What Does Statesboro Need?

It seems supplied with liberality, and a city council that looks to its interest.

It has and institution of learning to its credit, nurtured by a first class board of education and county school commissioners, and the new road law hoped to supply it with first class inlets.

It has a fine court house almost in constant use, and jail seldom without an occupant, and the question of reformatory for the children agitated; a thing unthought of here fifty years ago, when parents controlled and lead their children, and not to the contrary. Confidence seems to be a thing of the past—prayer, prayer meetings, and Sunday schools a lamentable failure; it cannot be for want of churches, for Baptist, Methodist, and Presbyterian have them, seemingly well attended, but where is the Christian church? Houseless as Jesus was. Don't we need missionaries here? John the Baptist, called John the Baptist, did baptize under the Mosaic law, and Jesus in A. D. 33 did equip and qualify his disciples under the gospel dispensation, when robed with all power in heaven and earth centuries before Alexander Campbell was thought of. "And the disciples were called Christians first in Antioch." Acts 11: 26.

If I am mistaken, correct me, but think on the situation.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to drugists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Wimer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by All Druggists.

Mr. T. A. Wilson, of Callee, has been bringing in some extra fine watermelons during the past week.

The Negro Yelled

On Sunday morning Deputy Albert Kendrick and Marshal Mitchell arrested a young negro who came into town on the morning train and when he arrived near the court house he looked up at that structure and broke and ran, and was caught by the officers. The negro grabbed one of the telephone poles and began hollering for somebody to "come here." He alarmed many people in town, and a big crowd gathered and the dark kept up his yelling, and giving the distress signal of his lodge, which he said was number seventy-six, at Claxton. No doubt he was fool enough to believe that somebody would come to his rescue and save him from the clutches of the officers and the law. He gave the sheriff the signs alright and insisted that he stood O. K. with his lodge, but the law nor the sheriff don't recognize secret societies, nor any other kind of society, and so he was placed in "Uncle Gus" Waters' wagon and landed in jail, where he now rests.
The county is full of such fool negroes who believe their society will pull them through, and the "before day club" is not the only club doing mischief in this country.

Work On Hotel Progressing

Work on the Statesboro hotel is progressing rapidly. Mr. George McGhan of the firm of Geo. McGhan & Son of Valdosta, arrived in the city yesterday, together with a force of plumbers and steam fitters and began work yesterday. Mr. C. J. Glasson has charge of the steam fitting and they will push this feature of the building to completion.

Young Swindler Nabbed.

Yesterday a young man entered the store of Messrs. J. G. Blitch Company and gave his name as Hermon Anderson. The young man desired to open an account. He stated that he was a son of Mr. W. M. Anderson, of the 44th district. As Mr. Anderson has the reputation of being good for his contracts, there was no hesitancy in selling him some goods on time. But as the trading progressed, the manner in which he bought impressed Mr. J. D. Blitch that something might be wrong, so he went out and found a party acquainted with the people in Mr. Anderson's neighborhood and told him what was doing; why he said, Mr. Anderson has no son as old as the young man described. A visit to the store revealed the fact that the party was George Crosby, a son of Mr. Steve Crosby of the same neighborhood. Inasmuch as he had misled them as to his name, the bill of goods he had purchased amounting to nearly \$40.00, was taken from him and he was advised never to try the game again. After he had left the store Mr. W. H. Simmons, of The Simmons Company, came along and Mr. Blitch related to him his experience. Mr. Simmons said, "the same young man you describe worked the same racket on our firm last summer, when he purchased about the same amount and he gave the same name." Mr. Simmons said that he soon learned after the young man had left the store that he had been swindled and made an effort to locate him. He inquired of the elder Crosby the same day if he knew a young man by the name of Harmon Anderson and he replied that he did not. He described the party to him and asked him if he knew a young man of that description coming out of

his neighborhood that day and he replied that he did not. It was revealed later, however, so we are informed, that Mr. Crosby brought the young man with him that day.

Mr. Simmons stated that he had watched every crowd since then to see if he could see the young man who had swindled him out of \$40 worth of goods, but up until yesterday had been unable to find him. He jumped in a buggy and overtook him as he was leaving town about a half mile out and placed him under arrest. When he was brought in he acknowledged the transaction and gave as an excuse that he must have been drunk.

Some friends are making an effort to arrange the matter.

Bulloch Wants Convicts

Savannah, Ga., Aug. 24.—Gordon Blitch, of Statesboro, was here today to see the Chatham authorities relative to the securing of a large gang of the Chatham county convicts to work in conjunction with Bulloch convicts on the public roads of the latter county. The matter was not decided, but it is to be taken up again later. It is yet to be determined whether this county can send its convicts into another county to work on the public roads.

Run Over By Truck; Died At Hospital.

(Savannah News.)
Mr. D. R. Newton of No. 304 Randolph street, a blacksmith, who was seriously injured by a heavy truck running over his right shoulder at Habersham and Liberty streets, Saturday morning, died at St. Joseph's Hospital last night at 10:30 o'clock.

His shoulder was broken and the arm was badly mashed to the elbow. If he had been in good health it is not thought by his family that the injury would have caused death. He was suffering from alcoholism.

Mr. Newton was 54 years old and leaves a widow. He moved to Statesboro from Savannah several years ago, and he had for some time been employed by Mr. John H. Hennessy as blacksmith, on Wheaton street.

The remains will be shipped to Statesboro to-day for burial there Saturday morning.

Mr. Newton was talking to an acquaintance at Liberty and Habersham streets Saturday when he tried to mount his bicycle. Before the machine was started well a cotton truck driven by a negro whose identity has not been determined, drove up close from the rear. The rider got confused and fell under the rear wheel, when he saw the truck so close to him. He was seriously injured and was moved to St. Joseph's Hospital in the police ambulance.

Thomas Dixon is right in all his
contentions, and is about a hun-
dred years ahead of the times.

The political marplot and the
religious bigot have been the curse
of the world in all the ages.

Some people will forget the cam-
paign of 1905, in the grand rush
of the campaign of 1906.

The friends of Hokus say they
are not looking for the old popu-
list votes. Alright then, they will
go anti-Hokus.

Ten cent cotton is some help
along now, and a stream of gold
is coming to the south this fall
and winter.

The new counties are now hav-
ing their troubles. Most of their
liberty loving citizens are running
for the county offices.

Many good men are doubting
the policy of spending the people's
money to educate and ruin the
only class of labor we have in
the south.

Savannah has gone daft on the
question of skating. All other
questions have been overshadowed,
and the great men have come out
in behalf of the sidewalk skaters.

Roosevelt has gone down in the
bottom of the sea in a boat, and
thereby increased his prowess as a
statesman of the strenuous type,
and his loyal subjects are ready to
proclaim him the "harvest of them
all."

Over in Indiana the yankees put
dynamite under a negro church
the other night, and told the ne-
groes to go back south. Well now
we want a certain element of them
to go north and rub it in to them
good.

A Warning to Mothers.
Too much care cannot be used with
small children during the hot weather
of the summer months to guard
against bowels troubles. As a rule it
is only necessary to give the child
a dose of castor oil to correct any
disorder of the bowels. Do not use any
substitute, but the old-fashioned castor
oil, and see that it is fresh, as rancid
oil nauseates and has a tendency to
grip. If this does not check the
bowels give Chamberlain's Colic,
Cholera and Diarrhoea Remedy and
then a dose of castor oil, and the
disease may be checked in its incip-
ency and all danger avoided. The
castor oil and this remedy should be
procured at once and kept ready
for instant use as soon as the first
indication of any bowel trouble
appears. This is the most successful
treatment known and may be relied
upon with implicit confidence even
in case of cholera infantum. For sale

A WORD ABOUT THE FAIR EXHIBIT

The time is drawing near when we shall have to show our hand at the state fair and contest with nineteen other Georgia counties for the honors and the premiums for the best agricultural exhibit from one county in the state of Georgia. It is needless to say that the Statesboro News management is anxious as to the outcome of this contest, both as to a money consideration, but there is that much county pride in our make up that we are anxious to win the blue ribbon anyway. We say we are anxious as to the money consideration. This is true for the reason that when our exhibit is set up in Atlanta we will be out of pocket no less than \$2,000.00 in dry cash, and if we were not to get the big prize money we, of course, would be the loser not only of our time but our money as well.

We have been promised a goodly number of various articles of farm products. All of this we propose to either pay for it before we leave or when we sell it to its owner the proceeds, or return the article to you at your home; in other words, we are not asking you to give us a ham or a bushel of corn to take up there and after using it to win a prize on sell it and put the money in our own pocket. These explanations are not necessary to those who have been assisting us in the past, but to those who have not they may be so.

We have got county pride enough to work twelve months and raise a lot of things that are not generally raised on the average farm, ex-
pend at least two thousand dollars, and leave our business, not only while the fair is in progress, but actually neglect it the year through that we may not only get the prize money but that our county shall hold its head high among the progressive counties of the state, and we naturally expect that class of citizens who have county pride to lend us a helping hand in the way indicated above in making the exhibit at the fair this year. head and shoulders above anything that will be at the state fair this fall.

We believe that we can do it. We believe that with the present outlook before us, that with the hearty co-operation of the farmers, which we are satisfied that we shall have, that there is no kind of doubt that Bulloch will win the first prize for every premium that she will contest for this fall.

We won second prize at the state fair last fall, pushing Spaulding county so close until she went out of business to keep us from beating them this year, and a conservative estimate at this time is that our forthcoming exhibit will be at least three times as great as the one last year. We have taken into consideration the fact that this fair will be the greatest that the state has ever seen.

The city of Atlanta gave \$45,000.00 for the privilege of having the fair held in that city. She has gone about it to make it the big-
gest ever known, and we expect to see competition the sharpest in the history of the state fair; in other words, an exhibit that would have won first prize last year could not hope to do it this year.

The interest in the fair seems to be keen from the mountains to the sea. Such progressive counties as Gwinnett, Brooks, Houston, Cobb, and twenty others will be there. These people go in to win, and if we defeat them, as we honestly expect to do, the honors will be that much greater.

We expect to take to the fair the most magnificent corn display ever seen from a single county in the south. This exhibit will contain at least three hundred bushels of fine corn and will represent an expenditure of at least \$500.00 when set up. We have had a set of carpenters at work for the past ten days on the woodwork for the foundation of this great corn show. It will contain a dozen pyramids fifteen feet high and other decorations too numerous to mention. One feature of it will be the corn king, dressed in all the colors of corn that can be produced. We have growing fifteen acres of yellow and ten acres of red corn, six acres of strawberry and one acre of blue corn, besides all the other shades and varieties of corn imaginable. This exhibit will contain everything from the sugar and pop corn to the eighteen inch ears now growing on our own farm, but we are short on quantity still. We are impressed that hundreds of farmers have good corn, and where they have we will appreciate a bushel or two of the best and largest ears you have got. Remember you will be paid for it.

In addition to this we have used nearly five barrels of granulated sugar in our preserves, jellies, fruits and wines. We expect to eclipse anything of this kind ever seen. We expect to put up a handsome cotton display, fruits, vegetables, bacon, hams, sugar cane, Georgia yams, syrup, rice, sweet potatoes and Irish potatoes will also be put up in separate departments, as well as melons, pumpkins, etc. We expect to show 144 different and distinct varieties of field peas, and perhaps a many varieties of hay and forage. Then comes the sheaf grain and cereals of all kinds. We also expect to cap it with a genuine Bulloch county grown lion.

Now you will see something of the magnitude of this exhibit, and the amount of work and cash it takes to push it to a successful finish, and we will say in conclusion that we will be around to see if you have something you can let us have to go in to make up this display. If we fail to see you don't think we have surrounded you, but it will be simply because we couldn't get to you. Anyone having anything to put in with us will please notify J. R. Miller, Statesboro, Ga., without delay.

These little secret societies are doing the negroes much harm, and giving the foolish ones of the race a wrong idea of what they are intended for. Let the negroes beware of any society that teaches them disobedience to law, or dis-
respect to the white people.

Peculiar Disappearance.
J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed At W. H. Ellis' drug store, price 25c.

PETITION FOR CHARTER.
GEORGIA-BULLOCH COUNTY.
To the Superior Court of said county:
The petition of S. H. Lockwood, R. Simmons, W. S. Prentiss, S. F. Olliff, E. L. Smith, J. G. Blitch, J. A. Brannen, S. J. Williams, H. K. Kiny, W. L. Street, C. B. Aarons, D. A. Brannen, J. A. McDougald, J. P. Atwell, D. E. Bird, and J. Z. Kennedy, all of said county and state, respec-
tfully shows:

1. That they desire, for themselves, their associates, successors and assigns to become incorporated under the name and style of "Statesboro Buggy Co." 2. The term of which petitioners ask to be incorporated is twenty years, with the privilege of renewal at the end of that time.

3. The capital stock of the corporation is to be twenty thousand dollars (\$20,000.00), divided into two hundred shares of one hundred dollars each. Petitioners however ask the privilege of increasing said capital stock from time to time to such a sum as will not exceed a total capital stock of \$200,000.00.

4. The whole of said capital stock of \$200,000.00 has already been actually paid in.

5. The object of the proposed corporation is pecuniary profit and gain to petitioners. Petitioners propose to carry on the business of manufacturing and selling commercial fertilizers; buying and selling acids, phosphates, guanos, and all and every kind of character of commercial fertilizers and ingredients thereof, and to mix and compound same and such other raw products as are needed and proper for the manufacture of fertilizers; and to erect, buy, rent, lease or otherwise procure buildings, warehouses, machinery, and such other things necessary to said business; to establish agencies and appoint agents at such points as may seem profitable; to act as special and general agents for other persons in connection with said business; to sell the products of said factory for cash or on credit, and to take notes and securities for credit sales; to exercise the usual powers and privileges, and to do all usual, necessary and proper acts which are incident to or may be connected with the said business of manufactur-
ing and selling fertilizers; to establish branch manufacturing plants with said sales with the privilege of exercising at said branch plants all the privileges herein asked for with respect to the principal plants.

6. The principal office and place of business of the proposed corporation will be in the city of Statesboro, said county and state.

Wherefore, petitioners pray to be made a body corporate under the name and style aforesaid, entitled to the rights, privileges and immunities and subject to the liabilities fixed by the laws of said state.

Aug. 7, 1908.

CALLS ANSWERED PROMPTLY

Day and Night

Our Trip to London No. 2.
After leaving Blarney castle we traveled by rail to Waterford, where we took ship for Milford Haven, Wales. Southern Ireland is said to be the most beautiful part of the island, and from what we saw we are prepared to believe it. Hill and valley, mountain and plain came in equal succession as the train sped on. The herd and flock in almost every field added to the beauty and made a restful homelike picture. We can hardly conceive a more beautiful land than Ireland; a brave noble people, who take high rank and make a name for themselves wherever they live.

Leaving Waterford at 9:00 p. m. we had a delightful night's rest on the boat, and at an early hour reached Milford Haven, Wales. From here we took the train for Cardiff, the largest city in Wales. It was a beautiful Sunday morning, and the sight which greeted us as we started to church will not soon be forgotten. The streets were crowded with men, women and children on their way to Sunday school and church. I have never seen it equaled anywhere, and hope the time may come when all the world may follow their example. We worshipped in the morning with the Tabernacle Baptist church. The services were held at Carey Hall on account of repair work going on at the church. The sermon was in Welsh, but at the conclusion the pastor very kindly gave the outline of this sermon in English.

The remarkable things about this church is the fact that they have been in a continuous revival for six months and have had over six hundred and fifty conversions.

In the afternoon we worshipped with the Landoff Road Baptist church, and here we heard the greatest singing it has been our privilege to hear. This church has also been in a meeting six months and has added by baptism over two hundred and fifty.

The secret of all this is the fact of the great revival which has been sweeping Wales for seven or eight months, and in this time has witnessed nearly one hundred thousand conversions. We could dwell on this religious awakening for the whole letter, but will stop to say a word about the country.

Wales is mountainous and is the western edge of the island of Great Britain. The people are distinct in their language, and for most part in their religious belief. They have never tolerated a state church, and have the highest conception of sane liberty of any people in the united kingdom. Their influence on the English nation has always been great, and for most part for good.

From the mines of Wales more coal is taken than from any part of the earth and it is estimated that with a greatly increased output they can supply the demand for thousands of years. Iron, coffee, tin and some silver is also yielded by these mines.

Leaving Wales on Monday at 10:00 a. m. we traveled toward London, passing under the Severn river by one of the most famous tunnels in the world, it being four and one half miles long and passing under the great river. At a distance we see Windsor castle, the country home of Edward III. It is situated in a lovely spot and has a history that is well worth the study.

We reached London at 1:00 p. m. and realize in truth what we have dreamed for many years: that we stand in London the great-

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For great many years doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by Druggists, 75c. CRUEL WAR IS ENDED AT LAST.

Plenipotentiaries Agree Upon Terms and Peace Now Reigns in the Far East.

Portsmouth, N. H., Aug. 29.—The long and bloody war between Japan and Russia is ended. The terms of peace were settled by Witte and Baron Komura at the session of the conference this morning, and this afternoon preliminary arrangements for an armistice were concluded and the actual work of framing the "Treaty of Portsmouth" was, by mutual agreement, turned over to Mr. De Martens, Russia's great international lawyer, and Mr. Dennison, who for 25 years has acted as the legal advisor of the Japanese foreign office.

The treaty is expected to be completed by the end of the week. This happy conclusion of the conference, which a week ago would have been shipwrecked had it not been for the heroic intercession of President Roosevelt, was sudden and dramatic.

For the sake of peace, Japan, with the magnanimity of a victor, at the last moment yielded everything still in issue. Russia refused to budge from the ultimatum Emperor Nicholas had given to President Roosevelt, through Ambassador Meyer. No indemnity under any guise, but an agreement to divide Sakhalin and reimburse Japan for the maintenance of the Russian prisoners were his last words. They had been repeatedly reiterated in Mr. Witte's instructions and in the form of a written reply to the Japanese compromise proposal of last Wednesday, they were delivered to Baron Komura this morning.

When Baron Komura, therefore, first offered the new basis of compromise outlined in the Associated Press dispatches last night (the complete renunciation of indemnity of Sakhalin at a price to be fixed by a mixed tribunal, consisting of representatives of the neutral powers, in fact it not in words, the solution offered by President Roosevelt). Mr. Witte again returned a non possumus. Before leaving the conference building felicitations were exchanged with the President at

tion of the road by the Chinese Eastern, and providing, further, for substitution in the future of Chinese imperial police for Russian railway guards.

Grimshaw Promoted.

The many friends of Mr. H. B. Grimshaw are pleased to learn of his promotion to the place of general superintendent of the fifth division of the Seaboard Air Line railway.

Mr. Grimshaw has filled the same position with the Savannah and Statesboro railway twice, and each time his service has been such as to command the highest respect and confidence of all who have come in contact with him.

He leaves us in a few days to take charge of his new duties. His headquarters will be in Savannah. While his friends here dislike to give him up, yet they are pleased to note his promotion to a wider field, and one that he has merited.

His successor has not been named yet. President Anderson of the Savannah & Statesboro railway will name him in a few days. It is thought, however, that Mr. D. M. Bacon, chief clerk in the office of the general superintendent's office under Mr. Hale, will be the man to fill Mr. Grimshaw's place with the Savannah and Statesboro.

Back From Texas.

Elder M. F. Stubbs returned on Tuesday from a five weeks' tour of the state of Texas. Mr. Stubbs says that he had no difficulty with the quarantine officers in coming home. He says that the Texas cotton crop is almost a failure. The cotton was first drowned out and was followed by a disastrous drought. He says that there is a boll weevil that is playing havoc with the cotton much worse than the boll worm, that we hear so much about. He thinks the crop is short through the entire section of the cotton belt viz: Texas, Arkansas, Alabama as well as Georgia.

Attacked By a Mob and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklin's Arnica salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at W. H. Ellis, drug store.

Kennedy-Sewell Agreeable to the announcement of some days ago Miss Maggie Kennedy of Statesboro, Ga., and Mr. Lovick Sewell of Metter, Ga., were married at high noon Aug. 9, 1905. After refreshments the party left for Talbotton, Ga. To heighten the coming to Mr. Sewell's former home a selected party met them at the station on the afternoon of the 10th. The reception given the happy young couple was announced some days before. In response to invitations about fifty guests assembled at the beautiful and hospitable home of Mr. and Mrs. James L. Sewell which never appeared more lovely than on this occasion. The veranda, reception room and spacious hall were decorated with rare pot plants, while the dining room was under the skylight touch of Mrs. R. A. Maxwell and Miss Ella Marshall presented a truly Edenic scene, white and green being the color scheme. The walls beautifully adorned with smilax and other lovely climb down by a white light on the table crossing at right angles, exquisite in loveliness with green foliage, white blossoms, dainty dishes, bright silver, beautifully embossed cakes, the most beautiful one immediately in front of the bride and groom indicating the union of two hearts, two lives. The menu was very dainty and palatable and gracefully served after which for some time the merry voices of many happy couples rang out on the evening air, indicating the beautiful and sunny side of life of the assembled guests. The presents were numerous and beautiful, forcible attestations of love and esteem.

Mr. and Mrs. Sewell begin their new life under very favorable auspices. She being from two of Bulloch county's best families and possessing so many attributes of grace, loveliness and true worth she is well fitted to be the companion of Mr. Sewell, whose many sterling qualities of head and heart are too well known in his old home to need comment and already stands high in the business world, being cashier of a very flourishing bank and destined to rise higher. The most adulatory commendation however, "is a union of a christian lady and gentleman, which union no doubt will receive God's richest blessings. ONE PRESENT.

Sick Headache. "For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. Mrs. J. A. Satcher and daughter, Miss Eva, of Wards, S. C., are visiting the family of Mr. and Mrs. E. D. Holland for a few days.

Attention is called to the adv. of Mr. J. E. Brown, of Stillson. "The Big Store," which appears in this issue. Mr. Brown is a hustler and has a large stock of new goods to offer you.

There has been no material change in the cotton market during the past week.

Dangerous and Uncertain. For sunburn, tetter and all skin and scalp diseases, DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind itching, itching and itching. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitutes as they are often dangerous and uncertain. Sold by W. H. Ellis.

Some Good Crops. It was the pleasure of The News man to walk through the fields of Messrs. H. I. Waters and Charlie Driggers, near Zoar, one day last week.

Mr. Driggers, who farms on part of Mr. Waters' land, has 19 acres of the best sea island cotton we ever saw. He thinks that he will get ten bales on it, but we believe that with no back set he will get twelve. He also has a field of corn that will yield thirty bushels to the acre besides lots of peas, pigs and potatoes, and the beauty of it he raised this together with a fine sugar cane patch and a bale of short cotton, and all by himself, one man and one plow on rented land. He will pay the expenses of the crop, have a years' provisions left for next year and at least \$800.00 to the good in dry cash. Yet we occasionally see a fellow who says he can't make a living.

Mr. Waters also has a fine crop. He lives in one of the best sections in the county.

Mr. L. B. Porter, of Smiths Grove, Ky., is in the city. Mr. Porter is with the Citizens Life Insurance company of Louisville, and will make Statesboro his home for some time.

Pleasantly Effective. Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. The Only Way. There is no way to maintain the health and strength of mind and body except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour rising, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. Sold by W. H. Ellis.

Mrs. J. A. Satcher and daughter, Miss Eva, of Wards, S. C., are visiting the family of Mr. and Mrs. E. D. Holland for a few days.

Attention is called to the adv. of Mr. J. E. Brown, of Stillson. "The Big Store," which appears in this issue. Mr. Brown is a hustler and has a large stock of new goods to offer you.

There has been no material change in the cotton market during the past week.

Dangerous and Uncertain. For sunburn, tetter and all skin and scalp diseases, DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind itching, itching and itching. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitutes as they are often dangerous and uncertain. Sold by W. H. Ellis.

Some Good Crops. It was the pleasure of The News man to walk through the fields of Messrs. H. I. Waters and Charlie Driggers, near Zoar, one day last week.

Mr. Driggers, who farms on part of Mr. Waters' land, has 19 acres of the best sea island cotton we ever saw. He thinks that he will get ten bales on it, but we believe that with no back set he will get twelve. He also has a field of corn that will yield thirty bushels to the acre besides lots of peas, pigs and potatoes, and the beauty of it he raised this together with a fine sugar cane patch and a bale of short cotton, and all by himself, one man and one plow on rented land. He will pay the expenses of the crop, have a years' provisions left for next year and at least \$800.00 to the good in dry cash. Yet we occasionally see a fellow who says he can't make a living.

Mr. Waters also has a fine crop. He lives in one of the best sections in the county.

Pleasantly Effective. Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. These famous little pills are certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Cure Jaundice. Sold by W. H. Ellis.

The North Does Not Indorse Wamamaker (Atlanta News.)

The Atlanta Journal is correct in the supposition expressed yesterday that the mass of the northern people are not in sympathy with Wamamaker's idea of social equality.

What the Journal states tentatively, the News is able to state positively; what the Journal surmises, the News knows.

The editor of this paper for thirteen years upon the lecture platform of America has been in constant contact with the representative people of the north and east upon the great questions peculiar to the south, in personal discussion with private individuals, and in joint debates upon public platforms. He has had an exceptional opportunity to know the minds and the spirits of the people of the north in discussion of this identical problem of the races with which we are grappling today. And we do not hesitate to say, as we have said before, that the great mass of the representative people of the north, middle and western states are in perfect sympathy with the sentiments of the south upon this question of the races. In Ohio, Illinois and Indiana there is a prejudice against the races which utterly surprises and humiliates feelings entertained toward the negro of the south. The race riots in New York, in Delaware, Chicago, Evanston, Carterville, Danville, Evansville, Felicely, and at Leavenworth, and a thousand other towns and cities in the north, are simply the outcroppings of the spirit which the negro aggressiveness and assertions always and inevitably bring down upon him from the dominant race. The News would be willing to stake the splendid promise of its future upon a wager that with a fair vote upon this question Mr. Wamamaker and his radical philanthropists would be buried under the largest majority that ever contained a public issue in the north.

And this opinion is not from mere hearsay evidence, or built upon the foundation of a sentiment that we would like to have, but is founded upon fact and intimate personal association extending over a dozen years.

Hereafter we would have our southern people restrain from crediting the Wamamaker
