Delays in The Local Field

Mr. and Mrs. W. H. Simmons are at White Sulphur Springs for a few days.

General Manager C. G. Gabbett, of the Augusta & Florida Ry., was in the city on Wednesday evening.

Judge John F. Brannen is at White Sulphur Springs for the benefit of his health.

We are informed that Mr. H. R. Williams, of Pulaski, has bought from Mr. Edm. and Kennedy the dwelling recently vacated by him and family. Mr. Williams and family will move to Statesboro.

When you want good Shoe and Harness work done, go to T. A. Williams' Harness and Shoe Shop, where you can get new or second-hand Harness. If you don't want a full set you can get any part of harness you want. Also you can get the best Stock and Poultry Medicine on Record. If you need anything for blood, liver, or kidneys he has the medicine you need.

Judge Frank Mitchell, of Swainsboro, is presiding in the city court this week in the absence of Judge Brannen.

Thousands Thankful for Col. Dillingham's Discovery

Millionaire Discoverer Has Done a World of Good in This Section. With Wonderful Remedies, Sale of Medicine at Drug Stores Enormous.

No one who has not paid careful attention can appreciate the enormous amount of people who are now taking Col. Dillingham Plant Juice Remedies. From early morning until late at night on continental stream of people flows in and out of the drug stores in Statesboro, Ga., where the Remedies are sold, and before the night is over probably several hundred people have purchased or made inquiries regarding the medicines. It is very interesting to stand for a few moments in a crowd and listen to the hum of conversation of the district types of humanity; one out of every two is either taking the medicine or is going to obtain some, because they have had direct proof of the power of the remedy through some friend, neighbor or even members of their own family.

On every side can be heard people telling of remarkable cases which they themselves have witnessed, of people who have been restored to health in from a few days to three weeks' time. In some places will be people rejoicing over their experience to eager listeners, telling of their condition before purchasing the remarkable remedy and the immediate benefit they had received from its use.

Here will be a happy mother telling how one of her children has been ill for a number of years despite all that could be done for the child and that finally Col. Dillingham and his remedy had been the means almost miraculously putting the little one on high road to health and happiness.

In other places will be someone telling of an unusual case of some neighbor whom they had intimately all their life, and who had always been a sufferer, and who was once not able to attend to his or her duties, owing to Plant Juice were now entirely cured.

Each day the sale increases and each day Col. Dillingham earns for himself a host of new friends. Probably the most remarkable demonstration of the interest the new remedies are arousing is the fact that orders have been received from twenty-three physicians throughout the state who have sent for the remedies with which to treat their own patients.

Perhaps one of the most unusual cases is that of Mr. Austin who had been afflicted for several years with rheumatism which had grown constantly worse so that for the past few years he had been in great pain in moving.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by all Druggists.

"Schneider's" Letter.

Editor News:—In your issue of 26th instant, I see that Adam's third son, while writing of a number of things about which he meditated in the absence of his wife, said:

"There is nothing in this world that gives such emphasis to the love of God for his creatures as flowers and birds." The book from which he quotes, "Consider the lilies how they grow," is the subject of that there is light manifested in the world, which emphasizes God's love for his creatures even more than flowers and birds. Since he shoots so wide on this point, setting his wisdom in the wisdom of God, it does not seem strange that he is off also on the subject of charity or love. Looking with wonder and astonishment on what he calls long distance charity, seeming to hug the idea that so long as there is one lawless, ignorant or destitute in a community no one in that community has a right to allow his heart to go out in love for the perishing that are beyond. Forgetting that "He that being often reproved hardeneth his neck shall suddenly be destroyed and that without remedy." Forgetting also the marching orders of Him who is in command. Many soldiers are anxious to give orders, and shoot wide of the mark. A good soldier is attentive to his captain's orders and strives to see who can best serve which is manifested in the love of God, and who best obey. The love of God, which is manifested in His Son, must be preached in all nations as a testimony against them that reject the truth, as well as a savior of life to all that will come unto God by Him. Let it ring around the world "That light is come into the world." Schneider.

A Case That Demands

Immediate Attention.

We print below a letter from the

Pastor Institute in Atlanta, to Dr. R. L. Sample, of this city, which explains itself.

Mr. Woods and family are at the

institute taking treatment for hydrophobia. It was the recom-

mendation of the grand jury that the county commissioners supple-

ment the popular subscription then being raised with sufficient funds to pay the bill. While it is

true that it was not expected that the bill would reach as high as it is; in fact, the price was named much higher some time ago, but, as will be seen by the letter, a fee of \$800 will be charged. The commis-

sioners may not feel justified in paying out this much of the county funds, as it was well known that the grand jury did not expect the amount to be that much when they made the recommendation, though if they had known it we hardly see how they could have turned it down under the circum-

stances.

We understand that an effort will be made to raise one-half of this amount by popular subscrip-

tion and the county commis-

sioners will be asked to pay the other half. This is a matter that ap-

peals to the hearts and pockets of the good people of the county as none has done before. Here is a

man and a number of small chil-

dren who have been bitten by a mad dog, and it is acknowledged by the best of medical authority that this institute can effect their

cure. These poor, unfortunate people are not financially able to meet this expense, and it is, therefore, up to our people to re-

spond to this call for aid.

Bulloch county has never been

found wanting when a worthy cause knocked at her door, and we don't believe that she will fail to respond now. Let those who feel like doing so contribute right

away. Send the money to Mr. J. E. McCrae, cashier of the First National bank, of this place, who will acknowledge receipt of same and see that it goes to the right

place. Don't delay this matter too long but do it now.

The following is the letter re-

ferred to above:

"Atlanta, Ga., May 1, 1906.

"Dr. R. L. Sample,

"Dear Doctor:—Mr. Woods and his family arrived last evening for treatment and it was immedi-

ately commenced. He gives a more definite history of the dog than he did when here before and the symptoms he describes de-

monstrate rabies to some extent. He related symptoms more of a sick dog at first. Taking all things into consideration it will probably be best for them to take the treat-

ment.

I have decided to give a very liberal discount in these cases, so many of them being in one fam-

ily. We will treat for \$800, they boarding themselves at one of his relatives near here. Please inform the county commissioners of this fact, stating to them that we are under heavy expenses, and have to ask aid from the commu-

nities from which charity patients come. While we are willing to do all we can for charity patients we have to be sufficiently strict to make expenses or we would have to close up business.

Assuring you and your commu-

nity that Mr. Woods and family will receive every attention while in our charge, I am,

Yours very truly,

Jas. N. Brawner, M. D.

If you had all the wealth of Rock-

efeller, the Standard Oil magnate, you could not buy a better medicine for

bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can no

more prescribe a better preparation for all diarrhoea, both for children and adults. The uniform success of this

remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all

Druggists.

The bugs and other insects are the worst ever known in this section.

Relief Is Possible.

It is possible to obtain relief from chronic indigestion and dyspepsia by the use of Kodol For Dyspepsia. Some of the most hopeless cases of long standing have yielded to it. It enables you to digest the food you eat and exercises a corrective influence, building up the efficiency of the digestive organs. The stomach is the boiler wherein the steam of life is made.
