DEDICATED TO THE PROGRESS OF STATESBORO AND BULLOCH COUNTY. STATESBORO, GEORGIA, THURSDAY, APRIL 20, 1950 NUMBER 22

League of Women Voters to Query Local Candidates

Candidates in this summer's primary will shortly receive the new familiar questionnaire sent by the League of Women Voters prior to each election. The questions are already prepared for mailing as soon as the entries close April 29.

Local candidates will be asked to answer this questionnaire: 1. (a) Since the primary in light of the equivalent election, will you work to tighten the legal controls safeguarding these elections? (b) Do you favor returning to a September primary date set by law?

2. (a) Will you work to protect permanent registration of voters? (b) Will you insist upon the enforcement of the county law provisions in the registration law which provide for automatic purging to keep voters' lists up to date? (Ga. Laws 1949, pp. 1204, Ga. Laws 1950, pp. 126.)

3. Will you work to secure a thorough revision of our present tax system before voting for additional taxes?

4. Will you endeavor to get adequate home rule for cities and counties (local control of purely local matters, such as terms and salaries of local officials, form of local government, and zoning and planning laws)?

5. Will you work to bring under the merit system those state employees not now under it (except those in the governor's office)?

General questions about the candidate himself will include: What public offices have you held? How many relatives employed by county or state? What benefits do you think the citizens will receive if you are elected?

Even since it was formed, this 30-year-old organization has been asking candidates such questions before each election; to help applicants' replies are given wide publicity by the League as a service to voters. The organization then follows up on the replies of candidates who take office and prior to the next primary, as a further service to voters, publishes records of those officials offering again for election.

But with that done, the League of Women Voters itself, a non-partisan organization, operates on the principles of "Vote as you please, but vote."

Containers of book matches, listing the seven symptoms that may mean early cancer, will be placed in stores, hotels, clubs and other public places throughout the county to fight against the nation's most dread disease.

Patrons of these establishments displaying the matches are asked to give what they wish for a book of matches that "may save your life."

Funds from the matches will be used to help in the fight against cancer. Society's programs of education, research and service to Georgia cancer patients.

These recommendations include: 1. Elimination of left turns into South Main street from West Vine street and from East Vine street.

2. Elimination of left turns into Courtland street from North Main street.

3. Elimination of left turns into Courtland street from North Main street.

4. Installation of a traffic light at Grady street and South Main street, fixing the light to remain on "Go" until traffic on Grady street has cleared.

5. Resetting the traffic light in the center of the business section to give southbound and westbound traffic more time to make turns.

6. Replacing traffic control light at Parrish street and North Main with a flashing "blinker" type light.

7. Police assisting traffic at the Main streets intersection during rush hours.

8. All truck deliveries be made at the rear of business houses, except where provisions cannot be made.

9. Tighter control on double parking.

10. Installation of a traffic control at West Main street and College street.

It was suggested that city and county officials try to have the State Highway Department reurface U.S. 901 from the Savannah River to Folkston and build a new bridge at Doctortown across the Altamaha River.

It was also suggested that the city consider the advisability of installing one-hour parking meters on North and South Main streets or for the entire business section.

Mr. Derrick told members of the committee that Statesboro's traffic problem is not nearly as bad as many of the small cities on Federal highways. He said that he believed the problems here could be worked out.

He is to return to Statesboro in about 30 days with a team of experts to make a traffic survey to determine the exact needs for the smooth control of traffic through the city.

THE MARYLAND FOLK SINGERS, of State Teachers College, Frostburg, Maryland, will appear at Georgia Teachers College Monday evening, April 24. Fat Stock Show To Draw Over 100 Fine Cattle

The eleventh annual Fat Stock Show will be held at the Bulloch Stockyards Thursday, April 27, 1950. The 58 Junior entries and 27 adult entries, which were interested in good cattle.

The show is being sponsored by the Lions Club, Farm Bureau, Rotary Club, Sea Island Bank, Bulloch County Bank, Chamber of Commerce, and the Junior Chamber of Commerce.

Actual showing of cattle will begin at 9 a.m. Thursday and should be completed around noon. The sale will begin at 1 p.m. Mr. Hodges stated. The 58 Junior entries and about the same number of adult entries will be delivered to the barn Wednesday, cleaned and bedded down by the night. Final judging and polishing will take place from daylight to 9 a.m. Thursday.

Most of these cattle have been on feed for 120 to 180 days and are finished, generally, better than any of the previous shows.

Junior entries will be divided into four classes, three for 4-H Club boys and girls, and one for the college group. There will be 10 placings in each ring. Cattle shown by adults will be shown in two pen groups, with five placings.

This year's show, he thinks, will place 200 or more purebred cattle in the county within six months. This will mean more dollars to farmers, businessmen, and the county.

Improvement in traffic problems of Statesboro is the aim of a traffic planning committee of 18 businessmen of Statesboro, working in cooperation with Mayor J. Gilbert Cone, Councilman I. M. Foy of the city street committee, and City Engineer James Bland.

Monday afternoon of this week, reports and recommendations are being made to the committee. These sub-committees were heard and discussed.

William S. Derrick, traffic expert of the State Highway Department, met with the committee and is helping its members with direct contributions to the fight against the nation's most dread disease.

During last week these three committees made a preliminary survey and presented their findings and offered recommendations Monday.

These recommendations include: 1. Elimination of left turns into South Main street from West Vine street and from East Vine street.

2. Elimination of left turns into Courtland street from North Main street.

3. Elimination of left turns into Courtland street from North Main street.

Mr. Derrick believes many of the problems here are purely of local origin.

Problems created by trucks in the business section were discussed and recommendations will be made at the proper time.

Mr. Derrick warned the committee against trying to activate too many measures at one time in order to control traffic. He believes that gradual activation of several well planned measures will find instant acceptance of the public, and a quicker and more cooperative effort on the part of the auto-driving public.

Sub-committees of the traffic planning committee include: Ike Minkovitz, chairman; Dr. R. J. Kennedy, L. J. Shuman Jr., Alfred Dorman, W. W. Strickland, and Fred W. Hodges; H. W. Smith, chairman; Loy Waters, C. F. Olliff, L. G. Lanier, J. R. Donaldson, and Paul Pankin Jr. Dr. Glenn Jennings, chairman; Renner Brady, Russ Anderson, Hoke S. Brumson, Math Alderman, and Harry Cone. I. M. Foy of the city council was present at the meeting.

The committee authorized Mr. Derrick to go ahead with plans for making a traffic survey here as soon as possible.

Following the meeting Sidney Dodd, present member of the House of Representatives, qualified as a candidate for state senator from this district and Algie Trappnell, Bulloch county's other representative, qualified to succeed himself.

Mr. Jowen has announced that he is a candidate for the place now held by Mr. Dodd.

Georgia Teachers College will offer four local concerts during the remainder of April.

Prof. Jack Brockuck and a former student, W. Newsum Sumner, Jr., will give a duo-piano recital tomorrow evening, and the famed Maryland Folk Singers of Frostburg State Teachers College will appear on the college stage on Monday. Both programs will begin at 8:15 p.m. and will be free of any admission charge.

The college will present the Philharmonic Choir at the Baptist Church this Friday night and at the Methodist Church on Sunday night, April 30.

The appearance of the Maryland Folk Singers is being sponsored by the Statesboro Woman's Club and the Statesboro Music Club in cooperation with the college.

These singers are the only color-legend organization fostering a sole interest in American folk music. They have the high endorsement of Dr. Ronald J. Neil, chairman of the division of music at the college.

"The Parade of Progress"

WHO SAYS Statesboro and Bulloch counties are not growing? Now comes figures from the U. S. Department of Commerce, Bureau of the Census, giving a picture of the growth in dollar volume trade from 1939 to 1948.

According to the figures released this week the retail sales in the county during 1948 aggregated \$12.4 million, an increase of 76 percent over the \$4.5 million in 1939.

Wholesale sales in the county reached a total of \$12 million in 1948 compared with \$3.6 million in 1939.

And the service trades recorded receipts totaling \$542,000 in 1948 compared with \$137,000 in 1939.

Employment rose over the nine-year period between 1939 and 1948. On November 15, 1948, the retail, wholesale and service establishments in the county em-

ployed 922 paid employees as compared with 637 for the same date in 1939.

All around us we see tangible evidence of our steady and healthy growth. New homes, new businesses, new industries, improvements to existing businesses, and industries... home improvements, school improvements, church improvements, recreation advancements.

All moving forward in the Statesboro-Bulloch county "Parade of Progress." And all because of a faith in our community, because of a love for our community, because of the integrity of our business-citizen relationship.

And the community consciousness of every citizen in Statesboro and Bulloch county.

It's good to live in Statesboro, Bulloch County.

Our Youth Moves Us Forward

BECAUSE OF seven students at Georgia Teachers College, Statesboro moves into a class with Atlanta, Savannah, Columbus, and other communities loosely termed as cities.

Because of these seven students — Archie Nesmith of Oliver, Douglas Moore of Juniper, Jackie Knight of Brooklet, Martha Driskell of Waycross, Mary Brannen of Statesboro, Betty Ann Sherman of Statesboro, and Billy Moore of Fitzgerald — citizens of this community will have the opportunity to hear one of the top six organists perform on the college's Hammond concert organ on the evening of May 1.

To John Q. Public the name Richard Ellsasser means nothing. But to music lovers, and organists especially, the name stands for the ultimate in organ music.

Richard Ellsasser, only 23 years old, is Minister of Music at Wilshire Methodist Church of Los Angeles, California. He is considered one of the six great living performers on the organ. His career is, without doubt, one of the most phenomenal in the pages of organ history. At the con-

sole of the organ he is exuberant, driving, he surprises, fans out, encircles, and captivates all who listen.

Called "Paganini of the Organ," he is as great an organist as Fritz Kriesler is a violinist, and Arthur Rubinstein is a pianist.

And his coming to Statesboro is definitely a tribute to the students who are responsible for securing him.

These students are all members of the Teachers College group of the American Guild of Organists, the only organization of its kind in Georgia. They are all studying the organ for careers as church organists under the direction of Jack Brou-

We commend these students. And we urge every citizen of this community to hear this world-famous musician.

Tickets may be secured at Henry's Department Store or from the students who are sponsoring the organist.

And to the Chamber of Commerce we suggest a vote of appreciation for this step taken in the cultural progress of our community.

So, You Need a Match

SO, YOU NEED a match to light your cigarette, your pipe or cigar... or you just want a match.

And you see a box of book matches on the counter at your elbow. And it says at the top: "Take one! Pay what you wish!"

You reach to get a book of matches, and you read further: "These matches may save your life. Know cancer's seven danger signals. All money goes to help the research, education and service programs of the Georgia Division of the American Cancer Society."

So, you put a penny, a nickel, or a dime or a quarter or more in the slot and take a pack of the matches and light your cigarette, pipe or cigar.

But you can't forget the message you read as you reached for the matches.

Cancer is killing more than 2,800 men, women and children in Georgia every year—but the lives of others that cancer strikes—others that ten, or even five years ago would have been lost—are being saved.

One-third to one-half of those cancer strikes can be saved if treated before it is too late.

Your membership in the Cancer Society will help the program of research, education, and service to cancer victims.

Go ahead and put a coin in the slot for your book of matches, but also join the Bulloch County Cancer Society and know that you are aiding someone whose life might be saved. And, who knows, it might be your own.

Up She Goes Again...

STAND 'ROUND, all you guys and gals of the senior class of Statesboro High School... and you, Genevieve, Shirley, Barbara Ann, Jamie, Patty, and Jimmy, come in closer... for we are about to toop up our best-up hat high into the air and shout "Hooryay!"

These representatives of the Statesboro and Bulloch county high schools brought fame and recognition to their schools in the annual literary meet of the First District High School Association held at the college last Friday.

place in the spelling contest with an average of \$2.5.

For Statesboro High School, Genevieve Guardia, daughter of Mrs. J. E. Guardia, won first place in the girls' essay contest; Jamie Daughtry, son of Lieut.-Col. Barney Daughtry, won third place in the boys' essay contest; Shirley Gullodge, daughter of Mr. and Mrs. M. M. Gullege, won first place in the home economics contest; and Barbara Ann Jones, daughter of Mr. and Mrs. Jimp's Jones, won third place in girls' voice solo.

For Nevils High School, Miss Patty Lanier won first place in home economics, and the debating team won first place.

For Teachers College Laboratory High School, Jimmy Clark won first in boys' vocal solo.

Most of our readers remember the days when the district meet was an event of the year, and a place in an event was put the winner in the school's hall of fame.

So, for all you winners, we take our hat in hand and throw it high into the air and shout, "Congratulations!"

So, You're 18 Years Old

HOW OLD are you? Eighteen? Well, that's fine. Now you can register and vote in the election on June 28.

Oh, you didn't know that? Well, in Georgia you can vote if you are eighteen years of age and are properly registered.

And you owe it your state, county, and community to take advantage of this privilege, for you are special. Only in Georgia are young citizens who are eighteen years of age eligible to vote. In every other state in the Union a citizen must be 21 years of age to qualify to vote.

Go to the court house and register today! Then, on June 28, step proudly up to the polls and vote for the candidate of your choice, and know that you are having a part in the affairs of our city, county, and state.

Verse For This Week

A good character, good habits, and iron industry are impregnable to the assaults of all the ill-luck that fools ever dreamed of.—Addison.

Dusting Him Off?

Editor's Uneasy Chair

HE'S THE SORT of boy you would order if you were about to become a mother and father and were given an opportunity to draw up specifications of what you would like your child to be.

Not a big boy. Just a little shy, some freckles—not too many—a cow-lip, clean and shiny, a soft voice, not aisek-smart, but intelligent, ambitious; but not wanting to set the world afire.

Just all boy. Jimmy Deal, 15-year-old son of Mr. and Mrs. Randolph Deal, of RFD 2, Brooklet, raised some chickens for us under the 4-H Club-Chamber of Commerce Member agreement. We bought a hundred biddies for Jimmy and he raised them and gave us 15 for the freezer locker. He was one of 21 4-H Club boys of Bulloch county who made that 4-H Club-Chamber of Commerce Member deal.

We took an interest in Jimmy. We visited him and he came to see us at our office. He brought his mother and father in to see us and we've seen them in Statesboro.

ALL'S FAIR

Those jitterbug-to-jalopy kids are working very hard to sell cakes and pies on the court house yard.

They look mighty good, the cakes I mean, but most of the girls are wearing blue jeans.

A trip to Tybee is their vacation goal, so when you see the J.T.'s, just get out your biffoid.

And when company comes to see you from the nearest city, you won't have to sing that ungrammatical ditty: "If I'd a knowed you was a-comin' I'd a baked a cake..."

MELBA PROSSER came up with this one as she spied a prospect: "I COULD make you a nice sales talk, but I'd rather you'd just buy the cake."

EASON EVERETT, manager of the Atlanta office of the Reconstruction Finance Corporation hobnobbing with his country nephew, Cecil Kennedy, on the street Saturday. Both looked dapper and distinguished.

LUCKY GAL Elizabeth Deal, better known as "Pid," has a lovely vacation in store. "Pid," who teaches American children in Caracas, Venezuela, S. A., has received an invitation to spend a month in Paris as a guest of Mr. and Mrs. Bellew. Mr. Bellew is assistant to U. S. Ambassador McCaffrey in the French Embassy. "Pid" will go with the Bellews to their summer home on the French Riviera for six weeks. Would that we could dream on the shores of the blue Mediterranean with blue skies overhead. Oh, well, how blue can one get.

YOUNG MATRONS pursuing art—Ruth Waters is specializing in camellia prints and gaudy patterns. She has painted "Patsy McDonald." Jo Bilch is swinging along with regular class work under the direction of Frieda Gerant.

CANASTA PLAYERS give Georgia Brett a real scare: On Saturday evening, Georgia Brett assisted Dorothy Johnson (Mrs. Grady) in entertaining a group of Mary Jones' friends at a Canasta party. While she was in the kitchen, the boys and girls slipped out and pushed her car down the inclined driveway into the back yard.

When Georgia missed her car she was definitely on the panicky side. As she started to call the police, the innocent young folk were so obliging. Jumping in a car, they assured her that they would notify the police and help in the chase. Georgia by that time was frantic. Dorothy, who was probably in on the prank, suggested that she look in the back yard.

FARM BUREAU

Bulloch county tobacco growers don't have to worry about plants each year, if the feeling found at the Sinkhole Farm Bureau meeting Thursday night can be used as a guide.

Some thirty tobacco growers were present, and none of them were having to buy their tobacco plant. They grew their own. They were ready to set out plants on time—good plants—and there were no "shortages" in their counts. In fact, there was simply nothing wrong concerning tobacco plants in the community. And everybody was happy over the outlook for tobacco.

These men not only set out their own acreage, but sold ample plants generally to pay expenses involved in growing their own.

Jim H. Strickland, Delmas Rushing, John M. Strickland, and some others put the story this way: Plant the beds early; high enough so that they can be drained well, and close enough to water that they can be watered if necessary. Use plenty of fertilizer and keep the plants covered with Fernate to prevent blue mold damage. Should it turn red (down to 90-95 degrees), put a little extra cover on the beds.

These tobacco growers have plants every year—on time, and at a reasonable cost.

The need for using certain temporary grazing crops such as millet and soybeans was discussed at the Ogeechee and Warnock meetings of the county.

The three groups meeting made a study of milking methods and how milk is produced by the cow. A travel picture was also a part of their programs.

Sinkhole group enjoyed a covered dish supper, Ogeechee a roast beef supper, and Warnock enjoyed their "final of the season" oyster supper.

Mrs. Dan C. Lee, president of the county's associated women, asked each group to select their Farm Bureau group before May 15. The county queen will be named at that time and will be entered in the district contest in June.

THE Winged SEED!

Equipped with a wing, the seed of the pine tree flies through the air with the greatest of ease, but unlike the man on the flying trapeze it affords no thrill to spectators and serves no purpose in remaining aloft.

It would be impossible to even estimate closely the number of seed produced annually by seed-bearing trees on Georgia's 25 million acres of forest land.

Yet we know that many billions of these seed germinate and produce seedlings or young pines which, if protected from fire, will within a few years produce income for their owners and raw material for the state's expanding forest products industries.

Nature provided the pine seed with a wing and nature does a better job of reforestation than man, if adequate seed trees are left following a wood harvest and proper fire protection is afforded the cut-over area.

We cooperate with nature in the production of trees on our own lands and encourage our neighbors to do likewise. This is good business for us and good business for the landowners from whom we purchase pulpwood.

Miss Francine Hall Becomes Bride Of Air Force Captain John F. Jones

Marked with dignity and simplicity, the marriage of Miss Francine Hall, daughter of Rev. and Mrs. Wilburn Hall, of Mobile, Ala., and Captain John F. Jones of the U. S. Air Force, son of Mr. and Mrs. H. P. Jones, was solemnized Wednesday, April 22, at the Brookley Field Air Base chapel with Rev. Black, pastor of Spring Hill Church, officiating.

Quantities of Easter lilies, calla lilies and white candles in cathedral chandeliers decorated the chapel. Tall cathedral candles marked the aisles. A pre-nuptial musical program was rendered by Jimmy Brignone at the organ and Miss Bezy Cooper, soloist.

The bride, given in marriage by her father, wore a dress of white embroidered organza, fashioned with a full ankle-length skirt, tight-fitting bodice and cap sleeves. Her flower trimmed bonnet was of the same material as her dress. She carried a white prayer book topped with white orchids showered with staphenotia.

The bridesmaid, Miss Mildred Stewart, wore pink embroidered organza and carried a cascade bouquet of parma violets.

During the business meeting the chapter pledged to support and assist on record as being 100 percent behind the Minimum Foundation Program of Education in Georgia. The yearbook of the Eta chapter was discussed and the president, Miss Ella Johnson, stated that a copy of the yearbook would be placed on exhibit at the state meeting to be held in Albany.

Plans were made for the "White Elephant Gifts" to be ready for the meeting.

Delegates appointed to attend the State Delta Kappa Gamma meeting to be held in Albany on April 22 and 23 were Miss Edna Lake, Miss Maude White, and Mrs. Juanita Abernathy. Chairmen of the committee gave their annual reports.

Miss Johnson announced that Miss Eva Gardner, state president, would be guest at the dinner meeting on April 25. She urged all members to be present.

Those present were Misses Ella Johnson, Elizabeth Donovan, Marie Wood, Rita Lindsay, Edna Lake, Sophie Johnson, Maude White, Leona Newton, Marjorie Crouch, and Mesdames Marjorie Guardia, Hamp Smith, Juanita Abernathy, W. A. Grover, F. W. Hughes, and John Roach.

Hereford Sale Is Planned for May 26

Ample purebred Hereford cattle will be available to every Bulloch county farmer who desires to purchase them, if plans can be completed for a sale here May 26.

The Farm Bureau and the local stockyards have always tried to follow the fat stock show with a sale of purebred cattle. Such a sale was arranged for last fall, but the cattle could not be procured at that time for this spring.

County Agent Byron Dyer and F. C. Parker Jr., manager of the Statesboro Livestock Commission Company barn, have been in contact with the Smithdale Hereford farm in Tennessee during the past two weeks and practically all the details for such a sale have been worked out.

Cattle lined up for Statesboro are from a Charlotte, Texas, herd, the Farm Bureau, participated in the program.

Those going with Mrs. Lee and Mrs. Parrish to Cooperville were Mesdames, Otis Groover, Howard Christian, R. P. Mikell, Jesse N. Atkins, Henry Blitch, Sam L. Brannen, Carter Deal, H. V. Franklin, Otis Holloway, Leon Holloway, Colon Atkins and D. B. Franklin.

If the sale is realized it will be one of the largest and best Hereford sales ever held in the state.

Register F.F.A. Hog Show Tonight

Members of the Future Farmers of America, Register, will hold a showing of their purebred hogs tonight at a sort of preview to the big show here tomorrow.

In addition to the boys' exhibits, members of the Future Homemakers of America will show specimens of their sewing, and other home crafts.

The show is sponsored by the Register Farm Bureau and Associated Women of the Farm Bureau.

where the soil and other conditions are similar to those here. The sale will include about 100 bred cows with calves at foot, 50 bred heifers above two years old, 50 bred cows and 8 herd bulls.

Smithdale Farms has assured local representatives that the cattle were all from excellent blood lines and promised necessary papers as well as promised to forward necessary papers and catalogues to Statesboro within two weeks. They desire that the sale be held here as a central point to meet the demand for Herefords from Macon this way, in South Carolina and upper Florida.

If the sale is realized it will be one of the largest and best Hereford sales ever held in the state.

Junior Leaguers Lose Close Contest To Savannah Panthers by Score of 7-4

The Bull Dogs downed the Cardinals this week to take over first place in the league and become the only team to remain undefeated. Guy Freeman did the hurling for the Bulls and Gene Newton did the moundwork for the Cards. The Red Caps lost their second game of the season to the Pillars in a 12 to 11 thriller that left the Reds in a "yet to win this season" position. The Bulls have won 2 and lost 0. Red Caps have won 0 and lost 2. Pillars, won 1 and lost 1; Cards, won 1 and lost 1.

MIDGET LEAGUE

In the Midget League this week the Rattlers and Cobras are tied for first place with 4 wins and 2 losses each.

The Indians hold the bottom slot with 1 win and 5 losses, with the Thunderbolts in the middle with 3 and 3.

This week the Rattlers bowed to the Cobras in a 3 to 1 defeat. Don Anderson did the hurling for the Cobras while Bill Adams did the work for the Rattlers.

The Thunderbolts defeated the Indians 10 to 9 after the game went an extra inning. Daveie Franklin was the Indian twirler and John Deekle tossed for the Thunderbolts.

PANTHERS LICK JUNIOR LEAGUERS BY 7-4 SCORE

Last Saturday in Memorial Park the Panthers, from Savannah, defeated the Junior Leaguers 7 to 4 in a game that was close all the way. Each team started off with two runs in the first inning. Roberts pitched for the Juniors, with Alder going to the ninth for the Savannah team before he was yanked out when the Juniors threatened to take the game after leading the bases, with one man away. Woo was relief pitcher.

Barron went into the game as a pinch hitter and was out on an infield fly. Joe Waters hit out to the pitcher for the last out, ending the game.

Hollingsworth was high for the local team with two for four. Helfrich, Savannah catcher, was leading man for his team with one hit for one official trip to the plate. Roberts did the hurling for the locals giving up five hits and retiring nine batters. Alder did the work for the Savannah team, giving up five safeties and fanning eight. The Juniors go to Savannah May 20 for the return game.

Both sessions of the school will be held at the Statesboro grammar school auditorium, beginning at 3 o'clock p.m. There will be no admission charge.

Miss Parker is a native of Fairburn, Georgia, where she attended the public schools before entering Georgia State College for Women, where she received the degree of bachelor of science in home economics. She has also taken special courses in food freezing at the University of Georgia and the University of Tennessee.

Miss Parker returned to the power company in 1940 and was made home service director in 1947. During the war she had charge of the training of new home service employes in subjects having to do with equipment and kitchen and laundry planning.

Last year Miss Parker received the McCall Award, given annually by the McCall's Magazine for outstanding achievement in the home service field.
