Statesboro High Football Squad To Begin Practice Thurs.

COACH B. A. S'NAG Johnson stated Monday night his Statesboro Blue Devils football squad will begin practice Thursday afternoon for the opening drill of the 1938 season.

Coch Johnson stated that he will miss those men that departed from the varsity via the graduation route last June. But on the other hand he said that he will have a good many reliable men to count on for the coming season. He hopes that there will be a few of the boys that generally sat on the bench last year to be of help in replacing those that blue devils.

The blue devils will open their '38 season by going against the Vicksburg Indians on the local gridiron on Thursday night, September 29. Last year the Statesboro team won over the Vidalia squad by a touchdown, 6-0.

Coch Johnson has not completed his team schedule yet but he stated that he hoped to have it completed within the next few days.

MISS SUMMER THORPE OF SAVANNAH TO TEACH MUSIC HERE

Mr. S. H. Sherman, superintendent announced yesterday that Miss Summer Thorpe of Savannah will be in charge of the musical instruction in the Statesboro public schools for the season of 1938-39.

Miss Thorpe is a graduate of the University of Chicago Conservatory of Music and is organist at Edworth Methodist church.

1938-39 Faculty For Statesboro

Grammar School teachers are: The First Grade, Miss Mattie Lively, Miss Bertha Hagen; Second Grade, Miss Mary Hogan and Miss Rita Lindsey; Third Grade, Miss Dorothy Brannen and Miss Martha Donaldson; Fourth Grade, Miss Mildred Curry and Miss Irene Enick; Fifth Grade, Miss Nell Collins and Miss Hazel Watson; Sixth Grade, Miss Sallie Zetewer and Miss Sallie Mae Prime; Seventh Grade, Miss Juanita New and Miss Edna Trapp.

The High School faculty is: Mr. W. Chandler, Miller, Social Science; Mr. R. A. Montgomery, Cave Springs; Mr. B. B. Williams, Charleston, S. C. Science; Mr. B. A. Johnson, Graymont-Summit, Math; Miss Mary Lou Carmichael, Statesboro, Social Science; Miss Nan Huckabee of Woodruff, S. C. Math; Mrs. D. L. Deal, Statesboro, English; Miss Edna Wade, Quitman, English; Miss Brooks Grimes, Statesboro, Latin and French; Miss Mary Castleberry, of Gainesville, Librarian; Miss Verdine Lee Hillard, Statesboro, Music; Miss Sara Wicker, Warrenton, Home Economics; Miss Eleanor Moses, Music; Miss Summer Thorpe, Savannah, Music.

To Begin at 8:30 a.m. Out at 2 p. m.

CHANGING MADE IN JOINT MEETING OF BOARD OF EDUCATION THE PTA AND SUPERINTENDENT

Mr. S. H. Sherman announced yesterday that beginning Friday the Statesboro schools will go on a one-half day school schedule. Mr. Sherman stated that school will begin at 8:30 in the morning and dismiss at 2:00 o'clock in the afternoon.

The change was made effective at a joint meeting of the Board of Education, the Executive Committee of the PTA and Mr. Sherman.

The new schedule provides for 45 minute class periods.

Formal Exercises To Begin At 9:00

GRAMMAR SCHOOL AND HIGH SCHOOL GRADES TO ASSEMBLE IN HIGH SCHOOL AUDITORIUM

"It can't be long now" is the expression being used by Statesboro's youth, as they are preparing to begin school in earnest tomorrow (Thursday). Monday, Tuesday and today have been given over to registration. Classes will begin promptly after the assembly exercises tomorrow morning at 9:00 o'clock.

Assurance that the marketing quota provisions of the federal farm program will not interfere with the normal movement of cotton to market has been given Georgia farmers by the Agricultural Adjustment Administration.

Mr. S. H. Sherman, superintendent has announced that school will begin at 9:00 o'clock tomorrow morning. At that time all the grades from the first through the eleventh will assemble directly in the High School auditorium for opening announcements and a brief program. The members of the Board of Education will introduce all the new teachers to the students and patrons present. Immediately after the assembly the students will return to their rooms and studies begun seriously.

A Home Economics department and public music instruction have been added to the courses offered at the high school. For the first time credit will be given for courses in expression and music.

Mr. Sherman has been here for some time getting the schools ready for the new school year. The only thing these farmers need to sell their cotton is a "white" marketing card certifying that they have not overplanted. Farmers who have not overplanted, and whose acreage has been checked, should be able to secure white marketing cards from their county offices without delay, he said.

"Red" marketing cards are being issued as promptly as possible, Durden said, to those farmers who have overplanted their acreage.

In addition to measuring the acreage, it is also necessary to establish the normal yield of cotton on farms that are being issued "red" marketing cards. The yield must be established because the farmer who overplants is required to pay a penalty of two cents a pound only on that cotton produced in excess of the normal or actual yield on the allotted acreage, whichever is greater. The "red" marketing card certifies the total number of pounds that may be sold without penalty. When the producer who overplanted sells beyond that poundage, he is required to pay the penalty.

The normal yields per acre for virtually all farms in the state's cotton counties already have been established, Durden said, and the work is so nearly completed that by the end of this week every county in the state should be in a position to issue "red" marketing cards.

While a "white" or "red" marketing card will finally be issued for every cotton farm, Durden said arrangements had also been made for all those farmers whose cards are now being worked out to go ahead and sell their cotton.

"These few producers whose farms have not yet been measured," Durden said, "or whose normal yields have not yet been established, can sell their cotton at once before marketing cards are issued to them by simply posting the two cents a pound penalty with the buyer. The amount

FUNERAL SERVICES FOR M. C. HULSEY OF PORTAL

Mr. M. C. Hulsey, 69, died at his home in Portal Sunday afternoon. He had been in ill health for some time.

Funeral services were held Monday afternoon at 4 o'clock at the Portal Baptist Church and burial was in the Portal cemetery. Surviving Mrs. Hulsey are his wife; four daughters, Mrs. F. N. Carter, Mrs. Carl Sudath and Mrs. Young Utley, all of Portal and Sarah Hulsey of Colorado; four sons, Alonzo, Roseco, Floyd and M. C. Hulsey all of Portal; seventeen grandchildren and two great grandchildren.

REV. CLYDE JARDINE SPEAKS AT ST. JOHN'S CHURCH IN SAVANNAH

Rev. Clyde Jardine of Statesboro, officiated at St. John's Episcopal Church in Savannah Sunday. Mr. Jardine spoke on the apparent stringency of Christ's words in Matthew 10:38, "But whosoever shall deny before me, him will I also deny before my Father which is in Heaven." He discussed the manifold ways in which a man may unconsciously transgress against the Savior's injunction.

ANNOUNCEMENT

Mr. and Mrs. Y. G. Harper, of Ocella, announce the engagement of their daughter, Etta Marie, to Olliff Boyd, of Statesboro, the marriage to be solemnized in the fall.

With New Dormitory Ready S.G.T.C. Opens Sept. 15

STATESBORO, Ga., Sept. 5.—With the opening of the new \$80,000 girls' residence hall at the South Georgia Teachers College scheduled for the opening of the fall term, students returning to school will find many improvements on the campus.

The new dormitory, started here last year will be ready for occupancy when the fall term opens here September 15. This new two-story building will accommodate seventy-eight young ladies and will be used as a hall for seniors. Two other buildings on the campus, under construction, will not be ready for the opening of the fall term. These buildings include a library and a demonstration school.

During the vacation period the second floor of East Hall has been completely remodeled and repainted. The floor of the same hall is being repainted.

"These few producers whose farms have not yet been measured," Durden said, "or whose normal yields have not yet been established, can sell their cotton at once before marketing cards are issued to them by simply posting the two cents a pound penalty with the buyer. The amount

Local Tobacco Market Sells 1,535,350 Pounds For An Average Of 19.65

STATESBORO LEADS ONE-SET BUYER MARKETS IN POUNDAGE; LOW IN AVERAGE PRICE PER POUND

Georgia tobacco growers received an all-time record of \$18,818,764 this season, the State Department of Agriculture announced last week. Their 92,833,981 pounds of leaf sold for an average of 20.34 cents.

Statesboro led all the markets that had only one set of buyers in the total number of pounds sold. The local season's markets summary:

MARKET	FIRST HAND	TOTAL VALUE	AVERAGE PER POUND
Adel	34,629	2,005	57.92
Alto	4,487,577	99,889.15	22.26

35 Boys Report To Coach Johnson For Practice

JOHNSON HAS A LIGHT SQUAD OF BOYS TO PREPARE FOR THE BLUE DEVILS THIRD YEAR UNDER HIS HANDS

Thirty-five boys reported to Coach "Snag" Johnson and his assistant, R. A. Montgomery, in shorts and any other gear that they had at home to begin getting into shape for the rough work that will follow in the next few days.

It was Coach Johnson's intention to start practice last Thursday but unexpected things prevented him from doing so.

The boys were sent through the usual limbering up exercises under the watchful eye of Mr. Montgomery who has quite a bit of experience in exercising boys from C. M. T. C. camps.

The squad that was out on the field appeared to be rather light. The backfield will be built around Davis Barnes, who is the only one left from last year's squad. The line will have some exceptionally good material from which to develop from. There are several of the old boys from last year's squad.

It is hard to say just what sort of team will be developed, but later on as more will be found out, something definite is to be decided.

The Blue Devils play Vidalia here for the first game of the season on Thursday night, September 29.

According to a census report Bulloch county has gained 861 bales of cotton from the crop of 1938 prior to August 16, compared with 368 bales for the crop of 1937.

Harvest Moon Finds 1938 Crops Practically All In

Harvest moon Friday, September 9, will find Bulloch county farmers practically through with the 1938 harvest.

The cotton crop is about all ginned and on the market. Indications are that the slightly more than 30,000 acres planted to cotton in the county will yield about 20,000 bales. The 1938 crop has been harvested under ideal conditions. During the picking season in 1937 it rained most every day, which made the large crop very inferior in grade and quality.

The hay is about all in. Peanuts have been dug and picking will be well under way by harvest moon. Tobacco has been sold. The corn, the sweet potatoes and sugar cane are yet to be taken in.

Good "gathering weather" is making it possible for the more than 50,000 head of hogs and above 20,000 head of cattle to find their way into the "open" fields earlier than usual. The average farmer has about 7 to 8 cows and about 16 hogs to put on the market this fall and winter.

Seeding the fall grain crop will start about September 15 to October 1. The winter legumes, Austrian winter peas and vetch, will not be sown before the first rain in October. In 1937 Bulloch farmers planted some 75,000 pounds of winter legumes seed. With favorable winter conditions the seeding of grazing corns and legumes will be heavier than last year.

In general the yields from all the 1938 crops are good for Bulloch farmers. Some two-thirds of a bale of cotton per acre is at least normal or above; the inter-planted 40,000 acres of corn will give more than a million bushels of grain; the tobacco crop ran heavier than ever before; the hog crop is the largest in 20 years; the cattle crop is the largest in history for the county; and the peanuts look better than normal.

Sherman Asks For Cooperation At School Opening

STATES HE FEELS LIKE A RACE HORSE AT THE BARRIER: "RAH-RING TO GET STARTED"

S. H. Sherman, Statesboro's new school superintendent opened up the 1938-39 school term by having all the grades of both the High School and the Grammar School assemble in the High School auditorium last Thursday morning.

Mr. Fred T. Lanier, chairman of the Board of Education introduced the superintendent to the body.

The opening program for the new term was very short but very fitting. The program was opened by a piano solo by Miss Maxam Poy. The students then all stood and sang, "America." Following this Rev. Williams of the Methodist church read a scripture from the Bible.

Before introducing Mr. Sherman, Mr. Lanier stated that the board did quite a bit of investigating before selecting Mr. Sherman as the man to be the superintendent of the school. He felt sure that they had selected the man that will do the work that is expected of him.

Mr. Lanier stated that before the change in the schedule of the school was announced the new schedule was studied very carefully and he believed that it will work out to be much more satisfactory than the two-session schedule which has been in effect for so long a time.

The chairman of the board said that Statesboro was noted for two things, its cooperation with its schools and its cooperation with its schools, and he said that he hoped this cooperation will continue. He asked that the students cooperate with Mr. Sherman and the faculty so as to make this one of the most successful school years in the history of the institution.

Pre-Election Polls Show George Leads Senate Race

Senator Walter F. George seems destined to be re-elected in the primary of September 14. This is based on public sentiment as seen and reflected in various state-wide polls conducted throughout the state.

It is now apparent that Senator George will poll over 60 per cent of the popular votes cast in the primary and will carry in excess of 140 counties. Senator George is gaining ground place now, with Eugene Talmaidge in third place. McKee is running a very poor fourth, and will not figure in the race at all.

Mr. Edgar Dunlap, who was ousted as Reconstruction Finance Corporation attorney in Atlanta because of his activity in support of Senator George, urges all of Senator George's friends to "continue their constant and untiring fight in behalf of the senator. There must be no let up in the activity in this cause of a free ballot in the hands of free men."

In a poll conducted by the Atlanta

1938 Cotton Loan Program Outlined By Federal Agency

LOANS WILL BE MADE TO PRODUCERS COOPERATING IN 1938 AAA FARM PROGRAM ON THE BASIS OF \$30 PER POUND

The government loan program for cotton in the 1938 crop was announced last week by the Commodity Credit Corporation, the federal agency that will make the loans either directly to farmers or through banks and other local lending agencies.

Loans will be made to producers cooperating in the 1938 Triple-A farm program upon the basis of 7.5 inch cotton per pound for Middling 7-8 inch cotton, with premiums and discounts for grades above and below Middling 7-8 inch, in accordance with an approved schedule. Loans will also be made to non-cooperating producers upon that portion of their marketing quotas in excess of their marketing quota of 60 per cent of the rates applicable to cooperating producers.

Since the average price of 7-8 inch middling spot cotton, on the 10 spot markets designated by the Secretary of Agriculture, recently fell below 52 per cent of the parity price of cotton, the Corporation is required by the Agricultural Adjustment Act of 1938 to make loans to cooperating producers of not less than 92 per cent and not more than 75 per cent of the parity price of cotton; and to non-cooperating producers upon that portion of their production in excess of their marketing quotas at 60 per cent of the parity price for cotton as of July 15, 1938, the latest date on which official figures are available, was 52 per cent of the parity price. Loans will be made directly by the Commodity Credit Corporation and by banks and other local lending agencies, under arrangements substantially similar to those pertaining to previous cotton loans. The Corporation has allocated the sum of \$100,000,000 for loans on the 1938 cotton crop. The loans will bear 4 per cent interest and mature July 31, 1939.

Banks and other lending agencies may make the loans to producers upon cotton stored in approved warehouses and sell the notes to the Commodity Credit Corporation from time to time prior to 90 days from the maturity of such notes, at par with accrued interest at the rate of 2-1/2 per cent. Such loans will be purchased only from banks and other lending agencies which enter into an agreement to pay the Corporation 1-1/2 per cent per annum on the principal amount collected on such loans while held by the banks and other lending agencies.

Loans will be made only upon cotton represented by negotiable insured warehouse receipts issued by the warehouse approved by the Commodity Credit Corporation. Such approval will be made by the manager of the Loan Agency of the Reconstruction Finance Corporation serving the district in which the warehouse is located. The districts served by each

Senator George Reviews Record In Speech Here

MAKES IMPRESSIVE SPEECH AT BULLOCH RALLY HERE LAST THURSDAY

Senator Walter F. George was greeted with enthusiastic applause when he brought his campaign for re-election to Bulloch county, in an address before approximately 3,000 people in a tent county George rally.

Statesboro supporters had been preparing for several days for the mammoth George rally. A platform with a seating capacity of approximately 3,000 people was erected in the courthouse square. The platform was completely filled. Representatives from all adjoining counties were seated on the platform with local George supporters. Men and women from several surrounding towns came to Statesboro for the occasion. The crowd stood on the court house lawn and along the sidewalks around the square.

Preceding the official program there was a concert by the Statesboro Band from Savannah and flag raising ceremony by local Boy Scouts.

Senator George did not mention any of his opponents by name, but he referred to Camp when he said that in all his life as a citizen and as a lawyer he had never represented any party company in any capacity. "If the annotated candidate should come to this platform during the campaign I hope some of you will say the same," the senator said.

The senator whether he can truthfully say the same, the senator said. "The senator whether he can truthfully say the same, the senator said. "The senator whether he can truthfully say the same, the senator said."

Local Tobacco Market Sells 1,535,350 Pounds For An Average Of 19.65

STATESBORO LEADS ONE-SET BUYER MARKETS IN POUNDAGE; LOW IN AVERAGE PRICE PER POUND

Georgia tobacco growers received an all-time record of \$18,818,764 this season, the State Department of Agriculture announced last week. Their 92,833,981 pounds of leaf sold for an average of 20.34 cents.

Statesboro led all the markets that had only one set of buyers in the total number of pounds sold. The local season's markets summary:

MARKET	FIRST HAND	TOTAL VALUE	AVERAGE PER POUND
Adel	34,629	2,005	57.92
Alto	4,487,577	99,889.15	22.26

With New Dormitory Ready S.G.T.C. Opens Sept. 15

STATESBORO, Ga., Sept. 5.—With the opening of the new \$80,000 girls' residence hall at the South Georgia Teachers College scheduled for the opening of the fall term, students returning to school will find many improvements on the campus.

The new dormitory, started here last year will be ready for occupancy when the fall term opens here September 15. This new two-story building will accommodate seventy-eight young ladies and will be used as a hall for seniors. Two other buildings on the campus, under construction, will not be ready for the opening of the fall term. These buildings include a library and a demonstration school.

During the vacation period the second floor of East Hall has been completely remodeled and repainted. The floor of the same hall is being repainted.

Harvest Moon Finds 1938 Crops Practically All In

Harvest moon Friday, September 9, will find Bulloch county farmers practically through with the 1938 harvest.

The cotton crop is about all ginned and on the market. Indications are that the slightly more than 30,000 acres planted to cotton in the county will yield about 20,000 bales. The 1938 crop has been harvested under ideal conditions. During the picking season in 1937 it rained most every day, which made the large crop very inferior in grade and quality.

The hay is about all in. Peanuts have been dug and picking will be well under way by harvest moon. Tobacco has been sold. The corn, the sweet potatoes and sugar cane are yet to be taken in.

Good "gathering weather" is making it possible for the more than 50,000 head of hogs and above 20,000 head of cattle to find their way into the "open" fields earlier than usual. The average farmer has about 7 to 8 cows and about 16 hogs to put on the market this fall and winter.

Seeding the fall grain crop will start about September 15 to October 1. The winter legumes, Austrian winter peas and vetch, will not be sown before the first rain in October. In 1937 Bulloch farmers planted some 75,000 pounds of winter legumes seed. With favorable winter conditions the seeding of grazing corns and legumes will be heavier than last year.

In general the yields from all the 1938 crops are good for Bulloch farmers. Some two-thirds of a bale of cotton per acre is at least normal or above; the inter-planted 40,000 acres of corn will give more than a million bushels of grain; the tobacco crop ran heavier than ever before; the hog crop is the largest in 20 years; the cattle crop is the largest in history for the county; and the peanuts look better than normal.

BROOKLET NEWS

BY MRS. JOHN A. ROBERTSON

Mrs. W. O. Denmark entertained at her home Wednesday afternoon with a bridge party in honor of the Lucky 13 Club. High prize was won by Mrs. F. W. Hughes and second high by Miss Martha Robertson. The hostess was assisted by Mrs. Floyd Atkins, Mrs. H. Wyatt and Miss Joyce Roberts.

FRANK NEVILS DIES SUDDENLY

Frank L. Nevils, 47, died suddenly at his home in Groveland last Wednesday afternoon after an illness of several years. He is survived by his wife, Mrs. Thelma DeLoach Nevils;

M. J. YEOMANS Attorney General Candidate for Re-Election

"Attorney General Yeomans has qualified as a candidate for another term, subject to the September 14th primary. He is considered one of the most capable officials ever to hold this important office."

"There is the attorney general's race: Hon. M. J. Yeomans has filled the job creditably since 1932, and in three races has managed to win hands down. We hope the voters will send him back into office again."

"Judge Yeomans is one of Georgia's most beloved public men. The opposition doesn't get to first base."

Judge Yeomans was elected Attorney General in 1932, re-elected in 1934 carrying 149 counties over one opponent, again re-elected in 1936 carrying 129 counties over three opponents.

ANNOUNCEMENTS

FOR CONGRESS I am most grateful to the good people of the Congressional District of Georgia for your wonderful cooperation in my efforts to properly serve you as your Congressman, and I hereby announce my candidacy for reelection to this office, subject to the rules and regulations governing the Democratic Primary of September 14, 1938.

Cotton Loan

(Continued from Page One) Loan Agency of the Reconstruction Finance Corporation for cotton will be the same as those used in the 1937-38 loan program. All cotton must be classified according to the official cotton standards of the United States and such classification evidenced by: (a) The classification shown on the warehouse receipt of a warehouseman licensed under the United States Warehouse Act; or (b) A form A classification memorandum of the U. S. Department of Agriculture; or (c) A form 1 Classification memorandum of the U. S. Department of Agriculture; or (d) A Federally licensed Cotton Classifier's Certificate.

When Britain occupied Hong Kong Great Britain occupied Hong Kong during the "Opium War" of 1839-42.

John S. Wood For Attorney General

HON. JOHN S. WOOD Canton, Ga.

The campaign headquarters of Judge John S. Wood, who is a candidate for Attorney General, released for publication this week the following statement:

"Judge Wood has been actively engaged in this campaign for more than two months and has been in practically every county in Georgia. He recognizes the impossibility of seeing the voters personally, and takes this method of soliciting the support and influence of the voters of Georgia in his efforts to be elected Attorney General.

"Judge Wood has been actively in the practice of law in Georgia for 28 years. During that time he served as Solicitor General and Judge of the Circuit Court, as well as four years in Congress. In every way he is qualified to render efficient service in the office he seeks. In 1916 he was elected to the legislature and when this Nation entered the World War he immediately resigned that position and volunteered as a private in the army and served throughout the war. He entered this race with the unanimous written endorsement of the Bar of his Circuit.

"In this time of rapid and radical changes in our legal system, the office of Attorney General should demand at its head an active and vigorous lawyer, with legal ability and experience. Judge Wood is the prime of his life and will give to this office the full measure of his energy, ability and training. He will represent the state of Georgia and its people vigorously and efficiently. When called upon to render opinions in behalf of the departments of the state, he will render legal and not political opinions, and will not render upon both sides of controversial legal questions, and when, and if opinions of his are brought in question, politically or otherwise, he will be found actively and vigorously endeavoring to sustain what he sincerely believes to be the law.

"The active support of every voter in Georgia is earnestly solicited and will be deeply appreciated."

"I will sincerely appreciate your vote and support in my behalf. Respectfully yours, THOMAS J. EDWARDS."

Washington, D. C., May 21, 1938 As of this date, I have filed formal notice of my candidacy for nomination, subject to the Democratic primary of September 14, next, for United States Senator.

I wish to express to the Democrats of Georgia profound appreciation of the confidence they have reposed in me, and to say that I have the utmost confidence in the ability of all those who have supported me, and I am confident that they will be equally diligent and appreciative. In the course of the coming weeks, an opportunity and occasion may offer itself to me to discuss the vital questions of our time and frankly to make known my views on all subjects of concern to the people of Georgia. Respectfully yours, WALTER F. GEORGE."

MANGHAM, THE WINNER FOR GOVERNOR

John J. Mangham Candidate for Governor

Georgians are convinced that he is the strongest and best candidate and indications are that he will win on the first ballot in the September 14 primary. His election means: A Two Cent Gas Reduction. Repeal of the Poll Tax Law. Continuation of Free School Books. Increased Old Age Pensions. Prompt Payment of Teachers. More Permanent Paving for Georgia Roads. A Cleaner, Safer, Saner and more Sober Administration of State Affairs.

The Man to Save Georgia! Just think of it: Cotton and Rivers! Spending Spree. Put a Farmer and Businessman in the Governor's Chair. He is the strongest man. Don't let anyone tell you otherwise. Win With Mangham on September 14th.

BEN T. HUIET, CANDIDATE COMMISSIONER OF LABOR OF GEORGIA

The new marketing year begins on October 1st, and supplies during the year are expected to be materially larger than in the 366 now closing. But it is believed that the effect of these larger supplies upon hog prices for the year as a whole will be offset, at least in part, by the upward trend expected in consumer demand for meats.

LOOKOUT FOR Coming Stock Year Good

Demand conditions this fall and winter probably will be much more stable than a year ago. Consequently, the seasonal decline in prices from August to December may be considerably less than the sharp drop in that period last year.
