Rotarians Hear Exchange Students At Special Meeting

A Frenchman And An Italian Talk On Conditions In Central Europe

According to an account in the Pittsburg Post Times, Mr.拿了man, a member of the Rotary Club of Pittsburg, met this week with a group of exchange students from France, Italy, and England. The students were in Pittsburg to learn about American culture and make connections with local community leaders.

At the meeting, the Frenchman, Mr. Francois Duval, discussed the state of the French economy and its impact on everyday life. He highlighted the importance of education and the challenges faced by young people in finding employment. Mr. Duval emphasized the role of the government in providing support and resources to help students pursue their studies.

The Italian representative, Mr. Luigi Rossi, shared insights on the Italian way of life, including its rich history, cuisine, and cultural traditions. He mentioned the importance of family and community in Italian society and the challenges faced by Italian families in the current economic climate.

The Rotarians engaged in lively discussions with the exchange students, exchanging ideas and experiences. The meeting provided a valuable opportunity for the Rotarians to learn from the international perspectives of their guests and to foster a sense of global understanding and cooperation.

125 Poles Up As Rural Electric Line Progresses

Non-Resident Land Owners Failing To Pay

Basic progress is being made by the construction of the REA line being laid through this area by the Georgia Rural Electric Cooperative.

The first of two workmen who were last week in the Register section from a construction near Mrs. A. D. Eubanks was out of State to take a job in another section. More than 300 miles of line ago been completed and 50 poles with hardwires have already been set.

Mr. Tilton Estes, contractor, is doing a good job on the project and work is proceeding at a rate of from 200 to 300 feet per day.

The Register project has been working and will be on an accelerated pace.

After the line is finished it will serve more than a thousand people.

Mr. Vaught in president of the Farmers' Electric Membership Corporation and Mr. Zoll are the officials of the cooperative.

Mr. S. T. C. completed Year 1938 With $25,644 Surplus

According To Report Of State Auditor

The State Georgia Treasurer completed the year marking 1938 with a surplus of $25,644, which compared with a current asset and surplus of $15,000,000 in the preceding fiscal year. These figures were taken from the report of the examination of the Treasurer's office by the state auditor, Zeph Anb.

The total income for operations was for the year $15,000,000, of which $15,000,000 was charged to the General Fund, while $25,644 was charged to the State Auditor's Fund.

The payments made to the State Auditor in the fiscal year 1938 amounted to $25,644, which was the same amount charged to the State Auditor's Fund in the fiscal year 1937.

The state auditor's fund is used for the payment of fees, salaries, and other expenditures connected with the state auditor's office.

Co-op Meat Curing Plant First Of Its Kind In U.S.

Briar Patch Meat Curing Association Operates For Benefit Of Community

The first farmer-owned-cooperatively operated meat curing plant in the United States is now in operation in the 11th district of the Federal Farm community of Bulloch County, Georgia. It has been organized under the leadership of Mr. W. E. M. S., who has been putting in about three cents a pound and has been charging around three cents a pound for a sugar cure.

Under the improved leadership of Mr. W. E. M. S. and the cooperation of the Georgia agricultural extension service, plans were drawn for a cooperative meat curing plant. Organization was completed and funds were taken to start the project. The funds the farmers had accumulated were termed as "savings, and materials were secured. By the first of January the meat curing plant had been completed, and operations are now in progress. The plant has operated successfully and has met the expectations of the community.

The Briar Patch Meat Curing Association is meeting the needs of the community, providing a place for meat curing and at the same time providing employment for the local farmers.

Every farmer and individual who has an interest in the success of the meat curing plant is urged to support it and contribute to its success. The plant is open to all farmers and individuals who wish to use its services.

The old year's dead, the new year's born. Nobody knows what's happened, and nobody knows what will happen. We want to spend New Year's Day in which to 'begin' what will happen. It would be a grand occasion for the past, but hopefully, people will spend New Year's Day in what is to come.
