PAULETTE GODDARD and BO

THE BULLOCH HERALD

Dedicated to the Progress of Statesboro and Bulloch County. Published Every Thursday. Statesboro, Bulloch County, Ga.

LEODEL COLEMAN Editor. G. C. COLEMAN, JR. Asso. Editor. JIM COLEMAN Advertising Director.

RATES OF SUBSCRIPTION: \$1.50 Per Year, \$0.75 Six Months, 27 WEST MAIN STREET, Entered as second-class matter, July 16, 1937, at post office at Statesboro, Georgia, under the Act of March 3, 1879.

EVERYTHINGS GOING TO BE O K

In this fast moving world when one is more concerned with what the Axis is doing today than the more important things closer to home such as the development of a sense of humor we were mentally refreshed when we read the account of wedding which occurred in Augusta, Iowa. The editor of the Augusta Union up and got married and in the society columns of his paper the following week appeared this write-up:

"Clarence (Toby) Rogers, son of Mr. and Mrs. George Rogers, of Osage, became the husband of Miss Margaret Gilbertson, daughter of Mr. and Mrs. Martin Gilbertson, Augusta, in a beautiful ring ceremony Saturday noon before a justice of the Peace at Waukon, Iowa.

"Blushing prettily, he replied to the questions of the Justice in low but firm tones, never indicating that he noted the omission of the 'obey' in the bride's answers.

"He was attractively attired in a three piece suit of black pin-stripe wool material, consisting of coat, vest and pants. The coat was charmingly festooned, with a white flower in the left button-hole.

"The vest was sleeveless, closed in the front and gracefully fashioned with pockets. It was held together at the back with a strap and buckle.

"His pants were neatly pressed for the occasion and he wore them with an air as if he little suspected it would be the last time he 'wore the pants' in that family, as the familiar expression goes.

"Hose and necktie added just the right dash of color to complement the effect. Shoes were of genuine leather, laced with strings of the same color, giving a chic effect."

AWAITING THE CALL

This week the order numbers of the 2913 men between the ages of 21 and 35, inclusive who registered October 16 will be assigned.

The good humor with which the young men, both white and colored, had accepted the Selective Training and Service Act is a manifestation of the workings of this great Democracy in which we live.

And now these young men are standing by awaiting the assignment of their order number and their classification and call to military service for a period of one year.

According to the National Selective Service Headquarters in Washington, Georgia will be expected to furnish an estimated 13,792 men for a year of military service by next June 15. The state is being given credit for the 5,320 National Guardsmen which cuts the quota to nearly half.

The quota for Bulloch county has not yet been assigned, but we feel sure that when it is and the men are called they will accept the call into service with the feeling of service to their country which has served them so well.

TOWN HALL MEETING

Tonight will mark the beginning of a series of meetings sponsored by a group of Bulloch countians which will mean much to the people in this section. The first of monthly forums is scheduled tonight at 8 o'clock when Dr. John Morgan of GSCW will lead a forum meeting at the Statesboro High School. His subject is one of local and national importance and should be heard by everyone interested in the welfare of this country.

Words Of Wisdom . . .

To look up, learn more, strive to rise always.—Paster.

From the lowest depths there is a path to the loties height.—Carlyle.

God has never ceased to be the one true aim of every human aspiration.—Vinet.

Every inmost aspiration is God's angel undefiled. And in every "O my Father!" slumbers deep a "Here my Child!" —James Freeman Clarke.

What we truly and earnestly aspire to be, that in some sense we are. The mere aspiration, by changing the frame of the mind, for the moment realizes itself.—Anne Jameson.

Fisherman should be numbered among the foremost of the world's optimists. They go forth regardless of present weather and past experience. They continue to hope even when the wind, the moon, the water and even the fish are against them.

In 1887 she married J. A. Bunce, a native Bulloch countian. There are four children, Dan Bunce, of Savannah, Dr. Allen H. Dunce, of Atlanta, James Arthur Bunce of

BULLOCH COUNTY NEED NOT WORRY

There are a large number of Bulloch county's youth who find their recreation in the soil of this great county. 4-H Club boys and girls, Future Farmers of America, there are a number who lift themselves above the others and achieve local and state recognition for their accomplishments.

Last month two young men have been recognized for outstanding accomplishments. Montrose Graham, 15 year old clubster of Stilton and Walter Mallard of near Statesboro.

Young Graham was awarded a \$50 watch by a Chicago packing company for his work in livestock. His profits from his livestock projects have amounted to \$860. It is remembered that this year, he exhibited two champion steers and is the first feeder to finish out a U. S. Prime steer in the county. He now has 12 steers on feed for next spring shows and sales. He is a senior at Stilton High School and plans to use the money he has earned from his projects to pay his way through college.

Walter Mallard, 18 years of age, a 4-H Club member is recognized for producing 236 bushels of corn on 1.4 acres of land, an average of 173 bushels per acre. That's a lot of corn when the average state yield is only 8.5 bushels. Young Mallard, in producing his corn, had a bit of trouble with cut worms last year so this year, working on the theory, "if you can't beat 'em, join 'em," planted the worms a special row of corn, thick in the drill, in the middle of each row. When the worms's row grew to about two feet, Mallard plowed it under. Young Mallard not only grows corn but has developed a means of disposing of it at a profit. He has three Hereford steers that weigh 675 pounds each and is grooming them for the spring shows and sales.

Our hats off to these young men and all others like them in the county. As long as we have boys out of their mold, Bulloch county need never worry about its future.

Congratulations to Ronald Neil for his Music Appreciation Hour, Monday evening of this week the people of Statesboro were given the opportunity of hearing two of the state's outstanding artists, Minna Hecker and Hugh Hodgson.

Statesboro and Bulloch county are among the more fortunate counties in having a unit of the University System which affords opportunities of cultural advancement such as are offered by the Music Appreciation Hour.

Reports from all over the county indicates that the Halloween carnivals at all the schools were huge successes, both from a financial standpoint and an entertainment.

With Other Editors . . . There was never a time when there was greater need of able men as chief executives of the United States and of the State of Georgia. Aside from the uncertainties of the future and the manifold problems of the present, there is the certainty of the past with its accumulated indebtedness on the part of both nation and state. A logical view of the situation should arouse our sympathy rather than our envy in connection with those who are to handle the reins of government and this sympathy should endure in our relation to the future and be backed up by the hearty cooperation in all efforts toward a solution of the problems which have to do with the happiness and welfare of all the people.—Monroe Advertiser.

Armistice Day

(WNU Service)

Editor's Uneasy Chair

THE ALMANAC SAYS THE WEATHER THIS WEEK ON: TODAY, THURSDAY, NOVEMBER 7, WILL BE RAINY. FRIDAY, NOVEMBER 8, STILL RAINY. SATURDAY, NOVEMBER 9, COLD WAVE IS APPROACHING. SUNDAY, NOVEMBER 10, CLEAR AND COLD. MONDAY, NOVEMBER 11, CLEAR & COLD. ARMISTICE DAY. TUESDAY, NOVEMBER 12, CLEAR AND PLEASANT. WEDNESDAY, NOVEMBER 13, CLEAR AND PLEASANT. BUT DON'T BLAME US IF THE ALMANAC IS WRONG. COME FIRST SUNDAY in each month and meeting time at Mid-ground Church out in our community, we generally have company at our house. Last First Sunday was no exception. We were all seated around the table and were just before tearing into a well formed drum-beater when an orchestra on the radio began playing "The Star Spangled Banner". It stood up in the middle of a fix. To stand or not to stand—that was the question. (We couldn't sing-not with that chicken in our teeth) Instinctive patriotism vs. keeping body and soul together. What all I could think of was that you find our Boy Scout Hand Book to see what the right thing to do is. We know that before we could do something else and by that time our chicken would be cold. So if there were, torn between love of our country and that piece of chicken. We finally saved our conscience by remembering that the etiquette book says that the right thing is always that which comes the most natural and easiest, and there can be no doubt which was the most natural and easiest for us. So we just sat there and finished that piece of chicken. We hope we didn't do anything wrong.

IF YOU OF ANY INTEREST in anybody-or Selective Service Serial number is 841. THEY TALK US that sleeping in an army tent in the winter will eat my rattons will put meat on my bones—sounds just like propaganda to us. MRS. MAUD EDGE is still doing a great work in this county. It was through her efforts that the Atlanta managers of the Atlanta Woman's Exchange where they page before harvest time set in, can realize cash for their home. We hope to hear from him soon.

LETTER TO THE BRIAR PATCH PHILOSOPHER: Dear Philosopher: I've been making excuses for you long enough. A great number of our readers have been asking us what has become of you and I could think of nothing but that you were getting in your corn and hay etc. and that you just didn't have time to send in your letter. Now that most of the corn and hay is in we would appreciate it if you would begin writing to us again. We always enjoyed your letters and you seemed to have won a large number of readers who enjoyed your Briar Patch philosophy. Dan Bland saw us at Middleground Church Sunday and wanted to know whatever became of you. He suggested that we write you a hint or something, but I expect that you have plenty of hands so we'll send you a sack of sugar if you will write us soon. We are getting along alright here at the Bulloch Herald. We have plenty of everything except money. But they tell us that money is not everything. So enough make us hear from you soon. Sincerely Yours, Leodel Coleman Editor.

LETTER TO THE BRIAR PATCH PHILOSOPHER: (Editor's Note): Since publishing the Herald last week in which we published the Selective Service registration list of 2,858 names were published the local Selective Service Board has received 54 additional cards from other sections of the state. We add these names to the list below.

Woman Of The Week

Though seventy years of age, and rapidly approaching seventy-one the lady recognized this week as our Woman of the Week is still one of the county's most active women with only one aim in life and that is to do some good to every man, woman and child in the county in need.

"Miss Georgia Bunce" as she is known to all who love and revere her lives in the service of her church and all for which it stands. Active and strong, she drives her own car to the far corners of the county and surrounding counties carrying good cheer and comfort to those whom she knows to be in need.

Mrs. J. A. Bunce, daughter of William E. McElveen and America Come McElveen was born on February 7, 1870. With only the minimum education offered by a tiny school known then as the Lee School House and a small school in 1887 she married J. A. Bunce, a native Bulloch countian. There are four children, Dan Bunce, of Savannah, Dr. Allen H. Dunce, of Atlanta, James Arthur Bunce of

Quitman Shows The Way

The following story was taken from the Quitman Free Press and was written by Edna Cain Daniel. We are quoting it in full because it offers an example of what a city can do when determined to do so.

"Quitman is not a very big part of the State of Georgia, but its government points an example the State might well profit by. There is very probably not a city or town in the State which is governed in a more business-like way or where taxpayers get more service for the tax dollar.

"Quitman lives within its income which is what the State seems unable to do. And that income has been materially reduced in recent years. In 1930 the city collected in taxes for all purposes \$58,210.72. By 1940 the city income had shrunk to \$37,875.25—a loss of \$20,335.45.

"It is easy to get along on a diminished income if one makes up one's mind to do without a new fur coat or some other luxury. But Quitman not only had to pay current expenses out of the smaller income, but also to pay off a huge debt inherited from other years. In Quitman we used never to build a school house or pave a street without voting a bond issue and as years pass we have to pay off.

On January 1, 1938 we had a bonded indebtedness of \$114,295.08. Today is \$80,160. In other words since January 1, 1938 we have saved up out of current income and paid off \$34,135.08 of our bonded debt.

"Since we abandoned the habit of voting bond issues, due to good management on the part of our commission-manager form of government, we have not only been paying off these old debts regularly but have been able to pay for a great many permanent improvements out of current income. We have built a new well and electric pump; we built a library; we built a new Negro school; with insurance we built a new white grammar school; we put in a whitewash; we remodeled the city building; we widened various streets; we extended water mains at a cost of 20,000; we installed a health program which involves expense for ditch lining and other items. These things we are keeping up with the demands which any reasonable progress make on a city.

"We paid our share of the building of the hospital. Monthly we pay for the care of charity patients. We pay \$75 a month for the upkeep of the library. We are now remodeling the high school building at a cost of \$30,000. We bought a new fire truck. We opened a new city park.

"Quitman was smart enough not to part with its electric franchises. It buys power directly from the power company at a low wholesale rate. Despite the reduced income from taxable property, the city has been able to reduce electric rates to customers. In 1939 the domestic consumer paid \$5.65 for 50 KWH. In 1940 the consumer paid \$2.57 for 50 KWH. The water rate has been reduced from 25 to 50 per cent. Both water and power rates are fixed so as to favor industries. Women who have gardens which require watering are favored by a new water rate.

"While Quitman has a water rate and a light rate which compare favorably with those in other cities, the city makes enough profit on light and water service to pay all of the operating expenses of the city, the city administration, the police department, the fire department and other services.

"In addition there is street lighting, water pumping, water for the city parks, electric service for the schools, the library, the city hall, fire department and health department and water service for these. If we did not have our own power and water franchises we would have to pay for all these services.

"The city's tax rate is now 17 mills and 1-2 mills. This is the lowest rate in the State. The other 8 mills go for interest and retirement of the bonded debt. The city does not pay a tax for city administration and city affairs and operation.

"It is not likely that Quitman will ever pass another bond issue. The better way is to raise the tax rate a few mills for permanent improvements out of current funds. Quitman has three city commissioners and a city manager. We take a pride in our city government and in its many successes."

There are beauties of character which, like the night-blooming cereus, are closed against the glare and turbulence of every-day life, and only in shade and solitude, and in the quiet stars.—Tuckerman.
