Killed By Bride's Side.

Charlotte, N. C., Aug. 1.—One of the most shocking crimes in the annals of Gaston county occurred at an early hour this morning, when J. Y. Kincaid shot and killed W. M. Brown, a groom, of only a half hour, as he stood with his bride at the depot, waiting for the train on which the couple was to leave on their honeymoon trip from Bessmer City.

The bride of only thirty minutes is now a widow. She was Miss Bettie Perry.

All of the parties are prominent in the town where the shooting occurred. There was quite a gathering of the friends of the couple at the depot to bid them goodby, when Kincaid came up and, leveling his pistol at Brown, fired five times in quick succession. Brown fell dead almost at the feet of his young bride.

Feeling intense, but nothing is feared of violence to Kincaid, who is in charge of the authorities. As the first report of the pistol Brown fell, mortally wounded. Kincaid stood over him and fired at the prostrate form until every chamber of the weapon had been discharged.

Kincaid, who is in jail, says he killed Brown because he ruined his sister, Miss Bettie Kincaid. He claims Brown had promised to marry her.

When he learned that he had married Miss Bettie Perry at 7 o'clock, he made up his mind to kill him.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Latest San Francisco Earthquake Story.

This is the latest San Francisco earthquake story, according to the Buffalo Times: "Why are you weeping Mary?" "I've just heard that my cousin Katie was in the San Francisco earthquake, ma'am." "Is she dead?" "No, but she writes me that everything she had was burned up." "That's too bad, still I wouldn't take it so much to heart if I were in your place. She will probably be able to find another situation and be as well off in a year or two as ever." "It ain't that, ma'am. She says she was carried down stairs by two policemen, and is going to marry an av them, and if I'd 'a' went out there when she wanted me to last fall I might 'a' been lyin' helpless in the same building."—Exchange.

Town Goes Wild on

Getting New County
Fitzgerald, Ga., Aug. 1.—When the bill for creating the county of Ben Hill passed the house reached here the new law was paid fire department came dashing up Main street. The Fitzgerald brass band was in readiness and began playing almost immediately. Dozens of men literally hugged each other in the streets.

Great crowds rushed hither and thither, and soon met on corner of Pine and Main at the First National bank. Every one was cheering at the same time and the music of the band was for a while completely drowned out.

The bill had been pending for some time and expected to come up each day. The nerves of the whole town were in a state of painful tension. The announcement of the success of the bill was a signal for a release of strain and it at once became Fitzgerald's banner day for noisiness. The whole population turned out en masse and paraded the streets with torches, and headed by the brass band, fireworks were brought into play and all the remnants of the fourth were used up.

A committee of citizens met in the mayor's office and decided to give an additonal banquet and love feast at the Aldine hotel Saturday night, to which are to be invited all the members of the general assembly. Speakers have already been appointed.

It is expected that a large part of both house and senate will be present and partake of Fitzgerald's hospitality.

W. G. BRANTLEY TO SPEAK HERE SATURDAY, AUG. 11

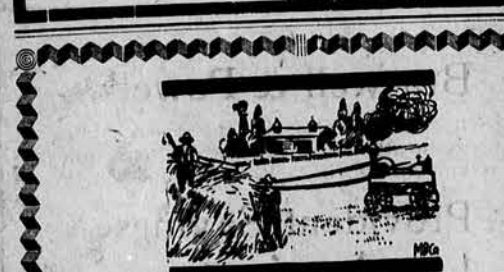

Citizens are making preparations for the Biggest Meeting of the Season—Brass Band Engaged.

Hon. W. G. Brantley, member of congress from the Eleventh Georgia district will address the citizens of Bulloch county, at Statesboro, on Saturday, August 11th, at the court house, at 11 o'clock.

Mr. Brantley is one of the most popular and best known men in public life. He is, perhaps, the ablest congressman that has been in congress from this state in many years. He is young, energetic and hard working; a man of acknowledged ability. Mr. Brantley has secured more things for his district than has any man in the Georgia delegation. He is a friend of the farming class of people, which he proved more than once. He is the able champion of a duty on imported long staple, so as to protect our home growers against the product of the pauper labor of Egypt.

Mr. Brantley is advocating the claims of Col. J. H. Estill in this race for governor because he believes him to be as good as any other man in the race, and he thinks that it the duty of south Georgia people to stick to home folks, especially when everything is equal, as it is in this case.

Col. Brantley will be introduced by Col. R. Lee Moore, mayor of Statesboro. The ladies are cordially invited to attend this meeting. The Woodmen of the World cornet band has been engaged for this occasion and will furnish the music. The people are invited out to hear Mr. Brantley on next Saturday, August 11th.

Death Penalty

Paid By Marcus

Charlotte, S. C., Aug. 6.—All efforts to secure a reprieve for his legitimate wife might have time to bid him good-bye failing, William A. Marcus was executed today at 11:05 a. m., the execution being for the cruel murder of a woman he had fraudulently married.

Marcus read a statement from the gallows confessing, as he had already done to the marshal, and alleging that he was inspired to the horrible deed by suspicion of infidelity on his wife's part.

It developed a few days ago that he has a wife and several children now living in Cincinnati, Ohio.

This wife and a priest endeavored to prevail upon Governor Heyward to grant him a reprieve until she could come and tell him good-bye. This, however, was refused.

Under the Carolina law, Marcus would have inherited a modest estate left by the woman he murdered, had it not developed that the marriage was bigamous. He had made a will bequeathing the property, a house and lot and home furnishings to his people. This will has since been destroyed.

Last night he wrote his real wife a long letter, which will be the first message to her from him in several years.

On the gallows he displayed no nervousness, but was thoroughly cool collected, and stood the ordeal without a tremor.

On the night of April 14, Maggie, who was a servant in the family of Colonel G. G. Greenough, joined Marcus in answer to a persuading note. Together they strangled down the beach. Marcus attacked Maggie with a ice pick, inflicting forty two wounds, mutilating her face and causing death in a few minutes.

He then left the corpse on the beach above the high water mark and joined a negro friend, getting on a heavily drunk.

Though excitement prevailed none of the soldiers offered violence and the murderer was hurriedly brought to the county jail.

At the trial in the court general sessions Marcus alleged that Maggie was on intimate terms with an initiated man and also that she had cruelly wronged him. Both these charges were established to be utterly false. Maggie was known by sight to all the artillerymen and all held her in high regard. Her character was stainless.

Marcus went to death in the Roman Catholic faith, being attended by a prominent priest. The Star Gospel Mission looked after his comfort during close confinement and furnished appetizing meals, of which Marcus partook substantially to the last. He evinced no sign of flinching in talking of the crime, a day before execution displayed no emotion. He was about 5 feet 10 inches, well built and not bad looking. His age was 45.

OLD AGE

Depends not Upon Years, but Upon Vital Force

A Great Discovery to Ward off Old Age

In Statesboro lately there has been a good deal of discussion in regard to old people. Some at 60 call themselves old and really appear so, while others at 70 years seem active, vigorous and young. A reporter of the News happened in the drug store the other evening and this subject was brought up by the druggist.

"It is a fact, and we see it illustrated every day, right here in Statesboro, that it is not years—old age does not begin at any set time, but it is a loss of vital force that makes a person old. Weakened digestion, thin blood and poor circulation soon start functional disorders and vitality is on the wane, and then the symptoms of old age quickly appear. You know a man is as old as he feels."

"On the other hand," continued the druggist, "that old feelings may be warded off, and I wish every person in Statesboro who feels old, whether they are so in years or not would try the great discovery, Dillingham's Plant Juice. I know that it has vital principles which will in a natural manner strengthen digestive assimilation and all the functional powers, send rich red, blood coursing through the veins, and give new life to every organ of the body and this is what makes an old man feel young again."

Mr. G. W. Herring of, Thomasville, Ga., who is 78 years of age and has been suffering with kidney and bladder trouble for 11 years, writes, after taking three bottles of Dillingham's Plant Juice: "Am completely cured, and now when I feel that I need a tonic, something to strengthen and build me up, I take a bottle of Dillingham's Plant Juice and find it brings vigor and life to the aged as nothing else will."

Plant Juice repairs worn tissues, checks the natural decline and replaces weakness with strength. It is an ideal blood builder for old folks, we promise you.

Dillingham's Plant Juice is first of all agreeable because it contains nothing but the juices of healing plants which are known to heal and cure all diseases that are claimed for them and we will return your money if it does not do exactly what we claim for it. Sold by the Simmons Co., Statesboro, Ga.

Bryan Will be President

Unless Roosevelt Runs.

Findlay, O., August 4.—Senator Robert M. LaFollette, of Wisconsin, today declared that William J. Bryan would be the next president, unless President Roosevelt would consent to run again.

Senator LaFollette was here for an hour today and discussed politics, expressing his views freely. "It looks as if President Roosevelt must make the race in 1908," he said. "He is the one man to defeat W. J. Bryan. In my opinion, it will be Roosevelt against Bryan."

Hunting an Heir

For Frisco Victim
Thomasville, Ga., Aug. 6.—An echo of the San Francisco horror comes in a letter to postmaster Dismuke, that indicates that a former resident of Thomasville lost her life in the earthquake. The victim was a woman known as Mrs. Ella Robertson. The authorities are inquiring for heirs in order that an estate of \$7,000 may be divided. They say she was born in Thomasville, and they wish to locate her half sister, in order that she may get the money.

The information states that Mrs. Robertson was born here about 1850, the daughter of a physician with a German name, probably beginning with W. Several inquiries were made among them yesterday but none of them remembered such people.

The intense itching characteristic of salt rheum and eczema is instantly allayed by applying Chamberlain's Salve. As a cure for skin disease this salve is unequalled. For sale by all druggists.

Hurt in a Runaway

Valdosta, Ga., Aug. 5.—Mr. Joel R. Peters, a prominent citizen of the county and one of the best known farmers was thrown from his buggy here late this afternoon and received injuries that will probably prove fatal. He and his brother, J. E. Peters, started from the city, when their male became frightened at a boy on a bicycle. The mule darted and ran a few steps throwing the buggy against the stone curbing. Mr. Joel R. Peters was thrown forward on his head, striking the curbing and fracturing his skull.

He was taken in an unconscious condition to Dr. Holmes Sanitarium. He is still unconscious and the attending physician is not able to tell how serious the wound is. J. E. Peters was not hurt at all.

River Steamer Sank

Bainbridge, Ga., August 8.—News was received here last night that the steamer Gertrude of the independent steamship line to Pensacola, Fla., went to the bottom at Mary's on the Lower river half way between Bainbridge and Apalachicola. No lives were lost. It is not known whether the cargo was saved or not. The steamer's men here say it will cost \$12,000 to raise her. The Gertrude cost \$80,000. She was en route to Bainbridge from Apalachicola.

Galveston's Sea Wall
Makes life now as safe in that city as on the higher upland. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone. 'Gave chronic Coughs, La Grippe, Croup, Whooping Cough and prevented Pneumonia. Pleasant to take. Every bottle containing a corrective life Kodol For Dyspepsia. for the statement that the repub-
lican tariff revisionists are read-
ing: "Let him that thinketh he
standeth fast, take heed lest he
fall into a minority." And Mr.
Foss, the principal advocate of
reciprocity is running for lieuten-
ant governor against the stand-
patter, Gen. Draper, to discover
if the people will make the above
come true.

Senator Ankeney of the state of
Washington thinks the Republi-
cans will have a hard task to win
in 1906, whoever they nominate.
This shows the way the wind is
blowing in extreme Northwestern
states, where the farmers have
discovered that they are not pro-
tected by the tariff on wheat and
other agricultural products, but
very much plundered by the tariff
on what they buy.

The Gubernatorial Situation.

The fight for the governorship
is now more than one year old,
and is growing into quite a lively
affair. The race will wind up on
the 22d instant, so far as the voters
are concerned. Then on Septem-
ber 4th, at Macon, the delegates
from the various counties will
meet and ballot until they agree
on a man. If it happens that any
one man gets a majority on the
first ballot then the convention
will be a rather tame affair. On
the other hand, if no choice is
made on the first ballot, then it
will be the warmest convention
seen in Georgia in many a day.

If we are to believe half the
claims made by the various candi-
dates, it would seem that each
and every one of them would get
it on the first ballot. To start
with, Hoke Smith says he will
carry anywhere from 100 to 140
counties and get there O. K. on
the first ballot; Estill claims 80
counties and says he is the second
choice of every other candidate in
the field; Clark Howell says he
has got things his way and will
have more votes in the convention
than any other man; Judge
Russell says he has spoken in 97
counties and will speak in at
least fifteen more between now
and the date of the primary and
will carry 50 counties beyond a
doubt, and the Athens Banner,
which is supporting Jim Smith, is
not so modest as that, but claims
80 counties for the Big Farmer
from Oconee county on the first
ballot.

So, there it is. If you give the
different candidates all they claim
there won't be half enough to go
around. In fact, if you start out
with Hoke Smith, he will eat 'em
all up but five before he is satis-
fied. Estill wants his share and
so do the others.

The average voter used put
little or no confidence in the
claims made by any of these candi-
dates. The truth of it is that
none of them know any more about
it than the average back-
woods farmer does. All they
know is that they have been about
and jolled the voters, and the
result is yet to be told.

We believe that as the matter
stands now a conservative esti-
mate would make it look this
way:

Hoke Smith, 50 counties;
Judge Russell, 35 counties;
Clark Howell, 80 counties;
Estill, 25 counties;
Jim Smith, 5 counties.
Keep these figures, and on
August 28th show them to us and
see how far we have missed it on
the average. With that result of
the primary, of course, the final
result would have to be deter-
mined by the convention. And it
may be that neither of the candi-
dates now before the people will
be elected.

Newspaper Man Insane.

Rome, Ga., Aug. 4.—Samuel
Whitmore, one of the best known
and most brilliant newspaper men
in the south, and who, at differ-
ent times, was off the editorial
staff of a number of New York
publications, was arraigned be-
fore Judge Davis this evening ad-
judged insane and committed to
the state hospital for the insane
at Milledgeville.

During the recent municipal
campaign, Whitmore was editor
of the Broad Ax, and it was par-
ticularly his editorials that Jno.
W. Maddox was elected mayor,
together with all five of his al-
dermanic candidates.

That Mr. Whitmore was noted
in his profession is attested by
the fact that he was correspond-
ent for a number metropolitan
papers. He has many friends
here who deeply deplore his af-
fliction.

A world of truth in a few words:
"Nearly all other cough cures are
contaminating, especially those con-
taining Opium. Kennedy's Laxative
Honey and Tar moves the bowels,
keeps on the opiate. You can get it
at W. H. Ellis."

Colquitt County May

Have No Primary.

Moultrie, Aug. 3.—Financing
the approaching state primary is
a question that is agitating the
minds of the local organization of
the democratic party. Chairman
Clark of the county executive
committee, said today that there
is some doubt about there being
any primary held in this county.
There is no money in the treasury
and he thinks it improbable that
the candidates will stand for an
assessment from every county or
even two-thirds of the counties
of the state.

There are thirteen voting places
in this county, and 2,800 white
voters. It costs \$200 to hold an
election, when the polling places
all over the county are opened.
The county commissioners have
recently refused to pay a portion
of the expenses of the county
primary, which was held two
months ago and is presumed will
refuse to bear the expenses of the
state primary.

The registrars of the county
will refuse to make out the voters'
lists until some assurance is forth-
coming that they will receive pay.
There are tickets and election
blanks to be printed and none of
this will be undertaken unless
some scheme presents itself for
raising the money.

Chairman Clark has written to
State Chairman Yeomans to get
his advice in the matter.

Entire Force Is

Guilty He Says.

Savannah, Aug. 4.—Two inves-
tigations into city affairs will be
instituted Monday afternoon. One
a general investigation of the en-
tire police department, and the
other an investigation into the af-
fairs of the harbor master's office,
Harbor Master James McBride be-
ing charged with dereliction of
duty.

The police investigation is ex-
pected to last for over a week and
to develop several sensational.
In response to an invitation
sent him to furnish information
in regard to police, Jacob S. Col-
lins, prominent in the recent
campaign, in which he made all
kinds of charges in political
speeches, today wrote the com-
mittee that the police and all
other city departments had al-
ready been condemned by the
people at the polls. He said he
thought the investigating com-
mittee should itself be investigat-
ed.

He declared absolutely to have
anything to do with the investi-
gation, and advised the city offi-
cials to stop funding fault with
one another during the few months
that they remain in office.
All are equally guilty, he wrote.

In this state it is not necessary to
leave a five days' notice for eviction
of a cold. Use the original laxative
cough syrup, Kennedy's Laxative
Honey and Tar. No Opium. Sold by
W. H. Ellis.

If this automobile slaughter
goes much further there won't be
much left of the "400".

Why does the sun burn? Why does a
mosquito sting? Why do we feel un-
happy in the Good Old Summer Time?
Answer: we don't. We use Dew-It's
Witch-Hazel Salve, and these little pills
don't bother us. Learn to look for the
name on the box to get the genuine.

Another Phase of the

Greene-Gaynor Case.

New York, Aug. 3.—At the re-
quest of Kellogg & Ross, counsel
for Greene and Gaynor, under
conviction for embezzlement in
connection with harbor im-
provements at Savannah, Ga., the
attorney general has fixed Sep-
tember 27th next, as the date for
examination by the government
of Greene and Gaynor in their
claims now pending against the
government in the court of claims.
The examination will be held in
the prison at Macon, Ga., where
Greene and Gaynor are confined,
according to a statement made to-
day by Luffin Kellogg, who said
that he had received notice to
that effect from attorney General
Russell at Washington.

"This is the action," said Mr.
Kellogg, "brought by the Atlantic
Contracting company, under
which name Greene and Gaynor
did business, against the govern-
ment to recover damages for
breach of the same contracts
which formed the basis of the
charges in which they were recent-
ly convicted at Savannah. Our
clients' claims amount to \$850,000,
actually earned and certified by
the government officers, and ad-
mittedly unpaid for, in addition
to over \$500,000 in profits on work
remaining to be done. After all
the evidence for the plaintiffs in
these proceedings had been intro-
duced, the government procured a
stay, pending the absence of
Greene and Gaynor in Canada.
Their presence in this country
now makes it necessary for the
stay to be vacated and the exami-
nation had. This course was
taken at the suggestion of counsel
for the plaintiffs, who are anxious
to proceed with the case."

Stomach Troubles and Constipa-
tion
No one can reasonably hope for
good digestion when the bowels are
constipated. Mr. Chas. Baldwin,
of Edwardsville, Ill., says, "I suffered
from chronic constipation and stom-
ach troubles for several years, but
thanks to Chamberlain's Stomach
and Liver Tablets am almost cured."
Why not get a package of these table-
ts and get well and stay well? Price
25c. For sale by all druggists.

Stomach Troubles and Constipation

President Roosevelt denounced Judge
Parker for charging that the trusts
and corporations had subscribed to the
Republican campaign fund in 1904, but
it has since been proven that such
funds were solicited and received, es-
pecially from the funds of the life in-
surance corporations which should
have been sacred to the widows and
orphans of the policy-holders.

And there is no record of President
Roosevelt having apologized to Judge
Parker, nor that restitution of the
solicited money has been made.

If the republican congressional com-

Somehow the two facts don't seem to

Democratic Committee

Met On Saturday

The Democratic Executive
Committee of Bulloch county met
in the court house on Saturday.
While there was not a full meet-
ing of the committee yet there
was a quorum present and some
to spare.

The rules for the coming pri-
mary having already been fixed
there was nothing to do but trans-
act routine business. "An as-
sessment of \$20 each was levied
on the candidates for the fol-
lowing offices: Sheriff, tax collector,
superior court, and clerk of the
superior court; \$10 was levied on
each of the candidates for repre-
sentative, and \$5 each for the
candidates for congress, state sen-
ator and judge of the superior
court. The candidates for county
commissioner, coroner and county
surveyor were relieved of any
charges.

Three funds are to be used in
defraying the expenses of pri-
mary and should there be any-
thing left after the expenses are
met it will be returned to those
from whom it was collected.

The candidates have until Sat-
urday night of this week to pay
this money in, then the official
ballot will be made up and the
names of those who have paid
their assessments will be printed
and none others.

It was ordered that no single
shooting be allowed in the race for
representative; in other words a
man must vote for two candidates
for representative, inasmuch as
the county is entitled to two,
otherwise his vote will not be
counted.

Chairman Deal was authorized
to appoint the managers for the
different districts. The commit-
tee will meet again on the 28th of
August, the day after the pri-
mary, and declare the result.

few days for New York and other
eastern cities to lay in their
stock of 10c. articles, and also
the heaviest line of Christmas
goods ever shown in a town any-
where near the size of ours. You
remember, the Racket Store has
always been headquarters for
Santa Claus during the holidays,
but this year their stock will be
much larger and more complete
than ever before, and in order to
give justice to their special rack-
et line they will have to close out
the larger things, and while they
are doing that they will have a
special ten days sale. Look for
it.

STATESBORO,
GEORGIA.

Attention Candidates

for Representative.

Since there is considerable agitation in Georgia, and in the present general assembly, over the matter of the creation of other new counties than those eight provided for by the recent amendment to the constitution, the people of the county should know how the candidates for representatives in the next general assembly stand on this proposition.

I therefore beg to propound the following questions:

First. Are you in favor of the creation of more new counties in Georgia?

Second. If nominated and elected as one of Bulloch county's representatives, will you continue to advocate, instigate, or engage in any movement to take any of Bulloch county's territory other than that already allotted to the county of Jenkins for a new county?

Please answer through the columns of the newspapers.

A. M. Deal.

Out of the Race

I've consulted my friends and I now announce to the public generally that I am out of the race. I appreciate very much the interest that my friends have taken in me, and I do sincerely hope that my withdrawing from the race will be satisfactory to all of my friends whom I've served, and whom I've not seen, as I could not see them all. Yours truly,

Clark Howell Speaks

to Fitzgerald Folks

Fitzgerald, Ga., Aug. 4.—A very large crowd was present in this city today to hear Clark Howell speak on the issue of the day. After a delay of more than three hours on account of a misconnection.

Mr. Howell reached the city at 10 o'clock this afternoon. He was met at the depot by a committee of 50 citizens, the military and a brass band who escorted him to the Lee-Grant hotel, where an audience of about 2,000 were assembled to hear him.

His speech was clean cut and along the usual lines touching the issues of the campaign, and his audience was with him from first to last.

As a side issue Mr. Williams of Laurens county, mounted a dais and talked to a crowd for at least 30 minutes in favor of Hoke Smith. It was a Howell day.

Small Attendance

at Smith Meeting.

Monticello, Ga., Aug. 4.—The Hoke Smith club was organized here today. The meeting had been published for some time and the rain made it impossible for the farmers to work, notwithstanding the favorable conditions for a crowd there was barely 50 present. The recent hard lines of The Southern Field, and the noble words of the editor of the Macou Telegraph have opened the eyes of the people.

But few Confederate soldiers were in the meeting today and surely those who were present have a strange fondness in their near approach to Tom Watsonism. It seems that the great majority that has been claimed by the Journal has dwindled. Jasper is by no means safe for Hoke Smith.

To Sweden In

Search of Labor

Rome, Ga., Aug. 3.—Fred Hanson left last night for Sweden for the purpose of attempting to turn immigration Romewards. He will be absent from the city about sixty days and is confident that he will, to a great measure, be successful in his undertaking. He is taking with him a trunk filled with samples of the products of Rome's industries and Floyd county agricultural products.

He is also taking with him an extensive supply of advertising matter, which he will have translated and printed in the Swedish language and distributed among the natives of that country.

Several weeks ago the Manufacturers and Merchants' association of this city realized that something had to be done to relieve the labor situation and at once Mr. Hanson's own suggestion, it was decided to send him to Sweden. Four hundred dollars was appropriated by the association to aid in defraying the expenses of the trip, and the balance, \$800, was contributed by the manufacturers and merchants of Rome. While in the European Kingdom he will not have power to make any contracts for labor, as this is strictly against the labor contract law.

False Report.

Statesboro, Ga., Aug. 6, 1906 To the citizens of Bulloch county: The rumor now in circulation that I am to be the deputy sheriff for Mr. J. F. Olliff, if he is elected sheriff, is absolutely false, and is without foundation. The place has never been offered to me, and I would not have it if I could get it. The author of this report simply told a campaign lie.

Keep Your Eye Oyster Bay.

Former Postmaster Smith who is editor of the Philadelphia Press, was invited to Oyster Bay soon after the congressional leaders and Penrose, the republican machine leader, had been there. The Press is backing the Lincoln-democratic ticket and a dispatch to the Washington Post says it is believed that the republican leaders urged President Roosevelt to renounce with Smith on the stand which his paper had taken. Is the president secretly aiding the old Quay machine? It certainly looks like it.

Gas in Nottingham, Eng., is 60c. per 1,000 feet and at Widnes in Lancashire with a population of only about 50,000 it is 30 cents and large consumers will pay from 22 to 26 cents. This is undoubtedly the cheapest gas in the world, but the profit on the gas works to the municipality that owns them was \$22,887.15. This information is official and is reported by our Consul F. W. Mahin to the state department. What must most of our gas companies be making that charge from 90 cents to \$1.50 per 1,000 feet?

Make Hay While the Sun Shines.

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

The Sheriff Out

Tallahassee, Fla., Aug. 4.—Governor Broward today suspended from office Sheriff Geo. R. Carter, Citrus county, because he permitted without adequate resistance two prisoners to be taken from his custody by mobs who lynched them, Frank Jordan being lynched May 16, and James Davis on June 7, thus outraging and bringing the dignity of the state into disrepute.

Griffin, Ga., Aug. 4.—Will O. Burke, living at Head's shop, near Griffin, shot and fatally wounded his wife here late this afternoon and then killed himself. Someone to cut a bill of lumber—about 250,000 feet—near Statesboro. Address, L. W. Deal, Statesboro, Ga.

W. G. BRANTLEY TO SPEAK HERE SATURDAY, AUG. 11

Citizens are making preparations for the Biggest Meeting of the Season—Brass Band Engaged.

Hon. W. G. Brantley, member of congress from the Eleventh Georgia district, will address the citizens of Bulloch county, at Statesboro, on Saturday, August 11th, at the court house, at 11 o'clock.

Mr. Brantley is one of the most popular and best known men in public life. He is, perhaps, the ablest congressman that has been in congress from this state in many years. He is young, energetic and hard working; a man of acknowledged ability. Mr. Brantley has secured more things for his district than has any man in the Georgia delegation. He is a friend of the farming class of people, which he proved more than once. He is the able champion of a duty on imported long staple, so as to protect our home growers against the product of the pauper labor of Egypt.

Mr. Brantley is advocating the claims of Col. J. H. Estill in this race for governor because he believes him to be as good as any other man in the race, and he thinks that it the duty of south Georgia people to stick to home folks, especially when everything is equal, as it is in this case.

Ladies are cordially invited to attend this meeting. The Woodmen of the World cornet band has been engaged for this occasion and will furnish the music. The people are invited out to hear Mr. Brantley on next Saturday, August 11th.

For the above occasion the S. & S. Railway will give a rate of one and a third fare for the round trip.

Investigations in Savannah

Grow a Little Warm.

Savannah, Ga., Aug. 7.—There were two investigations yesterday afternoon in connection with city affairs that excited much interest locally. One of them was of the police department and the other of the Harbor Master's office.

The first was short but snappy. It didn't last long because the witnesses couldn't be found. One of the witnesses wanted was Detective Mose Davis, who has been talking a whole lot. He couldn't get to the meeting because of engagements in the superior court. The other was Sergeant Hartley of the police department. He is on his vacation.

The city attorney has ruled that any city employee or officer who doesn't come up to the scratch and testify when called on may be considered guilty of misconduct in office. Alderman Grayson has given the committee the hal-ha, in a letter replying to one asking him to testify, and a motion was made that he be sent a copy of the finding of the city attorney. This motion did not prevail.

There will be another meeting of the committee this afternoon when it is hoped there will be something more doing than there was yesterday.

The Harbor Master's investigation took on a little more substance and ginger. The Harbor Master, it is alleged, has been neglecting his duty and the Board of Trade asked for an investigation. There have been one or two false starts about the thing, but it got off alright yesterday afternoon.

There was the captain of the ship now in port who went at things without gloves when he got started. He said that he had been charged for harbormaster's fees when he hadn't seen a harbormaster. He declared that he threw the bill overboard after tearing it to bits and that he would stay in port for ever before he would pay it. He also gave notice that he would charge the city \$184 a day demurrage every day he had to stay in on account of the bill. He did not think the harbormaster had done anything for which he could collect any such amount as claimed.

The harbormaster's side of the controversy hasn't come out yet. There will be another meeting of the committee when he can have his say. Those who know Harbor Master McBride know that he is usually capable of talk.

Wife Won Wager

By Killing Herself.

Dillon, S. C., Aug. 6.—At an early hour this morning the body of Mrs. White Hamilton was found in the lot well on their premises, where it had been since Tuesday morning. On that day White Hamilton, a farmer living about two miles from Dillon, came into town bringing with him his little daughter, the only child, leaving the wife and mother alone. She had expressed some opposition to having the child accompany the father, fearing, she said, that the horse might become frightened at the automobiles and the child be injured, and even said if the father persisted in carrying the little girl she would leave home.

Hamilton playfully and banteringly offered her \$10, saying he bet she would not leave.

When he returned home a few hours later there was no trace of his wife. He saw that she had evidently changed her clothing, and he found the \$10 sticking in the fob pocket of the trousers he had laid aside that morning.

Two Bales Received Here.

Mr. John M. Jones Leads With the First and Scoops the \$20 Gold Piece

Statesboro has already received two new bales of cotton of the 1906 crop. Mr. John M. Jones brought in the first bale on Tuesday afternoon and put it up to the highest bidder. It was knocked off to Messrs. J. W. Olliff Co. at 10c; the bale weighed 484 lbs. He was awarded the twenty dollar gold piece offered by the Bank of Statesboro for the first bale.

Mr. Jones was followed closely by Reuben Blackburn, colored, who brought in the second bale. The cotton market is now on in full blast. The News will give the quotation regularly twice a week from this on during the entire season.
