Statesboro Blue Devils "Hurry Home" After Defeating Wrightsville Tigers 20-13 To Prepare For Another Hard Foe Here Friday

Blue Devils Battle Improved Reidsville Eleven On Lighted Field Here Friday Night At 8 P.M.

CLIFF PURVIS INTERCEPTS PASS AND RUNS 60 YARDS IN OPEN MINUTES OF SECOND HALF TO SCORE

It was one of those "knock down and drag out" and the best man stays in the longest" affairs in Wrightsville last Friday afternoon when the Blue Devils from Statesboro high defeated Wrightsville 20-13. This was the first defeat for Wrightsville in a total of eight years.

The game was featured, other than the intervening squabbles, by a sixty yard run by the Blue Devils ace end and star defensive player, "Cliff Purvis, on the third play in the second half, faded back to cover a Wrightsville end in the flat zone, intercepted the pass and streaked the sixty yards without a man trying to touch him.

The Blue Devils were outplayed as far as the statistics show but they buckled down when it was necessary and held the Wrightsville Tigers on the two foot mark late in the fourth period to keep them from trying to score.

The brilliant playing of Cliff Purvis was without a doubt the spark plug for the whole Blue Devil squad.

The fine playing of Nathan Jones at guard and the excellent kicks that he got off on the kick-off was another dominating feature of the Blue Devils win. Roy Hitt at tackle, played good defense and Charles Layton and Davis Barnes, who were backing up the line on defense did a fine job of it. The majority of the running plays of the Wrightsville eleven were over the line and Davis and Charles were right there to meet the Tiger backs.

Statesboro's first score came early in the game when Wrightsville attempted to punt and the kicker was rushed by the Blue Devil forwards and the ball went straight up. After a line play carried the ball down to the 30 and a pass over the line failed, John Smith faded on the next play and passed over the goal line into the end zone where Purvis was waiting for it. Smith again passed to Purvis for the extra point.

Statesboro kicked off to Wrightsville, Nathan Jones really put his toe into the ball and it went down to the 5 and a Tiger back brought it back fifteen to the 20. Three plays later Wrightsville punter and Edwin Groover, playing the safety position, made a breath taking catch and ran the ball back from the forty-five to the twenty. Again the Blue Devils had the ball in scoring position and they took advantage of the break and in a few plays Joe Tillman drove over the line for the score. The try for the extra point failed and the score at the end of the first quarter was Statesboro 13, Wrightsville 0.

After the first quarter, the Wrightsville boys after being taken by surprise by such scoring spree, took things into their own hands and from then on it was their ball game. They scored with ten seconds left to play in the first half.

In the second half Statesboro kicked off to Wrightsville and three plays later Cliff Purvis wrote "finis" as far as Statesboro was concerned. It was then he intercepted the pass and ran, unaccompanied for sixty yards, to score the Blue Devils final touchdown.

After this Wrightsville seemed to get furious (please take that in the right manner) and they brought on such a passing attack as the Blue Devils have never been up against. The passes were flying everywhere and early in the fourth quarter after several completed passes, Wrightsville drove over from the 2 yard stripe for their second score.

Again late in the fourth period they worked the ball down to the two foot line and had four downs to make it in and on the first down Cliff Purvis recovered a fumble and the ball went over into the Blue Devils possession and five plays later the ball game went to Statesboro and Wrightsville was beaten for the first time in eight years in their own back yard.

And if it is permissible, this correspondent would like to say one thing. We believe that it is very easy to understand why the Wrightsville football team has not been defeated in the long period of eight years on their own playing field.

Coach B. A. Johnson and his victorious Blue Devils are back on their own grounds today and are very glad

to be. Johnson has been sending his squad through tough workouts in order to be ready for another tough team Friday night when Jake Riggs brings his football eleven over from Reidsville to tangle with the Blue Devils.

In the game last Friday, more Blue Devils were hurt, than in other games of the '38 season. But they were all back in uniform today and they are working hard to regain their physical standard of the past.

Jake Riggs will bring with him a much improved ball club Friday. On last Friday afternoon his team held the Lyons powerhouse to two touchdowns.

Cosch Johnson stated Monday morning that he regards this game with Reidsville to be as tough as any of the following games.

Statesboro High is undefeated and tied once. With the game Friday night, Millen on the eighteenth and Sylvania on the day before Thanksgiving, the Blue Devils will wind up the season, unless they play for the championship.

FOR SALE OR RENT. 7 Room Bungalow, 121 Imman St., large garden, chicken, yard, house, Garage, peacan trees. See Lester Proctor.

Mrs. R. E. McEae and son, Ralph Jr., have returned to their home in Jacksonville after visiting Mr. and Mrs. J. B. Rushing.

GEORGIA THEATRE

Today (Wednesday) Edw. G. Robinson in THE AMAZING DR. CLITTERHOUSE

Thursday, Friday, Nov. 3-4 Fannie Hurst's FOUR DAUGHTERS Priscilla Lane, Rosemary Lane, Lola Lane, Gale Page, Claude Rains

Saturday, Nov. 6 DOUBLE FEATURE Wayne Morris, Priscilla Lane Humprey Bogart, Hugh Ferriss in MEN ARE SUCH FOOLS and Gene Autry in GOLD MINE IN THE SKY

Monday, Tuesday, Nov. 7-8 Bing Crosby, Fred MacMurray in SING YOU SINNERS

JOINT BIRTHDAY CELEBRATION AT DASHBERR PLACE About fifty of the friends and family of Mr. John Rushing, Mr. Lester Blanton of Brooklet and Mr. Walter Hatcher of Reidsville, S. C., met at Dashberr place for a joint birthday celebration. Mr. Rushing's birthday was Thursday, October 27. Mr. Hatcher's was Friday, October 28 and Mr. Blanton's October 29.

A birthday dinner was spread on the picnic grounds. Mr. G. C. Hitt and son, George spent several days last week in Atlanta.

Church News

SUNDAY AT THE METHODIST CHURCH Church School, J. L. Renfro, general superintendent, 10:15 A. M. Sermon by the pastor, followed by the administration of the Sacrament of the Lord's Supper, 11:30 A. M. Epworth League, 6:30 P. M. Sermon by the pastor, 7:30 P. M. Next Sunday is the last Sunday before the Annual Conference. All cordially invited. N. H. WILLIAMS, pastor.

Mr. and Mrs. Mack Kitchens of Savannah spent Friday with Mr. and Mrs. Arthur Howard.

Other bulletins reported the terrible conditions which resulted from the "invasion," then the Martians were attacked and soon destroyed by some of the earth's germs to which the "earthlings" were immune and the earth became once again a safe place upon which to live.

The program was so realistic that listeners throughout the nation became panicky and actually began to leave their homes in metropolitan areas seeking what they thought might be a safe refuge.

In Birmingham people gathered in groups for prayer. In Memphis weeping women were trying to learn additional "facts." Residents in Jersey City, N. J. sought police for gas masks. Hundreds of people fled into the streets. Officials of electric companies were urged to turn off the lights so that the enemy could not find them. People in Atlanta began worrying about the "end of the world" being at hand.

The dramatization was so realistic, that despite four interruptions during the radio play announcing that "This is purely a fictional play" people refused to be calmed.

Mrs. Arthur Howard, general chairman of the P. T. A. Carnival wishes to thank everyone who contributed so generously of their time and substance toward making the annual carnival a great success.

Mars Invasion

Supervisor Court is still in session with a large number of criminal cases to be tried.

The October term convened here on Monday, October 24, the first regular session of Superior Court in this county since October of last year. The civil docket was heavy and practically the entire first week was devoted to the trial of civil cases. Last week, the second week, many criminal matters were handled. Burglary was by far the most conspicuous charges with fifty-four years being imposed in 8 cases.

The burglary of the Eli Kennedy Store at Register resulted in fifteen years for Tuggie Smith, twenty years for Bill Hodges and one year for John Pittman. Reuben Servant who was charged in two cases with entering stores in Statesboro drew five to ten years in each of the cases.

There have been several assault cases, with only one murder case on the docket. Prince Lee, colored, was given life imprisonment for murder. The court spent last Friday on the case of the State against W. E. Edwards, charged with manslaughter. Edwards was the driver of an oil truck that collided with a car driven by B. I. Love, last November near Peral. Mr. Love died from injuries sustained in the wreck and his wife died several days later from the same wreck injuries. Edwards was acquitted.

Dr. Raper, the author of the book "The Face of Poverty" discussed the South of today, taking as his soil erosion and human erosion, the rapid increase of farm tenancy, the monotonous diet, low income and crude tools, local politics and civil liberties, rural roads and urban liabilities, race relations and economic competition, poor land and peasant, rich land and factory farming.

"Year after year, thousands of white propertyless families have replaced negro sharecroppers. This displacement has been most rapid since 1930, though beginning much earlier. At present nearly two-thirds of the South's 1,381,000 tenant families are white. This formula worked out by the whites to keep a negro dependent penalizes more and more whites" Dr. Raper said.

Continuing the speaker added, "we Southerners live in a godly country. We have the opportunity and challenge to use our varied material and human resources for adequacy—for the abundant life. Such a program calls for the untiring efforts of men with good hearts and clear heads. Here true religion and true statesmanship can work together redemptively and creatively."

Dr. Raper insisted that the South's gulches and droughts, her pellagra and lynchings, are more than just regional ills; they are physical and social facts which must be listed as liabilities. He stated that in the end these liabilities are no less costly to the distant metropolitan area than to the local farm community.

The meeting was held in the auditorium of the South Georgia Teachers College last Wednesday with John Varnedoe of Savannah, district vice president in charge. Dr. C. M. Coalson gave the invocation and Dr. R. J. Kennedy, member of the State Board of Education, gave the welcome address. The remarks were made by W. J. Andrews, president of the G. E. A. Secretary R. L. Ramsey presented the distinguished guests and visitors.

Dr. M. D. Collins, state school superintendent, was present, together with members of his department. The college chorus, under the direction of Ronald J. Nell, and the band under the direction of C. N. Harris, presented several numbers. The afternoon session was given over to departmental meetings.

Democracy is government by the people. County-planning committees, county-discussion groups, county A. A. committees, and AAA referendums are all steps in our agricultural democracy.

Supervisor Court is still in session with a large number of criminal cases to be tried.

Mayor Renfro Issues Proclamation On Red Cross Roll Call Nov. 11-24

Each year Americans in every community are called upon to take part in a great nation-wide movement to relieve human suffering and raise health standards in this country. I refer to the word done by the Bulloch County Chapter of the American Red Cross and thousands of other chapters throughout the country.

It is not necessary, I know, for me to remind citizens of our community that the work of the Red Cross is a vital contribution to our community welfare. Both from the standpoint of the year-round local program and the trial of civil cases. Last week, the second week, many criminal matters were handled. Burglary was by far the most conspicuous charges with fifty-four years being imposed in 8 cases.

There have been several assault cases, with only one murder case on the docket. Prince Lee, colored, was given life imprisonment for murder. The court spent last Friday on the case of the State against W. E. Edwards, charged with manslaughter. Edwards was the driver of an oil truck that collided with a car driven by B. I. CONTRACT AWARDED ON WATER WORKS EXTENSIONS

J. G. ATTAWAY LOW BIDDER AT \$25,525. SIX OTHER PROPOSALS WERE SUBMITTED

The new water tank will be a 150,000 gallon tank on a steel tower elevating the water 111 feet. It will be located on the south west corner of Hill and Oak Streets. The pump house and pump will be between Hill St. and Mulberry St.

The new water main extensions will run as follows: On College Boulevard beginning at Savannah Avenue along College Boulevard a distance of 3,230 feet to the Georgia & Florida railway right of way and follows the railway right of way a distance of 1400 feet and angles off for a distance of 600 feet. On Donaldson street from Savannah Avenue to Oil Mill Street.

The water main extensions come under the projects authorized when the citizens of Statesboro voted the \$55,000 bond issue in September, 1937. It is now under way on the paving of Zettarover Avenue and the Gymnasium for the public schools has been approved and the architect has been instructed to go ahead with the plans.

The crossing is mid way between Augusta and Savannah. The landing and ferry received their name from Joseph Burton, who migrated from Virginia and settled near Augusta. He was a grandson of Robert Burton, of Virginia, one of many of the Virginians, who sought protection in Georgia and South Carolina.

The opening of the route will make it possible for tourists to pass through the south of the most historical grounds in Screven county and this section of the state, including the ruins of the battle of Briar Creek, the ruins of Jacksonboro, former seat of Screven county, a part of the George Washington highway, and a part of the route Sherman and his army followed on their "March to the Sea."

Construction of two new concrete bridges over Briar Creek have been completed, and they will be approved and opened to traffic by November 15. The bridges, totaling 14,600 feet, were constructed at a cost of \$105,000. A picnic ground consisting of five acres is being cleared near the bridge for a barbecue dinner which will be a part of the day's program.

According to O. L. McLemore, manager of the Bulloch Stock Yards, there was a good demand for sows stock sale yesterday. With a heavy run of pigs, tops brought 6.95 to 7.25; No. 2s, 6.50 to 6.75; No. 3s 6.75 to 7.25; No. 4s, 7.00 to 7.75. Barbecue and feeder pigs 7.00 to 8.25. Fat sows brought 6.00 to 6.50.

The cattle market was steady with it holding up to about the same as last week. Fat cows brought 4.00 to 4.00; medium 3.25 to 3.75; fat steers native beef, 5.00 to 5.00; canner cows, 2.75 to 3.75. Thin feeder yearlings, 4.00 to 6.00.

Pruning stands of young pine trees will greatly improve the quality of lumber they produce. This should be done during fall or winter when trees are dormant.

Brooklet Get-Together At Brooklet High School Nov. 16

On Wednesday night, November 16 beginning at 7:30 O'clock a "Brooklet School Community Get to Together" will be held in the High School Auditorium.

The sponsors of the party will be Miss Vera Spell, Miss Otha Minick, Mrs. John A. Robertson and Mrs. F. W. Huggins. All patrons and friends are invited to attend and enjoy an evening of games. Every thing will be free.

Postal Receipts Show 15 PER CENT INCREASE LAST MONTH OVER LAST YEAR

According to George T. Groover, Postmaster, the local post office has showed a 15 per cent increase in October over the same month last year. Mr. Groover also stated that September's receipts were the largest in the history of the office for a single month. The year's business for the period up to November 1, is more than \$1,000 above the same period last year.

American Legion Plans Armistice Day Program With Parade A Feature

Capt. C. F. Duffer of Eighth Infantry, Ft. Screven To Make Principal Address

The city has agreed to purchase from the American Legion on the lot across from the Statesboro High School to be used as a site for the new gymnasium, according to a statement made by Mayor J. L. Renfro last Thursday. The price agreed on is \$700, and release of the claim for paving.

The site is on West Grady Street opposite the high school building. Walter Aldred is to draw plans for the new gymnasium.

The new water tank will be a 150,000 gallon tank on a steel tower elevating the water 111 feet. It will be located on the south west corner of Hill and Oak Streets. The pump house and pump will be between Hill St. and Mulberry St.

The new water main extensions will run as follows: On College Boulevard beginning at Savannah Avenue along College Boulevard a distance of 3,230 feet to the Georgia & Florida railway right of way and follows the railway right of way a distance of 1400 feet and angles off for a distance of 600 feet. On Donaldson street from Savannah Avenue to Oil Mill Street.

The water main extensions come under the projects authorized when the citizens of Statesboro voted the \$55,000 bond issue in September, 1937. It is now under way on the paving of Zettarover Avenue and the Gymnasium for the public schools has been approved and the architect has been instructed to go ahead with the plans.

The crossing is mid way between Augusta and Savannah. The landing and ferry received their name from Joseph Burton, who migrated from Virginia and settled near Augusta. He was a grandson of Robert Burton, of Virginia, one of many of the Virginians, who sought protection in Georgia and South Carolina.

The opening of the route will make it possible for tourists to pass through the south of the most historical grounds in Screven county and this section of the state, including the ruins of the battle of Briar Creek, the ruins of Jacksonboro, former seat of Screven county, a part of the George Washington highway, and a part of the route Sherman and his army followed on their "March to the Sea."

Construction of two new concrete bridges over Briar Creek have been completed, and they will be approved and opened to traffic by November 15. The bridges, totaling 14,600 feet, were constructed at a cost of \$105,000. A picnic ground consisting of five acres is being cleared near the bridge for a barbecue dinner which will be a part of the day's program.

PROTECT WOODS FROM FIRE
A tree will make a million matches—a match will destroy a million trees.

LET'S NOT CLUB OUR BUSINESS MEN TO DEATH
You have often heard the remark, "Stateboro is over-organized."

Every American should wear a poppy on Poppy Day and all America should catch the poppy's message.

The Editor's Uneasy Chair
We do not know what hard luck is. Listen to the story told by Louis Brown of Jackson, Miss.

There is no Tombs county a colored church, in which the preacher has had more trouble than somewhat collecting sufficient money to meet expenses.

Every week he has been writing out lengthy appeals which he would have one of the deacons read to the congregation.

One Sunday recently, the pastor did not show up. One of his manifold offspring brought this message for the deacon to read to the congregation:

"This is no appeal. It is a report. I ain't got no pants."

A great many farmers, even the best of the cotton farmers in Bulloch county, are asking the question "What is Cotton?"

"Cotton is the overcoat of a seed that is planted and grown in the South to keep the producer broke and buyer crazy."

The price of cotton is fixed in New York, and goes down when you have bought, and up when you have sold.

While many folks are in the throes of the hunting season it is necessary and timely to caution the fathers who shoot the guns to take care in leaving weapons lying around where a playful child might reach them.

Weather Vane Points Direction
If the arrow of a weather vane is pointing south and the feather north, the wind is coming from the south, the direction in which the arrow points.

DR. M. S. PITTMAN INCLUDED ON LIST OF FORUM SPEAKERS
It was learned here this week that Dr. M. S. Pittman, of the Teachers College is included on the list of speakers for a state-wide forum meeting.

LOCAL LIBRARIAN ATTENDS SOUTHEASTERN LIBRARY ASSOCIATION
Mrs. Nan Edith Jones, librarian of the Bulloch County Library attended the Tenth Biennial Conference of the Southeastern Library Association in Atlanta, October 28-29.

MRS. WHITEHURST AND MRS. IMOGENE SORRELL AT FLORIST CONVENTION
Mrs. J. Whitehurst and Mrs. Imogene Sorrell are in Jacksonville today attending the meeting of the Southeastern Florist Convention which convened there Monday.

Five Years Ago
South Georgia State College of Douglas will meet the Teachers here Friday afternoon on the College football field.

Have Deftest Toes
Tribesmen and tribeswomen who live deep in the Malay jungle, have perhaps the deftest toes in the world.

THE BLUE DEVIL NEWS

Edited By Students Of The Journalism Class Of Statesboro High School

HOME ECONOMICS CLUB IS ORGANIZED

The girls of the Home Economics department under the direction of Mrs. W. L. Wiker have organized a Home Economics Club.

The purpose of the club is a closer association and friendship among the girls and to promote a greater interest in the home.

STUDENTS OF COUNTY URGED TO PATRONIZE HI OWI ADVERTISERS

In the past when the advertising manager of the High School paper submitted the advertising space to the business men in Statesboro, it had not very recently been pestered into exasperation by one or another of the epidemics of solicitors.

GRAMMAR SCHOOL GAVE INTERESTING PROGRAM

This program, for lack of space this notation did not get into the Hi OwI and though it is late in getting in we feel that it is only fair to these clever youngsters to include their names in this issue of the Herald.

OUT OF TOWN STUDENTS EXPRESS OPINION OF S. H. S.

I had been very happy at West Side during my nine years in school there and I dreaded just a little to come into S. H. S. I had heard that the students were slightly "snooty" and that the teachers were "strict."

CLIPPINGS FROM THE GEORGIA PRESS

is only one of a great many accidents which occur in homes during this season.

TO BE REPAID

Yes, it is true that Uncle Sam is spending money with apparent unbridled recklessness (maybe we should spell it wreck) but only think of the fun the boys are having while spending it and the great number of really needed public buildings, school houses etc., that we are getting with it.

PREVENT THIS

While many folks are in the throes of the hunting season it is necessary and timely to caution the fathers who shoot the guns to take care in leaving weapons lying around where a playful child might reach them.

Weather Vane Points Direction

If the arrow of a weather vane is pointing south and the feather north, the wind is coming from the south, the direction in which the arrow points.

pleasant and friendly. We are all quite at ease in the class rooms and find discussions so interesting that one finds oneself talking away, telling his ideas before he realizes it.

NINE A ORGANIZES ACTIVITY CLUB

The members of the sophomore class have organized themselves into an activity club for the leisure arts period on Mondays, Wednesdays, and Friday.

SENIORS TO PLAN A THANKSGIVING PROGRAM

The B section of the Senior Class will have charge of the Thanksgiving program. The program will include an operetta based on the colonial life of the Pilgrims and their first Thanksgiving.

NINE B ORGANIZED FOR THE ACTIVITY PERIOD

The B section of the Sophomore class organized last Thursday, officers elected and committees appointed.

Statesboro Blue Devils 26; Reidsville High 3 Savannah B Team Coming Here Thursday P.M.

New Fords On Display Here And Brooklet

Statesboro's Blue and White fighting football team, after playing a rousing game in the first half, came back in the second half and unleashed an offensive attack that soon wearied the fighting Reidsville team and added three touchdowns to the one that was made in the first half to defeat Reidsville 26-3.

The contest was played on a rain-soaked field and throughout the first half rain fell at regular intervals. There were approximately 600 people to witness the fray.

As a result of the weather conditions that prevailed fumbles were numerous and the ball was continuously changing hands as a result.

The game was dull and drab in the first half. The Blue Devils scored only once in the first half and that was after they had recovered the ball on Reidsville's own 35 yard line.

After the rest period the Blue Devils came back and opened up an offensive that the Reidsville defense couldn't stop.

Middle ways third period Davis Barnes went over the goal line standing up. The try for the extra point failed. The ball was carried into scoring position by Edwin Groover. The Reidsville eleven fought desperately but the Blue Devils attack was just too much for them.

With only four minutes left to play in the final period the Statesboro High boys seemed to have caught up two more touchdowns and completed both tries for the extra point to bring the final score of the game to 26-3.

The second touchdown in the second half came as a result of a beautiful pass from Smith to Barnes who caught the ball on the eight and stepped out of bounds trying to elude the Reidsville tackles. On the next play Smith went over for the tally.

The try for the extra point was good and Statesboro led 19-3. A minute later another long pass to Purvis from Smith who in turn lateraled to Edwin Groover and Groover ran the remaining distance for the final score of the game.

Statesboro's offense and defense play was exceedingly ragged throughout the game. Joe Robert Tillman was the spark-plug of the 'Boro's' offense. Little Edwin Groover did quite a bit of blocking at the right times. The line was continuously being pounded to pieces as the Reidsville backs crashed through for consistent gains of 4, 5 and 8 yards.

New Fords On Display Here And Brooklet

The two finest Ford cars in the 35 years of the company's history are now on display at S. W. Lewis here in Statesboro and at the Phebus Motor Co. in Brooklet. The new Fords are on display along with the newest member of the Ford family, The Mercury Eight. Harry Cone of S. W. Lewis, Inc. and Mr. Daves of Phebus Motor Co., both stated that the new Fords and the Mercury Eight were causing much interest. The cars which are now on display in the sales rooms of the two agencies are individually styled. They both have compelling beauty.

A new feature this year is the introduction of hydraulic brakes on all models. Introduction of the new Ford climaxes a new year of activity which saw the company embark on its current plant expansion program, bringing out its entirely new Mercury 8, and establish the Lincoln Zephyr still more firmly as the acknowledged style leader in the automobile industry.

The D-Luxe Ford V-8 with wholly new streamlines, has a distinctive appearance of its own. At the same time both it and the Ford V-8 share a family likeness with the Lincoln Zephyr and the new Mercury 8.

The DeLuxe has a deep hood with long lines, cutbacks by louvers, low radiator grille in bright metal and wide-spaced headlamps set into the fenders. The words Ford DeLuxe, in script letters of chrome, are divided at the front of the hood. The hood handle is concealed in a veridical extension of the radiator ornament.

After the game Thursday night Statesboro has but two more games left. Miller here on the local field and the curvian will drop the following Wednesday when the Blue Devils cross the Ogeechee River to play in Sylvania.

At the present Statesboro is one of the leading contenders for the District Championship as they are, along with E. C. I., the only team in the district without a defeat against them. Should the Blue Devils get by Miller and Sylvania they will have a clean slate and will probably be a choice for the playoff game for the District Championship Crown.

On account of the unavoidable noise during the reconstruction of our Exchange building, subscribers will please be patient, and bear with us in case you are asked to repeat your names.

CITY IS ENJOINED FROM TEARING DOWN GUS FLOYD HOUSE

Condemned By Public Health Board At Meeting Last Month

Gus Floyd, Gus Floyd Jr., Mildred Floyd, Hernandez Floyd and Marion Floyd, through their attorneys, D. C. Jones and R. Lee Moore, on Monday morning filed an injunction against the city of Statesboro to prevent the carrying out of condemnation proceedings against a burned house at the corner of Elm and North College Streets.

The house belonging to the Floyds burned about a year ago. The unburned sections of the house were left standing and on October 4, of this year, upon recommendation of the Public Health committee, the house was condemned and a contract to tear it down and move the materials was awarded to Math Proctor on November 8.

The injunction states that the city illegally condemned the house as a nuisance. It further states that the owners wished to repair the building and had attempted to secure a permit from the city to use the unburned and uninjured material remaining in the building and that the permit had been refused. It goes on to say that the owners still wish to rebuild the house and that if the city is permitted to tear down the house the owners will suffer a loss of \$800 or more. The petition for the owners kept clean and sanitary all the time since the date of the fire and that the party burned house is not a nuisance.

Judge Win. Woodrum granted a restraining order and will hear the case at the January term of Superior Court to be held on the Fourth Monday in January, 1939.

Three Candidates Qualify For Mayor's Race Dec. 3

Monday night three candidates had filed their intentions of running for Mayor of Statesboro in the coming city election to be held Saturday, December 3. It was learned that a fourth candidate is planning to enter the race before the closing qualification date Saturday, November 19. Those who have qualified for the Mayor's race are: J. L. Renfro, incumbent, Dr. R. L. Cone and Dr. J. C. Lane.

H. W. Smith and Roger Holland have entered the race to succeed themselves for two council seats. It is expected that other candidates will toss their hats into the council ring before the closing date. Mr. Renfro, the present mayor, has served in that place for eight years. Dr. R. L. Cone has been on the city council since 1925, having served as mayor for ten years. Dr. J. C. Lane enters the race with no previous active experience in city politics.

This will be the first time in a number of years that more than one candidate has offered in the mayoralty race. None of the candidates have as yet indicated on what sort of platform they expect to run.

Red Cross Roll Call Enlists Many New Members

The Annual Red Cross Roll under the capable direction of Mrs. W. W. Edge is steadily moving forward, and her co-workers are hopeful of enlisting a larger membership than Bulloch county has ever had. Mrs. Edge is rendering a splendid service for this institution of mercy which now is financially to meet increasing demands made on the American Red Cross. It must be remembered that no call is ever made on the Red Cross in vain. In order that such splendid service shall continue everyone must have his or her share in the contribution.

Last week, Mrs. Edge made appeals for Red Cross at the following schools: Warnock, Esala, Middle Ground, Newils and Portal. She also outlined the work of the Red Cross before members of the Brooklet Parent Teacher Association and addressed the members of the Middle Ground Community Club.

During this week Mrs. Edge will address other schools in the county as follows: Clipponree, Statesboro, West Side, Register, Ogeechee, Denmark, Stillson.

Mrs. Edge has been delighted with the interest the people in the county have shown in this worthy cause, and is confident that in Red Cross as in all other undertakings Bulloch county will stand prominent.

An exhibit dealing with the varied uses a one-quarter horsepower portable motor can be put to on the farm proved a popular attraction at the Walker and Chattooga county fairs. The exhibit, supervised by J. L. Calhoun, Extension rural electrification specialist, attracted more than 5,000 visitors at the two fairs.

\$1,023,768.63 PAID BULLOCH COUNTY FARMERS SINCE 1933

Orders For Winter Cover Crops This Year Reach 175,000 Pounds

Subsidy payments on cotton grown in 1937 have been delivered to 1887 work sheet signers in Bulloch county totaling \$1,023,768.63. There are more than 2300 work sheet signers in the county, which will make the total payments under this program amount to more than \$200,000.

The payments received to date brings the total money paid to Bulloch farmers by the Agricultural Adjustment Administration since 1933 to \$1,923,788.63. These farmers have already qualified for some \$300,000 on the 1938 program.

Payments for 1935, when all the farmers were cooperating with the program, amounted to \$262,304.47. In 1936, when the soil conservation program was optional and the farmers did not cooperate as much as possible under the program, the payments were \$160,030.25. The payment dropped to \$100,690.11 in 1937 when it was again optional for the farmers to cooperate.

One payment Bulloch farmers are qualifying for in 1938 that they have never or less overlooked is the soil building practices payment. In 1933 the cooperative orders for winter cover crop seed have gradually increased since that time until this year they have already reached more than 175,000 pounds. This effort to build the soil will also mean some \$95,000 in soil conservation payments to Bulloch farmers.

H.H. Britt, President County G.E.A. Explains New Report Cards

To Show Attitudes And Achievements As Well As Grades

Mr. H. H. Britt, president of the Bulloch county unit of the Georgia Education Association announced last week that Bulloch county schools will use a new type of report card. In speaking of the new report cards Mr. Britt stated that the parents are interested in knowing more than just what their children's grades may be in certain subjects. They are concerned with their children's attitudes and efforts as well. Mr. Britt pointed out that the new report card does not stress grades but does indicate the child's effort and his achievement. The card also requires the teacher to comment on the student's outstanding traits, habits, attitudes, talents, and other characteristics. The new report card will help the parents understand their children.

The new report card was worked out by a representative committee of Bulloch county teachers and is in keeping with the more progressive schools throughout the nation. The card is similar to the one used in New York City.

In commenting on the new report card Mr. Britt quotes from an editorial of the Atlanta Journal as follows: "Education is a swiftly changing world, with one innovation following another with such rapidity that parents have ceased to look for any vestiges of 'little red school houses' days in Johnny's training. Discussion of radio instruction and visual aids, aptitude tests and IQ ratings, whiteboards and dental inspections has led grownups to be prepared for almost anything. The word that a new kind of report card is being tried out in the elementary schools of New York City therefore, will occasion little surprise. Progressive education was bound to get around to the report card question sooner or later.

Mrs. Edge has been delighted with the interest the people in the county have shown in this worthy cause, and is confident that in Red Cross as in all other undertakings Bulloch county will stand prominent.

An exhibit dealing with the varied uses a one-quarter horsepower portable motor can be put to on the farm proved a popular attraction at the Walker and Chattooga county fairs. The exhibit, supervised by J. L. Calhoun, Extension rural electrification specialist, attracted more than 5,000 visitors at the two fairs.

Other divisions of the parade included the National Guardsmen, the College band, Legionnaires, the Sons of the Legion, Boy Scouts, Girl Scouts, the High School Band, the American Legion Auxiliary, and official cars representing the various civic, fraternal, and cultural clubs in the city. The parade marched through the streets to the martial strains of the bands. The streets were lined with people, the banks, stores and all business houses being closed for the holiday. The parade proceeded to the vacant lot in front of the tobacco warehouses where the National Guardsmen passed in review. From there the crowd gathered at the Methodist Church where Captain C. F. Duffner of the Eighth Infantry, Fort Screven, made the principal address. He emphasized adequate national defense as the best assurance of peace.

At the noon hour ex-service men and their families enjoyed a barbecue dinner at the armory. After dinner the Legion and the Legion Auxiliary had a brief business meeting. At which time committees were appointed to select a suit for a Legion Home and to draw up plans.

Burton's Ferry Bridge Opening Set For Friday

Abit Nix And South Carolina's Senator Brynes Principal Speakers At Dedication

Preparations are being made for the Statesboro motorcade which will attend the opening of the Burton's Ferry Bridge Friday. The cars participating in the motorcade will leave here during the morning, the hour to be announced later.

G. Tell Sharpe, of Sylvania, president of the Burton's Ferry Highway Association announced this week that the exercises will be held on a high knoll on the Screven county side of the Savannah river. The program is to begin at 10:30.

Principal speakers for the celebration will be Hon. Abit Nix of Athens, and Senator Brynes of South Carolina. Hon. Robert P. Seamon, former state senator and member of the state highway board of South Carolina will be master of ceremonies.

Besides the speakers a number of prominent men have been invited to attend the opening including Congressman Hugh Peterson, Governor E. D. Rivers, J. T. Marshall of the state highway department, Senator Richard E. Russell, Jim Gillis of the state highway department, W. L. Miller, chairman of the state highway department and Herman Watson of the state highway department.

United States Senator Walter F. George will make the formal dedication remarks. The formal opening of the bridge will be the cutting of the ribbon to allow the passage of traffic will take place after a barbecue dinner. The barbecue dinner will be served at a cost of 25 cents for each plate. Preparations are being made to take care of one of the largest gatherings ever held in this section of the state.

200 Miles Added To Excelsior REA

J. R. Vaughan, president of the Excelsior Rural Electrification Association of Marion, received a wire from Washington last Friday advising him that an additional mileage of 200 miles had been granted to the Excelsior R. E. A.

This is in addition to the 808 miles already granted and on which work has already begun. This will give the association a total of 508 miles. The additional mileage is to be constructed in Candler, Tattall, Bulloch and Emanuel counties at an additional expense of \$152,000.

Work in engineering and clearing of the right of way was begun a few weeks ago and in a short time the construction of the lines will begin. The latter Association was organized last summer and has shown much speed in getting everything in working order. The offices have been set up in Metter where headquarters are located. The officers in addition to Mr. Vaughan are J. A. Holloway, secretary with Cleo Mills as project superintendent and Mrs. John W. Jones, cashier. Anderson and Trappnel are the attorneys.

AAUW Holds Open Forum At Teachers College December 2

The local branch of the American Association of University Women will sponsor an Open Forum on December 2, according to an announcement made by Miss Kate Houx, chairman of the branch's program committee. The Forum discussion will be held in the lounge of Sanford Hall on the Teachers' College campus at eight o'clock.

"Should America surrender Europe to Hitler?" Will be the topic under discussion. To introduce the question, Mr. Samuel Schiller and Mr. William Florn will give a brief survey of the two sides of the question. Mr. Schiller will take the affirmative stand of the extreme isolationist, and Mr. Florn, the negative point of view on the internationalist.

CHILD HEALTH AND WELFARE COUNCIL ASKS FOR OLD TOYS

Allen Lanier To Repair and Renew To Give Needy Children

Miss Mildred Lloyd, associated with the Bulloch County Child Health and Welfare department announced this week that the Child Health and Welfare Council will receive and recon- ditior all old toys to be distributed to the underprivileged children of this city and county.

Miss Lloyd stated that these old toys may be brought into her office in the Brannen Hotel building on W. Main Street or may be delivered to Mr. Allen Lanier. Or if the owners of such toys will phone the Welfare office, at 446 and give their names and addresses the department will send for the toys.

Mr. Lanier will repair and renew these old toys so that they may provide a number of underprivileged children with a Christmas they may not otherwise be able to have.

Miss Lloyd added that they will also receive old clothes and shoes for distribution to the needy. She explained that there are a number of beggars who are going about the streets of Statesboro who are asking for clothes and aid at the doors of the citizens of Statesboro. "If, when one comes to your door, you will tell them to come to the Welfare office we will see that they are given an opportunity to work for a food and they will be provided with food and clothes where they are needed," said Miss Lloyd.

ROBERT HENSON TO BE WITH CHAS. E. CONE IN REAL ESTATE BUSINESS

It was announced here this week that Mr. R. M. Benson is now associated with Chas. E. Cone in the real estate rental and insurance business. Mr. Benson, for the past four years has been with the Sea Island Bank. He is the son of Mrs. Maude Benson. He graduated from Oglethorpe University in Atlanta in 1930 and attended Draugh's Business College.

Mr. Benson is well known in Bulloch county, having lived here all his life.

JEAN SMITH IS SPONSOR FOR VANDERBILT BAND AT FOOTBALL GAME

It was learned here this week that Miss Jean Smith, senior at Vanderbilt University in Nashville, Tenn., was selected as sponsor for the Vanderbilt band at the Tennessee-Vanderbilt football game played in Nashville last Saturday afternoon.

Miss Smith is the daughter of Mr. H. W. Smith. She finished the Statesboro High School in 1935, a member of the Beta Club, honorary scholarship club. She is a member of the Kappa Alpha Theta sorority.

The general public is cordially invited to attend this meeting and join in the discussion of the question. A special invitation is issued to all high school students and college students interested in international affairs, and to members of all county organizations.

The forum is being planned and directed by the International Relations Committee of the AAUW of which Miss Elizabeth Donavan is chairman. Other members of the committee are Mrs. Dan Deal, Mrs. Walter Edge, Mrs. C. M. Dearly, local branch president.

Mrs. W. S. Hamner, chairman of publicity is working to make this a real community forum. Further plans will be announced later.

S. W. LEWIS, Inc. of Statesboro, and PHEBUS MOTOR CO. of Brooklet

Invite the People of Statesboro, Brooklet, Bulloch County and Surrounding Communities to Visit Their Showrooms and see the New 1939 Fords on Display

THE FORD V-8 60 HORSEPOWER ENGINE Ford Built Means Top Value

Greater value for every motorist has been built into the two new Ford V-8 Cars for 1939. Both help bring new meaning to the familiar Ford phrase—"The Quality Car in the Low-Price Field."

Here are two new cars that further express the forward-looking policy of the Ford Motor Company... traditional Ford dependability and economy plus progressive engineering...

And The New Car Joins The Ford Quality Group...the MERCURY V-Type 8

For 1939 the Ford Motor Company presents an entirely new car... The Mercury Eight... designed to bring a new standard of value to the lower medium price field...

Streamlined beauty... rich upholstery... 95 horsepower, V-type engine, Hydraulic brakes, 116 wheelbase, wide bodies.

DE LUXE FORD V-8 85 HORSEPOWER ENGINE Ford Built Means Top Value

Both are big, roomy cars, equipped with hydraulic brakes, and powered with the V-8 engine that gives you so much extra smoothness and efficiency. Both cars have featured alike—Advanced streamlining—newly styled interiors—V-type, V-8 cylinder engines—hydraulic brakes, triple-cushioned, all-steel bodies, lower prices.
