**Agree With Us.**

Mr. Editor: After reading the editorials in Tuesday's paper and of the capture of the law breakers in Statesboro for selling whisky, I feel constrained to write a few lines in approval of what you have said, and I know every good citizen in the county will stand by you in your effort in defending the right. I believe the majority of the people of Bulloch are law abiding citizens, and are in favor of punishing the transgressor.

We think sometime that punishing such characters does no good, but that is a mistake. If it was not for the fear of the law there would be more crimes committed than is. No man who disregards the laws of his country is a true and trusty citizen and we have a right to look upon him with suspicion. I believe you are doing much good through the News.

I hope every good citizen in the county (it matters not what church or political party he may belong to, or whether he belong to any or not) will join hands with you for the right. There is an old proverb: "Stop the beginning of evil," which is worth our serious consideration. While it may not be in our power to stop all the evils the good people can write against them and preach against them and talk against them. There is a class of people who have no regard for the rights and feelings of others, but are busy bodies in other men's matters—meddling where they have no business. If such persons could be reformed it would stop much trouble and confusion in our county. My motto is "Let every man attend to his own business and serve God according to the dictates of his own conscience. I thank God I live in a good community. Our people as a rule attend to their own business.

While our farmers have had a tough fight with General Green's army they claim the victory now, and the crops are moving off nicely, and the farmer is smiling, and thinks he will have some time to fish in the near future.

Hoping you and the good people of the county success in every good work, I will close.

W. S. Brannen, Stilson, Ga.

Don't tell everything you know or you will soon be without friends. If some one knew enough to conceal relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent.

Why Suffer From Rheumatism? Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost.

Some men wish they had a million dollars. What for? They cannot take care of what they now have. It is not the amount of money we have that counts, but what we do with it.

Dr. Osier wants congress to put an export tax on girls. The same law might well contain provision for an export bounty on physicians.

**Cleared for Action**

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them at W. H. Ellis' drug store, 26 cents.

You have no enemies! Then you have never dared stand up for the right against the wrong; you have never protected the weak against the bully; you have never dared defend your own right against oppression. Had you done any of these things you would have enemies. Even if you had done none of these things, but simply achieved a little more success in your business than your neighbor, you would have an enemy, for failure always hates success. The man who has no enemies should be ashamed of it.

**Lyons Tackles Us This Afternoon.**

The Lyons ball club will cross bats with the Statesboro first nine at the ball park this afternoon.

The visitors will arrive in the city this morning and be taken in charge by the home team. The game promises to be an interesting one.

## LYONS BALL TEAM KNOCKED OUT OF THE BOX.

Statesboro Boys Again Cover Themselves With Glory and Victory.

Statesboro ball team seems to be invincible. Lyons came over this week boasting of the strongest team that ever came down an amateur pike, with two or three south Atlantic league players to back it up, told the boys that they didn't intend to let us see first base.

Hot air of this sort is calculated to unnerve a set of boys who had never gone up against propositions of this kind, but what it did in failing to rattle Statesboro was a whole lot. The manager gave some of the home boys a private tip, to the effect that they might not wipe up Statesboro so completely in the first game as they would in the second, they were simply going to give us a bait; and it was to be the second game that would annihilate Statesboro and make the boys wish they never had slung a baseball bat.

The game was called on Tuesday afternoon, and resulted in a score of 9 to 0 0 0 0 0 0 0 0 0 0 in favor of Statesboro. When the visitors failed to make a single score they began to look in a sort of a "wish I was home" sort of style, but they rallied and told one or two of us confidently that they were sorry for Statesboro and agreed with our manager not to put up their best players the first game, so as not to crush us out in the beginning, but "just wait till tomorrow" and they would show us a thing or two.

On Wednesday afternoon they went into the diamond with their south Atlantic league battery in full trim, and the score resulted as follows: Statesboro 7, Lyons 0 0 0 0 0 0 0 0 0 0 0 0 1.

The Lyons boys are a clever sort of fellows and made many friends while over here, and they, too, probably learned a few lessons in ball playing.

They claim that this was their first defeat playing ball.

**A DENIAL**

Editor Statesboro News: In your issue of May 19, last, in reporting the evidence in the preliminary trial of Jim Brown, charged with selling liquor, you reported Jule Waters as swearing that he gave me a drink of the whisky. I am eighteen years old, and I desire to say, and I will make an affidavit to the same, that Jule Waters did not give me a drink of that, or any other intoxicating liquor at all. May 25th 1905.

## TORNADO IN TATTNALL COUNTY.

Wind and Hail Lay Waste to a Large and Prosperous Section.

On Tuesday afternoon that portion of Tattnall county, lying between Reidsville and Collins, was visited by a terrific wind and hail storm. The forest was completely demolished, houses unroofed and a negro mill hand killed at the saw mill of Messrs. A. C. Parker & Sons by a large smoke stack falling on him. The storm was accompanied by one of the severest hail storms ever witnessed in this section of Georgia, the hail stones were as large as hen eggs, and after the storm had passed the ice caused by the falling of the hail lay on the ground in heaps twelve inches thick.

It is unnecessary to state that the crops as well as all other vegetation was leveled with the ground. The farmers in the path of the storm which is several miles wide, will have to plant over as well as repair their homes.

The storm was also felt with considerable force along the coast below Savannah. This is one cause of the cool spell prevailing in this section for the past few days.

**Strictly Genuine.**

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the "Acheson (Kan.) Globe": "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita, Kan., and Lawrence, Kan., was lately in this office today, we asked him about it. He says he had terrible pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured. ## Narrow Escape From Awful Death.

On Tuesday afternoon a large cow of light red color wearing a bell, came to the front gate of Mr. J. C. Lee's, living on the corner of College and Grady streets. The little four-year-old son of their daughter, Mrs. A. G. Pierce went to drive the cow away and the cow dashed for the child getting the little child between her horns and the fence. Had it not been for the mother coming to the rescue of the child, it is probable that it would have proved fatal.

## RIGDON—MART

On Sunday afternoon, at the home of Judge J. J. Malone at Zoar, Mr. Henderson Hart led Miss Bease Rigdon to the altar, and the two were joined together for life, Judge Malone officiating. The contracting parties are numbered among Bulloch's popular young people and have a large circle of friends who wish for them much happiness.

The bride is the daughter of Mr. and Mrs. Daniel L. Rigden, living about three miles from the city, and is well known here where she has many friends. Thagroom is one of the leading young farmers of his section and a son of Mr. W. B. Heart of Zoar. The News extends its congratulations.

## Brooklet School Closing.

The commencement exercises of the Brooklet school began yesterday. Prof. Paul B. Lewis has spared no pains in preparing his pupils for a creditable exhibit of their work during the past five months.

"John Oliver Hobbes," the novelist, says that women are not fair. There was Tennyson's "Dream of Fair Women" only that and nothing more asks the Cleveland Leader.

A gentleman in Police Court complained bitterly because his associates in jail were not gentlemen, which, when you come to think of it, is a telling blow to the social ways and standing of a number of more or less well-known citizens.

Uncle Sam's 3000th birthday party is to be celebrated in 1907 at or near Jamestown, Va. The celebration cannot be held on the spot, because there is no town there at present, and none nearer than Norfolk, remarks the Birmingham Age-Herald.

An orator with influenza can spread microbes among the audience for a distance of forty feet, declares the Chicago Record-Herald. And fallacies for an infinitely greater distance. Moral: When at a meeting keep your mind open and your mouth shut.

The culture of mushrooms in Chicago has become quite a fad in Chicago, according to a newspaper of that city. The mushrooms are raised on the roofs of tenements arranged in tiers one above the other like the berths in sleeping-cars, thus producing a large area in a single cellar. The beds are planted in succession, giving a product throughout the season. The fad appears more sensible than its predecessors, the mulberry, the Belgian hare and the glaucous crabs. But special crops, however profitable in a small way, are easily overdone, comments the American Cultivator. When the public shows signs of becoming more interested in raising a product than in consuming it, the cautious grower will begin to glow.

It is a regular army officer, in speaking of the heavy percentage of desertions from the army and navy of the United States, who attributes such desertions to "an abnormal claim, view and development of personal independence" on the part of the American enlisted men afloat and ashore, states the Daily True American. In other words, the American youth is too free and independent an individual to make a good soldier or sailor in the regular establishment when no war is in progress. As a volunteer, as instanced by the Civil and Spanish-American wars, enlisting for a fight and retiring to peaceful pursuits when the fighting is over, he is unequalled. It is probably true that as a mere cog in a military machine he never will compare with the military units of the compulsory service system of Europe.

The indifference with which the world received the news of the completion of the Simpson tunnel, as compared with the excitement over the finishing of the Hoosac tunnel and the piercing of the St. Gothard, is an excellent proof of the vast progress made by engineering science, observes the New York Evening Post. The Simpson tunnel is by nearly three miles the longest tunnel in the world, and its construction, even in the face of extraordinary difficulties, took but six and one-half years. Yet it is accepted in Europe much as was in this city the opening of the second bridge to Brooklyn. The first was something to marvel at and boast of; the second, merely an incident in the growth of the metropolis. So to the general public, the Simpson tunnel is scarce a nine-day's wonder. But to the engineer it is an important milestone on the road of his profession.

"I believe if the hawks and crows were killed we would have plenty of birds," says a reader in the Indiana Farmer. "Hawks and crows kill more birds than all the hunters in Indiana. If the Legislature wants to protect the quail they could not do a better thing than to my notion, than to have the hawks and crows killed. They kill hundreds of little quails that don't live to be old enough to whistle. Both White and Cinnamon in large numbers are also killed annually by the hawks and crows. If a bounty of say 50c, each for the heads of hawks were offered, it would result in the extermination of them and the quails would multiply tenfold in a year or two. Let us hear from some one else on the bird question." Our friend is greatly mistaken if he thinks that hawks and crows kill more birds than the hunters would if there were no law protecting them; but let us hear from others on the subject, rather than from journal.

New Line to August. August 1st to have a new railroad to be styled the Savannah River Railroad company. The line will be run from Augusta, in Richmond county, to City, in Effingham county, a distance of about 50 miles, in a general southeast direction, through the counties of Richmond, Burke, Screven and Effingham.

Life Sentences for Sasser. The jury in the Sasser case at Savannah rendered a verdict of guilty, with a recommendation to life imprisonment. Some highly sensational testimony developed during the trial, showing that Sasser persisted in paying attention to the wife of the murdered man and stayed around the house despite attempts to drive him away.

Postmaster Warren Makes Bond. Postmaster John R. Warren of Stillmore has given bond for his appearance May 27, when a commitment trial is to be given him on the charge of embezzling mail matter.

Exhibit Rules Are Changed. Important changes in the exhibit rules of the Georgia State Agricultural society were made at a meeting of the board of directors in Atlanta a few days ago. Rule No. 3, which forbade any exhibitor from competing for more than one premium, was changed, so that an individual may have as many exhibits in a county exhibit and there win a premium and also win an individual premium.

Alleged Fraud Unearthed. The beginning of what promises to be the biggest case that this section of the country has ever seen, so far as a violation of the postal laws are concerned, came into the United States court at Augusta the past week, when Laurens Ross and H. C. Reed, two men who have made their names in Augusta and vicinity for some months, were arraigned before Commissioner Lane.

Work of School Commissioners. During the County School Commissioners' convention in Macon recently, the school officials strongly endorsed local taxation, transportation of pupils, improvement of school buildings, and grounds, contests for pupils, school improvement clubs, the establishment of rural high schools and the Southern Educational Journal.

Georgia Bureau of Immigration. Negotiations were completed a few days ago for the establishment in Atlanta by the Atlantic Coast Line, the Louisville and Nashville and their allied properties, of a Georgia bureau of immigration for the purpose of building up the territory which they traverse and locating manufacturing and mills along the lines of their properties in Georgia.

Special attention will be given to securing a due share of the immigration of a desirable character, not only from the foreign countries, but particularly from other states of the union.

Must Employ a Warden. After giving the matter a full hearing, the State prison committee decided that the felony convict camp in Jackson county has been improperly managed, and the commission orders the Jackson county board of commissioners to put the camp under the management of a new superintendent or warden, this to be done within the next thirty days.

An Aged Policy Holder Brings Suit Against Assurance Society. Papers in a new suit against the Equitable Life Assurance Society, based upon a policy held by the father of the insured, were served upon counsel for the society in New York Wednesday by Rowland D. Buford, a resident of Virginia. The suit is brought in the supreme court.

Mr. Buford, who is nearly thirty years old, and who has since 1871 kept up his payments upon one of the original old line policies, complains that in accumulating a large surplus over the legal requirements, the Equitable is not carrying out its contracts with him. He asks the court to order the directors of the society to divide the excess of surplus so that he will get an "equitable" share.

PEPPERED EIGHT MEN.

Crasy Negro Runs Amuck With Shot Gun and Revolver in Kentucky. A Deputy Sheriff is Killed. In an attempt to arrest him, Bob Shaw, a negro, supposedly insane, killed one man and wounded seven, near Whitman, Ky., Monday afternoon. The body of the dead man lay in front of Shaw's house, while he continued to defy the officers.

Sunday afternoon Shaw was terrorizing the community around Whitman, and an appeal was sent to Owenboro for help. A posse was at once formed, but as soon as they approached the madman's house he opened fire on them.

Town Marshal Watson was shot in the face and Deputy Marshal John J. Jackson in the back. Others wounded were Dr. G. H. Pitt, a boy named Howard, and a boy named Polly.

Monday morning a posse headed by Sheriff Kelly went from Lewisport to Whitman and found Shaw sitting on his front porch. Shaw quickly barricaded himself in his house. The posse tried to storm the house, but the negro opened fire, wounding James Ford and John Robinson. He apparently had only small shot, which saved the lives of those hit.

Shaw was shot at twice. He had two revolvers, but announced that he would save them for work at close quarters. A great crowd gathered around the house, keeping at a safe distance.

Will C. Brown, a deputy sheriff, volunteered to go to the house and take Shaw. When within fifteen feet of Shaw, the crazy man fired, blowing Brown's head completely off.

About 6 o'clock Monday night a mob of men and boys surrounded the house and set it on fire. Shaw remained in the burning house as long as he could stand, the boys and nearly leaped out and tried to escape. Finally one hundred shots were fired and Shaw's body was riddled with bullets.

POTTER BACK IN GEORGIA. Embelizer Returns from California in Charge of Detective. Maro S. Potter, the young bank cashier, who it is alleged, absconded with \$25,000 of the funds of the Bank of Davisboro, Ga., and left the citizens of that city in a frenzied fury, arrived in Atlanta, Monday, in charge of a detective, who arrested him in Los Angeles, Cal.

Potter, it is charged was a stockholder in the bank, in addition to being the cashier. He sold his stock on November 17, last, it is alleged, that he left with all the funds of the bank. Shortly after his disappearance the bank was put in the hands of an assignee.

For five months the young man had eluded the shrewdest sleuths of the country. Upon leaving Davisboro he went to Atlanta and stayed a day or two. He saw the things were getting hot for him there, and he left for the City of Mexico.

He arrived, it is said, in the latter city with \$12,000, which he proceeded to get rid of with a high hand. While out automobiling with a friend, he ran over a Mexican, and to escape arrest for his offense, it is charged that he left for California.

He took in several cities in California, playing the racket, like a thief a millionnaire. From city to city he would go, changing his name as he went, until finally his funds ran out, and he landed in Los Angeles penniless, without friends, and with the bloodhounds of the law hot at his heels.

JAPS ON A STRIKE

Take Charge of One of the Hawaiian Islands. AMERICANS POWERLESS. "TROOPS BEHAVED WELL!"

All Whites on Maui Island, including Military Forces, Surrounded by Infuriated Yellow Laborers. Gore is Spilled. A special from Honolulu, Hawaii, says: Most of the white population at La Haina, on the island of Maui, including the military, are prisoners in the courthouse surrounded by Japanese laborers. One Japanese was killed and two wounded by the plantation police.

The entire 2,300 Japanese laborers on the island are now on strike, and are showing violent mood. The steamer Kinuau left Honolulu Sunday afternoon, taking national guard company F, consisting of thirty men and forty armed Honolulu police to the scene of the trouble.

The strike started a week ago on the Waikuku plantation. The Japanese made a long list of demands, among them being the discharge of the head overseer. All the demands were rejected.

On Friday the strike spread to the pioneer plantation. The plantation immediately began paying off the striking Japanese, then commenced to atone the mill and resisted all efforts of the mounted police to drive them away.

The Maui military, which was called out restored order temporarily. Everything was peaceful late Saturday, and the island steamer Claudine left, but soon after the steamer's departure a clash occurred between Japanese and plantation guard, in which the shooting took place. It resulted in a general outbreak and the imprisonment of the whites and the militia in the courthouse by the Japanese. Wireless messages were sent to Honolulu asking for aid. A tug was also sent through fear that the wireless telegraph was not working.

The secretary of the Japanese consular accompanied the force on the Kinuau. He will try to pacify the strikers.

RACE CLASH IN CHICAGO. Whites and Blacks Engage in Sunday Row and Blood Spilled. Chicago was threatened with a race war Sunday of serious proportions. Embittered by the shooting of Emanuel Carter, an negro, eight days last week by two negroes, the residents in the vicinity of Twenty-ninth and Dearborn streets have armed themselves and clashes between white and colored men have become so frequent since the Carlson murder that it has been found necessary to detail scores of policemen in the district to preserve peace. Even this precaution has been unsuccessful in keeping the opposing factions apart.

In a riot, which broke out in the district Sunday night between the whites and blacks, James Gray, colored, was killed; Harry Bernstein was mortally wounded, and a building in which Bernstein, who was suffering from four bullet wounds, was being held a captive, was stoned and partly wrecked by a mob of 1,000 persons.

The trouble started when James Gray accused Bernstein and a white companion of being trouble makers. Since the teamsters' strike Gray has been employed by a coal company as a driver.

The merits of the strike and the shooting of young Carlson were up for discussion. Angry words soon led to blows, and in the fight that followed Gray drew a knife and attacked both men. Bernstein, who is a bartender in the vicinity, drew a revolver and fired four shots. Two of the bullets took effect in Gray's body.

TO ARBITRATE ROAD'S VALUE. Seaboard's Tax Returns Will Be Submitted to Board. Comptroller General W. A. Wright of Georgia has announced the valuation of the Seaboard Air Line Railroad company's property in the state at a total of \$1,125,000, or nearly \$4,000,000, more than the company's return for 1905.

The Seaboard has reduced its return this year, as compared with 1904, by \$2,500,000, claiming that it was paying taxes on too high a valuation. The matter will now go before an arbitration board.

BIGELOW HEAVILY INSURED. Policies Carried by Emburying Bank or Total \$1,000,000. F. G. Bigelow, the ex-banker at Milwaukee, carried insurance of \$1,000,000, instead of \$600,000, as generally supposed. The confusion in reports partly resulted from the failure to consider, as additional to that which he regularly carried, an \$800,000 made up in favor of the National Electric company.

It is now said that over \$500,000 of the insurance accrued to the benefit of creditors.

Gen. Wood Reports Extermination of Bad Filipinos. White Laying the Enemy Out Cold. Report of Campaign of Extermination Received at War Department.

A Manila dispatch, under Friday date, is as follows: The Moro outlaws, against whom General Leonard Wood has been campaigning, have been killed in action together with all principals. The outlaws were supporters and followers of the Sultan of Bulu. The large chiefs of the island of Jolo were also involved. The outlaws were an aggregation of practical outlaws and disorderly characters of Bulu and the other islands stretching down to Borneo. The position selected by the outlaws for the battle was an almost impenetrable jungle and exceedingly strong, prohibiting the use of artillery and necessitating close contact and assault in two infancies. General Wood's forces sustained a loss of nine killed and twenty-one wounded. The wounded are doing well. The outlaws had two killed. The latter were highly praised by General Wood, who said: "The troops behaved splendidly and performed this difficult service in a highly creditable manner." General Wood has returned to Zamboanga with the troops.

THIRTEEN YEARS IN THE HARNESS.

Thirteen years ago the editor of this paper embarked in the newspaper business and has been continuously at it ever since. The reason for entering the field was probably due to the fact that we were ousted in all other lines, and went into this business because we had nothing else to do. The reason for us remaining at it until this day, is also probably due to the fact that we got started at it and have always been too poor to quit.

Twelve years ago the first issue of the Statesboro Star appeared in a little wooden shack down the street. It was born in the midst of the period of political strife that characterized our section in that day, and was rocked and cradled amid tumultuous scenes. Four years ago last March the Star and Herald were combined, and out of the combination came the Statesboro News. Two years ago the News put out a twice-a-week service, the first and only one the county has ever had, and the only twice-a-week paper today between Mac'n Augusta and Savannah. That our twice-a-week paper has been a success is shown by the fact that in no issue since it was inaugurated have we wanted for all the advertising space we could handle.

Our News service has been kept up-to-date, and the fact that it is, is appreciated as evidenced by the fact that the Statesboro News finds its way twice-a-week into 2,200 welcome homes in Bulloch county. Our books show that more than ninety-five per cent. of these papers are paid for. More than ninety per cent. are paid for without having to ask for the money. We believe that this is a record that no paper in this section can boast of; in fact, it is a record that many of the dailies care not approach.

Our rural mail extension is putting us in closer touch with our subscribers each and every day. This paper covers the county like a blanket, and does it the day of its publication. Its policy is to publish the news as it happens without fear or favor. We may not go into details and give all the particulars about every little negro squabble, where none are interested but a few worthless negroes who are not subscribers to this paper or any other that they have to pay for, but we make it a rule to burden the public with that which is strictly news.

The News appreciates the kind patronage that has been accorded it in the past and hope to merit its continuance.

There will be preaching the second and fourth Sundays in each month at Oak Grove. Fourth Sunday, W. B. Addison will preach and second Sunday L. F. Davis. Sunday school at 10:00 o'clock on preaching days.

STILSON

A reasonable rain fell here yesterday and created a fresh look to the farms around. Gen. Green has capped the "Fore Day Club," thus gaining the victory. Mrs. S. E. Blitch, of Blitchton, spent last week with her parents, Mr. and Mrs. Z. Brown.

Mrs. J. F. Brown of Savannah, spent the past week with relatives at this place, being joined by her husband Sunday. They returned home Monday morning.

Mr. and W. W. Waters left Saturday morning to visit relatives in Effingham county, Mr. Waters returning the following Monday. Mrs. Waters will probably be away for several weeks.

Prof. Hamlin Etheredge, of Metter, was the guest at the home of Mr. and Mrs. Z. Brown last Sunday. The first in order at Stilson school last Sunday afternoon was a sermon from Brother Crumpler of Brooklet, after which came the hour for Sunday school. After Sunday school Prof. Etheredge made an interesting talk. A large crowd attended.

In a few weeks Dr. and Mrs. Floyd will leave for New York. They will be away about six weeks on a pleasure trip. While away the doctor will take a special course in medicine. This will be his second trip. We wish them much pleasure while away.

Mr. H. J. Proctor is busily engaged in harvesting a fine crop of oats. He also has the finest crop of corn in the neighborhood. Mr. L. R. Garick, who recently purchased the Dr. Boyd place, has a fine crop. The fruit is falling off, but we are looking forward to water-melons. Miss Emma Garick is on a visit to her sister at Denmark, S. C. Miss Lillian Bland will leave for a visit to relatives in Savannah. Rev. Crumpler of Brooklet preached an interesting sermon to a large congregation. We are sorry to hear of the illness of Mrs. Crumpler.

ECHO

Messrs. D. C. and Adam Finch spent the day quite pleasantly at the home of Mr. S. F. Sandr's Sunday. Mrs. Luvenia Bird of Tattnall, is visiting at this place. Messrs. James Clifton, Harmon Miller and Harvey Sanders attended Sunday school at Oak Grove Sunday. Miss Emma Hendrix was the guest of Misses Ruby and Mandie Mixon Sunday.

We regret to chronicle the illness of Mrs. W. R. Brady. Mrs. John Kitching attended the sing at Mr. E. G. Hendrix Sunday evening. Mr. Hardy Hendrix of Portia, was in our midst Sunday.

Mr. Remar Warnock of Brooklet, spent yesterday in the city. Anyone who wants to commence business will do well to call and see me, as I have a new and well selected stock of dry goods and shoes to close out at a sacrifice. Clary, Statesboro, Ga.

The fire test made by the representative of the insurance companies showed that we can fight fire successfully, and our property owners hope to get a cheaper rate on their buildings and stocks. Miss Lula Summerlin, of Register, was the guest of Miss Inez Oglesby, of Gooding Sunday. Miss Eva Olliff returned from Gainesville where she has been attending school at Breunau college on Wednesday. She will spend her summer vacation at home. Sick headache results from a disordered stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale at All Druggists.

The people have splendid opportunities to supply themselves with dry goods and shoes at Clary's closing out sale. Notice of Griner's grape juice and try a glass. Dr. B. D. Braswell, of Rentz, passed through Statesboro Wednesday enroute to Brooklet, where he will go in business with Dr. Floyd. Raveland Riggs and John Wilson who live near Register, became involved over some trivial matter last Saturday, which resulted in Riggs getting a few flesh wounds.

Petition for Charter.

Georgia Bulloch County: To the Superior Court of Said County: The petition of Wayne Parish, W. B. Martin, Benj. E. Procter, and Geo. B. Beasley, all of said state and county, respectfully shew:

First: That they desire for themselves, their associates and successors, to become incorporated as a fraternal beneficiary order or association under the name and style of the Home Fraternity with a supreme council at Statesboro Georgia.

Second: That the term for which petitioners ask to be incorporated is twenty years, with the privilege of renewal at the end of this time.

Third: That the sole object of the proposed order or association is for social, beneficial, and benevolent purposes, and to insure at small cost the lives of its members, and to do and perform such other acts and to be clothed with all rights and privileges and immunities, and made subject to all the restrictions and liabilities fixed by law, and especially keeping within the provision of the act of the general assembly of Georgia approved December 17th 1900.

Wherefore petitioners pray for themselves and their legal successors to be made one body complete and politic.

G. S. Johnston Attorney for Petitioners. Georgia Bulloch County: I, B. F. Lester, clerk of the superior court of said county, do certify that the foregoing application for charter is a true copy of the original of the file in this office. This May 4th, 1905. R. F. Lester, Clerk.

### LETTER TO B B SORRIER.

Statesboro Ga.

Dear Sir: Two years ago, Mr Grant Smit, Erie, Pa. painted three frame houses, and the workwood of a brick house.

The painter estimated \$119.50 for the paint, lead-and-oil.

He bought Devos \$7.40 and returned \$11.20. Saved \$11.00 on the paint. Don't know the cost of the work. By the rule, the saving of labor would be from \$90 to \$90.

This is the tale, as it comes from Messrs W F Nick & Son, our agents there for 40 years.

Yours truly, F. W. Devos & Co.

### REV. CRAWFORD JACKSON

Lectured Wednesday Evening at Methodist Church.

The Rev. Crawford Jackson, of Atlanta, presented to an audience at the Statesboro Methodist church last Wednesday evening, an interesting and instructive discourse, the theme being, "A state reformatory for juvenile criminals." It was in every sense, a grand effort in behalf of the young and rising generation. He drew several imaginary portraits of our young criminals being placed in prisons with hard and debased characters, where the influence of such hardened criminals wrought these young lives. Under these circumstances there is little hope of ever reclaiming and bringing them back to the path of right and rectitude.

Rev. Jackson has seen the necessity of such an institution in our state and is spending his time and talent in putting it before the people in its purity and simplicity. There were several present, who made short, but telling speeches in behalf of an institution of this kind, and will, in all probability, take up the work which will protect our young boys, who, heretofore have fallen into the hands of wickedness and vice.

The plan designated was to establish in each county juvenile courts to convene at such time and place as necessity demands and try these young criminals and, if convicted, send to the reformatory, instead of being sent off with a class that would send them farther down into degradation.

The following petition was unanimously adopted:

"To the General Assembly of the State of Georgia:

"The undersigned citizens of said State, respectfully petition your Honorable Body and earnestly urge you to enact such laws as shall protect juvenile delinquents from the moral contamination resulting from the present method of treating them as ordinary criminals; your petitioners humbly pray, therefore, that you will establish a State Reformatory, and, wherever practicable, in larger cities, a Juvenile Court with the Probation System so that youthful offenders may be submitted to such conditions and treatment as shall most conduce to their reformation."

The following committee was appointed to solicit names to the above petition:

G. S. JOHNSTON.  
F. C. WALLIS.  
J. A. McDONALD.

### A Good Suggestion

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturer that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pain in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by All Druggists.

### NOTICE.

Our evangelist meeting will begin at Brooklet in the Methodist church on the evening of June 2nd instead of June 5th, and will continue until the 14th. The distinguished evangelist, A. B. Crumpler, from N. C., will do the preaching. Every body is cordially invited to attend. Do not lose a single service. The Holy Ghost will be placed in power.

P. H. Crumpler, Brooklet, Ga.

### Hot Weather Piles.

Persons afflicted with piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which makes piles more painful and dangerous. ### To Change Divorce Law.

Hon. George W. Williams, one of the members of the legislature from Laurens county, will introduce three companion bills in the legislature, which, if passed, will materially change the divorce laws in Georgia. His bills will make, if passed, the following the only grounds for a total divorce: Intermarriage by persons within the prohibited degree of consanguinity and affinity. Mental incapacity at the time of the marriage. Impotency at the time of the marriage. Delicate state of wife at the time of the marriage unknown to the husband. Adultery in either party after marriage.

The following reasons are allowed for partial divorce only: "Wilful and continued desertion by either of the parties for the term of three years; the conviction of either for an offense involving moral turpitude, and under which he or she is sentenced to the penitentiary for the term of two years or longer, or in case of cruel treatment, or habitual intoxication by either party."

Mr. Williams is one of the best lawyers in that section, and is a very forceful speaker and ready debater. He will be heard on all questions of importance which come up before the legislature. In the passage of his divorce bill and other remedial legislation he will be assisted by Hon. David J. Clark, the other representative from Laurens county.—Macon News.

# RUSSIAN FLEET IS ANNIHILATED.

## Greatest Naval Battle in World's History Sends Twelve Russian Battle Ships to the Bottom

### Rumored that Admiral Rojestvensky Went Down With His Flagship--Russian People are in Great State of Excitement, and Revolution is Expected to Break out in St. Petersburg--Nicholas' Throne Totters Under the Terrible Strain.

Up to the hour of going to press the latest that could be had over the wire is to the effect that the entire Russian fleet has been annihilated, that in trying to force a passage through the Korean straits Admiral Rojestvensky and his fleet were intercepted by the Russian fleet and forced to battle with the most disastrous results suffered by the Russians. It is reported that the Russian admiral went down with his flagship and that there was practically no losses on the Japanese side. The latest dispatches only go to confirm the early news which is printed below:

Tokio, May 29, 2:15 p. m.—It is officially announced that Admiral Rojestvensky's fleet has been practically annihilated. Twelve warships have been sunk or captured, and two transports and two torpedo boat destroyers have been sunk. Washington, May 28.—From information which has been received in Washington today, it is

believed that two of the Russian ships reported to have been sunk in the Korean straits by the Japanese are the Orel and her sister ship, the Borodino. They are battleships of 18,000 tons. Three other vessels reported sunk are believed to have been cruisers, the remaining one being a repair ship.

SIX SHIPS HAVE GONE DOWN. Washington, May 28.—The American consul at Nagasaki called the state department today that the Japanese have sunk a Russian battleship, four other warships and a repair ship in the straits of Korea.

### FIGHTING BEGAN AT NIGHT.

St. Petersburg, May 28, 7:45 p. m.—A dispatch to a news agency from Chefoo says that private advices have been received by the Japanese consul there stating that the main portion of the Russian Baltic fleet engaged the Japanese

squadron in the straits of Korea last night. CENSORSHIP COMPLETE AT TOKIO. Tokio, May 29, 7:45 p. m.—Absolutely no news concerning the operations of the Japanese and Russian fleets was obtainable here today. Newspapers are held under absolute leash, and all telegraphs and cables are closed to press dispatches. The following is the text of the Nagasaki dispatch to the state department: "Nagasaki, May 28.—Japanese sunk the Russian battleship Borodino and four more warships and a repair ship."

The other dispatch reads as follows: "Tokio, May 28.—Japanese fleet engaged the Baltic squadron this afternoon in the straits of Tsushima, which was held. Cannonading heard from shore.

### Married Third Time.

Our readers have doubtless read of the domestic troubles of John Allen, his incarceration in jail here, charged with mistreating his family, etc. A suit for divorce and a division of the estate was also a feature in the proceedings, the division was made all right, and the suit for divorce is pending, but the latter suffered a setback one day this week, when Mr. and Mrs. Allen again joined their fortunes for good or for bad, and left for an extended bridal tour; extended we mean to say, because they left in the direction of Stillmore and other points up that way.

This is the third time that this family has been wrecked by dissensions and followed by a re-union.

### Young Thief Nipped in Bud.

Jim, the 15-year-old boy of Jim Love, a well known negro living in South Statesboro, was nipped early yesterday morning with a lot of canned goods and a bicycle pump in his possession. Night Watchman Morgan spied the youngster about 4:30 with an arm full of these goods, and interrogated him as to where he obtained them. A number of lies were told as to where he got so many goods at such an unseasonable hour, but the officer would not shake off, and nabbed the kid while the dew was still on him. Later he made a confession and told where he obtained the stuff. The canned goods were obtained from Mr. C. H. Hamilton. They were in a warehouse back of the store, and by some reason the door had been left unlocked, and a prowling around saw his opportunity and laid hold of some of them. Passing by Mr. L. F. Davis' bicycle shop he saw a bright bicycle pump in the window and took it along too. He pleaded guilty before Judge Brannen and was given ten months for stealing the canned goods and four months for the bicycle pump.

The fines will amount to about \$150. His father has a little piece of land in the edge of town and is making an effort to settle the fine and keep his boy out of the gang, but he is asked to the credit of the boy, that as he was, he asked that he be allowed to work it out in the gang rather than see his father sacrifice his little home.

Mr. Brown had just harvested his entire oat crop, which was in the barn burned, and other feed stuff was consumed.

Two fine mules which he prided very highly were burned to death before they could be rescued from the flames. We did not learn the origin of the fire, in fact we understand that it is not known whether it was of an incendiary origin or not. This part of the affair will be investigated, however and efforts made to bring the guilty party to justice, if it turns out that the deadly hand of an incendiary had anything to do with the fire.
