Fat Stock Sale Brings \$18,788.62

"Henry" a 1,080-lb Hereford steer, belonging to Montrose Graham, 4-H boy of Stillon, was declared the Grand Champion of the more than 300 head of fat cattle shown at Statesboro and Bulloch county's fat stock show and sale held here last Thursday. The champion was purchased by Rogers Store for \$216 at 20 cents a pound. Young Graham sold three other steers together with the champion, for \$528.72 net. The 304 head of cattle sold from \$8 a hundred pounds up to \$10.50 for choice cattle; \$9 to \$9.50 for good and \$8.50 to \$9 for mediums. The total sale brought \$18,788.62.

Montrose Graham and His Grand Champion Steer

Montrose Graham, Stillon 4-H clubber and winner of the Grand Championship in the fat stock show here last week, maintained his record in feeding good cattle for the spring shows and sales. He not only maintained his record but bettered it in quality of cattle and then in money earned. He started the feeding year off with "Henry," a purebred Hereford steer; "Mac," a Hereford and Shorthorn cross; "Alvin," a purebred Shorthorn steer; "Bob," a light Hereford steer, and "Tex," a western steer. These steers were purchased last summer and kept in good condition until early fall when they were put on full feed. All the calves responded well except "Tex." He was too wild to get to finish out as Montrose thought he should. This calf is being finished out for a special market later on. The steers had all the ground corn (cob and shuck), a little cottonseed meal, some soybean meal, and hay they wanted. When graded at the show and sale held here Thursday, "Henry" and "Alvin" were called U. S. primes, "Mac" top choice, and "Bob" choice. This was the fourth prime this young cattleman had ever finished. However, in the past two years he has had only one prime each year. The calves sold for \$10.25 per hundred for "B," \$10.50 for "Mac," \$11.75 for "Alvin" and "Henry" returned the fancy price of \$20 per hundred. The four steers returned this 4-H club boy \$528.72 net.

"Increasing Our Wealth and Income" will be the first subject for discussion on the Georgia Progress Program at the Teachers' College tomorrow morning at 10 o'clock. The discussion will be led by Dr. Harry Vaughn, director, Engineering Experiment Station of Georgia Tech in Atlanta. This discussion will open the sixth annual Georgia Progress Program at the Georgia Teachers' college. The theme of the program is "Planning a Better Georgia."

A number of the state's leading men and women will gather here to take part in one of the most ambitious programs attempted by the college. The program has been arranged by Dr. C. M. Destler, of the Department of History. The program Friday will be as follows:

- 10 A. M.—"Increasing Our Wealth and Income." Leader, Dr. Harry Vaughn.
 - 2 P. M.—"Improving Our Human Resources." Leader, Turleton Collier, columnist.
 - 7:30 P. M.—"Constructing an Adequate Government." (Leader, Dr. Hoy Taylor, dean, Georgia State College for Women.)
- The program Saturday will be as follows:
- 10:30 A. M.—Panel discussion on the theme "Planning a Better Georgia," with Dr. O. C. Aderhold, chairman. The panel will include W. T. Anderson, editor of the Macon Telegraph; Porter Carswell, planter of Waynesboro; Paul M. Munro, superintendent of Columbus Public Schools; Chester McArthur Destler, Georgia Teachers' college; Jack Williams, editor, Waycross Journal-Herald; Miss Emily Woodward, director, Georgia Public Forums; Miss Ola Wayeth, librarian, Savannah Public

Georgia Progress Days Began in 1934

March 1934 President Franklin D. Roosevelt, of the Georgia Teachers' college, introduced a new educational program in the form of a Georgia Progress conference. The sixth annual program will be held at the college tomorrow and Saturday with the theme "Planning a Better Georgia."

In keeping with other conferences such as the Institute of Citizenship at Emory and the Institute of Public Affairs at the University of Georgia, the college here inaugurated a program with an even broader field. The first program, March 8-9, 1933, was a conference on "The Teaching Profession in Georgia." Chancellor Philip W. Weller was one of the principal speakers. Dr. J. C. Meadows, of the University of Georgia, was a leader of a discussion with educators from all parts of the state participating. The second Georgia Progress Program was held March 6 and 7, 1936, and the theme was "A More Abundant Life Through Health and Physical Education."

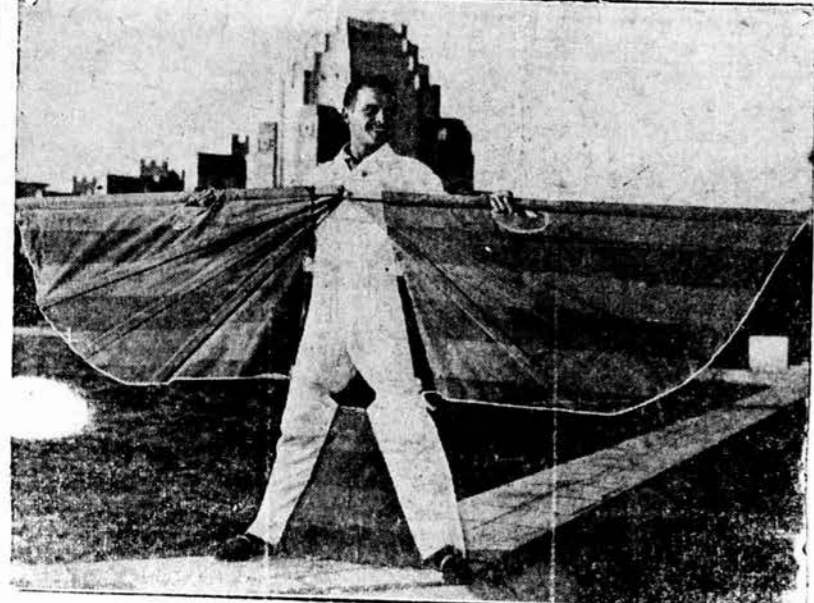

Dr. M. L. Brittain, of Georgia Tech; Dr. O. C. Carmichael, of Vanderbilt; and Dr. Malcolm Deussen, of Emory, were the leaders. In 1939 the program was given March 12 and 13 with "Georgia's Wealth and Poverty" as the theme. Dr. George Fort Millon, of Chattanooga, and Dr. Wm. T. Couch, of the University of North Carolina, led the discussion. "Science in Georgia Progress" was featured at the fourth annual program, March 12, 1938, with Dr. E. Laurence Palmer, of Cornell University, and Dr. Hanner A. Webb, of Peabody as the speakers. Last year the program was on "Progressive Education in Theory and Practice," with Dr. William H. Kilpatrick, of Columbus University, and Dr. Paul Misner, of Glenwood, Ill., as the leaders.

The program this year is based on the reports of the Citizens' Fact Finding Committee of Georgia, with leaders in every field concerned participating in the program.

Others are Mrs. J. W. Daniel, of Claxton; Miss Mary Gray, state president of the American Association of University Women; Mrs. Virginia Board, of Savannah; W. C. Henson, of Cartersville; M. D. McRae, wild life ranger, of Macon; T. T. Molnar, former Rotary district governor, of Columbus; I. W. Rountree, lawyer, of Swainsboro; Mrs. Troy Rucker, president of the State Home Demonstration Council; Charles D. Russell, of Savannah; R. M. Stiles, president of the United Georgia Farmers; Dr. John T. Wheeler, of the University of Georgia, Athens.

Dr. Destler stated that members of the audience are invited to participate in the discussions. When doing so please address the chairman before asking questions or commenting on a subject under discussion.

PARACHUTE SHOW SCHEDULED FOR SUNDAY AT AIR FORT
Rain that covered a wide area throughout the South Sunday caused the residents of this vicinity to miss the Eclipse of the Sun and the Parachute Show at the local airport. The parachute show will be held again this coming Sunday but we will have to wait until 1941 to see another Eclipse.

In spite of the rain a large crowd gathered at the Airport and waited for the rain to stop but late in the afternoon the members of the Local Junior Chamber of Commerce and the jumpers called a huddle in the hangar and decided to postpone the event. "We could have jumped," Tommy Boyd said, "but it would have been impossible to have had the jumps from high altitude and we have three jumps from almost two mile heights and besides the Chutes we use cost three hundred and fifty dollars each and we don't like to get them wet."

Several new acts have been added to the show this Sunday. Letters have been sent out to several cities in this vicinity inviting pilots to fly here and contests will be held between the visiting pilots. The show will begin at two thirty instead of three o'clock due to the new acts being added.

The Easter party was held on Friday, March 29, after the regular story hour. A large number of children were present and a grand time was had by all. The eggs were donated by H. Van Buren.

On the rental shelf . . . "Native Son" by Wright. "Lightwood" by Cheney. "Frees" by Richter. "Love in the Sun"—Walmesley. Sea Island Lady, Who Killed Aunt Maggie and Grapes of Wrath continue to lead the list of books in popularity.

Other new books of interest are: The World Since 1914, Inside Europe, Wind, Sand and Stars, A Speech For Every Occasion, American Furniture and Decoration, Remodelling the Small House, King Edward and Lady of Godese, COLORED LIBRARY

The Amateur Contest, sponsored by the negro branch of the Bulloch County Library was held on Monday night April 1, in the auditorium of the Statesboro High and Industrial School, before a large and very appreciative audience. This affair is the first of a series of entertainments which will be given for the same purpose. The members of the library committee wish to thank all those who helped to make this affair a success and also take this opportunity to express their gratitude to the various merchants of Statesboro who so graciously donated prizes.

Go and Speak Your Mind

Tomorrow and Saturday the people of not only Statesboro and Bulloch County but of the entire State will have an opportunity to see and hear a number of the State's recognized leaders

Every person in this section should attend this Georgia Progress Program and listen and take a part in the working out of a plan for a better Georgia.

These problems will be studied, including "Increasing Our Wealth and Income," "Improving Our Human Resources" and "Constructing an Adequate Government."

The program was planned and based on the reports of the Citizens' Fact-Finding Movement and will be directed by Dr. C. M. Destler, of the Georgia Teachers' College, who, with a keen insight to the problems of Georgia, states the problems and has challenged the most stimulating minds in the State to lead the discussions.

With this an election year and candidates for Governor already riding their fences it is only possible, that at these discussions they might find materials with which to strengthen the rails upon which they hope to ride.

Go to these discussions and speak your mind. You are invited to participate in the discussions. When doing so you are to address the chairman before asking questions or commenting on a subject under discussion.

At a meeting of the local committee held last Saturday, Dr. A. J. Mooney told them that cancer is not an incurable disease. "In its early stages, it is usually curable," said Dr. Mooney. Continuing, he said: "It is not due to a germ nor is it contagious. You can no more catch cancer than you can the shape of someone's nose or the color of his eyes. It is not a blood disease and there is no test of the blood that will reveal the presence of cancer, except in rare types."

"Though painful in its later stages, cancer at its beginning seldom causes discomfort. Cancer is nothing but an irregular growth of the cells and growth is not a painful process. Pain occurs when the parasitic cancer cells interfere with the nerves or the normal functions of the body."

"Medical science does not completely understand the cause of cancer, but enough is known to be able to say with confidence that cancer is not caused by eating tomatoes nor by using aluminum cooking vessels nor by electric refrigeration nor by drinking milk. It is not affected by alcohol. A single blow on the breast will not cause cancer."

"Cancer can be cured in its early stages by x-rays, radium, or surgery, used individually or in combination. It cannot be cured by injections, by serums, by pills, by electric belts, by so-called radium-water. Beware of the quack who advertises, who promises a cure, or demands payment in advance."

Do your bit in this fight to control cancer. When a member of the Women's Field Army sees you, know that what you may give will be used to excellent advantage.

Now that the highway row has been settled, an excellent opportunity seems to be offered for us to really set our caps for the completion of the work on the highways in this section.

Our hat goes off to those policemen who safeguard the merchants' place of business at night. Few people in town know that the police check every merchant's doors at night to see if they are locked. Many times they find stores that have been left unlocked. They notify the owner that his store has been left unlocked. Keep up the good work!

We require from buildings, as from men, two kinds of goodness; first, the doing their practical duty well; then that they be graceful and pleasing in doing it; which last is itself another form of duty.—Ruskin.

Youth Shows the Way

Last Thursday is a day that will be long remembered in Bulloch County as the day when the County's Youth stepped ahead in the Parade of Progress.

At the Statesboro and Bulloch County Fat Stock Show thirty-two of the County's young boys and girls, members of the 4-H Club and the Future Farmers of America demonstrated what can be done in this section in the live stock industry.

Every one of the young people were between the ages of 12 and 16. They brought to the show cattle that would win prizes in any fat stock show, and when the sale was over they carried home with them nearly \$15,000.

"There is a world of truth in the old statement, 'And a child shall lead them.'"

It Was a Fine Show and Sale!

We wish to congratulate the committee in charge of the Statesboro and Bulloch County Fat Stock Show held at the Bulloch Stock Yards last Thursday.

The show and sale was a success in every sense of the word. More than \$18,000 were realized from the sale of the cattle shown. Thousands of the County's citizens gathered to see its young people show the results of their year's work. Buyers proclaimed the show and sale the best they had ever attended.

Every buyer present at the sale remained until the last steer had been led through the auction ring. This is most unusual for a show and sale like the one held that day, and is a compliment to the live stock growers in this section and the sponsoring groups.

The show and sale which is an annual event promises to become the biggest thing in the County, and it is to those who make it possible that we say "Well Done."

CANCER FACTS

As medical science has conquered one disease after another, the old legends and folklore about bodily ailments have gradually been discarded. Today, however, there are still many curious ideas that are widespread about cancer. A vast army has been organized with the idea of educating the public on facts relating to cancer. This army, known as the Women's Field Army, is now working here in Statesboro.

At a meeting of the local committee held last Saturday, Dr. A. J. Mooney told them that cancer is not an incurable disease. "In its early stages, it is usually curable," said Dr. Mooney. Continuing, he said: "It is not due to a germ nor is it contagious. You can no more catch cancer than you can the shape of someone's nose or the color of his eyes. It is not a blood disease and there is no test of the blood that will reveal the presence of cancer, except in rare types."

The Man of the Week

EDITOR'S NOTE: In every community there are a few men and women who, when asked to do something, can be depended upon doing it, and it is to those who make it possible that we say "Well Done."

Born July 27, 1904, in Wynote, a suburb of Philadelphia, Chester McArthur Destler grew up in Cincinnati, Ohio, where he attended grammar and high schools. He received his A. B. degree from the College of Wooster, Wooster, Ohio, in 1925. In 1928 he received his M. A. and in 1932 his Ph.D. from the University of Chicago.

In 1936 Dr. Destler married Katharine Hardesty, daughter of Dr. Irving Hardesty, of Tulane university Medical school, New Orleans, La.

After he finished College of Wooster in 1925, Dr. Destler taught history and coached athletics for three years at the Presbyterian College of the Ozarks, Clarksville, Arkansas. From 1929-30 he was a Henry Wolf Fellow in American History and in 1930-31 he worked with the Research Association on the History of Chicago, doing research on the period 1800-1847. The years 1931-34 he was Assistant Professor of History and Sociology at Albion College (Methodist) at Albion, Michigan.

In 1934 Dr. Destler came to Statesboro as Professor of History and in 1935 was made Chairman of the Division of Social Sciences, and Director of the Junior Division of the College.

Despite his many duties at the College, Dr. Destler finds time to review to writing. As an author he has written numerous book reviews, articles and edited documents for The American Historical Review, Journal of Political Economy, Georgia Historical Quarterly, Journal of Southern History, Mississippi Valley Historical Review, Social Education and the Georgia Education Journal. He has eight articles in the 1940 Dictionary.

"And unto one he gave five talents, to another two, and to another one; to every man according to his several ability; and straightway took his journey."—St. Matthew 25:16.

Dr. John Mooney, president of the Brotherhood Sunday School Class of the Methodist Church, has streamlined an age-old idea set forth in the Parable of the Talents as related in the Bible.

On April 7 Dr. John gave each member of his class a wrapped one-dollar bill. Unlike the Lord, Dr. John gave each member of his class credit for having equal ability. He (Dr. John) admonished each of his class to go forth and set their talents to work. On Saturday there will be a reckoning—"At a long time the lord of those talents came, and reckoneth each servant simply by the amount of his talent."

CHANGED 50,000 GEORGIA HOUSEWIVES HAVE CHANGED TO ELECTRIC RANGES! ALL OVER AMERICA The Change To The Electric Range is 5 Times Faster Than 6 Short Years Ago! Just six short years ago, one Electric Range was bought to every fifteen of the flame-type stove Grady bragged about. Now, that wide margin has been narrowed down to a thin one to three! This proves which way the wind blows... proves that today—all over America—the trend is to the Electric Range! But that will be only part of the story. For cleanliness is only one of the reasons why women who know ranges and cooking methods are turning to Electric Ranges so rapidly. All-round performance... new speed... greater economy... ease of operation... time-saving features—these, too, are important reasons why more and more women are turning their backs on "non-electric" stoves in favor of modern Electric Ranges. Before you buy any range, be sure to investigate the Electric Range. See why it's clean. See why it's safer. See why it's easy to use—completely automatic. See why it costs no more to run than "non-electric" stoves. Visit our nearby store and see the modern Electric Range. Your better judgment will tell you it's the range to buy! CHANGE TO THIS WESTINGHOUSE ELECTRIC RANGE This beautiful, new 1940 Westinghouse "Commander" Electric Range has all of the features you really need and want! RHETT BUTLER

Clark Gable

Rhett Butler in the filmization of Margaret Mitchell's celebrated novel, "Gone With the Wind," opening this week on the Georgia screen.

BIGGEST SCENE EVER SHOT IN FILM HISTORY! The filming of the biggest scene ever photographed was made possible by construction of the largest motion picture camera crane.

A giant boom with an extension of 85 feet in any direction, was assigned to photograph 1,500 extras on the forty-acre Atlanta, Georgia, set in "Gone With the Wind."

The technical production starring Clark Gable, Leslie Howard and Olivia de Havilland and presenting Vivien Leigh as Scarlett O'Hara. The picture opened yesterday on the Georgia screen.

So enormous was the crane's weight—140 tons—that a concrete runway two hundred feet long and twelve feet wide was built along the track where the crane moved. The largest camera crane previously in existence had a boom reach of only 33 feet, entirely inadequate for the scenes proposed by Director Victor Fleming.

It was desired to shoot a close-up of Miss Leigh as Scarlett O'Hara, and swing from that directly to a long shot of Union and Confederate wounded just brought to the Atlanta "railway" station from the battlefield, in July, 1864.

Giant Camera Boom. The giant camera boom was built with a contractor's "figing" crane, mounted with its caterpillar tractor on two trailers, and supported by forty-six truck-sized pneumatic tired wheels. The crane was designed to handle such heavy loads as structural steel members, tanks and electric signs, so it was rigid enough to support the big technical camera without vibration.

A ten-ton truck supplied the motive power for moving the "figing" runway, and the boom itself was moved by a 150-horsepower motor mounted on the platform of the crane. Because of the noise of these powerful engines, a special arrangement was made for recording sound in the crane spots.

CLITO BAPTIST SUNDAY SCHOOL TO REORGANIZE APR. 21. Paul V. Berry, pastor of the Clito Baptist church, announced this week that a special meeting has been called for Sunday morning, April 21 (third Sunday) at 10:30 for the purpose of reorganizing the Sunday school. He added that the entire church membership is invited to attend this meeting. Regular church services will be held every third Sunday at 11:30 a.m. and 7:30 p.m.

A nominating committee has been named to report on the officers for the Sunday school. Mr. Berry stated that the literature has arrived.

Waters Reunion To Be Held at Upper Black Creek Church June 30. Anybody who is related by blood or marriage is invited and to bring their own dinner and drinking water, also write down any information you have concerning your Waters relatives. You are urged to be there by 10 o'clock on Sunday, June 30, and begin to notify your own kindred residing out of Bulloch county. A program will be arranged and published at a later date.

Portal School News

In the first grade we are making a special study of wild flowers this week. Everyone is going to class as many kinds of wild flowers growing around their homes as they can find.

In the fourth grade we are writing stories and drawing pictures for booklets on China.

In the sixth grade we have been playing baseball. In our game with the eighth grade the score was 10 to 5 in favor of the sixth grade. We also played with the fifth grade and won, the score being 13 to 0.

The baseball team of our school played its first game in the county league Monday afternoon with the Training School. They were defeated, 12 to 4.

Three of the Portal school students won recognition at the Statesboro fair school show held last Thursday. Portal won fifty-six dollars of the two hundred dollars given in prizes.

Garner Hall Fields won first place in the F. F. A. heavy class, and first place in the class of three. He also had the reserve champion animal of the entire show.

Jean Gard won fourth place in the light group of the 4-H club. Katherine Clark won tenth place in the heavy group of the 4-H club.

Britt Aaron and E. L. Womack had entries in the show.

About fifty of the students attended this show.

We are glad that Miss Alice Whit-side has accepted her position as teacher of piano and expression at Portal for another year.

The patrons and pupils have been very much pleased with the year Miss Whiteside has done this year and they are looking forward to having her again next year.

Mrs. Roy Cousins, the home economics teacher, is conducting two adult classes which meet once each week at 3 o'clock in the afternoon. The first class, which meets on Monday afternoon, is taking up a clothing unit. There are about ten in this group. The second group is taking up a cooking unit and studying balanced meals. This group, composed of about thirty members, meets on Wednesday.

SENIOR CLASS PLAY. The Senior class of Portal school will present a farce comedy in three acts, "Aunt Minnie from Minnesota," Friday evening, April 19, in the high school auditorium at 8:30 o'clock. Price 10 and 20 cents. The cast of characters is as follows:

"Aunt" Minnie Miller from Minnesota, Mildred Freeman; Mrs. Emily Evans, her sister, Reba Parrish; Elvira Evans, Mrs. Evans' older daughter, Mattioun Turner; Eva Evans, her younger daughter, Sarah Helen Brack; Emory Eaton, Eva's fiance, Finny Lanier; Guy, Eva's fiance, Troy Reddick; Silas Spencer, the mayor of the town, David Bailey; Patience Perkins, who heads every committee in town, Katie Ellis; Andy Andrews, a former student of Aunt Minnie's, Noyce Womack; Cornelia Curtis, just back from the city, Dorothy Brannen; Nella Nelson, a milliner and modiste, Grace Stewart; Worthington Winter, a promoter, Ralph Finch.

T. C. Lab School

FAT STOCK SHOW BANQUET. Two seniors from the Laboratory school entered steers in the Fat Stock Show and Sale last Thursday. Paul Bunn's steer was a prize winner, having placed a first prize. On Wednesday night before the sale Thursday the Bulloch county boys were honored by the Statesboro organization.

SENIORS PRESENT PLAYS AT MIDDLEGROUND HIGH SCHOOL. Three one-act plays will be presented at Middleground school Tuesday, April 23, by several members of the Senior class. The plays will begin at 8 o'clock. There will be a small admission.

SPORTS. The Laboratory High school's softball team won a game with Pulaski High school Monday afternoon, April 8. The score was 11 to 7. Moore and Brown, Laboratory's pitchers, turned in a very good game. Pulaski used four hurlers. Our team won the game with timely hitting with men on base. Coach Harris Harville will be pleased to schedule games with other high schools.

Sunday at 11:30 a.m. and 7:30 p.m.

A nominating committee has been named to report on the officers for the Sunday school. Mr. Berry stated that the literature has arrived.

CHARLIE JUNG BELIEVES CHINA WILL DEFEAT JAPAN

Stationsboro's only Chinese citizen believes that Japan will never conquer China.

Charlie Jung, known to everyone in Statesboro as "Charlie," believes firmly that China will in some way succeed in defeating the Japanese. He says that all Chinese in America remain loyal to the Chinese cause and send money every month to California that it may be used to send supplies in the form of food and arms to their people back in the "old country."

He added that he contributes his part.

Charlie is an unassuming personality, but none the less an interesting character. Reluctant to talk, it is difficult to know what goes on in his mind. He came to Statesboro more than twenty years ago. When he was only 15 years old Charlie came to the United States, landing in California. From there he drifted across the United States into Savannah.

From there he came to Statesboro and established his laundry here.

As well as he can figure it he is 65 years of age, but he is not quite sure. He has four brothers and four sisters. One brother lives in Miami; the others live in China. They are farmers. Once a month the mail brings him news of them and the old country. Once a month he sets down and writes them news of himself and this country. He almost makes his letter writing a ritual. At the beginning of each year he gets some of his Statesboro friends to address twelve envelopes, together with the return address to his family in China. Then on the first of each month he writes his letter and puts it in the mail.

Charlie is an avowed bachelor. He lives in the building in which he has his laundry, and does his own cooking. He states that he has never married because it cost too much to keep up a wife. He eats rice three times a day, it being his favorite dish; however, he admits that he likes chicken.

He subscribes to the Chinese World, a Chinese daily newspaper, which costs him \$12 a year. He expresses a liking for Statesboro and states that he will never leave here.

Executive committee meetings will be held at 10 a.m. Saturday at the Hotel Dempsey. The business session will be followed by a luncheon at the women's club-house, Baconfield Park, which will close the convention.

Mr. Ward also advised W. H. Smith, president of the UGF, that only land owners could vote in the election and that regular voting places would be used for the voting. The voting places will be open from 9 a.m. to 2 p.m. Voting may be done by mail, with the ballot being mailed to the ordinary on the official form.

S.L.S. SENIOR CLASS TO BE PRESENTED APRIL 30

"Sing a Song of Sixteen," a comedy in three acts, will be presented by the senior class, directed by Mrs. Jesse O. Johnson, April 30.

Bar Association Pays Tribute To R. Lee Moore

Members of the Bar Association of Statesboro and Bulloch county paid tribute to the memory of the late R. Lee Moore in a memorial exercise held Monday afternoon at a recess during the April term of superior court.

Judge William Woodrum presided. Howell Cone read the memorial prepared by Mr. Cone, A. M. Deal and W. G. Neville. Tribute was paid to Mr. Moore in short talks by A. M. Deal, F. T. Lanier, Remer Proctor, Hinton Booth, J. L. Renfro and J. E. McCrown, of Statesboro; Howell Cone, F. M. Oliver and W. A. Fuller, of Savannah; Judge T. J. Evans and Limerick Odum, of Sylvan; Walton Usher, of Guyton; P. W. Martin and Judge Woodrum, of Millen.

Approximately 150 representatives from eleven Georgia cities will gather in Macon on Friday and Saturday of this week for the fifteenth state convention of the American Association of University Women.

A banquet will be held at the Dempsey at 8 o'clock Friday and will be open to members of the A. A. U. W. and their friends. Dr. D. R. Anderson, president of Wesleyan college, will be the speaker, and will use as his subject, "Emphasis on the Arts in the Program of the American Association of University Women."

Mr. Hodges announced that the 147 head of cattle shown in the ring averaged 86 pounds per head and sold for \$9.48 per hundred. These cattle weighed 126,220 pounds and returned \$11,974.20. Mr. Hodges pointed out that the majority of this 147 head did not win a prize of any kind.

The total tonnage for the sale amounted to 211,490 pounds for the 274 head sold. The average for the entire sale was 775 pounds per head and sold for an average of \$8.89 per hundred.

Mr. Hodges also announced that the ten records receiving one of the \$1 prizes offered were submitted by George Thomas Holloway, Garner Hall Fields, Gilbert Woodward, Montrose Graham, Meriam Bowen, Lannie Lee, Harry Davis, Raymond Proctor, Norman Woodward and Debrill Proctor.

Executive committee meetings will be held at 10 a.m. Saturday at the Hotel Dempsey. The business session will be followed by a luncheon at the women's club-house, Baconfield Park, which will close the convention.

Watch For Frivolous Cases Says Judge

"I believe in a government by the law, not by the sword and I believe every man should be subject to the law," Judge William Woodrum told the April Bulloch grand jury Monday morning as the April term of court convened.

In his charge to the grand jury, Judge Woodrum stated that the court is supposed to pass upon the imperfections of others, though imperfect ourselves. He further stated that as long as time lasts we will never have a perfect set of men to run our court. He added that the most difficult commandment to keep was "Love Thy Neighbor as Thyself." If people were able to keep that commandment there would be no need for a sheriff, judge or court. Selfishness was blamed by the judge as the bottom of every case that comes into court.

In speaking of county officers, Judge Woodrum said, "No man should hold office who is afraid of his job."

Judge Woodrum warned the jury to watch carefully for frivolous cases and added that they cost as much as the others.

J. W. Robertson, of Brooklet, was named foreman of the grand jury.

Work began this week on the enlarging of the McLeellan's store on North Main street to include the building formerly occupied by Rob Griffin.

According to Joe Williamson, manager of the store here, the completed store will front on North Main street about forty feet. The new front will have two entrances with three display windows. The counters will be set in the store. Two aisles will run the length of the store. An air-cooling system will be installed, together with a new lighting system.

New features will include two electric water fountains, a public rest room and a lounge. Garrick Construction company, of Chicago, is doing the work, using local labor and materials.

The work is expected to be completed by June 1.

Here For Baptist Sunday School Convention

Col. E. S. Fuller, independent candidate for governor of Georgia, spoke here during the noon hour recess of the April term of superior court Monday.

His speech consisted of an attack on graft and wasteful spending in the state and national administrations. He said the state could do with at least one-half of its employees and could reduce taxes by half. He lambasted those who waste the people's money, using quotations from the last state auditor's report as his text.

Slater Brewton, of Statesboro, has been initiated into Alpha Lambda Tau, social fraternity at the University of Georgia.

LIVE STOCK MARKET IS UP THIS WEEK

According to O. L. McLemore, of the Bulloch stock yard, they had a good sale of both cattle and hogs at the weekly sale Tuesday. The hog market was the highest since November, 1939.
