Judge Woodrum Hits Drunken Drivers In Grand Jury Charge

W. E. McDUGALD ELECTED AS FOREMAN OF NEW JURY, WHICH HEARS CHARGE FROM JUDGE WOODRUM MONDAY

Judge William Woodrum in his charge to the October grand jury here Monday urged jurors to hear down on those who drive automobiles under the influence of liquor.

Judge Woodrum told the jury that he did not think Bulloch county was in as bad a fix as some counties in Georgia. He lauded Bulloch farmers for their program of diversification and stated that the program had been the county's salvation.

In referring to drunken driving, the judge said, "Your work is to look after the law and order of the county as well as the finances. I am going to charge you the entire penal code and especially one section and that is the driving of cars under the influence of liquor."

The judge urged the jury to investigate every county office and officer and make a general check-up of the county property. He stated that he believed Bulloch county had good officers who were doing their duty but a check-up would not harm them.

"You make any recommendations that you wish," Judge Woodrum said, "and though you cannot make laws you can educate public sentiment and the only way to enforce law is by public sentiment."

3 REASONS WHY YOU'LL WANT DUO-THERM "REGULATED" OIL HEAT! MONDAY - If you need just enough heat to take the chill off the house, you can turn your Duo-Therm oil-burning circulating heater down to a pilot light... WEDNESDAY - A cold spell has arrived! So - just turn your Duo-Therm's heat control dial up a notch or two, and get exactly the amount of heat you need. FRIDAY - Zero - 5 below - 10 below - never mind! Turn your Duo-Therm up to top heat... This is only one of the many Duo-Therm oil-burning circulating heaters now available. Each model has all the grace and appearance of a fine piece of furniture. Three different finishes - harmonize with any room. DUO-THERM GIVES YOU ALL THESE FEATURES! DUO-THERM'S HEAT REGULATOR - Simple as turning a dial! All the heat you want on cold days, just enough to take the chill off on milder days. DUO-THERM'S WASTE-STOPPER - prevents heat from rushing up the chimney, sends more heat into the room. DUO-THERM'S HEAT GUIDES - circulate the heat evenly. No cold spots. DUO-THERM'S FULL FLOATING FLAME - means better combustion, more heat per gallon, greater economy! SAFE! - Duo-Therm heaters are listed as standard by Underwriters' Laboratories.

NEVILLS NEWS BY MISS MAUDE WHITE NEVILLS SCHOOL NEWS Almost two months of our school have passed and we are delighted with the improvement and progress we are making. The third and fourth grades are very much overjoyed over the new teacher for a new teacher by State Supervisor M. R. Little, who visited our school Thursday afternoon.

VERLANE SHARPE HONORED On last Thursday afternoon the third grade entertained delightfully in honor of one of their little classmates, Verlane Sharpe, who had the misfortune of being the victim of a "burn out" with a mite of measles. Verlane received many dresses and other wearing apparel. After the gifts were placed on display, lollipops were served.

GRADE MOTHERS SELECTED The following Grade Mothers have been selected for the different classrooms and roomed by their secretaries: For the first grade, Mrs. L. A. Martin and Ms. G. Avery. Second grade—Mrs. Raymond G. Hodges and Mrs. Chandos Burnsed.

RECEPTION FOR TEACHERS One of the most enjoyable social events of the season was the lovely "chicken and fish fry" given at Honor's pond Monday night in honor of the faculty members of Neville high school.

THE BIGGEST FARM NEWS IN 20 YEARS MATYAG PRESENTS THE NEW TWIN-CYLINDER GASOLINE MULTI-MOTOR. Hereafter all washer engines, including the famous Maytag Gasoline Multi-Motor, have been one cylinder. The new Twin-Cylinder Multi-Motor is amazingly free from vibration, runs cooler, smoother, quieter, starts easier, and operates 2 1/2 hours, under normal load, on a quart of gasoline. It is interchangeable with a electric motor.

"I Switched to New DODGE TRUCKS to Get 19 MONEY-SAVING ECON-O-METERS ... Low Delivered Price Surprised Me And I'm Saving 6 to 8 a month on Gas Alone". THERE IS a world of difference between provable facts and mere claims. Every one knows that. Today, every truck owner owes it to himself to find out about the 19 "econ-o-meters" built into new Dodge trucks that are proved to save money every mile. Buyers everywhere who check up are switching to Dodge trucks literally by the thousands. It's surprisingly easy for anyone to compare Dodge against the other low-priced trucks and see which truck gives the greatest dollar-for-dollar value. It takes only a few minutes, for example, to make the free gas test sponsored by all Dodge dealers. By use of a simple little gas-measuring machine this test shows exactly how far any truck, new or old, goes on a gallon. It lets you prove to yourself exactly how much gas money the new Dodge truck will save for you. Many Dodge owners report savings up to \$6 and \$8 a month on gas alone. In addition to the savings on gas, the 19 Dodge "econ-o-meters" give equally sensational savings on oil, tires and upkeep. EXTRA QUALITY FEATURES... Priced with the Lowest. DODGE 6-CYL. "V" HEAD ENGINE—Only lowest priced "V" head engine in its class gives you this simple, efficient type of power. The Dodge 6-cylinder is a special Dodge "econ-o-meter" yet still priced with the lowest. DODGE 6-CYL. FARM TO FARM

Whether the fence around Miss Ebel McCormick's farm is the ladies go about the business of farming or not, it is a credit to the community and adds beauty to the farm. Miss McCormick's demonstration in this fence work putting into practice on any farm.

Dr. R. J. Kennedy finds that there is a farm implement available that can be attached to the wagon to broadcast acid, and other products over the land that will not only do the job well but save labor and time.

Ample growth can be obtained with peas to serve as a soil building crop if planted on land after the tobacco is harvested, according to results obtained by C. W. Southwell. His plants thus grew to about two feet tall.

"That seven acres of cotton only made 14 bales in 1937, but I think by 1939 it can be made to produce 21 bales," said L. S. Thigpen while pointing to a plot of land on his farm that is divided by the Bulloch and Emanuel county lines.

Arthur Riggs hopes to make the returns from his annual crop even larger by adding a purebred beef sire to the herd, and per haps help replace some income that has been dependent on cotton for.

Eighteen to twenty pounds of salt per ton of hay will increase palatability as well as slow down heating, if spread on the hay as it is being stored.

Highest October farm wages in 7 years are reported by the U. S. Bureau of Agricultural Economics. The index of farm wage rates was 126 per cent of pre-war, compared with 110 on October 1 last year.

The folks down in Bibb and surrounding counties put on another swell fair in Macon last week. One might have expected somewhat of a let-down after attending the Southwestern fair in Atlanta, but such was not the case.

This year's crop production—the largest since 1928—is only 6 per cent less than the all-time peak, but less than in the year 1920.

Cotton farmers are receiving less for their cotton seed this year than in any year since 1915, with the exception of the depression years 1931 to 1933.

If you have the several recently announced government programs all listed in your mind, write to the Agricultural Extension Editor, University of Georgia, Athens, Ga., for a copy of Questions and Answers, which will help to set you straight on such matters as Cotton Price Adjustment payments, Commodity Credit Corporation loans, 1938 Agricultural Conservation Program, and so on.

A report showing the volume of trading in cotton for future delivery, from 1925 down to last year, has just been issued by the Bureau of Agricultural Economics. It is the first publication giving these data by months and by markets. The bulletin is entitled "Sales of Cotton for Future Delivery, 1925-26 to 1935-36."

Meat cooking methods are divided into dry heat and moist heat methods, or a combination of the two. Dry heat can be applied success fully only to tender cuts of meat, since dry heat has no effect in making meat tender.

Cuts less tender may have dry heat applied for part of the time if the layer due to browning is desired, but they must have moist heat applied for the major part of the cooking period in order that the cooked meat be tender and palatable.

Dry heat methods of cooking meat are broiling, pan-broiling, roasting, or baking, and frying.

Moist heat methods are steaming, stewing, and simmering. Braising or pot roasting is a combination of moist and dry heat.

The term, fricasse, is applied to a piece of meat which has been cut into small pieces before cooking and, and ceves cooked slowly until tender.

The Lighter Side Of Life

Ware—"I see the doctor put you on your feet again."

Luce—"I'll say he did. I had to sell my car to pay the bill."

Traffic officer—"What's the idea of tying up traffic like this? Why don't you use your noodle?"

Wife—"I can read you like a book, John."

Hubband—"Why don't you, then? You skip what you don't like in a book and linger over it in me."

Game keeper—"Didn't you see that notice at the entrance to those woods?"

Small boy—"Yes, but it was headed 'Private' and I was too polite to read it."

Two men were seated in a crowded car. One noticing that the other had his eyes closed, said, "Bill, are yer feelin' well?"

A.A.A. Administrator Explains Cotton Plan

Ward Quizzed By Tharin On Program

In view of the widespread confusion regarding the rules and regulations under which cotton prices adjustment payments are to be made to the farmers on the 1937-38 crop we have asked Byron Dyer, county agent, to give us the answers to some of the more complex questions which are in the minds of all the cotton growers. The questions with Mr. Dyer's answers are given below.

When will these CAP checks be issued? A. The Act of Congress which appropriated the money for making CAP payments makes the payment available to the producer who cooperates in the 1938 Cotton Program and not to any other producer.

What is the rate of payment per pound? A. The rate of payment per pound is the difference between the average price of middling 7-8 inch cotton on ten designated spot markets on the date of sale and 12 cents per pound except that the payment cannot be more than 65 per cent of the base production of the producer unit.

What effect does grade and staple have on the rate of payment? A. The grade and staple of the cotton and the price actually received by the producer have no effect on the CAP payment since the payment is based on the average price of middling 7-8 inch cotton on ten designated spot markets.

What amount of cotton may the producer who grew cotton in 1937 on a farm which was planted to cotton in 1937 for the first time since 1927, receive payment? A. According to present interpretation of the regulations this producer would not be entitled to any CAP payment since the payment may be made on 65 per cent of the 1937 base production established or eligible to be established under the 1937 Agricultural Conservation Program.

Is the land owner or landlord who rents a farm to another for a fixed cotton rent (standing rent) entitled to receive the CAP payment on the amount of cotton which he receives as rent? A. No. Regulations define cotton rent as rent as cotton sold by the producer operator to the landlord on the day it is delivered to the landlord. The producer operator is entitled to payment on the cotton paid as rent.

Baby Military Team Gives Devils A Fit

BLUE DEVILS GIVEN REAL TEST IN THE GAME WITH G. M. C.

The Blue Devils of the High School played an evenly matched football eleven from G. M. C. last Friday afternoon on the College field and for the first time this season were scored on, in their own backyard. The game ended in a tie, the final score being 6-6. The game between the two teams turned out to be the best of the year.

The game, as was expected, was a real test for the Blue Devils, and the boys came through the test with their colors still flying high. The big line, playing excellent defensive ball and first class offensive displayed to the large crowd that they really had something. Behind this line were speedy Robert Hodges and Emerson Anderson, who did some very good running every minute that they were in the game. Anderson is a fast boy and he really showed his heels to the G. M. C. tacklers. He also did some good work at punting the ball out of the park on a couple of occasions. Although Robert Hodges has been out for five weeks, he showed no signs of the injury and ran all the way to the last of the game he took the full five times straight and did not fail to gain a single time; but every one must realize that he couldn't have done this running if he hadn't had the backing that he had from the rest of the team.

The Blue Devils showed signs at times real power and an ability to gain ground. They outplayed the G. M. C. boys from the start. The High School boys gained more yards and made the most downs. The line was charging in and stopping the milkmen in their tracks even before they had a chance to get started. The team did some wonderful blocking. To say a little more the blocking was 50 per cent better Friday than it has been any previous game of the season.

All in all the game was the best of the year and the football fans are going to have to wait a long time before they see a game like this one again.

Many Features At Register Carnival

Tonight the Register Halloween Carnival will feature a "Bigger and Better Babies" show. This show will present a number of the most prominent citizens of the Register school district. They will appear as they were more than thirty years ago.

Special music is being planned including the accordion, the hand saw and other instruments played by Mr. and Mrs. Percy Averitt. Other features include acrobatic dancing by Edna Nevil, Hawaiian dancing by Carol Jean Carter, tap dance by Bill Holloway and Betty Brannen and a demonstration of the "Big Apple" by a group of Register high school students.

At the opening of the festivities a King and Queen of the Carnival Court will be chosen and crowned. Candidates for this high position are: Mary Kennedy and Jim Watson, representing the eighth grade; Sara Lee Doughty and Junior Tilman, ninth grade; Jewell Anderson and Jerald Dekle, tenth grade; and Sara Reid Brown and Leland Moore, eleventh grade.

Mrs. Hilton Burghard and Mrs. Henry Hutaff of Lumberton, N. C. were the week end visitors of Mr. and Mrs. Oscar Israel. They returned to Lumberton Sunday, accompanied by Miss Mildred Weinstein. Mr. Israel, Miss Weinstein has been the guest of her sister during the summer.

Middleground News

Halloween will be observed at Middleground school Friday night, Oct. 29, the program to begin at 7:30 o'clock. Miss Eileen Brannon is general chairman of arrangements. She has announced that there will be fortune telling, the Hall of Horrors and many other forms of entertainment for old and young. Ice cream, candy, cakes, pies, hot dogs and drinks will be sold. No admission will be charged.

Sunday, October 31, will be Homecoming Day at Union Methodist Church. All former members and friends are invited to attend. This is the oldest church in the county, being organized in 1790. Rev. Park Smith is the present pastor.

Lanier Deal of Macon was called to home because of the death of his father, Mr. Adam Deal, on last Saturday. Other here to attend the funeral were Miss Bertha Cannon of Atlanta, Miss Willie Lee Lanier of Atlanta, Miss Evelyn Sample of Jacksonville, Fla.

In the death of Mr. Adam Deal which occurred last Saturday, this section has lost its best citizen. The eternal message to "Do Unto Others" was made manifest in his daily work. He will long be missed among his friends and relatives.

They state that the banquet hall contained 500 banquet tables; 27,600 pieces of cutlery; 9,900 pieces of table linen and 36,500 pieces of china and three-quarters tons of meat and fowl, including steaks, ribs of beef, turkeys and hams; one box carload of vegetables, including potatoes, tomatoes, lettuce, celery and green peas.

Mr. Averitt stated that it reminded him of the World War when thousands of Khaki clad soldiers ate mess together in the great army camps all over the country. The banquet was held in the Masonic Temple in Detroit.

THE BULLOCH HERALD DEDICATED TO THE PROGRESS OF STATESBORO AND BULLOCH COUNTY VOLUME 1 THE BULLOCH HERALD FRIDAY, NOVEMBER 5, 1937 NUMBER 33

10,000 Expected At Airport For Dedication Ceremonies Nov 11

GOVERNOR RIVERS BE PRINCIPAL SPEAKER ON DEDICATION DAY

PLANS BEING MADE TO TAKE CARE OF CROWD OF 10,000 PEOPLE. AIR SHOW SCHEDULED INCLUDING DEATH DEFYING STUNTING

Bulloch county, Statesboro and the American Legion will join forces on Thursday, November 11, Armistice Day, to dedicate the local airport.

According to the general chairman of the program, F. W. Hodges, it will be one of the biggest days that Statesboro and Bulloch county has ever seen. Mr. Hodges announced that Governor E. D. Rivers will make the principal address.

A crowd of from eight to ten thousand people from all over the county and this section is expected and plans are being made to take care of that many. A free barbecue will be prepared for 10,000 people. A program has been arranged to begin at 10 o'clock in the morning to include the dedication exercises, the Governor's speech, and an air show.

Mr. Thad Morris is in charge of the program and states that he has succeeded in securing a number of air planes to participate in the dedication and that one mail plane is expected from New York city. Mr. Morris stated that he is expecting Sandy Strachan and Bob Robertson of Savannah with several small planes and one large tri-motored plane. Owen MacRobert and Jim Colpepper will be here with planes. Sandy Strachan will thrill the crowd with his stunts and Robertson will give his death defying delayed parachute jump from 10,000 feet. MacRoberts and Colpepper will give an exhibition of the aerial "dog fight," made famous during the World War.

Roger Holland, in charge of the dinner and refreshments, states that more than 125 hogs will be barbecued and that more than \$160 worth of bread will be served with it. It will take about \$85 worth of sweet pickles, and about \$30 for ice tea. Mr. Holland states that arrangements have been made to use the three canneries in the county to cook the Brunswick stew, which will cook 150 gallons of the stew at a cooking. Mr. Bonnie Morris will be in charge of the cooking, assisted by Mr. Sam Northcutt. Plans are being made to feed nearly 100 people every minute. Ten lines will be formed and served at one time.

The committees in charge of the day are: Fred W. Hodges, chairman of the steering committee; program committee, Leroy Cowart, Thad Morris, J. L. Renfro, Mrs. Leroy Cowart, C. E. Layton, and R. J. Kennedy; financial committee, F. W. Hodges, J. F. Arundel, Roger Holland and H. P. Jones; Dinner and refreshments committee, Roger Holland, H. P. Northcutt and H. P. Jones.

The program as announced by the program committee will be as follows: 10:00 o'clock—Assembly and Haak concert. 10:30—Dedication speech by an official of the WPA. Response and acceptance and welcome on behalf of Bulloch county, F. W. Hodges, Chairman. Response and acceptance and welcome on behalf of the city of Statesboro, J. L. Renfro, Mayor. 11:00—Aviation on Parade and chrisoming of air port. Band concert. 12:00—Address by Hon. E. D. Rivers and Staff and introduction of Governor by J. L. Renfro. 12:05—Address by Hon. E. D. Rivers, Governor of Georgia. 1:00—DINNER FREE TO EVERY ONE. 2:00—Air Show. Exhibition of "dog fight" by Owens MacRoberts and Jimmie Colpepper. Serpentine

Governor E. D. Rivers

Chas. E. Cone Elected President Of Chamber Of Commerce Here

A NATIVE OF BULLOCH COUNTY AND HAS BEEN IN BUSINESS FOR MORE THAN 50 YEARS AND AN ACTIVE CIVIC WORKER. Chas. E. Cone, prominent Statesboro realtor, was elected president of the Statesboro Chamber of Commerce at the annual election held on Tuesday. Other officers selected to serve with Mr. Cone were: D. Percy Averitt, first vice-president; H. W. Smith, second vice-president; G. A. West, third vice-president; J. H. Brett was re-elected secretary and treasurer.

The new president, a native of Bulloch county, is the son of the late Dr. J. B. Cone. He has been in business here for more than fifty years and during most of this time has been an active civic worker. Mr. Cone is head of the Cone Realty Company. Mr. Averitt, one of the new vice-presidents, is in the retail gasoline business; Mr. Smith, also a native of Statesboro, is a member of the City Council, and a prominent jeweler; Mr. West, who came to Statesboro from Birmingham ten years ago, is engaged in the job printing business. The Statesboro Chamber of Commerce will begin its sixteenth year under the new administration. During this time interest in the organization has never lagged and the club has sponsored many worthwhile enterprises.

F. W. Hodges, vice-president at the meeting Tuesday in the absence of Major Leroy Cowart, who has been president of the club for the past year. Both games should provide the necessary thrills and excitement to cause the football fans of Statesboro to turn out in large numbers to see both of the games. The one between the High School Blue Devils will most certainly provide all the necessary elements. It will be the Blue Devils first night game of the season and it will give the people who have not had the chance to see the High School team perform, a chance to do so, and outside of this it will be one of the best games of the season for the local fans. The Sylvania team is heavy one and their boys are experienced players. The Sylvania boys were defeated by the High School team on Friday night and they have a good chance of winning this year. Fred Shearouse Sells Interest in Lumber Co. It was announced in Sylvania this week that W. R. Altman of the W. R. Altman Lumber Company had purchased the entire interest of Fred Shearouse in the company. Mr. Shearouse was secretary-treasurer of the company and had held this office for a number of years. The company moved from Brooklet to Sylvania about two years ago.

New Record Set At Livestock Auctions With 1825 Hogs Sold

TWO AUCTIONS AGAIN ESTABLISH A FALL RECORD WITH A SLIGHT RISE IN HOG MARKET THIS WEEK

The Statesboro livestock market again established a fall record here this week when 1825 hogs and 422 head of cattle were sold at two auctions.

With a slight rise in the hog market many hogs were moved here this week. Though the cattle market was weaker, sales continued to rise.

The Statesboro Livestock Commission Company, Wednesday sold 1250 hogs and 360 cattle. With a 15 cents a hundred pounds increase in prices over last week, all choice top hogs brought \$8.35 a hundred, Wednesday. W. E. Cannady of Ellabell sold one lot of hogs which brought him \$760. Mrs. J. Dan Blitch of Statesboro sold 38 head of hogs for \$418.

The Statesboro Livestock Commission Company announced at their sale that they would have 125 head of purebred white face heifers and calves next week. These cattle are coming from Emanuel county and will be sold for breeding purposes. The company explained that they are not expecting fancy prices for the cattle but will unload the lot at a fair price.

The Bulloch Stockyards at their sale Tuesday sold 375 hogs and 72 head of cattle. Top hogs brought as high as \$9.75. Number Twos brought from 7-12 to 8 cents, barbecue pigs sold for \$8.75 a hundred and good feeders as high as \$9.75. Most feeder pigs sold Tuesday were purchased by local farmers to be carried back to the farms. The cattle market was weaker than last week's sale.

S. V. Sanford Here To Locate Sites For The New College Buildings

CHANCELLOR S. V. SANFORD HERE WEDNESDAY LOCATING SITES FOR THREE NEW BUILDINGS ON TEACHERS COLLEGE CAMPUS

Chancellor S. V. Sanford of the University System and a committee representing the Board of Regents spent Wednesday in Statesboro locating sites for three new buildings to be erected by the state on the campus of the Teachers College.

Though no definite announcement was made as to where the buildings would be placed, tentative sites have been selected.

The college will get three new buildings and a water works system through the last PWA lettings to the University System. Architects have been selected and plans are being drawn for the three new buildings.

One building, a new library, according to present plans will be erected on the site now occupied by the Science Hall. The science building will either be torn down or moved to another site. The new library building will be 120 feet by 90 feet. There will be two large reading rooms, offices and storage rooms in the building. The building will cost \$35,000. Tucker and Howell of Atlanta are the architects.

Another new building will be the laboratory school. This building will be located, it is believed, on a ridge south of the Alumni Hall. The building will cost \$90,000 and Edvans and Seward of Atlanta are the architects. The third new building will be a girls' dormitory. This building will be located west of West Hall and will cost \$60,000. The new residence hall will accommodate 100 girls. Cluetz Bergen of Savannah is the architect.

Just when the contracts on these buildings will be let is not known. It is understood that the contract and work on the laboratory will be the first project started. In addition to these buildings the college will also get a 15,000 water works system with an elevated tank and an eight inch well.

OFFERS FOUR POINTS ON WHICH TO BUILD A PLAN FOR LIVING

SPOKE AT TEACHERS COLLEGE MONDAY MORNING ON "THE HOPE OF THE COUNTRY WAS IN ENLIGHTENED BRAINS AND CHARACTER"

Dr. Bascom Anthony, superannuated minister, addressed the Statesboro Rotary Club at its meeting Monday.

Dr. Anthony was introduced by Dr. Marvin S. Pittman, president of the Teachers College. Rev. G. N. Rainey, pastor of the Methodist church, was also the guest of Dr. Pittman at the Rotary luncheon.

In introducing Dr. Anthony, Dr. Pittman gave a brief outline of his policy of having before his student body at the college, men who can do bring to them something that will enrich their lives the more for having heard and known them. He stated that he felt that Dr. Anthony was such a man.

Dr. Pittman explained to the club that he had addressed a letter to Dr. Bascom Anthony with no further notation on the envelope and that the Post Office Department had succeeded in delivering it. After about three weeks, "I received a post card from him stating that he was to be at Old Union church on October 31 and that he could be at the college on Monday, November 1st." With the statement, "I am sure that out of his 79 years he can reach out and give to us whatever he brings out," Dr. Pittman presented Dr. Anthony to the members of the club.

In his address to the Rotarians Dr. Anthony gave them four principles that might be used in forming a plan for life. "Don't be afraid of anything," he began. He emphasized his point by citing a boyhood experience of his which proved that "A coward dies a thousand deaths and a hero dies but once," and using that as his inspiration he succeeded in overcoming his dread of his boyhood fear of the community bully.

Dr. Anthony's second principle was summed up in the statement, "Don't wait for everything to get just right." "Things don't ever get right. There will always be difficulties. The moon, the wind, the tide, nothing will ever be just right."

"The third principle for the building of a plan for life is: Hunt with you! fellowmen points of agreement. Narrow minded men hunt for differences but broad minded men hunt for likenesses, and fourth, learn to live in common things and love commonplace people. Life is made up of 965 days each year, all pretty much alike. There are not many extraordinary days in our lives. Be great men in little things."

Dr. Anthony closed his address advising the Rotarians to learn themselves. "If you wish to live successfully and triumphantly, learn yourself."

Monday morning Dr. Anthony addressed the student body at the Teachers College. He used as the subject for his talk the country's hope in enlightened brains and character. He told the students that they as teachers had to teach more than they found in books.
