In Memoriam.

The angel visited the home of Mr. Charlie Miller and carried away his loving companion. Mrs. Lillie Miller, nee Hodges, died June 30, 1905. Just as the clock was striking seven the angel carried her away from this world of sin and sorrow to a better world than this where she now enjoys the bliss of that fair and happy land with loved ones gone before.

She was born in Bulloch in 1865, making her stay on earth twenty years. She was married to Charlie Miller in 1908, being married only eighteen months at her death. She was a loving wife and daughter. It is so sad for one to be taken away from such a good husband, but we will say to him—weep not—he is basking with the angel where sorrow is no more. We all know she is at rest. She was too good to stay with us; it is God's way. His will be done, not our will.

She was such a good and moral girl, loved by all who knew her. Every body was always glad to meet Lillie. She was buried at DeLoach cemetery, Elder H. B. Wilkinson conducted the funeral. She leaves behind a loving husband, father, mother, three sisters and four brothers to mourn her loss, but our loss is her eternal gain.

She is missed so much it looks like we cannot give her up, but we know we must. Her voice is silent, her eyes are closed in death, she lies silent and cold in the tomb. We cannot look and see her coming again. Oh, dear Jesus, come and help us to bear our troubles. She must have been warned of her death, for she told her sister a few days before she died that she was not going to live and she called her husband and told him she was going to die.

Oh, it looks like we can't give her up, but dear father and mother don't grieve over your loving daughter, reconcile your mind by knowing she is far better off than on this earth. To the husband we would say: wipe your weeping eyes, and say farewell dear Lillie, you are happy while I will try to meet you. Oh how sad and heart-breaking it was to give her up, yet the Good Lord saw fit to take this dear one from us.

All that medical skill and loving hands could do was done, yet none could save her. Oh, how sad it is to think of leaving this world and be laid on the clay and be forgotten, but the Good Lord knows His duty, and let's all try to be prepared to go when the summons comes, because we know not what minute the Good Lord is going to call us and let's make up our minds and content ourselves to know that dear Lillie is at rest; of course, we can think of ten thousand things she said and done but we must let it go and make ourselves contented.

Peaceful be thy silent slumber, Peaceful in thy grave, let us know. Thou no more will join thy number, Thou no more our song shall know. Come my friends and mourn with me in my afflicted state, I'm bereaved as you may see Of my dear loving mate.

Her heart was bound with mine by love God's work for to maintain, But she is gone to Christ above, Forever there to reign.

My loss is great to lose my mate, I'll go alone and sigh and mourn My dear and absent love.

But we will say weep not, the Good Lord says come unto me little children, But remember her husband, forget her not; your best friend is gone and you will never find another as Lillie.

There is a fountain filled with blood, Drawn from a Man's vein, And sinners plunge beneath thy food, Lose all their guilty stains.

Indigestion Cured. There is no cure of Indigestion Dyspepsia or Stomach Trouble will not yield to the digestive and strengthening influence of Kodol dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest, until it grows strong again. Kodol dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as in a weakened condition. Sold by W. H. Ellis.

To Citizens of Bulloch. Statesboro has been selected as the place and July 20th as the day for the annual reunion of the veterans of Bulloch county. The object of these reunions is to preserve in the dearest, tenderest recesses of our hearts, the memory of our dead comrades and to draw closer the ties of brotherhood between the survivors.

Statesboro has promised to again open her liberal hand and we feel that in so laudable a cause all our people who can ought to bring well-filled baskets to help feed our veterans and their visiting comrades from adjoining counties.

We bring as our orator no hired mercenary, but the son of one of the wiregrass comrades, who, during the days of blood, bore his stars and bars, and whose son, by his sacrifices for us has placed our people under a debt of gratitude which can never repay.

We bring a type of purest southern blood—Captain R. M. Hitch.

With an abiding faith in the liberality of our people, we respectfully submit.

"Bent Her Double." "I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful!" Guaranteed to cure stomach, liver and kidney disorders; At W. H. Ellis' drug store; price 60c.

"HARVIE JORDAN." President Jordan's advice to the farmers to go slow in selling at existing prices is given as the result of reports received at the office of the Southern Cotton Association from all parts of the cotton belt. These reports indicate that the weather conditions have worked disaster to the growing crop and that it will be much shorter than anticipated a week or ten days ago. At that time President Jordan advised the

farmers to sell their holdings slowly, being content to get ten cents and not hold for exorbitant values.

The heavy rains, however, and the reports that pour in from every direction convince him that a very small crop is in prospect and that it will be well for the farmers to go slow in letting his holdings go.

The Southern Cotton Association has perfected a system by which it gets reports from the crop all over the south and its officers keep posted on the situation. President Jordan has issued his statement that the farmers may get the benefit of the association's information and market their crop to the very best advantage.

The Statesboro News
(INCORPORATED.)
Statesboro, Ga. July 18, 1905
Published Tuesdays and Fridays by
THE STATESBORO NEWS PUBLISHING
COMPANY.
Entered at Statesboro Ga. Post Office
as second class mail matter.

Statesboro will move forward,
and will hold first position in all
this section of the state.

The dates for the hearing of the
new counties have been fixed by
the Legislature, and we will soon
know about it.

These long campaigns that de-
velop into personalities are an
abominable nuisance to the people
of the state.

Mean liquor and cigarettes are
the worst enemies of the human
race, and the boys had better learn
this now.

Joe Hill is the leading member
of the Georgia legislature, be-
cause he has ideas, and the cour-
age to enforce them.

Now good people listen. The
state is safe, because the farmers
are making plenty of hog and
hominny and ten cents cotton.

Don't forget to keep your eyes
on the new negro coming to your
communities. The chances are
that he is a criminal from some-
where.

Good roads mean, an increase in
value of lands, quicker travel,
bigger loads, a saving of vehicles
and horse flesh, and a higher civi-
lization.

Money spent in public improve-
ments helps everybody, rich and
poor, and the burden falls on the
rich, because the man who has no
property, pays no taxes.

The cotton growers association
slipped up on the recently office-
holders in Washington one time,
and are after the rescals who were
giving away government secret.

The love of money has brought
many a fellow to do things that
he will regret some day, and he
will learn when it is too late, that
a good name is better to be chosen
than great riches.

The people are rising up against
corrupt officials in all parts of the
country. The bootleggers are having
a tough time in the big cities.
Even some of the small towns
need cleaning up.

A Town Government.

Too often town authorities are
impressed with the idea that they
are doing their whole duty when
they lay and collect taxes and in-
augurate some great public move-
ment. They forget that the most
valuable asset of a town or nation
are the boys and girls, and forget
that all governments are more or
less paternal. If boys and young
men can be saved from the vices
of drinking, gambling and cigar-
ettes, the future manhood is safe.
A town government that ignores
and looks over their duty in these
particulars are making a failure
in this day and time, and officials
who can claim nothing to their
credit, except the collection of
taxes and public improvements,
have made a failure. The moral
welfare, and the protection of
boys from these evils are worth
all the paved streets and big ho-
tels that will ever be built. Sev-
eral of the states have made it a
crime to smoke cigarettes, and all
the testimony is that they are do-
ing more to injure the youth of
the land than all other agencies.
A town government that permits
merchants to sell such stuff to
boys is not doing its duty. If a
father has not got the sense to
protect his boy, then it is the duty
of a government to take charge.

More Road Talk.

There is considerable discussion
in regard to the present system of
working the public roads. A few
weeks ago Mr. Jas. L. Stubbs
came out in a very pertinent
piece in which he called it a hum-
bug. Mr. Stubbs has the endorse-
ment of at least four-fifths of the
people of the county, for "hum-
bug" is the name given it by
nearly every man whom I have
heard speak of it.

But in last week's paper some
one called himself "Hay Seed"
and threw some sarcasm at all those
who do not endorse this humbug. He in-
timates that if a man differs with
him he would not be satisfied in
heaven. Now, I don't propose to
deal with this kind of talk, but
will say that it is no more a crime
to oppose the present plan, which
nearly every man opposes, than to
oppose the old system in which
nearly every one agrees.

I have been over nearly every
part of the county and am sat-
isfied that almost every man in
the county would vote against the
present system were they allowed
to do so—outside of those who
make money out of it, or their
kinsman. Some times an over-
seer is seen working only three or
four hands, and, of course, he
don't care how long it takes him
to get over his district, for the
longer it takes him the more
money he makes.

In case of a storm or tornado
under the present system it would
take twelve months or more to
open the roads for travel. To my
knowledge there is logging across
the public road in the 48th dis-
trict, and has been there ever
since the present road law has
been in operation and the good
Lord only knows how much longer
it will remain there. And some
of the roads have been washed in
holes, rendering them almost im-
passable. Under the old system
every section of the roads could
be worked over in one week, and
that without expense to any one.

Yes, the old system is the better
plan if the law was enforced. No
law is any good unless it is acted
upon.

Mr. "Hayseed" seems to think
that this new plan is the thing be-
cause as the lumber and turpen-
tine men are the ones who cut the
roads mostly, they now have to
pay their money. I understand
that a turpentine hand, like all
others, pays only 80 cents per day,
and of course he is worth much

more than that to his employer,
while under the old system he
could not shirk that way, but
would have to work the road.
It is true, in some places the
roads are fixed up pretty well,
while in other places they are
made worse. I see some flat places
thrown up so narrow they remind
me of the old time potato ridges;
and I know of some sandy hill-
sides being ditched on either side
and more sand thrown in the road
until the sand is well high knee
deep. Overseers should be men
of judgment. This was the cause
of much complaint against the
old law. Take the old law and
put men of judgment and energy
as commissioners and overseers
and we would soon have good
roads with but little and com-
plaint and no expense.

Respectfully,
B. W. DARSEY

Another Point of View.
Florence Kelley, the secretary of
the National Consumers' League,
has at heart the welfare of factory
workers, and in her study of
factory conditions has made odd
friends, and heard many whimsi-
cal remarks, say the Minneapolis
Journal.

"We often ask," she said the
other day, "why women dress—
whether it is to please the men, or
to please the women. There seem
to be only these two motives for
fine dressing, but this morning
a third motive was pointed out
to me.

"Two girls stood at a cop-wind-
ing machine in a spinning mill,
talking about clothes.
"That new white dress of yours,"
said the first girl, "will never
please the men."
"The other, tossing her head,

replied:
"Him! I don't dress to please
the men but to worry other
women."

not expect her to live from one hour
to another," he says. "I happened
to think of Chamberlain's Colic,

got a bottle of it from the store. In
five hours I saw a change for the
better. We kept on giving it and be-
fore she had taken the half of one small

Mr. Morgan, who will also be here
to celebrate the day, served
through the war gallantly with
Wheeler's cavalry, and in honor
of the day, will hoist above the
ice factory the grand old flag of
the confederacy, where it will float
in the breeze of a glorious day over
the ice factory, an institution
which is the pride of all home in-
dustry loving people of Bulloch.

Come all and give a hearty
cheer for the old flag and the ice
factory.

**One Dollar Saved Represents Ten
Dollars Earned.**
The average man does not save to
exceed ten per cent of his earnings.
He must spend nine dollars in living
expenses for every dollar saved. That
being the case he cannot be too care-
ful about unnecessary expensary. Very
often a few cents properly invested,
like buying seeds for his garden, will
save several dollars outlay later on. It
is the same in buying Chamberlain's
Colic, Cholera and Diarrhoea Remedy.
It costs but a few cents, and a bottle
of it in the house often saves a doctor's
bill of several dollars. For sale
by All Druggists.

New Counties Must Go Over.
Atlanta, July 15.—Not a few of
the members of the house and
senate, particularly some among
those on the committees on new
counties, are already reaching the
conclusion that new county legis-
lation at this session is practical-
ly out of the question.

Indeed, the first new county
hearing before the two committees
on Friday has almost demonstrated
the impossibility of anything
being done within the thirty-three
days that are left, if the matter
is to be gone into as thoroughly
as the situation demands, and as
the committees are inclined to do
it.

There are already twenty-two
of these new county schemes before
the house and senate. Each has
its advocates and opponents. In
each case there are also parties
who do not object to the estab-
lishment of the new counties, but
who want either to be taken in or
to be left out. They also must be
heard from.

It was said of "Tift" county,
the first of twenty on the calen-
dar, that it had no opposition.
The hearing developed all sorts of
opposition, not particularly to the
formation of the new county itself,
but to the boundary lines and the
manner in which it was pro-
posed to form it.

Monday afternoon comes the
Crisp county hearing. This is the
movement that contemplates tak-
ing a part of Dooly county and
forming a new county with Cor-
dele as the county seat. There is
red hot opposition to this move-
ment, and those who favor the
new county are equally determined.

It is not likely that Crisp county
will be disposed of in one after-
noon, and yet three new county
schemes have been assigned for a
hearing on Monday. On Monday
night, too, the advocates of Crisp
county have been given permis-
sion to present some stereopho-
n views illustrative of their argu-
ments as to why Crisp should be
established. This practical dem-
onstration will take place in the

Deafness Cannot Be Cured
by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous lin-
ing of Eustachian Tube. When this
tube is inflamed you have a rumbling
sound or imperfect hearing, and when
it is entirely closed deafness is the re-
sult, and unless the inflammation can
be taken out and this tube restored to
its normal condition, hearing will be
permanently lost. Deafness is caused
by ten causes by catarrh, which is
nothing but an inflamed condition of
the mucous surface.

We will give one hundred dollars for
any case of deafness (caused by cat-
arrh) that cannot be cured by Hall's
Catarrh Cure. Send for circulars, free.

Cigarette Law in Indiana.
Passengers on the New York
Central's fast Chicago trains have
expressed surprise at the thorough-
ness of the observance of Indiana's
new freak cigarette law on the
trains, says the New York Tribune.
It is impossible to buy a Cigar-
ette on trains which run through
the state. On the Twentieth Cen-
tury Limited, which leaves New
York at 8:00 o'clock in the after-
noon, one can buy the paper
wrapped smokesticks in the dining
car. This car is taken off at
Buffalo and does not enter In-
diana. In the cafe car, in one of
which so many unfortunate lost
their lives at Mentor, O., no
cigarettes are sold as the car goes
through to Chicago.

This fast train makes one stop
in Indiana, at Elkhart, which is
the terminal of one division.
Here a New Yorker experiment-
ed with the law the other day.
After vainly trying to buy a
package of cigarettes on the train
he found a passenger who had a
supply. When the train stopped
at Elkhart he got off, strutted up
and down the platform puffing
vigorously to see if he would be
arrested. He had begun to think
that the law did not amount to
much after all, when a Hoosier
sidled up to him.

"Give what, but that cigarette
smells good," said the Indianan,
"I ain't had a puff for six weeks.
If you don't mind I'll just walk
alongside of you till the train
starts and get some of the smoke
second hand."

"Have a cigarette," said the
New Yorker.
"Don't you let any one see you
give it to me," whispered the
Hoosier.

"They'd run us in, both of us,
you for given' and me for takin'.
Say, partner, would you mind
dropping that cigarette on the
platform, careless like. It's the
only way around the law."

Sam Flower Party.

On last Wednesday evening at the home of Mr. and Mrs. H. S. Barr near Adelaide, their daughter, Miss Sallie, entertained to a Sam Flower party in honor of her attractive guests Misses Mae Walker and Belle Harling, of South Carolina.

At 8:30 o'clock the invited guests assembled in the beautifully decorated parlor where a guessing contest was indulged in, and also the drawing of the artificial sun flower for supper. They were then taken into the dining room where ice cream, cake and other refreshments were served.

The parlor, halls and dining room were tastefully decorated with large sun flowers and potted plants. Music was rendered by Miss Belle Harling and many interesting games were played.

At 12:30 o'clock the merry party dispersed to their respective homes, declaring Miss Sallie as a delightful entertainer.

The first, second, third and fourth districts of the Baptist Sabbath school convention met Friday before the third Sunday in July at Thomas Grove Baptist church. There was a large number, more or less than 2,500 people, there. Received over \$3.50 out of the four districts, and all never reported. We had no time on Friday, but Saturday it looked like the speculators were going to take possession. Three stands were erected from Friday evening to Saturday morning, but by the system of our good white friends and a few of our honest colored workers seeking the law made the enemy retreat back in the wilderness, and God's hosts came in with a fine report. It looks like now when we the colored population, go to have our associations and conventions and can't manage the outside of the church call on our good white friends, who have the law in their

hands and will show us how to subdue the law breakers. It looks like if the colored population would start out now they will have better times.

Ten Thousand People Hear Captain Hitch.

Greatest Re-Union in History of the Veterans' Association—The Big Crowd Enjoyed the Day in Great Style.

On yesterday Statesboro was strictly in the hands of the Confederate Veterans of Bulloch and adjoining counties. As early as six o'clock the advance guard of a long and continuous procession of vehicles began to pour into the city from every road that enters Statesboro.

At nine o'clock the Central of Georgia brought in a long train load from up the B. & P. Every coach was crowded to its fullest capacity and the passengers were hanging from the steps on the platform. At 10:30 the Savannah & Statesboro special arrived from Savannah. Every coach was packed to suffocation, and again at eleven o'clock the Central brought in its train from Dover with several coaches filled. On this train was a delegation of about seventy-five veterans from the Sevier county camp, who came as a body as had been announced in these columns before. There were about two hundred other Sevier county citizens and a large delegation from Savannah and along the route between here and that city. By this time Statesboro was one something mass of humanity. Every nook and corner was filled and the side walks had long refused to hold the crowds. The middle of the streets in many places were filled.

Major Cone, who was commander-in-chief and marshal of the day, took charge of the big crowd.

The veterans assembled at the Savannah & Statesboro Ry. depot and gave Capt. Hitch and party a round of applause upon the arrival of the train from Savannah on which they were traveling. The line of march halted at the Central railroad depot and were joined by the veterans from Sevier who joined in the line of march up East Main street, through the business section of the city to Brannens park in West Statesboro.

A carriage decorated in the colors of the confederacy preceded the veterans; in the carriage sat Miss Ines Williams, Miss Stella Samples and Miss Overstreet, of Sevier, who were the sponsors for the camp, together with Capt. Hitch. Following was the long line of veterans, which was the longest we have ever seen in a procession in Statesboro.

Capt. Hitch was introduced by Col. R. Lee Moore, who paid to this distinguished son of Georgia, the highest tribute. Col. Moore's remarks were literally applauded.

Capt. Hitch arose amid a deafening round of applause, and his speech, which will be published in detail in these columns next week, was pronounced the ablest that has ever been delivered before the veterans of Bulloch county. He was frequently interrupted by round after round of applause.

After the speaking dinner was spread under the grove in the park, and if any body went off without plenty to eat it was their own fault.

The crowd while large was perfectly orderly and not a jar was reported to mar the occasion.

Everybody seemed to be in a good humor, and we believe that all who were here carried home with them the best of feelings for the town and its people.

Capt. Hitch was hailed by a large percentage of the crowd as a returning hero. Men crowded up against each other to shake his hand, and one to stand aside and hear the expressions of the great masses of the people as they shook his hand would lead you to believe that he was among his friends.

Communication
Mr. Editor:
In your issue of July 11th there was a communication by "Hayseed" in regard to working the public roads under the new system.

First he says that is the only just and best way to work public roads. He said that he didn't think the gentleman ever saw the roads in other counties worked under the same system. I don't think this gentleman ever saw much of this county worked under the new system. If he has he has seen more than any other man, for I have been in all parts of the county and it is the same thing everywhere—no work done and wasting more money.

Now, gentlemen, I want to ask you enforce the road law, I don't condemn the new law, but I do condemn the overseers and commissioners for not discharging their duty.

We have bought twenty head of mules and plows to work on the public roads, and a few days ago I saw a young man splurging on Sunday evening driving one of the county's mules. I asked some man to tell me if that was what they were bought for. Gentlemen I ask you to enforce the new law or abolish it and give more work and better work. Turn on the light, brother, and let us all see. Another "Hayseed."

Bids Wanted.
Sealed bids solicited on Glenhill school house, to be sent to Secretary J. B. Proctor by Aug. 10, 1905, Groveland, Ga., R. F. D. No. 1.

Specification of Glenhill school house: Pillars, of best brick, 18 inches high, not over 8 feet apart; sills 6x8 inches with center sill sleepers 2x8 not over 2 feet apart; flooring 1x4 all heart, dressed and matched; all corner and door posts 4x6; window posts 4x4; balustrade of posts 2x4; plate 2x4; doubled girders 2x5; 10 in box with return girders 27 feet long and 2 feet apart; square roof, rafters 2x4, cover with first class shingles or good boards; weather boarding 1x6, heart lumber and dressed; siding matched plain; 18 pair blinds 2x5-2 feet blinds; 10 doors 8x7 feet; main body of house 25x30 feet, 14 feet high with auditorium 25x30 feet on front, 6 foot veranda all around front with railing; four sets of steps, back steps with weather shed over; ventilator in each gable; building well braced bottom and top; two clock rooms in main body of house. Building to be completed by December 15, 1905. Contractor to furnish all material. For further information apply to J. B. Proctor, R. F. D. No. 1, Groveland, Ga.

I know if we had to pay a tax to stay in heaven we would not be satisfied, for we would know the new system of working the roads would be there, and then we would want to go up higher.

But I say if Mr. "Hayseed" could get on a front seat he would not venture to ascend the Lord's throne with the new road law on his shoulders.

Come again Mr. "Hayseed." Rattlesnake John.

In a game of ball yesterday on the local diamond between Statesboro and Guyton the latter was victorious the score being 18 to 15.

More Road Talk.

Mr. Editor:
In your issue of July 11th there was a communication by "Hayseed" in regard to working the public roads under the new law. He writes Mr. Stubbs to come up and look at the paved roads of paradise in the 1820th district. I will now write Mr. "Hayseed" to come down to the 1840th district to gaze on the holy, rooky and crooked roads of purgatory.

Mr. "Hayseed" said he didn't think the gentleman even saw the roads in other counties worked by the same system. I never have either. He referred to Jefferson county where they spent \$800.00 in work on one mile of road. He never stated whether they had the ties and rail laid or not; I guess they have.

"A black spot in the Sun."
Mr. "Hayseed," are they building trams on the great Panama and New York railroad?
Our commissioners ought to put the chauling on the roads just as soon as they get the swampy places fixed, but it will take five years to do that if all the swampy places are like the ones in this district.

Yes, let the people condemn it, we don't mind the money, but the road not worked and the money gone.

Yes, we pay the overseer \$40 per month to look out more public roads. I am like Mr. Stubbs, I knew we have enough of public roads if Bulloch has got 25,000 inhabitants. Every inhabitant can't have a public road to go by his house.

Our overseer does the collecting himself, and a lot of the mules are at work on the farm, hauling cotton choppers and cotton pickers and drove out on Saturday and Sunday.

If it was \$1.80 in Jefferson county a few years ago, I guess it is not now if they pay \$800.00 per mile.

In most of the sections of the county there were better roads than there are now since the present law came in force.

Now, Mr. "Hayseed," we all know that Rome was not built in one day, nor did the people have to pay a tax of three dollars per year or less to build that city and hire overseers to command the work.

I know if we had to pay a tax to stay in heaven we would not be satisfied, for we would know the new system of working the roads would be there, and then we would want to go up higher.

But I say if Mr. "Hayseed" could get on a front seat he would not venture to ascend the Lord's throne with the new road law on his shoulders.

Come again Mr. "Hayseed." Rattlesnake John.

Williams Gets a Verdict for \$1,000

One of the hardest fought civil cases heard in Bulloch county court house in a long time was that of R. M. Williams vs M. M. Holland which was tried at the adjourned term of the city court this week.

The circumstances of the case are as follows:

Last September, while passing the office of Dr. Holland, Mr. Williams saw what he claims to have been a man, he thought to be Mr. A. J. Clary, sitting on the steps and spoke to him, calling him by the name of Clary. Dr. Holland, who was sitting there, took offense at this, inasmuch as he believed that the remark was intended as a slur; he and Clary not being on good terms, Dr. Holland accosted him and struck him a blow in the face, causing, as Mr. Williams alleged, much mental and physical pain, humiliating him in the estimation of his friends and neighbors.

Dr. Holland was fined \$15 in the Mayor's court and again in the city court he was fined \$50 and cost, and Tuesday a verdict for \$1,000 and cost was rendered against him. This makes it a rather costly lick that he gave to Williams on that occasion.

Dr. Holland claims that he is not altogether responsible for the damages alleged to have been inflicted on Williams. Just before the trial he had one in the same eye with a beer bottle in the hands of one Gabary, the bar tender in the Pulaski House in Savannah. "The lick there is said to have knocked him down."

A large number of witnesses were sworn, and the following attorneys made up the line in the case: For the plaintiff, R. Lee Moore, Moore & Deal, and Judge H. D. D. Twigg; for the defense, Brannen & Booth and H. B. Strange.

We learn that a new trial has been asked for. The case will probably go to the supreme court.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expensiveness. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by All Druggists.

\$559,729

The above figures show the amount of the gain in the value of taxable property for Bulloch county over that of last year, according to the tax digest just made up. The white polls have increased about 75, and the colored decreased about the same amount. We will give the figures in detail in our issue of Tuesday.

THE FIGHT COMES UP ON 26TH.

That Day the New County Committee Will Hear the Contending Parties On the Stephen County Proposition.

The reasons why Metter should or should not be given a new county will be heard before the new county committee of which Joe Hill Hall is chairman, on the 26th, next Wednesday.

It is safe to say that the committee will not be lacking in information, either pro or con. Metter has been stirring herself for some time, gathering in statistics, etc., going to show that it would be a source of great benefit to a large number of people in that section to have a new county cut off, with Metter as its capital, and the people of other sections of the county, and probably a number from the section affected, will be on hand to enter a most emphatic protest. It will be their business to refuse what ever claims that the people of Metter may make.

A mass meeting has been called to assemble in Statesboro on next Monday at eleven o'clock to discuss the matter. The notice has been so worded as to invite all parties living in Bulloch to participate, whether they are in favor of or opposed to the new county. It is hoped that the meeting on Monday will be able to present to the committee the wishes of the majority of the people of not only other sections of the county but a majority of those in the 45th district as well, as that comprises the principal portion of the territory to be sliced, with a small section of the 1820th.

The people living in those two districts are especially urged to come out on Monday. It don't matter whether they are opposed to it or in favor of the new county; they are wanted in this meeting. The people from other sections who may be interested are expected to be out.

Persecuted to Starve.
B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Buckner's Arnica Salve." It's great for burns, cuts and wounds. At W. H. Ellis drug store; Only 50c.

A FEW REASONS WHY

C. B. GRINER & COMPANY CAN

Make the best ICE CREAM and COLD DRINKS to be found in the city.

1. Because they have spared neither time, pains nor money in equipping the handsomest and most up-to-date ICE CREAM Parlor in the city.

2. They are the only people who have a double draft, 20 syrup fountain where two people can work at once.

3. They are the only people who own and use an automatic lightning carbonator. (This carbonator is new and up to date in every respect. It does away with the old style of rocking your tank till you and tank both go to sleep and makes the cold sodas 20 per cent better and 500 per cent quicker. It is in their show window, see it work.)

4. They are the only people who can make and keep seven (7) different kinds of cream in absolute safety.

5. They can serve three drinks while others are serving one.

6. They use nothing in their creams or drinks but the very best that can be secured from the leading wholesale houses in the United States.

7. Their clerks are polite and attentive to every customer, and especially so to small children and ladies.

8. They serve a glass of sparkling ice water free with every glass of cream.

9. They sell enough cream to force them to freeze a new supply every day, so there is no danger of getting old cream for fresh.

10 They have an expert soda water and ice cream man in charge of that line who will be very glad to see that you are treated royally and receive the very best drinks and creams that can be made. He challenges the best.
