the second act, "Lady Windermere's Fan" is now in its third week of rehearsals. Rehearsals are being held every night at the Woman's club. 18 will take part in this play.

The third act was read through for the first time last week, with the players learning their positions. The first part of the act finds Lady Windermere (Mrs. Everett Williams), and Mrs. Erlynne (Mrs. Henry Ellis) in Lord Darlington's apatment, without his knowledge of their being there. They are in a state of concern over Lady Windermere decision to leave her husband, with Mrs. Erlynne urging her not to take such a step. The ladies hide when Lord Darlington, (Leodel Coleman), Mr. Dumby (John Temples), Lord Windermere (Gilbert Cone), Lord Augustus Lorton, (Bill Bowen) and Cecil Graham (Harry Ai.)

Farmers At Annual Easter Sale

Last Friday was "kid" day in Statesboro for Bulloch county farmers, and each "kid" meant \$1.10 to the farmers, and each "kid" meant \$1.10 to the farmers at the annual pre-Easter kid sale, Most of the sew to the New, York markets. County agent Dyer states that the farmers do not go to the trouble of tracing them but he is of the opinion that many of them are sold as lambs.

"In the early Spring we have a heavy kid crop and that is one reason we have more of them during Easter will be seen as the county Agent who takes bids from buyers and accepts the highest to suit the buyers and the kids are assembled. More than 3,000 kids have been sold at Easter sales stated Mr. J. E. McCroan, ordinary issued the farmers and since raising kids and goats do not cost the farmer and scitual cash outlay as a crop it means practically all profit.

Mr. Dyer estimates that about 200 farmers in Bulloch county raise kids, with some few taking trouble to provide a grazing patch of small grains late in the winter. Otherwise there is no special arrangements made.

These kid sales are conducted by the Cone), Lord Augustus Lorton, (Bill Bowen) and Cecil Graham (Harry Ai-

Dedicated to the Progress of Statesboro and Bulloch County.

EASTER

For forty centuries, in oneunbroken column, the race of man had, been marching into the shadows, and of all the millions who had descended into the shadowed valley, not one had ever returned. No dead human form through all the centuries had risen up into a post-mortem life. There was in all Earth's area not one empty grave. No human heart believed, no human voice declared that there was such a grave—a grave robbed by the power of a victor stronger than man's great enemy, death. It was therefore a new and wonderful message which the Apostle communicated, when unto the dyin grace of men he lifted up his voice in the words: "One human form has risen from the dead; one grave of earth is empty: the man Christ, Jesus who was dead, is alive again.

VOTE YOUR CONVICTION TOMORROW

Bulloch county citizens will have the opportunity tomorrow to decide for themselves if they desire to legalize and control themanufacture and sale of alcoholic beverages, or whether they wish to continue in force the so-called prohibition law, which in the past has been a sham and a farce.

We wish to impress upon the voters of Bulloch county the importance of casting their ballots in tomorrow's referendum, regradless of whether they favor repeal or opposd it, so that the results of the election will will represent a true and convincing mandate fro mthe people.

LETS RE-ROUTE HEAVY TRUCK TRAFFIC

Someday one of those large gasoline tank trucks is going to blow up in an explosion on our streets that will rock Statesbo o's very foundations.

We have noticed that all heavy truck traffic which pass through Statesboro, these gasoline trucks included, come in and out at a speed far in excess of any possible safety margin. They come in and pile up under the red light at the intersections of the four Main Streets.

It occurs to us that all this heavy truck traffic could be re-routed so that it would not have to come through the business section of the city. Let all such South bound traffia turn left at S. W. Lewis arage, down Hill Street to the railroad, make a right turn and come out on East Main Street between the bus station and the Central of Georgia depot. All North bound traffic would reverse the route, make a right turn at the depot and a left turn at Hill Street to ccome out on North Main Street at S. W. Lewis'

This is the route the buses use coming into and out of Statesboro. The drivers state that they had rather use this route. Such arrangement would surely mean a greater safety margin for the automobile drivers of Statesboro and relieve East Main and North Main Streets of that heavy traffic that obstructs traffic.

WHITTLE DOWN THE SURPLUS

It is not the fault of the new Farm Act that cotton is sick. It is unfair to blame the law for something that happened before it was born. Neither is it reasonable to expect it to master a probable 12,000,000-bale carryover in one year. Most farmers realize that so far as cotton supplies are concerned we are not far as cotton supplies are concerned we are not far from the situation that existed in 1932. The only course open to us is to "hit the saw dust trail" again and gradually whittle down the surplus. If the new act can bring the carry-over to normal within three years it will have proved its efficacy.-The Progressive Farmer.

HOW WE COULD GET BURTON'S FERRY ROUTE

With interest reviving in the Burton's Ferry Route, a number of people are asking us how to go about trying to get this route completed as soon as possible. In talking with a number of those who have had the most to do with such projects we have worked out this possible method for obtaining an early completion of the Burton's Ferry Route in

First, perfect a strong Route Organization from Sylvania to Folkston, with an active and aggressive outstanding man to head such an organization. Then let each county commissioner group elect either one of their number, or the most progressive, aggressive and outstanding man the county affords to represent them at organization meetings and with power to act for them. If possible the organization should have a paid secretary who could devote his whole time to the promotion of the route in cooperation with the Highway

an organization Second: Start at once with the Highway Board, Bureau of Public Roads, Association of State Highway Engineers, the Governor, our Congressmen, and the U.S. Senators to have this route taken into the Federal Aid System and also assigned a U.S. route num-

Board and keeping a degree of peace in such

Third: Have delegates call on the Highway Board and Governor at least every two weeks from some county along the route. Have interested citizens write the Board or the Governor, so that there will be one or more letters going into Atlanta on this thing every day.

Fourth: Fight as a body and individually for grading contracts all along the route. Fifth: Bring all the pressure possible to

bear on the Board to have the Ogeechee River and Central of Georgia bridges put on the 1939 Federal Aid program. Sixth: Fight for high type paving mater-

ial, so that once the route is completed, it won't be closed for repairs. Since the paving is the most important and also the most expensive encountered, the board cannot be expected to pave the whole route in one year unless they use the cheapest material available. Therefore, the paving of this 200 mile stretch can be expected to last at least three years. The ungraded or newly graded counties should help the counties with the oldest or settled grades get their pavement first. Under such a program we could make those with the power to give us this route feel our wishes. With such a concerted program there cannot be any doubt that they would

listen to us. Why, it might even get us the Burton Ferry Route!

REASONS TO GO TO CHURCH

(From the Herald-Journal, by Theodore Roosevelt) I. In this actual world, a churchless com-

munity, a community where men have abandoned and scoffed at or ignored their religious needs, is a community on the rapid down grade.

II. Church work and church attendance mean the cultivation of the feeling of some responsibility of others.

III. There is enough holidays for most of us. Sundays differ from other halidays in the fact that there are fifty-two of them every year-Thereore on Sundays go to church. IV. Yes. I know all the excuses. I know that | makes a very delicious drink. Plain trees or by a running brook, or in a mans own house just as well as in church. But I also know as a matter of cold fact the average man does not thus worship.

V. He may not hear a good sermon at the church. He will hear a sermon by a good man who, with his good wife, is engaged all the week in making hard lives a little easier. VI. He will listen to and take part in reading some beautiful passages from the Bible. And if he is not familiar with the Bible, he has suffered a loss.

VIII. He will take part in singing good

VIII. He will meet and nod or speak to good quiet neighbors. He will come away feeling a little more charitable toward all the world even toward those excessively foolish young men who regard church-going as a soft per-

IX. I advocate a man's joining in church work for the sake of showing his faith by his

WORK ON SHEPHARD'S NEW TOBACCO WAREHOUSE IS WELL UNDER WAY

The work on the new tobacco warehouse at the corner of College Street and Bulloch Street is moving along at a satisfactory pace said Mr. R. E. Sheppard who is buiyding one of the largest tobacco warehouses in the state here.

More than three-fifths of the floor space in the new house will be of concrete it was learned. The brick pillars which will support that part of the floor which will be wood are complete and work will begin on the concrete section at an early date. About twenty men are now working but a considerable larger number is to be employed in a short time.

The new warehouse will be com-

1 cup water.

Wash and hull berries before measuring. Put sugar and water into preserving kettle, stir and boil until sugar is well dissolved. (This amount of sugar and water gives a very heavy syrup). Cook syrup thick as desired, add strawberries and boil 15 minutes (rolling boil). Start timing when rolling boil begins. Do not stir but shake the kettle and skim. Pour into flat pans or trays and shake occassionally until cold. The shaking is the secret of success; it causes the berries to absorb the syrup and remain plump and whole. Put into the jars when cold. Never cook more than three quarts at the time, and it is best to shake all of the time as cooking and occasionally when cooling. This recipe, if followed closely, in thick syrup and having a bright red color. Store in dark place keep berries from fading.

Attorney General M. J. Yeomans regarding the General Election which will be held in November 8, 1938.

According to the ruling, Mr. Ram-

sey stated, if one wishes to vote in the State Primary Election to be held the State Primary Election to be in September of this year and in the General Election on November 8, one must pay all poll taxes due, which means 1937, and qualify on or before May 8, 1938. Mr. Ramsey added that WORK BEGAN LAST FRIDAY ON since May 8 comes on Sunday this year, the safe thing to do is to pay the poll tax and qualify on Saturday, May 7, even though the law usually provides that where a dead-line falls on Sunday it may be met on the following Manday it may be met on the following

date, which will be May 8.

Harry L. Brown, assistant secretary of agriculture and former Georgia Extension director, will be the principal speaker at a gathering sponsoring by the Soil Conservation Service of By the Gainesville, April 26.
