# The Statesboro News

(INCORPORATED.)

J. R. MILLER, Editor and Gen'l Mgr.

Entered at the post office at Statesboro as 2nd class mail matter.

Statesboro, Ga. Friday, June 22, 1906

Published Tuesdays and Fridays by THE STATESBORO NEWS PUBLISHING COMPANY.

## A Public Nuisance.

The effort is being made to turn the streets of Statesboro into a regular sheep ranch. There are two or three big bunches of them that infest the town. They crawl up into people's houses and slip into their yards at night. The watchman has considerable trouble in driving them from the court house every night. We hear a number of complaints about this nuisance.

We have got a law here that prevents stock from running at large on the streets, but we don't know whether it refers to sheep and goats or not. If it doesn't, the council ought to pass an ordinance that will take them in and place them on the same footing that the hogs and cows are ruled by. If your old sow and pig get in town or your milk cows on the street it is promptly impounded and it will cost you fifty cents a head to get them out. Now they have no more right to make a sheep ranch here than they have to turn the town into hog or cow pasture. We hope that the authorities will look into this matter.

## Many in Race for Lester's Term.

It begins to look like there would be a full field for the office made vacant by the death of Col Rufus E. Lester.

Already the following names can be considered as being actively in the race for the unexpired term: W. H. Davis, of Burke; J. W. Overstreet, of Screven; W. M. Clifton, of McIntosh, and C. G. Edwards, of Chatham.

Then there may be others. We see the names of Messrs. Larsen and Williams, of Savannah, prominently mentioned, and one of them may enter. The election had not been called up to the hour of going to press, but is expected within the next day or two at the outside. After this is done the congressional executive committee will call a primary, which will probably come within the next three weeks and the man will be selected to run as the democratic nominee in the special election, to be called by governor, which will have to be held within the next thirty days.

If your stomach troubles you do not conclude that there is no cure, for great many have been permanently cured by Chamberlain's Stomach and Liver Tablets. Try them, they are certain to prove beneficial. They only cost a quarter. Sold by All Druggists.

We hope that our ambitious young friends throughout the First district will wait for Col. Lester's feet to get cold before they attempt to jump into his shoes.

## An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by W. H. Ellis, druggist, Price 25c.

## STRAYED.

There is at my place one small mare. The owner can get her by paying damages. Isiah Parrish, Blitch, Ga.

## Dog Poisoners at work

The same individual sneak, who has for years made it a practice to slip around people's back yards and throw pieces of poisoned beef in where the dogs can get them is at work again in Statesboro. In fact this is about all the work that he does. During the week a number of dogs belonging to different people have been slain in this way. Among them was the fine shepherd dog belonging to the editor of this paper. In one case the dog failed to get it, and a bunch of turkeys got hold of it and about a dozen fine fowls were killed.

The party referred to is well known as a dog poisoner. He is a criminal who has cheated the penitentiary out of several terms of service on account of his other rascality that has been continued covered up and smoothed over on account of the fact that he has a good family connection and is the only black sheep in the family. He has developed a mania for killing dogs. The people are beginning to get pretty tired of this low down sneaking business, as well as the other criminal acts that this sneak is guilty of, and will put up with it but very little longer. Everybody knows him. Even the smallest boys in town can tell you who this article refers to.

The man who will sneak around your premises under cover of darkness of the night and throw poison in your yard that endangers not only the faithful dog, but the little children who might pick it up next morning, is meaner than hell itself. He would ply the torch to the shelter that covers your head while you sleep. He would slip up and drive the dagger into your back but for his cowardice that he fears that you may look back and see his guilty face before he gets in his infamous work.

We understand that the proof is at hand in some of these cases and that prosecutions will follow.

The sworn statement of the manufacturer protects you from opiates in Kennedy's Laxative Honey and Tar, the cough syrup that drives the cold out of your system. Sold by W. H. Ellis.

## Poisoned On Milk

Three of the children of Mr. and Mrs. Alex Hendrix had a narrow escape from death from poisoned milk, a few days ago. The milk had been allowed to stand in a tin pan and became impregnated with the zinc in the tin, and consequently poisoned the children when they drank it. It was feared at one time that one of the cases would terminate fatally, but by the prompt action of the physicians the child was saved.

## Following The Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rut Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine on the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at W. H. Ellis, Druggist. Price 50c and \$1.00. Trial bottle free.

## BUSINESS IS

## RAPIDLY GROWING

"Plant Juice" Preparations Are Proving Their Value by Their Popularity

Druggists And Dealers Are Appointed Agents.

Since the introduction of Plant Juice remedies a few months ago, and the news of some of its wonderful cures has spread about the city and vicinity, the application for treatment and supplies has exceeded all expectations of the promoters. A number of citizens of Statesboro, who had used the remedies called on yesterday and gave voluntary testimonials of its wonderful curative power.

Plant Juice is compounded into four different forms under the supervision of the Dillingham proprietors, and as they are dispensed represent the following remedies and uses: Dillingham's Plant Juice is the original discovery and preparation which has created so much attention wherever introduced. It is an unfailing remedy for catarrh, indigestion, dyspepsia, constipation, rheumatism, kidney and bladder trouble, scrofula, and so-called blood diseases, chills, fever, diseases common to women, and will remove worms and all disease germs.

Its introduction in every community has been followed by some of the most remarkable cures, and the thousands of voluntary testimonials now in the possession of dispensers are the strongest endorsement the medicine could receive. The simplest methods only are required in following the treatment and the most gratifying results are always obtained. The sales of this preparation have been something enormous and the results have been universally satisfactory.

It has been truly said of Plant Juice that when once introduced into my section of the country it never dies out. Its sale is constantly increasing and at the present time has assumed such proportions as to justify the assertion that it has never been equalled by any remedy. The testimony of thousands is proof of its merit.

Dillingham's Plant Juice is a simple, safe, and effective remedy for rheumatism, sore throat, pleurisy, pneumonia, croup, toothache, fainting, headache, stiff joints, cuts, burns, chilblains, heartburn, lumbago, spinal affliction, sprains, cramps in the stomach, bruises, dysentery, bruised or twisted limbs, the results of falls, or other accidents, and in fact, is unfailing in its curative effects in all cases requiring prompt and effective relief.

Since its introduction in Statesboro it has been used by a number of persons, with the best results, while in other cases where used the results have been universally gratifying. It is equally efficacious with animals, and can be used with perfect safety anywhere when the directions are carefully followed.

Plant Juice Healing Salve is another of the splendid preparations and has its legitimate use for the afflicted. It is especially valuable in cases of old sores, burns and painful injuries where a safe and healing preparation is needed.

Plant Juice Soap is a favorite Dillingham seller. It is manufactured from quilla bark, cocoa oil and amole, and is one of the most reliable toilet soaps manufactured. It is especially good for shaving purposes, and is having a tremendous sale wherever introduced, taking the place of the standard brands of shaving soap which have been in use for years.

Plant Juice Remedies are on sale at The Simmons Co., Statesboro, Ga.

## Small Fire in Town

Yesterday morning at two o'clock, people in the southern section of the city were awakened by an alarm of fire. On investigation it was learned that it was the house of Mike Brown, colored, living in the south-western section of the town. It is not known what was the cause of the fire, and there was no insurance. Mike's wife takes in washing for the white people, and it may have been that she had a fire late at night ironing clothes. The white people who had clothing there to be laundered lost them in the fire.

There is no need worrying along in discomfort because of a disordered digestion. Get a bottle of Kodol for Dyspepsia, and see what it will do for you. Kodol not only digests what you eat and gives that tired stomach a needed rest, but is a corrective of the greatest efficiency. Kodol relieves indigestion, dyspepsia, palpitation of the heart, flatulence, and sour stomach. Kodol will make your stomach young and healthy again. You will worry just in the proportion that your stomach worries you. Worry means loss of ability to do your best. Worry is to be avoided at all times. Kodol will take the worry out of your stomach. Sold by W. H. Ellis.

## Young Son Killed Father.

Athens, Ga., June 19.—John Gray, aged seven-on, killed his father, Sam Gray, at his home a few miles from Athens this morning. The elder Gray was drinking and had threatened to kill his wife. The boy tried to persuade his father not to kill his mother, when the father turned and threatened to kill him also. The father was advancing on the son with a knife and a pistol when the young man poured the contents of a shotgun into the elder man's brain, killing him instantly. There has been no arrest made, as the case is clearly one of self-defense.

## Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendation to friends and neighbors. It is a good medicine to have in the home and it is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by All Druggists.

## Notice

All Parties who have subscribed for stock in a bank at Brooklet, and all parties who are interested in this institution, are requested to meet at Brooklet at 8 o'clock Monday, June 25th. Object of meeting to elect officers and attend to other business relative to organization. J. N. Shearouse, J. C. Cromley, J. M. McElvren, Wayne Parrish, P. C. Waters, H. H. Thayer, H. M. Robertson, Committee.

Thousands annually bear witness to the efficiency of Early Risers. These pleasant, reliable little pills have long borne a reputation second to none as a laxative and cathartic. They are as staple as bread in millions of homes. Pleasant but effective. Will promptly relieve constipation without griping. Sold by W. H. Ellis.

## EXCURSION RATES

Via Central of Georgia Railway: To Portland, Oregon, and return—Account Hotel Men's Mutual Benefit association, June 23-29, 1906. Very low excursion rates. For dates of sale, limits etc., apply to nearest ticket agent.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

McCroan, Cashier. Correct—Attest: F. N. Grimes, F. E. Fields, Brooks Simmons, Directors Subscribed and sworn to before me this 21st day of June, 1906. T. J. DENMARK, Notary Public.

## Hedleston—Yarbrough

The social event of the season was the unusually pretty wedding of Miss Annie Hedleston and Mr. C. M. Yarbrough, which took place at the Methodist church Wednesday afternoon at one o'clock, in the presence of a large number of friends and relatives. Rev. G. G. N. MacDonell officiating. The bride was lovely in her wedding gown of white silk, and carried a large bunch of white roses. Owing to the serious illness of her grandmother, Mrs. Sarah Brannen, the original plan of having attendants was disposed of and she entered on the arm of the groom and marched to the altar, which was beautifully decorated with ferns, palms and cut flowers, under the skillful taste of Mrs. M. M. Holland, while Mrs. J. W. Olliff rendered "Here Come the Bride," and throughout the entire ceremony "O Promise me" was rendered in soft, sweet tones.

The bride is the youngest daughter of Mrs. A. G. Hedleston, of this city, and has a large circle of friends who regret to give her up, but she carries with her to her new home the love and best wishes of them all. The groom also has many friends here, having resided here about two years. The News joins their many friends in extending the young couple congratulations, and in wishing for them much happiness in their new home in Savannah.

A hacking cough is most annoying. One Minute Cough Cure draws the inflammation out of the throat, chest and lungs. Sold by W. H. Ellis. You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. Kodol For Dyspepsia take up the work for your stomach, digests what you eat and gives it a rest. Put it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by W. H. Ellis.

Confronted By Wife Whom He Deserted Savannah, Ga., June 20.—Barney Smith, a resident of Savannah for the past several years, was given a surprise this morning, when Detective Stark carried him to the barracks and introduced him to his wife, whom he had deserted in Harrisburg, Pa., several years ago.

The woman came to Savannah at the suggestion of the police officers, who found that Smith was wanted for desertion. The reunited pair will start housekeeping over again in Savannah.

One Minute Cough Cure For Coughs, Colds and Croup.

# WONDERFUL STOCK REDUCING SALE!

For the purpose of reducing my large stock of General Merchandise, I have decided that for

## ONE DAY ONLY

I will sell my entire stock of General Merchandise, consisting of Buggies, Wagons, Harness, Saddles, Hardware, Crockery, Dry Goods, Notions, Groceries, Stoves, Furniture and Farm Supplies. I will have plenty of Lieutenants to handle the trade and everybody will get prompt attention.

# AT FIRST COST

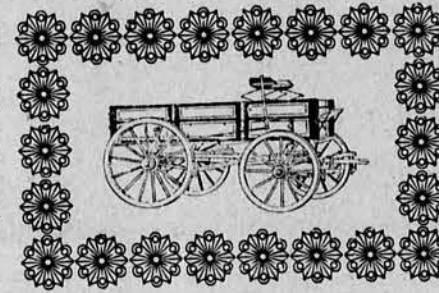

These goods were bought before the rise in prices, and you will be given the benefit of these low figures. I am determined that they must go. I must reduce my stock, and have decided to throw it on the market, for one day only, at actual first cost. We have a beautiful line of silks, laces, embroideries and dress goods

THE DAY IS

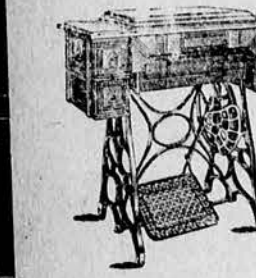

# SATURDAY, JUNE THIRTIETH

In view of the fact that these goods are to go at actual cost, and a big bargain, I will have to ask the cash for each and every article purchased on that day.

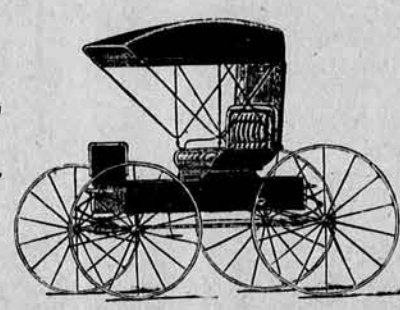

These goods are all first-class, and I am able to offer you a chance that will not come your way again soon. Come out and see if all I say is not true.

Sale will open at six o'clock in the morning and last until twelve o'clock that night, then it will positively close. If you want to take advantage of this opportunity, come on that day, Saturday, June 30th, and stretch your dollar to its full buying capacity.

Don't forget the day, Saturday, June 30th. Place, Stilson, Ga.

Don't forget the day, Saturday, June, 30th. Place, Stilson, Ga.

J. E. BROWN, Stilson, - - Georgia.

AND we invite every lady, gentleman, boy and girl to visit us. IT MATTERS not how young or how old—come and let us SERVE you. This will please us and we'll do our best to please you.

## THE NEWS.

Published at Statesboro, Ga.  
TUESDAYS AND FRIDAYS.

By The Statesboro News Publishing Co.

The tomato industry in particular has taken big strides in the past few years. It is estimated that the average American family uses fifteen cans of tomatoes during a year.

The twin curses of American life and civilization are incessant hurry and worry, declares the New York American. Energy and speed in their proper places mean power. But wasted energy and useless hurry entail the greatest strain upon the vitality of an individual or a nation. Americans hurry all the time, with or without cause.

The "common people" have no quarrel with capital, except as it becomes grossly accumulative, arrogant and dangerous. They have no desire to interfere with vested property rights nor are they deeply interested with Socialism, declares the Providence Journal. But when they see the public prosperity threatened, invaded, indeed, by reckless and conscienceless trusts that demand that a reform as immediate and absolute as possible shall be made effective.

Those who would do others should take care that they are not done; for if they are, they are without remedy—or should be. The powers of even an infantile, untrained, and untolerant mind, observes the Hartford Courant, are equal to comprehending that what the persecuted plays to him must necessarily come out of the pockets of others. The persecutor's game is to get good money for nothing; and the persecuted merely puts up his cash to carry the game further.

In Germany, where duty free alcohol for industrial purposes has been available for some time, there are now said to be about 5000 alcohol engines in successful use. It is further stated, declares the New York Globe, that several of the present gasoline engines on the American market can be used without any change with alcohol as an explosive. Such a test was made some time ago on one of the government torpedoes, and the gasoline and the alcohol being used in the engine of a test lasting several hours. The alcohol proved entirely satisfactory.

The Chicago Woman's Club has pledged itself to the support of a theater "devoted to the educating influences of dramatic art, the promotion of the welfare of players, and the maintenance of a high standard in that profession." Final action has been taken on a plan for a subscription theater, directed by Donald Robertson, a plan talked of for months, declares the New Haven Register. The institution is to be known as the Players' Theatre, and a permanent home will be put up for it as soon as possible, a building being rented in the meanwhile.

Is it too optimistic to express the belief that the conviction—that the reign of special interests is drawing to a close in this country? Thanks to "the man with the muck-rake" they people know now as they have never known before, notes the Indianapolis News, the business connections of men in public life and the special influences that sway them. The light has been turned into many a dark corner. It will become more and more difficult and dangerous for men to betray the people. The thing will have to be done in the open, done defiantly and unflinchingly. For we may be sure that "the man with the muck-rake" will continue in business.

While France is agitated by religious and Socialist troubles, these momentary convulsions have not prevented her from largely increasing her wealth. At a recent conference of the Société de Statistique de Paris, Alfred Neymarck, one of the leading economists in France, showed that the power of investment in that country amounted every year to 1,750,000,000 francs, and 1,025,000,000 francs. French savings bank deposits, he said, were 1,000,000,000 francs, or 1,300,000,000 francs of stocks, foreign or French, all listed in the bourse. Moreover, 300,000,000 francs go to increase the deposits in banks, and from 150,000,000 to 225,000,000 francs remain in private funds or are hoarded. "It is easy to understand that with such savings an unceasing extension of its field of activity," concludes Mr. Neymarck, "is necessary, and that, notwithstanding employment at home, the tendency of French capital is more and more toward investment abroad."

## GEORGIA BRIEFS

Reward Offered for Convict.

Rewards amounting to \$125 have been offered for the capture of Shelby Wilson, alias Will Smith, the negro escaped convict, who shot and killed Marshal Morris of Milledgeville, and then wounded J. J. Pope, a citizen, of that place. A reward of \$250 has been offered by Governor Terrell, and there is already a reward of \$15, which was offered some time ago by state prison board.

Governor Busy With Message.

Governor Terrell is busy writing his message to the general assembly, which convenes on June 27 for a session of 30 days. It will be a week before he completes it and places it in the hands of the printer. So far as is known, he will touch upon no particularly new subject, but he will, as usual, call attention to the general prosperity which is prevalent everywhere in the state.

Commissioner Hudson's Report.

The report of Commissioner of Agriculture T. O. Hudson for the year ending December 31, 1905, is just from the hands of the printer. It is a nearly bound pamphlet of thirteen pages, replete with information concerning the workings of the agricultural department and contains the reports of ex-Commissioner O. B. Stevens, the report of the state oil inspector, the state chemist, the state entomologist and the report of the superintendent of fisheries.

University Docks Football.

The trustees of the University of Georgia, at their meeting in Athens, last week, passed a resolution declaring that, after this year, there shall be no more football games played by the students of the university. Owing to the fact that there are a number of games already scheduled for this fall, 1906, football is allowed until the fall of 1907, when it will be completely out of the Georgia curriculum of sports, unless the rules of the game are greatly modified.

Election for Bonds Called in Tift.

Ordinary W. S. Walker of Tift county has called an election to be held on Saturday, July 21, at all the election precincts in Tift county, to elect a number of bonds for the purpose of paying for a court house and jail for the county. Of this amount, \$15,000 will be used for the purpose of paying for the court house and jail, and the balance will be used for the purpose of paying for the jail. The election will be held at 10 o'clock a. m. and the polls will be open from 10 o'clock a. m. to 5 o'clock p. m.

Tragedies at Chippley.

As a result of the recent killings at Chippley, in which J. W. Hester and Virgil Irvin lost their lives, warrants have been sworn out against half a dozen people of the Chippley community, charging them with murder. Postmaster Jackson of Chippley, who was fired at by Ash Hester, at the time the latter killed Colonel T. T. Murray, has left Chippley. His wife has been discharged the duties of the office since his departure. At last reports, Ash Hester was still at large. The military park in approved style, and will leave Thursday night for Atlanta, where they will disband as a party on arrival, the editors going direct to their homes throughout the state.

Women Held for Horse Stealing.

The two women who were arrested recently at Greensboro and returned to Atlanta charged with stealing a team from a livery stable, and who gave the names of Miss Clara Clark and Mrs. Blanche Clark, have been indicted for horse stealing by the Fulton county grand jury. One of the women, it is charged, went to the stables, and told that she wanted to hire a horse and buggy. She was accompanied by a man, and that night, the woman, not having returned, the police were notified.

Surplus Cash from State Farm.

The state prison commission has just turned into the state treasury \$13,193.71 from the sale of small farm products raised on the state farm near Milledgeville. The products sold included such as hay, potatoes, vegetables, hogs and beef, raised in excess of the quantity needed for consumption on the farm.

While no definite day has been fixed, the commission has decided to sell the state's 500 bales of cotton grown on the farm, at once, and that this will be put on the market, probably the latter part of this month. It is expected to bring between \$25,000 and \$30,000.

The state farm, which is worked by that class of convict labor for which there is no market, including women and youth, and those men classed as not able-bodied, will, it is stated, make better showing this year than ever before in its history.

Charge Against Liquor Dealers.

At a recent meeting of the tax committee of the Atlanta city council, sen-

natorial charges were made against Blumenthal & Bickert, wholesale liquor dealers, by Attorney Ligon Johnson, when it was decided, after considerable discussion, that the present 75 cents tax on wholesale liquor dealers be increased from \$200 to \$400 annually.

At the meeting referred to Attorney Johnson, representing wholesale dealers, opposed to the raising of the tax, alleged that Blumenthal & Bickert were backing a trust organized to crush the small dealers, and also charged "Old Joe" whiskey, one of the brands handled by this firm, as being purely artificial, made of cologne spirits and colored with caramel.

Continuing, Mr. Johnson said: "I want to say a word or two about the quality of stuff this firm sells. Take 'Old Joe,' one of their leading brands. Only a short time ago, State Chemist John M. McDaniel was employed by a party in South Carolina to analyze this high class whiskey, and here is what he said: 'I regard Old Joe as a purely artificial whiskey, manufactured from cologne spirits and not a drop of natural grain. In the connection with caramel.' In the connection with caramel, I am informed that Blumenthal & Bickert use 5,000 barrels of cologne spirits a year, and doctor it up and call it whiskey."

Mr. Johnson concluded his attack by declaring a rail which he stated was made a few years ago by the United States government upon "his firm for the purpose of conducting fraudulent liquors and liquors under dishonest labels."

Outing for the Editors.

The twentieth annual convention of the Georgia Weekly Press Association will be held in Hartwell Tuesday and Wednesday, July 17-18, and from there will go on an outing through the asphire country of North Carolina, returning via Knoxville and Chattanooga to Atlanta.

The citizens of Hartwell are making unusual preparations to entertain their editorial visitors, and nothing will be spared to make the meeting a most enjoyable one. After the business sessions, a special train to convey the editors and their ladies—about 125 strong—to Franklin Springs, at Royston, has been provided by the citizens of Hartwell. Here they will be entertained with a barbecue and a ball.

Thursday morning the Southern railway will pick up the cars of the press party and attach them to a train No. 12 going east to Washington.

Scotchman, S. C., the private cars of the party will be detached and again picked up by the Southern railway going up from Spartanburg to Lake Toxaway, N. C. The press party will be met at the famous Toxaway inn and will spend three days there, enjoying the sights of this wonderful region.

Next the party will visit the city of Asheville, and will be quartered at the Battery Park hotel.

Leaving Asheville Wednesday morning, July 25, the Southern railway will send down the party to Knoxville, Tenn., where the City Press Club and chamber of commerce will entertain the visitors for about seven hours. Wednesday afternoon the Southern railway will pick up the cars of the party and send them to Chattanooga, where the party will spend the night. The party will then go to Lookout Inn, on the mountain. The editors will see this historic spot on Thursday, July 26, doing Chattanooga and the battlefield in the national military park in approved style, and will leave Thursday night for Atlanta, where they will disband as a party on arrival, the editors going direct to their homes throughout the state.

GOVERNOR PATTERSON DEAD.

Democratic Chief Executive of Ohio Called by Grim Reaper.

John M. Patterson, governor of Ohio, died of bright's disease or chronic interstitial nephritis, at 4 o'clock Monday afternoon at his home at Milford, Ohio, 15 miles east of Cincinnati. His death came suddenly and was unexpected even by his physicians and family and was caused by a relapse from prolonged disease. After the election in November, it was thought that he was suffering from a change of climate and rest from work would quickly restore him. However, when he returned from a sojourn of several weeks in the south, he was still weak, and under the advice of his physician his part of the inauguration ceremony was gone through with the utmost care.

Several times he seemed so far recovered that his speedy appearance at the executive offices was looked for at almost any time.

John M. Patterson, boy soldier, lawyer, state legislator, member of congress and governor of Ohio, was a native of Claremont county, Ohio, the same county in which he retained his home during his entire life. Born on June 12, 1847, he enlisted as a volunteer in the United States army when but 16 years of age, in 1864, and entered college immediately after being mustered out, graduating at the Ohio Wesleyan university, with the class of 1869, having been a college mate of United States Senator James B. Frazier. His political career was a long and eventful one.

The sure way to miss success is to miss opportunity.—P. Charles.

## ISOKLAHOMASTATE

President Signs Bill Adding New Star to Our Flag.

EXIT INDIAN TERRITORY

President Used Two Pens in Making Signature, One of Gold for Indian Territory, and the Other a Goose Quill for Oklahoma.

Another star was added to the union Saturday when President Roosevelt signed the bill admitting Oklahoma and the Indian Territory as one state. The measure also provides that Arizona and New Mexico may be admitted to statehood as the states of Arizona, provided the people of the territories vote in favor of admission on the terms submitted to them by congress.

The signing of the measure was made the occasion of an interesting ceremony. Senator Beveridge and Representative Hamilton, respectively, chairman of the house and senate committees on territories, who have worked long and hard to bring about the enactment of the measure, were present, as also were Delegate McGuire of Oklahoma, and a delegation of residents of Oklahoma; Delegate Andrews of New Mexico, Secretary Losh and several others.

The president used two pens in signing the measure, writing his first name, "Theodore," with a solid gold pen presented by the people of Arizona, and his family name, "Roosevelt," with an eagle's quill taken from an American eagle in Oklahoma. After signing the bill, President Roosevelt congratulated Senator Beveridge and Representative Hamilton on the completion of their long and arduous labors in connection with the measure. He expressed in strong terms the hope that the people of Arizona and New Mexico would avail themselves of the opportunity afforded them by the law to come into the union as a state. From every viewpoint, he said he regarded it as the wisest thing to do, as they were now offered an opportunity which might not again occur. He added, too, he had a personal interest in the admission of Arizona and New Mexico, as many of the members of his cabinet and his staff were from those territories. He added that he hoped sincerely the people of the territories would not lose the opportunity thus presented to them.

LOUISIANA PUTS UP BARS.

Passenger Traffic from All Tropical Fruit Ports to Louisiana. A quarantine order prohibiting all passenger traffic from all tropical fruit ports to Louisiana was issued Saturday by Dr. C. H. Iron, presiding of the state board of health. The order was issued because of a report received in New Orleans from the resident medical inspector at Port Lillo, Costa Rica, stating that within the last few days 150 persons from Colon had arrived there, many of whom were suffering from yellow fever. Bluefields, Nicaragua and Belize, British Honduras, are shut out by this order.

A COSTLY CHILDISH PRANK.

Little Girl Confesses That She Caused Wreck of Train.  
Little Alice Kyle, a school girl, and daughter of a farmer, residing between Mackaburg and Elba, Ohio, has confessed to having caused the wreck of the "Pennsylvania Flyer," near the latter town in which two passenger coaches were overturned and the engine, tender and mail car hurled down an embankment.  
The girl, who is 12 years old, says that she wedged a rail bolt between the ends of two rails just to see the train smash it as it had smashed nails in the ties.  
The girl will not be arrested, as the railroad officials are satisfied that it was a childish prank.

LAYING OUT THE CAMP.

Preparations for Mobilization of the Troops at Chickamauga.  
Major Hodgson, quartermaster officer, and Major Birmingham, surgeon, with headquarters at Atlanta, and Captain McPherson, engineering corps, Washington, spent Friday laying out the plans for the mobilization of the regular army and troops from the southern states at Chickamauga park.  
The location will be called Camp George H. Thomas, in honor of the union general whose sobriquet was "The Rock of Chickamauga."

## BUTCHERY CONTINUES.

Masacre of Hebrews in Blivatkov, Russia, Reported to Have Broken Out With Increased Fury.

A St. Petersburg special says: Disorders appear to have broken out at Blivatkov Friday afternoon with even greater fury than characterized Thursday's riots.

No dispatches were being received from Blivatkov, where the telegraph office is closed, but semi-official messages from Grodno and Minsk report that the excesses were started again by the throwing of several bombs. The crowds, according to these dispatches, then opened fire on the police station, to which the troops replied, and there was a constant interchange of shots between Jews in their houses and soldiers in the streets. A mob of peasants, armed with clubs, scythes, etc., who had found their way into the city, was participating in the rioting.

The city has been cordoned in order to prevent the ingress of more peasants. Many persons are reported to have been wounded, but the number of dead is said to be comparatively small. Exact details of the disturbances are lacking, but the pillaging is attributed largely to peasants from the country.

At St. Petersburg the lower house of parliament read the government's lesson on promptness of investigation of the Blivatkov outbreak, a committee of three having been named to depart Friday for Blivatkov in the hope that the presence of representatives of parliament will check the disorders and have a salutary effect on reactionary officials if the charges are true that they are inspiring excesses.

FRAUD CHARGED TO EXECUTOR.

Affairs of Brown Estate to Be Altered Again in the Courts.  
Mary V. Connally, Julia Brown, four of the six children and heirs of Joseph E. Brown, war governor of Georgia, and United States senator, filed a bill in the superior court at Atlanta, Ga. Friday, against Julius L. Brown and Joseph M. Brown, the remaining heirs and sons of Governor Brown, and the executors of his will, and against Peter Brown, Louis Eplin and Mike Shuman.

The bill charges that Julius L. Brown, as one of the executors of the estate, resorted to a scheme to purchase certain realty belonging to the estate for \$5,025, when its real value was \$15,000, thus allowing him to make \$10,000 wrongfully out of the estate.
