If Bliss and Cortelyou get in jail for political and insurance corruption what will Teddy do?

When Hoke Smith is elected governor the Piedmont bar will then be known as "the Governor's Saloon."

They are growing tame down here in Savannah now. We haven't heard of a street shooting scrape in ten days. Maybe the lid is fitting pretty tight.

Georgia is all right, notwithstanding the fact that there is lots of calamity howling going on from folks who want to slip into office on the ignorance of the people.

The local candidates have most all taken to the plow handles. The one who devotes the most of his time to this high calling for the next two months is entitled to the most votes. Boys, better take the hint and make a bee line for the rural districts.

The Atlanta Journal having already carried 156 counties for Hoke Smith out of a possible 145 has started at the tail end of the list again and carried them over again. There is such a thing as counting chickens before the eggs are hatched.

Sam Jones, while supporting Dr. Nunnally on general principles, agrees with Hoke Smith on the idea that a man who don't own property and possess a grammar school education has "no more business at a ballot box than a mule." That is the coming standard. The almighty dollar is to be measured in this day and time, and all the suckers who have neither book learning or property will line up behind Hoke Smith. It has ever been thus in all ages of the world. The weak and the ignorant have always welded the shackles that bound them in slavery.

## Will Not Wait on Tide After May 1.

A Regular Sailing Hour for Steamers of Savannah Steamship Line.

Announcement is made from headquarters of the Ocean Steamship Company that beginning May 1, the New York and Boston steamers will leave Savannah at 3 o'clock (Eastern Time), in the afternoon of sailing days, regardless of tide. The steamer will be scheduled to reach New York at 6:00 a. m.

It is rather a proud condition of the river that makes the big steamers of the Savannah line ignore the tide. It has been a question discussed for a long time between the captains and others in authority of the steamer line, and one upon which opinion has been divided. Many have maintained it perfectly feasible for the steamers to leave the wharf at a stated time, without regard to the running of the tide.

But after much discussion and the development of opinion in favor of a regular leaving time, the preference fell upon the side of regular departure and stripping the tide of its importance. For some time the Boston steamers have sailed at that time, but the Boston steamers are of lighter draft than New York steamers. The greatly improved conditions of the channel, resulting from the work in the river and harbor, gives a condition which, in the opinion of the competent, will undoubtedly take the steamers out under load even at low water. In the circular issued upon the subject nothing is said of possible failure, and there is entertained no question upon that score.

The improved convenience to passengers will be considerable. Under the plan of leaving with the tide it was a matter of uncertainty to passengers when to board the steamers, and it frequently occurred that several hours were spent aboard prior to leaving, when they might have remained ashore. On the contrary, passengers from the interior coming to Savannah to board the steamers, sometimes were left by not making the connection between arrival of train and departure of steamer. The average person is not posted on tides, and waiting for the influx of the tide before sailing has been a matter of no little miscalculation and inconvenience.

Mr. W. B. Clements, passenger agent for the Ocean Steamship Company in Savannah, said yesterday that the establishment of a regular hour for sailing would mean a great for the city for the reasons mentioned. Mr. Clements said that Savannah would be the only port on the South Atlantic enjoying the possibility of an established and invariable time of departure for all steamers.

## RHEUMATISM ROOTED OUT.

Col. Dillingham's Medicine Performs Remarkable Cure in the Case.

Since the placing of Plant Juice Remedies in the drug store of this country, some of the most remarkable cures ever recorded have been made by the use of these remedies. The greatest and most startling success, however, has followed the introduction of this new discovery for rheumatism, a called Plant Juice. This is a preparation which Col. Dillingham has been working out for a long time, and since locating in Cincinnati has been able to announce the remedy to be complete in all its qualities.

Among those who have used Plant Juice is Mr. G. S. Sheppard who for a long time has suffered with rheumatism, joints stiff and sore, and in a great deal of pain continually. When he called on the druggist he was in great pain. After an interview in which he gave a complete description of his ailments, his helplessness and the terrible pain he suffered, the druggist decided to give him a bottle of Plant Juice with complete directions for taking, and instructed the unfortunate gentleman to take the medicine according to direction and let him know the result. In about ten days the report on his condition was received and was most marvelous. He threw his arms, limbs and joints in various positions and stated to a reporter that all the pain, soreness and stiffness had gone and he was cured.

A neighbor of his who had noted his condition for the past six months and deeply sympathized with him in his affliction was amazed at his quick recovery and asked him how it had been brought about. He took him into a room and took out a box full of empty bottles, the contents of which represented many dollars, and showing them to neighbors said:

"These bottles represent every kind of rheumatism medicine almost known but none of them did me any good and I continued to grow worse."

Then he produced a bottle that had contained Plant Juice, sold to him by Col. Dillingham and proudly remarked:

"Here is the medicine that did the work. I took it as directed and was able to go to my work. My cure has been simply miraculous."

This neighbor came in with the report of the cure and also bought a bottle of Plant Juice for himself. Col. Dillingham has undoubtedly the greatest preparation for the successful treatment of rheumatism ever discovered, and this cure right under the personal observation of every one who cares to know of its details is a most convincing evidence of the truth of this statement.

Plant Juice is for sale at all drug stores and country stores.

## 700 Lbs. Good Candy CHEAP

We sell candy at 10c. a pound that we use to have to pay 15c. a pound for and sell it at 20c. All our competitors have to pay the same old price and sell at the same old price. We sell our candies now cheaper than any merchant in town can buy the same line of goods. On all 20c a pound candies we save you 10c now. We have twenty different kinds of high grade Chocolates, and we were never in position to sell them for less than 40c to 50c. a pound before, and we bought it as cheap as anybody could buy it from the people we bought from. We now sell you any of the 20 kinds at 20c. a pound. If we don't save you 25c. a pound on high grade Chocolates we will make you a present of a pound when you prove that we are mistaken. We have to buy candy in heavy lots to get these prices, but we get it from headquarters and only the makers and myself make any profit on it. Just order one pound of our Chocolate and if you are not pleased just as well as you would be with a 50c. pound from any other store in town it don't cost you a cent. We only ask 20c. a pound for it.

If you are pleased tell others. If you are not pleased tell us. We have a lot of North Carolina seed peanuts on hand. Get new seed and don't have so many pops in your pinders. RESPECTFULLY,

W. B. MARTIN.

### PETITION FOR CHARTER

GEORGIA-BULLOCH COUNTY.  
To the Superior Court of said County:  
The petition of W. J. Gooding, Jr., D. H. Dixon and W. L. Gignilliat respectfully shows:  
1. That they desire for themselves, their associates and successors, to be incorporated under the name and style of "Carlton Lumber Company" for the period of twenty years with the privilege of renewal at the end of that time.  
2. That they desire the principal office of said corporation to be in Bulloch county, Georgia, with the right to establish branch offices and agencies and conduct business in such other places in Georgia and elsewhere, as to the officers and directors of the corporation may seem expedient.  
3. That the object of said corporation is pecuniary gain to its stockholders.  
4. That the particular business which said corporation will carry on is the timber and lumber business, and that said corporation be empowered to buy, sell and convey in every way in timber lands, timber, lumber, to acquire, own, operate, sell and otherwise handle, transport, railroad and steamboat lines and every other means of transporting material and products; to deal at wholesale and retail in provisions, supplies and other articles, and to do in general stores, and in any and every way to deal in real and personal property as may be deemed necessary or desirable in connection with said timber and lumber business.  
5. That the capital stock of said corporation will be the sum of Fifteen thousand Dollars divided into five hundred shares of \$30.00 each, and that said corporation be empowered to increase the same from time to time, in accordance with the by-laws to any sum not exceeding one hundred and fifty thousand Dollars, and to decrease the same in like manner, but not below the original amount.  
6. Wherefore petitioners pray an order be made that said corporation be incorporated as above set forth, with all the powers common to corporations in said town of Metter shall issue bonds for the purpose of erecting a school building in said town. Said bonds are to be to the aggregate amount of \$5,000, of the denomination of \$1,000 each, and are to bear interest from their date of issue, viz: July 1st, 1906, until their maturity, at the rate of five per cent per annum, which interest at said rate is to be paid annually, or the principal sum of one of said bonds, or the principal sum of one of said bonds, shall become due and shall be paid off July 1st, 1911; one of said bonds, or the principal sum of one of said bonds, shall become due and shall be paid off July 1st, 1916; one of said bonds, or the principal sum of one of said bonds, shall become due and shall be paid off July 1st, 1921;
