PETITION FOR CHARTER.

Georgia, Bulloch County.
To the Superior Court of said county:
The petition of Wayne Parish, P. C. Waters, C. B. Greiner, D. L. Alderman and R. W. Justice, all of said state and county, respectfully shew:

Par. 20th. The term for which petitioners ask to be incorporated is twenty years, with the privilege of renewal at the end of that time.

Par. 21st. The capital stock of the corporation is to be Six Thousand Dollars, divided into sixty (60) shares of One Hundred Dollars each. Petitioners ask the privilege of increasing said capital stock from time to time, they deem advisable to a sum not exceeding in the aggregate Twenty-five Thousand Dollars.

Par. 22d. The whole of said capital stock of Six Thousand Dollars has already been actually paid in.

Par. 23d. The object of the proposed corporation is pecuniary gain and profit to its stockholders. Petitioners propose to carry on a retail general merchandise business, to deal in dry goods, shoes, notions, clothing, groceries, liquors, drugs, and all such articles of merchandise as are usually carried in stock and sold in retail establishments; to buy or sell for cash or on credit all such goods, as well as buggies, wagons and other vehicles, harnesses, mules, guano and other fertilizers, cotton and other produce, as well as any and all other goods, wares and merchandise as can be profitably handled and sold in connection with said business; to act as selling or hading any articles or goods usually handled or sold in connection with a business of this character; to make all and every necessary and proper contract in connection with said business, whether same be a contract of purchase, sale, agency or other contract; to buy and sell real estate on land or other property in connection with and for the benefit of said business; to establish and operate a public garage in connection with said business; and to do all necessary and proper acts which pertain to and are connected with the said general mercantile business, including the powers and privileges incident by law to all such corporations.

Par. 24th. The principal office and place of business of the proposed corporation will be in the town of Brooklet, in the county of Bulloch, state of Georgia.

Wherefore, petitioners pray to be made a corporation under the name and style aforesaid, and they be invested with all the rights, privileges and immunities and also subject to all the liabilities fixed, allowed and imposed by the laws of said state.

This September 29th, 1905.

BRANNEN & BOOTH,
Attorneys for Petitioners.

Georgia, Bulloch County.
I hereby certify that the above is the true original petition for incorporation filed in this office by the petitioners named therein on this 27th day of September, 1905. Witness my hand and seal, the day above named.

PETITION TO AMEND CHARTER

Georgia, Bulloch County.
To the Superior Court of said county:
The petition of the Statesboro Telephone Company respectfully shew:

1. Said corporation was chartered on July 9th, 1901, by act of court, and the charter is recorded on page 23 of the Book of Charters, Clerk's office, Bulloch Superior Court.

2. The capital stock of said corporation was fixed at Two Thousand Five Hundred Dollars, all paid in with the privilege of increasing same to Five Thousand Dollars.

3. Petitioners now desire that they be allowed the privilege of increasing their capital stock from time to time to Twenty-five Thousand Dollars.

Wherefore, petitioners pray that the court will grant an order amending their charter as above prayed.

This 27th day of September, 1905.

BRANNEN & BOOTH,
Attorneys for Petitioners.

Georgia, Bulloch County.
I hereby certify that the above is the true original petition for amendment to charter of the Statesboro Telephone Company, filed in my office this 27th day of September, 1905.

BULLOCH AT THE FAIR.

It will, perhaps, be interesting to the readers of the News to know the situation of the county exhibit at the state fair. Sunday night, the night previous to the opening of the biggest fair the state has ever seen, leaves Bulloch well in the lead. It is the general opinion of everybody that we are a winner for first prize, though the people in charge of the exhibits of Cobb and Gunnett counties rushed home Saturday night and it is rumored that they scoured their respective counties Sunday, they being located near Atlanta.

The Bulloch exhibit is fully twice as large as anything at the big fair, and there are some of the finest displays there I have ever seen. All the exhibits are late. Up to this, Sunday night, a good many of them have not a thing in their space. Bulloch's exhibit is far from being ready for inspection, hope to have it ready by Tuesday morning.

I firmly believe that we have got the fight whipped for first prize. It has cost lots of money and an endless amount of labor to place before the people of Georgia what we have promised to do, viz: The most magnificent county agricultural exhibit ever seen in the state of Georgia. Those who will see it will say that we have come pretty nearly fulfilling our promise.

We are informed by the Guinness county people that Guinness county authorities gave those who got up the exhibit \$500.00 out of the county treasure, and to the county of Laurens \$250.00. It is unnecessary to say they hate to be

The Association

The Lower Canoochee Association convened last Friday with the Fellowship church near Stilton in its 57th annual session. Elder M. F. Stubbs was elected moderator and Mr. J. A. Franklin clerk. Delegates were present from the several churches, and several ministers were present. Among them were Elders J. L. Smith, H. B. Wilkinson, F. M. Donaldson, Draughn, Head, Mastox, Sikes, Powell and others. Services were held morning, and afternoon on Friday, Saturday and Sunday. Large crowds were present each day, especially on Sunday. Visitors were entertained by the splendid farmers of the community, and all report a good meeting and a pleasant time. Those who went from Statesboro and elsewhere on the trains were met at Stilton and conveyed to and from the churches.

The association will meet next year at Upper Lotte creek.

School Election

The election on the school question occurs today in Statesboro. It will take a two-thirds majority to carry the election in favor of a free school for our town. All the progressive towns are adopting this method, and counties and country districts are doing so. Let us move forward with the procession and place Statesboro on the front row.

The cost to us will be small, and it will insure a better school and better teachers. Let your ballots read "For Free School."

Wards On Pneumonia.

All coughs, colds and pulmonary complaints that are curable are quickly cured by one minute cough cure. Clears the phlegm drawn out inflammation and heals and soothes the affected parts, strengthens the lungs wards off pneumonia. Harmless and pleasant to take. Sold by W. H. Ellis.

Two Women Wanted

By Angry Mob

Fort Scott, Kan., Oct. 5.—The county jail here was surrounded last night by men who insist that Mrs. Belle Riggins, her daughter, Clarissa Shaw, aged 14, years and her husband, George Riggins, held by the coroner's jury for the death of Riggins son by a former wife, should be lynched.

The sheriff, expecting an assault on the jail, has, it is reported, fled with the prisoners. The jail is strongly guarded. That the little boy was starved and tortured to death is specifically charged by the coroner's jury.

The boy's sister was cruelly treated, and is at the point of death in a hospital here, while Mrs. Riggins own children were well fed and treated kindly. The two step children, according to the evidence presented to the coroner's jury, were literally starved.

For several weeks, it is charged, Mrs. Riggins and Miss Shaw have been starving, whipping and otherwise abusing Mrs. Riggins two step children, a boy and a girl aged 7 and 14 years respectively. Testimony was brought out at the coroner's hearing that the children had eaten from swill barrels in alleys, and had been horribly whipped.

Torments of Tetter and Eczema Alleviated.

The intense itching characteristic of eczema, tetter and like skin diseases is instantly allayed by applying Chamberlain's Salve and many severe cases have been permanently cured by its use. For sale by All Druggists.

Negro Lynched

By Negro Mob

Bainbridge, Ga., Oct. 8.—News has just reached Bainbridge of the lynching of a negro to-day, eight miles west of here, by a mob of his own race.

The negro had criminally assaulted a negro girl and had attempted to assault another, who out him in the breast. He was arrested by Deputies Jim Ivey Murkerson, who were bringing him to Bainbridge when they were stopped by a mob of negroes, who they say must have the negro. They got him and forced the deputies to go away on another road.

The negro was strung up to a tree and riddled with bullets.

None of the mob was apprehended. The negro's name cannot be learned.

Urges Farmers to Hold Their Cotton

Atlanta, Oct. 6.—President Harris Jordan, of the Southern Cotton Association, today issued an open letter to the farmers of the south in which he urges them to hold their cotton for at least two weeks. He states that if the south stand together for two weeks they will win the fight against those who are endeavoring to depress the price of the staple.

In his letter President Jordan refers to the advice of former Vice President Peters of Texas to sell cotton. He reminds the farmers of the south of the south of the fact that the resignation of Mr. Peters as vice president of the Southern Cotton association was demanded by the executive committee Sept. 8, contending that Mr. Peters is no longer vice president of the association, and has no right to sign himself as such.

President Jordan closes his letter to the farmers with an appeal to "stand together and resist to the last every attempt to break the present organized effort of the producers to secure fair prices for their staple."

PETERS ADVISES FARMERS.

Dallas, Tex., Oct. 5.—Col. E. S. Peters, vice president of the Southern Cotton association, has issued a letter to farmers advising them to sell their cotton.

This letter is expected to arouse criticism in the Southern Cotton association as the officers of that organization, supported by the farmers union, have advised the farmers to hold their cotton for 11 cents.

Col. Peters says he believes that cotton will not go any higher and he predicts a big drop.

Greene and Gaynor are now in Savannah jail for stealing the only good appropriation Savannah ever got for her harbor.

It begins to look like some of the big thieves and rascals will have to come across, and go to jail, just like small thieves.

What We Need.

With free schools, water works and electric lights, and such things, we now need a stronger paternal government.

We adopt strong laws to prevent men from killing themselves with liquor, and we let the boys of the town run wild and go to the devil. We see little boys smoking the deadly cigarette on the streets, and nobody tries to prevent it. Let us pass a curfew law, and make the boys stay at home at night. Let us catch and prosecute the men who sell or give cigarettes to boys, for it is more important to protect the boys than it is the men.

Let the mayor and council and marshal look after the boys some, and we will have better men in the years to come. While we are so vigilant looking for blind tigers who dish out distilled damnation to the men, let us look after the fellows who are furnishing coffin tacks to our boys.

Men need and require a paternal government, let alone boys, and it is the duty of the state to look after boys, when the fathers and mothers refuse, or are unable to do it. Give us some more paternal laws.

BULLOCH HAS

FINE EXHIBIT

Will Be Feature of the Big State Fair. Took Second Prize Last Year.

The following, taken from last Saturday's Atlanta Constitution will be of interest to our readers: J. R. Miller, of Statesboro, Ga., is in the city getting in shape the splendid exhibit from Bulloch county, which will be a feature of the agricultural building at the State Fair.

Mr. Miller, in addition to having charge of the Bulloch county exhibit, which was largely collected by him, will make an extensive personal exhibit of the products of his own farms. The venture has been financed by him and has cost \$2,000 in cash and almost a year's work to get it together. The Bulloch county product will take up one whole corner of the agricultural building, occupying a space 600 feet long and 20 feet deep. Some of the special attractions of the exhibit in addition to its general artistic effect, which the exhibitor has been at some pains to secure, will be 2000 jars of preserved fruits and jellies, 500 bottles of domestic wines, brandies and vinegars, including fifty varieties: 144 varieties of field peas, 100 varieties of hay, 81 varieties of Irish potatoes, 900 bushels of corn, including 200 varieties: 15 varieties of millet, 200 bottles of Georgia cane syrup, 2,000 stalks of Georgia sugar cane and a pyramid of 100 sacks of water ground meal.

The most striking feature of the exhibit will be the outside wall running the entire 200 lineal feet and 4 feet in height, made entirely of the many varieties of white and yellow corn grown in Bulloch. The wall will be adorned by eleven pyramids rising to a height of 20 feet.

There will also be an 8-room cottage, a complete building in every detail, constructed of corn and weighing one ton.

There will also be a fine presentation of the possibilities of the county in the way of cotton growing, including exhibit of upland and sea island county.

The only mountain lion killed in Georgia in the past 100 years has been stuffed and will adorn the Bulloch corner. This lion was slain in March of last year and it is reported that its mate and a cub have since been seen in a small patch of swamp land that lies in the southern part of the county.

Owing to a wreck of a down train early this week four of the six car loads of material from Bulloch failed to arrive until yesterday and the work of constructing the exhibit has been somewhat delayed, but Mr. Miller declares it will be in pretty fair shape by the opening of the fair gates.

Bulloch won second prize last year at the state fair, Spalding county alone surpassing it. The entire agricultural exhibit that was made at Athens last year will be brought to Atlanta.

Mr. Miller, who is editor and a large stockholder in The Statesboro News, one of the most enterprising citizens of Bulloch and his energy and financial backing is responsible for the advertisement of Bulloch's exceptional resources which the exhibit presents. He formerly edited The Statesboro Star, a populist paper, but is now a good democrat. He has been in the newspaper business thirteen years and four years ago consolidated The Star with The Bulloch County Herald, which had been purchased by Hon. J. A. Brannen, and the new publication was called The Statesboro News. Mr. Brannen is president of the company.

The News is the only semi-weekly in the section of Georgia between Macon and Savannah, with the single exception of The Double Courier-Dispatch.

One Cold and Another

The season's first cold may be slight—may yield to early treatment, but the next cold will hang on longer; it will be more troublesome, too. Unnecessary to take chances on that second one. Scott's Emulsion is a preventive as well as a cure. Take

when colds abound and you'll have no cold. Take it when the cold is contracted and it checks inflammation, heals the membranes of the throat and lungs and drives the cold out.

Sick Headache Cured

Sick headache is caused by derangement of the stomach and by indigestion. Chamberlain's Stomach and Liver Tablets correct these disorders and effect a cure. By taking these tablets as soon as the first indication of the disease appears, the attack may be warded off. For sale by All Druggists.

Sheriff Parrish, of Bryan, got his man at last. He and his posse put only sixteen balls in him. They wanted to be sure that Sims was dead.

Nothen to Fear

Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but it is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, and colds and croup and can always be relied upon. For sale by All Druggists.

Hon. Joe Hill Hall of Macon has been invited to act as Chairman of the exercises on New county day at the State Fair, Atlanta Oct. 18th. Every new county is invited to send delegates to discuss questions of common interest.

An Awful Cough Cured.

"Two years ago our little girl has a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by All Druggists.

Governor Terrell will welcome President Roosevelt to Georgia when he comes to the State Fair, Atlanta Oct. 30, and Senator A. S. Clay will introduce the President.

NEGRO HANGED WEDNESDAY

Instead of Friday

Birmingham Ala. Oct. 6— Wesley Hale, colored, was hanged in the county jail yard here this morning, forming the first instance in the history of Birmingham in which an execution has taken place upon any other day than Friday. The death of the negro came as part of the suppression of what is thought to have been a desperate gang of negro criminals, of which two others are in the present stretches of the law.

Early last winter, Ed G. Almon a flagman on the Birmingham Mineral railroad, was fatally wounded at Osmoor, some miles from Birmingham, dying in a local hospital.

The first clue to the perpetrators of the deed, and practically the only one, was the finding of Wesley Hale, who had been so desperately wounded that he could not get away, having been shot with a bullet from Almon's revolver. After lying in the hospital for over a month, Hale finally recovered, was tried, and sentenced to hang Aug. 14. Revelations made by him caused the arrest, however, of two other alleged members of the gang.

Ed Johnson, colored, who was with Hale when the crime was committed, is serving out a life sentence in the mines. Andrew Shelton, another member, is sentenced to hang this month. Both men were convicted upon the testimony of Hale, who was reprieved by the governor for 90 days in order that he might be present at the hearings. On account of the fact that he turned state's evidence, efforts have been made for the commutation of Hale's sentence, but they were without avail.

EDITORIALS.

While the woman at today is free to do and come as she will, she has in her emancipation lost something of the "gentleness" which all the poets associate with the ideal woman, thinks Hearst and Home.

Possibly the nation contains the germ of life, the London Westminster Gazette suggests. On this supposition the mystery of 1872 becomes the mystery of 1912. In recent times the whole conception of matter has been changed—your real estate talks no longer of "dead" matter.

The advice of the president to parents to bring their children up to live in sound. What the country desperately needs is a system by which men can get money only by earning it. The other ways are bringing all our institutions perilously near destruction, asserts the Baltimore American.

The dual role of the dark age, has not altogether passed out of existence, states the New York Evening Post. In Galicia the women have formed an anti-dual league, which is supported by many of the most aristocratic women in the country. Their object is to bring the absurd "code of honor" on which duelling rests, into disrepute.

The business world is looking for men who can achieve results, says the New York Journal. All others are hurriedly pushed aside. The keen competition among employers for high-grade men is shown by the frequent changes that are always being made in responsible positions. No sooner does a man make a satisfactory record than rival employers begin bidding for his services.

The immigration problem has recently been attracting marked attention, remarks the New York Tribune. Efforts are being made in the South to divert to that section the inflow from the Mediterranean basin. The Italians are especially sought as plantation hands, and the Italian government has shown some disposition to aid in deflecting the current of emigration travel from Naples and Genoa, to Southern New York. New York has every reason to approve of this change of policy, which will operate to check the growth of the alien colonies established here, and to correct the abuses of the padrone labor system.

Professor Simon Newcomb contributes an article on the ever-fascinating subject of the possible inhabitants of other planets to Harper's Magazine, relates the New Haven Register. Professor Newcomb refers to the constantly increasing evidence that there are other planets like our own, and he asks why, then, should they not be similarly inhabited? His discussion, based entirely upon scientific data, raises the most interesting conjectures in the mind of the reader. "It is perfectly reasonable to suppose," he says "that beings, not only animated, but endowed with reason, inhabit countless worlds in space."

The United States Navy cannot possibly maintain or regain its standing as a real sea power unless it has a full and sound supply of engineers, unless there is an end of the practice of placing in charge of engines and boilers men who do not understand mechanics and never can, because they lack the natural taste for that sort of thing, declares the New York Press. If the present system is not abandoned or corrected so that proficiency in engineering is assured among those who are responsible for the condition and management of the engine rooms of our warships, there will be more Bennington disasters, with ever more deplorable consequences, and the navy will be as useless as it was long the boast of the American people that it was the best in the world.

DAUGHTERS PAY TRIBUTE.

Memorial Services for Dead Heroes Held at Annual Session. A portion of the session of the United Daughters of the Confederacy at San Francisco Thursday was devoted to memorial services. Tribute was paid to Mildred Lee, daughter of General Robert E. Lee; General Fitzhugh Lee, John H. Reagan and the late United States Senator William B. Bate.

McCURDY'S GREAT GRAFT.

Millions in Commissions for the Son and Son-in-Law of President of Mutual Life Company.

That the astounding total of more than \$2,000,000 has been paid as commissions by the Mutual Life Insurance Company to two members of the family of Richard A. McCurdy, president of the company, and the promise of District Attorney Jerome will be submitted later to an extraordinary grand jury, were the sensational developments in the insurance investigation at New York Thursday. It was brought out by testimony that the legislative insurance committee last Robert H. McCurdy, a son of Richard A. McCurdy, has received as commissions on foreign business \$1,028,229, and on domestic business \$1,411,432, and that Louis A. Thoburn, son-in-law of Richard A. McCurdy, has received an aggregate of \$180,113 in commissions from the company. It was also brought out that Robert H. McCurdy expected his income this year would be about \$110,000.

Previous to this testimony, W. F. Taumant, an attorney for the Mutual Life Insurance Company, testified that he had paid to the chairman of the republican congressional committee the sum of \$2,500 in cash as a campaign contribution.

Mr. Jerome, in announcing in court that the scandals will be submitted to an extraordinary grand jury, said that the republican legislative committee had shown "greater moral pluck and moral obtuseness on the part of persons important in the business world than did the shocking revelations in regard to the Equitable Life."

Another incident of the day's developments was the publication of a letter from Charles F. Hughes, counsel of the legislative committee, to Senator Taumant, counsel for the Mutual Life Insurance Company, in which Mr. Hughes said the committee would make no discrimination in favor of Mr. Hyde. The New York chamber of commerce at its meeting Thursday, adopted a resolution declaring that additional legislation is necessary for the proper regulation of life insurance companies.

BRIGHT PROSPECTS AHEAD.

Southern Cotton Association Has the Fight Practically Whipped. President Jordan issues an encouraging letter to their cotton growers of the south in which he says, in part: "There is now a big rift in the clouds that hangs so dark and threatening over the south six or eight months ago and the sunshine of a new era is breaking through, bringing with it renewed hope and bright prospects for better times in finance and general industrial activities. Since July 3rd no cotton of middling grade has been sold for less than 10 cents than ten cents per pound. Fully two and a half million bales of the new crop have already been ginned and heavy marketing by the farmers has been done at prices above ten cents and maturing obligations have been rapidly liquidated.

"The much-prated about heavy surpluses from the big crop of 1904 has failed to materialize as a consequence of the heavy rains that fell in October; the mills of the world had taken a quarter of a million bales of new crop more than for the same period one year ago. The Southern Cotton Association, the Farmers' Educational and Co-Operative Union, the American Society of Equity, the Farmers' Alliance of North Carolina, representing as they do all of the leading farmers' organizations in the south, have agreed on a minimum price of eleven cents per pound for this crop and every man is expected to stand firm with every bale that an acre holds or finances. The banks have plenty of money to advance on cotton. All the money that is needed can be easily secured. We are now up against a hard fight, as the recent government bureau report has been considered as heartening and has given the "hears" renewed hope and an additional weapon to fight the market with. The whole south knows the crop is a short one, far shorter than that of last year, and that the farmers will have every pound that we can raise. Let the slogan be 11 cents from every hilltop and valley throughout the entire south. If the farmers weaken the market will break and the price we have fought so hard to sustain will be greatly jeopardized. Pay no attention to paper contracts or hearsay literature flooding the country and stand firm for your rights in the face of all obstacles and the fight will soon be whipped."

GEN.GOMEZ CROAKS. Candidate for President of Cuba Makes Charges. SAYS LIBERTY IS DEAD. Declares That Under Palma Regime There is Greater Oppression Than in Worst of Spanish Rule Under General Weyler.

"Liberty is dead in Cuba, and the condition of affairs there is worse than it ever was under Spanish rule, even in the most ferocious periods of the Weyler government. Financial ruin and dishonor face the people, if things continue as they are and the nation will be converted into one hereditary rule." That declaration was made in New York Tuesday night by General Jose Miguel Gomez, governor of the province of Santa Clara and candidate of the liberal party for the presidency of Cuba, at the New Amsterdam hotel, where he is stopping.

"I am here to rest for some days," he continued, "and to breathe the air of liberty that is lacking in my own country, and for which I have fought so long." "On false charges the government assassinates the liberals, the jails are filled with political prisoners, and we have no hope of justice from judges and magistrates who recognize no law but the will of the government. We are hindered in casting our votes and Cuba is now suffering a reign of terror never equaled under Spanish tyranny. It was such things as these that caused me to withdraw from the election. Public funds are used for electoral purposes. The sanitary condition of the island is a disgrace. The Cuban government has employed thousands of men in the sanitary department, but for voting, not working purposes."

"It has become impossible to dare to oppose the government without risk of one's life and liberty. For what is happening in Cuba the United States government has a direct responsibility. Palma is enabled to do these things in case of revolt because he is doing only by following the plan of the United States government and to serve as a screen for the commission of such acts as have been committed against the opponents of that government. It is the duty of the United States to send troops to punish them and to sustain the Palma government."

"I believe that if the Platt amendment binds the United States government responsible for order in Cuba, it should never be taken for supporting the unlawful acts of the present government and to serve as a screen for the commission of such acts as have been committed against the opponents of that government. It is the duty of the United States to send troops to punish them and to sustain the Palma government."

Utrius Says Palma. A special from Havana says: When shown the statements made by General Jose Miguel Gomez, who was a candidate of the liberal party for the presidency of Cuba upon his arrival in New York, President Palma read them carefully and returned them with the laconic remark: "You know very well that these things are not true."

TREASURER SUSPENDED.

Alleged That He is Short in His Accounts \$5,000. Dr. Thomas Patterson, the treasurer of Edgefield county, South Carolina, was suspended by the governor of the state Wednesday afternoon for alleged defalcation of the county's money, amounting to \$5,000. The books have been examined by an expert and the suspension is the result of this examination. Dr. Patterson is a prominent man in the state, and is connected with some of the leading politicians of South Carolina.

Atlanta City Council Refuses to Suspend Ordinance for That Purpose. There will be no pool selling at the Georgia state fair. Atlanta city council has passed an ordinance against a cell took a definite stand against a suspension of the ordinance at its meeting Thursday afternoon and the fair association directors stated that they would obey the law to the letter, though they feared it meant a receivership for the enterprise.

SEEK LIVES OF WOMEN.

Angry Men Surround Jail at Fair Scott, Kansas—Horrible Story of Alleged Cruelty to Children.

The county jail at Fair Scott, Kansas, was surrounded Wednesday night by men who insist that Mrs. Belle Riggs, her daughter, Clara Shaw, aged 14 years, and her husband, George Riggs, held by the coroner's jury, were the cause of the death of Riggs' two children by a former wife, should be lynched.

The sheriff, expecting an assault on the jail, it is reported, fled with the prisoners. The jail is strongly guarded. The little boy was starved and tortured to death in a specifically charged by the coroner's jury.

The boy's two-year-old sister was also brutally treated, and is at the point of death in a local hospital. While Mrs. Riggs' own children were well fed and treated kindly, the two stepchildren, according to the evidence presented to the coroner's jury, were literally starved.

For several weeks, it is charged, Mrs. Riggs and Miss Shaw have been starving, whipping and otherwise abusing Mrs. Riggs' two children, a boy and a girl, aged seven and thirteen years, respectively. Testimony was brought out at the coroner's hearing that the children had eaten from their own bread, and had been horribly whipped.

MAJORITY BLACKMAILING BILLS.

President McCall of New York Life Makes Sensational Allegations. John A. McCall, president of the New York Life Insurance company, testifying before the legislative investigating committee at New York Wednesday in a statement on the general legislative experience of his company, said that three quarters of the bills on the insurance legislation tabled in the various states were blackmailing bills.

During the testimony in answer to a question by Mr. McKee, McCall denied that the New York Life Insurance company discriminated against American soldiers. In the Spanish war it was alleged recently that the New York Life Insurance company, at the outbreak of the war, was making money in the same way as the life insurance companies with Spanish soldiers who might serve as soldiers than it did with Americans in similar commissions.

"That John R. Hegeman, president of the Metropolitan Life Insurance Company, borrowed \$50,000 from the New York Life Insurance company at 1 1/2 per cent interest, a rate below the market rate, was brought out in the insurance investigation. Mr. McCall, in his testimony, stated that he in turn borrowed \$75,000 from the Metropolitan at the same rate.

FOUR HUNDRED HOMELESS.

Fire in Wisconsin Lumber Town Does Frightful Destruction. Fire in the lumber district of Rhineland, Wis., destroyed property valued at \$600,000 and rendered 400 people homeless. The fire started in the lumber yard of the Brown Brothers Lumber company, and after the Rhineland lumber yard spread to the houses, which were almost entirely destroyed. A high wind was blowing, which carried the fire into the residence district, destroying about seventy-five dwelling houses. About 40,000,000 feet of lumber was destroyed.

NOTED BREEDING FARM SOLD.

Attorney Dickinson Buys Two-Thirds Interest in Famous Belle Meade. A Madison, Wis., auctioneer, general counsel of the Illinois Central railroad, has purchased a two-thirds interest in Belle Meade farm near Nashville, Tenn., for many years a famous nursery for running horses, under the management of the late General W. H. Jackson. Judge Dickinson has also acquired a lease on the other third interest, and it is said contemplates retiring from the law to devote his entire life to his home at no very distant date.

A DROP IN COTTON.

Followed Report of Bureau on Crop Conditions. MARKETS ARE RATTLED. Break in Prices Occurs on Exchanges in New York and at New Orleans and Excitement Was Great For a Time.

The publication of the October bureau report showing the condition of cotton to be 71.2 per cent against 72.1 per cent last month and 75.9 per cent last year, was followed by a sensational break in the cotton market in New York Tuesday.

Prior to the publication of the report expectations of a dearth showing had caused a decline of about 10 to 15 points, and instead of this the decline was increased to 35 to 44 points on active months with December selling at 10.15 and January at 10.13. This was about a cent and a quarter below the high level touched early in July.

A lower percentage condition had been expected. The loss in condition in the last two months, as compared with the average, was a loss of 5.8 per cent for the same months during the last ten years.

The market became very active, and excited and heavy blocks of long cotton were thrown over. Break at New Orleans. The final cotton crop condition report for the season, that for September, was received at the cotton exchange in New Orleans from the agricultural department Tuesday morning at 11 o'clock. It was considered as bearish in tendency, and cotton sold off 25 points until 12 o'clock, when the market seemed quite firm and had a very strong reacting power. At the noon call December had declined 25 points to 10.23; January 26 points to 10.21. The market at these figures from being unsteady became quiet.

GENUINE REPORT ON COTTON.

The following bulletin on the condition of the cotton crop was issued by the department of agriculture at Washington on Tuesday. The crop estimating board of the bureau of statistics for the department of agriculture, through the agents of the bureau that the average condition of cotton on September 25 was 71.2, as compared with 72.1 on August 25, 1904; 75.9 on September 25, 1903, and a ten year average of 66.1.

OFFICERS BAG "PAT" CROW.

Notorious Kidnaper is Finally Run to Earth in Suite, Montana. Pat Crowe, wanted by the Omaha police for the kidnaping of the son of Millionaire Packer Edward Cuddey in 1904, was arrested in Suite, Mont., Tuesday night. Crowe's identification has been made complete through photographs sent to the authorities by the Omaha officers. He caused difficulty at his arrest, expressing chagrin at his apprehension in a town the size of Butte, when he is said, had traveled the world over and evaded capture in all the large cities.

HEMP CROP IS RUINED.

Loss in Philippines from Typhoon Reaches Enormous Figure. A Manila dispatch says: The estimated loss in the hemp growing districts from the recent typhoon is \$5,000,000 in gold. The hemp in warehouses ready for shipment is also a heavy loss. The typhoon spread so far to such an extent that it will take a year to get them in condition again. Reports now coming in from the south indicate a greater loss of life and property than was first estimated.

MANIPULATED SCHOOL FUNDS.

Professor Dougherty Arrested on Indictments for Forgery. Professor Newton Dougherty, superintendent of the city schools of Peoria, Ill., for more than twenty years, president of the Peoria national bank and capitalist was arrested Thursday on two true bills returned by the grand jury, charged with forgery and embezzlement. The arrest followed an investigation by the grand jury of charges brought against Professor Dougherty that the accounts of the school funds, which were deposited in his bank, were being manipulated.
