Dr. B.A. Deal Gives Information On How To Deal With Rabies

MEMBER OF COUNTY UNIT OF STATE HEALTH DEPARTMENT MAKES STATEMENT GIVING INFORMATION AND FACTS ABOUT RABIES.

In a statement made Tuesday of this week by Dr. B. A. Deal, member of the county unit of the State Health Department, information is given as to what to do in dealing with animals known to be rabid.

Dr. Deal's statement is as follows: "Due to the fact that there seems to be an epidemic of rabies in Bulloch county, this information seems necessary and especially so, since there is no curative treatment. It is purely preventative.

"In all cases where the animal is known to be rabid or when it cannot be identified and examined, the person bitten should receive the Pasteur treatment promptly. More urgent, of the wounds are on the hands or the head. Any biting animal should be suspected of being rabid until proven otherwise.

"An animal that cannot be confined and observed should be regarded as rabid.

"The biting animal should never be killed unless to protect others, until the diagnosis can be confirmed or excluded by observation while alive. This is especially true because of the fact that it is not always possible, microscopically to find evidence of rabies in the brain of the animal killed in the early stage of the disease. Never shoot an animal in the head which is suspected of being rabid. The saliva of an animal is infectious six days before the appearance of symptoms.

"All dogs should be immunized but as this is to a large degree experimental all ownerless dogs should be destroyed and the others should be immunized and muzzled.

"Any person having been bitten or otherwise come in contact with an animal suspected of having rabies should report to their family physician immediately for his advice."

By Secretary Wallace it was learned that Bulloch county will be eligible to participate during the current fiscal year in the tenant farm purchase loan program, provided under title 1 of the Bankhead-Jones Farm Tenant Act, which was passed by Congress last spring.

Bulloch is one of the 35 Georgia counties which are eligible to participate.

Under the terms of the Act, \$835,000 was allocated to Georgia for making tenant purchase loans.

The 35 counties were selected by the Secretary upon recommendation of the State Farm Security Advisory committee. They were chosen on the basis of farm population, prevalence of tenancy, availability of good land, and a consideration of soil types most adaptable to the purpose of the program.

The applicant must have a dependent family, and must either make a down payment or own livestock and farm implements equivalent to a down payment. He must also have been able to obtain a loan for the purchase of a farm from other sources.

Last Friday night on the Municipal Playground football field, Claxton High School and E. C. I. battled to a 6-6 tie for the championship of the First District. The game was witnessed by a large crowd of people considering the exceedingly cold weather that prevailed.

Since the game ended in a tie and the championship has not been settled the two teams will again play here this afternoon at 3:00 o'clock. The game will be played on the College gridiron instead of the Municipal field. It should be a much more interesting game this afternoon than the one last Friday night. This will be the third time that the two teams have met this season. And that is something close to record for this year or any other year.

The first half was rather slow and neither team seemed to show any ground gaining ability. Claxton threatened seriously in the first half only to lose the ball on the one yard line on downs. This was the only scoring threat made by either team.

But in the second half both squads opened fire with both barrels and from here on did every possible thing that the rule book would allow. Both teams threatened on occasions but each others defense would tighten and no more could be done. The last half was featured by several long runs. One being made by Toole for 40 yards and a touchdown and the other on the kick-off for sixty-five yards and a touchdown. Late in the fourth period, an E. C. I. player seemed certain for glory only to be caught from behind by a Claxton player on the 10 yard line.

Claxton outplayed the much heavier Bulldogs from Emanuel County Institute in Friday night's fray. They made nine first downs to E. C. I.'s four and they gained considerable more yardage than the E. C. I. boys. Although Claxton was penalized more than E. C. I. and they lost more yards from scrimmage.

DON'T PUT OFF YOUR SHOPPING UNTIL THE LAST MINUTE

The Statesboro merchants have made every possible effort to do everything in your service and for your accommodation, but sometimes during the holiday rush it becomes a physical impossibility to keep what is usually an efficient, normal service on anything like an even keel.

Bulloch county shoppers can make the holiday season less an ordeal for the merchants and will find that their shopping becomes easier and more pleasant if they will SHOP EARLY and in so doing they make it possible to be served as they should be.

Early shopping will do much to relieve the salesmen and salesladies in the shops here of the strain which accompanies last minute buying.

If your package is to be mailed or expressed, get it in the mails and the express office TODAY. Wrap it securely, address it plainly and mail it properly.

It will all make for a merrier Christmas.

MAKING US GEORGIA CONSCIOUS

For those interested in Georgia there is now being made available information covering every phase of its past attainments, her present possessions and her future possibilities.

Recently the Georgia Power Company is offering eight booklets in Georgia. These booklets cover interesting facts about Georgia, sports and recreation in Georgia, agriculture in Georgia, education, the paper and pulp manufacturing, power and industrial growth in the state, textile manufacturing and the ceramics and mineral resources of the state.

Now the Department of Agriculture offers a booklet which in its 10 pages gives a history of farming in the state, the value of Georgia crops, Georgia farm facts, and much other information of an agricultural nature. The most interesting and valuable information offered in this booklet is the listing of all Georgia's elective officers, their terms of office, and facts concerning the counties and their county seats.

These booklets are playing a great part in making us Georgia conscious, and should be read by every Georgia.

CHRISTMAS SEALS

Among all the appeals for Christmas giving there is none that carries a warmer call for human sympathy than the campaign for Christmas Seals.

The money derived from these little stamps, to be affixed to mail during the Christmas season, is used to help poor victims of tuberculosis. Each stamp represents a ray in the vista of new hope for life and health that is held out to sufferers from the dread wasting disease.

Your subscription to this cause will help some tubercular in his hoping against hope. They fight, desperately, for health and for life and, when lack of this world's goods adds its fearful handicap to their struggle, they turn beseeching eyes to others better able to provide the financial sinews they must have.

SANTA TO FLY HERE

Several of the merchants of Statesboro are cooperating to bring to the children of the county and city a thrill which they have never before experienced. Tomorrow they will bring Santa Claus to Statesboro by airplane. He will put down at the airport and will be brought into town by automobile.

It is a sign of the times. Santa brings his means of traveling up to date.

Last week Dr. M. D. Collins, superintendent of schools, announced that the State Department of Education will pay the school teachers December salaries between December 15 and 20. This will be the first time this has happened in the history of the state.

OUR GUEST EDITORIAL WRITERS

Once a week there comes to our office a man who is never in a hurry, yet is seen in many places. He comes in and hands to us his contribution for our weekly church column and asks us if we think we will every amount to anything. And sometimes he takes time out and talks to us. We like to listen to him talk for when he talks we can understand what he talks about.

One day recently it occurred to us that we would like to pass on to others some of the things which he gives us. When he came in that week we put it up to him and he agreed. Last week you read an editorial written by Rev. C. M. Coalsen, pastor of the Baptist Church.

Carrying the idea further we knew others who had thoughts that would be of interest to us. With this in mind we are going to try and bring to you each week something of the thoughts of these people.

This week our guest editorial writer is Ronald J. Neil, who writes on music.

MUSIC, THE UNIVERSAL LANGUAGE

By Ronald J. Neil

At Christmas time more than at any other season of the year perhaps, music fills the world. All of the old Christmas hymns and carols help to make us conscious of the season of good will and happiness, of joy in the great anniversary of the birth of the Christ-child. The strains of "Silent Night," and of "O Little Town of Bethlehem" bring to our hearts as no words alone can the spirit of Christmas. Music has many times been called the universal language and at no time can this more keenly be felt than at Christmas. No matter what the language of the song, "Stille Nacht" or "Joyeux Noel," the joy of the Christmas tide is the same.

Music is essential to mankind. The fact that it is particularly necessary and evident in times of great emotion show this. When the child is happy he sings. If he knows no song to suit the occasion he makes one up or merely sings without words. When the child is sad some one else must make the music and quiet his fears or sorrow with a lullaby. Through life we can use music to help us and when the final service comes it is not always the words of the speaker which move the listeners, but the music which reaches the heart and touches the emotions.

And what music can do at these times it can do throughout the year. It can bring peace and solace or joy and gladness to everyone. Music may be a tonic. Many people think of music as something apart from everyday life; something perhaps on a high pedestal, to be enjoyed only by the elect few who have acquired some technical knowledge of the art. But its true value lies in its ability to reach into the innermost heart of men and to bring him release from the everyday cares which trouble and annoy.

Colleges and universities have discovered this when they have arranged organ recitals during periods of examinations. Great industries have discovered this when they have planned certain periods of music during the day to strengthen the morale of their workers and to permit some slackening of the tension of the daily work.

Statesboro is particularly fortunate in being appreciatively conscious of the pleasure and value of music. The two fine organs, the church choirs, the music club, the college and the high school organizations all attest to the high level of musical ambition of the town and to the progressive and cultured character of its citizens. It is a pleasure and a privilege to live in a community where other values than only material ones are recognized and paid homage.

A PLEA TO HELP RESERVE HOLLY

With Christmas almost here our thoughts turn to the decoration of our homes for the holiday season. We all want holly for this purpose. We make trips out into the woods looking for it and finding it cut it and return home.

Think before you carelessly and unnecessarily cut or break a holly tree. Your doing so may eventually lead to that tree's extermination. All holly needed for Christmas decoration can be had without damaging the plant, if care is exercised in cutting only the small limbs and twigs. Do not use a holly for your Christmas tree. The pine, cedar, or any of the other more plentiful narrow-leaved evergreens make excellent substitutes.

All records for cotton production were shattered last week with the United States Crop Reporting Board placing the output, as December 1, at 18,746,000 bales.

**BETTER THAN 12¢ COTTON**

**TOP-DRESSING COTTON** with 125 pounds of KAINIT per acre produced 364 pounds MORE seed cotton per acre, or top-dressing with 250 pounds of KAINIT per acre produced 445 pounds MORE seed cotton per acre in tests conducted by the North Carolina Experiment Station on fields damaged by Rust in previous years.

The extra cotton that KAINIT produced represents a better profit than most farmers made when lint was 12 cents per pound. *Figure it out for yourself:* Subtract the cost of the KAINIT from the value of the extra cotton that KAINIT produced.

The table below shows the results of this experiment. Study it carefully.

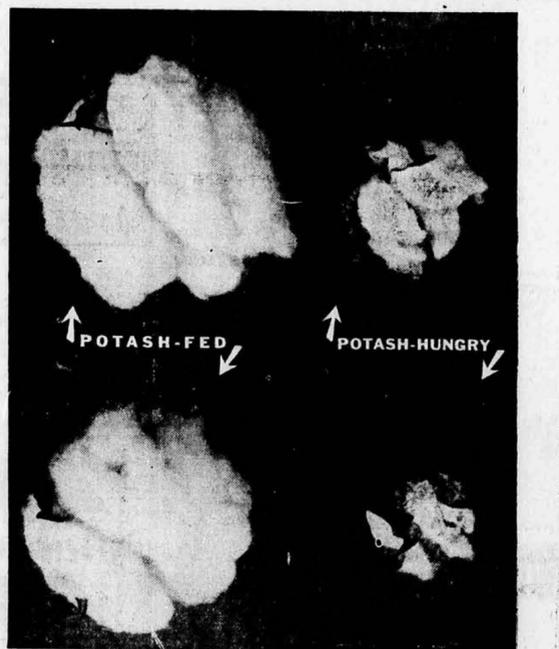

All plots received 400 lbs. of 3-9-3 per acre at planting and 100 lbs. of nitrate of soda top-dressing	Where NO KAINIT was used as top-dressing	Top-dressed with KAINIT at 125 pounds per acre	Top-dressed with KAINIT at 250 pounds per acre
Seed Cotton per Acre	775 pounds	1,139 pounds	1,320 pounds
Weight per Boll	5.17 grams	6.56 grams	7.07 grams
Weight of 100 Seed	9.33 grams	11.48 grams	12.44 grams
Lint Index	5.41 grams	6.75 grams	7.17 grams
Fiber Strength	3.28 grams	4.38 grams	4.55 grams
Strong Fibers	68%	76%	83%

Note that the KAINIT top-dressing not only produced many extra pounds of seed cotton, it also improved the quality of the entire crop. KAINIT produced heavier bolls, heavier seed, more lint per seed, better grade, longer staple and stronger fibers.

**NV POTASH**

TRADE MARK REG.

**PROFITS START WHEN YOU STOP RUST!**

**NORTH CAROLINA EXPERIMENT STATION** recommends top-dressing cotton with 125 to 250 pounds of KAINIT or 50 to 100 pounds of MURIATE per acre on fields which rusted in the past and where the fertilizer contains only 3% potash.

**PRODUCED 1,243 POUNDS.** The potash was equally effective applied at planting or as a top-dressing.

**GEORGIA COASTAL PLAIN EXPERIMENT STATION** produced 1,092 pounds of seed cotton per acre with 600 pounds of 3-9-5 fertilizer. By adding 50 pounds of MURIATE top-dressing the yield was increased to 1,142 pounds, with 100 pounds of MURIATE the yield was 1,221 pounds, with 150 pounds of MURIATE the yield was 1,316 pounds and with 200 pounds of MURIATE the yield was 1,403 pounds.

IT WILL PAY YOU to get the extra yields and extra quality that extra potash adds to your crop at such very low extra cost. **PROFITS START WHEN YOU STOP RUST!** Use fertilizer well-balanced with 8 to 10% NV POTASH at planting; or top-dress with 100 pounds of NV MURIATE per acre, 200 pounds of NV KAINIT, or use a mixed-goods top-dresser containing plenty of genuine NV POTASH. All of these are on sale by your fertilizer man.

Farm To Farm Hickory nuts? Bags for nuts may be made of cheese cloth and dyed red or green, filled with nuts and tied with cellophane or other Christmas ties. Waxed paper lined boxes filled with nut meats or jars of nut meats are always appropriate gifts.

Graded and polished apples and pears which have been successfully stored until Christmas may be wrapped and fastened in an attractive box or basket for the friend whom we remember has always been found of such fruit. An apple Santa Claus lends a festive air to the package. To make the Santa, use a nice red apple for the body. For the head fasten a ball of tightly wrapped cotton or a marshmallow on with toothpicks. The belt is a strip of cotton pasted on and the hat is made of red tissue paper. The beard is made of cotton pasted on.

George Mallard finds that poultry and hogs work together on the farm. The poultry brings in a weekly income and then the hogs usually bring in a large income in the fall. The 18 head he marketed last week weighed close to 200 pounds each and brought him more money than an average cotton crop would have this fall.

L. J. Swinson finds that hogs can replace some cotton and not reduce the farm income. The 30 head he sold recently that averaged well above tops brought in enough money to offset some 10 bales of cotton.

Gifts Selected From the Farm

Did you ever try the home grown pie of Christmas giving? If you live on a farm you probably have many goodies which would be warmly welcomed by your city friends and relatives.

The garden, the orchard, the cornfield and the woods may each contribute something to our selection of very acceptable gifts.

SOCIETY

all's fair

Right in the midst of our toast and eggs on Monday morning.

We heard the name of our popular proxy at the college—and we heard this remarkable analogy being made. There is a Marvin Pittman in Macon who on Saturday met our Marvin Pittman. As their conversation progressed it developed that both had sons named Marvin in who finished high school at the same time and are now freshmen at college. The middle names of their fathers were both V. L. E. and it follows that they were both Methodists. Both were born in Springhill. Our Pittman in Mississippi and the Macon Pittman in Georgia. Had their conversation been continued more amazing parallels might have been revealed but we think it makes a good story as it stands.

Mrs. W. H. Amason on Art Appreciation. Our Pittman in Mississippi and the Macon Pittman in Georgia. Had their conversation been continued more amazing parallels might have been revealed but we think it makes a good story as it stands.

Having trouble picking out the perfect gift for the "one and only"? Let us suggest that for once you give her something utterly useless—something she would like to have, but does not need and would not buy for herself. Sounds a bit complicated, doesn't it? Go frivolous, young man, go frivolous. . . . And if our suggestion does not help any, go to any merchant in town. Every one of them is full of ideas, and they'll gladly oblige. In our gallivanting up and down the streets we became fairly pop-eyed before the windows of Harry Smith's place, Everett Williams' drug store and Dr. Norrick's drug store. The assortment at Olin Smith's and Jim Donaldson's haberdashery made me halt (Talmadge did a real piece of window dressing there—and don't let anybody tell you that that isn't real art). And for those who don't think a grocery store can dress up for Christmas just—cast your eyes upon John Everett's windows. Grace Walker might be charming in a small way. And if you can't pass Renette's without making a wish, then you have more will power than yours truly. And that blue window of Paul Franklin's reminds us of the "Rhapsody in Blue."

Fleeting glimpses—Leodel Coleman and his mother, and Harry Aiken at the Tea Pot. Saturday night for supper. . . . Lower Japanese prints at the library. . . . Maud Durden, of Jacksonville, handsome and vivacious here on a visit to her sisters, the Mrs. Watsons.

On Thursday of last week the Savannah Police department gave a band concert at the Stilson high school auditorium. The concert was sponsored by the Parent-Teachers association. A chicken supper was served to the band upon their arrival in Stilson.

CELEBRATE SILVER ANNIVERSARY

Mr. and Mrs. William Olen Griner celebrated their silver wedding anniversary Saturday evening with a reception at their home. Receiving with Mr. and Mrs. Griner were Rev. W. D. Horton and Mr. Griner's father, J. R. Griner.

Misses Mary Dukes Griner and Doris Geiger met the guests at the receiving line. Mrs. H. G. Dukes directed the guests to the dining room. Mrs. P. F. Martin showed them to the gift room in charge of Mrs. Cecil Underwood. Music was furnished during the evening by Miss Linda Elvie Maxwell, Miss Martha Cone, Miss Bernice Martin, Miss Sadie Martin, Mrs. Harmon Jones and Mrs. Clarence M. Graham.

Not being able to see each one in person, I take this method of expressing my great appreciation to my kind friends. For this kindness I will ever be thankful.

Respectfully submitted, LINTON G. LANIER

## MRS. BRETT ENTERTAINS WITH INFORMAL DINNER PARTY

Mrs. J. H. Brett was hostess on Friday evening at her apartment on North Main Street with an informal dinner party. Her rooms were exceptionally lovely with holly, ed candles, and Christmas evergreens. Dinner was served in four courses. After dinner the guests matched their wits in two clever contests. The first, "Christmas Nuts to Crack," was won by Mrs. Barney Averitt who received a deck of cards. In a cat contest, Mrs. Arthur Turner proved her superior knowledge of cats and was given cash. Mrs. Olin Smith received consolation.

Surrendering then, to the charming informality of the occasion, the guests sought amusement according to their own dictates. Some danced and others grouped around the piano and sang old melodies and Christmas carols, reluctantly departing at a late hour.

The guests that included: Mr. and Mrs. Harry Smith, Mr. and Mrs. Frank Williams, Mr. and Mrs. A. M. Braswell, Mr. and Mrs. Olin Smith, Mr. and Mrs. C. P. Olliff, Mr. and Mrs. J. P. Foy, Mr. and Mrs. Barney Averitt, Mr. and Mrs. Inman Foy, Mr. and Mrs. Bruce Olliff, Mr. and Mrs. Arthur Turner, Mr. and Mrs. Edwin Groover, Mr. and Mrs. Harvey D. Brannes, Mr. and Mrs. E. C. Olliver, Mr. and Mrs. Frank Simmons, and Mr. and Mrs. H. P. Jones.

## BRILLIANT SOCIAL FUNCTION TUESDAY EVENING

Mr. and Mrs. J. O. Johnston and Mr. and Mrs. Olin Smith were hosts on Tuesday evening at a brilliant party at the Woman's Club Home. The spacious club room presented an exquisite Yule-tide setting. Small Christmas trees were artistically arranged

around the walls, while a large tree, brilliantly lighted with colored lights, stood at one end. The mantle was banked with holly, evergreen and moss, interspersed with red candles and pine burrs. Burning logs in the huge fireplace gave additional beauty to the decorations. Red and green streamers hanging from the rafters emphasized the color motif.

The guests were assembled at tables and played progressive games. Among the games played were Fiddlesticks, Heart dice, Nerve Tester, Old Maid and Cootie. Scores were kept. The six couples making the highest scores drew cards denoting some competitive stunt which they were to take part in for the final awards. These sweepstakes prizes were then won by Mrs. E. L. Barnes, high; Mrs. Roger Holland, 2nd high; and Mrs. Edwin Groover, low. Mrs. Barnes received a cedar chest filled with stationery; Mrs. Holland was given hand-painted table mats, and Mrs. Groover received candy. The men's prizes were won by Barney Averitt, high; Dr. M. S. Pittman, 2nd high, and Alfred Dorman, low. These prizes were a carton of cigarettes, a mahogany cigarette holder, and imported soap.

At the conclusion of the games the guests were served delicious refreshments consisting of creamed chicken in timbales, grape fruit aspic, fruit cake and coffee. Favors for the men were candy walking sticks; the women were given candy candles. About sixty-five guests were present.

## WOMAN'S CLUB CHRISTMAS PARTY

The Christmas party on Thursday afternoon at the Woman's Club Home with the Woman's Club acting as hosts to all women in the city who were 65 years of age and older was a perfect exemplification of the

Yuletide spirit. The club room was most elaborately decorated for the occasion. Quantities of holly, pines, bamboo and mistletoe were used effectively enmassed against the walls. The mantle was banked with holly and evergreens brightened at intervals with red candles. Huge back logs on the open fire added Christmas cheer. The tree, brilliantly lighted, was laden with gifts for the ninety-five women who were invited. Miniature Christmas trees were presented the guests as favors.

Mrs. R. L. Cone, president, and Mrs. Lannie Simmons, social committee chairman, received the guests at the door.

An enjoyable musical program under the direction of Mrs. Edwin Groover was presented.

Mr. and Mrs. Ghergis Hagin and little daughter, Fay, spent the weekend with their parents, Mr. and Mrs. Bob Hagin.

## MARTHA DONALDSON ENTERTAINS FOR THIRD GRADE

Yesterday afternoon Miss Martha Donaldson entertained the Third Grade with a Christmas Party, at her home on North Main Street. Games were played and favors consisted of cunning red boots of candy. Ice cream

and cookies were served. About 32 guests were present.

Mr. and Mrs. W. P. Pickett, of

Guyton, will arrive Saturday to spend the holidays with Mrs. Prickett's parents, Col. and Mrs. A. M. Deal.
