THE SHOW IS COMING.

Sun Brothers' World's Progressive Railroad Show will soon be here in all their own grandeur and splendor, showing on Saturday April 29.

Among the array of talent with this excellent amusement establishment, we note the great Equilibrista Vonders, the two Sun Brothers, known all over creation as originators and exemplifiers of the most intricate and dexterous acts of acrobatic sports, creme de la creme of Juggling, Balancing, Wonder-workers; in addition to this famous duo we also find Miss Ella Alfondra, the interdict equestrienne; Mr. Walter Ashburn, the principal somersault rider; Master George Sun, the young jockey pony rider; Prof. Ed. Kraut, trick ponies, six in number; Mlle. Fernandez and her school of educated dogs, cockatoos and carrier pigeons, the great leaping dogs, Rox and Betta; Mlle. Le Grande on the spinning and revolving globe, up spirals and inclines; Lamberto on the high wire; Mlle. Sebastine on the flying cloud rings; Les Freres Obiesu, the three musical comedies; the Brothers Marion in puzzling acts of contortion; Billy Reed, the clown, and many other great and distinguished novelties and features of which space forbids mentioning. This is surely one of the biggest shows on the road and one that everybody can attend. The parade takes place at 12 o'clock noon. Doors open at 12 and 7 p. m. Performances commence one hour later.

Orders solicited and promptly attended to. 500 \$1, 1000 \$1.50 a thousand, 5000 \$1.25 a thousand, 10,000 \$1 per thousand. Money must accompany order of plants will be shipped C.O.D. When ordering give express and post office addresses.

Rails of the Mexican Gulf railroad are laid on mahogany ties, and the bridges are built of white marble. In west Mexico is a line with ebony sleepers and ballast of silver ore drawn from the mines besides the track, as engineers constructing these railways had no other material on hand and deemed it cheaper to use these seeming extravaganzas than to import ordinary material.

Chamberlain's Cough Remedy

The Best and Most Popular

"Mothers buy it for their children, railroad men buy it for their engines, and elderly people buy it for their lungs," says Moore, of Elm, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but that this medicine is the best that can be produced for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

Fear of poverty and hardship never stands in the way of an engaged couple who are honestly satisfied with each other. The passion for each other's society strengthens mind and will, and such obstacles as lack of means and misty prospects instantly vanish.

There are many ways to make money and to make it honestly, but there is but one way to save it, and that is to spend less than you make.

Forget About Your Stomach.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion, and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets a rest—recuperates and gradually grows so strong and healthy that it troubles you no more. E. L. RAISED A RIOT AT CHURCH

Now Marshall Copeland And His Boy Are In Lots of Trouble.

COLEMAN PRESIDENT; GROOVER CASHIER.

On Sunday things were pretty lively over at Thomas Grove church, one of the colored churches in the suburbs of Statesboro. It seems that a twenty year old boy of Marshall Copeland, who lives near the city, had come into town heeled with a pistol in his back pocket, and was bent on making an impression among the other "niggers" in the community. Soon the row was picked up with one of Sam Robinson's boys, and no sooner had an opportunity presented itself than the handy gun was flourished; but it seems that young Copeland was not an expert with the use of his weapon, and soon it was in the hands of Deacons Joe Little and Lewis Thomas who refused to give it up for further use and disturbance on the church grounds.

Went of his weapon of offense and defense, young Copeland made a bee line for home to tell his daddy how he had been imposed upon by the "biggy niggers in town." Enraged at the disarmament of his eldest son, whom he looked upon with much joy and pride in his rising young manhood, so the fact that "Young America" had been defeated in his poor efforts with gun and razor, the elder Copeland loaded himself to the breach with a Winchester and got in the middle of the road. He paraded all that section north of the city, better known among the colored population as Whitesville. He foamed and cursed to his heart's content; flourishing his Winchester in the faces of frightened negroes in that neighborhood until getting frightened became a common thing with them. He paraded the road in front of the house of Rev. Wm. Glendon, where the Robinson boy was said to be hiding, calling for him to come out and receive his dose of Winchester ball; until he actually tried the sport. All the negroes both male and female were terrified and abused by the irate father of the son, who had been disarmed of his gun on the church grounds that day.

But there is always a reckoning for this kind of sport; its fun while it lasts, but the trouble is, it don't last always. The son is now languishing behind the bars of the county jail, and the grand jury is liable to take the fathers troubles into consideration early next week.

The Lion Comes Back.

The famous Lotte Creek lion has arrived in Statesboro after a sojourn in Savannah for a few weeks where a taxidermist has put it in good shape. It has been stuffed to look as natural as he did when it faced Mr. Dave Beasley down on Lotte Creek that afternoon. It will be on exhibition in the show windows of The Simmons Company during the next week.

Business Firms Consolidate.

The firms of J. W. Holland & Co. and the Register Trading Co. at Register have consolidated. Messrs. Holland & Co. are moving their stock into the building with the Register Trading Co., who will absorb the same. Mr. Holland becomes a member of the Register Trading Co. and will be with that firm hereafter.

THE COTTON MARKET.

Statesboro continues to be the biggest cotton market in the sea island belt. During the present week lots of cotton have been marketed in Statesboro. Anywhere from twenty-five to fifty bales a day has been the record for the week, in the middle of April. Prices have ranged about as follows: Short cotton 6 to 7 cts; long cotton from 10 to 17 cts. Some of the best cotton that has been placed on the market this season has been marketed here during the present week.

New Brick Store at Register.

The dirt has been broken for the first brick building at Register this week. The building is being erected for Mr. C. C. Daughtry who will occupy it as soon as completed. Contractor S. A. Rogers of this place is putting it up.

A SURPRISE MARRIAGE.

One of the latest surprises that has overtaken Statesboro society, was the marriage of Mr. Cecil Brannen, and Miss Allie Olliff, on Tuesday evening. While it was known that the young couple were sweethearts, yet no one, even the nearest friends, expected a marriage so soon.

The marriage ceremony was performed by Rev. Geo. G. N. Macdonell at the Methodist parsonage. Mr. Brannen is one of Statesboro's most popular young men and has lots of friends both here and through the county. He is a son of Col. J. A. Brannen, and holds a responsible position with the Savannah & Statesboro railway. The bride is one of Statesboro's pretty young women, and a favorite in Statesboro society. She is very popular here and elsewhere where she is known. She is a daughter of the late W. W. Olliff.

WILLIAMS-WALLACE.

One of the important events in local society is the approaching marriage of Mr. W. B. Wallace of Hagan, and Miss Maggie Williams of Adabelle. The wedding will take place next Tuesday afternoon at six o'clock at the home of the bride's father, Mr. J. W. Williams of Adabelle. Rev. T. J. Cobb will officiate.

Immediately after the marriage the young couple will leave for Savannah, and will take a bridal tour to New York and other northern points. They will be away about ten days or two weeks.

SASSER BOUND OVER.

Hold For The Murder of Parker in Screven County.

Sylvania, Ga., April 18.—Sylvester Sasser, who is charged with the murder of M. L. Parker, near Woodliff, in this county, on the night of April 8, was given a preliminary hearing before Justice A. L. Potter here to-day. A large number of witnesses were summoned on both sides, and the court house was crowded when the case was called. Boykin & Evans represented the prosecution and E. K. Overstreet appeared for the defense.

The prosecution put up a number of witnesses to prove the bad feeling existing between the murdered man and the accused, and also other testimony with reference to the tracks leading to and from the house. The defense introduced no testimony, the defendant only making a statement.

Justice Potter thought the evidence was sufficient to bind the prisoner over and he was committed for trial.

An Explanation

To my friends of Metter and Excelsior community: I wish to correct a few errors in regard to the recent debate at Metter.

It was my pleasure or displeasure to be one of the judges, and as so much public sentiment is abroad both in Metter and elsewhere regarding the decision, I wish to state that it was only a matter of choice and personal prejudice with two of the judges, and not rendered according to points made.

After the judges had taken seats, two of the gentlemen asked me: "who are you going to give to it?" This was before the speeches were even made. Also the chairman of the committee intimated afterwards that Excelsior really won, but he hated to go against Metter.

I trust that my friends at both places will understand the case, inasmuch as one was a drummer who wished to sell goods in Metter and the other a newspaperman who did not object to getting more subscribers.

With harshness to none and good will to all. Respectfully, WILLIAM WALLACE.

Frugal Suffering Relieved.

Suffering frightfully from the virtual poisons of undigested food, C. G. Grayson, of Lulu, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties.

Canning Factory for Metter.

One of the new enterprises that will soon be started in Metter, we understand, is an up-to-date canning factory. The citizens have been discussing the advantages of such an enterprise, and have decided to put one up.

A gentleman largely interested in canning factories at other points is expected within the next few days, and then it is expected that the matter will take definite shape. There is no doubt but what an enterprise of this kind could be made to pay, as well as furnish the farmers and truckers with a home market for their truck and fruit.

Will Dedicate Church.

On the fifth Sunday in this month, the Baptist church at Metter will be dedicated. Rev. J. B. J. Graham will be on hand and will preach the dedication sermon.

This will also be the occasion of the Union Meeting of the Bulloch County Baptist Association which will convene with the church at Metter on Sunday the 30th and Friday and Saturday before.

A Tried and True Friend.

One Minute Cough Cure contains not a atom of any harmful drug, and it has been curing coughs, colds, croup and whooping cough so long that it has proven itself to be a tried and true friend to the many who use it. Mrs. Gertrude E. Fenner, Marion, Ind., says: "Coughing and straining so I was unable to get on my feet. I was weighed from 140 to 150 pounds. After trying a number of remedies to no avail, One Minute Cough Cure entirely cured me." Sold by W. H. Ellis.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cures, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. E. K. Zickfoose, Adolph, W. Va., says: "My little daughter had white swelling so bad that piece after piece of her leg was cut off. I run down in weight from 140 to 120 pounds. After trying a number of remedies to no avail, One Minute Cough Cure entirely cured me." Sold by W. H. Ellis.

THE NEWS.

Published at Statesboro, Ga.
TUESDAYS AND FRIDAYS.

By The Statesboro News Publishing Co.

There are liars, worse liars, still-
ticians, circulation managers and the
Weather Bureau experts. The last
named seem to be an unapproachable
class, above the Boston Transcript.

New York City now runs thirty bee-
hives in its public parks, and people
who are always looking for municipal
corruption are asking, "Who gets the
honey?"

A scientist declares that the man
who uses his brain the most will live
the longest. Don't believe it, avows
the Louisville Courier-Journal. It is
the man who uses the other fellow's
brain the most that lives the longest.

On farms where only a few maple
trees are to be found, the home supply
is worth harvesting for the solid satis-
faction that lies in a plate of buck-
wheat flavored by a dish of pure syr-
up boiled down just enough to suit.
No product of melted sugar bought at
the grocery can begin to equal it.

According to the latest report of the
International Apple Shippers' Association,
issued February 1, states the Na-
tional Fruit Grower, there were 2,939,
008 barrels of apples in cold and com-
mon storage in the United States. In
Canada there were 129,000 barrels,
and Nova Scotia had 85,000 barrels.

The decrease of \$19,000,000 in exports
of farm products the past year seems
to have been mostly owing to less
wheat to sell, without a corresponding
rise in price. From the farmer's point
of view it is, no doubt, to his advan-
tage that the increasing population
provides a home market for more and
more of his produce, says the American
Cultivator, yet it is not wholly pleasant
to witness our exporters shipping the
precious metal instead of the golden
grain to make even the balance of
trade.

The Japanese Government has been
greatly exercised in its mind over the
low stature of the soldiers, and it ap-
pointed a commission to study the
causes of this lack of height, and to
suggest a remedy. The commission has
published its report, and it ascribes
the shortness of the Japanese to the
habit of sitting on the heels instead of
on a chair. This attitude, it holds, has
prevented the legs of the Japanese
from growing, and it suggests that the
children should for the future be made
to sit in the European fashion.

No matter how restless a person is
before he goes to sleep, if in the end he
gets into a sound slumber there is no
physiological reason why his sleep
should be unsatisfactory. That is to
say, if he is restless before going to
sleep and then gets into a good position
and maintains it for the usual number
of hours he is apt to be quite rested
and refreshed upon waking, says the
New York Globe. Sir Benjamin Rich-
ardson maintained that a good sleeper
was always the most curable of pa-
tients, and Menander went so far as
to say that all diseases were curable
by sleep.

In no other country has life insurance
in its universality or in the sums in-
volved reached even a small per cent
of the importance it has in the United
States. A half century practically cer-
ifies the existence of three companies,
established in this city, the assets of
which aggregate a billion and a quar-
ter of dollars and represent a financial
power not equaled by the Government
banks or Treasury resources of all the
great nations of Europe combined. The
resources of the Rothschild family,
which have so effectively influenced
war and peace in Europe, do not reach
half of the cash assets of these three
institutions, states Town Topics. The
billion and a quarter of dollars, vast as
it is in amount, by no means measures
the power of these life insurance asso-
ciations. The total capital of the
banks, trust companies and other finan-
cial institutions in which the funds of
the associations are employed, and
which are practically controlled by the
insurance officials, exceeds the direct
assets of the three companies. These
figures are so huge that the mind is
almost stunned in contemplation of
what they mean or might effect should
the power of the money represented be
misdirected. Any one of these cor-
porations could precipitate a panic that
might result in national disaster. Com-
bined, the three corporations might
produce a world-wide financial convul-
sion.

New Colony Is Booming.
A. N. Lund, a member of the St.

praise of the growth of the colony.
He states that three brick

The Southern Bell Telephone and

that the people here have good reason

The plaintiff in this case asked for
\$15,000 damages for injuries alleged

tween Atlanta and Marietta. The
case occurred several years ago, while
Mr. Crenshaw was a member of the
railroad commission.

Complain Over Escaped Convicts.
Complaint has been made by the
commission from Savannah and Chatham
county to the effect that a large
number of convicts sent from Chatham
superior court to the state peni-
tentiary have been allowed to
escape, some of them being life
convicts, and the officials there ap-
pear to be very much stirred up over
the matter.
According to the records at the
office of the prison commission, twelve
Chatham county convicts have escaped
from the penitentiary since January
1, 1904. Secretary Goodwin Yancy
prepares to be silent on the subject of
the escape of the convicts, but he
said in recapturing any that may
have returned to the city.

Negroes Stay White Man.
A horrible tragedy was committed
near Broughton, a station on the
Central railroad, 15 miles east of Cov-
ington, at a late hour Saturday night.
A white man, who was about 25
years old, accompanied by his young-
er brother, Walter Cranford, while
walking along the public road, was
driven upon by four unknown negroes.
The elder Cranford was killed on the
spot, while his younger brother re-
ceived the contents of one load of
buckshot in his left arm. He outran
the assassins and gave the alarm.
Young Cranford was not able to
identify the murderers. Much excite-
ment prevails in the community.

No Locusts Coming This Year.
There will be no locusts in Georgia
and Alabama this year, as was
stated in a story sent out from Louis-
ville, Ky., purporting to have come
from Professor H. Garman, the ento-
mologist of that state. Professor Gar-
man has written a letter to State En-
tomologist R. I. Smith of Georgia, in
which he says the report is wholly
untrue, and that he gave out no such
information.

There will be a brood of 17-year
locusts this year Professor Smith
says, in Wisconsin, northern Illinois,
northern Indiana and possibly in
southern Michigan, but it will be
confined to those states.

Profits of Rome's Liqueur Joint.
The annual report of the Rome dis-
tillery, which has been published, shows
that concern to be the biggest
kind of a money maker.
The total sales for the year amount
to \$170,502.66. Amount of profits to
the city and county for the year is
given as \$39,618.04. That amount is
the net profit after all salaries and
operating expenses have been deduct-
ed. The present stock, which is an
average, is given as \$1,355.00. Of
the profits shown \$12,924.45 comes from
the sale of empty bottles and bar-
rels.

Since its establishment the dispensary
has paid the city and county
\$75,519.04.

Price Won by Newton County.
In the Arber day contest Newton
county made the best report and there-

fore gets the first prize, a library of
sixty well bound volumes valued at
\$40. These, together with the sixty
volumes, donated by Hon. Hoke Smith
for excellence in library work, will
be added to the county's already ex-
tensive circulating school library.
In the Arber day contest Newton
county won second prize, while the
third prize was won by Fulton. Bal-
win county came fourth in the list.
The total number of trees, vines,
etc., planted by the school children of
Newton county was 30,611.
The number of peach trees planted
was 5,859; apple, 1,877; grape, 1,397;
strawberry, 3,333; raspberry, 1,138;
pear, 354; plum, 374; fig, 217; pecan,
316. The list contains thirty-nine dif-
ferent varieties of trees, vines and
plants.

SENATOR BURTON REINDICTED.
Federal Grand Jury Brings New
Charges Against Accepting Fees.
United States Senator Burton of
Kentucky was reindicted by the fed-
eral grand jury at St. Louis Friday
on the charge of accepting fees to the
amount of \$2,500 from the Rialto
Grain and Securities company of St.
Louis, in whose behalf it is alleged
he acted as an attorney before the
postoffice department at Washington.
The new indictment contains five
counts.

The first three specify that Sena-
tor Burton made an agreement to ac-
cept \$2,500 to look after the inter-
ests of the St. Louis concern. Count
four charges that he received a \$2,500
fee, and No. 5 an additional fee of
\$500.

Recently the United States supreme
court reversed the case against Sena-
tor Burton, who was convicted of
unlawfully accepting fees from the
Rialto company on the ground that
the money he received was not paid,
according to evidence in St. Louis,
and hence was without the jurisdiction
of the St. Louis federal court. The
grand jury in Judge Newman's
court at Atlanta bringing in a ver-
dict for the defendant.

The plaintiff in this case asked for
\$15,000 damages for injuries alleged
to have been sustained at the hands
of Pullman Conductor J. H. Kirk-
land, who cut him with a knife while
on a Western and Atlantic train be-
tween Atlanta and Marietta. The
case occurred several years ago, while
Mr. Crenshaw was a member of the
railroad commission.

FRANCE SURPRISES JAPAN.
Allowed Hostile Fleet to Stay Over
Time in Neutral Port.
It is calculated in Tokyo that the
Russian squadron arrived at Manzan-
illa bay at noon, April 12, and there-
fore had been occupying the port forty-
eight hours when seen at noon, April
14.

The information regarding the ves-
sels of the Russian squadron being
seen at Manzanilla bay, April 14, reached
Tokyo Monday, and was given to
the public through a brief communi-
cation from the navy department. It
was a surprise because it was gen-
erally doubted that France would
permit the use of her ports to a bel-
ligerent squadron engaged in offensive
operations. The Japanese government
is silent on the subject of its inten-
tions, but it is expected that it will
make immediate representations to
France.

The response of France is eagerly
awaited, particularly as to whether
France admits the squadron is within
the territorial waters. France denied
that the Russian squadron was within
territorial waters when off Madagasc-
ar. If she denies it in this instance,
it will give Japan an opportunity to
attack the Russian vessels without vi-
olating France's neutrality.

ALLEGED LOVE AFFAIR REVIVED
By Prospective Visit of Miss Alice
Roosevelt to Cincinnati.
A Washington dispatch says: The
announcement that Miss Alice Roose-
velt is soon to be the guest of Mr.
Longworth, at Cincinnati, has revived
the gossip about the probability of
the daughter of the president marry-
ing "Nick" Longworth, the son of her
hostess, who is a popular member of
congress.

"Nick" Longworth is a member of
the social set in which Miss Roosevelt
has figured, and is a very good sort
of a chap whose money has not spoilt
him. He has a little hair on top
of his head as John D. Rockefeller,
and while his fortune is not as great
as that of the Standard Oil king, he
has enough to keep the wolf from
the door.

Three Men Killed, Three Injured
and Property Destroyed in Accident.
Three men were killed, three in-
jured and considerable damage was
done to property at Trenton, Tenn.,
Saturday by the explosion of some
powder in the rear of a hardware
store. The killed were:
Robert Phelan, owner of the store;
Mr. Arnold of Crockett county; Dr.
Parker of Trenton. Two white men
and a negro were injured.

Mr. Phelan was trying a target
gun. It is thought a ball penetrated
a can of powder in the storehouse,
and caused the explosion. The store
was practically demolished; the store-
house of J. A. Landis adjoining was
wrecked, and the meat market of
Pearce & Kipp badly damaged. Near-
by every business house in the vic-
inity was damaged to some extent.

'FRISCO BUYS ROAD.

Current Report Has It That Well
Known System Has Acquired the
Tennessee Central.
Through the purchase of the Ten-
nessee Central railroad the St. Louis
and San Francisco (the Frisco) rail-
road system is to secure an entrance
into Nashville.
Such is the story resulting from
the presence in Nashville, Friday, of
A. J. Davidson, president of the
Frisco, R. H. Yokum, chairman of
the Frisco executive board, and J. C.
Van Buren, president of the Ten-
nessee Central. No details are an-
nounced, but members of the visiting
party admitted that in future, prob-
ably by May 1, the Tennessee Cen-
tral will be a Frisco road. This
means another direct line from Nash-
ville to St. Louis and Chicago, as
well as to the grain fields of the west
and northwest.

It was also learned that lines will
be built from Harrison to Knoxville and
from Memphis to Knoxville. The
new line will be built with the Chicago
and Eastern Illinois, either at Evansville
or Jopka, Ill. The party, including
General Manager Clark of the Ten-
nessee Central, went on to St. Louis.
Before leaving Mr. Van Buren said:
"Yes, our visit is significant, but
we cannot give out all the facts just
at present. We are not here for pleasure
only, however, and you will hear
the official news that will interest
Nashville very soon."

WARNING TO FARMERS.
Bankers Will Refuse to Advance Money
Unless Crop Is Curtailed.
Attention is called to those farmers
who have secured the support of their
bankers on the agreement to reduce their
average 35 per cent this year that
unless they live up to that agree-
ment, it is likely that the banks ad-
vancing them money will not do so
again, as they have failed to keep
their agreement by planting more cotton
than they did last year. The
question is a very serious one. The
President Harvie Jordan of the South-
ern Cotton Association, who has given
the matter much study, says of
the support of the business world:
"In this effort to bring about a re-
duction in the cotton acreage and the
holding of the enormous surplus to
be carried over the farmers of the
south have the support and encour-
agement of the bankers throughout
the entire cotton belt. If the acre-
age is not curtailed, confidence as
one of the bankers has said, will be
lost. It is to secure the continued sup-
port of the bankers in any holding
movement or any large undertaking
in the interest of the farmers for
many years to come. The whole fu-
ture of the south and the prosperity
of our people depends upon meeting
the present emergency by united
concert of action. It is not yet too
late to stem the tide that is indicated
thereby cause a heavy loss upon the
entire plantation."

"In order to fulfill our promises
which we have made to the business
world and to protect our own inter-
ests from wreck and ruin, we must be
able to say, through carefully pre-
pared statistics on the first day of June,
that our cotton acreage has been re-
duced at least 15 per cent and the
use of commercial fertilizers reduced
accordingly."

"I sound this note of warning and
trust that this article will be read
by every farmer, merchant and bank-
er throughout the cotton belt. Those
three lines of business are inter-de-
pendent upon each other and must
rise or fall together. I am still
hopeful that the entire cotton belt
will bring about a heavy curtailment
in the acreage to be planted in cot-
ton, and trust that my present abso-
lute confidence in the farmers of the
south will be thoroughly sustained
when the report on acreage is issued
on June 1st."

Communicated
Mr. Editor: If you will allow me space in your paper I wish to call the attention of the public to the report of O. B. Stephen in regard to the sale of fertilizer and cotton seed meal tags for the past season.

He says we sold during last season commencing October 1st 1903 up to April 1st 1904, 5,808,455 fertilizer tags; 1,540,100 cotton seed meal tags, making a total of 7,348,555. He says for the season of 1904 and 1905, commencing October 1st 1904 up to April 1st 1905, we sold 5,808,985 fertilizer tags and 1,417,730, making a total of 7,226,715.

He says these amounts make a total of 7,226,715. Now take what it is, 7,226,555, makes 100,000 less than his figures, and take from what he says was sold last season and what was sold this season, and it will make a difference of 151,000, which is this much less fertilizer and cotton seed meal tags used this season than last season.

He says according to the above figures there has been sold in Georgia 71,480 more fertilizer tags this season than last season and 112,440 more cotton seed meal tags have been sold this season than last season. Now I want this rectified for it is not right for such reports to go out to the public.

SNAP
The farmers are going ahead with their crop and are preparing to capture "general green".

Miss Edna Howard, of Ogechee, is spending the week with Misses Eva and Annie Newton.

Mr. R. L. Best has 26 acres of sea island cotton chopped and sided. Mr. Best says look out for eight cent cotton.

Mr. Miles Gray and Mrs. Glen Gray, of South Carolina, were the guests of Mrs. Ida Howard the past week.

Misses Eva Robins and Ruby Kiebles was the guest of Miss Iva Best Saturday.

Meas. F. L. Clary and S. L. Moore passed through our midst one day this week.

There was a large crowd in attendance at Macedonia church Sunday.

A Large Contract
When W. H. Ellis, the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases, that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

This is so surprising that he has taken the contract to return the money if it does not cure, he has taken the contract to return the money if it does not cure, he has taken the contract to return the money if it does not cure.

W. H. Ellis wants every person in Statesboro who has constipation, dyspepsia, headache, or liver trouble to come to his store or send W. H. Ellis 25 cents by mail and get 60 doses of the best medicine ever made at a half the regular price, with his personal guarantee to refund the money if it does not cure.

To those suffering with dizziness, headache, poor digestion, constipation and strained, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is today the popular dinner pill in all the large cities.

Correction.
It has been circulated that I raised a row and tried to break up the sing at Register Saturday afternoon. It is a falsehood and I will face the man in it, whoever he may be. If some of the people around Register would attend to their business and let other people's alone, they would get along better.

Won, But Lost!
There was quite an enthusiastic debate at Metter last Friday evening between Metter and Excelsior. The query was Resolved: "That the south was justifiable in seceding."

Excelsior defended the negative and all the public sentiments were that the negative won; however, the judges, to the surprise of all, returned the decision in favor of the affirmative.

By good authority, it has been whispered that two of the judges had their minds made up before the speeches were delivered. One of the speakers on the affirmative admitted that the negative won, but he did not mean to be harsh, personal or ungentlemanly, but we cannot refrain from saying our feelings are wrought concerning the matter; and furthermore we do not want anything but justice.

With love and good will to all, we ask the gentlemen of the affirmative to give us their candid and honest opinion as to who won.

There is considerable interest manifested in the approaching match game of base ball, which will be played on the Statesboro diamond next Wednesday afternoon, between Statesboro First Nine and the Y. M. C. A. of Savannah. The home team has all confidence in their ability to carry off the honors, but realize that they are up against a well drilled team; one that will take hard work to defeat. It is expected that a large crowd from the surrounding towns and adjacent country will be on hand to help the Statesboro boys do the whooping act.

Last Hope Vanished
When leading physicians said that W. M. Smith, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Stately scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and \$1 bottles at W. H. Ellis' drug store. Trial bottle free.

Miss Mary Ford left Monday morning for Rocky Ford, where she has a good school. She will teach there during the spring and early summer.

BALL GAME TOMORROW.

The Statesboro First Team Will Cross Bats With Strong Savannah Team On The New Local Diamond

In order that the baseball season in Statesboro may be opened with a good game, and, probably, the best game of the entire season, the management of the local team has gone to considerable expense in securing the fast Savannah Y. M. C. A. aggregation for a game tomorrow afternoon.

The new diamond has been completed and fenced in and from all appearances it will prove to be one of the fastest diamonds in the state in a town the size of Statesboro.

As stated above this game has been matched under considerable expense and it is hoped that every one who can do so will go out and encourage the home team. Our boys are all in excellent condition and with a sufficient amount of encouragement, in the way of attendance, with their own bells, horns, etc., it is expected that our boys will retain their established reputation by holding the honors.

Prices of admission will be 15 cents for children and 25 cents for adults. Tickets are on sale at C. B. Griner & Co. Karl E. Watson & Co. and W. H. Ellis' drug store.

Excursion to Statesboro
The S. & S. railway has very kindly given a rate of one fare for the round trip, from all stations on the line to Statesboro to the baseball game on Wednesday the 26th, and also to the circus on Saturday the 29th. Trains will be held until after ball game is over and after circus performance is over.

Fair Drops of Peaches Says W. S. Sheppard.
Marshallville, Ga. April 22.—Mr. W. S. Sheppard, a fruit grower of Marshallville, says there will be a fair crop of peaches. He thinks from the investigation so far, that Marshallville will ship 800 cars and Fort Valley 600 cars of peaches this season. The Elbertas are not as prolific in the old orchards this year.

Statesboro Defeats Brooklet.
A ball game of considerable interest, was that played between the Statesboro second nine and the Brooklet team on Saturday afternoon. The game was pulled off at Brooklet in the presence of a large crowd, and the game was really a good one to start the season off with. The score stood at the end of the ninth inning, Statesboro 17, Brooklet 5. Quite a crowd of young people went down from Statesboro to witness the game.

Mr. Jeff Bird, who, by the way, is one of those farmers who always have something to sell from the farm, was in from the Enal section on yesterday. Mr. Bird says he has at least 1500 pounds of Bulloch county raised bacon for sale now. He sent a wagon load to our market on Friday. He is one of the big hog and hominy raisers in the county.

Mr. E. B. Taylor, one of Metter's leading farmers spent the day in town on yesterday. Mr. Taylor marked up his subscription two years and stated that the News was a welcome visitor in his home. He has a half acre of short cotton planted that he expects to make yield a heavy crop. He says that on a new piece of an acre of the same land, he made a good heavy balance out of two ago.

Governor of Arkansas To Governor of Nebraska

Galveston, Tex., April 22.—At today's session of the Northern Settlers convention addresses were made by Gov. A. B. Cumins of Iowa, Gov. Mickey of Nebraska and others.

Permanent organization was effected, with Frank P. Holland of Dallas as president, a long list of vice presidents and G. C. Russell, Houston, secretary. San Antonio was chosen as the meeting place next year.

The feature of the afternoon session was the address of Gov. Jefferson Davis of Arkansas, which was considered sensational in part.

In his address during the morning session, Gov. Mickey of Nebraska observed that his last trip to the south was during the Civil war, and he adverted to the fact that in his own state he had many friends who are veterans of both sides.

Gov. Davis took this reference to Gov. Mickey to the Civil war as his cue during his address in the afternoon. He said in substance that he considered it a breach of good taste for the governor of Nebraska to come here and discuss sectional issues long since dead; that he thought this subject should be approached in gun shots, and that in every patriotic southern heart there was a shrine dedicated to the lost cause.

During this period of Gov. Davis' address the silence was tense, and it was only relieved when he passed to other matters. At the conclusion of the address Gov. Davis was greeted with prolonged applause, and as he went down the aisle an impromptu
