CATCHING CRAW-DADS BOYS? I CAN REMEMBER WAY BACK WHEN I WAS A YOUNGSTER, THIS CREEK WAS OVER TEN FEET DEEP AND MORE THAN A MILE WIDE IN SOME PLACES. IT WAS ALIVE WITH GAME FISH IN THOSE DAYS. FATHER AND I WOULD CATCH ALL THE BASS AND TROUT WE COULD CARRY IN HALF AN HOUR.

The Editor's Uneasy Chair

THE ALMANAC SAYS THE WEATHER THIS WEEK ON: THURSDAY (TODAY), JULY 18, WILL BE CLEAR, HOT AND LOCAL THUNDERSHOWERS.

FRIDAY, JULY 19, WILL BE CLEAR, HOT AND LOCAL THUNDERSHOWERS. (FULL MOON).

SATURDAY, JULY 20, WILL BE THUNDERSTORMS. SUNDAY, JULY 21, WILL BE THUNDERSTORMS.

MONDAY, JULY 22, WILL BE THUNDERSTORMS. TUESDAY, JULY 23, WILL BE THUNDERSTORMS.

WEDNESDAY, JULY 24, WILL BE CLEAR AND PLEASANT. BUT DON'T BLAME US IF THE ALMANAC IS WRONG.

Today we begin GETTING OUT OUR PAPER. This getting out a paper is a joke.

If we print jokes, folks say we are silly. If we don't they say we are too serious.

If we publish original matter they say we lack variety. If we publish things from other papers we are too lazy to write.

If we stay on the job, we ought to be out rustling up news. If we are out rustling up news, then we are not attending to our business in our own department.

If we don't print contributions, we do not show proper appreciation. If we do print them, the paper is full of junk.

Like as not some fellow will say we stopped this from an exchange. That's just what we did.

DEFINITION OF SUCCESS: That which doesn't depend so much on sitting up late at night as it does on being awake in the day-time.

It rained Saturday night! Talked to Mr. W. E. Cobb, of Cobb & Foshall, warehouse Sunday morning for just a moment.

He says that the tobacco in Bulloch county as of Thursday and Friday of last week was good.

Bulloch tobacco growers will vote Saturday, July 20, on whether they will budget three-year average control program for 1941-1942.

Two-thirds vote of the growers will be required to adopt the plan. Commissioner of Agriculture Roberts pointed out that the farmers of the state received \$18,000,000 for their 1938 crop under the control plan, whereas they received \$12,000,000 for a larger crop in 1939 after they had voted against control.

Barbs of the Brier Patch Philosopher

Dear Editor: I was setting in a crowd here Sunday and they all got around to talking about hard times. It's a funny thing but that is a subject that is talked about almost as much as the weather.

After all the crowd had talked about I read to them from a man in Anderson, S. C. George McKee was his name and he was writing to a newspaper in Columbia, S. C. It was like this:

"Don't talk to me about hard times. I read them eight miles from a railroad, nine miles from a school house, nine miles from a church, 885 miles from New York, 230 yards from a hole in the fence, 100 feet from a corn field, and 8,767 miles from Hongkong."

"Our nearest neighbor lived two miles away and they couldn't read nor write. I never saw a suit of underwear until I was 17 years old, and that revolution didn't belong to anybody in our family."

"Some of us wore brogan shoes occasionally in the winter time. We went to school in the summer. We slept on straw ticks, and pillows were not thought of or required. I didn't know that money could rattle until I was nearly grown. Father got hold of two half-dollars at the same time once, and let us hear them rattle. Taxes were no higher, but harder to pay than now."

"We owned two kerosene lamps, neither of which had a chimney. Our house wasn't cooled, but in our rooms had lofts in them. We had a glass window in our company room. Our nicest piece of furniture was a home-made rocking chair. Our beds were of the slab and light rope variety."

"I owned a horse named 'Trundle' that took care of all the youngsters under 5 years of age, and it stayed full all the time."

"We went to school two or three months in a year, but not on a bus. We attended church once a year, but not in a car, we used a two-mile team. We made our own lye hominy, distilled our own from our own ash hoppers. We drank sassafras tea and never had yeast."

"We sopped our own molasses; we ate our meat; we considered rice a delicacy for only the preachers; we ate our bread; we never bought clothes but never went to wear any; we got a stick of candy and three raisins for Christmas and were never hungry, enjoyed getting naked, didn't wash, expected nothing. And that's why our so-called hard times ain't hard on me."

"Come, Preella Cromartie and Mary Martin and Inez Stephens directed the games."

Invited guests were Fanny Jo Smith, Mary Jo Johnston, Sue Hagan, Barbara Ann Brannen, Sue Brannen, Ruth Swinson, Shirley Lanier, Sarah Howell, Anne Remington, Joan Groover, Gloria Mikell, Ruth Fordham, Joan Byrd, of Statesboro; Nancy Harvey, Betty Smith and Joan Allen.

Allen, and her brother, Zack Allen, both of whom had birthdays this week, were complimented by their brothers and sisters at a surprise birthday supper in the back yard of the home on North Main street. A large birthday cake formed the centerpiece for the table which held a bountiful supper.

URGENT MODERN CONCRETE ROADS AS A VITAL SAFETY MEASURE

SAFER ROADS will decrease accidents!

Modern concrete roads save lives, time, and money. Pay for themselves!

Needed: More roads with built-in safety—make it hard for accidents to happen!

Three Essentials of a Safe Road

MODERN ROADWAY DESIGN
Highway engineers know how to make roads safe by easing sharp turns, eliminating dangerous grade crossings, by providing ample widths, long "sight distance," and a safe pavement surface.

SURE NON-SLID SURFACE
This safety answer is concrete—skid-resistant, wet or dry, durable, free from bumps, ruts, waves and other accident-breeding defects.

UTMOST VISIBILITY
Concrete's light-colored surface reflects light without glare; makes headlights more efficient. Helps the driver see better.

CONCRETE SAVES—not only lives, but money. Concrete costs less than other pavements of equal load-carrying capacity. And far less to maintain than less enduring surfaces.
