#### PETITION FOR CHARTER.

Georgia, Bulloch County.  
To the Superior Court of said county:  
The petition of Wayne Parish, F. C. Waters, C. B. Griner, D. L. Alderman and R. W. Kustin, all of said state and county, respectfully shew:  
That the petitioners desire, for themselves, their associates, successors and assigns, to be incorporated under the name and style of "Brooklet Trading Company."  
That the term for which the petitioners ask to be incorporated is twenty years, with the privilege of renewal at the end of each term.  
That the capital stock of the corporation is to be Six Thousand Dollars, divided into six hundred shares of One Hundred Dollars each. The petitioners ask the privilege of increasing said capital stock from time to time, but not exceeding a sum not exceeding in the aggregate Twenty-five Thousand Dollars.  
That the whole of said capital stock of Six Thousand Dollars has already been actually paid in.  
That the object of the proposed corporation is pecuniary gain and profit to its stockholders. The petitioners purpose to carry on the retail general merchandise business, to deal in dry goods, shoes, notions, clothing, groceries, hardware, drugs, and such articles of merchandise as are usually carried in stock in a general mercantile establishment; to buy or sell for cash or on credit all such goods, as well as buggies, wagons and other vehicles, busses and autos, and other fertilizers, cotton and other produce, as well as any and all other goods, wares and merchandise as can be profitably handled and sold in connection with said business; to act as agents for the sale of any and all goods usually handled or sold in connection with a business of this character; to make all and every necessary and proper contract in connection with the said business, whether same be contract of purchase, sale, agency or other contract; to buy and sell real estate for the advancement and profit of said business; and to execute and receive mortgages and other encumbrances on land or other property in connection with and for the benefit of said business; to establish and operate a public ginny in connection with said business; and to exercise the usual powers, and to do all necessary and proper acts which pertain to and are connected with the said general mercantile business, including the powers and privileges incident by law to all such corporations.  
That the principal office and place of business of the proposed corporation will be in the town of Brooklet, in the county of Bulloch, state of Georgia.  
Wherefore, petitioners pray to be made a corporation under the name and style aforesaid, and they be invested with all the rights, privileges and immunities also subject to all the liabilities fixed, allowed and imposed by the laws of said state.

**NOTICE**  
Georgia, Bulloch County:  
Notice is hereby given to all parties concerned that on the 25th day of November, next, I will apply to the Hon. J. H. Martin, Judge of the superior court of the District of the Middle, for an order of partition of the middle circuit being divided into two parts, one part to be used for applicant in the same manner, at the court house in Jacksonville, Ga., at 10 o'clock a. m. for an order to sell at public sale in private sale the following tract of land, to wit:  
That tract of land located in 1234 district G. M. of Washington County, Ga., containing 140 acres, more or less, bounded north and south by lands of Anderson Page, south by lands of Paul Bostick and west by lands of Thomas Vaughn, located on the Savannah road two miles below Reidsville, in Washington County, the proceeds to be reinvested in following lands, to wit:  
A lot in the town of Statesboro, Ga., known as the Dite Olliff place, bounded north by lands of Dite Olliff, east by lot of Gus Floyd, south by lot of Mike Brown and west by lands of Jones, containing ten acres, more or less. Reason for making this application being as follows:  
Guardian's residence and minor's residence being in Bulloch County, it is both inconvenient and expensive to go both to the court and to the lands and to collect rents therefrom, the investment proposed to be made being for the best interests of said wards, being better investment and netting to said ward more revenue. This Oct. 10, 1905.  
Cynthia Ann Smith, guardian of John Grady Smith, minor.

## Bendella

WRITTEN BY A SCHOOL BOY.

A great battle was being fought in the country of Cape Patton. Everyone thought the country was lost, but a relief was coming that no one had thought about.

One day a fleet was sailing near the coast when a great storm came up and the ships were about to be wrecked when a man in one of the boats cried out, "Every man get into a boat and row ashore." There was a rush for boats and when the men on the other ships saw them they got into boats and rowed away except one man who did not know that the others had gone, and it was a good thing he didn't, because they were never heard of again, and it is supposed they were drowned. When he saw the rest of them rowing away he was almost heart-broken. He tried to call them but no voice could be heard, and he resolved to die like a brave man. He went down to the cabin and got some rum and something to eat and then lay down to sleep.

Now the capital of Cape Patton was on the shore not far away when Bendella awoke, for that was his name. It was quite late in the morning of a new day, and he walked the deck thinking what a miracle it was that his life had been saved, but when he got on deck a strange sight met his eye. Not far away he saw a large city but the rest of the ships were nowhere to be seen. It seemed to him he was in a large bay or harbor. He stood still to think where he was at and he decided he was in a large harbor and that his ship had been driven there during the night. At last a boat came out of the city and came right by the ship and Bendella called to the men and begged them to save his life and take him on shore. Now this was the capital of Cape Patton, and when Bendella heard the story of the battle, he told them that he was captain of an army that had been lost, and that his nation was a large nation. He told them if they would lend him men enough to sail a ship he would go home and get his nation to come and help him win the battle. So the king consented and the next day they sailed out of the little harbor into the ocean. They were four days on their journey and when Bendella reached his home he told the king of his land how he had been saved and about the war that was going on in Cape Patton and how he had promised to get his nation to help them. The king after a little hesitation consented to let him get an army and ship to help Cape Patton.

At last he raised an army of ten hundred thousand men and about one hundred ships of war and sailed for Cape Patton. He was again four days on the journey. When he reached the harbor the people of Cape Patton were afraid, because they thought it was their enemy who had beaten them in most every battle, but Bendella caused a flag of truce to be raised and a boat to be lowered so that he could go on shore. When he reached the land and had told them he had come to help them in battle they began jumping for joy for now their kingdom was saved and they ran and told the king, and the king jumped out of his throne and did not wait for a coach to carry him, but ran right down the street to the landing where he stood looking at the ships in the harbor, and when Bendella told him that he was going to help him out in battle he told him that an army was approaching the north Bendella went back to his men and divided his men and divided them into three companies and ordered one of them to stay in the ships and one of them to go to the east of the city and the other to go to the west and to come together in the north of the city and fall upon them without mercy. When they came upon the enemy they were so frightened at such a large army that they all fled from the country. The king of Cape Patton gave Bendella a ship of gold, and thus Cape Patton was saved.

## The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

In Memoriam.  
Just as the sun was peeping out of the eastern horizon on the morning of August 30th 1905 the sad news came to us that the death angel had visited the home of our Aunt Jane Ringwald and bore her within the shining portals of Paradise.  
She had passed her sixty-third summer at the time of her death. Her suffering was great and unknown to us but we felt assured that she is now resting in the loving embrace of an everlasting and interceding Savior, where she will never again know any more suffering and grief. Yes, she has left us to mourn our great earthly loss, but our loss is her eternal gain; she is not dead, as most dead, only sleeping in the arms of Jesus where we hope to meet her some sweet day. She leaves seven children and sixteen grandchildren and a number of other relatives and friends to mourn her sad death.  
She has gone to yonder city To abide forever more,  
Oh how sweet 'twill be to meet her On that happy golden shore.  
The earth has lost a precious jewel, God's own hand was all in vain, In his wisdom she had pleased him And was ready for his call.  
She will sleep but not forever, There will be a glorious dawn, We shall meet to part no more, On the resurrection morn.  
Rest dear aunt, Jesus will keep you With a kind and gentle hand, Close besides the sparkling waters In that bright and better land.  
Asleep in Jesus, blessed sleep, From which none ever wake to weep, A calm and undisturbed repose, Unbroken by the last of foes.  
Jno. W. Davis, Groveland, Ga.

### How To Save Him

Here is a minister who appreciates the editor. At a recent editorial convention he offered the following toast:  
"To save an editor from starvation, take his paper and pay for it promptly. To save him from bankruptcy, advertise in his paper liberally. To save from despair, send him every item of news of which you can get hold. To save him from profanity, write your correspondence plainly on one side of the sheet and send it in as early as possible. To save him from mistakes bury him. Dead people are the only ones who never make mistakes."

Newspaper readers would do well to remember that there are no perfect people—editors or readers.

Uncle "Rufus" Lester don't want to let go from the public treat yet. Two years ago his cry was "just two years more" and he would quit. He got the two years more and now he wants to add another two. In case he quits, however, the Press has sounded a note of warning to the country counsils that Savannah must name the congressman. According to the Press the country counsils have no right to ask for representation. We want to say, however, that in the last two years the country counsils have grown in number and Savannah has grown in number and Savannah must not claim everything.—Lyons Progress.

### Light in the Skies.

Honey, hush complain!—  
Dry yo' weepin' eyes;  
Tho' the clouds be rainin';  
The light is in the skies!  
Honey, quit that weepin';  
Hush ole sorrow's sighs;  
Harvest time an' reapin';  
The light is in the skies!  
Hear that bird a-singin';  
When the shadow fleet  
The harvest bells are ringin';  
The light is in the skies!  
Keep on a-dreamin';  
When the daylight dies;  
Bright stars be gleamin';  
The light is in the skies!  
Keep on a-tryin';  
When yo' courage dies;

### Delay in the Report

**of Cotton Shaded**  
Washington, Oct. 26.—The Census Bureau issued a bulletin today placing the cotton ginned in the United States up to Oct. 15, at 4,940,728 bales, round bales being counted as half bales. The statement is based on reports made by the bureau's special agents in the field.

No estimate is made of the total crop for the year, but figures are given over concerning crops of former years. The figures show that up to this date in 1904, the products of the gins had reached a total of 6,417,804 bales out of a total of 18,093,279 bales for the year.

In 1903, the total production was 10,045,615 bales and the ginning output up to Oct. 25, 8,709,248; in 1902, the total was 10,827,168, and the output to Oct. 25, was 5,683,000.

To day's report covered 26,864 ginneries and the statements upon which it was prepared were supplied by telegraph by 702 special agents in the field, most of them representing one county each.

### Court Going On.

The superior court has been in session all the week. Mr. W. H. Cone was selected as foreman of the grand jury, and that body has been diligent in looking after the law breakers. A large number of true bills have been returned for various offenses extending from murder to gambling.

A good many people have attended the court during the week.

### For County Treasurer

To the voters of Bulloch County: I hereby announce my candidacy for county treasurer, subject to the ensuing democratic primary, and, if elected, I promise to discharge the duties of the office to the best of my ability as heretofore. I have held the office for two terms and my books have been found accurate at all times. You all know my affliction and your support will be greatly appreciated.  
W. W. DeLoach.

### Murder Held Officers at Bay

Alestad, N. H., October 26.—George Ford locked himself in a room of a hotel here and defied the sheriff and a posse of ten men to arrest him last night on a charge of murder.

It is alleged that he shot and killed Fred Shortleive in a quarrel a few minutes before the attempted arrest. Every avenue of escape from the hotel is closely guarded and the police expect to starve Ford into submission.

### About Not Grass.

I see in your paper where Mr. F. W. J. gives a remedy to destroy not grass. He says build a lightwood knot fire on a patch of it and let it burn for three days, and if this remedy failed he would not charge anything for the prescription.

Now I will say in answer to Mr. F. W. J. that this remedy is no good. I burned three log heaps on a patch about the size of a ten foot room, and the following spring, I think, it came up on that spot as thick as ever. I then put two sacks of salt on this spot and left it lying on top of the ground, and in two weeks the not grass came up as thick as ever.

The roots of not grass grow so deep and so thick until it is impossible to get rid of it. I then planted velvet beans on the land, as I had heard that they would destroy it, but the next spring, when I went to plough the land the grass had taken such a hold on it until it would turn in a shield. Now I have tried every remedy that can be tried and have found nothing that does any good.

If you have not grass on your place my advice to you is to sell your land and leave it. There is not a man in existence that knows how quick it will ruin land only those who have tried it.

I would not give anything for land that has not grass on it. You can throw out the land it is growing on and take in new one, but if you don't ditch around the land you throw away it will soon get on the adjoining land that you take in. Now if anyone doubts this I can sight you to three places in Bulloch where it is growing and you can look for yourself.  
A. A. R.

### Fire Discovered in Court House.

On Tuesday morning an alarm of fire was given and upon investigation it was immediately found that County School Commissioner Brannen's office was almost ablaze.

The fire was discovered about six o'clock only by a small smoke issuing from the ventilators under the court house, and had gained very little headway, as no blaze was yet visible. The fire department was soon on hand with the hose and in a few minutes the smoke had subsided.

The damage is very light, Commissioner Brannen's loss being the heaviest, having had his books etc., damaged by water.
