IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By REV. HAROLD L. LUNDQUIST, Director of the Moody Bible Institute of Chicago.

Lesson for June 26 SHARING SERVICE WITH THE LIVING CHRIST

LESSON TEXT—Mark 16:1-8, 14-16, 19, 20. GOLDEN TEXT—And they went forth and preached everywhere. Lord working with them. Mark 16:20.

Easter again? No, the calendar does not say so, nor have we forgotten that we observed Easter ten weeks ago, but quite properly we study the resurrection story again today.

It is difficult to think or write about the living Christ without using superlatives. Our lesson for today brings before us the most important truth of the world as ever heard—"He is risen"; it speaks of the worst thing in the world—"unbelief"; and it presents the world's greatest commission—"Go . . . and preach."

I. The Transcendent Truth (v. 1-8).

"Ye seek Jesus, the Nazarene, who hath been crucified; He is risen, He is not here" (v. 6).

The world anxiously awaits news, and, hoping almost against hope, it longs for good news. This is the good news—the Gospel—the all-important tidings that the Son of God had taken upon Himself, not only the form of man, but the sins of mankind as well, who had tasted the bitter death of Calvary's cross, could not be held of death, but breaking its bands asunder had risen from the dead.

II. The Impassable Barrier (v. 14).

"He upbraided them with their unbelief and hardness of heart, because they believed not." Many are of the opinion that men commit, but at the root of them all we find the heart of all sin—unbelief.

III. The Supreme Commission (v. 15, 16, 20).

"Go ye into all the world and preach the gospel to the whole creation" (v. 16). "And they went . . . and preached the Lord working with them and confirming the word" (v. 20).

The command of Christ is still the "marching orders of the church," but how slowly we have marched. The writer of these notes was recently startled by statistics revealing anew the fact that "Christian America is rapidly returning to the status of a mission field. It is said that last year 60,000 churches in America had no converts, and 9,000 churches were closed during the year. There are 10,000 villages reported to be without church services, and 30,000 communities without a resident pastor.

When a man lingers in the neighborhood of sinners he may expect to be tempted. Our company has not a little to do with our conduct.

Sunday Movies (Continued from Front Page)

ture show was started, that every penny of the money would be used for charity, and to be kept in a separate fund, and even after they were advised of this action and other substantiating statements they continued.

We have never, at any time, tried to change anyone's honest opinion on this question, all that we have tried to do was to get the facts before you, and let you make your personal decision, as you saw it.

"At the time that we started this move we were sincere and honest in our opinion that we were doing no wrong, and that we could do a great deal of good with the money, and we are still of this opinion, but we disintegrated them voluntarily to keep down any ill feelings by the continuation of this move, so those good people that honestly opposed it due to religious causes, may rest assured that Sunday movies are a thing of the past, in so far as we are concerned.

We can sincerely say that we have no hard feelings, criticism, nor condemnation for anyone that honestly opposed this move, as we feel that it is their privilege and right and respect them for it. We feel that we love and respect our Churches and City, and have shown it, by discontinuing the shows even in the face of overwhelming public approval. Do you as a Citizen feel that we have been fair and honest? We sincerely hope so, as we certainly have tried to be so all the way through. This is our final word, and wish that the whole subject be forgotten as quickly as possible."

Homemakers' Exchange of Helpful Household Hints and Recipes Conducted by ELEANOR HOWE. Do you know just how many practical uses there are for a putty knife right in your own kitchen? With a putty knife you can turn foods easily in hot-broiled, tomato paste, lift with it, scrape and you use it to cut certain foods. For a few cents you can purchase one for your very own so there won't be an excuse handy to rob your husband's tool chest. You'll find a putty knife handy in the garden when you wish to transplant seedlings and small plants.

When baking a cake that you have no time to find, serve with savanah of this fluffy HONEY MERINGUE: Beat 2 egg whites until they hold a peak. Then slowly add 1 cup strained honey, while beating constantly. Continue beating until mixture will stand up like peaks. You can serve this meringue immediately, or if you have a modern air-conditioned ice refrigerator you can keep the mixture perfectly for several days and then use it on a moment's notice. Meringue must, clean washed, air will give it perfect protection. Stir well before putting in refrigerator. Warm chocolate cake or gingerbread.

Have Defeat Toss Tribesmen and tribeswomen who have deep in the Malay jungle, have perhaps the dearest toe in the world. The Malay shoes are provided with a knob upon a stem, and around this the Malay girl must wrap her toes if she is to keep her sandals on. In other words, to remain shod at all, she must walk carefully on the side of her foot.

Instead of trying to find uses for the surplus egg yolks left from making an angel food cake, why not decide several days in advance that you are going to make a certain food and then start saving up the whites for it? You can easily slip an extra yolk in the various foods you are cooking, such as omelets, puddings, scrambled eggs and salad dressing where an extra yolk or so is not amiss. Then, just keep the egg whites in a jar or bowl in the modern air-conditioned ice refrigerator where they will remain fresh and of the right consistency until baking day.

When mixing salmon critters, it is easier to mix together a small amount of pancake batter; than to make the usual white sauce and blend with 1 cup of drained and flaked salmon, 2 teaspoon butter and onion and a dash of salt and pepper. Drop by teaspoonful in deep fat heated to 375° and fry until golden brown. Drain.

The most difficult part of scrubbing floors is lifting the pall from place to place. But this can be eliminated if you built — a little box about 12 inches square with sides 3 inches high and mount it on casters. It will be just large enough to hold the pall, scrub brush and soap; and the nearest touch of a hand guides the "wheeler" that where you want it.

VOLUME 2 THE BULLOCH HERALD WEDNESDAY, JUNE 29, 1938 NUMBER 15

FIRST FEDERAL SAVING AND LOAN ASS'N PAYS 4 P. C. FIRST FEDERAL SAVING AND LOAN ASSOCIATION PAYS DIVIDEND TOTALING \$1,600. Horace Z. Smith, president of the First Federal Saving and Loan Association announced this week that the association is paying its annual 4 per cent dividend, payable semi-monthly, to share holders as of record on June 30. The dividend is on all class of shares, and will total \$1,600.

The dividend is for the first half of the year 1938. According to Mr. Smith the assets of the organization have grown from \$24,000 as of January 1, 1937, to \$106,000 as of June 30, 1938, an increase of \$82,000.00. The association has made funds available for the refinancing, reconditioning and new construction of more than 60 homes.

The progress of the association pleases the directors and much of its success is attributed to the insurance by the Federal Savings and Loan Corporation of all investment shares up to \$5,000. More than \$37,000 has been invested by local subscribers. The First Federal Savings and Loan Association enables anyone to invest his money safely and obtain a reasonable rate of return on long term savings. All investments in shares in the association are made available to local home builders and those who wish to refinance or purchase homes at very low rate of interest over a long period of time.

The Association's quarters are located at 12 East Seibert Street. The officers and directors of the association, elected January 1, 1937 are: H. Z. Smith, president; J. B. Averitt, secretary; H. L. Kennon, secretary and treasurer; Mrs. J. B. Averitt, art. secretary; L. E. Tyson and Chas. E. Cone, directors.

Local Watermelon Market Under Way ONLY ONE CAR LOAD SHIPPED PRIOR TO MONDAY THOUGH MANY TRUCK LOADS REACHED THE MARKETS. A medium late watermelon market got under way in full swing here on Monday with a dozen cars being loaded by local buyers.

Previous Monday only one carload of melons had been shipped, although many truckloads have been sent to Columbia and markets further north. F. C. Parker, Jr., a local buyer, quoted the market for Monday afternoon as ranging from \$100 to \$140 per carload. Cuban Queens were bringing \$135 to \$140, Tom Watson about \$125 and Dixie Belles about \$100. These prices are for medium-sized melons.

BOY SCOUTS TO GO TO CAMP STRACHAN JULY 3RD. Statesboro troop Boys Scouts plan to attend Camp Strachan during the next two weeks, starting July 3. The entire troop will not attend as such but several boys from the group plan to go down Sunday. Camp Strachan has been reworked this season and is now a very modern camp in appearance as well as in equipment. This is the official camp for the Chatham Area of which Troop 32 is a part.

CO-OP POULTRY SALE TOMORROW WILL SELL 6,000 LBS. OF CHICKENS. Bulloch county poultrymen will hold a cooperative sale Thursday, July 30. About 6,000 pounds of chickens are listed for the sale, mostly White Leghorn fryers. Tennessee Egg Company, Atlanta is the bidder for this sale with a bid of 10 and 13 cents per pound for hens and 11-2 pounds and 11 cents for smaller fryers. The sale will be held at the Central of Georgia depot.

Orville Park Speaker At Rotary Club Monday. That Georgia has too many counties that do not have less than 10,000 people has a right to exist, was proclaimed before the Statesboro Rotary Club at its meeting Monday by Orville A. Park of Macon.

In speaking of some of the things Orville ought to face and correct Mr. Park said that the state has too many counties, and that at least sixty one of the 159 counties should be abolished. He told the Rotarians that 108 of the counties in this state have enough taxable property to support a county, and that 153 of the 159 pay in less to the state treasurer than they get in return. He further stated that six counties pay half of all state taxes. Yet, he represented these small counties as controlling state politics by the county unit system. He explained that Fulton county would have 122 representatives if they had the same representation as Bulloch county. Judge Park added the second sale was controlled by a small clique, generally by the sheriff.

Among other things that Georgia must face, Mr. Park explained, is the disfranchisement of the negro. He advocated that the right to vote should be based on character and intelligence and not color, and also advocated a two-party political system in Georgia.

Nevils Reading Club Has 66 MISS JANE FRANCES AND MRS. W. G. NEVILLE VISITORS AT MEETING LAST SATURDAY. The fourth meeting of the Nevils Reading Club reached a new high in attendance with 66 present. Thirty-six new members were enrolled at the meeting held Saturday at the Nevils High School. Wynell Nevils presided at the meeting.

Mrs. W. G. Neville and Miss Jane Frances of the Teachers College were present. Mrs. Neville told two stories. Mrs. Carl Her and Mrs. Hudson Gorbie received honorable mention for having brought the greatest number of new members into the club. Uline Martin received honorable mention for having secured more new members than any on the membership committee.

More than 75 books were checked. Indications are that this summer will see more and more young people availing themselves of the opportunity of reading. Children of all ages are attending the club sessions. Books are available for all grade levels. These summer reading meetings will continue at the Nevils High School each Saturday afternoon between the hours of 4:30 and 6:30. Fifty reader's certificates are expected to be awarded at the end of the summer. Professional story tellers will be given a part on the programs as often as possible.

WARNOCK WOMAN'S CLUB MEETING HELD AT HOME OF MRS. HUBERT MIKELL. The Warnock Woman's Club held its regular monthly meeting at the home of Mrs. Hulert Mikell. The members of the club were met at the door by Mrs. Carson Jones, co-hostess and directed to the lawn under large oak trees. Here the club members engaged in a talk over for an hour, under the direction of Miss Elvise Maxwell.

At this meeting plans for the county picnic at the Steel Bridge, on July 21, were discussed. The State Home Demonstration meet to be held in Atlanta on Thursday July 20. L. H. Coleman will preside. The following program will be given: Invocation; by Elder T. E. Sikes of Vidalia; welcome address, L. H. Coleman of Graymont; response to welcome, Leodel Coleman of Statesboro; piano solo, Daisy L. Smith of Collegeboro; quartet directed by Elise Coleman of Cobbtown; vocal solo, Hoke Smith, Jr. of Swainsboro; string band directed by Jess Coleman of Graymont, and address by George Coleman of Palmetto.

2 FARMS BOUGHT ON TENANT FARM PURCHASE PLAN. The first tenant farm purchase for Bulloch County was completed here Saturday of last week and W. E. Deal received the first check for the purchase of the Dan Riggs farm, west of here. At the same time the second sale was completed when O. H. Rushing was given a check to purchase the J. M. Williams farm, between Statesboro and Claxton.

The two purchases were the first farm purchases under the Bankhead-Jones law in Bulloch county. The Dan Riggs farm purchased by Deal for \$9,000 contains 149 acres, with 90 acres under cultivation. Deals check was for \$3,350, the balance to be used for improvements. The Williams farm contains seventy-five acres with fifty under cultivation. The purchase price was \$14,000 with \$450 added for improvements.

Under the plan the farm is selected by the applicant and the applicant is selected by the county committee. Few other applicants have been approved but the checks have not been received. N. R. Penning, Bulloch county farm supervisor stated that the county would have another allotment after July 1.

The county committee in Bulloch county is composed of W. H. Smith, chairman; John Powell and J. E. Hodges. The applicants will have forty years to repay the loan, paying \$43.26 a year a thousand with 6 per cent interest. The successful applicants are selected after their equipment, mules, etc., have been considered.

IVANHOE COMMUNITY CLUB TO HOLD ANNUAL MEET AT STEEL BRIDGE. The Ivanhoe community club will hold its annual meeting at the Steel Bridge Friday, July 1. A community leader for next year will be elected, according to W. A. Groover, the president.

The club was organized July, 1932, and has held regular meetings once each month since that time. National recognition has come to the community since that time for the various cooperative projects carried on. Following the business session the social hour will consist of making ice cream on the grounds and the eating it with cake.

Livestock Market Higher This Week. The livestock market here yesterday sold top hogs as high as \$9.00 a hundred, according to O. L. McLemore of the Bulloch Stock Yards. There was a good run on hogs with the market higher. Top hogs sold for 9.00; No. 2s, 8.40 to 8.75; No. 3s, sold from 8.65 to 9.00 and No. 4s (barbecue pigs) brought 7.55 to 8.75. One farmer from Stevens sold 60 pigs averaging 80 pounds for \$9.50 per hundred pounds.

The cattle market was strong with a good demand for milk cows. Deal cattle brought 7.50 per hundred. Bull yearlings brought 4.50 to 5.50. Fat native grass fed yearlings and steers brought 4.50 to 6.25, according to Ft. cows brought 4.50 to 6.25.

County Voting In Primary Today. A new pressure cooker has been purchased for the Canning Plant at Registrar, which doubles the amount of vegetables or fruits that may be cooked at one time. This, along with other changes in the plant, should make canning quicker and more satisfactory than it has been heretofore.

Days set for canning are Mondays and Thursdays of each week (except Thursday, June 30). Cans will be available for sale at the plant for approximately three and four cents for No. 9 and No. 3 cans, respectively. A toll of one tenth of the products canned or a charge of one cent per can will be made to those canning, to be used for the general upkeep of the plant.

These canning should bring a small amount of fuel for firing the furnace and sufficient labor for preparing, packing, sealing and cooking products.

Register F. F. A. Boys Off to Camp. GO TO STATE FUTURE FARMERS OF AMERICA CAMP NEAR COVINGTON, GA.; T. O. RETURN ON JULY 2. The Register F. F. A. Chapter, which consists of the boys in Register High School who are studying Vocational Agriculture, will leave on their annual summer trip Tuesday, June 28. The trip will be made by bus to the State F. F. A. Camp, located on Jackson Lake in Newton County, near Covington, Ga. This camp is being developed for all Future Farmers throughout the state through the cooperation of each local F. F. A. chapter. State Vocational Education officials and various government agencies. When completed this promises to be one of the finest camps of its type in the nation.

A visit to the camp was made possible for the Register F. F. A. Chapter through the cooperative efforts of the boys in Register High School studying Vocational Agriculture who are members of the local chapter. In addition to enjoying the camp all these Future Farmers plan to visit Stone Mountain and other points of interest in or near Atlanta and the State Sanitarium at Milledgeville. The trip will leave Tuesday morning, June 28, at 7 o'clock, and expect to return Saturday afternoon, July 2.

Officers recently elected for the Register F. F. A. chapter for the ensuing year are: President, Elvin Anderson; Vice President, Edwin Brantley; Secretary, Clyde Donaldson; Treasurer, Lamar Smith; Reporter, Stevie Alderman; Advisor, O. E. Gay. In addition to the newly elected officers of the chapter the following are expected to make the trip: Harold Akins, Clinton Anderson, Harry Aycock, Neal Bowen, Junior Brannen, J. W. Brannen, W. E. Brunson, Gerald Deke, Cecil Hagins, Bill Holloway, George Thomas Holloway, Jerry Lamu, Beaufort Moore, Trillace Miller, John Wesley Moore, William Moore, Lehman NoSmith, James Otto, Harold Powell and George Smith.

COMMITTEE NAMED FOR COLORED CHILD WELFARE COUNCIL. On Thursday night, June 23, a group met at the Statesboro High School with Julia P. Bryant as chairman to further perfect plans for the organization of a Child Welfare Council for colored people of Statesboro and Bulloch county. Plans for the success of the organization were discussed by Dr. H. Van Buren, H. K. Gross, A. R. Pope, H. H. Rigg, R. R. Butler and Julia P. Bryant.

The route this line will follow depends entirely upon what area the customers are in and the density of the customers. The board of directors have asked for an engineer Tuesday, July 5, to plot the proposed lines. All applications are to be grouped by that time.

Thirteen Candidates Seeking Places. BULLOCH HERALD AND COLLEGE PHARMACY TO POST RETURNS AT THE COLLEGE PHARMACY. As the Herald goes to press rising interest is being shown in the county primary being held here today (Wednesday). The College Pharmacy in cooperation with the Bulloch Herald will post, in the College Pharmacy building, the returns as they come in from the official election holders in each district of the county.

The probable reason for the lack of pressure campaigning and feeling in this election is due to the short time between the qualification date and the primary date. Usually the primary is held at the same time as the state primary but at the last meeting of the executive committee the date was set for today.

According to a statement made by B. H. Ramsey, secretary and treasurer of the county Democratic Executive committee, the list of qualified voters was cut from about 5,000 until it lately exceeds 3,000.

The list of candidates include Anderson G. Lanier and J. J. E. Lindstrom; Judge of the City Court; Fred W. Hoopes for Chairman of the County Board of Commissioners; Harry S. Akins, Prince H. Preston, D. B. Franklin and H. Marshall Robertson for members of house of representatives, (two to be selected); Harvey D. Brannen and Mrs. Julia C. Lane for the senate; M. J. Bowen, Geo. P. Lee, C. A. Placock and C. B. Griner for county commissioners.

\$56,000 Paid Here Saturday. SOIL CONSERVATION CHECKS TO BULLOCH FARMERS PARTICIPATING IN 1937 PROGRAM. Soil conservation checks totaling \$56,000 were distributed Saturday to Bulloch county farmers that participated in the program in 1937. Other checks have been received since this first lot was distributed. The 1937 farmers that participated in the program last year will receive close to \$200,000 during the next few days.

Full advantage of the program been taken by the farmers signing the checks have been received since this first lot was distributed. The 1937 farmers that participated in the program last year will receive close to \$200,000 during the next few days.

JACK WYNN OF PORTAL HIGH SCHOOL WINS LATIN TOURNAMENT. It was learned here recently that Jack Wynn, a pupil of the eighth grade in the Portal High School was awarded first place in division 1 of group B in the Latin Tournament in the First District.

This tournament was held in Savannah in April and the papers were sent out of the state to be scored and rated. Mr. Wynn is a grade A student at the Portal High School, having an excellent average in all his school work from the first grade on through the eighth grade. Portal is proud of the rating received by Mr. Wynn.

TOBACCO TRADITION

The tobacco grower today has descended from a long line of romance and tradition. When the English first landed on the shores of what is now North Carolina over 350 years ago, and in Virginia in 1607, they found the strange new leafy plant. From the Indians they learned the pleasurable pastime of the pipe. Like wildfire Englishmen adopted it. In the early colonies of the South tobacco was everywhere legal tender. Wages, debts, purchases, and even the parsons' salaries, were paid off in tobacco. Huge loads of it annually sped by sail eastward to Old England. The tobacco planter was soon able to live in style. He used his leisure to develop a culture that breathes romance even to this day. He was elegant and polished in appearance, speech and manners, and his wife and daughters were apt to be models of refinement and beauty. The planter ranked at the top in the social system. He set up his own government over the plantation, took an active interest in public affairs, and skilled himself in the practices of government. Thus he developed that spirit of freedom which first flared up in a tobacco colony, and which flamed furiously into the Revolutionary War, resulting at last in American independence. Tobacco provided the wealth that gave the first English colonies on these immediate shores their sustenance, and which made it possible for them to thrive on into the fruition which we enjoy today. Therefore, we repeat, those who plant tobacco today belong to a great tradition, and one of which to be proud. It is strictly American tradition, for tobacco was first found on American shores.

BUDGET OPERATIONS REVIEW

The State's Budget is automatically balanced and at end of eleven months of the fiscal year July 1st, 1937 — June 30th, 1938 the State's financial picture is revealed as follows:
The Legislature authorized the expenditure for the period of \$49,953,065.32, including \$4,900,964.39 balances from previous fiscal period. Funds available in the period to apply in payment of the authorizations were \$44,639,115.63 leaving \$5,313,949.69 of the Budgets of the State Departments, having a fixed sum appropriation, to be subject to the "Grandfather Clause" requiring the expenses of the State to be reduced to be within available monies thus keeping the budget continuously in balance. At the end of each fiscal year appropriations in excess of available funds cease to be obligations.
Of the \$44,639,115.63 limit placed on budgets of the State Departments for the eleven months period only \$42,817,941.95 has been expended thus showing a reserve of \$1,821,173.68 held for the Departments at May 31, 1938.
In brief, the total expenditures authorized for the eleven months period were \$49,953,065.32, actual expenditures were \$42,817,941.95 or \$7,135,123.37 less than authorized, or \$1,821,173.68 less than the cash available. 87 1-2 per cent or \$37,450,936.28 of the \$42,817,941.95 expenditures on Budget for the eleven months of this fiscal year was for roads, education and public welfare activities, showing \$18,613,014.03. \$14,575,562.81,

\$4,262,359.44 respectively, leaving 12 1-2 per cent or \$5,367,005.97 for all other activities of the State, including Public Debt and Interest. The expenditures this fiscal period were \$12,984,555.14 greater than last fiscal period. 35 per cent or \$4,525,223.38 of the increase going to road activities, 34 1-2 per cent or \$4,499,132.10 of the increase going to education, 15 1-2 per cent or \$1,998,342.04 of the increase going to Public Welfare activities including Old Age assistance and the balance of 15 per cent or \$1,196,857.32 of the increase going to all other activities of the state including the newly established Highway Patrol, Unemployment Compensation Division, Employment Division and expanded Health program.

GOOD NEWS FOR FARMER

A leading farm implement manufacturer has announced price reductions ranging from \$150 to \$650 on crawler-type tractors, effective immediately. Other manufacturers, it is believed, will soon meet the price cuts on this type of tractor. While price reductions on their machinery of production is welcomed by farmers at any time, the present case is particularly timely since farmers are faced with the prospect of receiving lower incomes from their crops this year. No price reductions have been announced on wheel-type tractors, which are used by a majority of farmers. However, the strengthened competitive position of crawler-type tractors which will prevail as a result of lower prices, may eventually force similar reductions on the wheel-type tractor.

THINGS TO WATCH FOR—Antiseptic candy which releases hydrogen peroxide to free the mouth of germs. . . Combination mirror, lipstick and flashlight so that women can "make up" in the dark. . . A fountain pen equipped with a roller blotter concealed inside the cap. . . Vacuum cleaner which beats the rug before scooping up the dust. . . A roller dry-shaver which operates on the face like a lawn mower goes over grass. . . A chemical solution to act as an invisible "third skin" for hands to protect them against oil, ink and grease or dirt. . . A new kind of posture foundation summer shoe called suntog which can be washed with water and soap.

HEADLINES — Only 14,000,000 of the 25-250,000 homes in the country are equipped with furnaces. . . Stop, Look, Listen—more grade crossing accidents occur on Saturday than any other day. . . U. S. recaptures lead as the world's largest producer of beer, turning out almost 59,000,000 barrels last year. . . Housing shortage—three million city homes in America have fewer rooms than there are people living in them. . . Miami, Florida, with more than \$5,500,000 invested in ten airports, has investment in flying facilities equal to \$5,200 for each year round aviation employ in the city. . . Honesty Increasing—for every three purchasers of autos on time who skipped payments by giving wrong addresses and moving out of town in 1930 only one gets away with it today. . . Biggest Price Drop on Record—Back in 1907 helium cost \$2,500 a cubic foot, now the Bureau of Mines produces it at Anarillo, Texas for one cent per cubic foot.

The Editor's Uneasy Chair

A working man gave us the following poem and stated that he believed that it would be interesting to others. He did not know who wrote it but stated that it had helped him. We give it to you as he gave it to us.

If you think you are beaten, you are:
If you think you dare not, you don't
If you think you'd like to win but you can't,
It's always a "chinch" you won't.
If you think you'll lose, you've lost;
For out in the world you'll find
Success begins with the fellow's will—
It's all in the state of mind.
Full many a race is lost
Ere even the race is run;
And many a coward fails
Ere even his work's begun.
Think big, and your deeds will grow;
Think small, and you'll fall behind;
Think that you can, and you will.
It's all in the state of mind.
If you think you're outclassed, you are;
You've got to think big to rise;
You've got to be sure of yourself before
You ever can win a prize.
Life's battle does not always go
To the stronger or faster man;
But sooner or later, the man who wins
Is the fellow who thinks he can.

THE VACATION READING GROUP

The largest number of readers were present last Saturday afternoon to organize and elect officers. The number of members have gone from thirty to eighty from the time of organizing.

Georgia Bell Avery read in a very interesting manner a poem entitled, "The Sea." Arnie Burned also told the group about the book she had read and its author.

The following officers were elected, President, Wynell Nesmith. Vice President, Jacquelyn Bowen. Secretary and Treasurer, Elizabeth Proctor. Hospitality Chairman, Uldine Martin.

Those selected to help Miriam were Carolyn Proctor, Dewees Martin, Jack Proctor and Elveta Nesmith. The Hospitality chairman will be in charge of cleaning the halls and of placing the flowers in the place of meeting.

We still have good books to be checked and you are invited to come and be with us. Full information regarding certificates will be in next issue of the Herald.

LADIES HOME DEMONSTRATION CLUB MEETING. On last Wednesday afternoon the regular meeting of the Nevils Ladies Home Demonstration club was held in the High School auditorium with Mrs. C. J. Miss Mary Townsend of Dublin Weds Glenn Bland, Jr., Sunday

Marie Baptist Church, about four miles from Dublin, was the scene on Sunday evening at 8:00 o'clock of the marriage of Miss Mary Townsend, the lovely daughter of Rev. and Mrs. J. E. Townsend of Dublin and Glenn Bland Jr., of this city.

The officiating minister was Dr. C. M. Coleson of the First Baptist Church at Statesboro. The impressive presence of a large assemblage of friends and relatives of the popular couple, a lovely program of nuptial music was presented prior to and during the speaking of the vows.

The altar of the church was graced with masses of palms, ferns and native anemones. Against this background of greenery were placed baskets of white gladioli, and the bridal scene in seven branched candelabra.

The ushers were Forest Townsend and James Townsend, brothers of the bride, and Grady Bland and Herman Bland, brothers of the groom.

The bridesmaids were Miss Lonnie Belle Bland, sister of the groom, and Miss Gwynelle Scarborough of Dublin. They were dressed alike in dresses of pink dotted Swiss finished with light bodices, full skirts and short ruffled sleeves.

The maid of honor, Miss Mary Frances Lamb, wore a gown of peach lace posed over orchid taffeta. She carried an arm bouquet of pink roses and gladioli tied with orchid satin ribbon.

The bride entered with her father, Rev. J. E. Townsend who gave her in marriage, and they were met at the altar by the groom and Robert J. Bland who was his brother's best man.

The blond beauty of the bride was enhanced by her wedding gown of white chantilly lace over white taffeta fashioned along princess lines.

Numbered among the brilliant social affairs of the week was the miscellaneous shower tea given Friday afternoon by Mrs. Lester Martin at her lovely home five miles south of Statesboro complimenting Mrs. John Zetterover, a recent bride.

The spacious home was thrown together for the occasion and the beauty of the rooms was enhanced by the use of stasda daisies and gladioli in bowls and vases.

Mrs. Bill Foss greeted the guests at the door and introduced them to the receiving line which was composed of Mrs. Martin, hostess and sister-in-law of the bride, Mrs. John Zetterover, the guest of honor, Mrs. Watson Nesmith, mother of the bride, Miss Madgie Lee Nesmith and Miss Sallie Zetterover.

Mrs. Marjula Brannen conducted the guests to the bride's register kept by Miss Irma Foss. Mrs. Archie Nesmith was in the gift room. Miss Lila Nesmith directed the guests to punch bowl where departed guests were served punch by Virginia Waters and Wilfred Hagin.

Mrs. Zetterover was becomingly gowned in a black net dress trimmed in white satin with a shoulder spray of white gardenias. Mrs. Martin received her guests in a dark blue georgette. Her shoulder spray was of pink roses.

Frank Ruching gave a musical program, throughout the afternoon. 150 guests were invited to call between the hours of four and six.

DR. AND MRS. DELOACH HOSTS AT DINNER PARTY. Dr. and Mrs. R. J. H. DeLoach were hosts Friday evening at an exceptionally lovely dinner party honoring their daughters, Mrs. Max Moss, Mrs. Lawrence Locklin and Miss Louise DeLoach of Chicago, and Mrs. Edward

ALL'S FAIR

When Sara Alice Bradley, Dot Remington, Jack Averitt and Robert Morris left on a bus for Jacksonville to visit Bob Darby, the bus trip was one of the most enjoyable of their trip for most of them a "bus ride" was a new experience. We imagine it would be amusing to learn how many of this young generation have never made a train trip. Those of you who have set the alarm clock for about four o'clock in the morning and have gone on one of those Sunday School picnics to Tybee, spent about three or four hours hanging to a rope until you learned to ride the waves, ate bushels of cotton candy, had your pictures made and came home sore and sunburned had an experience that has no parallel in modern times. Nor does this generation count among their pleasures anything like the Fourth of July picnics usually given by the Macons, where we all drank lemonade from a large tub using tin dipper instead of paper cups—and in the afternoon there was always an exciting ball game and it nearly always rained, and lucky was the person who could find a top buggy or better still a surrey. Our musical entertainment oftentimes consisted of good harmonica players. Speaking of music reminds me that the William Deas are at Northwold University in Evanston, Ill., and William is studying every phase of music from eight o'clock in the morning until five in the afternoon. And Annette Franklin after receiving Calculus at Agnes Scott and receiving grand reports in all other work is at Emory University, personally we think she's getting off work so that she can ease up and have a good time for herself later on—in a girl, Annet! How we envy the endurance of some people, here Janice Johnson galivants all over Ontario, takes in Buffalo, N. Y., gets in on Sunday and on Monday we find her putting up peach preserves. Lare Johnston whose birthday is June 21, the same as the little Lindbergh baby that was kidnapped, has the right idea about birthday celebrations. On his 19th birthday he invited "Uncle" Jessie Outland and Grandma Johnson for dinner Friday evening and there-ferer proudly displayed a bank full of money. All the boys are envying Billy Oliff, Jimmie Morris and Bernard Morris as they went home with Jimmie Cowart in that big U. S. Army truck. When Glenn Bland married Sunday he was seeing his first wedding—we thought that was a most unusual record when along comes Luedel Coleman who has just returned from West Virginia where he witnessed his first church wedding. Arline Brannen and Helen Arundel were talking about the danger of contracting certain diseases from milk. Arline said "We use pasteurized milk at our home." Dick who was listening said, "Mother what do you do to milk to paralyze it?" As Ever, JANE.

Warning Against "Blind Staggers"

COUNTY AGENT RECOMMENDS TWO-DOSE VACCINE SEVEN TO FOURTEEN DAYS APART BY VETERINARIAN

The horse and mule disease known as encephalomyelitis (sometimes called "blind staggers," "brain fever" or "sleeping sickness") deserves the attention of Bulloch county farmers, the county agent, Byron Dyer, declared this week. A few cases of this disease were found in Bulloch last year.

It is an infectious disease that may be reduced by two-dose vaccine given at least 30 days before the disease generally puts in its appearance in July and reaches a peak in August and Sept., according to the agent. "So far, it hasn't caused much trouble in Georgia," he said, "but out west it is doing a considerable amount of damage."

Mr. Dyer suggested that the vaccine be given in two injections, 7 to 14 days apart, by a competent veterinarian. Most so-called remedies and cures sold by peddlers are of no value in controlling this disease, he added, warning farmers against their use.

The county agent explained that the giving of the vaccine is the duty of a veterinarian, but that there are several things that the farmer can do to help a veterinarian, but that the farmer can do to help out. The disease is caused by a filterable virus, which may be transmitted by mosquitoes, flies, and other blood-sucking insects. Where the disease now exists, but did not exist last year, it is advisable to stable work animals when not working them, and in every way to protect them against the disease.

Plans For 250 Miles Power Line Made

WALTER L. WOLFE, RURAL ELECTRIFICATION ADMINISTRATION ENGINEER MAPS PLANS FOR LINES

The county-wide rural electrification program for Bulloch county was launched last Friday when membership cards were being solicited for the corporation.

Walter L. Wolfe, Rural Electrification Administration engineer, mapped plans for the work. He wrote up applications for 250 miles of line, 150 of which is in Bulloch county and 100 miles in Candler. According to the present plans are completed, interest there will be 1,100 members in the two counties.

The first official action of the county was the organization of the Excelsior Electric Membership Corporation. This part of the county will tie on to the Candler county line and if the present plans are completed there will be a complete circuit in Bulloch county with Statesboro as the center of a large circular line.

The solicitors who are working on memberships in the association are E. G. Tillman, J. F. Nevils, J. Paul Nevils, in the 44th and 45th districts; W. M. Turner and W. Louis Ellis in the 129th and 171th; John Oliff, I. V. Simmons and Chalmers Franklin in the 48th district; Harold Zetterow, Lester Martin and Jesse Akins in the 1523rd and 1547th districts; and Spurgeon Aaron in the area above Port.

When this line is completed every section of the county not now served by electricity, will be on an electric line.

PECULIAR GUINEA EGG HARTWELL - J. T. Riser, of the Reed Creek community near Hartwell, brought into town a "double-barrelled" guinea egg recently that has been placed on the "menagerie" of funny things. It is the same size on each end with a "handle" in the middle. Even a guinea gets "off" a little sometimes, it seems.

Georgia Tobacco Markets To Open Thursday, July 28

Bulloch County Man Demonstrating New Improved Sea Island Cotton Gin

L. L. Foss of Bulloch county is now displaying a new improved Sea Island cotton gin. Mr. Foss is the inventor of the old type Sea Island cotton gin.

The new gin, called the improved double roller Sea Island cotton gin, has two crank legs, two strippers with a two and three-fourths inch crank shaft with a one and one-half inch hollow through which water is forced while operating. Thus the old trouble of overheating in the old type gin is overcome.

The old gin had three strippers, three crank legs with a solid crank shaft, turning 600 revolutions per minute. At this speed there was no means of keeping the shaft cool, its speed being 1,000 revolutions per minute.

Mr. Foss claims that the new improved gin will give one-third more cotton than the old type. The old type was capable of turning out a bale of cotton every hour.

All the supports on the new improved gin which hold the crank shaft and strippers in place are stronger than the old type.

Foss and Son Gin Company of Paulsboro are now taking orders for the new gin.

SENATOR GEORGE ASKS CONVENTION TO OPEN GEORGIA MARKETS ON AUGUST 2

The tobacco season will open in Georgia on Thursday, July 28, according to an announcement made in White Sulphur Springs, W. Va., on July 1 at the meeting of the Tobacco Association of the United States.

The Georgia markets will be the first to open. The South Carolina markets will open August 4, and the Eastern North Carolina markets, on August 25, the middle belt markets on September 27 and the dark field Virginia markets on November 28.

Realizing that the early market opening is operationally affect this section, Senator Walter F. George telegraphed the convention Thursday of last week, asserting the industry in Georgia would be injured if the markets were opened before August 2.

This year will see a new warehouse on the Statesboro market. R. E. Sheppard will complete his new house in the near future. When it is finished it will be one of the largest warehouses in this section. It will provide 105,000 square feet of floor space and is more than three times as large as either of the other houses.

Mr. Cobb and Mr. Foxhall will operate both the warehouses formerly owned by the Statesboro Tobacco Warehouse Company. Mr. Cobb and Mr. Foxhall purchased these two houses in October of last year. Mr. W. E. Cobb, with Mr. R. P. Holt, who died several years ago, leased one of the houses in 1928 and has been on the local market ever since. Following the death of Mr. Holt, H. P. Foxhall joined with Mr. Cobb and since 1930 Cobb and Foxhall have operated together. This year their warehouse floor space will be doubled.

Mr. Sheppard came to Statesboro six years ago from Kinston, N. C. For the last five years he operated one of the two houses formerly owned by the Statesboro Tobacco Warehouse Company but this year will see him in his new house.
