#### Attention Candidates

##### for Representative.

Since there is considerable agitation in Georgia, and in the present general assembly, over the matter of the creation of other new counties than those eight provided for by the recent amendment to the constitution, the people of the county should know how the candidates for representatives in the next general assembly stand on this proposition.

I therefore beg to propound the following questions:

First. Are you in favor of the creation of more new counties in Georgia?

Second. If nominated and elected as one of Bulloch county's representatives, will you continue to advocate, instigate, or engage in any movement to take any of Bulloch county's territory other than that already allotted to the county of Jenkins for a new county?

Please answer through the columns of the newspapers.

A. M. Deal.

#### Out of the Race

##### for Clerk of Court.

I've consulted my friends and I now announce to the public generally that I am out of the race. I appreciate very much the interest that my friends have taken in me, and I do sincerely hope that my withdrawing from the race will be satisfactory to all of my friends whom I've served, and whom I've not seen, as I could not see them all. Yours truly,

Enoch L. Brannen.

#### Clark Howell Speaks

##### to Fitzgerald Folks

Fitzgerald, Ga., Aug. 4.—A very large crowd was present in this city today to hear Clark Howell speak on the issue of the day. After a delay of more than three hours on account of a misconnection.

Mr. Howell reached the city at 10 o'clock this afternoon. He was met at the depot by a committee of 50 citizens, the military and a brass band who escorted him to the Lee-Grant hotel, where an audience of about 2,000 were assembled to hear him.

His speech was clean cut and along the usual lines touching the issues of the campaign, and his audience was with him from first to last.

As a side issue Mr. Williams of Laurens county, mounted a dais and talked to a crowd for at least 30 minutes in favor of Hoke Smith. It was a Howell day.

#### Small Attendance

##### at Smith Meeting.

Monticello, Ga., Aug. 4.—The Hoke Smith club was organized here today. The meeting had been published for some time and the rain made it impossible for the farmers to work, notwithstanding the favorable conditions for a crowd there was barely 50 present. The recent hard lines of The Southern Field, and the noble words of the editor of the Macou Telegraph have opened the eyes of the people.

But few Confederate soldiers were in the meeting today and surely those who were present have a strange fondness in their near approach to Tom Watsonism. It seems that the great majority that has been claimed by the Journal has dwindled. Jasper is by no means safe for Hoke Smith.

Don't drag along with a dull, bilious heavy feeling. You need a pill. Use DeWitt's Little Early Biscuits, the famous little pills. Do not sicken or gripe, but results are sure. Sold by W. H. Ellis.

#### To Sweden In

##### Search of Labor

Rome, Ga., Aug. 3.—Fred Hanson left last night for Sweden for the purpose of attempting to turn immigration Romewards. He will be absent from the city about sixty days and is confident that he will, to a great measure, be successful in his undertaking. He is taking with him a trunk filled with samples of the products of Rome's industries and Floyd county agricultural products.

He is also taking with him an extensive supply of advertising matter, which he will have translated and printed in the Swedish language and distributed among the natives of that country.

Several weeks ago the Manufacturers and Merchants' association of this city realized that something had to be done to relieve the labor situation and at once at Mr. Hanson's own suggestion, it was decided to send him to Sweden. Four hundred dollars was appropriated by the association to aid in defraying the expenses of the trip, and the balance, \$800, was contributed by the manufacturers and merchants of Rome. While in the European Kingdom he will not have power to make any contracts for labor, as this is strictly against the labor contract law.

#### False Report.

Statesboro, Ga., Aug. 6, 1906. To the citizens of Bulloch county: The rumor now in circulation that I am to be the deputy sheriff for Mr. J. F. Olliff, if he is elected sheriff, is absolutely false, and is without foundation. The place has never been offered to me, and I would not have it if I could get it. The author of this report simply told a campaign lie.

F. N. FLETCHER.

#### Change of Voting Precinct.

Georgia, Bulloch County. This is to notify all persons interested that the voting precinct in the 44th district, G. M., of said county has been changed from the Rogers & Moore old store to the court ground at the Nevills & Rushing old store. This August 6th 1906. S. L. Moore, Ordinary.

**Summer Diarrhoea in Children**  
During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

#### First Bale from Brooks

Quitman, Ga., August 4.—The first bale of cotton Brooks county was brought in today by J. T. Underwood, one of the county's best farmers. The bale was ginned by Quitman ginners and weighed 549 pounds. It was ginned from 1,506 pounds of seed cotton, which shows a remarkable yield. The cotton was sold to O. J. Jalous for 12 cents a pound.

#### Keep Your Eye Oyster Bay.

Former Postmaster Smith who is editor of the Philadelphia Press, was invited to Oyster Bay soon after the congressional leaders and Penrose, the republican machine leader, had been there. The Press is backing the Lincoln-democratic ticket and a dispatch to the Washington Post says it is believed that the republican leaders urged President Roosevelt to renounce with Smith on the stand which his paper had taken. Is the president secretly aiding the old Quay machine? It certainly looks like it.

Gas in Nottingham, Eng., is 60c. per 1,000 feet and at Widnes in Lancashire with a population of only about 50,000 it is 30 cents and large consumers will pay from 22 to 26 cents. This is undoubtedly the cheapest gas in the world, but the profit on the gas works to the municipality that owns them was \$22,887.15. This information is official and is reported by our Consul F. W. Mahin to the state department. What must most of our gas companies be making that charge from 90 cents to \$1.50 per 1,000 feet?

#### Make Hay While the Sun Shines.

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

#### Shoots His Wife, Then Kills Himself.

Griffin, Ga., Aug. 4.—Will O. Burke, living at Head's shop, near Griffin, shot and fatally wounded his wife here late this afternoon and then killed himself. He was trying to adjust some domestic trouble with his wife and failing to do so the above was the result. Both parties were under 25 years of age.

#### Unnecessary Expense.

Acute attack of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. ## W. G. BRANTLEY TO SPEAK HERE SATURDAY, AUG. 11

Citizens are making preparations for the Biggest Meeting of the Season—Brass Band Engaged.

Hon. W. G. Brantley, member of congress from the Eleventh Georgia district, will address the citizens of Bulloch county, at Statesboro, on Saturday, August 11th, at the court house, at 11 o'clock.

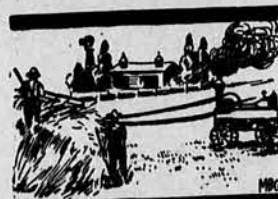

Mr. Brantley is one of the most popular and best known men in public life. He is, perhaps, the ablest congressman that has been in congress from this state in many years. He is young, energetic and hard working; a man of acknowledged ability. Mr. Brantley has secured more things for his district than has any man in the Georgia delegation. He is a friend of the farming class of people, which he proved more than once. He is the able champion of a duty on imported long staple, so as to protect our home growers against the product of the pauper labor of Egypt.

Mr. Brantley is advocating the claims of Col. J. H. Estill in this race for governor because he believes him to be as good as any other man in the race, and he thinks that it the duty of south Georgia people to stick to home folks, especially when everything is equal, as it is in this case.

Ladies are cordially invited to attend this meeting. The Woodmen of the World cornet band has been engaged for this occasion and will furnish the music. The people are invited out to hear Mr. Brantley on next Saturday, August 11th.

For the above occasion the S. & S. Railway will give a rate of one and a third fare for the round trip.

#### Investigations in Savannah Grow a Little Warm.

Savannah, Ga., Aug. 7.—There were two investigations yesterday afternoon in connection with city affairs that excited much interest locally. One of them was of the police department and the other of the Harbor Master's office.

The first was short but snappy. It didn't last long because the witnesses couldn't be found. One of the witnesses wanted was Detective Mose Davis, who has been talking a whole lot. He couldn't get to the meeting because of engagements in the superior court. The other was Sergeant Hartley of the police department. He is on his vacation.

The city attorney has ruled that any city employee or officer who doesn't come up to the scratch and testify when called on may be considered guilty of misconduct in office. Alderman Grayson has given the committee the hall, in a letter replying to one asking him to testify, and a motion was made that he be sent a copy of the finding of the city attorney. This motion did not prevail.

There will be another meeting of the committee this afternoon when it is hoped there will be something more doing than there was yesterday.

The Harbor Master's investigation took on a little more substance and ginger. The Harbor Master, it is alleged, has been neglecting his duty and the Board of Trade asked for an investigation. There have been one or two false starts about the thing, but it got off alright yesterday afternoon.

There was the captain of the ship now in port who went at things without gloves when he got started. He said that he had been charged for harbormaster fees when he hadn't seen a harbormaster. He declared that he threw the bill overboard after tearing it to bits and that he would stay in port for ever before he would pay it. He also gave notice that he would charge the city \$184 a day demurrage every day he had to stay in on account of the bill. He did not think the harbormaster had done anything for which he could collect any such amount as claimed.

The harbormaster's side of the controversy hasn't come out yet. There will be another meeting of the committee when he can have his say. Those who know Harbor Master McBride know that he is usually capable of talk.

#### Wife Won Wager

##### By Killing Herself.

Dillon, S. C., Aug. 6.—At an early hour this morning the body of Mrs. White Hamilton was found in the lot well on their premises, where it had been since Tuesday morning. On that day White Hamilton, a farmer living about two miles from Dillon, came into town bringing with him his little daughter, the only child, leaving the wife and mother alone. She had expressed some opposition to having the child accompany the father, fearing, she said, that the horse might become frightened at the automobiles and the child be injured, and even said if the father persisted in carrying the little girl she would leave home.

Hamilton playfully and banteringly offered her \$10, saying he bet she would not leave.

When he returned home a few hours later there was no trace of his wife. He saw that she had evidently changed her clothing, and he found the \$10 sticking in the fob pocket of the trousers he had laid aside that morning.

In this state it is not necessary to serve a five days' notice for eviction of a cold. Use the original laxative cough syrup, Kennedy's Laxative Honey and Tar. No Opium. Sold by W. H. Ellis.

## Two Bales Received Here.

Mr. John M. Jones Leads  
With the First and Scoops  
the \$20 Gold Piece

Statesboro has already received two new bales of cotton of the 1906 crop. Mr. John M. Jones brought in the first bale on Tuesday afternoon and put it up to the highest bidder. It was knocked off to Messrs. J. W. Olliff Co. at 10c; the bale weighed 484 lbs. He was awarded the twenty dollar gold piece offered by the Bank of Statesboro for the first bale.

Mr. Jones was followed closely by Reuben Blackburn, colored, who brought in the second bale. The cotton market is now on in full blast. The News will give the quotation regularly twice a week from this on during the entire season.

## The Statesboro News Knight Found

(INCORPORATED.)  
Hanging to Beam  
Gainesville, Ga., August 6.—  
R. F. Knight, Southern railway  
committee, at New Holland,  
committee suicide, at 4 o'clock  
this afternoon, by hanging  
himself, at the home of Mr.  
Oldfield, the Southern's agent, at  
that place.  
Mr. Oldfield has been absent on  
a vacation for about thirty days  
and Knight was sent here to re-  
lieve him. Knight gave no one any  
intimation that he contemplated  
self-destruction and when his  
body was discovered this after-  
noon his friends were horrified.  
The body was cut down and ef-  
forts were made to revive him  
but life was already extinct. He  
left a note addressed to J. N. Sims  
the operator, in which he stated  
that he was not well; had not  
eaten anything for several days,  
and that he had decided he would  
be better off thus alive. Grief  
over the death of his wife, some-  
time ago, it is thought, had  
much to do with Knight's suicide.  
The note which he addressed  
to Operator Sims instructed  
him to notify H. J. Hinton, tax  
collector of Winnett county, at  
Lawrenceville; Dr. W. T. Hinton,  
at Dacula, and Geo. L. Knight,  
also at Dacula, of his death.  
Coroner Dorsey was notified  
soon after Knight's body was  
found, and he held an inquest  
over the body tonight, the jury  
finding a verdict of suicide.  
Knight was about twenty-five  
years of age, and was of a quiet  
disposition. He was what is  
known as a relief man, supplying  
the Southern where and when  
needed.

## He's A Rare Bird.

According to the Atlanta Georgian there is one legislator who is  
a rare bird. This legislator has  
recently engineered a bill through  
the house and the senate creating  
a city court in his county. After  
the bill had passed both houses it  
was found that he had put pro-  
visions in the bill as to the age of  
judge, experience, etc., which  
made him the only man in his  
county eligible to appointment.  
The term of the judge is to be  
for four years and it is presumed  
that the right kind of a salary was  
named in the bill. The governor  
has no other choice except to name  
the legislator judge of the court.  
This legislator will go down in  
record as the only man connected  
with the judiciary of the state who  
legislated himself into a four-year  
job.  
It may be all right for a man to  
put a bill through the legislature  
fixing himself a fat berth, but it  
does not look right to us. It  
would seem that the proprietors  
of the occasion would have pre-  
vented the young man from un-  
wittingly passing his bill. How-  
ever, if his constituents can stand  
it we suppose that the rest of us  
ought to be satisfied. It can hard-  
ly be said, though, that the pas-  
sage of such a measure can have  
a very good effect upon the rest  
of the state. Precedent has been  
set as a reason why many in-  
junctive measures should be  
made into laws.  
We trust that this legislator  
will give satisfaction as judge—  
Dublin Courier Dispatch.

Express Companies and Railroads  
There will have to be a shake-  
up in the management of express  
companies under the new law. As  
it is now the officials of railroads  
are officials of express companies  
and vice versa, which would in-  
dicate a conspiracy in restraint of  
trade, especially as there is no  
competition between express com-  
panies at joint points. What the  
people are bound to have before  
they get done legislating about  
corporations is competition, or  
where competition is not possible  
such just rates as the situation  
demands.  
If the new law is found not suf-  
ficient to insure that, the law will  
be further amended by congress.  
Congress hereafter will be in the  
hands of the people instead of be-  
ing as heretofore a corporation  
annex.

The public is very wisely "keep-  
ing out of Wall street," but the  
republican campaign fund col-  
lectors are making many pilgrim-  
ages to the headquarters of the  
trusts, the tariff beneficiaries and  
the banking magnates. The life  
insurance companies are barred,  
this year, as the policy holders  
are watching the officials to pre-  
vent the funds being squandered,  
as they were by the subscriptions  
made to the Roosevelt campaign  
fund in 1904.

Galveston's Sea Wall  
Makes life now as safe in that city as  
on the higher uplands. E. W. Goodloe,  
who resides on Dutton St., in Waco,  
Tex., needs no sea wall for safety. He  
writes: "I have used Dr. King's New  
Discovery for Consumption the past  
five years and it keeps me well and  
safe. Before that time I had a cough  
which for years had been growing  
worse. Now it's gone." Cures chronic

Important Notice to Passen-  
gers—Save Money  
The Seaboard Air Line Railway  
glves notice that passengers board-  
ing trains at stations where there are ticket  
agents, should in all cases purchase  
tickets, saving money by doing so.  
Effective Nov. 1st, 1905 conductors in  
Georgia and Alabama will collect four  
cents per mile from passengers  
without tickets boarding trains at  
stations where there are tickets agents  
and when an opportunity has been  
afforded them to purchase tickets  
but who have neglected to avail them-  
selves of such privilege, from non-  
agency stations where opportunity  
has not been afforded to purchase  
tickets, the conductor will only collect  
the ticket rate.

Mark Twain On Babies  
Mark Twain at a dinner, replying to  
a toast to "The Babies," said:  
"We have not all had the good for-  
tune to be babies. We have not all been  
generals, or poets, or statesmen; but  
when the task was down to 'The Babies,'  
we stood on common ground,  
for we have all been babies."  
"If you go back fifty or a hundred  
years, to your early marriage life, and  
reconsider your first baby, you will  
remember that he amounted to a  
good deal, and even something more. He  
took entire command. When he called  
for something, you went to get it. You  
went to work and warmed it. You  
even descended so far in your mental  
office as to take a suck at that warm,  
milk-soaked stuff just to see if it was  
right—three parts warm water to one  
of milk, a touch of sugar to moisten the  
cubic, and a drop of peppermint to kill  
those immortal hiccups. I can taste  
that stuff."

Boating Party Rescued  
on the Verge of Niagara  
Niagara Falls, August 6.—Chas  
Walsh and his wife, with several  
women, were rescued from a dis-  
abled launch in the Niagara river  
yesterday just as the craft was  
starting over the falls. The  
launch lost its propeller. Walsh  
tried to drop anchor, but it did  
not hold. They then shipped the  
oars and they snuggled like pig-  
stons in the attempt to drive the  
heavy launch against the rapid  
current. One of the women tied a  
skirt to the broken oar and the  
attention of people on shore was  
attracted. The party was rescued  
at the danger line.

Rockefeller Escapes  
When the news was received over  
"the ticker" in Wall street that At-  
torney General Moody had decided not  
to press for any jail penalty against  
John D. Rockefeller and other Stand-  
ard oil officials "the fact was pointed  
out joyfully," says a New York Journal  
in its market report, "as evidence that  
the Roosevelt administration and the  
trusts were now in accord and that oc-  
currences in the near future will  
demonstrate clearly that the two have  
reached a thorough understanding.  
Wall street regarded the developments  
in connection with the Standard oil  
investigation in Ohio by the Federal  
government as a moral victory for the  
great trust." It seems impossible to  
divorce the republican leaders from  
Wall street influences and trust as-  
sociations and the above Wall street  
news indicates that the trusts will  
supply the sinews of war and that the  
campaign fund of the republican party  
will be replenished from that source.  
The dollar subscription dodge of  
Charles Sherman is only a fake to  
fool the voters into believing that  
trust influences have been banished  
from the republican campaign.

Stomach Troubles and Constipation  
No one can reasonably hope for  
good digestion when the bowels are  
constipated. Mr. Chas. Baldwin, of  
Edwardsville, Ill., says, "I suffered  
from chronic constipation and stom-  
ach troubles for several years, but  
thanks to Chamberlain's Stomach  
and Liver Tablets am almost cured."

lets and get well and stay well? Price

## MOB STORMS JAIL

### AND LYNCHES THREE.

### BLANKS USED BY SOLDIERS

### White Man and Negro Acci- dentally Wounded by the Crowd.

Charlotte, N. C., Aug. 6.—A  
mob of three thousand determi-  
ned men, shortly before 11 o'clock  
tonight, forcibly entered Roan  
county jail at Salisbury, removed  
therefrom three of the six ne-  
groes charged with the murder of  
the Lyerly family at Barber Junc-  
tion, July 18, and lynched them.  
Nesse and John Gillespie and  
Jack Dillingham, supposed to be  
the principals in the crime, were  
the victims of mob vengeance.  
The remaining negroes, Henry  
Lee, George Ervin and Bella Dil-  
lingham, were not molested and  
later tonight officers hurried them  
off to Greensboro.

The mob began gathering at  
around 9 o'clock. Mayor Boyden  
promptly ordered the saloons closed.  
With other prominent citizens  
United States Senator Overman  
and Judge Long, who was holding  
the special term of court to try  
the negroes, and Solicitor Ham-  
mer gathered on the jail steps  
and addressed the crowd which at  
that time numbered 2,000.

There were howls and cat calls  
from the mob, but for a time  
there was no move—the mob  
lacked a leader.  
While citizens were appealing  
to the mob, two men slipped in  
through the crowd

## The Statesboro News

(INCORPORATED.)

J. R. MILLER, Editor and Gen'l Mgr.

Entered at the post office at Statesboro as 2nd. class mail matter.

Statesboro, Ga Friday, August 10, 1906

Published Tuesdays and Fridays by THE STATESBORO NEWS PUBLISHING COMPANY.

### A Correction.

In Tuesday's issue of The News, an article entitled "False Report" went out in a few papers unsigned. It was intended for Mr. F. N. Fletcher. However, it was caught and corrected.

It is reported that the "lid," was on tight in Savannah on Sunday. Let us hope that the time has come when the seasons will be made to observe the Sabbath day and that the cheap Sunday excursions that curse our land will be removed as a blot on our civilization.

H. Wm. Clifton, "the War Horse" from the grand old forty-loving county of McIntosh, who is a candidate for congress for the short term, requests us to say to our readers not to count themselves to others before he arrives. He is on the way to us and will make his plea to them in person within the next few days.

Judge B. T. Rawlings addressed a large assembly of Bulloch county people at the school closing at Brudwell academy on Wednesday. There was no politics in his speech. He spoke of the great importance of education. Col. J. Hartridge Smith who was scheduled to speak at Statesboro on that day went out to the school closing and made a speech in favor of his own candidacy and that of his name sake who is running for governor.

### Will Clean Cemetery

Those who are interested in the Statesboro cemetery will please meet there on Wednesday morning the 15th, prepared to clean it up. If you can't come yourself send a hand. Respectfully S. F. Oliff

### Educational Rally at Brooklet

On next Wednesday, August the 15th, the patrons and teachers of the Brooklet High School will give an educational rally at Brooklet. All scholars and school officials of Bulloch county are cordially invited to attend and take part in the exercises. The object of the meeting is to entice people in education and give life to the fall term of school.

Among the orators of the day will be State School Commissioner Merritt, Col. Rawlings and others. The occasion promises to be very instructive as well as entertaining and everyone who can should avail themselves of this opportunity to help promote the educational interests of the county.

The good people of Brooklet have made preparations for a big barbecue and basket dinner, that all may have plenty to eat and a nice time generally. This will be a purely educational meeting—no politics at all.

The S. & S. railway will run a special train from Statesboro, leaving after Dublin train, so as to accommodate up the road.

The rate will be one fare for the round trip.

### "Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshin may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

### COMMUNICATED.

To the Voters of Bulloch County:

At the request of some of my friends and on account of the limited time, and the fact that my professional business as a physician will not admit of a thorough canvass of the county, I will be unable to see every voter, hence, take this method of addressing you in the interest of my candidacy.

The rule has been in Bulloch county for the time immemorial that the representative only went for one term, the only exception to this rule being that of Col. Albert Deal, who was re-elected for the second term.

It is the privilege of any man within the county to aspire to this office, and simply because he has once been elected is no reason why it should be given him forever afterwards. I am not making the race against any particular candidate, but in the interest of my own candidacy, from the simple fact that the upper section of Bulloch county has not been given the recognition it deserves in the distribution of county officers.

As to the campaign issues there are practically none. I am in favor of tax assessors for each militia district in the county, thereby bringing about an equalization of taxes. I also favor the law with reference to the sale of whiskey in Bulloch county remaining as it now is, and am strictly opposed to dispensary in the city of Statesboro. In regard to the Stock Law I herewith quote the law as it was enacted in the year of 1895, for the consideration of the general public. Code of 1895, Vol. 1, page 484, paragraph number 1778, reads as follows:

"Election in Militia districts. The provisions of sections 1772, 73, 74, 75 and 1770 shall become operative in any militia district of this state, upon the following terms and conditions: Whenever so many as fifteen freeholders, or a majority of freeholders, in any militia district in this state, shall petition the ordinary in any county in which said district is located, for the benefit of the provisions of said sections, said ordinary shall give notice of said petition by advertising the same in the public gazette if there be one published in said county, and by public notices at all election precincts and public places in said district, which said notices shall be published for twenty days; and said ordinary shall at once proceed to have an election held in said militia district at as early day as practicable, to be designated by him, after said notices have been given, in which the question shall be submitted to the lawful voters of said district in the following form, to-wit: 'For fence' or 'Stock law.'"

paid election to be held at the places and under the same rules and regulations as are provided for members of the General Assembly, and after fifteen days notice at the most public places in said district; at which election all persons who are qualified to vote for members of the General Assembly, and who have been bona fide residents of said district for ninety days immediately preceding said election, shall be qualified to vote. The returns of said election shall be made to the ordinary of said county, who, after examining the same and deciding upon all questions which may arise out

of said election, shall proclaim the results by notice as aforesaid. If the lawful majority in said elections is for stock law, then the provisions of said sections shall take effect in such militia district within six months thereafter; provided, that said last election shall not be held oftener than one time in every year."

The above quotation of our laws shows that it is entirely out of the hands of the legislature and left absolutely with the voters of each militia district. As for my part, I haven't given the matter any consideration. In regards to the new county proposition, which my opponents are using as campaign issues, I have this to say: The people of Bulloch county ratified this amendment to the constitution at the last election by a large majority, hence gave us an opportunity to make a fight for it. We made the fight, was defeated. I am still loyal to our old county and am not in the race to take off any part of Bulloch's territory, but think that this section of the county is entitled to some recognition in a political way.

Respectfully submitted, (Dr.) Wallace D. Kennedy.

### Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." ## Many Lives Lost In Ship Wreck.

Cartagena, Spain, Aug. 6.—Re-  
 ports continue to arrive of the  
 terrible scenes attending the  
 wreck of the Italian steamer  
 Sirio, resulting in the loss of over  
 300 lives.

The drowning of the Bishop of  
 Sao Paulo, Brazil, is now at-  
 tributed to the action of an  
 Argentine passenger, who forcibly  
 took from the Bishop a life belt  
 with which the latter had provid-  
 ed himself.

One Italian woman kept her  
 three children afloat on a plank  
 until all were picked up.

A bridegroom, who was on his  
 honeymoon, lost his life, and his  
 sister and one old man who was  
 saved, lost their children.

Captain Giuseppe Parodi, the  
 commander of the Sirio, was 62  
 years old, and had had forty-five  
 years' experience in navigation.  
 The Sirio is considered a total  
 loss. The captain is said to have  
 formerly commanded the Persus,  
 which sank off Cartagena.

A number of bodies were buried  
 today.

Ten of the rescued passengers  
 died after being brought ashore.  
 The survivors say the Sirio sank  
 with extreme rapidity. The  
 boats were so overcrowded that  
 a number of them immediately  
 capsized, throwing the occupants  
 into the water.

The public subscription for the  
 relief of the destitute passengers  
 has already reached a large sum.  
 Carlos Venturini, a resident  
 of Barcelona, who was a passenger  
 with his family on the Sirio,  
 succeeded in saving his three  
 sons and nine other passengers.  
 Senior Venturini's daughter,  
 aged eighteen, who is an  
 expert swimmer, saved two  
 children whose parents are un-  
 known.

One family, consisting of the  
 father, mother and six children  
 were drowned with the exception  
 of the father, who lost his reason.  
 How It occurred.

Cartagena, Spain, Aug. 6.—A  
 terrible marine disaster occurred  
 Saturday evening off Cape Palos.  
 The Italian steamship Sirio, from  
 Genoa to Barcelona, Cadix, Mon-  
 tevideo and Buenos Ayres, with  
 about 300 persons on board, was  
 wrecked off Homigas Island.

Three hundred immigrants,  
 most of them Italians and Span-  
 ish, were drowned.  
 The captain of the steamer com-  
 mitted suicide.

The Bishop of San Pedro, Brazil,  
 was also lost and it is reported  
 that another bishop is among the  
 missing.

The remainder of the passengers  
 and the officers and crew got away  
 in the ship's boats or were rescued  
 by means of boats sent to them  
 from the shore.

A number of fishermen, who  
 made attempts at rescue, were  
 drowned. Those rescued from the  
 vessel are now at Cape Palos in a  
 pitiable condition, being without  
 food or clothing.

The Sirio struck a rocky reef  
 known as Bajos Hormigas and  
 sank soon after, stern first. Hor-  
 migas Island lies about 21 miles  
 to the eastward of Cape Palos.

The Sirio was owned by the  
 Navigazione Italiana of Genoa.  
 Before he committed suicide,  
 the captain declared the steamer  
 had 654 passengers on board and  
 that the crew numbered 127 men.  
 The Sirio had 510 passengers when  
 leaving Genoa, but additional  
 Spanish passengers were taken on  
 board at Barcelona, where the  
 vessel touched a few hours before  
 the disaster.

The disaster occurred at 6 o'clock  
 Saturday afternoon. The steam-  
 er was threatening a difficult pas-  
 sage through the Hormigas group,  
 where the Bajos Hormigas reef  
 is a continual menace to naviga-  
 tion.  
 The vessel began to settle rapidly  
 immediately after she had  
 struck, and a terrible scene of  
 confusion and panic ensued on  
 board. The fishermen along the

## BRANTLEY MADE A GREAT SPEECH.

Little Billie Hardwick Slipped in and Met His Waterloo—Asked for Joint Debate and Got It to His Finish.

Saturday was a red letter day for the Estill forces in Bulloch county and a Waterloo for the followers of Hoke Smith.

The occasion was an advertised address by Hon. W. G. Brantley, who came here on the invitation of a large number of the citizens of the county to speak in behalf of the candidacy of Col. Estill.

On Saturday morning the crowds began to pour in. People from all parts of the county were here, and by 11 o'clock one of the largest crowds of voters had gathered that was ever seen here, when there was no barbecue, nor basket dinner, nor anything of the kind.

There were at least three times as many voters here to listen to Brantley speak for Estill as were here when Hoke Smith spoke for himself.

Mr. Brantley came on the Central via of Dover, and was met at the depot by a delegation of citizens. It seemed that the delegation met more, really, than they expected to meet, for when the train rolled up the first man to alight was none other than the Hon. Thomas W. Hardwick, member of congress from the 10th district.

Mr. Brantley, also, alighted from the cars, he having met Mr. Hardwick at Dover, where the latter informed him that arrangements had been made here for them to meet in joint debate, and that he had cancelled his appointment to speak in Gibson, Glascock county, that day, in order to please the Hoke Smith people in Statesboro, who were beseeching him to come, assuring him that all arrangements had been made and that it was mutually agreeable.

This was quite a surprise to Mr. Brantley's friends, so when they were approached by the Hoke Smith committee they took the position that it was unfair to butt in on our meeting, a crowd which was advertised for and gotten up by Mr. Brantley's friends alone; that we had gone to the expense of getting a band, and that it would be altogether unfair for them to participate in a meeting of which all the expenses had been borne by one side.

We were answered by the assurance that they had a band of their own coming, which would arrive via of the S. & S. railway a short time later and it was suggested that both bands play.

This was satisfactory so far as the music was concerned, but when the train arrived there was only one hand aboard and that was the Estill band.

## About The Sheriff's Pass.

I desire to correct a report recently put out against me in regard to the pass I hold over the Central of Georgia railway. It is true that I hold a pass and I make use of it whenever I ride over the Central. It has been charged that I always collect mileage out of the county treasury, and some have even gone to the extent of saying that I have used the pass on one or two pleasure trips that I have taken and then collected mileage out of the county for same.

I wish to deny the truthfulness of this charge. The law allows a sheriff his expenses for all prisoners brought in from outside the county, but nothing for his expenses inside the county. Of course where I have used the pass inside the county, it has been to my individual benefit, but it frequently happens that I have to go to other counties for prisoners and sometimes it is necessary to make more than one trip, and if the county were called on to pay the full mileage for all these trips outside the county, it would amount to a considerable sum each year. By reason of using the pass as I do, which was tendered me by the railway company, in consideration of help which I could render them when riding on their trains and which I would have been foolish to have refused. The county has each year been saved a great many dollars.

It is a great saving to the county for the sheriff to have a pass, and whoever charges me with using it to the detriment of the county does so either willfully or ignorantly. On the contrary, although it was issued to me individually and cannot be used by any one else, and although it is not the property of the county, I have used it in transacting the county's business, and the county has derived a great deal of benefit from it. I make this explanation for fear some might be misled by the false reports being circulated.

On account of having to look after the duties of the office it has been impossible for me to see each of my friends in person, as I would have been glad to do, but I am in a position to guarantee you better service as your sheriff for the next two years, if you see fit to elect me, and I take this means to thank you in advance for your support in the primary to be held on the 22nd.

J. Z. KENDRICK.

Arrangements are being made for Judge R. B. Russel to speak in Statesboro either next Monday or Tuesday, the exact date has not been fixed as yet, but the committee in charge have promised us that they will have it ready for Friday's paper when the date will be duly advertised. Judge Russel is one of the leading candidates for governor and was here some months ago. He has a strong support in this county. He is known to be the strongest stump speaker in the state. He will doubtless have a big crowd out to hear him at this place.

Notice Voters. I wish to remind my friends that I am a candidate for tax receiver, and will appreciate your support in the primary next Wednesday. Don't let anybody fool you with talk of trading and swapping. I am in the race on my merit, and ask your support believing that I can give competent service if you honor me with the office.

## Heaviest Registration Ever Known.

The registration books closed Saturday for the approaching primary, and yesterday morning the board of registrars composed of Messrs J. M. Jones, E. M. Anderson and W. W. Mikell took them in hand to purge them. They will be engaged during the next day or two making up the list of registered voters.

The following table shows the list of voters registered in the various districts, with the exception of the Briar Patch, which is estimated at 200. Inasmuch as the book from that district had not arrived up to noon yesterday, it was expected during the afternoon. There are a few negroes on the list, probably not more than a dozen. These will be left off the list that will be used at the primary, as will those who have tax executions against them, unless they come up and straighten up during the week. The following is the list by districts:

	1820th	815	1840th	288
44th	187	45th	388	
40th	162	47th (est)	200	
43th	108	1200th	640

## DISAPPEARED AT TYBEE.

Clothing of J. J. Shewmake, of Augusta, Found on Beach.

A suit of clothes, with hat and shoes, supposed to be the property of J. J. Shewmake of No. 981 Broad st., Augusta, were found on the beach at Tybee yesterday afternoon near the Fresh Air Home, by Mr. J. E. Baker. The belief is that Mr. Shewmake, who was at the island Sunday, took a bath in the surf in the moonlight and got beyond his depth, or was carried away by a current and lost. The body has not been recovered.

The clothes had evidently lain where they were placed since Sunday night. They were found behind a sand dune in a clump of grass and had the appearance of having been in the rain.

The general belief is that their owner went to a secluded part of the beach, attracted by the quiet and peaceful surroundings, in preference to one of the bathing places, or that he went there because the bath houses were closed before he got ready to go in. At the time he is supposed to have gone into the water the tide was running in strong, and the surf was somewhat rough.

When Mr. Baker found the clothes he was with his daughter, Mrs. Eva E. Tillman. They were in search of sea oats, and noticing a particularly large patch of oats, went after them. Mr. Baker was astounded to find the garments, and looked in the water, expecting to see the bather. He walked along the beach in further search, and finally notified Patrolmen Johnson and Wallace of the Tybee police force. A few minutes later the former went after the clothes and returned them to Chief Raven.

On searching the pockets the officers found a bank book on the Merchants Bank of Augusta in account the Shewmake Lumber Company, and several hundred dollars was credited. Two check books, one on the Merchants Bank and one on the National Exchange Bank, were also found, besides a bundle of letters and contracts, and a bunch of keys. No watch, rings or other jewelry was found. One dollar and sixty cents in cash was in one of the pockets.

Mr. Bohan took charge of the effects and looked them in his safe preparatory to turning them over to Coroner Keller, who was notified as soon as the clothes were found.

Mr. Shewmake arrived at the island shortly before night Sunday and registered at the Tybee hotel for supper. He paid for the meal and went towards the dining room. This is the last that was seen of him.

It is not known whether he was with a party of friends or not. If it had been the case his friends would doubtless have raised the alarm upon missing him, and the case would have been reported before.

The disappearance attracted no little attention and many theories were advanced. Mr. Baker said he found the garments by the remotest chance, and anyone who was merely strolling up the beach for a walk never would have seen them.

Several parties made trips up the beach in search of the body, but returned with no success. Coroner Keller went down on the 7 o'clock train and took charge of the man. The pockets were filled with business correspondence. There were several insurance policies on live stock owned by Mr. Shewmake, his bank books, some lumber schedules and a note book, but there was not a line to indicate that he was a man of family.

"There was nothing to support the suggestion of suicide," Mr. Shewmake Registered at the Pulaski House Saturday. He spent the day about the hotel and a valise containing clothing still remains in his room. A telegram was received at the Pulaski for him yesterday, and last night the hotel had a message by long-distance telephone from some one in Augusta who made inquiries concerning his disappearance. The clerk who answered the phone did not learn the name of the party making the inquiries.

Mr. Shewmake was known in Savannah. He had business dealing with the Savannah Locomotive Works and the Southern Pine Company, and it is said that he was an employee at the Central Railroad docks several years ago. He was a contracting lumberman.—Savannah News.

The evening was spent most pleasantly, and proved to be quite novel in all respects. Various games were indulged in, although the game of "Art" was deemed the most popular one.

At ten-thirty o'clock the guests were ushered by the hostesses, to Gibson's ice cream parlor where delicious refreshments were served. After an expression of enjoyment, the guests departed with pleasant memories of this long-to-be-remembered occasion.

Those present were: Misses Nina Fulcher, Beulah Rabun, Gussie Lee, Mary Cone, Louisa Anderson, Blanche Crawford, Leila Blitch, Nell Averitt, Bessie Krenson, Ora and Lee Franklin, Carrie Dawson, Myrtle Smith and Anna Hughes; Messrs Charles Oliff, Aaron Cone, Gordon Simmons, Bill A. Is W. H. Alderman Sick? Relatives of W. H. Alderman, the young man who posed as being dead in Birmingham some time ago that his folks might send on funds for funeral expenses, has shown up in nearly the same roll again. This time a letter comes from Atlanta stating that he is with the Georgia railroad bridge gang 2 and lying at the point of death and if his folks ever want to see him alive they should come at once. His folks here are at loss to know what steps to take in the matter. Since he played off on them as dead in Birmingham they are hardly in a position to place much confidence in the latest message.

Shewmake's Wife waiting For Her Husband. Augusta, Aug. 7.—Relatives here are greatly alarmed over the disappearance of H. T. Shewmake, secretary of the Builders' Supply Company. He went to Savannah last Friday and was expected to return Sunday. Since he left nothing has been heard from him and it is feared that the account of the finding of his clothes at Tybee means that he has been drowned. His residence is at No. 486 Greene street, and there his wife awaits some message from him.

Mrs. Shewmake has not been told the news that was received from Savannah to-night. So far as is known there is no reason why Mr. Shewmake, who is well and prominently connected,

should have ended his own life.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains: no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." A corrective like Kodol For Dyspepsia, it digests what you eat. Sold by W. H. Ellis.
