Senator Flinn's Chicken Story.

Former Senator William Flinn told an interesting story of chicken-raising the other day at the Hotel Duquesne, says the Pittsburg Gazette, in an interval of the political harmony conference conducted by Senator Penrose, which he used to typify the strenuous life of men to gain a foothold in the world. Ex-Senator Flinn has a small farm in Alleghany county, which he holds chiefly to get his supply of fresh eggs and butter and garden truck.

One day the senator paid visit to his farm and on entering the chicken house was stuck by what was to him a novel sight. He saw a number of cabbage heads suspended from the roof of the chicken house to within about three feet of the ground.

"What's that for?" he demanded, pointing to the cabbages. "They are for the chickens," his farm manager answered. "The chickens are very fond of cabbages and to good layers they must have exercise. We cannot turn them loose outside and to give them exercise in here we put up those cabbages to make them jump for wunner they are hungry. If a chicken does not jump for the cabbage we soon get rid of it."

"Thus it is with men," observed Senator Flinn, philosophically. Unless a man jumps up and bustles he is soon brushed aside to make way for a better man."

Chamberlain's Cough Remedy The Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by All Druggists.

Snake Yanked Off His Boot.

Allentown, Pa., May 7.—Snakes are out in Lehigh, and according to the declaration of Joel Hoffman of Siesholtzville, one big black snake in particular, is a living bootjack. Hoffman limped into Red Lion yesterday with one boot on and one boot off. He asserted that he had tried to kick what he thought was a stick out of the path when he was suddenly tripped up. Recovering his scattered senses he found that a seven-foot black snake had coiled half its lithe sinistosity around his left boot and the other half around a small pine tree. Hoffman tried to yank his foot loose and the boot came off. Terrified by his experience he fled.

A party of doubters went in search of the snake, but after it had gone a short distance it met a breathless runner, who inquired if there was a preacher in the crowd, as he wanted to take the pledge. Being cross-examined, he deposed that he had seen a black snake crossing the hills, carrying what appeared to be a section of stove-pipe. No further confirmation of

Hoffman's story being desired, the doubters turned back.

COMMUNICATED

Statesboro, Ga. May 15, 1905.

Mr. Editor: I have just returned home from the sight of seeing fifteen lovely souls baptized into the Primitive Baptist faith. Words fail me to describe the heavenly scenery. I told you in last Tuesday's issue that I believed we were going to have a good meeting.

Oh, what a sweet, lovely time it has been! I can't see how one of God's children could object to one of these yearly meetings when conducted like the one which has just closed. I have never seen more love manifested among the dear people of God than I have witnessed for the last eight days.

God bless our dear brethren and sisters and unite and keep them in peace and christian fellowship. Oh, may His richest blessings rest upon our town, and may we be enabled to keep His holy commandments.

I've Played My Last Card.

From the New York World. "Well friends, I don't feel just right tonight, and I think I have played my last card," explained Frederick W. Linde to a number of friends who were playing pinochle with him in the Coleman House, West Orange, Friday night. He had been in high spirits all the evening and this remark, taken as a joke by those in the circle, only served to heighten the jollity, and Mr. Linde became the butt of good natured chaffing for a minute, until it was seen that he was deathly pale. Dr. J. Minor Maghee was called from his residence opposite the hotel, but when he arrived Mr. Linde was dead. Dr. Maghee said death was caused by apoplexy. Mr. Linde was 37 years old.

Mr. Linde was proprietor of the Coleman House, one of the best known hostleries in Northern New Jersey.

Meeting Closed

The annual 8-day meeting which has been in progress at the Primitive Baptist church during the past week closed last Sunday. Elders Bussey, of Columbus, and Simms, of Valdosta, were here to conduct the meeting and it was a very successful one, fifteen new members having been taken into the church. The usual baptismal services were held yesterday morning. Elder Bussey left for his home Sunday morning and Elder Simms left yesterday, he having stayed over to the baptism.

Two More Rural Routes.

Special Agent Purdam, inspector of the rural mail routes, spent several days last week surveying out rural routes in the northeastern section of the county. What will be known as No. 7 will leave Statesboro and run via Olliff bridge, D. B. Franklin's, A. F. McCroan's and back by Zoar post office, down via Dr. Miller's, back through the Hart settlement, I. T. Newcome's, H. B. Jones' and back to Statesboro.

No. 8 will leave Statesboro and run via E. C. Mosley's, across the Sand Hill Ford, down to Spring creek, taking a circle and take in the greater portion of that section of the 48th district, back via I. V. Simmon's, Morgan Lee's, back by the Sand Hill Ford and through the Mikell settlement.

All these are good routes and are a public necessity. It is expected that they will be in operation by the first of July.

Billious Bill was getting bloated. And his tongue was muchly gaped. Patent "tonic" wouldn't cure him. Companies would not insure him. All his friends were badly frightened. But their spirits soon were lightened. For Bill—and they believed him, EARLY RISEN pills relieved him. Sold by W. H. Ellis, druggist.

No Decrease in Cotton Acreage in Mitchell.

Camilla, Ga., May 18.—The weather in Mitchell county for the last ten days has been favorable for growing crops. There is much complaint of grass from the recent heavy rains and some cotton fields will no doubt have to be abandoned, because the grass has so strong a hold. A few farms that have over-cropped with the prevailing scarcity of labor will have to be abandoned. Continued fair weather for next two weeks will enable the farmers to clean out the grass from most of the fields. The stands of cotton are good. The acreage is about the same as last year, with slight decrease in the use of fertilizers.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by All Druggists.

Jim Brown Comes Clear.

The prosecution in the case of the state vs. Jim Brown, charged with running a blind tiger, lost out. It seems that they had banked their hopes on the evidence of Jule Waters, a well known white man around town. Waters was on hand and swore positively that he bought a bottle of whisky from Brown and paid him a dollar for it. The defense put up evidence to show that Waters was so drunk until he did not know who he got it from, and furnished testimony showing that Steve Ellison, one of the negroes arrested on the same charge, was really the seller, that Ellison had bid in the S. & S. depot, and Brown only directed Waters to where it was. On being questioned as to what he did with the whisky, Waters admitted on the stand that he took it up town and gave Grady Smith, a white boy, a drink of it.

Grady Smith is a boy not twenty-one years old, and we understand that a warrant will be sworn out against Waters for giving whisky to a minor. So it seems that there will be lots of straw cleaned out in the courts, as a result of the pulling of this tiger.

It is expected, too, that other cases may follow the ones recently pulled.

New County Legislation

Atlanta, May 15.—Legislation which proposes to create new counties, according to the unofficial opinion of Attorney General John C. Hart, is not local legislation in the sense intended in the state constitution, and will not have to be advertised as such.

There have been many inquiries on this point, regarding which Judge Hart has simply given his opinion as a lawyer and not as attorney General.

Hon. E. T. Steed of Carroll county, who was here today, already has a resolution prepared which he proposes to introduce at the beginning of the session providing for joint committee of 12 members to consider all matters relating to new counties. This committee will be expected to make a report as to what new counties should be established.

GRAIN TAKING THE FIELDS.

O. M. Harris, a well known planter of Terrell county, who was at the capital today, says that the grass produced by recent heavy rains is about to overrun the farmers of southwestern Georgia. "I have made inspections," he said, "and have received reports from other farmers that it will be impossible for the farmers to clear all of them up. There is no doubt in my mind that this condition is going to mean a big reduction in the yield, whether the acreage is materially reduced or not."

Statesboro 14, Augusta 3.

The Statesboro base ball nine added new laurels to their crown on Wednesday afternoon. They went up against the Augusta team and the same old song had to be repeated without lining: Statesboro wins as usual.

The Augusta team seemed to be the weakest members that we have been against in some time. When we put the Y. M. C. A. team of Savannah out of business on a score of 11 to 8 our boys got the idea that they were simply "invincible," but George Brinson's crack nine came down last week and played them the warmest game they have ever been into. This gave them cause to believe their old luck had deserted them, but in the game with Augusta they made their reputation good and had some to spare.

Several members of the Augusta club are said to have been regular league players. They left on the nine o'clock train yesterday morning for Waynesboro, where they hoped to get another game, but not one like the one that struck them here. Before leaving they went out in a body to get a few splinters from the widely advertised stump where Reed and Cato were burned. They each took back with them a souvenir of the incident about which so much has been said and written.

Robert Fulcher Dies

After Long Illness.

After an illness of thirteen weeks Robert, the seventeen-year-old son of Mr. and Mrs. J. A. Fulcher, passed into the Great Beyond on Wednesday morning at a few minutes after ten o'clock. The deceased contracted a case of spinal meningitis just thirteen weeks ago, and his death has been daily expected ever since that time, though he was provided with the best medical attention and nursing, yet there was nothing that earthly power could do to stay the inevitable result.

The funeral was held at the Methodist church, of which he was a member, and the interment was made in East Side cemetery on yesterday afternoon. Rev. G. N. MacDonald, the pastor, conducted the funeral services in the presence of a large crowd of sorrowing friends and relatives of the deceased.

Mr. and Mrs. Fulcher have the sympathy of the entire community in their sad affliction.

Dr. Belk to Lecture Here.

On Monday evening of next week the people of Statesboro will have an opportunity to hear Dr. S. R. Belk lecture at the auditorium. Dr. Belk is pastor of St. James Methodist church in Augusta, and is said to be one of the best platform speakers in this section of the state.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the *Atlantic City* Globe: "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita, Kan., and St. Louis, Mo., was in this office today, we asked him about it. He says he had terrible pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured. 'Kodol Dyspepsia Cure' digests what you eat and cures all stomach troubles. Sold by W. H. Ellis."

THE NEWS.

Published at Statesboro, Ga.
TUESDAYS AND FRIDAYS.
By The Statesboro News Publishing Co.

It is somewhat too late for the Russian terrorist blown up by his own bomb to explain that he didn't know it was loaded, observes the Fortifying Georgian.

Farmers are conceded to be the greatest class, the most honorable class, the most useful class, declares Up-to-Date Farming, the country's dependance in all emergencies, either of peace or war, and the greatest of wealth producers, but when it comes to disposing of their products they play a smaller game than the manufacturer of the smallest article of commerce.

St. Petersburg, like other capitals, publishes economic journals, and one of them of leading authority says that in many Russian provinces notwithstanding the calamities from which the country in general is suffering, there is an unusual degree of prosperity, states the New York Tribune. It declares that the financial outlook for the year is good and that the revenues will be easily collected—a note of encouragement sure of home welcome, whether it turns out to represent the fact or not.

The popularity of hunting in England has resulted all attacks from the days of Dr. Johnson, who scornfully remarked that it was the labor of savages, but the amusement of English gentlemen. It seems, however, that it is now threatened by the automobile. A special dispatch from London in the New York Herald notes the remarkable frequency of accidents in the hunting field this season, and suggests that the men are not in such good riding form as they used to be. Why? Because much of the time formerly spent in the saddle is now devoted to auto-cars. Bore another for the automobile!

When railroads were first agitating the country there were gloomy predictions that the steam locomotive would seal the fate of the horse, says Victor Smith in the New York Press. It did just the reverse of laying him on the shelf. The same prognostication was made about the automobile a few years ago; it would retire the horse permanently. In England horses are dearer than before the coming of the motor car. The only sufferers in that country are the railways. People can get about the tight little island in automobiles much better than by train, therefore a new school of travel has been created. In America, of course, our magnificent distances preclude the possibility of automobiles successfully competing with the railroads, except in suburban travel.

Sales in 1904 of all kinds of goods, \$1,463,000,000; purchases, \$2,083,205,673. The difference shows that the interest on British investments abroad and the profits of the carrying trade, states the New York World. Great Britain builds more ocean going ships (1,405,000 tons in 1904) than all the rest of the world (1,075,000 tons). Great Britain's output of ships declined only two per cent. last year, that of the rest of the world fifteen per cent. The iron and steel product amounts annually to \$800,000,000 a year. Britain's 1904 sources of wheat showed a great falling from 1903. From the United States imports fell in one year from 45,000,000 bushels to 33,000,000. Argentina, Russia and British India gained about what we lost.

Mrs. Ellen T. Richards, of Massachusetts, was addressing a woman's conference in New York City recently. These are some of her words: "I really don't wonder if it is true that 90,000 a year is the least a young lawyer or professor or even a clerk feels he can marry one, then all I've got to say is it's a disgrace to our young men. It's entirely possible for two to live on \$1500 a year—I don't know that I would trust the modern young woman with less." In New York City there are 50,000 marriages a year, continues the New York World. Ireland and Scotland combined have fewer weddings; Switzerland only half as many. The marriage rate in Manhattan Borough is 15.50 per thousand, and the ratio is increasing faster than is the population. By the statistics, the Massachusetts prophets fails in the presence of New York facts. Our young men do not postpone marriage fatally, as was the question of income, and we have many a young woman who does not demand an income of \$1500 per year.

B. Y. P. U. to Meet in Moultrie.
The eleventh annual convention of the Baptist Young People's Union of Georgia will be held in Moultrie, June 20-22. This has come to be one of the largest state conventions and Moultrie is preparing to entertain six or seven hundred young Baptists.

Lumber Plant Closes Up in Smoke.
The plant of the Adel Lumber company at Adel was destroyed by fire Sunday with a loss of \$20,000, with \$40,000 insurance. The mill will be rebuilt at once. Adel being now the largest lumbering plant in the state, the greatest building up of the new building is a great reversal to the town and surrounding community.

Car Works Are Sold Again.
The Georgia Car Works, which were sold to E. B. Leaf & Co., of Philadelphia, for \$40,000. Some time ago the property was sold to M. A. O'Brien of Savannah for \$25,000, but Judge Speer of the United States court refused to confirm the sale at that figure.

To Encamp at St. Simons.
The fifth regiment infantry, Colonel Clifford L. Anderson commanding, has decided to hold a regimental encampment this year in accordance with the usual custom, at St. Simons island, off Brunswick. The encampment will be held from July 15 to 22, and a good attendance of the regiment is promised.

April Shows a Fertilizer Decrease.
According to figures relating to sales of fertilizer tags for the month of April given out by Commissioner of Agriculture G. B. Stevens, the sales for April, 1905, show a considerable decrease over those for the same month last year. The number of fertilizer tags sold by the department in April, 1905, was 129,810, as against 159,850 in April, 1904.

Seaboard Plans New Line.
According to a Savannah news item, announcement has been made by the Seaboard Air Line, back from a recent meeting with President James M. Barr, at Portsmouth, that the Seaboard will soon have a line open between Savannah and Atlanta. Details are not given, but the route will be secured, whether via Vidalia or via Cordele, is not stated.

Georgia in White Place.
S. D. North, director of the census at Washington has made an estimate of the population of the various states of the union. Georgia ranks ninth, with a population of 2,405,831, an increase of 189,749 over the figures shown by the census of 1900, and 37,598 over the estimate for last year. In the census of five years ago, Georgia ranked eleventh.

Three-Fifths of a Fruit Crop.
If the estimates made by Georgia growers prove accurate the peach crop this year will be approximately three-fifths, measured in bushels, that of the movement of last year. This does not mean that the money return may not be as great as it was last year, for it is probable that the higher price the fruit will bring in the northern market will more than make up for the loss of the crop.

Wants Exhibit from Georgia.
Gwynn Turner, Secretary of Norfolk, Va., secretary of the United States position company called at the state capitol a few days ago and had quite a lengthy conference with Governor Terrell. The Jamestown exposition management is particularly anxious to have a good representation from Georgia. Mr. Sheppard says, and the object of his call upon Governor Terrell was to talk over this matter and ascertain what could possibly be done. It may be the governor will call the attention of the legislature to the matter in his coming message.

Commission Turns Down Appeal.
The recent appeal for an equitable adjustment of rates to and from the ports of Georgia, which had the approval and support of shippers in every section of the state, has been denied by the state railroad commission. The amended petition in the port rate case was dismissed over the protest of J. Pope Brown, chairman of the commission. Commissioners H. Warner Hill and Joseph M. Brown voted to dismiss the amended petition, and as they represented a majority of the board the case was dismissed and the shippers will continue to suffer.

Gordon Statue Selected.
At a meeting the past week at the office of State Treasurer Robert E. Park in Atlanta, the John B. Gordon Monument association selected Solon H. Borglum of New York as the sculptor to build the statue of the late John B. Gordon, which will stand at the Hunter and Washington street corner of capital square. The selection was made after considerable discussion, the monument committee having favorably reported upon the Borglum design.

WORK OF TRAIN WRECKERS.

Cars Ditched and Six People Hurt. Two of Whom May Die.

An Atchison, Topeka and Santa Fe passenger train was ditched by train-wreckers Sunday just east of Emporia, Kansas. Six passengers were injured, and two will probably die. The wreck was the result of the last four months to wreck passenger trains in the same place. Previous attempts were made by piling ties on the track and without serious results.

Big Reward Is Offered.
Governor Terrell has offered a reward of \$500 for the arrest and conviction of the criminal who murdered P. M. Hollister and his wife at St. Pauline, Oconee county, on May 9th. The reward is the largest offered by the governor during his administration.

Atlanta's New Depot Opened.
Last Saturday afternoon the general public was given an opportunity to inspect Atlanta's \$1,500,000 new depot and from 3 o'clock until 10 o'clock at night every part of the new building and the great train shed was the scene of admiring thousands.

Prominent state and city officials and a large number of out-of-town railroad officials were among the guests. On every side the happiest of comment and enthusiastic praise was handed out. Before the reception a parade in which the new cars, truck wagons and vehicles of the Atlanta Dispatch and company played an important part, brought out some very flattering comment by all. The sixteenth United States infantry band furnished music for the occasion.

Representative Ellis Resigns.
Governor Terrell a few days ago received the resignation of Hon. Roland Ellis of Bibb county as a member of the legislature. Mr. Ellis resigned on account of pressing business matters.

Bear Stampede Albany Citizens.
A wild stampede of the residents of Sand Town, a western suburb of Albany, occurred Sunday morning about 10 o'clock, when an immense black bear suddenly appeared in the principal street and gave vent to a series of fierce growls.

Prisoners Taken, a Negro, killed. A fight with a big pistol and a knife, the first shot inflicted a slight flesh wound, and the bear immediately made a savage rush at Pitman, who fired the remaining shots from his revolver at close range, and the bear, falling on its back, was killed. The place where the bear was killed, the defense put up wives and relatives of prisoners who swore that the defendants were at home in bed when the crime was alleged to have been committed.

TRIPLE TRAGEDY IN MEMPHIS.
Man Kills Sweetheart, His Rival and Then Himself.
A triple tragedy occurred in Memphis, Tenn., about dusk Sunday night, when Thomas McCall, an employee of the Illinois Central railroad, shot and killed Edith Thompson, a woman well known in the city, and Hal Williamson. The murderer on his way later turned the weapon upon himself, firing a bullet into his head. The cause was jealousy.

GANG IN WASHINGTON.
Wayward Nan, Her Father, Sister and Brother-in-Law "at Home."
Nan Patterson accompanied by her father and Mr. and Mrs. J. Morgan Smith arrived in Washington from New York at 7:30 Saturday morning and proceeded to the Patterson home on Columbia Heights, a modest two-story story for breakfast.

Bones of Jones for Annapolis.
President Roosevelt has approved the recommendation of Secretary Morton that the body of John Paul Jones be buried at Annapolis, Md.

Was Father of 27 Children.
Joseph Lewis, 104 years of age, is dead, at his home in New York. He served with two sons throughout the civil war. Lewis was the father of twenty-seven children.

EXCELSIOR

Our flourishing little school under the management of Prof. Hardy is soon to come to a close. We are anticipating a nice time then.

Quite a number of our boys and girls spent the day very pleasantly Sunday at the home of Mr. and Mrs. J. W. Atwood.

The farmers in this section are very busy with the grass. The dry weather and extreme heat has done great damage to the gardens.

We are thankful to report no serious sickness in our little village.

WHY SUFFER?

With Headache and Neuralgia when you can be relieved by using "Neuralgine" which is guaranteed to cure sick and Nervous Headaches. Four doses 10c. Sold by W. H. Ellis. Manufactured by Neuralgine Co.

IVANHOE.

The Ivanhoe high school closed last Friday with a picnic. The exercises were very appropriate for the occasion. After the exercises were over dinner was served and all seemed to enjoy it. In the afternoon ice cream was served and the young people amused themselves playing croquet. We had anticipated a talk from our county school commissioner, but as he could not be with us he sent his regrets. We hope that the fall term will be as beneficial to the children as the spring term has been. Long may the Ivanhoe school live and prosper.

Mrs. J. D. Blitch of Statesboro was the guest of Mrs. W. H. Cone last Wednesday.

Mr. Frank Courtney, accompanied by Mr. Deane Proctor, were pleasant callers at the home of Mr. J. W. Wright Sunday afternoon.

Mrs. Geo. Lanier of Eldora was the guest of Mr. J. R. Griner last Friday.

Miss Lula Newman of Savannah is visiting Mrs. Griner this week.

Mr. and Mrs. B. C. McElveen of Arcola, were the guests of Judge and Mrs. U. M. Davis last Sunday.

Dr. M. Y. Allen of Statesboro was in our community last week.

Mr. Edgar Cone is in Atlanta this week on business.

Mrs. C. H. Cone is visiting relatives in Lincoln county this week.

Misses Sarah and Susan Deal of Stillson were the guests of Miss Sarah Martin Sunday.

Col. Howell Cone of Statesboro visited his parents at this place Sunday.

Mr. H. F. Warnock, attended the closing exercises of the Ivanhoe school last Friday.

Miss Hattie Davis has been sick but we are glad to say she is some better.

FOLEY'S HONEY-TAR

See Island Seed Not a Necessity

(Savannah News)

The report of an agreement among the growers of sea island cotton in South Carolina not to sell seed of sea island cotton doesn't appear to cause the growers of long staple cotton of Lowndes county uneasiness. At a meeting of the growers of that kind of cotton at Valdosta on Saturday the opinion was expressed that the agreement of the South Carolina growers wouldn't be kept, and that if it were seed that would answer the purpose of Georgia and Florida growers could be obtained from certain parts of Florida.

It is a source of satisfaction to know that the cultivation of long staple cotton, of rather sea island cotton, in Georgia and Florida is in no danger of being confined within very narrow limits by the reported action of the cotton growers South Carolina. It isn't easy to understand why the South Carolina growers should want to prevent the growing of sea island cotton in this state and Florida. If we are rightly informed the sea island cotton of this state and Florida doesn't come into competition with that of the sea islands of South Carolina. That grown in South Carolina is far superior, and brings a much higher price. It is limited in quantity and is eagerly sought by manufacturers of both this country and Europe.

The sea island cotton of this state and Florida is an excellent cotton, and there is a big demand for it, but it comes into competition with the Egyptian cotton rather than the sea island cotton of South Carolina.

The sea island growers of this state and Florida are therefore much more interested in having protection against the Egyptian cotton than they are in the alleged agreement of the South Carolina planters to withhold seed from them.

A very large number of people in this state and Florida are engaged in the growing of long staple cotton. The product of their labor amounts to millions of dollars annually. As tariff protection is the policy of the government there is no good reason why they shouldn't have protection as well as the people engaged in the production of steel or of cotton goods. This is a matter which the congressmen from this section will call to the attention of congress when that body turns its attention to tariff revision.

It seems unjust to require our producers of long staple cotton to sell the product of their farms at prices reduced by competition with the cotton growers of Egypt, while the producers of cotton goods are protected against the low prices which would result from competition with foreign manufacturers of such goods.

Why Suffer From Rheumatism

Why suffer from rheumatism when an application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. A. writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all Druggists.

The census bureau estimates the population of the United States, exclusive of its island possessions, 82,500,000. This is based upon the theory that the annual increase since the last census has been one-tenth of the decennial increase between the censuses of 1890 and 1900.

Billious Bill was getting bloated, and his tongue was much too coated. Patent "tonic" wouldn't cure him. Companies would not insure him. All his friends were badly frightened. But their spirits soon were lightened. For Bill said—and they believed him, EARLY RISER pills relieved him. Sold by W. H. Ellis, druggist.

Life Imprisonment

For Killing Parker

Sylvania, Ga., May 20.—The jury in the Sasser case came in at 9:30 o'clock with a verdict of guilty, with recommendation to life imprisonment.

The Parker-Sasser murder case was given to the jury at 6 o'clock this evening. The testimony was concluded yesterday evening at 4 o'clock and argument to the jury began immediately, and ten hours given to the discussion.

Col. H. A. Boykin opened for the state with a short but telling argument, being followed by Judge E. K. Overstreet for the defense in a powerful speech of nearly five hours duration, occupying the whole of the morning session. Hon. P. W. Meldrim then completed for the defense and Judge H. D. D. Twigg for the state, in a three hour speech as terribly scathing and convincing as Major Meldrim was eloquent and pleading. The charge of the court was short.

The court room was packed all day. Judge Twigg's speech was said to be one of the best ever heard from him in a court room.

A Creeping Death

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Bell plains, Minn., writes that a friend said he had been killed by a snake, which swelled up like blood poisoning. Bucklin's Arnica Salve drew out the poison, healed the wound, and saved his life. Use in the worst kind of burns and sores. See at W. H. Ellis' drug store.

HORSE SLIPPED ON ICE.

"Bill" Tompkins, a negro employed by John Ripke at Drayton and McDonough streets, was painfully injured in getting out of the fall of ice and for a time it was thought he had been seriously hurt.

Hard Rain of Ice

Stung Animals.

(Savannah News) What is believed to have been the heaviest hail storm ever experienced in Savannah caused several runaways and did considerable damage last afternoon. Cab horses became frightened and ran away, howling dogs rushed frantically through the streets, and in some cases chickens were knocked down as they ran for cover. Some of the hail stones were as large as a hen egg and many window glasses were broken.

The rain of ice was preceded by a wind from the northeast that attained a velocity of twenty-five miles an hour and lasted for five minutes. Signs were blown down, umbrellas were caught up and turned inside out, and the fence on the Broughton street side of the new National Bank building was blown across the street railway company's tracks at Bull street, falling with a crash, that was heard blocks away.

Mercury Dropped Rapidly.

It was at 6 o'clock that the wind attained its maximum velocity. Half an hour before it was oppressively warm and but for a few flashes of lightning, accompanied by thunder, the wind swept over the city without warning. It was accompanied by a vivid electric display, and was followed almost immediately by the down pour of hail. Within thirty minutes mercury dropped about 15 degrees, and the minimum temperature for the day, 64 degrees, was recorded at 7 o'clock.

School Closing.

The school of Prof. Sylvester Alderman came to a close last Friday. He has taught a successful school in the neighborhood of Mr. Thomas H. Waters and others. A large crowd of the farmers of that section were out, and the program carried out by the children was enjoyed by all. Mr. J. A. Brannen made an address. A bountiful dinner was spread, and there was plenty of good things to feed everybody and plenty to spare. That is a prosperous community of good farmers, and they are moving upward in the cause of education as well as in farming.

Brooklet Vs Pretoria.

In a slow but interesting game of ball played at Brooklet Friday, Brooklet defeated Pretoria by a score of 16 to 4. Batteries for Brooklet were Robertson and Lee, for Pretoria Rushing and Groover. Robertson struck out 17 men, gave 4 bases on balls and allowed only 4 hits. Rushing struck out 5 men, gave 8 bases on balls and gave up 14 hits.

Don Groover Gets Seriously Sick.

On Sunday afternoon, aboard a Seaboard Air Line train coming home from Savannah, Mr. D. R. Groover Jr. was badly cut by some one whose name we have been unable to ascertain. It is reported that Mr. Groover became involved in a dispute with the stranger, who was also a passenger on the same train, and words were soon followed by the use of the stranger's blade on Mr. Groover's face. There are four gashes across his face; some of them pretty ugly ones, but none so serious as to prove fatal.

Mrs. Elizabeth Lester Passes Away.

On Thursday night last at the home of her son, Mr. J. A. Lester, near Brooklet, Mrs. Elizabeth Lester died after an illness of several days. The cause of her death was heart failure.

The funeral and interment was held at the Martin burial grounds near the home. The deceased was about 70 years old at the time of death.

Percy Jones Dies With Appendicitis.

On Saturday, the nine-year old son of Mr. and Mrs. Nathan N. Jones of Savannah, was buried at the cemetery at Bethlehem church three miles from this place. The death was a result of an attack of appendicitis. An operation was performed but it was not successful, and the little fellow breathed his last at the Savannah hospital on Thursday night. Friday afternoon the funeral was held at the residence in Savannah. Rev. D. S. Edensfield of South Side Baptist church conducted the service in the presence of a large number of friends and relatives. On Friday afternoon the remains were brought to Statesboro and the interment made next day as above stated.

Mr. and Mrs. Jones formerly

resided here, and have many friends and relatives in Statesboro and the county.

Little Willie Oliver Crosses the River.

On Saturday evening as the sun sank behind the western hills, the spirit of Willie, the one-year-old son of Mr. and Mrs. E. C. Oliver, passed to its Maker. The little fellow had been a sufferer from typhoid dysentery for several weeks, and its death had been expected for several days.

The funeral was conducted on

Sunday evening at five o'clock from the Methodist church and the interment was made in East Side cemetery. Rev. G. G. N. MacDonell conducted the services in the presence of a large crowd of mourning friends and relatives.

This is the second child that the

unfortunate parents have lost since they have been here, and this one, the last they have, which makes it even more than if it had been otherwise.
