollar in cash or savings stamps when they open their account at the bank; complimentary dry-cleaning; a free lubrication job from a service station when they buy 10 gallons of gas, and a bottle of polish from a furniture store.

Florists in town send bouquets to first-born babies, and a drug store gives the baby oil or powder. Free birth certificates are sometimes issued, but I'm not sure what the circumstances are.

I believe I've covered them all. Now have you ever heard a nicer way to make newcomers feel at home? "Welcome Wagon Service, Inc." has operated for about 10 years; however, it had to be discontinued during the war, because the turnover of residents made it impossible to keep track of the people.

When you present your card, you are taken on a tour of the establishment. You meet the manager and some of the employees.

You are made to feel welcome and anyone who has ever moved to a strange community can realize just what this means.

Of course the stores can't lose. Every family needs groceries, gas, and gadgets. The small outlay of gifts made by the firms is bound to bring in future trade from the people to whom they have been so friendly.

A project on this order might be practical and profitable for Statesboro. How could it fail?

### This Is Your County

Editor's Note—This week we continue the series of articles, "This Is Your County," written from facts compiled by the industrial engineer of the Georgia Power Company for Bulloch county.

This week we continue the discussion of improvements which might be made in our county. Last week it was suggested that irrigation might improve the county and prove profitable.

It is now suggested that a grain market with an adequate elevator storage might be a decidedly worthwhile objective for the near future. A seed treatment plant would be a logical adjunct.

The planting of okra for the extraction of edible oil ought to turn out to be a profitable specialty because the yield per acre is said to be from three to five times that of cotton seed.

Then, too, hybrid sunflowers provide a high yield of seed oil second to none for culinary uses in and margarine.

If facilities for the processing thereof were made available, such better grocery stores among other fruits as figs and muscadines or succupernous could be grown more extensively and, as sidelines on the farm, there might be cultivated some of the culinary or medicinal herbs for use as savories or in the production of essential oils by simple steam distillation possibly in community-owned portable equipment.

These herbs might embrace several varieties of mint, dill, marjoram, rosemary, tarragon, thyme, fennel, lemon balm—all of which yield essential oils. There are also chives, parsley, sage, sweet basil, and garlic.

Having made suggestions for the increased production of certain crops we touch first upon "food processing" to add maximum value to these crops.

In connection with the establishment of a Farmers Market, we can visualize the promotion of a superfine cooperative (this term is not intended to be synonymous with subsidized, tax-exempt, and otherwise privileged "co-ops" politically established) or community enterprise which will provide pleasant employment and, at the same time, give maximum enhancement in value to raw products of the area.

Most anything you may see, in better grocery stores among other things, such as sweet corn, lettuce, cauliflower, broccoli, tomatoes, carrots, celery, onions, parsnips, Brussels sprouts.

### BROOKLET (MRS. JOHN A. ROBERTSON)

## JUNIOR-SENIOR BANQUET

Following an annual custom, members of the junior class of Statesboro High School were hosts to the seniors at a banquet, held at Forest Heights Country Club Friday evening, May 13.

The decorative scheme took its cue from "Springtime" and the long tables accommodating the boys and girls presented a colorful scene, with bowls of snapdragons, larkspur, and stock placed at intervals. Easter lilies were used in other places in the club room. The places were marked with small yellow folders, the cover bearing the name and handprinted dogwood blossoms. The menu and program appeared on other pages. The menu consisted of tomato juice cocktail, baked ham with cole slaw, potato salad, spiced peas, hot rolls, and iced tea, with ice cream and cake for dessert.

Jimmy Johnson, president of the junior class, extended the welcome and Franklin Foss, president of the senior class, made the response. Selections were given by the girls' chorus, composed of Party Odum, Lucile Pursley, Kitty Deal, Betty Brannen, Virginia Lee, Floyd, Barbara Ann Brannen, Betty Anne Sherman, and Peggy Joe Burke.

Billy Rushing gave a toast to the seniors which was acknowledged by Daniel Blitch, Superintendent S. H. Sherman made the class "Bon Voyage" in a fitting and inspirational talk.

Other high school faculty members present were Mrs. S. H. Sherman, Miss Mary Lou Carmichael, Mrs. D. L. Deal, Mr. and Mrs. Leodei Coleman, Mr. and Mrs. James Hall, Miss Miriam Minney, Mr. and Mrs. Sam Franklin, Miss Velma Kemp, Mr. and Mrs. Don Coleman, and Mr. and Mrs. A. L. McLemore. Mothers assisting in planning and entertaining were Mrs. Jims Jones, Mrs. J. B. Johnson, Mrs. Henry Blitch, Mrs. Waldo Floyd, Mrs. Ernest Backley, Mrs. Russ Lee Prosser, Mrs. Don Thompson, Mrs. O. Cliff Everett, Mrs. J. F. Darley, and Mrs. F. I. Shearouse.

## Personals

Mr. and Mrs. Elbert Chambers and daughter, Margaret, left Sunday for their home in Puerto Rico after visiting Mrs. Chambers' mother, Mrs. W. H. Blitch. After a few weeks, Mr. Chambers and family will be transferred to the States and will be located at Daytona Beach, Fla.

By HANK DONCHEVSKY  
Golf Professional, Forest Heights Country Club

**THE PIVOT:**  
The pivot, above all else, is the hardest thing in your complete swing to master, because the weight of your body must shift from one foot to the other.

In my first article I discussed the gripping of the club, and in the second the stance. Now it is time to bring them both back again. Taking for granted that your stance and grip are correct, we must then take the club away from the ball with our left hand, setting or shifting our weight to our right foot all this is happening until the club reaches the top of the swing. Now, as your club starts coming down again, all your weight must shift again, but this time to your left foot. This shifting of the weight is to be done so that you can allow the club and yourself plenty of free movement, also, so that you can take the club back and through properly.

Next week I will write on the head and body position. However, it's now time for some golf news.

Last week, Mr. Oliff and Mr. Stockdale defeated Harry Minkovitz and Bill Beck, making them eligible to enter the finals against C. C. Coleman Jr. and Sidney Dadd.

This match was played the past Sunday and the team of Oliff and Stockdale was victorious. This tournament went off in fine fashion, with every member enjoying the keen competition, and, I must say at this time, true sportsmanship was shown all the way through.

Sunday, May 22, something new for the country club will be tried—a Scotch two-ball event. Every one desiring to play must sign up by 1:45 Sunday afternoon so that we may have time to pair off foursomes as fairly as possible. Let's all join in this event. For those who don't understand how this event is played, I will try to explain as briefly as possible. For instance, John Doe and Bill Jones are partners. Both drive from the first tee and the best drive is taken. From there on, they alternate shots around the course. Golfingly yours,  
HANK D.

BULLDOG FIRST RED CAPS HOLD FIRST PLACE

The Bulldogs continued their victory march last Saturday when they pushed out the fighting Red Caps by a 5 to 3 score, forcing the Red Caps out of their second place position down into third place.

Evans did the hauling for the Bulls, striking down 10 men, Eddie Hodges did the work on the mound for the Red Caps giving up only four hits. Wayne Parrish did the heavy work at the bat for the Bulls with a clean 1000.

Junior All-Stars Down Metter 13 to 5

Metter's ball club took three shellacks from Statesboro last week when the Bombers lost two games to the Pilots, and the

depth of Topsoil

When America was first settled, the topsoil averaged about nine inches in depth. Today the nation average is six inches. Moreover, nature must work 300 to 1,000 years to rebuild one lost inch.

"Panning" Vegetables
"Panning" vegetables is a method of cooking young, tender vegetables on top of the stove in a heavy frying pan with a close cover to hold in the steam.

Junior Boys bowled over the Metter Junior Club 13 to 5. Wendel Marsh did the pitching for the Junior Boys giving up three hits. Preston Easter took the batting honors with a .500 average. Hutchingson and Trappell did the hurling for the Metter Juniors, giving up only five hits.

SWAINSBORO DOWNS SENIOR BOYS 14-13

Last Friday the Senior Boys journeyed over to Swainsboro to receive a 14 to 13 defeat in a merry-go-round game. Newton took the credit for the loss. The game went into one extra inning after a 13 to 13 tie on Friday the 13th. McGlennery came through with a home run in the sixth with the bases loaded, but a galaxy of errors cost the Senior Boys the game.

HERE'S WHY "Job-Rated" PICK-UPS CUT YOUR HAULING COSTS

- 1 Economical, L-head "Job-Rated" engine—featuring "Floating Power" mounts; removable pre-lube bearings, and floating oil intake—provides the right power, with economy!
2 Rugged front axle, with wider tread—gives new safety, new ease of handling.
3 Riding is improved, greater spring life insured, by longer, rear-shock front springs.
4 An entirely new design of "cross-type" steering, in combination with shorter wheelbases, lets you turn around in narrow streets. Turning diameters are as small as 38 feet in the 1/2-ton model, both right and left.
5 Husky, silent 3- and 4-speed transmissions insure smooth, flexible operation, and long life.
6 Side rails of high-strength steel, with five sturdy crossmembers in the 108" and 118", and six in the 128" wheelbase models, including channel-type front bumper, produce an exceptionally rigid frame.
7 Smooth riding and long life are assured with 52 x 1 1/2-inch rear springs, of famed Armco steel.
8 6 1/2-, 7 1/2- and 8-foot bodies, of 44, 56, 68 and 87.28 cubic feet capacities, on 108", 118" and 128" wheelbases—provide far greater load space than other pickups.
9 Dodge "equal-pressure" hydraulic brakes embody the finest features of modern brake construction, including longer-wearing Cycle-Weld linings.
10 Heavy-duty, long-wearing hypoid rear axles, with a wide variety of gear ratios, insure maximum performance, economy, and long life.
Pick-Ups are available in 12 different "Job-Rated" models. Gross vehicle weight capacities range from 4,250 to 7,500 pounds (nominal ratings—1/2-, 3/4- and 1-ton). Dual rear wheels are available on the 1-ton model.

New Swimming Pool To Open June 1; Dedication At 2:30 P.M.

June 1 is the day! 2:30 is the hour! The swimming pool will open. For ten years the youth of Statesboro have waited for this announcement, and when they turn out for the opening day, they will know that it has been worth it.

One of the finest swimming pools in the state of Georgia, it is a monument to the patience, the perseverance, the determination, and the work of more people than almost any community project in Statesboro... for the youth of this section. The new pool is 45 feet by 110 feet, and designed to handle 350 swimmers, based on the census of the community. The side walls are painted a sea green; the bottom, white with black racing-lane markers. Three spring boards, including two 1-meter (about three feet), and one 3-meter tower (about 10 feet). The water will be from three feet deep to nine feet deep, with four ladders along the side walls. The immense filters will change a water completely every eight hours.

The architect is Ben P. Retzer of Savannah. Plans call for the addition of nine classrooms and enlargement of stage and auditorium. A brief dedication ceremony will open the pool next Wednesday afternoon at 2:30. Mayor Gilbert Cone will make the dedication and receive the keys from the city engineer, James Bland. A swimming and diving exhibition is scheduled for the opening. Every citizen in the county is invited to attend. It's your pool. Enjoy it!
