For Judge of Middle Circuit.
To the Voters of the Middle Circuit:
I think it proper at this time to announce the fact that I will be a candidate to succeed myself as Judge of the Circuit. For eight years I served the people of the Circuit as Solicitor General, endeavoring at all times to discharge the duties of that office with fairness, impartiality and courtesy. Upon the promotion of Judge Evans to the bench of the Supreme Court I was an unopposed candidate before the people for the Judge-Ship to fill out his unexpired term of two years. My unanimous election to this office necessitated a complete abandonment of my law practice. I submit that I am fairly entitled to at least a full term. If in your judgment I have made an efficient and impartial Judge. On that subject of course I can say nothing on my own behalf, except that I have labored earnestly in presiding over your courts, to do so impartially and to render efficient service to the people. Whether I have succeeded or not others must say. If so, I am fairly entitled to an endorsement of my administration and of my record.
H. T. Rawlings

For County Treasurer
To the voters of Bulloch County:
I hereby announce my candidacy for county treasurer, subject to the ensuing democratic primary; and, if elected, I promise to discharge the duties of the office to the best of my ability as heretofore. I have held the office for two terms and my books have been found accurate at all times. You all know my affection and your support will be greatly appreciated.
W. W. DeLoach

For Tax Receiver
To the voters of Bulloch County:
I hereby announce my candidacy for the office of Tax Receiver of Bulloch County, subject to the democratic primary, and, if elected, I promise to discharge the duties of the office to the best of my ability.
J. G. Jones

For Tax Collector.
I hereby announce myself a candidate for the democratic nomination, for tax collector of Bulloch county at the next election. I am a Bulloch county boy, whose life is known to every citizen of the county. If you deem me upright and entitled to the office, I will heartily appreciate your support.
S. C. Allen

For Tax Receiver
The friends of Mr. L. O. Atkins hereby announce him for receiver of tax returns subject to the ensuing Democratic primary, and respectfully ask for him the support of his fellow citizens.
VOTERS.

Restaurant Open.
With a first class cook I have opened my restaurant again. It is adjoining my bakery where I have everything neat and clean and ready to serve the wants of the public. Meals served at all hours. Oysters served in every style. Fish all the time.
Respectfully,
B. P. Maull.

NOTICE.
There is at my place, in 40th district, Bulloch county, a stray sorrel horse with blaze face and flax mane and tail, about 20 years old which I traded to some Gypsies about two years ago. The owner can get the horse by paying damages.

Railroad Rates in France.
What the Traffic Manager of the Most Important Railroad of France Thinks of our Regulations.

N. C. Nublenberg, Traffic Manager of the Paris-Lyon-Mediterranean railway, says in discussing the American railroad rate system:
"Your American method of making a railroad tariff, leaving the companies free to make the price of transportation, subject only to correction by the government in instances of abuse of discretion, is a better one than our French method. Indeed, I don't see on what other principle your tariffs could be made, inasmuch as your railways are privately owned and operated. I can't understand how any government could make rates for such railways."
"The French railways, in fact, always make their own rates; that is to say the government never assumes to lay down or prescribe a rate for us. We make new rates and changes as we think equitable and just. We are then obliged, before putting them in force to submit them to the government for approval, and argue it out with them. The position taken by the government is usually due to political pressure from some locality or industry and is therefore generally not along sound business lines. They argue something that runs counter to the laws of nature and the laws of trade, and our rate-makers are more a matter of politics rather than of sound railway administration, leading constantly toward a distance tariff. In twenty years, at the rate we are going, I don't know where we shall land."

But Few Are Free.
But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of indigestion. Sold by W. H. Ellis.

Sells More of Chamberlain's Cough Remedy than All Others Put Together.
Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines. I have on my shelves put together. Of the many dozen sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by all druggists.

FARMERS TO MEET AT THE COURT HOUSE

A meeting of the Bulloch County Branch of the Southern Cotton Growers Association is called to meet in Statesboro on next Saturday, the 18th, to elect delegates to the Southern Cotton Growers Association which meets in Valdosta on the 22nd.
This is important that every farmer and member of this association should be present and help to select such men as would be of most interest to the cause.
President McElveen is very anxious that we have a good representation at Valdosta, and with-out the co-operation of the people his efforts will be of no avail, and therefore urges a good attendance.
This organization has been a power in the land for the farmers. They have already felt the effect, but it has not yet reached the point that will be reached with the co-operation of the people.
President Harvie Jordan is doing a great work, and we, too, should aid him in accomplishing the purpose an essential to the prosperity of our land.
P. R. McELVEEN, Pres.
J. R. MILLER, Secy.

Billions Attack Quickly Cured.
A few weeks ago I had a bilious attack that was severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man.—H. C. Bailey, Editor of the News, Chaplin, S. C. These tablets are for sale by all druggists.

Nature Needs But Little.
Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headache, constipation, etc. The famous little pills "Early Risers" are pleasant in effect and perfect in action. They never gripe or sicken, but tone and strengthen the liver and kidneys. Sold by W. H. Ellis.

Wm Move to Statesboro.
We understand that Mr. W. H. Blitch has decided to locate in Statesboro and open business. He has leased the store from Dr. J. B. Cone where Olary's Store is now located, and will put in a full line of General Merchandise the first of the year. We are pleased to learn that Mr. Blitch has made up his mind to make his home with us.

Association Adjourns.
The annual meeting of the Bulloch County Baptist association adjourned on Friday afternoon after a three days session at Bethel Baptist church.
There was a large crowd out on Thursday and a fairly large crowd on Friday, notwithstanding the steady downpour of rain all day. The next session of the association will be held with Olive Branch Baptist church in Bryan county.

A Disastrous Calamity.
It is a disastrous calamity, when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs, and cure headache, dizziness, colic, constipation, etc. Guaranteed at W. H. Ellis drug store; 25c.

Prize Cotton Bid Off at 27 Cents.
On Saturday afternoon the bale of sea island cotton that carried off \$170.00 premium money at auction on Georgia fairs was sold at auction on the court house square. Mr. S. J. Williams acted as auctioneer and the bidding was spirited from the start. It was finally knocked down to Messrs. J. G. Blitch Co. at 27 cents per pound. The bale weighed between 800 and 400 pounds and was without doubt the best bale of cotton seen on this market this season. Messrs. Blitch Co. will ship it to Savannah where it will be put on exhibition on the cotton exchange. The blue ribbon awarded it by the cotton experts at both Macon and Atlanta are still on it.
The cotton was made by J. R. Miller, and grew within the corporate limits of the city of Statesboro.

"I Thank The Lord!"
cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 6 years." It is a marvelous balm for cuts, burns and wounds. Guaranteed at W. H. Ellis drug store; 25c.

STRAYED
From my place in Statesboro last Sunday, Nov. 12th, four head of shoats, 3 white and black and one red, marked crop, split in one ear and oversquare in other. Any information as to their whereabouts will be suitably rewarded.

Statesboro, Ga.

Attention Patrons.
We desire to speak confidentially to the two thousand or more subscribers who have neglected so far to call in and settle with us for their paper this year. We are sure that it is a matter of oversight that they have not done this, and we would ask that they attend to it at their earliest convenience.
We are going to give you absolutely the best county paper in the state of Georgia. We have already purchased several thousand dollars worth of improved and up-to-date machinery, which will be installed as soon as we can get the extra room to place it. We have leased the entire building now occupied by us—both upper and lower floors—and as soon as the other tenants, who have had it for this year, can get out of the lower floor we will begin to put in our type setting machine and heavy presses. We are compelled to get a ground floor to put these on, and it will be the first of January before we can get possession of the space on which they must sit. Remember that money don't grow on trees around in this community, and that it takes lots of it to carry on our business, and while we are not given to be continually calling on you through the paper on this line, yet we always have something to say about this time of the year. The two thousand men who owe us for the paper are as good for their contracts as any set of men on the face of the globe, but they seem to overlook small matters unless their attention is called to it. Remember us when you come to town or send it to us by mail.

The Statesboro News

(INCORPORATED)
Published Tuesdays and Fridays by
THE STATESBORO NEWS PUBLISHING
COMPANY.
Entered at Statesboro, Ga. Post Office
as second class mail matter.

In the matter of Booz and sand-
witches Hoke Smith seems to have
the advantage of Clark Howell.
The Hon. Hoke owns a barroom
and can supply it at wholesale
prices.

We notice that Col. Bill Clifton,
"The War Horse from McIntosh,"
is mentioned as a Congressional
possibility. Let the Genial Colo-
nel come into the race. The more
the better.

The Bryan Enterprise sounds a
note of warning to "The Booz and
Boodle" Congressional candidate.
It says the people will not stand
for some of the methods practiced
during the last campaign.

The B. B. (booz & boodle)
crowd seem to be having some
trouble getting a candidate to run
for Congress this time. They
should try the cheap column ad-
vertising for one.

Hon. W. R. Hearst is making
things extremely warm for Tammy
in New York. If he can succeed
in breaking up that corrupt organ-
ization he will render to the Coun-
try at large a service that should
never be forgotten.

Certain politicians in the First
district who make a practice of
stuffing ballot boxes and tearing
up men's ballots in their face
while a big policeman stands to
back it up, should watch the fate
of Tammy in New York and tremble.

Emanuel County declares that
she can put up a better fight than
the one just closed at Macon was.
We are sure they can, and we are
also sure that our sister county
will adopt more honorable and
fair methods in the awarding of
her prize, too.

The State of Georgia was never
in a better condition than at the
present time, and cheap screw poli-
ticians who are running over the
State with calamity howl on their
lips will find that their trail
has no lodgment with the thrifty
and progressive people of the great
State of Georgia.

Lester Will Not Run
Colonel Rufus E. Lester has
published a statement saying that
he will not again be a candidate,
and makes the announcement in
consideration of his friends "who
are willing to succeed him, but
generous enough not to antago-
nize him."

In other words he hopes that
after the people of the country
counties have kept him in one of
office for eighteen years, that he
will be able to deliver his office to
some one of his Savannah friends.
If he had stated that he thanked
his friends for their loyal support
in the many years past, and that
he had been fully rewarded, he
and his friends would have felt
better.

But it is the same old story,
that when the people keep a man
in office for many years, he comes
to believe that the office is his
property, and that it is a crime
for anybody to oppose him.

We wish the Colonel well, and
only regret that he permits him-
self to become soiled because
somebody opposes him.

Capt. Hitch and Bulloch County.

We note the daily efforts of the
Savannah News to impress on the
minds of the voters of the First
congressional district that Capt.
R. M. Hitch is the candidate of
Bulloch county, and that he will
get a strong support from Bul-
loch in the event of his entering
the race. Of course, all sensible
people see through the Savannah
paper's tactics at a glance. They
desire to create the impression
that there is opposition to Bran-
den in Bulloch, and claim to have
found a committee of two men
from Bulloch who were favorable
to Hitch. Now we like the genial
captain, but in all frankness if he
is to pose as "The Bulloch Coun-
ty Candidate," when the votes are
counted and he hears from Bul-
loch he will be the worst disap-
pointed man who ever entered the
race for any office.

If Savannah wants Capt. Hitch
in the race, let them put him out
as their candidate, and not try to
palm him off on a county in which
he absolutely has no showing
to get a corporate guard, so to
speak.

Let all candidates run who
want to, but let them come with
some standing from their home
counties.

Don't Be Deceived.

Do not be deceived by counterfeiters
when you buy Hitch Haze Salve. The
name of E. C. DeWitt & Co. is on
every box of the genuine. Piles in their
worst form, will soon pass away if you
will apply DeWitt's Hitch Haze Salve
night and morning. Best for cuts,
burns, boils, tetter, eczema, etc. Miss
H. M. Middleton, Thebes, Ill., says "I
was seriously afflicted with a fever sore
that was very painful. DeWitt's Hitch
Haze Salve cured me in a few days."
Sold by W. H. Ellis.

Additional Votes in Congressional Race.

In view of great amount of talk
in regard to the next race for con-
gressman from this district it is
interesting to note that there will
be thirty-six votes in the nomi-
nating convention next time, in-
stead of thirty-two as heretofore.
The six votes which Chatham has
are therefore proportionately less
influential. The question of the
creation of two new counties,
Toombs and Jenkins, each of
which will have two voters, is the
cause of the increase.

Despite all the talk in regard to
candidates, little interest is yet
manifested here in the race, which
is so far off. There is in Savan-
nah a general feeling that Bran-
den should be opposed, but senti-
ment has not centered on any one
of the many possible candidates
mentioned.—Savannah News.

Yes, Savannah's political greed
could not let the chance pass to
put out a candidate against Bran-
den, but, Bro. News, this is one
time the Savannah political ring
cannot run it over the crackers.
We country fellows would like to
work in harmony with our silk
hat friends of the city, but they
won't have it that way. For
many years we swallowed the city
candidate, but the city politicians
won't accept our candidate at all,
consequently we are bucking. Un-
less all signs fail Lonnie Brannen
will be the next congressman from
the First district and he will rep-
resent Savannah just as much as
any other section of the district.
It won't be like it has been, all for
Savannah and nothing for the
country, but equal rights to all
parts of the First congressional
district.—Lyons Progress.

Sells More of Chamberlain's
Cough Remedy than All
Others Put Together.
Mr. Thos. George, a merchant at Mt.
Elgin, Ontario, says: "I have had
the local agency for Chamberlain's Cough
Remedy ever since it was introduced
into Canada, and I sell as much of it as
I do of all other lines. I have on my
shelves put together of the many dis-
tinctly sold under guarantee. I have not had
one bottle returned. I can personally
recommend this medicine as I have used
it myself and given it to my children
and always with the best results." For
sale by all druggists.

Kodol Dyspepsia Cure
Digests what you eat.

Impoverished Soil

Impoverished soil, like impover-
ished blood, needs a proper
fertilizer. A chemist by analyz-
ing the soil can tell you what
fertilizer to use for different
products.

If your blood is impoverished
your doctor will tell you what
you need to fertilize it and give
it the rich, red corpuscles that
are lacking in it. It may be you
need a tonic, but more likely you
need a concentrated fat food,
and fat is the element lacking
in your system.

There is no fat food that is
easily digested and assimilat-
ed as

Scott's Emulsion of Cod Liver Oil

If Emanuel county can't get up
a better fair than that make-shift
was at Macon, then we are honest-
ly mistaken. A county fair is
what our people need, and that is
all they do need in the fair line.
Let's go to work and have one
next year right here in Emanuel
county. There's nothing easier
and nothing more needful just
now.—Forest-Blade.

Every Ounce You Eat.

Every ounce of food you eat that
fails to digest does a pound of harm. It
turns the entire meal into poison. This
not only deprives the blood of the neces-
sary tissue-building material, but it
poisons it. Kodol Dyspepsia Cure is a
perfect digestant. It digests the food
regardless of the condition of the stom-
ach. It allows that organ to rest and
get strong again. Relieves Belching,
Heart Burn, Sour Stomach, Indigest-
ion, Palpitation of the Heart, etc. W.

CALLS ANSWERED PROMPTLY

Day and Night

SERMON BY THE GREAT PREACHER,

DR. T. DEWITT TALMADGE.

There has lived in this country
in the last half a century no pro-
founder thinker or broader humani-
tarian than the great Christian
Minister, Dr. Talmadge. Follow-
ing is an extract from one of his
greatest sermons on the duty we
owe to our families:

"Let him appoint officers over
the land, and take up the fifth
of part the land of Egypt in the
seven plenteous years."—Gen. xli:
34. These were the words of
Joseph, the President of the first
life insurance company that the
world ever saw. Pharaoh had a
dream that directed him. He
thought he stood on the banks of
the Nile, and saw coming up out
of the river seven fat, sleek, glossy
cows, and they began to browse
in the thick grass. Nothing
frightful about that. But after
then, coming up out of the same
river, he saw seven cows that
were gaunt and starved and the
worst looking cows that had ever
been seen in the land, and in the
ferocity of their hunger they de-
voured their seven fat predecessors.
Pharaoh, the King, sent for
Joseph to decipher these mid-
night hieroglyphs. Joseph made
short work of it, and intimated
that the seven fat cows that
came out of the river were seven
years with plenty to eat; the
seven emaciated cows that follow-
ed them were seven years in which
there shall be no corn crop.
The King took the counsel, and
appointed Joseph, because of his
integrity and public spiritedness,
as the president of the undertak-
ing. The farmers paid one-fifth
of their income as a premium.
In all the cities and towns of the
land there were branch houses,
and all the herds and the flocks,
but if you could pay the premium
on a policy and neglected them,
it was a mere thing for you to go
up to heaven while they go to the
pouchoise.

You, at your death, move into
a mansion, river fount, and they
into two rooms on the fourth floor
of a tenement house in a back
street. When they are out at the
show and kneel, the thought of
your splendid robe in heaven will
not keep them warm. The min-
ister may preach a splendid ser-
mon over your remains, and the
quartet may sing like four
angels in the organ loft, but your
death will be a struggle. You
had the means to provide for the
comfort of your household when
you left it, and wickedly neglected
it.

"Oh," says some one, "I have
joy and pride of life until the mo-
ment of his death, and then that
same woman going out with help-
less children at her back to strug-
gle for bread in a world where
brawny muscle and rugged soul

THE NEWS.

Published at Statesboro, Ga.
TUESDAYS AND FRIDAYS.

By The Statesboro News Publishing Co.

Little Belgium is trying hard to catch up. In the 40 years of King Leopold's reign her population has increased from 3,000,000 to 7,000,000. No race suicide there!

The criminologists have discovered that twice as many bachelors as married men are convicted of crime, states the Atlanta Constitution. It is a reasonable enough inference that the married man is kept too busy to indulge in criminality.

It will soon be necessary to drop "isolation" from the list of drawbacks to life in the country. The multiplication of trolley facilities makes it easy for the farmer to reach the city, and the introduction of rural free delivery brings the city to him (in the form of his favorite newspaper) every day.

If all the milks in the United States began to coin today, and kept it up at the rate at which they have worked since 1792, making double eagles, eagles, half-eagles, quarter-eagles, silver dollars, halves, quarters, dimes, nickels and pennies, asserts the Indianapolis News, they would complete \$1,000,000,000 on August 23, 2016 A. D.

The treaty is called the treaty of Portsmouth, which is in New Hampshire, but the fact is that the agreement was negotiated and signed in a building in the navy yard which is in the State of Maine. The Maine folks, therefore, observe the Buffalo Courier, have some reason for being plain that they ascribed to New Hampshire rightfully belongs to their own state.

There are several reasons why our railroads kill and maim thousands each year, says the Saturday Evening Post, while English railroads traveling in an safe as sitting at home. But the fundamental reason is that our courts, especially our judges, regard a railroad smash-up as an "accident," whereas the English courts regard it as deliberate and criminal carelessness always.

A rumor that the prevalent opinion in Washington regarding steam turbines is less favorable now than it was a few months ago has attracted attention on both sides of the Atlantic. The Iron Age, recently expressed the conviction that a hasty decision concerning the new type of engine would be "ill advised," and now The Shipping World, of London, Eng., echoes the sentiment, and declares that the German criticisms, which are held responsible for the alleged change of attitude of the United States Navy department, "have all been met with more or less completeness."

The Contemporary Review not long since indulged in a jeremiad concerning the evil influences that American women wedded into the aristocracy, exercised in English society. Their passion for display it indicated, and their unwillingness to undertake the duties of maternity, had made them distinctly demoralizing. They were married for their money, and coming from the ranks of the new rich, had no social traditions to maintain, like the colonial wives of Englishmen who are wood and in their native land, and who have no taste for vulgar display and who do not aspire to be leaders in the smart set. An English writer who contributes to the London Chronicle takes a more sensible and less derogatory view of the American women who have made their permanent homes in England and who are conspicuous in what James Yellowplush calls the "upper societies."

The writer referred to, who calls himself an Anglo-American, says that personally he is much impressed with the American colony, and that he questions whether any capital has ever harbored so powerful and brilliant a group of foreign women as London possesses in her American contingent.

SUICIDE BALKED OFFICERS.

To Escape Arrest, Man Kills Self and Woman Companion.
At San Francisco Monday night, Milton Franklin Andrews, wanted for the sensational murder of Besie Houston, Colorado Springs, shot and killed his female companion, Naida Olivia, and then killed himself. Andrews was wanted for a murderous assault on William Ellis at Berkeley, Cal. The police located the couple, and when they were about to enter the house Andrews killed the woman and ended his own life.

FIERCE BALLOT BATTLES

Decide Issues in Many Strenuous Contests, State and Municipal.

McCLELLAN-JEROME

Conceded Victors in New York; Grafters Ousted in Philadelphia and Disfranchisement Knocked Out in Maryland.

Election returns received by the Associated Press in Washington up to 4 o'clock Wednesday morning, showed that the democrats have carried the majority campaign in New York city; the state ticket in Pennsylvania, the state ticket in Virginia and the city ticket in Louisville, while the republicans have made a clean sweep in Massachusetts and Chicago and Cook county and have carried their tickets in New Jersey, Rhode Island, Nebraska, Maryland. In New York City had a plurality in the borough of Brooklyn of almost 16,000 with fourteen election districts missing. The returns indicate McClellan's re-election by several thousand plurality. Bird S. Coler was elected borough president of Brooklyn on the municipal ownership ticket. The New York election shows that municipal ownership will be a considerable factor in the city's politics.

The suffrage amendment in Maryland was defeated overwhelmingly.

McClellan and Jerome Re-Elected.

Returns at an early hour Wednesday morning were complete in Greater New York in the majority contest with the exception of fifty-one districts scattered through the city. The vote on these returns gives McClellan, democrat, 221,812; Hearst, municipal ownership, 218,657; Ivins, republican, 122,231—a plurality for McClellan of 3,158.

According to The Tribune fraud charges were made by supporters of Hearst and Jerome. Definite charges that official counts of votes in the sixth and eighth assembly districts had been withheld were made at Jerome's headquarters. From Tammany Hall, Charles F. Murphy shortly before 11 o'clock, Tuesday night, sent out word to every leader in the city that the honor of the organization was at stake and every vote for Mayor McClellan must be counted. He told them to overlook nothing, and spare no expense in getting the facts to Tammany as early as possible.

"Count every democratic vote and turn in the report without a moment's hesitation," the warning ran. "The honor of Tammany is at stake." The following statement was issued at midnight by W. R. Hearst: "We have won this election. All Tammany's friends, all Tammany's corruption, all Tammany's intimidation and violence, all Tammany's false registration, illegal voting and dishonest count have not been able to overcome a great popular majority. The record will show that we have won the election by many thousands of votes."

"I shall fight this battle to the end, in behalf of the people who have cast their votes for me, and who shall not be disfranchised by any sort of criminal bosses."

"WILLIAM RANDOLPH HEARST."

SCHMITZ WINS AGAIN.

For Third Time Union Labor Ticket Is Successful in "Frisco." For the third consecutive time, Eugene E. Schmitz, the union labor candidate, was re-elected mayor of San Francisco, Tuesday, by a majority of at least 15,000 over John S. Patterson, the joint nominee of the republican and democratic parties.

In addition to mayor, the union labor party has elected its entire municipal ticket. Voting machines were used for the first time in all the precincts.

LITTLE RHODY REPUBLICAN.
Garvin, Democratic Nominee, Is Defeated by Utter.
A heavy pull for the republican candidate for chief executive, Governor George H. Utter, which is expected to give him a plurality of at least 3,000 over the democratic nominee, Lucius P. Garvin, was the feature of the state election in Rhode Island Tuesday.

Disfranchisement Beaten in Maryland.
The election in Maryland Tuesday was for a state controller, legislative and county officers and in Baltimore for a judge of the supreme court, sheriff, city clerk and surveyor. The issue which engrossed popular attention was a proposed constitutional amendment, the avowed purpose of which was to disfranchise negro voters.

The returns make certain the defeat of the proposed constitutional amendment by a decisive majority of 20,000 or more and the election of McCullough, republican, state controller, over Atkinson, democrat, and the election of republicans in three out of four of the city legislative districts.

The republican candidate for sheriff, court clerk and city surveyor of Baltimore are also elected. Chief Justice Harlan, democrat, is re-elected by 10,000 majority. The republicans did not nominate a candidate against Judge Harlan, though there was an independent republican candidate. The political complexion of the next legislature is uncertain and will not be known until the official count has been complete.

Swanson Governor of Virginia.
In the contest in Virginia, Claude E. Swanson, democrat, was elected governor by about 20,000 plurality over Judge L. L. Lewis, the republican candidate.

The vote everywhere was exceptionally light, but democratic apathy was offset by unfavorable conditions on the other side. The nerves throughout the state obtained from the election were almost entirely. The republicans gain a few members of the legislature. The Richmond Times-Dispatch returns with the city of Bristol and less than a dozen counties to have gone for the democrats a plurality of 34,690.

Mayor Weaver Vindicated.

City Party Chairman Edmonds at Philadelphia sent the following to President Roosevelt: "Philadelphia has stood to its opportunity and has redeemed. The principle of honesty in government so effectively exposed by you has won an overwhelming triumph. Our majority approximates 75,000." To Secretary Root the following was telegraphed: "The masquerade is over. The criminal and corrupt combination has been driven from power by the righteous indignation of a great republic can city. We have only begun. Our thanks to you for your splendid aid."

At 10 p. m., Tuesday the city party headquarters sent the following telegram to Governor Polk of Missouri: "We have swept the city by 60,000 majority."

The Evening Telegraph in its night issue says: "Mayor Weaver's stand for honest politics and civic reform was vindicated at the polls today." BAD BLAZE IN BIRMINGHAM.
Property Aggregating Quarter Million Dollars Is Destroyed.
Fire in Birmingham totally destroyed the next five-story building of the Moore & Handley Hardware company. The building was erected at a cost of \$75,000, and the stock was valued at \$175,000. The two-story structure, that of Moore & Handley, was also burned, the loss being \$10,000.

Editor Stead Gives His Impression of Affairs in Empire.
William T. Stead, the well known war correspondent, fresh from Russia, by way of Finland and Copenhagen, stopped over in Berlin, Germany, on his way to Paris. For an hour and a half he poured forth his vivid impressions of "hell pretty well let loose," as he called it, of the things that he had seen and heard and of the ghastly welter into which Russian society has drifted.

POSTMISTRESS GOES TO JAIL.
Convicted of Shortage in Accounts and Sentenced for Six Months.
In court at Athens, Tuesday, Mrs. J. T. Harmon, formerly Miss Dora Campbell, postmistress at Mayeville, Ga., entered a plea of guilty to the charge of being short in her accounts with the government to the amount of seven or eight hundred dollars, and was sentenced to six months confinement in the Hall county jail.

KICK FROM HEARST

Claims Fraud in New York Mayorality Election.

APPEALS TO THE COURTS

Judge Orders That Ballot Boxes Be Taken from Police-Jerome and Ivins Approve Action and Promise Their Aid.

With the granting of an order by Supreme Court Justice William J. Gaynor, in Brooklyn Wednesday night, compelling Police Commissioner McAdoo to remove every ballot box from all the precincts in Greater New York to the bureau of elections, William R. Hearst, the defeated Municipal Ownership League candidate, took his first legal step in a fight to secure a recount of the votes cast on election day.

The order was granted after Justice Gaynor had reviewed affidavits submitted by Mr. Hearst's attorneys, and half an hour later Colonel Alexander S. Bacon and F. W. Brown, representing Mr. Hearst, served the order on Commissioner McAdoo, who sent out a general order to every precinct in Greater New York, instructing the captains or other officers in charge to send the ballot boxes straightway to the bureau of elections in Manhattan. In signing the order, Justice Gaynor said: "The police have nothing whatever to do with the ballot boxes, and it is most astonishing that they should have possession of them. They have no right to even touch them. The order is granted."

The granting of the order came unexpectedly and caused much surprise, and with the opinion of Justice Gaynor that the police have no right to the ballot boxes, and should not even touch them, a new aspect is placed on the case. This is the first time such an order was ever issued, as heretofore the police have always had charge of the ballot boxes after the count had been taken at the polling places. There are removed to the station house immediately after the inspectors and clerks have counted up the ballots.

Mr. Ivins, the defeated republican majority candidate, was asked by Mr. Hearst to act as his counsel in the fight he will wage to be declared mayor. Mr. Ivins refused, but said he would gladly co-operate with the attorneys who will conduct the fight as an associate counsel. Mr. Hearst's proposed action met with warm approval in many quarters, even among those who opposed his election, and he received many assurances of support. District Attorney Jerome expressed himself in terms of strong approval of Mr. Hearst's program and declared that he would immediately institute a searching investigation of the alleged democratic frauds.

After a secret session of the executive committee of Tammany Hall, held Wednesday afternoon, the following statement was issued: "The executive committee of the democratic organization protests against the outrageous published threat of the defeated candidate of the municipal ownership league to overthrow the will of the people, as expressed by the vote cast at the election day, and directs the law committee to exert its best efforts and take such steps and institute such proceedings as will safeguard the election of George B. McClellan as mayor of New York."

"We also call on the commissioner of police and the custodian of the ballot to preserve the same intact from any unauthorized source."

The city of New York, complete, but unofficial, gives McClellan 3,485 plurality over Hearst. The total vote was: McClellan, 228,562; Hearst, 225,166; Ivins, 137,049.

MOB MENAGED YOUTHS.

White Boys Attempt to Assault Two Girls on Lonely Road.
Charged with attempting to assault two young girls, Walter Gully, aged 20, and Jake Smith, aged 16, both white boys, came near being lynched by a mob at Riverside, Ga., on the river trolley car line from Atlanta Wednesday night.

A crowd of angry citizens had gathered, and but for the work of cooler heads, who got the youths off into the woods and from there to the car line, the prisoners would probably have been roughly handled.

GRAY VETERANS GATHER.
Host of Old Georgia Warriors Assemble in Macon for Reunion.
Wednesday at Macon, Ga., marked the beginning of possibly one of the greatest reunions ever witnessed by Confederate veterans comprising the state division. More than 3,000 people were in the city to attend the exercises of the two days of the reunion.

OHIO GOES DEMOCRATIC.

Pattison, for Governor, Wins by a Handsome Majority and Takes His Entire Ticket With Him.

A special from Columbus, Ohio, says: "Joe M. Pattison, democrat, will be the next governor of Ohio and his party associates on the state ticket have also all been elected, according to the indications of returns. The state officers and the legislators chosen Tuesday will serve three instead of two years, as heretofore, the constitutional amendment for biennial elections providing that the terms of officials elected at this time shall expire on January 1, 1909, at which time the state officers and legislators chosen in November, 1908, will assume office."

The legislature chosen in 1908 will choose a United States senator in succession to Senator Foraker. For some time there was confusion on this point, and it was widely but incorrectly asserted that the legislature just chosen would name Foraker's successor. The reports to Chairman Garber from all sections of the state indicated a plurality in favor of Pattison of more than 55,000, and he said he believed that if the gains continued it might reach 60,000. Republican advisers indicated that, leaving out the five large counties, the Herick loss in the remaining eighty-three counties would average 600 votes to the advantage of a difference of nearly 50,000 between the vote cast for Herick and that for the remainder of the republican ticket.

The other republicans being thus about 50,000 ahead of their chief, would win if Pattison were less than 50,000 ahead of Herick, but as the figures indicated that Pattison had considerably more than the necessary 50,000, while the difference between Herick and the other republican candidates seemed to be narrowing slightly, it was safe to assume that the entire democratic ticket had been elected, even though the fullest report had not been received as to the vote for these officers.

DOOM OF THE RAWLINGS

Sounded by Georgia Supreme Court.

Case of Negro Reversed.
For the murder of the Carter child, born near Valdosta, the supreme court of Georgia decided Wednesday that J. G. Rawlings and two of his sons, Milton and Jesse, must die on the gallows, while another son, Leonard, must serve a life sentence in the penitentiary.

It is rather an interesting fact that in its decision the supreme court affirmed the judgment of the superior court of Lowndes county under which three of the Rawlings must die, while another must serve a life sentence, and at the same time reversed the verdict in the case of Frank Turner, colored, convicted of being an accessory before the fact in the same case, and sentenced to life imprisonment. Here, it appears, is a case showing that full justice is accorded the negro, which many of the northern critics of the south declare is denied.

Attorney Cooper, counsel for the defendant, declares that he is going to appeal the case to the supreme court of the United States where he will ask a reversal of the supreme court of Georgia. The federal question upon which he expects to make this appeal, relates to the composition of the grand jury, the advocates which dealt with the case, Mr. Cooper will base his appeal upon the exclusion from the jury boxes of doctors, lawyers, and other professional men, which exclusion, he declares, denied his clients "due process of law," which is guaranteed under the fourteenth amendment to the constitution of the United States.

The supreme court of Georgia, in passing on this point, holds that jury commissioners may omit from the jury box those who are not qualified by reason of their service, such as those whose vocations afford a reasonable excuse from jury service, such as would be accepted by the court.

COSTLY BLAZE IN NASHVILLE.

Two Large Plants Totally Destroyed by the Flames.
An early morning fire in Nashville, Tenn., Wednesday, destroyed the plants of the Nashville Egg and Produce company and the Gray Daddies trunk and saddle factory on Third avenue. The buildings and stocks were completely destroyed. The origin of the fire is not known. The loss will reach about \$40,000 and the insurance will reach fully two-thirds.

MURPHY "QUEERS" HIMSELF.

Tammany Leader to Be Bounced for Rotten Campaign Management.
After a secret conference at Tammany Hall, New York, Wednesday, some of the leaders expressed the opinion that the returns showed censure of Mr. Murphy's leadership and greatest should as a result stop down and out and make room for a man against whom nothing could be charged. They thought it was time for Mayor McClellan to assume the lead and crush himself.

IS NOT A HERETIC

Rev. Bradley of Atlanta Is Strongly Defended.

HIS TRADUCERS HARD HIT

Rev. J. W. Lee of St. Louis Church Delivers Stinging Rebuke to Old Foggies in Sermon on Evolution.

Preaching Sunday night on "Evolution," Rev. James W. Lee, pastor of St. John Methodist Episcopal church, in St. Louis, Mo., who will succeed Rev. Dr. H. S. Bradley at Trinity church, Atlanta, and whom Dr. Bradley will succeed at St. John church, defended Dr. Bradley against the recent heresy attack, declaring him an evolutionist and advanced thinker.

In his sermon Dr. Lee declared his firm belief in theistic evolution as opposed to materialistic evolution, and presented the creation of the world by evolution as the only tenable theory for modern religious thought. The opponents of evolution, the people who accept literally the creation story of the Bible, he relegated to the dark ages. Dr. Lee delved deep into scientific research, quoted Huxley, Haeckel and Spencer and rehearsed and dissected the atomic theory.

"There are many people who seem to think that when a preacher believes in evolution he is a heretic," said Dr. Lee. "I am an evolutionist and my belief in evolution is firmer today than it ever was. Evolution, the creation of worlds, and the universe by gradual processes, is far more in keeping with the better idea of God than any antiquated notions that some people hold about the way that God went about the building of this earth, much like we imagine a carpenter would, plucking the land from one part of the universe and the water from another, and the trees from this and the animals from that and putting them together."

"The evolutionist looks on God as a carpenter, who works from the outside. The evolutionist sees God in every atom and looks on Him as working from the inner side of things. If you are an anti-evolutionist, you belong to the nineteenth century. If you are an evolutionist, you belong to the modern era of thought and have all science back of you."

In conclusion he said: "Evolution makes it absolutely necessary to have in an all-controlling will I find that it is an absolute delight to believe that, through all these ages, there has been a gradual ascent, come today that things have not so up until man reaches a state of perfection and becomes the temple for the Spirit of God. It is a reassuring conviction to have that fall and civilization be buried beneath for a time, it all must result in advancement. Even this great republic of ours might go down, but over it it would rise a higher and better civilization, and if our government does fall, it will be because of a disregard of this law, a conflict with the law of evolution."

Mississippi Growers to Meet.
President Walter Clark of the Mississippi Cotton Association, has called the convention of cotton growers of the state to meet in Jackson, November 23 to devise ways and means for better organization.

BUREAU REPORT ON COTTON.

Up to November 1st, 6,438,646 Bales Had Been Ginned.
The census bureau at Washington issued a bulletin Wednesday showing that up to November 1, 6,438,645 bales of cotton had been ginned in this country. Round bales are counted as half bales. Owing to the fact that no report was made on November 1, 1904, comparative statistics are not available. The last previous report, for the year ending September 30, 1903, showed 15, last, give 490,728 bales.

TO REORGANIZE ASSOCIATION.

President Jordan Issues Announcement to Southern Cotton Growers.

President Jordan of the Southern Cotton Association has issued the following announcement: "The annual reorganization and election of all the officers of the Southern Cotton Association in all of the cotton growing counties and parishes is now at hand. The election of officers and delegates for all the civil subdivisions, townships, militia districts and school precincts, as they are differently termed in the several states, will take place on the first Saturday in December. Farmers, merchants and bankers are urgently requested to meet on that day at their local meeting points in the various sections of the county and choose from one to five delegates to represent them in their county organization. The county or parish meeting will be held at the county site on December 9th, or the following Saturday. These delegates will then perfect their county organization by the election of officers and the selection of from one to three delegates to represent their county or parish at the general state meetings. The state meetings will be held at the different state capitals on January 3rd, and the delegates so chosen by the county organizations on December 9th will elect their state officers for 1906, and also the members of the executive committee of the Southern Cotton Association on the same basis of representation as for 1905. The executive committee of the National Organization so chosen will meet at Hot Springs, Ark., on the third Tuesday in January, 1906."
