## My Sincere **THANKS**

To the Voters of Bulloch County:

Now that the stress of the campaign is past, and you good people have seen fit to give me your approval for another term as your servant. I take this early opportunity to express to you my sincere thanks. Unfortunately illness in my family-first the quite serious illness of my wife and later my own illness and confinement to my bed for the last days of the campaign-placed upon my friends the greater responsibility of looking after my welfare. The outcome proves that my friends were loval, and my heart goes out in gratitude for this loyalty.

In accepting again your commission to service, I give my renewed pledge to serve without partiality or distinction btween those who supportd me and those who voted against me. I promise to be the servant of all the people in the future as in the past.

Sincerely,

The Yule log, which many hold should be lit by a brandy preserved from the previous year's stock, should be blown into a blaze by the maids, but these must have clean faces and hands or the log will not light easily. In the north of England it was once customary to let the servants have free drink so long as the log burned.

DETROIT. — Twenty-five years
ago the late James Brady conceived
the idea of raising funds to insure
needy children a merry Christmas,
by organizing a group of men who
as boys had sold newspapers in the
city. The idea was for them to return to their old corners at a stated,
period and sell papers to all who
passed. Last year this organization of oldtimers raised about
\$150,000.

lies gather around the "ceppo" or Christmas log blazes. At nine p. m. begins the "cenone," or big supper, at which no meat may be served. Gifts for children, which come on Epiphany, are brought not by Santa Claus but by an ugly witch whose name is "Befana." FRANCE:

Exchange of gifts comes not on Christmas but mostly on New Year's day, which in France is the big family day for reunions of cousina, aunts and uncles. Santa Claus is "Pere Noel," who leaves his gifts in wooden shoes. Christmas eve is not spent at home but in revelry and feasting.

BELGIUM:

BELLGIOM:
Neither Santa Claus nor Pere Noel
visit children here—but St. Nicholas
makes the rounds, surprisingly, on
December 6! A quaint Belgian custom is the putting up the chimney
of a few carrots for the little donkey
on which St. Nicholas makes his
visits.

POLAND:
This Christmas celebration lasts until February 2 and is preceded by fasting which is not broken until the first star appears on Christmas eve. In all homes the tablectoth is placed over a layer of fragrant hay in commemoration of the manger. HUNGARY:

St. Nicholas leaves boxes of candy for children early in December, after which the youngsters must be on their good behavior. They write letters to the angels, who, they believe, bring the presents. If they find bits of tinsel on the floor, they claim this is angel's hair and proof that the angels are everywhere, observing which boys, and girls are good.

Where it all began nearly 20 conturies ago, worshipers reverently hall each Christmas at the church of Nativity which is built over Christ's traditional birthplace. It has remained unchanged more than 1,500 years. There pligrims gather from all over the world to intone "Glory to the New-Born King."
