John Campbell Dead.

On yesterday, at his home about five miles above Statesboro, Mr. John Campbell passed peacefully away. Mr. Campbell had been a sufferer from Bright's disease and his death had been expected for some weeks.

The remains will probably be interred at the new cemetery at Bethel Baptist church this morning. Mr. Campbell was a charter member of the church which is located near his home. He was a good man and one who will be missed in his community.

The News extends its sympathy to the bereaved family and friends.

School Closing

Mr. Editor: It was my pleasure to visit the best school yesterday that has been visited in years, the school at Gooding that has been conducted this year by Major J. S. Cone. He took up the entire time in reviewing the children in studies instead of speeches and dialogues, which pleased the patrons much better. He drilled his arithmetic class for two or three hours. It was said by the crowd, which was a pretty large one, to be the best drilled class in arithmetic that they ever saw, and I think there must be some of the best cooks around Gooding in the county. There were several others there beside myself that had just recovered from a case of typhoid fever and that dinner was enough to make them forget all about what the doctor told them about eating too much, however I hope we will get over it alright.

Respectfully

James E. Hagins,

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys, Mary H. Waters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after getting to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed At W. H. Ellis' drug store; price 50c

IF ROOSEVELT FAILS PEACE PLANS ARE OFF.

Tokio, Aug. 19.—6:30 p. m.—It is confidently believed here that the peace conference at Portsmouth, N. H., will result in a rupture, but this news was calmly received.

The weight of popular belief seems to anticipate and be reconciled to the failure of the peace negotiations at Portsmouth. The Japanese have resolutely supported the demand relative to reimbursement for the expenditure of the war and the cession of Sakhalin island, and evidently prefer a continuance of the struggle to the acceptance of lesser terms. The press and others are urging that Manchuria and Vladivostok should be vigorously pressed and also the seizure of Russia's possession on the Pacific coast.

The rains have ceased and fighting in Manchuria country soon will be possible. Tokio continues exceedingly quiet and calm. The market is showing some weakness, but the declines are slight.

Portsmouth, N. H., Aug. 19.—President Roosevelt has stepped into the breach and is making a last desperate effort to save the peace conference from shipwreck. That, in a sentence, is believed to be the situation this morning.

Just what the president is doing has not transpired, but it is regarded as certain that he has appealed both to Tokio and St. Petersburg to induce the warring countries to show a spirit of concession and not allow the conference to go onto the rocks next Tuesday. Mr. Griscom and Mr. Meyer may have been instructed to make direct appeals to the emperors of the

two countries. If the co-operation of France and England, the allies of the respective belligerents is secured something may be accomplished.

"Russia will not pay a copek of tribute," is the language of Mr. Witte.

That is believed to be Russia's last word on that question. The question of the cession of Sakhalin may be arranged. But unless Japan relinquishes her claim for the cost of war hope is gone. It is at Tokio, consequently, that the issue will probably be decided. France, it is certain, will support the president's efforts. If England will now bring pressure to bear, as it is definitely stated she is preparing to do, the situation may be saved.

Mrs. Roxie Alderman Goes to Her Ward

On Friday morning last at her home about 7 miles west of Statesboro Mrs. Roxie Alderman breathed her last. The deceased had been ill for several months and death came as a relief to her sufferings. The remains were interred in the family burial ground near the home on Saturday morning. She leaves many friends and relatives to mourn her loss.

Carried to Ashes.

On Saturday Sheriff Kendrick and Dr. Temples went up to Millidgeville to accompany Mrs. O. N. Marsh to the asylum. Mr. Marsh has had the misfortune to lose her reason and has been adjudged insane. It is hoped by her many friends that she will soon be restored and able to return.

Fever Hidden in Mississippi.

New Orleans, August 17.—The announcement of the discovery of nine cases of fever at Mississippi City, within three miles of Gulfport, the terminus of the Gulf and Ship Island road, and the fact that the fever has been in existence there since before July 20th, when announcements were made here, is expected to set on foot some of the severe criticism of the Mississippi answer to New Orleans for failing to find the local infection earlier.

The family in which the fever first appeared at Mississippi City is that of Major Joe, of Carrollton, Miss., who stopped a week in New Orleans, on their way to Mississippi City, where they arrived on July 20th. Only one of the cases is seriously ill.

Troops have a drawn cordon around the infected section.

Rural Carriers to Have Big Time.

The rural carriers of the First congressional district will hold a convention at Statesboro on Monday Sept. 4. It is the intention of the local carriers to have a big time of it. Both Coles R. Lee Moore and A. M. Deal have accepted invitations to deliver addresses before the meeting. Hon. Alf. Herrington has also been invited to speak and will probably be here.

A business meeting will be held at eleven o'clock in the court house after which the speaking and other exercises will be held in Brannens park.

A basket dinner will be spread for the visitors. It is expected that visitors from all parts of the First congressional district will be here. The patrons of the mail routes are also invited to come out and take a hand in the meeting.

Guerry Names His Informant

Macon, Ga., August 17.—Hon. Dupont Guerry gave out a statement here today naming Hon. Bartow Willingham, of Monroe, as the man sent to him by Hoke Smith to request him to run for the gubernatorial nomination in 1902.

Mr. Guerry makes the plain statement without comment and now asks Mr. Smith that the letters referred to in the Warrenton speech be made public.

These are those which passed between Mr. Guerry and Messrs. Smith and Peables, just prior to Mr. Guerry's announcement.

The statement follows: "To the Public: In compliance with the request of the Hon. Hoke Smith, made in his speech at Warrenton yesterday, I name as the mutual friend whom he got to visit me and request me to run for the gubernatorial nomination in 1902, and to whom I referred in my telegram to the Hon. J. W. F. Lowrey on the 10th inst. the Hon. Bartow S. Willingham, of Monroe.

"In turn I ask Mr. Smith to publish at once the letters he said in the same speech I wrote to him and Mr. Henry C. Peables, one asking Mr. Smith's support and the other asking Mr. Peables to secure that support, together with their replies to the same.

"My inability to communicate with Mr. Willingham yesterday delayed my action until today. (Signed:) Dupont Guerry."

The three year old child of J. M. Thompson of Sam, was buried in the city cemetery on Sunday evening.

NOTICE—After September 1st we will have with us Mr. G. L. Mikel, who will be glad to have his friends call on him.

Statesboro Furniture Co.,
S. T. CHANCE, Manager.

Pay your debts if possible, and times are better when all men try to do this.

The mercenaries have been rattled some by old Joe Hall, but they are not dead by a jug full.

Next year will be a hummer in the political line, and the boys will be anxious to save the state.

Estill don't believe in such a long campaign for governor, and it is a regular nuisance.

The cotton patches are now white with the fleecy staple, and the dollars are rolling toward the farmers.

The new counties will now begin to experience their troubles, and the contests for the offices have already begun.

When cotton is ten cents it is better to get the money for it, and only hold it when it is low down.

Roosevelt is doing his best to get the peace commissioners to agree on terms and stop the war between Japan and Russia.

Georgia now has eight new counties. Jenkins with Millen as the seat, and Toombs with Lyons as the county site, are in our section, and both of them have a bright future.

We agree that our contemporary, the esteemed Dublin Courier-Dispatch, is a little ahead of us in the number of subscribers, and Stanley and Hilton make a strong team.

The All Night Club should get busy, there are entirely too many base ball niggers walking around here lately. There is plenty of cotton to pick and it should be attended to.

John Temple Graves may run for United States senator. He is little, but we would have a pile of brains, and flow of rhetoric in that body if he wins out.

Did Hoke Smith induce Dupont Guerry to run and then desert him when the battle got on? This is the burning issue of Smith's campaign. He denies it, but Mr. Guerry is furnishing pretty strong proof of this fact.

There is trouble brewing over in Tattall. We can already feel in the atmosphere, even at this distance, that there is a great court house removal storm brewing in our neighboring county.

Statesboro has outlawed Electric Bitters and DeWitt's Bitters because some of the state around town get full on them. Why, these fellows would get drunk on castor oil if they could get nothing else.

Now that it has been made a crime to be seen drunk in public places we wonder who is to be the judge as to the stage a man must get into before he has transgressed the law. If smelling a fellow's breath is to be the remedy to ascertain this fact, then we are not a candidate for Bum Inspector.

Soothing and Cooling.
The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin disease. DeWitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. H. Ellis.

Planning Court House Fight

We are informed that there is a well developed movement on foot to call an election for the removal of the Tattall court house from Reidsville to Hagan or Olaxton. The formation of Toombs county also off the principal portion of the upper section of Tattall county and leaves the lower section in a very large majority, and notwithstanding the fact that Reidsville boasts of one of the best court houses in the state, costing about \$40,000.00, the fight is to come. The men back of the move say they can put one up equally as good as the new county seat.

The law is you cannot have these elections often than five years. Five years ago next February the people of the county voted on this question, and the friends of the removal only lacked a few votes of getting the necessary two-thirds. But there has been two things happened since then; one is the building of this handsome court house at Reidsville, and the other is the slapping off of the upper half of the county to form Toombs. We shall see the result.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Ryler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and now in perfect health." Never fails to relieve and cure a cough or cold. At W. H. Ellis drug store; 50c and \$1.00 guaranteed Trial bottle free.

The legislature has adjourned and the boys are home. In many respects this session was a successful one; in many other respects it was a miserable failure.

The cotton fields are white as snow, and we don't want to see or hear of any more baseball teams tramping about—neither white or colored. There is a time to play ball and then there comes a time to pick cotton. The cotton fields are beckoning to you to come to them now and it is your plain duty to answer their call.

Obituary.

Henry Jeffers, son of Mr. and Mrs. W. H. Jeffers, born in the county of Bulloch on the 12th day of April 1887, departed this life April 14th 1902, being eighteen years and two days old. His remains were laid away in the cemetery at Hardens Chapel, McNabb district, Tattall, now Toombs county, surrounded by a large concourse of sorrowing friends and relatives.

Who in his youthful beauty died, The fair, meek blossom that grew up And faded by our side.

In the cold moist earth we laid him, Before the forest put forth their leaf, And we wept that one so lovely Should have a life so brief."

Mr. Jeffers moved here from Bulloch county in the winter of 1900, and is one of our best and staunchest citizens. The family has our sympathy.

Men must work and women must weep, And the sooner its over, the sooner to sleep.

Through Pouch to Savannah.

We understand that there has been an application made for a mail pouch on the Savannah & Statesboro railway morning passenger train between here and Savannah. It is the intention, we understand, that this shall only be a through pouch between Statesboro and Savannah.

Now that this is to be done, we want to see a pouch put on the same train for the Seaboard Air Line train going west, connecting at Cuyler. This would be a great convenience to the people of Statesboro and along the route of the Seaboard.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Waters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after getting to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed At W. H. Ellis' drug store; price 50c

Populists Will Put Out Ticket

Atlanta, Aug. 17.—The executive committee of the Populist party of Georgia, in session in Atlanta today, declared itself as heartily in favor of having a ticket in the field to oppose the Democratic state, county and judicial nominees at the next election and committed itself as absolutely opposed to Populists voting in the Democratic primary.

Strong resolutions calling for this action were unanimously adopted by the committee amid much enthusiasm this afternoon. In the resolutions adopted all Georgia Populists are called upon to hold mass meetings in each county of the state for the purpose of electing county executive committee and thoroughly organizing the party with a view to have state, county and judicial tickets in the field against the Democrats.

The meeting of the Populist party executive committee today was called by Chairman J. J. Holloway of Clem. J. D. Woodall of Barnesville is secretary.

The committee assembled at 10 o'clock this morning in the Cannon hotel, at Pryor and Wall streets, but later on were invited to hold their session in the hall of the United Americans, in the People's building, on Marietta street, opposite the postoffice.

Against voting as Democrats. The principal business of the morning session was to declare against having Populists vote in the Democratic primary. So if there is no Populist ticket the Populists will take no part in the primary.

At the morning session also there were many speeches condemning the methods of the Democratic party and calling for more vigorous action by the Populists.

Before the morning session adjourned a committee on resolutions was appointed to report back at the afternoon session. Those on the committee were Judge J. K. Hines of Atlanta, chairman; Robert R. Gaston of Carrollton, C. T. Parker of Atlanta, Charles S. Barrett of Tomaston, and J. T. Roe.

The committee brought in its report at 2 o'clock this afternoon, calling upon the Populists to meet and organize on Tuesday October 8.

Hon. John Temple Graves will be in the race for United States senator so it is said. Graves is one of Georgia's talented sons who would fill the place to the credit of the state. Graves stands for true democratic policies and will be a strong factor in the race.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but the old-fashioned castor oil, and see that it is fresh, as rapid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy, and then a dose of castor oil, and the disease may be checked in its incipient stage and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in case of cholera infantum. For sale by All Druggists.

Gray Animals Make Exhibit

Swainsboro, Ga., August 18.—(Special.) The Gray Horse and Gray Mule Association convened in its first annual session here today and the gathering was a success beyond the most sanguine expectations.

There were about 500 present, people from all sections of Emanuel county, and from various avocations and callings. The organization was perfected and made permanent, with Hon. S. S. Tyson being elected president and C. B. Salter, of Gertman, secretary.

Prizes were given for the best gray mule and the best gray horse, and also for the poorest and worst looking animal of each class. Just before noon, when the prizes were awarded, the attendants at the convention gave a parade of the gray stock present through the main streets of the town. There was never seen so many gray mules and horses in Swainsboro at one time, and the parade was a show well worth witnessing.

During the day there was a great deal of swapping and trading of various sorts. The convention was really a great success and the day was a gala event for the owners of stock of a gayish hue.

The next convention to be held will be the Old Fiddler's Association, which meets some time in October. It is declared the musicians will have to move things up if they give a better show or create more interest than did the Gray Horse and Gray Mule Association.

Sick Headache.
"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctor with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. For sale by All Druggists.

Grand Jury to Have Evidence

Washington, Aug. 18.—The usual air of secrecy prevailed the court house here today when the grand jury met to continue the inquiry into the cotton leakage cases.

A number of witnesses were examined but it was learned that but with the exception of President Harvie Jordan, of the Southern Cotton association, none of them was from out of town. They were made up entirely of employees of the agricultural department, most of them having to do with the work of the statistical department.

Nothing could be ascertained as to the probable date of arrival of former Chief Statistician Hyde, who has indicated his desire to state what he knows concerning the work of the statistical division. It was said that notwithstanding the mass of evidence now in possession of the grand jury it is the desire of the district attorney to put before them every shred of information obtainable and that for that reason the investigation had been prolonged as to permit of the examination of every employee who might be able to throw additional light on the subject. It was the belief at the court house today that indictments would be returned before the retirement of District Attorney Beach on August 21st.

In pursuance to section 2546 of the civil code of Georgia (1905) notice is hereby given of the intention of the undersigned to apply, on the 8th day of September 1902, to the Hon. Geo. T. \$100 A YEAR.

BIG FARMERS INSTITUTE.

Two Days Session to Be Held Here September 29th and 30th.

Hon. Harvie Jordan, president of the Southern Cotton Association, authorizes us to say that he will conduct a two days farmers institute in Statesboro on the 29th and 30th of September. Prominent lecturers will be here to talk to the farmers on different subjects in the way of progressive methods in farming.

Among the orators of this occasion will be Hon. W. G. Brantly of Brunswick. Mr. Brantly is a member of congress from the Eleventh district, and has used his untiring efforts in behalf of the sea island cotton growers of this section of the state. He has the reputation of being able to obtain more things from the national government to benefit the farmers of his district than any other member from this state. His address will be both instructive and interesting.

There will be a number of experts in the different lines of farming and successful marketing of the crops.

Mr. Jordan is also mindful of the ladies and the farmers will be invited to bring their wives along with them. A lady lecturer will be along. Her subject will be, "How to make the home attractive on the farm."

We will give further details of this meeting after we have consulted some of the farmers about it.

Will Have Two Guano Factories.

Judging from present indications, Statesboro will have two fertilizer factories some time in the near future.

The Statesboro guano company is advertising for a charter, and will probably begin work soon.

Mr. J. W. Wilson has just returned from a two weeks' stay in Florida and states that the company of which he is the promoter, will put up a factory at once. It is delayed at present by the absence from the city of Mr. J. W. Olliff and others who are interested.

The farmers of Bulloch use thousands of tons of guano and there is no reason why two could not do a good business at this place.

Fluential Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for Ulcers, Sores and Cancers. It is the best healing dressing I ever found. It soothes and heals cuts, burns, scalds, etc. At W. H. Ellis' drug store; guaranteed."

Preparatory School for Boys.

The Donald Fraser school, Decatur, Ga., is one of the most well known schools for boys in the south. It takes forty boarding students, and gives much personal attention to every boy. The home influence of the school is very fine. Prof. Gardner, the principal, prepares boys for all the leading colleges in the south. A handsome catalog will be sent on application to Prof. G. Pleasantly Effective.

For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well." Says Mr. Geo. E. Wright of New London, New York. Card of Thanks.

Being a reader and subscriber of your valuable paper, we desire to return thanks through its columns to all relatives, friends and neighbors who so kindly visited, assisted and exhibited such marked manifestation of love, friendship and respect in the long sickness, suffering and death of my dear sister, Aliff Addie Cone, who was plucked to be transplanted in the celestial diadem of glory on July 22, 1905. You visited and administered to her needs and wants while she yet lived, and even after death your kindness did not cease but you followed the cold form to the grave, there to do the last kind act.

While you bow in humble submission to our Master and say, "Thy will be done," we can with equal candor and sincerity say, God bless our dear relatives, neighbors and friends. We know it is hard for us to live without loved ones, our breaking hearts do sometimes weep bitter tears for them, but the assurance of God's word that we shall meet them in a brighter world than this should span the dark gulf of parting and bid our fainting hearts revive. We know "Our Father doeth all things well," so let our hope be ever in him and shriek not at death nor falter for it is but the gateway to that city beyond the sunset.

Beyond the sunset radiant glow, There is a brighter world I know, Beyond the sunset I may spend, Delightful days that never end.

Her Sister, Alice Cone.
