As president of the Statesboro S. H. S. BAND TO Womans Club I submit the fol-COMPETE IN STATE CONTEST

"At the beginning of the fiscal year 1908-39 the Statesboro Womans Club was still feeling an indebtedness of \$500.00. We were not alarmed in the least for we had steadily and rapidly reduced the original debt of twelve hundred dollars and we felt calmly sure that there would be no club debt remaining at the end of the year.

"One of the first activities of the New Year was the Benefit Bridge, put on by the Benevolence Committee, Mrs. Booth, chairman. This delightful affair netted the committee their pledge of \$25.00. The Citizenship Committee sponsored on open forum on two long, remembered occasions. The speaker for the first of the occasions was Ralph Ramsey, Secretary of the Georgia Education association. This forum was held with the Chamber of Commerce are host. The second forum was tield with the Womans Club as sponsor, and Miss Emily Woodward of "Empire" fame was the speaker. These forums brought to the members of the Chamber of Commerce and the Womans Club a consciousness of the treto the members of the Chamber of Commerce and the Womans Club a consciousness of the tremendous importance of open discussion of the important issues of the day. This committee entertained Miss Woodward with a lovely luncheon preceding the meeting at the club home.

The Club Home committee has been one of the most efficiently functioning committees of the club. Mrs. Murray, the committee club. Mrs. Murray, the committee chairman, has worked unceas-

BULLOCH'S TRAFFIC DANGERS

This week the State Department of Public Safety issued a report which presents a revealing analysis of Bulloch county's traffic death record in 1938. In Bulloch county during the year of 1938 bile accidents, with a cost of \$180,000. These figures indicate a tremendous improvement over 1937 when 10 people were killed and 350 injured with a cost of \$450,000.

The report reveals that on U. S. Highway 80 from Swainsboro to Savannah, a distance of 90 miles, 17 deaths occured and 595 injuries.

The report reveals that there were 823 deaths and 28,805 injured with a cost of 37,035,000. In analysing the causes of these deaths the report reveals that speeding resulted in 420 deaths. Othr causes listed were: improper equipment or use of equipment, 122; driving drunk, 82; passing on curves and hills, 67; failure to observe signs and signals, 65; illegal parking, 24; miscellaneous cau-The large number of deaths resulting rom speeding gives special point to the state narol enforcing the new 55 mile an hour speed law.

Another interesting set of figures show that of the number of fatal accidents in the state, 569 occured outside of city limits on open highways or country roads, as against 213 within the city Of the 248 pedestrians killed, 139 were killed on rural roads and highways, as against 109 killed on urban streets. 359 people were killed in motor vehicle traffic accidents on Saturdays and Sundays in 1938. There was only one weekend in 1938 when there were no fatal accidents, January 14-15.

sonably assume that this difference is the result of the work of the Department of Public Safety during its first year's existence .

With a new compulsory accident reporting law to begin functioning soon the department will be able to map a more definite and selective plan of safety education, enforcement and engineering. This new law requires that all accidents involving \$50 or more, or personal injury or death, be reported on regulation forms within twenty-four hours by the driver or other occupants, if the driver is incapacitated.

WHAT IS A BOY SCOUT?

ied by two men who are nothing but grown-up boys, will leave Statesboro and hit the trail for the open spaces. Boy Scouts out for a hike.

SCOUT! What fun he finds in hilking into the voods! He tells North from South by the moss on the trees, or East from West by the shadows. He can talk to a brother Scout across a river by signaling. He knows the principal trees and birds and animals that he meets, he knows which are poisonous weeds or reptiles, he can find his way by the stars as did the Indians and pioneers be-

If matches are forgotten, he laughs and proceeds to kindle a fire by rubbing sticks together or by striking steel on flint. The fire once started what good things he can cook out there in the open! He keeps himself physically fit, he avoids poisons of alcohol or tobacco; he guards his tongue from loose speech or boasting or sacrilege. When he speaks of anyone, he tries to speak well of him.

His Scout "Good Turns" to someone each day make him many friends-for the way to have friends is to first BE one. His motto is "Be Prepared" and he thinks through in advance what he would do in fire or storm. When someone is injured he is "ready" to help him with his First Aid knowledge.

He always tries to be a useful citizen. He helps

Another big thing a Scout enjoys is campingthere he finds fun in games or swim-finds new friends in woods and others fellows-and there among the trees, or under God's silent stars, or by the campfire's ruddy embers, he dreams out his great TOMORROW.

It is a great work that the Rotary Club, the Junior Chamber of Commerce, the Baptist church and the Methodist church are doing in sponsoring the Boy Scouts in Statesboro and the other organizations sponsoring other troops in the county.

The Editors Uneasy Chair- Education, Please -

A THOUGHT FOR THIS WEEK

pours out at the first stroke, because it is high; words are always ready; but if we neglect prayer, it is difficult for us to pray, for the water in the

Our Roaming Reporter, Walter McDougald, is sick-a-bed this week and is pretty apt to be sicka-bed another week or so. We had learned that he was ailing and drove out to see him and found him out on his front porch in a beautiful blue flannel lounging robe over a pair of royal purple pajamas (that's for that crack about our hospital ensemble). He won't do much roaming for a while. What with Miss Isabel, Horace, Worth, Don, and Mike there to look after him he will be unable to sneak by such a guard.

While there Don brought out some cup cakes with chocolate icing. Now Walter said that Don made them, and none of the others claimed them so Don must have made them. Well they were good. We don't know who Don is courting but for he will not be doing the courting long but will be courted. And that bunch of younguns amazed us with their knowledge of world affairs. Why they knew more than Harry Aiken about the sit-

uation in Europe and in Washington. While we were out on "Poverty Hill" Dr. and Mrs. Hugh Arundel and Mr. and Mrs. Homer Parker came in to see the R. R. and Mrs. E. N. Brown was there when we pulled up.

Memo to Mike: Better not let that pretty girl whose picture you showed to us hear that Don can cook those cookies.

MR. T. E. ROBERTS CAME in our office last Saturday. He had never seen us and wanted to know what we looked like. He stayed with us for some time. We learned that he has reared a family of six boys and three girls. He says that today the trouble with us is that we are a 21 million dollar appropriation. Any waste and living too fast. There is too much pressure on less deaths from auto accidents than in 1937. We the young people. He has been farming for over thirty years. He said that he didn't want to be a farmer but before he knew it he was one and has been one ever since. He was born and reared in Bulloch county, and has seen many changes and wonders what it all will amount to in the

> will gather a group of Bulloch county farmers. These farmers are recognizing the fact that to get something done they must get together to work for a common end, self-preservation. There are now approximately 200 members of the Bulloch chapter of the United Georgia Farmers. In Emanuel county the membership is more than 670. There is more than just sentiment attached to the time-worn phrase, "United we stand . . ." Every farmer interested in bettering his position is urged to attendethis meeting.

Congratulations to Charles Brooks McAllister Jr., upon winning second place in the First District eclamation contest held in Vidalia recently.

Congratulations to Alfred Dorman. He is er larging his warehouse for the third time. It is now one of the largest wholesale grocery ware houses under one roof in this section

When at dusk hour in the trees A bug flies among the leaves, There is a light flashes bright At the beginning of each Spring night.

As it gets dark and darker I love to look up in the vines-There you can see them glimmer And flit through the tall pines,

When you see the lightnin' bugs Dotting the woods with pretty ray, Then you can store heavy rugs; For the beautiful spring has come to stay.

Away out in the lonely forest They can be seen the very same; For you know they never rest While in your memory a sweet dream.

Flash! Flash! The little light As if they were of electricity, And they flash every night; But what about them in the big city Where they have thousands of lights.

Aulton Smith, Ellabelle, Ga.

By Ralph L. Ramsey, Director

formation and material to the people of Georgia state. We have steadfastly believed that educaonly after great efforts. It is so with prayer. If tion must undertake to meet whatever problems we are instant in prayer, every little circumstance the state faces, and we sincerely believe that lack lawn tennis? wakens the disposition to pray, and desire and of education and lack of information is the fundamental cause of most of our problems. FACT FINDING COMMITTEE

A Fact Finding Committee was appointed by Members of the Georgia Ethication Association, and was endorsed by the Representative Assembly of the G. E. A. The purpose of the committee and ANSWERS its work was to find the facts of the financial situation of the state government as it affects the state school program. The members of the committee are business and professional men, all of whom have business obligations or hold positions which demand their attention. But they have given themselves without reservation to this work, and the results are now ready for publication and for the information of the public. WRONG IMPRESSION

There have been misconceptions on the part o he general public as to why the appropriations made to the general fund by the legislature of 1937 for the year 1938-39 have not been and cannot be paid. Due to certain statements made and reports given ouf during the session of the legis lature, the general impression has been that fund: to pay these appropriations were available. The tatement has been made more than once that the teachers of the state, whose salaries are now paid only in half, could have been paid had the funds not been wasted. It was to try to ascertain if these statements were true and to try to find out the actual facts that do exist and furnish the information to the public that the Committee was appointed, and to this task they have devoted a great deal of time and labor for the past thirty days. The committee having finished its work, 20,000 or more copies have been printed and will

vestigations have been completed, the fact remains that a 12 1-2 million dollar income will not pay extravagance that can be found should be and is condemned. No excuses should be offered for it. Useless employees should be dismissed. Departments which are not rendering a real and necessary service should be discontinued. But in the face of this, and branding such waste and extravagance as contemptible in every language, we respectfully remind the members of the General Assembly and the public that the teachers of the public school system and the university system are not to blame for this situation and should not be penalized if it exists. We respectfully remind those whose responsibility it is to make appropriations and to raise revenue to meet them; those who made appropriations on which salary schedules were based and on which teachers agree in good faith to teach and have taught; those who nade pledges by resolution that they would keep faith with the teachers, and on which pledge of faith teachers continued to teach on the belief and with the hope that the pledge would be fulfilled, that the state still owed the teachers of Georgia \$5,268,000, and will owe them, as a binding, moral obligation, moral obligation, on July first, whatever balance remains unpaid at that

And we remind those to whom this service has been rendered that this obligation cannot be met and this program be continued without additiona revenue. It is an abiding and an accepted prin ciple in mathematical science that two and two makes four. 12 1-2 million dollars won't add up to 21 million dollars. The only way this problem in addition has been solved so far is by substract ersity system, the old age pensions, and elect nary institutions serving as the subtrahend.

As we see it now, the whole matter must rest in the hands of the legislature, and the people of of the May. this state, if they want this program to continue and the schools to remain open, must accept the responsibility of supporting the members of the found necessary to meet these needs.

There should be a law against paper napkins. Their only ambition is to get down off a diner's lap and play on the floor.

uncomfortable is the tax.

If you think you are important, remember this . . . a lot of men famous a century ago have weeds birth of a son, April 28. He has been given the growing on their graves.

Mooney Prosser is in Atlanta this weekend. He is shooting for the state marbles championship. We wish him good luck and straight shooting.

To Good Start

Farmers Off

Bulloch county farmers are off to a flying start with their 1939 crop. Practically a perfect stand of all crops has been procured.

Tobacco was the worst hit this spring. The cool weather encouraged cut worms to work and hurt the stands. The resets are living now and a good stand on the some 5,000 scores of tobacco is now growing.

To Savannah May 14-16

is on the increase by about 20 per cent in the county, were held back by the weether. However, a larger percentage of the some

Farmers Urged To Check Cotton Rust

tion lost many valuable pounds of seed cotton year after year, because they let Rust ravage their cotton crop. Yet cotton rust is easy to prevent by using plenty of potasah. Leading authorities say that cotton rust is simply potash starvation.

anticipated.

The conference opens Sunday, the 14th, with registration of visitors, golf, band concerts, automobile rides and a Fellowship Dinact in the evening at the DeSoto Hotel.

The new rotary cluss in Georgia are located at Hartwell Hawrotary with a low oil content.

All of these losses are due to enough potash to balance your plant food and help you get great

dressing. They have gotten ex-cellent results from using 100 lbs. of Muritate of Potash, or 200 lbs of Kanit per acre. Other farm materials are on sale by leading

Rotarians Go

Everett of Savannah will be held this morning at 11:00 o'clock at Lake Church, near Metter.

Mr. Everett was 27 years old. He died suddenly Sunday in New London, Conn., where he was attacked to the submarine Shiptack. He had been in the U. S. Navy for the past ten years. His body was sent from New London to Savannah as been arranged for the discussion of Rotary activities, spiced with social and recreational events, with particular appeal to the wives and families of Rotarians.

Rotary in Georgia, under the adminstration of District Governor Porter Carswell of Waynes-nor Porter Carswell of Waynes-nor Porter Carswell of Waynes-

adminstration of District Governor Porter Carswell of Waynesboro, has shown marked expansion. With twelve new clubs instituted during recent months, the
number of members in the state

Cotton, like all other plants, manufactures its food in the leaves. Potash is needed for this manufacturing process and for the transoprtation and assisimilation of the food. When the cotton plant approaches maturity and begins to develop burs, seet and lint, there is a tremendous demand for quickly available potash. demand for quickly available potash.

If the cotton plant does not
receive plenty of potash, food manufacturing is hindered or stopped
the food is not properly distributed
throughout the plant and a complete breakdown occures as a result of a starved condition. Then
you see Cotton Rust

ANNOUNCING

55 East Main Street, Statesboro, Ga. AS THE NEW DEALER HERE FOR OLDSMOBILE

and Complete Facilities for Service OLDSMOBILE takes pleasure in announcing a new dealer to specialize in Oldsmobile sales and service for this territory, and cordially invites you to inspect the new Oldsmobile cars now on display. The Oldsmobile Sixty is powered by a big, money-saving 90 horsepower Econo-Master engine, and is priced right square down in the low-price field. The brilliant Olds Seventy and the big, luxurious Eighty, with Observation Bodies by Fisher, are both priced lower than they were last year. All three Oldsmobiles offer the revolutionary and exclusive Rhythmic Ride—the ride without a rival on any road. In addition to the Ride—the ride without a rival on any road. In addition to the splendid facilities for the display of new and used cars, this new dealership brings to Oldsmobile owners and other motorists the advantages of an efficient, well-squipped service department. Modern factory-approved tools, a staff of expert, factory-trained mechanics and a stock of genuine Oldsmobile parts assure the highest type of service work at moderate cost. Come in! Inspect the service department. Then, take the wheel of an Oldsmobile and enjoy the finest ride you've ever had!

A gala out-door affair with the lawn outlined with vari-colored balloons marked the fifth birth-day of little Charles Simmons as Mrs. Charlie Simmons entertained for him Friday afternoon. Games were enjoyed throughout the aft-crnoon and as a delightful climax for the little guests came Dixie cups, punch and individual cakes. The decorative balloons were then given as favors.

Those present were: Emerson Brannen, Frederick Dyer, Donald Flanders, Paul Womack, Gleinn Jennings Jr., Frank Williams, Randy Everett, Jimmie Morrison, Ellis Young DeLoach, Dick Rogers, Will Simmons, Jimmie Johnson, Joe Johnston and Ronnie Brown, The young ladies were: Virginia Lee Floyd, Babs Green, June Carr, Betty Jo Anderson. Lavinia Brown, Peggy Whithurst, Barbara Macon, Carol Ramsay, Marilyn Nevils, Betty Brannen, Jane Richardson, Betty Womack, Florine Rogers, Anne Boyd, Jane Beaver, June Kennedy, and Frances Rackley.

Virdie Lee Hilliard rings the bell again. We had already ex-tended our orchids to Lorena Durden for winning the music contest in the district, and scored a new victory for Virdie Lee, but we have learned that the Guyton Edwin Beasley of Ideal. Ga., contestant, who won in class C

Smart Riding Habit that's Easy to Acquire

The model illustrated is the Buick Special model 41 four-door touring sedan \$996 delivered at Flint, Mich.

of the folks who drive Buicks come back again and again to this great auto-

and no hunting all over town to find it.

Repeating on Buick means that season after season you ride behind the Buick valve-in-head straight-eight, that Dynaflash powerhouse that's livelier and thriftier than engines of other type.

- the smooth, easy, Springing.

OU'VE probably noticed that most room in a Buick-and this year you've a new and broader outlook through 412 added square inches of safety plate glass. And you're leading the style parade with appearance that's like a leaf from All of which adds up, you'll find, to

satisfaction so complete that once you've got the Buick driving habit, no other car quite seems to measure up. Now this big strong resilient straight-

eight costs less than you think - less than a year ago-even less than some So why not simplify your car-buying for all time-get that smart Buick riding

In no other way that we know can you make sure of having so much fun. Or of getting so much value for every penny

"Better buy Buick!"
