#### Railway Rates and Pay.

Employees and Boards of Trade Oppose the E. C. Townsend Bill. From the Railroad Record.

It would take a cotton crop of fifteen and a half million bales at 10 cents a pound to pay all the railroad employees of the United States their wages for one year. The roads have a million four hundred thousand employees in the whole country.

In Georgia they have 27,500 employees and within 200 of the same number in Alabama. The wages in each state amount to just about one million dollars a month or twelve million a year.

They spend three million more for fuel, oil and taxes in Georgia. They have spent four million dollars in and around Atlanta on permanent improvements in the last eighteen months. One road is spending two million dollars to build a new line through North Georgia. Other roads are spending enormous sums on side tracks, cutting down grades and increasing their facilities.

The average pay of railway employees in the United States is \$1.31 per day as against 71 cents in England, 57 cents in Germany and 52 in France. In Germany and France the governments own most of the roads.

The brotherhoods of Locomotive Engineers, Firemen, Conductors and Trainmen all over the country are petitioning Congress not to give any Commission power to fix rates. A great many Chambers of Commerce, Boards of Trade and shippers are doing the same thing.

Both the employees and shippers object on the ground that the roads would be so hampered by red tape and cost iron rules that they could not continue to develop and grow as they will do if left free to deal with the shippers like any other business.

It is the policy of American roads to help the producer reach distant markets, whether he be a cotton planter, manufacturer, a western grain farmer, a lumberman or anybody else. This policy aids the development of all parts of the country.

For example, the Southern Lumberman, cotton and fruit farmer and manufacturers could not begin to sell their products in their home markets. They have to ship long distances and they have to get lower rates proportionately on long hauls than on short ones. When governments make rates they have to make their rates according to distance.

**The Statesboro News**  
(INCORPORATED.)  
Statesboro, Ga., August 8, 1905  
Published Tuesdays and Fridays by  
THE STATESBORO NEWS PUBLISHING  
COMPANY.  
Entered at Statesboro, Ga., Post Office  
as second class mail matter.

Save your hay and the old cows  
will fare better when the cold win-  
ter days come.

The man who puts in six days in  
the week, the year round, will soon  
get there, and be independent.

It pays to be a law abiding citi-  
zen, for you will be happier and  
your children will be better off.

Russia and Japan are trying to  
make peace now, and if the vodka  
holds out, they may do it alright.

The cigarette will have to go for  
nobody wants a fellow who is ad-  
dicted to this pernicious habit.

Buy you a small farm in Bul-  
loch and make it blossom like the  
rose, and you will find contentment.

Evans P. Powell was one of the  
leading citizens of the state, and  
done much to bring Georgia to the  
front.

Problems come and go, but the  
big problem with many of us, is  
how to meet the note due in the  
fall.

Give us good roads in some way,  
some how, and then the fellow  
who is agin good roads can take  
the woods.

A full corn crib and plenty of  
meat in the smoke house concerns  
us a heap more than who shall be  
governor.

You can't be a good citizen, and  
at the same time be a bad one by  
doing things that are wrong and  
unlawful.

The Italian laborer and farmer  
is taking the place of the negro in  
the Mississippi valley, and cuney  
is crowding into the cities.

With plenty of guano factories  
located in Statesboro, the farm-  
ers will be able to obtain the ar-  
ticle at a very low price.

Inasmuch as competition is the  
life of trade, why not get up a  
cotton factory, for there is no rea-  
son why a man should be robbed  
simply because he is dead.

Against the law.

It is against the law to sell or  
give cigarette paper to minors,  
and those merchants who are en-  
gaged in trying to wreck the boys  
of the country by doing this thing,  
will be caught up with and made  
to suffer the penalty of the law.  
No right thinking merchant who  
has any regard for humanity will  
do such a thing, and we trust a  
simple warning will be sufficient  
to stop the business.

The cigarette habit is worse  
than the liquor habit, and is  
ruining more boys than liquor is  
men, and every citizen owes a duty  
to society to stop it.

**Attention Patrons**  
All parties getting mail on R.  
F. D. No. 8, which will be started  
out from Statesboro on next  
Thursday, are requested to pro-  
vide themselves with mail boxes  
according to the rules laid down  
by the postal regulations.  
Respectfully,  
D. W. Davis, Carrier.

**Friendship Suffering**  
is often caused by sores, ulcers and  
cancers, that eat away your skin. Wm.  
Hedell, of Flat Rock, Mich., says: "I  
have used Buckle's Arnica Salve, for  
Ulcers, Sores and Cancers. It is the  
best healing dressing I ever found."  
Soothes and heals cuts, burns, scalds

#### A Pleasant Trip.

After leaving Statesboro last  
Thursday and traveling by foot  
of the Moore road through Bul-  
loch and up in Kmanuel I found  
that the farmers were well up  
with their work and the crops  
suffering severely for want of rain.  
After spending a pleasant night  
at my old home with my children  
I was invited to meet with the  
community of Center Hill school  
house for the purpose of having  
an old time barbecue which was  
conducted by Mr. W. L. Steward.  
The morning was spent in pleas-  
ant conversation and drinking  
lemonade, which all did ample  
justice to the later if not the  
former. At 12:30 dinner was an-  
nounced: the table was filled with  
all the nice eatables which the  
good ladies had prepared, saying  
the nothing of the barbecue, so the  
most choice could have been and  
were contented with the different  
varieties prepared for the occasion.  
At 1:30 while every one was en-  
joying the lemonade there was a  
special invitation for all to meet  
at the school building for the  
purpose of hearing some profit-  
able speaking on education and  
other topics, the discussion was  
opened by Mr. J. L. Steward, W.  
E. Mills and T. J. Hart, after  
which we were dismissed with  
prayer by scribe.

All were again invited to meet  
in the grove, quench their thirst  
before leaving for their homes.

Another night spent at my old  
home I met with the church at  
Elam on Saturday morning for  
the purpose of hearing the pasto-  
Rev. H. G. Edfield. The meet-  
ing was a grand success. There  
was a large congregation for Sat-  
urday. Our heads were bowed in  
sorrow and our hearts were made  
sad when we learned of the death  
of Brother Henry Thompson and  
also that his wife was very ill.

He was a son-in-law of Rev. H.  
G. Edfield, and leaves a sick  
wife and seven children. We do  
earnestly hope that the good  
Lord will comfort the bereaved  
ones and restore the mother to  
her wanted health again.

I am at home again and find all  
well, for which I am thankful.  
J. C. WEBB.

etc., are quickly cured by the use  
of the genuine DeWitt's Witch Hazel  
Salve. Accept no substitutes as they

We like best to call  
**SCOTT'S EMULSION**  
a food because it stands so  
emphatically for perfect nutrition.  
And yet it is the matter of restor-  
ing appetite, of giving new  
strength to the tissues, especially  
to the nerves, its action is that  
of a medicine.

**Railway Rates and Pay.**  
Employees and Boards of Trade Op-  
pose the Koch-Townsend Bill.  
From the Railroad Record.

It would take a cotton crop of  
fifteen and a half million bales at 10  
cents a pound to pay all the railroad  
employees of the United States their  
wages for one year. The roads have  
a million four hundred thousand em-  
ployees in the whole country.

In Georgia they have 27,500 em-  
ployees and within 200 of the same  
number in Alabama. The wages in  
each state amount to just about one  
million dollars a month or twelve  
million a year.

They spend three million more to  
fuel, oil and taxes in Georgia. They  
have spent four million dollars in and  
around Atlanta on permanent im-  
provements in the last eighteen  
months. One road is spending two  
million dollars to build a new line  
through Noh Georgia. Other roads  
are spending enormous sums in other  
parts of the state on new station, side  
tracks, cutting down grades and in-  
creasing their facilities.

The average pay of railway em-  
ployees in the United States is \$1.81  
per day as against 75 cents in England,  
57 cents in Germany and 51 in France.  
In Germany and France the govern-  
ments own most of the roads.

The Brotherhood of Locomotive  
Engineers, Firemen, Conductors and  
Trainmen all over the country are  
petitioning Congress not to give any  
Commission power to fix rates. A  
great many Chambers of Commerce,  
Boards of Trade and shippers are  
doing the same thing.

Both the employees and shippers  
object on the ground that the roads  
would be so hampered by rate and  
cost iron rules that they could not  
continue to develop and grow as they  
will do if left free to deal with the  
shippers like any other business.

It is the policy of American roads  
to help the producer reach distant  
markets, whether he be a cotton planter,  
manufacturer, a western red tape  
and iron rules that they could not  
continue to develop and grow as they  
will do if left free to deal with the  
shippers like any other business.

"Fighting the Flames" is one  
of the greatest attractions at  
Conny Island this season, and  
will be brought to Macon at the  
coming Fair. It shows a modern  
fire department battling with a  
large fire, the flames consuming  
buildings, women and children  
leaping from windows into nets  
the streams of water playing on  
the fire, the dense volumes of  
smoke, and finally the blackened  
ruins of the buildings. It is  
intensely realistic, and will prove  
a strong attraction.

**Public is Aroused.**  
The public is aroused to a knowledge  
of the curative merits of that great  
medicinal tonic, Electric Bitters, for  
stomach, liver and kidneys, Mary  
H. Waters, of 546 St. Clair Ave., Col-  
umbus, O., writes: "For several  
months, I was given up to die. I had  
fever and ague, my nerves were wreck-  
ed, I could not sleep, and my stomach  
was so weak, from useless doctors'  
drugs, that I could not eat. Soon after  
beginning to take Electric Bitters, I  
obtained relief, and in a short time  
I was entirely cured." Guaranteed At  
W. H. Ellis' drug store; price 50c

By an error on the part of the  
printer, one of the best premiums  
was left out of the premium list  
of the big Fair at Macon. \$50  
was offered for the best bushel  
of oats. The Fair Association  
desires to encourage oat growing,  
and will increase the amount of  
the premiums for this item every  
year. In the several individual  
exhibits this year oats will form  
a part. By the way, Col. Hunt,  
the well-known Jones county  
farmer, says the individual dis-  
plays this year will surpass the  
county displays of previous years.

**A Warning to Mothers.**  
Too much care cannot be used with  
small children during the hot weather  
of the summer months. As a rule it  
is only necessary to give the child  
a dose of castor oil to correct any  
disorder of the bowels. Do not use any  
substitute, but the old-fashioned castor  
oil, and see that it is fresh, as rancid  
oil causes and has a tendency to  
gripes. If this does not check the  
bowels give Chamberlain's Colic,  
Cholera and Diarrhoea Remedy and  
then a dose of castor oil, and the  
disease may be checked in its incip-  
ient stage and may be relieved  
upon with implicit confidence even  
in case of cholera infantum. For sale  
by all druggists.

An opportunity to see dogs  
barbecued and eaten will be  
afforded at the coming Fair at  
Macon. The tribe of Igorrotes,  
savages from the Philippines, the  
were on exhibition at the world's  
Fair, and this summer at Conny  
Island, have been secured, and  
will be one of the big attractions  
at the Georgia Farmers' Fair and  
Live stock Exposition at Macon.  
It is the custom of this tribe to  
have occasional feast days on  
which a good fat dog is cooked  
and eaten, and the Igorrotes  
disport themselves in barbaric  
fashion.

**The Only Way.**  
There is no way to maintain the  
health and strength of mind and body  
except through the stomach. The  
stomach must be kept healthy, pure  
and sweet or the strength will let down  
and disease will set up. No ap-  
petite, loss of strength, nervousness,  
sour, rising, rifting, indigestion,  
dyspepsia and all stomach troubles that  
are curable are quickly cured by the  
use of Kodol Dyspepsia Cure. Kodol  
digs what you eat and strength-  
ens the whole digestive apparatus.  
Sold by W. H. Ellis.

"The grandest agricultural dis-  
play ever seen in the South," is  
the way Col. J. M. Hunt, the  
famous Jones County Farmer,  
describes the outlook for the  
coming Georgia Farmers' Fair at  
Macon. "And as for live stock,"  
he continues, "The people will  
be amazed at the number and  
quality that will be on exhibition.  
Every body says the poultry show  
last year was the finest ever in  
Georgia; this year it will be even  
greater."

**Nothing on the Market Equal to  
Chamberlain's Colic, Cholera  
and Diarrhoea Remedy.**  
This fact is well known to druggists  
everywhere, and one out of ten will  
give their customers this preparation  
when the best is asked for. Mr. Obe  
Witmer, a prominent druggist of  
Joplin, Mo., in a circular to his cus-  
tomers, says: "There is nothing on  
the market in the way of patient med-  
icine which equals Chamberlain's Colic,  
Cholera and Diarrhoea Remedy for  
bowel complaints. We sell and recom-  
mend this preparation." For sale  
by all druggists.

**Nothing on the Market Equal to  
Chamberlain's Colic, Cholera  
and Diarrhoea Remedy.**  
This fact is well known to druggists  
everywhere, and one out of ten will  
give their customers this preparation  
when the best is asked for. Mr. Obe  
Witmer, a prominent druggist of  
Joplin, Mo., in a circular to his cus-  
tomers, says: "There is nothing on  
the market in the way of patient med-  
icine which equals Chamberlain's Colic,  
Cholera and Diarrhoea Remedy for  
bowel complaints. We sell and recom-  
mend this preparation." For sale

**In Memoriam**  
On the 21st day of June 1905 God  
through his infinite love and wisdom,  
saw fit to take from me my precious  
and loving wife, Lillie Miller, and I  
am left a lonely and grief-stricken  
husband. It is hard to give her up for  
she was such a noble and affectionate  
hearted wife; it is hard to think that  
we had to make such a short stay on  
this earth together, having been mar-  
ried only sixteen months and four-  
teen days. We were married the 7th  
day of Jan. 1904, and died June 21st  
1905, but we have one consolation, that  
is, she has a home where peace, happi-  
ness and rest reigns forever more; but  
Oh! how hard it is for me to give Lillie  
up.

God in his mercy saw fit to release  
her from the troubles and trials of this  
world, so she closed her eyes as if she  
was going to sleep; and passed sweetly  
and quietly away to that Great Be-  
yond.

This is a bright glad beautiful world  
fragrant with the odor of flowers,  
tuneless with the songs of birds, re-  
spondent with the glories of earth, sea  
and sky, and yet its attractions are no  
more to me now, for grim merciless  
death has appeared and carried from  
me one of my loved ones—my loving  
and affectionate wife, Lillie. The sky  
is hung with black and somber cloud  
curtains, my vision is overcast with  
the gloom of sorrow, and every sound  
that strikes my ear has in it a cadence  
of despair without the presence of that  
one who has gone before. The world  
indeed seems empty and cheerless to  
me, and in my heart there is a dreary,  
distant aching, void of the only con-  
solation that is vouchsafed me is the  
sweet realization of the fact that my  
beloved is at peace; the one whom I  
have lavished my affection is now in  
that land where the weary are at rest.  
As I bent over the open casket and  
looked at the folded hands which will  
never clasp my hands again in this  
world, gazing upon the closed eyes in  
which I will never more see, my image  
reflected on this earth, from my eyes  
fell the scalding tears as I realized that  
my earthly companion was forever  
gone. As stated before, my only con-  
solation is that my heart's idol has  
heard the words from the Father's  
lip: "Well done thy good and faithful  
servant, enter thou into the joys of the  
Lord."

My consolation is found in a consid-  
eration of the fact that my treasure  
is in heaven. Her poor worn frame will  
never more be racked with the agonies  
of pain, her suffering is at an end;  
but I hope it will only be a little while  
until I will cross the dark river and  
join my companion among the hosts of  
the saved on the other shore, and until  
then I will find solace in some such  
thoughts as the above and in testify-  
ing to my faithful memory of the de-  
parted. But it was God's will, add his  
will must be done.

A precious one from us is gone,  
A voice we loved is stilled,  
A place is vacant in our home  
Which never can be filled,  
God in his wisdom has recalled  
The boon that he had given,  
And though the body slumbers here,  
Thy soul is safe in heaven.

Thy gentle voice is hushed,  
Thy warm true heart is still,  
And on thy young and innocent brow  
Is resting death's cold chill.

Thy hands are clasped upon thy breast  
We have kissed thy lovely brow,  
And in our aching hearts we know  
We have no darling Lillie now.

'Tis hard to break the tender cord,  
When love has bound the heart  
'Tis hard, so hard to speak the words,  
We must forever part.

Dearest love of our we must lay thee,  
In the peaceful grave's embrace,  
But thy memory will be cherished  
Till we see thy heavenly face.

Her husband,  
Charlie Miller.

## Yellow Fever Situation.

New Orleans, Aug. 9.—Public interest in the general yellow fever situation suffered a temporary eclipse today in the death of Archbishop Chapelle, the most distinguished victim of the present scourge. Although the prelate was a subject of scientific treatment and attention, his physique and fatigued condition on his return from a particularly irksome trip through the country counted against him. His death, while generally deplored, is not taken as a refutation of the medical fraternity's opinion that with good care and proper treatment the number of deaths is not likely to be large in proportion to the number of cases.

The day's record of new cases was again large, and there was an increase in the number of deaths. The daily number of new cases is swelling largely because federal control has overcome the disinclination of doctors to make known their cases.

Surgeon White returned to-day from Slidell and went to the originally infected region to survey conditions. He also visited the emergency hospital, which was taken over to-day by the Marine Hospital force.

Advice from Mississippi indicates that the people of the rural regions are growing restless under the severity of the quarantine, which have cut off supplies. Secretary Hunter of the Mississippi board of health, announces himself as utterly opposed to the shogun quarantine, and throughout Mississippi a saner spirit is manifesting itself since the federal government has taken charge of the situation.

## Statesboro Dirt Changes Hands.

Proctor in west Statesboro. Mr. Proctor, it is understood, will move to the country, near the home of his father-in-law, Mr. Jasper Parish.

Another deal in real estate was that of Mr. Thomas B. Moore buying the house and lot on College street from Mr. Edmund Kennedy. Mr. Moore will move to it the first of the year. It is the place purchased last year from Mr. Eliza Kennedy.

## No Verdict in Sanford Case

Rome, Ga., Aug. 9.—The jury in the Sanford case is still out at 10 o'clock to-night, and there is no likelihood of its reaching a verdict. It is generally believed that a mistrial will be the result. Judge Mose Wright this afternoon stated that he could not tell when he would call the jury in for an inquiry or whether he would declare a mistrial. He was certain, however, that no mistrial would be declared very soon unless his mind changed. He further stated that he would like very much for the present jury to make a verdict, if possible. Another trial would be quite expensive to the county, and a jury would be hard to get for the reason that so many citizens of the county had heard all or a part of the testimony in the present trial. It may be several days before there are any new developments in the case.

## Fire At Enal

On Tuesday night the dwelling belonging to Mr. R. Simmons, on what is known as the Sasser place, was destroyed by fire. The place was occupied by a colored family and when they awoke the flames had completely enveloped the kitchen part of the house. They succeeded in saving their household furniture with the exception of that in the kitchen. The building was a substantial log structure, and was insured in The Bulloch County Insurance Co. for about \$800.00. Tracks were found leading off from the house indicating that the fire was the work of an incendiary, and every effort will be made to apprehend the guilty party.
