**FUTURE FARMERS OF AMERICA STUDYING HOG TREATMENT**  
In our work in agriculture for the past few days, we have studied treating hogs for cholera and treating cotton seeds. We find this very beneficial because we have problems of our own in this type. Each of us are going to do work of this type, so it will mean more to us—Junior Brannen.

**REGISTER HIGH PLACES FOURTH IN DISTRICT BASKETBALL FINALS**  
The "Yellow Jackets" of Register High School placed fourth in the finals of the District Tournament which was held in Brooklet the past weekend. The Jackets opened the tournament Wednesday afternoon by defeating Guyton by a score of 20-18. The game had to go into an extra

period. The following Friday night the district champions of Stillson handed Register a 50-18 setback. Saturday afternoon the Summertown quintet had a hard time defeating Register 30-27 for third place.

### Production Credit Association Has New Interest Rate

The interest rate to members of the Statesboro Production Credit Association was reduced one-half of one percent on all money advanced, beginning February 24. R. F. Donaldson, Secretary and Treasurer, announced for the Board of Directors of the Statesboro Production Credit Association.

"This is made possible," said Mr. Donaldson, "by the continued ready sale of Federal Intermediate credit bank debentures to the investing public measuring low rates of interest and the favorable results of the Federal Intermediate credit banks and the production credit associations discounts the farmers' notes which it takes with the Federal Intermediate Credit Bank of Columbia.

"The new rate will be four and one-half per cent and as usual interest will be charged only for the period which the members actually have the money," continued Mr. Donaldson. "The reduction also is effective in all the other production credit associations throughout the country.

end, and he is looking forward to this trip as he says it will be the first time he has ever been in that part of the state.  
This correspondent had dinner with a very prominent man from Bulloch county Monday night. Hal Kennon, who is connected with the R. F. C. bought us one of the best steaks we have ever eaten. Hal comes to Atlanta often we understand, but he is always a very busy man and is hard to find.

"We wonder when Governor Rivers will come out of his shell and make some comment on how he feels about the way Roy Harris is calling for a straight 20 percent cut in all the state departments.  
Up until this week the house has been on a cutting spree, but it now looks like an appropriation spree. The final outcome will only be, in our opinion, more taxes for the tax payer to pay.

## Dr. Destler Speaks At Rotary National Guard Here Best In U.S.

An official communication from Major General Sunderland of Washington, D. C., denominated the 18th Coast Artillery (H. D.) as the most efficient and outstanding Coast Artillery regiment in the entire United States for the training year 1937-38.  
This award is based on the efficient and proper training of men during the Army drill year. A successful demonstration of this instruction, at the annual Army Inspection, and the efficient performance of duty at the annual field training period. A great deal of weight is put on efficient, accurate firing of the guns at the camp and this outfit has fired "10-12" and 155 mm guns with a high degree of accuracy.  
Considering the fact that this is one of the youngest Coast Artillery outfits in the United States, it makes it even a greater honor to receive this award, together with the other honorable mentions that they have received during the brief period as Coast Artillerymen.  
This outfit consists of the following officers: Headquarters: Major Leroy Cowart, Bn. Commander, 1st Lt. Smith, 2nd Lt. Homer Melton, Hqsrs. Det. 2nd Lt. Henry Ellis Commander and five enlisted men. Battery "A", Capt. T. J. Morris Commander, 1st Lt. J. B. Averitt, 2nd Lt. B. A. Johnson and fifty seven enlisted men. Battery "B", Capt. H. L. Johnson Commander, 2nd Lt. Johnson, and fifty seven enlisted men. All of the above are located at Statesboro, Ga., except Battery "B", which is located at Washington, Ga.

## Coastal Empire Jaycees To Meet With Statesboro Club March 17

The local Jaycees organization has grown from its charter membership of 15 to an active group of thirty with a number of applications now being considered.  
The club received state-wide recognition recently when its president, Josh Lanier, was made secretary of the Inter-City League of the Coastal Empire Jaycees.  
Mr. Josh Lanier, president of the Statesboro organization announced this week that more than 200 guests are expected to be here from Vidalia, Swainsboro, Alley, Metter and Mount Vernon. These towns make up the League. About twenty-five of the city and state's leading citizens have been invited.  
According to Mr. Lanier there will be a banquet at the Teachers College dining hall to be followed by a dance at the Statesboro Armory.

## New Livestock Market To Open Thursday, March 16

We will have our buildings ready several days before the opening day and we hope our friends will begin making their plans now to bring to us such livestock as they wish to sell at that time. We urge you to bring your stock as early as possible. We will accept it at any hour of the day after daylight. If it will be more convenient for our friends to bring their livestock on Tuesday or Wednesday, we will feed it on their unit sale day, without cost. We are going to do this on opening day only. We also plan to give a dollar to each of the first one hundred patrons, who bring us as many as two cows or four hogs.

We will give the \$5.00 to Mrs. W. H. Smith, of Route 4, who gave our market its name, on opening day. We will also give to Mrs. W. S. Brown, of Statesboro, \$2.50 for suggesting our slogan, at the same time. We will give \$1.00 to the person who consigns to us for sale on opening day, the heaviest steer. We will give \$1.00 to the customer who offers the heaviest hog. To be eligible to compete for these prizes the animals must be in our possession by 11 o'clock A. M., Thursday, March 16th, since that is the hour of our opening.

We plan to have several carloads of the best cattle Bulloch county affords. We also have promised to us on opening day many carloads of extra good hogs. The prize winning stock, the heaviest steer and the heaviest hog, will be sold first. We hope to sell them at a premium.

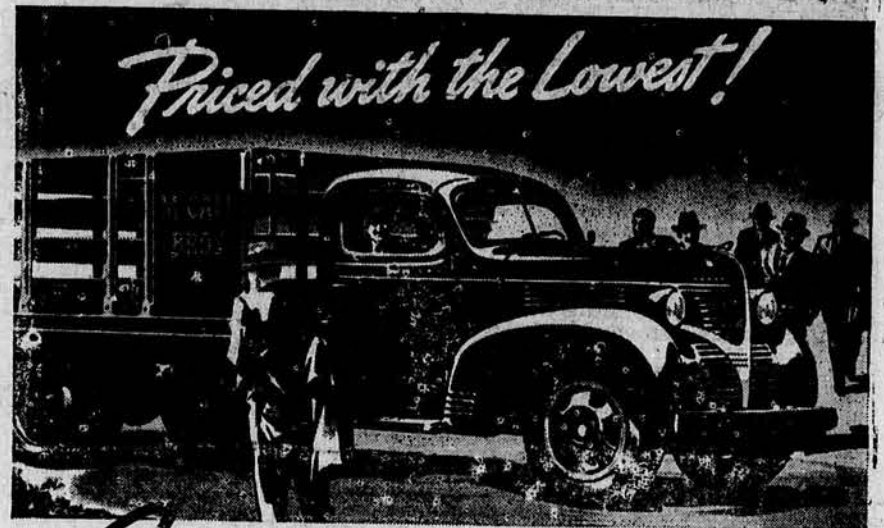

Please be on time. The exercises will begin promptly at 11 a. m., rain or shine, and whether or not anyone is present besides the management.

Don't worry about buyers. The buyers will be with us. They have been notified and are just as anxious to buy your stock as you are to sell it.

## New 1939 DODGE TRUCKS TAKE A TEST...THAT'S ALL DODGE ASKS!

See THE EXTRA QUALITY IN 1939 DODGE TRUCKS

- Better-Built at the 5 vital points**
- 1. **7 ENGINES.** 11 special features to save fuel. Oil, upkeep, there are 7 different Dodge "Truck-built" engines, so each Dodge truck has an engine of exactly the right power to suit its hauling capacity.
  - 2. **BONDERIZING.** Cabs, bodies and all other sheet metal now completely rust-proofed in Dodge's giant truck plant. A revolutionary step ahead in lowest-priced trucks.
  - 3. **ANGLO STEEL.** Generally acknowledged the greatest metallurgical advance in years. This new super-tough steel is used in springs, axle shafts and other vital parts to insure longer life and save costly repair bills.
  - 4. **STYLING.** 1939 Dodge Trucks are unquestionably the leader in advanced streamlined styling. But Dodge styling and designing goes far beyond mere appearance, gives you larger, luxurious cabs, new scientific load distribution and many other modern new advantages.
  - 5. **BRAKES.** The Dodge type of genuine hydraulic brakes are fully equalized to save tires and re-tiring. Their superiority is so obvious it will take just one stop to convince you.

Special beef cattle grading demonstrations to teach Four-H club members how to grade meat for market will be given at six of the Fat Cattle shows remaining of the Spring schedule.

"Kitchen clinics," where farm women get the latest information on sinks, water supply, sanitation, screens, and other physical features of the kitchen, are proving popular in many Georgia counties.

The annual meeting of Negro farm and home demonstration agents was held recently at Georgia State Industrial College, near Savannah.

Animal husbandry students in the University of Georgia's College of Agriculture this week selected 100 head of choice livestock for exhibition in the Society and Sirian Club's 19th Little International Livestock Show.

NUTRITION REQUIREMENTS ARE IMPORTANT FOR FARM FAMILIES. Much has been said and written in recent years regarding the making of a living at home by farm families.

Georgia has been allotted 2,000 affiliated memberships for the Seventh World's Poultry Congress and Exposition which will be held July 28 to August 7 at Cleveland Ohio.

Farm poultry producers in the South Atlantic region plan to buy approximately 12 per cent more hatchery chicks this year than in 1938, according to the Crop Reporting Service of the U. S. Department of Agriculture.

G. V. Cunningham, state 4-H club leader, has advised county agents that the 16 Four-H club girls and 16 boys who attended the annual conference of the State 4-H Club Council at Athens.

Based on recent studies made in the Bureau, the study reveals that about one-third of the white families obtained diets high enough in vitamins A to insure good health.

Cotton Growers Advised To Treat 1939 Cottonseed

Germination tests of samples of cottonseed from different sections of Georgia show the presence in every case of a high amount of anthracnose infection both inside the seed and on the seed fuzz.

As a usual thing, cottonseed harvested under favorable weather conditions and properly stored are fairly free of disease organisms. This year, however, conditions seem to be different.

TIPS TO THE POULTRY FARMER

March is possibly the best month in the year to start heavy brood chicks, such as Plymouth Rocks, Rhode Island Reds and New Hampshires.

Clean the brooder house thoroughly, disinfect the floor walls and equipment, get brooder placed and everything ready for the chicks a week before they are to arrive.

In cleaning the brooder house with cement or wooden floor, try using one can of lye mixed with 20 gallons of hot water and scrub the floor with this solution.

Several inexpensive types of electric and oil brooders are now available for brooding small lots of chicks.

If bothered with mites with setting hen, paint the nest box with carbolineum, carb soda, or oil of creosote, and use clean straw for nesting material.

In brooding chicks with hens keep the hen confined in a coop and let the chicks range outside the coop. Move to fresh ground once a week.

W.C. Carter At Ivanhoe Club Meeting. W. C. Carter, special agent in marketing, extension services, stressed the use of new hampers and meat packages in getting the truck crops ready for market.

The study showed that white families spent from one-fourth to one-third of their food money for eggs, lean meat, poultry and fish; from one-fifth to one-fourth for vegetables and fruits, and only one-eighth to one-sixth for milk and cheese.

Mr. and Mrs. Marion Carpenter announce the birth of a daughter on February 13th. Mrs. Carpenter was before her marriage Miss Winona Aldred, and a former student of Statesboro high school.

GRAMMAR SCHOOL HAS NEW CURTAIN. Imagine our delight when we prowled through the Grammar School auditorium last Monday morning and stopped short in our tracks upon seeing a workman busily putting up a beautiful curtain.

If he hasn't, it's plainly time to get dollars-and-cents figures on what a model of your choice will cost delivered in your driveway!

That will prove, we think, that this shining star is in your reach—so why should you be without it?

Permanent Pasture Essential In Bulloch Livestock Production

Pointing out the growing trend toward better pastures on Georgia farms, County Agent Byron Dyer said this week that a good permanent pasture is almost essential to the profitable production of livestock in Bulloch county.

"Under the federal farm program, farmers can earn their soil-building payments by seeding permanent pastures, among other things. This has been of considerable aid in getting more pastures started in Bulloch county.

GOODYEAR REPRESENTATIVE RETURNS

Mr. George Pittman Jr., was home today from the Goodyear Centennial and Home Coming at Akron, Ohio.

Feature of the four-day program was the dedication of a bronze statue of Charles Goodyear—the Yankee inventor who discovered the secret of vulcanizing just one hundred years ago.

Mr. Pittman witnessed the dedication of the Goodyear statue, which was presented to the City of Akron by President P. W. Litchfield. It is the centerpiece of a new civic mall, created across from Akron's City Hall.

Mr. Pittman also attended the World's Fair of Rubber, a comprehensive rubber display which depicted through use of dioramas and animated displays the vast ramifications of rubber's present application to the field of transportation.

It was an outstanding industrial display on the subject of rubber," Mr. Pittman said. "The company's experts spent months in its preparation and even rubber trees from Sumatra, half way around the world, were brought in to complete the cycle from raw material to finished product.

For mutton corn Mr. Carter recommended that it be marketed in bulk or bags with medium length ears, well formed ears being in demand.
